ABSTRACT

Developed as part of an exemplary project for a rural, economically depressed area, this resource bibliography identifies instructional materials useful in career education programs. Items included in the guide are: (1) books, (2) filmloops, (3) filmstrips, and sound filmstrips using records and cassettes, (4) kits, (5) puzzles, and (6) suggested field trips. Grade levels are given for most of the listings. Also, a special section lists free and inexpensive educational materials for levels one through six. Related documents are available as VT 014 729-014 733 and VT 014 487, in this issue. (JS)

## Forward

This Vocational Catalog contains a list of the materials available at the Curriculum Audio-Visual Center. Books are all listed in the opening section of the resource bibliography, in the order in which they are placed on the shelves.

The remainder of the resource bibliography is divided by Filmloops, Sound Filmstrips (records), Sound Filmstrips (cassettes), Kits, Puzzles, and Film Trip Visitation Guide. Grade levels are given for most of the listings. In most cases they are the levels specified by the company producing the material. You as teachers, will note that the materials often cover a wide range and, therefore, you will need to preview and evaluate them to be certain that they are appropriate for your purpose.

The materials are available for loan to teaching personnel in schools served by the Exemplary Vocational Project, in Lincoln County, West Virginia.

We will operate under the same general rules as any college or public library. All materials will be loaned for a two week period with the privilege of one renewal provided the materials have not been placed on reserve by another school. Overdue fees will be collected at the rate of 25¢ per day. There will be no exceptions to these rules. Facilities are available for previewing any of the materials in the resource center.

Please make arrangements to get the material when you need it therefore facilitating a more valuable learning experience on the part of the students. Arrangements may be made to have the materials sent to you. We cannot accept any collect telephone calls regarding materials.

We plan to add to our collection from time to time. If you have any suggestions for materials to be included in this catalog, submit a written request which includes all information necessary for ordering--name and address of publisher or manufacturer, Title, Author and date of publication (where applicable), and price.

The project staff wishes to serve you in the most efficient manner possible and we welcome any suggestions or requests you may have.

Also a section is devoted to field trip visitations according to grade levels. If you have any suggestions for field trip visitation please contact the coordinators so that it can be added to the resource catalog.
