ABSTRACT

The job placement service guide outlines the steps which were followed in organizing and coordinating a job placement service for secondary students of Cobb County Public Schools, Georgia. A three-stage sequential procedure is outlined for (1) developing, (2) implementing, and (3) evaluating the placement services of the school system. Copies of the job order form, an employer survey form, and the student employment survey form are included. (EA)

* Documents acquired by ERIC include many informal unpublished *
* materials not available from other sources. ERIC makes every effort *
* to obtain the best copy available. Nevertheless, items of marginal *
* reproducibility are often encountered and this affects the quality *
* of the microfiche and hardcopy reproductions ERIC makes available *
* via the ERIC Document Reproduction Service (EDRS). EDRS is not *
* responsible for the quality of the original document. Reproductions *
* supplied by EDRS are the best that can be made from the original. *

COBB COUNTY PUBLIC SCHOOLS

JOB PLACEMENT SERVICE

The job placement service represents an additional service provided by the Cobb County School System for all secondary students in the county. Designed to assist each student in gaining a job that best meets his needs, interests and abilities, the placement service at the same time allows the student to consider numerous alternatives for making an occupational choice.

The service is a three stage sequential procedure for developing, implementing, and assessing the effectiveness of placement services in the Cobb County Public School System.

STAGE I concerns the development of the placement service to include:

1. Orienting the community to the job placement service and establishing communication lines with manpower agencies, and personnel managers for placement purposes.
2. Developing a master list of all potential employers.
3. Orienting counselors and work/study coordinators to the placement service.
4. Establishing rapport with the administration and faculty of each high school and keeping them informed of the placement service.
5. Developing a newsletter format for counselor, teacher and principal containing information about job availabilities.
6. Maintaining an updated employer list.
7. Handling special student referrals from counselors.
8. Assessing existing placement efforts and attempting coordination of same for a total placement program.

9. Developing a follow-up system of students placed.

STAGE II focuses on the implementation of a placement program capable of meeting the total student population needs. Points of consideration are:

1. Establishing a centralized agency to coordinate the existing placement efforts and to bring student needs and community job availability together.
2. Providing opportunities for personal growth experiences for individual students in areas relating to job placement and student interests, skills, and abilities.
3. Giving personal assistance to students with special needs and working for training programs for special situations.

STAGE III will entail a continuous effort toward the evaluation of the placement service:

1. Determining the effectiveness of the placement service.
2. Identifying areas that need improvement and initiating methods of improvement.
3. Utilizing any available information on placement and evaluating its effectiveness on the placement service in Cobb County.

A. Development Procedure

Development of forms to be used in job placement implementation

1. Employer Questionnaire -- JP-1
 - a. To determine individual business needs.
 - b. To cluster occupations in each business.
 - c. To determine job availability.
2. Student Survey -- JP-2
 - a. To determine student placement needs.
 - b. To identify occupational clusters in areas of interest to students for placement purposes.
 - c. To identify clusters most relevant to placement needs of total student population.
 - d. To identify and classify student population
 - (1) Regular student desiring job placement.
 - (2) Students presently employed.
 - (3) Students presently employed but desiring change of job.
 - (4) Students with special problems.
3. Letters and Questionnaires to Individual Businesses in County
 - a. To introduce placement service.
 - b. To request information concerning placement and training.
4. Personal Visitation to Business and Industry
 - a. To explain program.
 - b. To solicit cooperation for placement.
 - c. To identify and record contact persons.
5. Radio Announcements
 - a. To introduce placement service.
 - b. To stimulate interest of local businessmen.

6. Local Newspaper Articles
 - a. To introduce placement service.
 - b. To stimulate community interest.
7. Speaking Engagements
 - a. To introduce placement service.
 - b. To request cooperation and assistance.

B. Implementation Procedure

1. Establishment of job reference file
 - a. From student request and survey information.
 - b. From employer inquiries and survey.
 - (1) Company name
 - (2) Contact person(s)
 - (3) Phone number(s)
 - (4) Information concerning student employment
2. Compilation and Utilization of Information
 - a. Job order form (employee inquiry).
 - b. Referral letter (introduction).
 - c. Student interest survey.
 - d. Employer information form.
 - e. Placement information form.
 - (1) Students contacted
 - (2) Students employed
 - (3) Student referrals handled
 - (4) Students placed in jobs related to career interest
3. Orientation of Counselors and Work/Study Coordinators to Job Availability
 - a. Newsletters.
 - b. Phone calls.

- c. Personal visitation.
4. Maintenance of an Updated Employer List
 - a. From employer inquiries.
 - b. Personal calls to businesses.
 - c. Verified information passed to coordinator.

C. Assessment

1. Development of graphs showing statistics compiled from the various forms.
2. Follow-up of placement to determine student satisfaction in job choice and specific work roles.
3. Maintenance of records of all persons contacted, placements and identification of person making placement.
4. Review of all available literature and evaluation of its value to the placement program.
5. Continuous observation of program to detect problem areas and to initiate methods of improvement.

D. Job Information Sources Utilized By The Cobb County Public Schools Placement Effort

1. Cobb County Chamber of Commerce Members.
2. Georgia Department of Labor.
3. Industries of Cobb County.
4. Businesses of Cobb County.
5. Industry and businesses of surrounding area.

In June 1973, the Cobb County Board of Education created a job placement position to which I have been named coordinator. It will be my duty to organize and coordinate this service through contacts with the business community of Cobb County and with the Chamber of Commerce.

In order to have a successful program, it is necessary that we determine just what the needs of the community are in terms of employment and strive to help fill these needs, while at the same time providing a service for the students of Cobb County. Ideally it is hoped that the jobs in which students are placed will be very closely related to their occupational interests.

I will be calling on you personally in the future to meet you and to obtain information about your needs and employment possibilities for our students. Thanking you for your past assistance and inviting your continued support as we endeavor to further meet the needs of our students, I ask you to

HELP US HELP YOU.

Sincerely,

FARRIS W. FORUSHAN
Job Placement Coordinator

SUBJECT: Monthly Summary - Job Placement

I am very pleased with the reception I have been given by the employers I have talked with. They have been most cooperative and have indicated that they would be calling us in the future when the economy begins to level off. Also many of the businesses that have been hiring 14 - 15 year olds are now under pressure from state, federal and company officials to hire 16 year olds and up.

We are in an employer's market which means that he can be very selective in whom he hires. This will eliminate many of our students from some of the better jobs that they have been able to obtain. At the present time EXPERIENCE is the key to most jobs. Part time jobs are almost non-existent because of the unemployment problem, at least those most students would accept.

January and February have been very rough months as far as job availability is concerned. January is usually a very slow month for job availability, anyway. A breakdown shows:

January	12 Job Orders - - - -	24 Jobs
February	25 Job Orders - - - -	70 Jobs

Approximately 80% of the jobs were full time positions for graduates. Needless to say unemployment is on the rise.

	<u>January</u>	<u>February</u>
* Cobb County	3.29%	3.55%
State	2.07%	1.90%
National	5.02%	

* 1,402 unemployed in January directly related to energy crisis. These figures are expected to rise .03 - .04% through at least March and hopefully we can anticipate a break for the better.

Listed below is a summary of activities for January and February:

1. Received 37 job orders for 94 jobs
2. Known placements for these jobs is 21

3. Provided individual assistance to 30 students with 14 placements
4. Coordinated resource person from Six Flags to 5 schools
Talked with classes CVAE students at Campbell and Sprayberry
5. Discussed placement program with 2 classes at Awtrey and 5 classes at Floyd Junior High
6. Talked with graduating seniors in group at four high schools and individually at others or by phone
7. Met with out of state visitors to system to explain job placement program on 3 occasions
8. Began assistance to adult high school students in placement
9. Continued development of master list of employers
10. Made periodic visits to all schools
11. Have received four calls from adults in community for help in job placement (Helped one - turned other 3 down)

In summary, students need to be aware of the job market situation. I would be happy to come into the school to talk to groups of students concerning this. Call me if you wish to establish a date and time for me to come.

Please accept my thanks for your help and support.
