## ABSTRACT

Part 1 of this publication consists of a listing, by state, of law libraries which will respond to requests for legal information from prisoners. Services may include photocopies of needed statutes, cases, or other material; books on loan; and/or reference work. Citations include the name and address of the library, types of requests it will handle, and any limitations on or charges for service. Part 2 outlines the materials needed for a law library collection within a prison in each of the 50 states. For each state, two checklists of materials are provided, the first a minimum and the second, an expanded collection. Each checklist cites the titles of the appropriate statutes and legal reference tools, publishers, initial and upkeep prices of series, and the shelf space required to house the volumes. (SL)

LAW LIBRARIES WHICH OFFER  
SERVICE TO PRISONERS

Compiled by the

American Association of Law Libraries  
Committee on Law Library Service to Prisoners  
Sub-Committee on List of Law Libraries Serving Prisoners

The directory of LAW LIBRARIES WHICH OFFER SERVICE TO PRISONERS has been compiled in an attempt to aid prisoners in obtaining legal materials not available in their own institutions. The purpose of the directory is to channel prisoners' requests for information to law libraries that offer some form of assistance. In return, prisoners are expected to tailor their requests to correspond to the the specific limitations imposed by each law library concerning such assistance.

The directory will be made available through the mailing lists of the American Association of Law Libraries, 53 West Jackson Blvd., Chicago, Ill. 60604. It is expected that it will be revised once a year.

Prisoners will be advised that the listed law libraries will not offer legal advice; but rather, photocopies of needed statutes, cases, or other materials, books on loan, or a combination of both. Some of the listed libraries will perform reference work and provide pertinent citations, cases, laws, or bibliographies. Other libraries will only provide photocopies of materials correctly cited by the prisoner. Some libraries will charge for photocopy and postage, others will not. The directory spells out each library's policy.

It is hoped that the directory will be useful not only to prisoners but to prison librarians and administrators as an extension of their own resources. Finally, it is expected that law libraries in general will benefit from reviewing what other law libraries offer in terms of workable programs for prisoner assistance.
