**ABSTRACT**

This booklet compiles five Congressional Acts for use by the House Committee on Education and Labor. The "Low-Income Home Energy Assistance Act of 1981" provides for the Secretary of Health and Human Services to authorize grants to States to assist eligible households to meet the costs of home energy, up to the amount of \$2,140,000,000 for 1985 and \$2,275,000,000 for 1986. The purpose of the "Native American Programs Act of 1974" is to promote economic and social self-sufficiency for American Indians, Hawaiian Natives, and Alaskan Natives, with financial appropriations as may be needed for the fiscal years 1979 through 1986. The "Head Start Act" extends the authority for appropriating funds for Project Head Start's delivery of comprehensive health, education, nutrition, social, and other services to economically disadvantaged children and their families. The "Follow Through Act" authorizes the Secretary of Education to provide financial assistance in the form of grants to local educational agencies for the purpose of carrying out Follow Through programs focused on children from low-income families in kindergarten and primary school, with an authorization of \$10,000,000 for fiscal year 1985 and \$7,500,000 for fiscal year 1986. The "Community Services Block Grant Act" authorizes the Secretary of Health and Human Services to make grants to States to ameliorate the causes of poverty in communities within the State, with authorized appropriations of \$400,000,000 for fiscal year 1985 and \$415,000,000 for fiscal year 1986. (42 U.S.C. 8622) Enacted August 13, 1981, P.L. 97-35, 95 Stat. 894; amended December 29, 1981, P.L. 97-115, sec. 16, 95 Stat. 1609; amended October 30, 1984, P.L. 98-558, sec. 602, 98 Stat. 2890.

#### STATE ALLOTMENTS

Sec. 2604. (a)(1)(A) Except as provided in subparagraph (B), the Secretary shall, from that percentage of the amount appropriated under section 2602(b) for each fiscal year which is remaining after the amount of allotments for such fiscal year under subsection (b)(1) is determined by the Secretary, allot to each State an amount equal to such remaining percentage multiplied by the State's allotment percentage.

(B) From the sums appropriated therefor, if for any period a State has a plan which is described in section 2605(c)(1), the Secretary shall pay to such State an amount equal to 100 percent of the expenditures of such State made during such period in carrying out such plan, including administrative costs (subject to the provisions of section 2605(b)(9)(B)), with respect to households described in section 2605(b)(2).

(2) For purposes of paragraph (1), for fiscal year 1985 and thereafter, a State's allotment percentage is the percentage which expenditures for home energy by low-income households in that State bears to such expenditures in all States, except that States which thereby receive the greatest proportional increase in allotments by reason of the application of this paragraph from the amount they received pursuant to Public Law 98-139 shall have their allotments reduced to the extent necessary to ensure that—

(A)(i) no State for fiscal year 1985 shall receive less than the amount of funds the State received in fiscal year 1984; and

(ii) no State for fiscal year 1986 and thereafter shall receive less than the amount of funds the State would have received in fiscal year 1984 if the appropriations for this title for fiscal year 1984 had been \$1,975,000,000, and

(B) any State whose allotment percentage out of funds available to States from a total appropriation of \$2,250,000,000 would be less than 1 percent, shall not, in any year when total appropriations equal or exceed \$2,250,000,000, have its allotment percentage reduced from the percentage it would receive from a total appropriation of \$2,140,000,000.

(3) If the sums appropriated for any fiscal year for making grants under this title are not sufficient to pay in full the total amount allocated to a State under paragraph (1) for such fiscal year, the amount which all States will receive under this title for such fiscal year shall be ratably reduced.

(4) For the purpose of this section, the Secretary shall determine the expenditure for home energy by low-income households on the basis of the most recent satisfactory data available to the Secretary.

(b)(1) The Secretary shall apportion not less than one-tenth of 1 percent, and not more than one-half of 1 percent, of the amounts appropriated for each fiscal year to carry out this title on the basis

of need among the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands. The Secretary shall determine the total amount to be apportioned under this paragraph for any fiscal year (which shall not exceed one-half of 1 percent) after evaluating the extent to which each jurisdiction specified in the preceding sentence requires assistance under this paragraph for the fiscal year involved.

(2) Each jurisdiction to which paragraph (1) applies may receive grants under this title upon an application submitted to the Secretary containing provisions which describe the programs for which assistance is sought under this title, and which are consistent with the requirements of section 2605.

(c) Of the funds available to each State under subsection (a), a reasonable amount based on data from prior years shall be reserved until March 15 of each program year by each State for energy crisis intervention. The program for which funds are reserved by this subsection shall be administered by public or non-profit entities which have experience in administering energy crisis programs under the Low-Income Energy Assistance Act of 1980, or under this Act, experience in assisting low-income individuals in the area to be served, and the capacity to undertake a timely and effective energy crisis intervention program.

(d)(1) If, with respect to any State, the Secretary—

(A) receives a request from the governing organization of an Indian tribe within the State that assistance under this title be made directly to such organization; and

(B) determines that the members of such tribe would be better served by means of grants made directly to provide benefits under this title;

the Secretary shall reserve from amounts which would otherwise be payable to such State from amounts allotted to it under this title for the fiscal year involved the amount determined under paragraph (2).

(2) The amount determined under this paragraph for a fiscal year is the amount which bears the same ratio to the amount which would (but for this subsection) be allotted to such State under this title for such fiscal year (other than by reason of section 2607(b)(2)) as the number of Indian households described in subparagraphs (A) and (B) of section 2605(b)(2) in such State with respect to which a determination under this subsection is made bears to the number of all households described in subparagraphs (A) and (B) of section 2605(b)(2) in such State.

(3) The sums reserved by the Secretary on the basis of a determination under this subsection shall be granted to—

(A) the tribal organization serving the individuals for whom such a determination has been made; or

(B) in any case where there is no tribal organization serving an individual for whom such a determination has been made, such other entity as the Secretary determines has the capacity to provide assistance pursuant to this title.

(4) In order for a tribal organization or other entity to be eligible for an amount under this subsection for a fiscal year, it shall

submit to the Secretary a plan (in lieu of being under the State's plan) for such fiscal year which meets such criteria as the Secretary may by regulations prescribe.

[(e) Repealed.]'

(f) A State may transfer up to 10 percent of the funds payable to it under this section for any fiscal year for its use for such fiscal year under other provisions of Federal law providing block grants for—

(1) support of activities under subtitle B of title VI (relating to community services block grant program);

(2) support of activities under title XX of the Social Security Act; or

(3) support of preventive health services, alcohol, drug, and mental health services, and primary care under title XIX of the Public Health Service Act, and maternal and child health services under title V of the Social Security Act;

or any combination of the activities described in paragraphs (1), (2), and (3). Amounts allotted to a State under any provisions of Federal law referred to in the preceding sentence and transferred by a State for use in carrying out the purposes of this title shall be treated as if they were paid to the State under this title but shall not affect the computation of the State's allotment under this title. The State shall inform the Secretary of any such transfer of funds.

(42 U.S.C. 8623) Enacted August 13, 1981, P.L. 97-35, 95 Stat. 895; amended October 30, 1984, P.L. 98-558, sec. 603-604, 98 Stat. 2890.

#### APPLICATIONS AND REQUIREMENTS

SEC. 2605. (a)(1) Each State desiring to receive an allotment for any fiscal year under this title shall submit an application to the Secretary. Each such application shall be in such form as the Secretary shall require. Each such application shall contain assurances by the chief executive officer of the State that the State will meet the conditions enumerated in subsection (b).

(2) After the expiration of the first fiscal year for which a State receives funds under this title, no funds shall be allotted to such State for any fiscal year under this title unless such State conducts public hearings with respect to the proposed use and distribution of funds to be provided under this title for such fiscal year.

(b) As part of the annual application required by subsection (a), the chief executive officer of each State shall certify that the State agrees to—

(1) use the funds available under this title for the purposes described in section 2602(a) and otherwise in accordance with the requirements of this title, and agrees not to use such funds for any payments other than payments specified in this section;

(2) make payments under this title only with respect to—

(A) households in which 1 or more individuals are receiving—

(i) aid to families with dependent children under the State's plan approved under part A of title IV of the

<sup>1</sup> Subsection (e) was repealed October 12, 1984, by P.L. 98-558, Sec. 603(c), ——— Stat. ———

Social Security Act (other than such aid in the form of foster care in accordance with section 408 of such Act);

(ii) supplemental security income payments under title XVI of the Social Security Act;

(iii) food stamps under the Food Stamp Act of 1977; or

(iv) payments under section 415, 521, 541, or 542 of title 38, United States Code, or under section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978; or

(B) households with incomes which do not exceed the greater of—

(i) an amount equal to 150 percent of the poverty level for such State; or

(ii) an amount equal to 60 percent of the State median income;

except that no household may be excluded from eligibility under this subclause for payments under this title for fiscal year 1986 and thereafter if the household has an income which is less than 110 percent of the poverty level for such State for such fiscal year;

(3) conduct outreach activities designed to assure that eligible households, especially households with elderly individuals or handicapped individuals, or both, are made aware of the assistance available under this title, and any similar energy-related assistance available under subtitle B of title VI (relating to community services block grant program) or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;

(4) coordinate its activities under this title with similar and related programs administered by the Federal Government and such State, particularly low-income energy-related programs under subtitle B of title VI (relating to community services block grant program), under the supplemental security income program, under part A of title IV of the Social Security Act, under title XX of the Social Security Act, under the low-income weatherization assistance program under title IV of the Energy Conservation and Production Act, or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;

(5) provide, in a manner consistent with the efficient and timely payment of benefits, that the highest level of assistance will be furnished to those households which have the lowest incomes and the highest energy costs in relation to income, taking into account family size, except that the State may not differentiate in implementing this section between the households described in clause (2)(A) and (2)(B) of this subsection;

(6) to the extent it is necessary to designate local administrative agencies in order to carry out the purposes of this title, give special consideration, in the designation of such agencies, to any local public or private nonprofit agency which was receiving Federal funds under any low-income energy assistance

program or weatherization program under the Economic Opportunity Act of 1964 or any other provision of law on the day before the date of the enactment of this Act, except that—

(A) the State shall, before giving such special consideration, determine that the agency involved meets program and fiscal requirements established by the State; and

(B) if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the State shall give special consideration in the designation of local administrative agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds for the fiscal year preceding the fiscal year for which the determination is made;

(7) if the State chooses to pay home energy suppliers directly, establish procedures to—

(A) notify each participating household of the amount of assistance paid on its behalf;

(B) assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment made by the State under this title;

(C) assure that the home energy supplier will provide assurances that any agreement entered into with a home energy supplier under this paragraph will contain provisions to assure that no household receiving assistance under this title will be treated adversely because of such assistance under applicable provisions of State law or public regulatory requirements; and

(D) assure that any home energy supplier receiving direct payments agrees not to discriminate, either in the cost of the goods supplied or the services provided, against the eligible household on whose behalf payments are made;

(8) provide assurances that (A) the State will not exclude households described in clause (2)(B) of this subsection from receiving home energy assistance benefits under clause (2), and (B) the State will treat owners and renters equitably under the program assisted under this title;

(9) provide that—

(A) the State may use for planning and administering the use of funds under this title an amount not to exceed 10 percent of the funds payable to such State under this title for a fiscal year and not transferred pursuant to section 2604(f) for use under another block grant; and

(B) the State will pay from non-Federal sources the remaining costs of planning and administering the program assisted under this title and will not use Federal funds for such remaining costs;

(10) provide that such fiscal control and fund accounting procedures will be established as may be necessary to assure the proper disbursement of and accounting for Federal funds paid to the State under this title, including procedures for monitoring the assistance provided under this title, and provide that at

least every two years the State shall prepare an audit of its expenditures of amounts received under this title and amounts transferred to carry out the purposes of this title;

(11) permit and cooperate with Federal investigations undertaken in accordance with section 2608;

(12) provide for public participation in the development of the plan described in subsection (c);

(13) provide an opportunity for a fair administrative hearing to individuals whose claims for assistance under the plan described in subsection (c) are denied or are not acted upon with reasonable promptness;

(14) describe the procedures by which households in the State are identified as eligible to participate under this title and the manner in which the State determines benefit levels;

(15) describe the amount that the State will reserve in accordance with section 2604(c) in each fiscal year for energy crisis intervention activities together with the administrative procedures (A) for designating an emergency, (B) for determining the assistance to be provided in any such emergency, and (C) for the use of funds reserved under such section for the purposes under this title in the event any portion of the amount so reserved is not expended for emergencies.

(16) describe energy usage and the average cost of home energy in the State, identified by type of fuel and by region of the State; and

(17) cooperate with the Secretary with respect to data collecting and reporting under section 2610.

The Secretary may not prescribe the manner in which the States will comply with the provisions of this subsection. The Secretary shall issue regulations to prevent waste, fraud, and abuse in the programs assisted by this title.

(c)(1) As part of the annual application required in subsection (a), the chief executive officer of each State shall prepare and furnish to the Secretary, in such format as the Secretary may require, a plan which—

(A) describes how the State will carry out the assurances required under subsection (b);

(B) contains estimates of the amount of funds the State will use for each of the programs under such plan;

(C) describes the eligibility requirements to be used by the State for each type of assistance to be provided under this title;

(D) describes weatherization and other energy-related home repair the State will provide under subsection (k); and

(E) contains any other information determined by the Secretary to be appropriate for purposes of this title.

The chief executive officer may revise any plan prepared under this paragraph and shall furnish the revised plan to the Secretary.

(2) Each plan prepared under paragraph (1) and each substantial revision thereof shall be made available for public inspection within the State involved in such a manner as will facilitate review of, and comment upon, such plan or substantial revision.

(d) The State shall expend funds in accordance with the State plan under this title or in accordance with revisions applicable to such plan.

(e) Each State shall, in carrying out the requirements of subsection (b)(10), obtain financial and compliance audits of any funds which the State receives under this title. Such audits shall be made public within the State on a timely basis. The audits shall be conducted at least every two years by an organization or person independent of any agency administering activities under this title. The audits shall be conducted in accordance with the Comptroller General's standards for audit of governmental organizations, programs, activities, and functions. Within 30 days after completion of each audit, the chief executive officer of the State shall submit a copy of the audit to the legislature of the State and to the Secretary.

(f) Notwithstanding any other provision of law unless enacted in express limitation of this paragraph, the amount of any home energy assistance payments or allowances provided to an eligible household under this title shall not be considered income or resources of such household (or any member thereof) for any purpose under any Federal or State law, including any law relating to taxation, food stamps, public assistance, or welfare programs.

(g) The State shall repay to the United States amounts found not to have been expended in accordance with this title or the Secretary may offset such amounts against any other amount to which the State is or may become entitled under this title.

#### ALLOTMENT OF FUNDS; LIMITATIONS ON ASSISTANCE

**SEC. 640.** (a)(1) Of the sums appropriated pursuant to section 639 for any fiscal year beginning after September 30, 1981, the Secretary shall allot such sums in accordance with paragraphs (2) and (3).

(2) The Secretary shall reserve 13 percent of the amount appropriated for each fiscal year for use in accordance with the following order of priorities—

(A) Indian and migrant Head Start programs and services for handicapped children, except that—

(i) there shall be made available for use by Indian and migrant Head Start programs, on a nationwide basis, no less funds for fiscal year 1982 and each subsequent fiscal year than were obligated for use by Indian and migrant Head Start programs for fiscal year 1981; and

(ii) cost-of-living adjustments shall be made with respect to such Indian and migrant Head Start programs for fiscal year 1982 and each subsequent fiscal year, and such adjustments shall, at the minimum, reflect changes in the Consumer Price Index published by the Bureau of Labor Statistics of the Department of Labor;

(B) payments to Guam, American Samoa, the Trust Territory of the Pacific Islands, the Northern Mariana Islands, and the Virgin Islands according to their respective needs, except that such amount shall not exceed one-half of 1 percent of the sums appropriated for any fiscal year;

(C) training and technical assistance activities which are sufficient to meet the needs associated with program expansion and to foster program and management improvement activities as described in section 648 of this subchapter, in an amount for each fiscal year which is not less than the amount expended for training and technical assistance activities under this clause for fiscal year 1982; and

(D) discretionary payments made by the Secretary.

The minimum reservation contained in clause (C) of this paragraph shall not apply in any fiscal year in which the appropriation for the program authorized by this subchapter is less than the amount appropriated for fiscal year 1984. No funds reserved under this paragraph may be combined with funds appropriated under any other Act if the purpose of combining funds is to make a single discretionary grant or a single discretionary payment, unless such funds appropriated under this subchapter are separately identified in such grant or payment and are used for the purposes of this subchapter.

(3) The Secretary shall allot the remaining 87 percent of the amounts appropriated in each fiscal year among the States, in accordance with latest satisfactory data so that—

(A) each State receives an amount which is equal to the amount the State received for fiscal year 1981; and

(B)(i) 33⅓ percent of any amount available after all allotments have been made under clause (A) for such fiscal year shall be distributed on the basis of the relative number of children from birth through 18 years of age, on whose behalf payments are made under the program of aid to families with dependent children under a State plan approved under part A of title IV of the Social Security Act in each State as compared to all States; and

(ii) 66⅔ percent of such amount shall be distributed on the basis of the relative number of children from birth through 5 years of age living with families with incomes below the poverty line in each State as compared to all States.

(4) For purposes of this subsection, the term "State" does not include Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, or the Trust Territory of the Pacific Islands.

(b) Financial assistance extended under this subchapter for a Head Start program shall not exceed 80 percent of the approved costs of the assisted program or activities, except that the Secretary may approve assistance in excess of such percentage if the Secretary determines, in accordance with regulations establishing objective criteria, that such action is required in furtherance of the purposes of this subchapter. Non-Federal contributions may be in cash or in kind, fairly evaluated, including plant, equipment, or services. The Secretary shall not require non-Federal contributions in excess of 20 percent of the approved costs of programs or activities assisted under this subchapter.

(c) No programs shall be approved for assistance under this subchapter unless the Secretary is satisfied that the services to be provided under such program will be in addition to, and not in substitution for, comparable services previously provided without Federal

assistance. The requirement imposed by the preceding sentence shall be subject to such regulations as the Secretary may prescribe.

(d) The Secretary shall establish policies and procedures designed to assure that for fiscal year 1982 and thereafter no less than 10 percent of the total number of enrollment opportunities in Head Start programs in each State shall be available for handicapped children (as defined in paragraph (1) of section 602 of the Education of the Handicapped Act) and that services shall be provided to meet their special needs. The Secretary shall report to the Congress at least annually on the status of handicapped children in Head Start programs, including the number of children being served, the handicapping conditions, and the services being provided such children.

(e) The Secretary shall adopt approximate administrative measures to assure that the benefits of this subchapter will be distributed equitably between residents of rural and urban areas.

(20 U.S.C. 5192) Enacted August 13, 1981, P.L. 97-35, 95 Stat. 500; amended October 30, 1984, P.L. 98-558, sec. 103, 98 Stat. 2878.

#### DESIGNATION OF HEAD START AGENCIES

SEC. 641. (a) The Secretary is authorized to designate as a Head Start agency any local public or private nonprofit agency, within a community, which (1) has the power and authority to carry out the purposes of this subchapter and perform the functions set forth in section 642 within a community; and (2) is determined by the Secretary to be capable of planning, conducting, administering, and evaluating, either directly or by other arrangements, a Head Start program.

(b) For purposes of this subchapter, a community may be a city, county, or multicounty unit within a State, an Indian reservation, or a neighborhood or other area (irrespective of boundaries or political subdivisions) which provides a suitable organizational base and possesses the commonality of interest needed to operate a Head Start program.

(c) In the administration of the provisions of this section, the Secretary shall give priority in the designation of Head Start agencies to any local public or private nonprofit agency which is receiving funds under any Head Start program on the date of the enactment of this Act unless -

(1) the Secretary makes a finding that the agency involved fails to meet program and fiscal requirements established by the Secretary; and

(2) except that if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the Secretary shall give priority in the designation of Head Start agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds in the fiscal year preceding the fiscal year for which the determination is made. The provisions of clause (2) shall apply only to agencies actually operating Head Start programs.

(d) If there is no Head Start agency as described in subsection (c)(2), and no existing Head Start program serving a community,

then the Secretary may designate a Head Start agency from among qualified applicants in such community. Any such designation shall be governed by the program and fiscal requirements, criteria, and standards applicable on September 1, 1983, to then existing Head Start agencies.

(e) The provisions of subsections (c) and (d) shall be applied by the Secretary in the distribution of any additional appropriations made available under this subchapter during any fiscal year as well as to initial designations of Head Start agencies.

(f) The Secretary shall require that the practice of significantly involving parents and area residents affected by the program in selection of Head Start agencies be continued.

(42 U.S.C. 9836) Enacted August 13, 1981, P.L. 97-35, 95 Stat. 501; amended October 30, 1984, P.L. 98-558, sec. 104, 98 Stat. 2878.

#### POWERS AND FUNCTIONS OF HEAD START AGENCIES

SEC. 642. (a) In order to be designated as a Head Start agency under this subchapter, an agency must have authority under its charter or applicable law to receive and administer funds under this subchapter, funds and contributions from private or local public sources which may be used in support of a Head Start program, and funds under any Federal or State assistance program pursuant to which a public or private nonprofit agency (as the case may be) organized in accordance with this subchapter, could act as grantee, contractor, or sponsor of projects appropriate for inclusion in a Head Start program. Such an agency must also be empowered to transfer funds so received, and to delegate powers to other agencies, subject to the powers of its governing board and its overall program responsibilities. The power to transfer funds and delegate powers must include the power to make transfers and delegations covering component projects in all cases where this will contribute to efficiency and effectiveness or otherwise further program objectives.

(b) In order to be so designated, a Head Start agency must also (1) establish effective procedures by which parents and area residents concerned will be enabled to directly participate in decisions that influence the character of programs affecting their interests; (2) provide for their regular participation in the implementation of such programs; (3) provide technical and other support needed to enable parents and area residents to secure on their own behalf available assistance from public and private sources; and (4) establish procedures to seek reimbursement, to the extent feasible, from other agencies for services for which any such other agency is responsible, which are provided to a Head Start participant by the Head Start agency.

(c) The head of each Head Start agency shall coordinate with other programs serving the children in the Head Start agency to carry out the provisions of this subsection.

(42 U.S.C. 9837) Enacted August 13, 1981, P.L. 97-35, 95 Stat. 502.

#### SUBMISSION OF PLANS TO GOVERNORS

SEC. 643. In carrying out the provisions of this subchapter, no contract, agreement, grant, or other assistance shall be made for

the purpose of carrying out a Head Start program within a State unless a plan setting forth such proposed contract, agreement, grant, or other assistance has been submitted to the Governor of the State, and such plan has not been disapproved by the Governor within 30 days of such submission, or, if so disapproved, has been reconsidered by the Secretary and found by the Secretary to be fully consistent with the provisions and in furtherance of the purposes of this subchapter. Funds to cover the costs of the proposed contract, agreement, grant, or other assistance shall be obligated from the appropriation which is current at the time the plan is submitted to the Governor. This section shall not, however, apply to contracts, agreements, grants, loans, or other assistance to any institution of higher education in existence on the date of the enactment of this Act.

(42 U.S.C. 9838) Enacted August 13, 1981, P.L. 97-35, 95 Stat. 502.

#### ADMINISTRATIVE REQUIREMENTS AND STANDARDS

SEC. 644. (a) Each Head Start agency shall observe standards of organization, management, and administration which will assure, so far as reasonably possible, that all program activities are conducted in a manner consistent with the purposes of this subchapter and the objective of providing assistance effectively, efficiently, and free of any taint of partisan political bias or personal or family favoritism. Each such agency shall establish or adopt rules to carry out this section, which shall include rules to assure full staff accountability in matters governed by law, regulations, or agency policy. Each agency shall also provide for reasonable public access to information, including public hearings at the request of appropriate community groups and reasonable public access to books and records of the agency or other agencies engaged in program activities or operations involving the use of authority or funds for which it is responsible. Each such agency shall adopt for itself and other agencies using funds or exercising authority for which it is responsible, rules designed to (1) establish specific standards governing salaries, salary increases, travel and per diem allowances, and other employee benefits; (2) assure that only persons capable of discharging their duties with competence and integrity are employed and that employees are promoted or advanced under impartial procedures calculated to improve agency performance and effectiveness; (3) guard against personal or financial conflicts of interest; (4) define employee duties in an appropriate manner which will in any case preclude employees from participating, in connection with the performance of their duties, in any form of picketing, protest, or other direct action which is in violation of law.

(b) No financial assistance shall be extended under this subchapter in any case in which the Secretary determines that the costs of developing and administering a program assisted under this subchapter exceed 15 percent of the total costs, including non-Federal contributions to such costs, of such program. The Secretary shall establish by regulation, criteria for determining (1) the costs of developing and administering such program; and (2) the total costs of such program. In any case in which the Secretary determines that the cost of administering such program does not exceed 15 percent

of such total costs but is, in the judgment of the Secretary, excessive, the Secretary shall forthwith require the recipient of such financial assistance to take such steps prescribed by the Secretary as will eliminate such excessive administrative cost, including the sharing by one or more Head Start agencies of a common director and other administrative personnel. The Secretary may waive the limitation prescribed by this subsection for specific periods of time not to exceed 12 months whenever the Secretary determines that such a waiver is necessary in order to carry out the purposes of this subchapter.

(c) The Secretary shall prescribe rules or regulations to supplement subsection (a), which shall be binding on all agencies carrying on Head Start program activities with financial assistance under this subchapter. The Secretary may, where appropriate, establish special or simplified requirements for smaller agencies or agencies operating in rural areas. Policies and procedures shall be established to ensure that indirect costs attributable to the common or joint use of facilities and services by programs assisted under this subchapter and other programs shall be fairly allocated among the various programs which utilize such facilities and services.

(d) At least 30 days prior to their effective date, all rules, regulations, guidelines, instructions, and application forms shall be published in the Federal register and shall be sent to each grantee with the notification that each such grantee has the right to submit comments pertaining thereto to the Secretary prior to the final adoption thereof.

(42 U.S.C. 9839) Enacted August 13, 1981, P.L. 97-35, 95 Stat. 502.

#### PARTICIPATION IN HEAD START PROGRAMS

SEC. 645. (a)(1) The Secretary shall by regulation prescribe eligibility for the participation of persons in Head Start programs assisted under this subchapter. Except as provided in paragraph (2), such criteria may provide (A) that children from low-income families shall be eligible for participation in programs assisted under this subchapter if their families' incomes are below the poverty line, or if their families are eligible or, in the absence of child care, would potentially be eligible for public assistance; and (B) pursuant to such regulations as the Secretary shall prescribe, that programs assisted under this subchapter may include, to a reasonable extent, participation of children in the area served who would benefit from such programs but whose families do not meet the low-income criteria prescribed pursuant to clause (A).

(2) Whenever a Head Start program is operated in a community with a population of 1,000 or less individuals and—

(A) there is no other preschool program in the community;

(B) the community is located in a medically underserved area, as designated by the Secretary pursuant to section 330(b)(3) of the Public Health Service Act and is located in a health manpower shortage area, as designated by the Secretary pursuant to section 332(a)(1) of such Act;

(C) the community is in a location which, by reason of remoteness, does not permit reasonable access to the types of services described in clauses (A) and (B); and

(D) not less than 50 percent of the families to be served in the community are eligible under the eligibility criteria established by the Secretary under paragraph (1); the Head Start program in each such locality shall establish the criteria for eligibility, except that no child residing in such community whose family is eligible under such eligibility criteria shall, by virtue of such project's eligibility criteria, be denied an opportunity to participate in such program. During the period beginning on the date of the enactment of the Human Services Reauthorization Act and ending on October 1, 1986, and unless specifically authorized in any statute of the United States enacted after such date of enactment, the Secretary may not make any change in the method, as in effect on April 25, 1984, of calculating income used to prescribe eligibility for the participation of persons in the Head Start programs assisted under this subchapter if such change would result in any reduction in, or exclusion from, participation of persons in any of such programs.

(b) The Secretary shall not prescribe any fee schedule or otherwise provide for the charging of any fees for participation in Head Start programs, unless such fees are authorized by legislation hereafter enacted. Nothing in this subsection shall be construed to prevent the families of children who participate in Head Start programs and who are willing and able to pay the full cost of such participation from doing so.

(c) Each Head Start program operated in a community may provide more than one year of Head Start services to children from age 3 to the age of compulsory school attendance in the State in which the Head Start program is located.

(42 U.S.C. 9839) Enacted August 13, 1981, P.L. 97-35, 95 Stat. 504; amended October 30, 1984, P.L. 98-558, sec. 105, 98 Stat. 2879.

Sec. 646. The Secretary shall prescribe procedures to assure that—

(1) special notice of and a opportunity for a timely and expeditious appeal to the Secretary will be provided for an agency or organization which desires to serve as a delegate agency under this subchapter and whose application to the Head Start agency has been wholly or substantially rejected or has not been acted upon within a period of time deemed reasonable by the Secretary, in accordance with regulations which the Secretary shall prescribe;

(2) financial assistance under this subchapter shall not be suspended, except in emergency situations, unless the recipient agency has been given reasonable notice and opportunity to show cause why such action should not be taken; and

(3) financial assistance under this subchapter shall not be terminated, an application for refunding shall not be denied, and a suspension of financial assistance shall not be continued for longer than 30 days, unless the recipient has been afforded reasonable notice and opportunity for a full and fair hearing.

SEC. 647. (a) Each recipient of financial assistance under this subchapter shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such financial assistance, the total cost of the project or undertaking in connection with which such financial assistance is given or used, the amount of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(b) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipients that are pertinent to the financial assistance received under this subchapter.

(b) The Secretary shall establish an overall plan to govern the approval of research, demonstration, or pilot projects and the use of all research authority under this subchapter. Such plan shall set forth specific objectives to be achieved and priorities among such objectives.

(c) No funds appropriated under this subchapter may be combined with funds appropriated under any other Act if the purpose of combining funds is to make a single discretionary grant or a single discretionary payment, unless such funds appropriated under this subchapter are separately identified in such grant or payment and are used for the purposes of this title.

Evaluations shall be conducted by persons not directly involved in the administration of the program or project operation.

(b) The Secretary shall operate the programs and projects covered by this subchapter in accordance with Head Start performance standards. Any revisions in such standards shall not result in the elimination of nor any reduction in the scope or types of health, education, parental involvement, social or other services required to be provided under the standards in effect on November 2, 1978. The extent to which such standards have been met shall be considered in deciding whether to renew or supplement financial assistance authorized under this subchapter.

##### SHORT TITLE

SEC. 661. This subchapter may be cited as the "Follow Through Act".

(42 U.S.C. 9801 note) Enacted August 13, , P.L. 97-35, 95 Stat. 508.

##### FINANCIAL ASSISTANCE FOR FOLLOW THROUGH PROGRAMS

SEC. 662. (a) The Secretary of Education (hereinafter in this subchapter referred to as the "Secretary") is authorized to provide financial assistance in the form of grants to local educational agencies, combinations of such agencies, and, as provided in subsection (b), any other public or appropriate nonprofit private agencies, organizations, and institutions for the purpose of carrying out Follow Through programs focused primarily on children from low-income families in kindergarten and primary grades, including such children enrolled in private nonprofit elementary schools, who were previously enrolled in Head Start or similar programs. Other children in kindergarten and primary grades, including such other children enrolled in private nonprofit elementary schools, who were previously enrolled in preschool programs of a compensatory nature which received Federal financial assistance may participate in such Follow Through programs.

(b) Whenever the Secretary determines—

(1) that a local educational agency receiving assistance under subsection (a) is unable or unwilling to include in a Follow Through program children enrolled in nonprofit private schools who would otherwise be eligible to participate therein; or

(2) that it is otherwise necessary in order to accomplish the purposes of this section;

the Secretary may provide financial assistance for the purpose of carrying out a Follow Through program to any other public or appropriate nonprofit private agency, organization, or institution.
