# Foreword

**Darlene Kluka**  
*NAGWS President*

**D**uring the decade of the 1990s, NAGWS will celebrate its hundredth anniversary. Historically, the National Association for Girls and Women in Sport has been sculpting paths to the future. Recently, the NAGWS Board of Directors adopted a strategic plan designed to continue creating paths into the 21st century.

Four key goals have been identified:

1. We shall recruit, develop, and promote women for leadership positions in sport and physical activity.
2. We shall serve as an advocate for women's full participation in physical activity and sport leadership.
3. We shall serve as an advocate for the initiation and enhancement of quality programs of sport and physical activity designed to accommodate females of all ages, races, creeds, ethnic origins, economic levels, abilities, and interests; and
4. We shall promulgate the profession.

Specifically, softball officials can become a part of shaping paths by (1) **RECRUITING** females as officials for men's and women's softball; (2) **ADVOCATING** the advancement of women as officials in men's and women's softball; (3) **ENHANCING** the quality of those who officiate women's softball; and (4) **PROMOTING** professionalism through officiating.

The directions of softball officiating are at a crossroads for the upcoming century. Crossroads are paths to new beginnings, and opportunities to become more. Identify yourself as a pathfinder; advocate our message, and enhance opportunities for ALL females through softball officiating wherever you are. Help us to create a future where officiating, coaching, and administering of girls' and women's sport programs provide quality experiences for all.

# National Association for Girls & Women in Sport

The National Association for Girls and Women in Sport is a nonprofit, educational organization designed to serve the needs of administrators, teachers, coaches, leaders, and participants of sport programs for girls and women. One of six associations of the American Alliance for Health, Physical Education, Recreation, and Dance, the National Association for Girls and Women in Sport (NAGWS) is the only national professional organization devoted exclusively to providing opportunities for girls and women in sport-related disciplines and careers.

## **Purpose**

The purpose of the National Association for Girls and Women in Sport is to serve as the primary organization for the professional development and promotion of girls and women in sport and physical activity.

## **Goals**

- 1) NAGWS shall recruit, develop, and promote women for leadership positions in sport and physical activity.
- 2) NAGWS shall serve as an advocate for women's full participation in physical activity and sport leadership.
- 3) NAGWS shall serve as an advocate for the initiation and enhancement of quality programs of sport and physical activity designed to accommodate females of all ages, races, creeds, ethnic origins, economic levels, abilities, and interests.

## **Functions**

The NAGWS promotes desirable sport programs and provides leadership and professional opportunities through:

- 1) Formulating and publicizing guiding principles and standards for the administrator, official, leader, and player.
- 2) Publishing and interpreting rules governing sports for girls and women.
- 3) Providing the means for training, evaluating, and rating officials.
- 4) Stimulating, evaluating, and disseminating research in the field of girls' and women's sports.
- 5) Cooperating with allied groups interested in girls' and women's sports in order to formulate policies and rules that affect the conduct of women's sports.

- 6) Providing opportunities for the development of leadership among girls and women for the conduct of their sport programs.

### **Beliefs**

The National Association for Girls and Women in Sport believes that:

- 1) Sport programs should be a part of the total educational experience of the participant when conducted in educational institutions.
- 2) Opportunities for instruction and participation in sports appropriate to her skill level should be included in the experience of every girl.
- 3) An understanding of the relationship between competition and cooperation and the utilization of both within the accepted framework of our society is one of the desirable outcomes of sport participation.
- 4) Physical activity is important in the maintenance of the general health and fitness of the participant.
- 5) Participation in sports contributes to the development of self-confidence and to the establishment of desirable interpersonal relationships.

### **Services**

- 1) *GWS News*: Three times each year, this newsletter relates recent developments, national news and association events. A seasonal calendar posts upcoming activities.
- 2) The National Coaches Council: The Council provides its members with opportunities for leadership and professional growth. Coaches, athletic trainers, and officials are given the chance to share ideas, receive valuable training and meet colleagues through frequent conferences. Members may participate in research projects and rules committees which allow them the opportunity to shape individual sports.
- 3) The Affiliated Boards of Officials: ABO's goals include to improve the quality of officiating for girls' and women's sports contests, to increase the number of competent women officials, and to promote the involvement of women in the governing bodies of other sport officiating groups. The ABO strives to accomplish these goals by developing officiating techniques, providing materials for training and rating officials, promoting the use of ABO-rated officials, and promoting standards with respect to fees, ratings, and uniforms.
- 4) Legislation: NAGWS speaks on Capitol Hill providing strong and able representation in legislative activities to ensure quality and equality in programs for women.

- 5) **Speaker's Bureau:** NAGWS maintains a list of qualified members to refer as speakers when requests come in from across the nation and around the world.
- 6) **Student Services:** A student representative is appointed to the NAGWS Board of Directors each year to ensure student input, and a section of *GWS News* is reserved for students to exchange ideas. Exciting student internships at NAGWS national headquarters provide valuable learning experiences and an opportunity to make professional contacts.
- 7) **National AAHPERD Convention:** NAGWS regularly hosts four in-depth, full-day conferences at this annual convention. NAGWS also sponsors or co-sponsors approximately 60 convention sessions on topics ranging from "physiological considerations" to "anti-discriminatory laws and administration guidelines" and "positive strokes for coaches".

# Standards in Sports for Girls & Women

Standards in sports activities for girls and women should be based upon the following:

Sports activities for girls and women should be taught, coached, and officiated by qualified women whenever possible.

Programs should provide every girl with a wide variety of activities.

The results of competition should be judged in terms of *benefits to the participants* rather than by the winning of championships or the athletic or commercial advantage to schools or organizations.

## Health and Safety Standards for Players

Careful supervision of the health of all players must be provided by:

1. An examination by a qualified physician.
2. Written permission by a qualified physician after serious illness or injury.
3. Removal of players when they are injured, overfatigued, or show signs of emotional instability.
4. A healthful, safe, and sanitary environment for sports activity.
5. Limitation of competition to a geographical area which will permit players to return at reasonable hours; provision for safe transportation.

## General Policies

Arrange matches between teams of comparable ability and maturity.

Schedule games and practices so as not to place demands on teams or players which would jeopardize the educational objectives of the comprehensive sports program.

Discourage girls from practicing or playing with more than one team during a sport season.

Promote social events with all forms of competition.

# National Coaches Council

The purpose of the National Coaches Council (NCC), a division of the National Association for Girls and Women in Sport (NAGWS), is three-fold:

1. To provide professional educational development for coaches of girls and women in sport.
2. To recruit, develop, and promote women for coaching positions for girls' and women's sport.
3. To serve as an advocate for the enhancement of quality coaching for girls and women in sport.

The NCC strives to accomplish these goals by conducting clinics and workshops at the state, regional, and national levels, as well as through newsletters, speaker bureaus, leadership grants, research, and publications.

# Fundamentals Of Baserunning

by Linda Kalafatis

*Linda Kalafatis became the head coach at California University of Pennsylvania in 1988 and took a team which had never made an NCAA Division II appearance to consecutive PSAC-West titles and a second place finish in the NCAA East Regional. Her record is 63-23. A four-year starting catcher at CU from 1984 through 1987, she was an all-conference and all-region selection in 1986. She served as Cal's top assistant softball coach in 1988. She earned her BS in business marketing from CU in 1988 and is working towards her master's degree in social science and counseling.*

**B**aserunning is a skill, the importance of which is not recognized enough. Ask any one of my ball players what wins and loses ball games and they'll tell you, defense and baserunning. Ball players are taught to field, throw, pitch, and bat. Then they're expected to run the bases and as long as the bases are touched in order, there's not much said. I guess it was my speed (or lack of it) as a player that made me realize the importance of good baserunning skills. And now as a coach, I incorporate baserunning skills into our practices just as I do the other softball skills.

It's important to note that there are both mental and physical aspects of baserunning, just as there are in batting, pitching, and the other softball skills. A player need not have above average speed to be a good baserunner. However, it is important that she know her own speed. With the shorter base paths, it is essential to start fast and to think and decide quickly. Players must examine the arms of the defense and take advantage of their mistakes. They should not be afraid to be aggressive. Instead, they should force the defense to make the perfect throw. They should treat the next base as a new goal. These qualities are difficult to teach. They come only with experience and must be incorporated in practices with game situation drills.

Running to first base should be considered the most important and most practiced base of the four. A player cannot reach the other bases without reaching the first one safely. After a player completes her swing

and makes contact, her eyes should be focused on the line and base—not the ball. She wants to explode out of the batter's box with her back leg taking the first step and using smaller steps until she has enough speed to get into her stride. She wants to run straight up the line until she comes into the base lane. Once she reaches the 3' x 30' base lane she should position her body inside the box so that she is actually running in foul territory. This prevents the runner from interfering with a play at first base. If the runner is outside the box (in fair territory) and is hit with the ball, interference will be declared and the runner will be ruled out. As basic as this may seem, it is a common call in fast pitch softball, especially since there is so much bunting. When the ball is hit, usually within the infield, and the runner is trying to beat the throw to first, it is of utmost importance to run *through* the base. What is meant by *running through* first base? For example, in a track meet, does a racer run *to* the finish line or *through* it? If the racer ran *to* it, the tape would still be standing at the end of the race. Another example is a simple traffic light. If you see a yellow light and decide you want to beat it, do you accelerate until you reach the light and then let up on the gas? No! You accelerate *through* the intersection. It's not hard to understand that anything that moves must first slow down before it can safely come to a stop. The same concept is applied at first base. If the runner stops just after reaching first, that means she had to have slowed down before or during her approach to first base. Sure, I might be talking about fractions of time here, but how often is a player thrown out by a second or more? Most plays are decided by fractions of seconds. Consider that most players reach first base in 3-4 seconds. That means they're traveling around 15-20 feet per second. All of a sudden, a fraction of a second can mean several feet. You can see why running *through* first base should be at full speed. The player should worry about stopping after she touches first base. As she touches the front edge of first base, she should lean forward so that her body is positioned over the lead foot as opposed to leaping at the base. A whole body is much easier to see than a foot. This action will win many close calls.

I tell my players that when they touch first base at full speed and are down the line in right field and come to a stop, they should turn and open up toward the field (their left) and jog back to first. This is not considered an attempt as long as the player does not make a motion towards second base. Our players do this so that they may pick up the action quickly. If there is a play on the other runner's base, or an overthrown ball occurs, she may be able to advance. The base

coach will also assist her at this time. Unfortunately, our major league ball players are the worst examples of proper baserunning skills.

There is one basic principle: *The shortest distance between two points is a straight line.* Once that is understood it's not hard to see why I teach my players to take question mark turns before reaching the base they already have made. This puts them in a straight line to the next base. As an example: A ball is hit up the middle. First is made, so the batter-baserunner will proceed up the line. As I discussed earlier, when she reaches the running lane (3' x 30' box), she will veer out and run a semi-circle by the time she reaches first base. She will hit the left inside corner of first and find the ball as she takes another step or two. Before stopping, however, the feet should continue to run in place until the runner decides to either advance or return to first base. This is an important concept because it will be easier for her to regain her momentum as opposed to being still and having to re-start again. Of course, the first base coach is also vital in communicating with the runner. Again, you can see how I really pay a lot of attention and stress the technique in running to first base, the most common base touched.

Second base is the most difficult base to run to because of the absence of a base coach and a base line. Most of the decision making is up to the player when running to second base or beyond. The same concept should be applied to second base as in first base in regards to starting (with short steps) and rounding (the question mark). The runner wants to pick up the ball and/or the third base coach about half way to second base and then the decision should be made whether to advance or just round. If second base is made (in other words, the play won't be made at second base) then the runner should approach the base with a question mark starting approximately 25-30 feet before second. Then she should decide whether to advance to third base right away or round the base the same way as she did at first base (with feet moving in place). The same concept is true for third base, with the obvious advantage of a base coach. When the runner makes her turn at third base, she should run or round on the third base foul line. This is a good check for a coach or runner. You can see if the runner is making her cut too late which will cause her to take extra or unnecessary steps into foul territory and may even cause her to run into the third base coach. As the runner approaches home, the on-deck batter should position herself so that she is in direct view of the potential scorer. The on-deck batter is permitted to do this as long as she does not interfere with the play.

These are the basics of baserunning without getting into the details of leading off and sliding which are more focused skills of baserunning. My staff and I also concentrate heavily on these areas, especially in sliding where there is little coaching and practice, but many injuries. I know that our attention to baserunning has paid off, and along with our hitting, has enabled us to become the 8th leading scoring team in all of Division II. We have also set many new school records in base stealing, runs scored, extra base hits, and total bases. Our individual and team goals are to improve each year, work hard, and I think we can make a run for it!

# Coach-Umpire Communication

by Tom Mason, Sr.

*Tom Mason, Sr. is former National ASA Umpire-in-chief; former International Rules Interpreter; Member of the ASA Hall of Honor; and Co-founder of the National ASA Umpire School. He has coached adult military teams, youth teams, and is presently assistant coach and softball information director of Wilmington College, New Castle, DE.*

Softball coaches are strategists, motivators, organizers, salesmen, personnel directors, and teachers. I feel two more areas of expertise are essential for a total, well versed softball coach: umpire communication and playing rule knowledge. These areas must be practiced by the coach and instilled in the athletes.

A first step--and a MUST-- is to invite an umpire to speak to the players and the coaching staff on the playing rules affecting the game and involving the players. This umpire must be credible, have a thorough knowledge of the rules; and must also have the ability to communicate this knowledge to the team. Some suggested items for this talk are:

1. Fair/foul balls; 3 foot line; running the basepath;
2. Baserunning and batter interference; deliberate crash into a fielder; runner hit by a batted ball;
3. Obstruction; dropped 3rd strike; bunting foul after two strikes;
4. Pitching; look back; two runners on same base;
5. Appeal play; reentry; designated player.

The talk should be limited to two hours and overhead transparencies should be used if possible. By learning more about the above topics, players will be able to avoid penalties for interference and obstruction and will know how to execute the defensive play on the "look back," the "appeal play," and "two runners on the same base" situations. Players will know their responsibilities during dropped 3rd strikes, bunting foul

after two strikes, running the basepath, and 3-foot line violations. Pitchers will have a better understanding of what is legal and illegal in their deliveries. This may help them avoid losing a game due to an "illegal pitch" call.

If carried out properly, "Player/Coach/Umpire communication" can be instrumental in a well officiated game. The adage of a coach "staying on" an umpire throughout the game as a means of keeping him at his best, is, in my opinion, a very big misconception. Industry has proven that a relaxed employee, not one under stress or unnecessary pressure, is more productive and more apt to do a better job. This is true for both players and umpire as well. A relaxed umpire will spend more time concentrating on being in position and making the correct call. Good coaches should not want calls to go their way, but instead should want correct calls.

A kind word, a "good call ump", a discussion rather than a heated, loud argument with an umpire will go far toward a well officiated game. Constant ha-ssment, game-long bench jockeying, and arguing in an unsportsmanlike manner only lead to a player or coach ejection or to an irritated umpire spending more time on an individual than on the calls he needs to make. Coaches should expend their energies on winning the game, not on controlling umpires.

Let's not give our players who fail a crutch by siding with them in blaming the umpire for their failures. We need instead to point out the possible reasons for the failure and ways they can overcome that failure.

Remember, a coach and team's road to success can be made easier and shorter by preparing the team in these areas.

# SOFTBALL PLAYING RULES

© Copyright by the Amateur Softball Association of America REVISED 1990

"Permission to reprint THE OFFICIAL PLAYING RULES has been granted by THE AMATEUR SOFTBALL ASSOCIATION OF AMERICA"

Wherever "he" or "him" or their related pronouns may appear in this rule book either as words or as parts of words, they have been used for literary purposes and are meant in their generic sense (i.e., to include all humankind, or both male and female sexes).

The words "Junior Olympic" or the initials "J.O." refer to youth softball.

*New rules are highlighted in each section. All plays are italicized whether pertaining to new or old rules.*

► **NOT ITALICIZED WITH THIS MARKING MEANS CHANGE IN WORDING FOR CLARIFICATION ONLY. NO CHANGE IS MADE IN THE RULE.**

*Read the "Points of Emphasis" at the end of the rules to help clarify various selected rules.*

## RULE 1. DEFINITIONS

**Sec. 1. ALTERED BAT.** A bat is considered altered when the physical structure of a legal softball bat has been changed. Replacing the handle of a metal bat with a wooden or other type handle, inserting material inside the bat, applying excessive tape (more than two layers) to the bat grip, or painting a bat at the top or bottom for other than identification purposes are examples of altering a bat. Replacing the grip with another legal grip is not considered altering the bat. A "flare" or "cone" grip attached to the bat is considered an altered bat. (See Rule 7, Sec. 1d for penalty.)

*PLAY -- BI hits two-base hit with an aluminum bat containing a wooden handle.  
RULING -- The ball is dead, batter-runner is out, and baserunners may not advance. The batter-runner is ejected for using an altered bat.*

**Sec. 2. APPEAL PLAY.** An appeal play is a play on which an umpire may not make a decision until requested by a manager, coach, or player. The appeal must be made before the next legal or illegal pitch, or before the defensive team has left the field. The defensive team has "left the field" when the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area.

# RULE 1, SECTION 2

**PLAY** — *With R1 on first, B2 hits a double. R1 goes to third but fails to touch second. Umpire observes this, but no appeal is made. B2 goes to second. Since no appeal was made, is the procedure the same as if R1 had touched second?*  
**RULING** — Yes.

**Sec. 3. BASE ON BALLS.** A base on balls permits a batter to gain first base without liability to be put out and is awarded to a batter by the umpire when four pitches are judged to be balls. (SP ONLY) If the pitcher desires to walk a batter intentionally, he may do so by notifying the plate umpire who shall award the batter first base (Rule 8, Sec. 2c).

**Sec. 4. BASE PATH.** A base path is an imaginary line 3 feet (0.91 m) on either side of a direct line between the bases (Also refer to Rule 8, Section 8a).

**Sec. 5. BASERUNNER.** A baserunner is a player of the team at bat who has finished his turn at bat, reached first base, and has not yet been put out.

**Sec. 6. BATTED BALL.** A batted ball is any ball that hits the bat, or is hit by the bat, and lands either in fair or foul territory. No intention to hit the ball is necessary.

**Sec. 7. BATTER'S BOX.** The batter's box is the area to which the batter is restricted while in position with the intention of helping his team to obtain runs. The lines are considered as being within the batter's box. Prior to the pitch, he may touch the lines, but no part of his foot may be outside the lines.

**Sec. 8. BATTER-RUNNER.** A batter-runner is a player who has finished his turn at bat but has not yet been put out or touched first base.

**Sec. 9. BATTING ORDER.** The batting order is the official listing of offensive players in the order in which members of that team must come to bat. When the lineup card is submitted, it shall also include each player's position.

**Sec. 10. BLOCKED BALL.** A blocked ball is a batted or thrown ball that is touched, stopped, or handled by a person not engaged in the game, or which touches any object that is not part of the official equipment or official playing area.

**EFFECT** — If any illegal offensive equipment prevented the defense from making an out, the ball is dead, interference will be ruled, the player being played on shall be declared out, and each other runner must return to the last base touched at the time of the dead ball declaration. If no apparent play is obvious, a blocked ball is ruled, no one is called out, and each runner must return to the last base touched at the time of the dead ball declaration. See Rule 8, Sec. 5g (play 4) for enforcement.

**PLAY** — *A blocked ball is called when (a) it hits the coach, (b) it strikes a spectator*  
**RULING** — (a) No, (b) Yes

**Sec. 11. BUNT.** A bunt is a legally tapped ball not swung at, but intentionally met with the bat and tapped slowly within the infield.

**Sec. 12. CATCH.** A catch is a legally caught ball which occurs when the fielder catches a batted, pitched, or thrown ball with his hand(s) or glove. If the ball is merely held in the fielder's arm(s) or prevented from dropping to the ground by some part of the fielder's body, equipment, or clothing, the catch is not completed until the ball is in the grasp of the fielder's

# RULE 1, SECTION 12

hand(s) or glove. It is not a catch if a fielder, immediately after he contacts the ball, collides with another player, umpire, or a fence, or falls to the ground and drops the ball as a result of the collision or falling to the ground. In establishing a valid catch, the fielder shall hold the ball long enough to prove he has complete control of it or that his release of the ball is voluntary and intentional. If a player drops the ball after reaching into his glove to remove it, or while in the act of throwing it, it is a valid catch.

**NOTE:** A ball which strikes anything other than a defensive player while it is in flight is ruled the same as if it struck the ground.

**PLAY (1) –** A legal catch occurs when a fielder holds the ball (a) in his hand(s), (b) under his arm(s), (c) in his cap, (d) in his glove. **RULING –** (a) Yes, (b) No, (c) No, (d) Yes.

**PLAY (2) –** B1 hits line drive which, after passing F3, strikes the umpire while the ball is over fair ground. The ball ricochets and is fielded by F4 while still in flight. **RULING –** This is not a catch. B1 would have to be thrown out or tagged out.

**PLAY (3) –** F3 and F4 both attempt to field a fly ball. Without touching the ground, the ball strikes F4 on the head and, while still in the air (hasn't touched the ground), is caught by F3. **RULING –** This is a legally caught fly ball.

**PLAY (4) –** B1 hits fly to F8. F8 gets the ball in his hand(s) but drops it (a) when he falls to the ground and rolls over, or (b) when he collides with a fielder or a wall, or (c) when he starts to throw to the infield. **RULING –** In (a) and (b) it is not a catch. In (c) it is a legal catch if ball was held long enough for F8 to regain his balance but is then dropped in a motion associated with an intended throw.

**Sec. 13. CATCHER'S BOX.** The catcher's box is that area within which the catcher must remain until

- a. (FP ONLY) The pitch is released. The lines are to be considered within the catcher's box.
- b. (SP ONLY) The pitched ball is batted, touches the ground or plate, or reaches the catcher's box. The lines are to be considered within the catcher's box, and all parts of the catcher's body and/or equipment must be within the catcher's box until the pitched ball is batted or reaches the catcher's box. The catcher is considered within the box unless he touches the ground outside the catcher's box.

**EFFECT –** Sec. 13b: An illegal pitch shall be called immediately, and the batter will be awarded a ball, provided he does not swing at the illegal pitch.

**NOTE –** For catcher's box dimensions, see Rule 2, Sec. 4d

**Sec. 14. CHARGED CONFERENCE.** A charged conference takes place when:

- a. (Defensive Conference) The defensive team requests a suspension of play for any reason, and a representative (not in the field) of the defensive team enters the playing field and gives the umpire cause to believe that he has delivered a message (by any means) to the pitcher.
- b. (Offensive Conference) The offensive team requests a suspension of play to allow the manager or other team representatives to confer with the batter and/or baserunners. Refer to Rule 5, Sec. 8.

# RULE 1, SECTION 15

**Sec. 15. CHOPPED BALL.** (SP ONLY) A chopped hit ball is one at which the batter strikes downward with a chopping motion of the bat so that the ball bounces high into the air.

**Sec. 16. COACH.** A coach is a member of the team at bat who takes his place within one of the coaches' boxes on the field to direct the players of his team in running the bases. Two coaches are allowed. One coach may have in his possession in the coach's box a scorebook, pen or pencil, and an indicator, all of which shall be used for scorekeeping or record keeping purposes only. No communication equipment is allowed.

**Sec. 17. DEAD BALL.** The ball is not in play and is not considered in play again until the pitcher has it in his possession, is within 8 feet (2.44 m) of the pitcher's plate, and play ball has been declared by the umpire. A dead ball line is considered in play. Refer to Rule 1, Sec. 52.

**Sec. 18. DEFENSIVE TEAM.** The defensive team is the team in the field.

**Sec. 19. DISLODGED BASE.** A dislodged base is a base displaced from its proper position.

**Sec. 20. DOUBLE PLAY.** A double play is a play by the defense resulting in two offensive players being legally put out as a result of continuous action.

**Sec. 21. FAIR BALL.** A fair ball is a batted ball that:

- Settles or is touched on or over fair territory between home and first base or between home and third base.
- Bounds or rolls past first or third base on or over fair territory
- Bounds over any part of the first or third base bag, regardless of where the ball hits after going over the bag.
- While on or over fair territory, touches the person, attached equipment, or clothing of a player or an umpire
- Touches first, second, or third base
- First falls or is first touched on or over fair territory beyond first, second, or third base
- While over fair territory, passes out of the playing field beyond the outfield fence
- Hits the foul pole above the fence level

**NOTE:** A fair fly shall be judged according to the relative position of the ball and the foul line, including the foul pole, and not as to whether the fielder is on fair or foul territory at the time he touches the ball. It does not matter whether the ball first touches fair or foul territory, as long as it does not touch anything foreign to the natural ground in foul territory and complies with all other aspects of a fair ball.

**PLAY (1) - Batted ball settles on home plate RULING - Fair ball**

**PLAY (2) - Batted ball first hits foul ground and, without touching any foreign object, rolls into fair territory between first and home or third and home where it settles RULING - Fair ball**

**PLAY (3) Batted ball rolls against bat in fair territory and (a) remains in fair territory or (b) rolls untouched into foul territory. RULING - A fair ball in (a) and a foul ball in (b)**

# RULE 1, SECTION 22

**Sec. 22. FAIR TERRITORY.** Fair territory is that part of the playing field within, and including, the first and third base foul lines from home plate to the bottom of the extreme playing field fence and perpendicularly upward.

**Sec. 23. FAKE TAG.** A form of obstruction by a fielder who neither has the ball nor is about to receive the ball, and which impedes the progress of a runner either advancing or returning to a base. The runner does not have to stop or slide. Merely slowing down when a fake tag is administered would constitute obstruction. **NOTE:** Under Rule 8, Sec. 5b (3), a player may be removed from the game for a fake tag infraction.

**Sec. 24. FIELDER.** A fielder is any player of the team in the field.

**Sec. 25. FLY BALL.** A fly ball is any fair or foul ball batted into the air.

**Sec. 26. FORCE OUT.** A force out is an out which may be made only when a baserunner loses the right to the base he is occupying because the batter becomes a batter-runner, and before the batter-runner or a succeeding baserunner has been put out.

**NOTE:** If the forced runner, after touching the next base, retreats for any reason towards the base he had last occupied, the force play is reinstated, and he may again be put out if the defense tags the base to which he is forced.

**PLAY (1)** - *R1 is on first base. B2 hits sharp grounder to F3 who first touches first base and then touches R1 who is still on first base. RULING -- Only B2 is out. F3's act eliminated the force, thereby permitting R1 to remain on first.*

**PLAY (2)** - *R1 on 1B when B2 hits a short fly ball to left field. R1 goes approximately 15 feet off base waiting to see if the ball will be caught. B2 rounds 1B and passes R1, and the umpire calls B2 out. The ball drops in for a base hit. R1 advances to 2B, and F4, with the ball, tags 2B before R1 slides into the base. RULING: The force out is removed when B2 passes R1; therefore, F4 had to tag R1. The runner is safe sliding into 2B if he was not tagged.*

**Sec. 27. FOUL BALL.** A foul ball is a batted ball that

- Settles or is touched on or over foul territory between home and first base or between home and third base
- Bounds or rolls past first or third base on or over foul territory.
- While on or over foul territory, touches the person, attached equipment, or clothing of a player or an umpire, or any object foreign to the natural ground and provided a fair ball declaration had not been made prior to the ball entering foul territory.
- First falls or is first touched on or over foul territory beyond first or third base.
- Touches the batter or the bat a second time while the ball is within the batter's box.
- Immediately rebounds up from the ground or home plate and hits the bat a second time while the batter is in the batter's box.

**NOTE:** A foul fly shall be judged according to the relative position of the ball and the foul line, including the foul pole, and not as to whether the fielder is on foul or fair territory at the time he touches the ball.

**PLAY (1)** - *A fair ball is called when (a) the ball hits the bag and deflects into foul territory, (b) the ball bounds from the infield over the base and lands in foul ter-*

# RULE 1, SECTION 27

*ritory, (c) the ball lands within the confines of the infield and rolls foul without being touched by a fielder. RULING — (a) Correct, (b) Correct, (c) False.*

**PLAY (2) —** *Bat of B1 breaks into pieces as a result of hitting a pitch. The batted ball, bounding on foul territory in direction of third base, then hits the barrel of the bat, causing the ball to roll into fair territory in front of third base. F3 fields the ball and throws it to F3 who tags first base before B1 reaches it. RULING — Foul ball, but B1 is not out for hitting ball a second time.*

**Sec. 28. FOUL TIP.** A foul tip is a batted ball which goes directly from the bat, not higher than the batter's head, to the catcher's hand(s) and is legally caught by the catcher.

**NOTE:** It is not a foul tip unless caught, and any foul tip that is caught is a strike. In fast pitch and 16'' slow pitch, the ball is in play. In slow pitch the ball is dead. It is not a catch if it is a rebound, unless the ball first touched the catcher's hand(s) or glove.

**PLAY (1) —** *Ball goes directly from bat and rebounds from protector (a) of F2 after having touched his glove, (b) of F2 without first having touched his glove, (c) of umpire after having first touched glove of F2, (d) of umpire without first having touched glove of F2. In each case the ball rebounds into glove of F2 and is held. RULING — In (a) it is a foul tip and a strike. In (b), (c), and (d) it is a foul, with ball becoming dead when it touched F2 in (b) or umpire in (c) and (d).*

**PLAY (2) —** *(FP ONLY) With R1 on second, B2 hits foul tip. May R1 advance without retouching second? Also, does it make any difference if the catcher drops the batted ball? RULING — A foul tip is the same as any strike; hence, R1 may advance without retouching. If batted ball is not caught, it is not a foul tip and is ruled a foul ball, in which case no runner may advance.*

**Sec. 29. HELMET.** a) A helmet worn by the batter, on-deck batter, or runner shall be the type which has safety features equal to or greater than those provided by the full plastic cap with padding on the inside. The liner-type helmet does not meet the rule specifications. b) JO slowpitch catchers must wear an approved batter's helmet with ear flaps, or the catcher's helmet and mask.

**Sec. 30. HOME TEAM.** The home team is the team on whose grounds the game is played. If the game is played on neutral ground, the home team shall be designated by mutual agreement or by a flip of a coin.

**Sec. 31. ILLEGAL BAT.** An illegal bat is one that does not meet the requirements of Rule 3, Sec. 1.

**PLAY —** *B1 hits a double to centerfield. Umpire notices bat has been tampered with, i.e., baseball bat honed down to softball size. RULING — Dead ball, and B1 is called out. Remove illegal piece of equipment from the game. This is an illegal bat.*

# RULE 1, SECTION 32

**Sec. 32. ILLEGALLY BATTED BALL.** An illegally batted ball occurs when:

- a. A batter's entire foot is completely outside the lines of the batter's box and on the ground when he hits a ball fair or foul.
- b. Any part of the batter's foot is touching home plate when he hits the ball fair or foul.
- c. The batter hits the ball with an illegal bat.

**PLAY (1) —** *Batter hits a pitched ball while his entire foot is completely out of batter's box, in contact with the ground, and the ball goes directly into the stands behind home plate. RULING — Ball is dead. Batter is declared out.*

**PLAY (2) —** *F1 delivers ball to B1. B1 has one foot touching home plate as he swings and completely misses pitch. RULING — A strike is called. This is not an illegally batted ball. The ball must be hit (fair or foul) to enforce the illegally batted ball rule.*

**Sec. 33. ILLEGALLY CAUGHT BALL.** An illegally caught ball occurs when a fielder catches a batted or thrown ball with his cap, helmet, mask, protector, pocket, detached glove, or any part of his uniform that is detached from its proper place.

**PLAY —** REFER TO RULE 1, Sec. 12.

**Sec. 34 ILLEGAL PITCHER.** A player legally in the game, but one who may not pitch as a result of: (a) a pitcher who has been removed from the pitching position by the umpire as a result of two charged conferences in one inning, or (b) (SP ONLY) a pitcher who has been removed from the pitching position by the umpire as a result of pitching with excessive speed after a warning. **PENALTY:** If an illegal pitcher returns to the pitching position and has thrown one pitch, he is ejected from the game.

**Sec. 35. ILLEGAL PLAYER.** A player who has entered the game without reporting. When brought to the plate umpire's attention by the offended team after the first legal or illegal pitch, and before the team in violation informs the umpire, the use of an illegal player is removal of that player from the game and declared ineligible.

**Sec. 36. INELIGIBLE PLAYER.** A player who may no longer legally participate in the game because he has been removed by the umpire. An ineligible player may no longer participate as a player. The use of an ineligible player will constitute a forfeit.

**Sec. 37. IN FLIGHT.** *In flight* is the term used for any batted, thrown, or pitched ball which has not yet touched the ground or some object or person other than a fielder.

**Sec. 38. IN JEOPARDY.** *In jeopardy* is a term indicating that the ball is in play and an offensive player may be put out.

**Sec. 39. INFIELD.** The infield is that portion of the field in fair territory which includes areas normally covered by infielders.

**Sec. 40. INFIELD FLY.** An infield fly is a fair fly ball (not including a line drive or an attempted bunt) which can be caught by an infielder with ordinary effort when first and second bases or first, second, and third bases are occupied before two are out. The pitcher, catcher, and any outfielder who positions himself in the infield on the play shall be considered infielders for the purpose of this rule.

# RULE 1, SECTION 40

**NOTE:** When it seems apparent that a batted ball will be an infield fly, the umpire shall immediately declare, "INFIELD FLY. THE BATTER IS OUT," for the benefit of the runners. If the ball is near a foul line, the umpire shall declare, "INFIELD FLY. THE BATTER IS OUT IF FAIR."

The ball is alive, and runners may advance at the risk of the ball being caught or retouch and advance after the ball is touched, the same as on any fly ball. If the hit becomes a foul ball, it is treated the same as any foul.

If a declared infield fly is allowed to fall untouched to the ground and bounces foul before passing first or third base, it is a foul ball. If a declared infield fly falls untouched to the ground outside the foul lines and bounces fair before passing first or third base, it is an infield fly.

**PLAY (1) —** *R1 and R2 are on second and first bases respectively with none out. B3 hits a high pop foul between home and first base which F3 loses sight of in the sun. The infield fly is declared by the umpire(s). Ball lands on foul ground without being touched and rolls into fair territory halfway between home and first base. F1 picks up ball and throws to F4 covering first, who touches R2 with ball while runner R2 is off base. RULING — Infield fly. B3 and R2 are both out.*

**PLAY (2) —** *R1 and R2 are on second and first bases respectively with one out. B3 hits a high fly ball which, in the judgement of the umpire, may be handled by the second baseman with reasonable effort. The infield fly rule is declared by the umpire. The second baseman intentionally drops the fly ball. Seeing the ball dropped, R1 runs to third base but is thrown out. RULING — B3 is out on the infield fly. The ball remains alive. R1 is also out since the infield fly takes precedence over the "intentionally dropped fly ball."*

**Sec. 41. INNING.** An inning is that portion of a game within which the teams alternate on offense and defense, and in which there are three outs for each team. A new inning begins immediately after the final out of the previous inning.

**Sec. 42. INTERFERENCE.** Interference is the act of an offensive player or team member which impedes or confuses a defensive player attempting to execute a play.

**Sec. 43. JUNIOR OLYMPIC PLAYER.** Any player 18 years and under who has not reached the 19th birthday prior to September 1. **NOTE:** If one or more J.O. Player(s) play on an adult team, it is considered playing in an adult league and adult rules will be in effect.

**Sec. 44. LEGAL TOUCH.** A legal touch occurs when a baserunner or batter-runner who is not touching a base is touched by the ball while it is securely held in a fielder's hand(s). The ball is not considered as having been securely held if it is juggled or dropped by the fielder after having touched the runner, unless the runner deliberately knocks the ball from the hand(s) of the fielder. It is sufficient for the runner to be touched with the glove or hand(s) holding the ball.

# RULE 1, SECTION 44

**PLAY (1)** -- *B1 hits ground ball to first baseman who gathers in the ball, runs over to the first baseline, tags the runner, then juggles, bobbles, and drops the ball. RULING -- Illegal touch. Runner is safe.*

**PLAY (2)** -- *The catcher has the ball in his glove when he tags runner with the glove. Ball does not come into contact with the runner. RULING -- Touching with the glove or hand(s) holding the ball is the same as touching with the ball. The runner is out.*

**PLAY (3)** -- *While lying on the ground with ball in right hand, the first baseman tags first base with left hand prior to batter-runner reaching first base. RULING -- Batter-runner is out. Legal touch.*

**Sec. 45. LEGALLY CAUGHT BALL.** A legally caught ball occurs when a fielder catches a batted, pitched, or thrown ball, provided it is not caught in the fielder's cap, helmet, mask, protector, pocket, detached glove, or any part of his uniform that is detached from its proper place on his person. It must be caught and firmly held with a hand or hands. A player may not be contacting anything in a dead ball area at the time of the catch.

**Sec. 46. LINE DRIVE.** A line drive is a fly ball that is batted sharply and directly into the playing field.

**Sec. 47. OBSTRUCTION.** Obstruction is the act of:

- A defensive player or team member which hinders or prevents a batter from striking or hitting a pitched ball.
- A fielder, (1) not in possession of the ball, (2) not in the act of fielding a batted ball, or (3) not about to receive a thrown ball which impedes the progress of a baserunner or batter-runner who is legally running bases

**Sec. 48. OFFENSIVE TEAM.** The offensive team is the team at bat.

**Sec. 49. ON-DECK BATTER.** The on-deck batter is the offensive player whose name follows the name of the batter in the batting order. He shall take a position within the lines of the on-deck circle nearest his bench. (Refer to Rule 7, Sec. 13.)

**Sec. 50. OUTFIELD.** The outfield is that portion of the field which is outside the diamond formed by the baselines, or the area not normally covered by an infielder, and within the foul lines beyond first and third bases and boundaries of the grounds

**Sec. 51. OVERSLIDE.** An overslide is the act of an offensive player when, as a runner, he overslides a base he is attempting to reach. It is usually caused when his momentum causes him to lose contact with the base, which then causes him to be in jeopardy. The batter-runner may overslide first base without being in jeopardy.

**PLAY** *A runner overslides first base (a) during advance from home plate or (b) on return to first base after attempt to advance to second base. In either case he is tagged with ball while off base. RULING -- (a) Safe, (b) Out*

**Sec. 52. OVERTHROW.** An overthrow occurs when a thrown ball from a fielder goes beyond the boundary lines of the playing field (dead ball territory) or becomes a **BLOCKED BALL.** (Rule 1, Sec. 10)

# RULE 1, SECTION 53

**Sec. 53. PASSED BALL. (FP ONLY)** A passed ball is a legally delivered ball that should have been held or controlled by the catcher with ordinary effort.

**Sec. 54. PIVOT FOOT. (FP ONLY)** The pivot foot is that foot which must remain in contact with the pitcher's plate. Pushing off with the pivot foot from a place other than the pitcher's plate is illegal.

(SP ONLY) The pivot foot is that foot which the pitcher must keep in constant contact with the pitcher's plate until the ball is released.

**NOTE:** (16" Slow Pitch) After a hesitation, the pivot foot may be removed during a pickoff situation but must be replaced in contact with the pitcher's plate before the pitch is released.

**Sec. 55. PLAY BALL.** *Play ball* is the term used by the plate umpire to indicate that play shall begin or be resumed when the pitcher has the ball in his possession and is within 8 feet (2.44 m) of the pitcher's plate. All defensive players except the catcher, who must be in his box, must be anywhere on fair ground to put the ball into play.

**NOTE:** (FP ONLY) See Rule 6, Sec. 7 for penalty.

**Sec. 56. QUICK RETURN PITCH.** A quick return pitch is one made by the pitcher with the obvious attempt to catch the batter off balance. This would be before the batter takes his desired position in the batter's box or while he is still off balance as a result of the previous pitch.

**Sec. 57. RUNNER.** The term *runner* means "batter runner" or "baserunner."

**Sec. 58. SACRIFICE FLY.** A sacrifice fly is scored when, with fewer than two outs, a) the batter scores a runner with a fly ball or line drive that is caught; or b) the batter scores a runner with a fly ball or line drive that is dropped by an outfielder (or an infielder running in to the outfield), and, in the scorer's judgement, the runner could have scored after the catch had the fly ball or line drive been caught.

**Sec. 59. STARTING PITCHER.** The player listed as a pitcher on the lineup card or official scorebook.

**Sec. 60. STEALING. (FP ONLY)** Stealing is the act of a baserunner attempting to advance during a pitch to the batter.

**Sec. 61. STRIKE ZONE. (FP ONLY)** The strike zone is that space over any part of home plate between the batter's arm pits and the top of his knees when he assumes a natural batting stance.

(SP ONLY) The strike zone is that space over any part of home plate between the batter's back shoulder and his knees when he assumes a natural batting stance.

**Sec. 62. TIME.** *Time* is the term used by the umpire to order the suspension of play.

**Sec. 63. TRIPLE PLAY.** A triple play is a continuous action play by the defense on which three offensive players are put out.

**Sec. 64. TURN AT BAT.** A turn at bat begins when a player first enters the batter's box and continues until he is put out or becomes a batter-runner.

# RULE 1, SECTION 65

**Sec. 65. WILD PITCH. (FP ONLY)** A wild pitch is a legally delivered ball so high, so low, or so wide of the plate that the catcher cannot catch or stop and control it with ordinary effort.

## RULE 2. THE PLAYING FIELD

(Refer to Drawing Showing Official Dimensions of Softball Diamond)

**Sec. 1. THE PLAYING FIELD IS THE AREA WITHIN WHICH THE BALL MAY BE LEGALLY PLAYED AND FIELDED.** The playing field shall have a clear and unobstructed area between the foul lines and within the radius of the prescribed fence distances from home plate.

**NOTE:** If the base distances or the pitching distance is found to be at the wrong dimensions during the course of the game, correct the error and continue playing the game.

**Sec. 4. FOR THE LAYOUT OF THE DIAMOND, REFER TO DRAWING SHOWING OFFICIAL DIMENSIONS OF SOFTBALL DIAMOND. THIS SECTION SERVES AS AN EXAMPLE FOR LAYING OUT A DIAMOND WITH 60-FOOT BASES AND A 46-FOOT PITCHING DISTANCE.** To determine the position of home plate, draw a line in the direction desired to lay the diamond. Drive a stake at the corner of home plate nearest the catcher. Fasten a cord to this stake and tie knots, or otherwise mark the cord, at 46 feet (14.02 m), 60 feet (18.29 m), 84 feet 10 1/4 inches (25.86 m), and at 120 feet (36.58 m).

Place the cord (without stretching) along the direction line and place a stake at the 46-foot (14.02 m) marker — this will be the front line at the middle of the pitcher's plate. Along the same line, drive a stake at the 84-foot 10 1/4 inch (25.68 m) marker. This will be the center of second base. For the 65-foot base distance, this line will be 91 feet 11 inches (28.07 m).

Place the 120-foot (36.58 m) marker at the center of second base, and taking hold of the cord at the 60-foot (18.29 m) marker, walk to the right of the direction line until the cord is taut and drive a stake at the 60-foot (18.29 m) marker. This will be the outside corner of first base, and the cord will now form the lines to first and second bases. Again, holding the cord at the 60-foot (18.29 m) marker, walk across the field and, in like manner, mark the outside corner of third base. Home plate, first base, and third base are wholly inside the diamond.

## RULE 2, SECTION 4

To check the diamond, place the home plate end of the cord at the first base stake and the 120-foot (36.58 m) marker at third base. The 60-foot (18.29 m) marker should now check at home plate and second base.

In laying out a 65-foot base path diamond, follow the same procedure with the following substitute dimensions: 65-foot (19.81 m), 130-foot (39.62 m), and 91-feet 11 inches (28.07 m).

Check all distances with a steel tape whenever possible.

- a. **THE 3-FOOT (0.91 m) LINE** is drawn parallel to and 3 feet (0.91 m) from the baseline, starting at a point halfway between home plate and first base.
- b. **THE BATTER'S ON-DECK CIRCLE** is a 5-foot (1.52 m) circle (2¼-foot [0.76 m] radius) placed adjacent to the end of players' bench or dugout area closest to home plate.
- c. **THE BATTER'S BOX**, one on each side of home plate, shall measure 3 feet (0.91 m) by 7 feet (2.13 m). The inside lines of the batter's box shall be 6 inches (15.24 cm) from home plate. The front line of the box shall be 4 feet (1.22 m) in front of a line drawn through the center of home plate. The lines are considered as being within the batter's box.
- d. **THE CATCHER'S BOX** shall be 10 feet (3.05 m) in length from the rear outside corners of the batters' boxes and shall be 8 feet 5 inches (2.57 m) wide.
- e. **EACH COACH'S BOX IS BEHIND A LINE 15 FEET (4.57 m) LONG DRAWN OUTSIDE THE DIAMOND.** The line is parallel to and 8 feet (2.44 m) from the first and third baselines, extended from the bases toward home plate.
- f. **THE PITCHER'S PLATE** shall be permanently attached to the ground at distances indicated in Rule 2, Sec. 3. (FP ONLY) There shall be a 16-foot (4.88 m) circle, 8 feet (2.44 m) in radius, drawn from the pitcher's plate. The lines drawn around the pitcher's plate are considered inside the circle.

Players are not required to wear headwear, but if worn, all headwear must be of the same type (i.e., all caps, all visors, or all headbands) and must be worn properly. Handkerchiefs do not qualify as headbands and cannot be worn around the head or neck. **NOTE:** Plastic visors are not allowed as headwear.

## RULE 3, SECTION 10

**PLAY (1)** — A female team (or slow pitch male team) has three players wearing caps, but the remaining players do not wear anything on their heads. **RULING** — Legal if the three caps are alike. All female or male slow pitch players do not have to wear caps. If caps are worn, however, they may not be mixed with headbands or visors.

**PLAY (2)** — Two female players wear caps, and the remaining players wear similar-colored headbands. **RULING** — Illegal. Either caps or headbands may be worn, but not both.

**PLAY (3)** — In co-ed play, 4 males wear caps, 1 does not, 2 females have headbands, and 3 do not. **RULING** — Illegal. It is permissible for players not to wear headbands or caps, but they may not be mixed. The rest of the uniform should be similar (i.e., all players in shorts or all in long pants, the same jerseys and leggings, etc.).

**b. PANTS/SLIDING PANTS.** All player pants shall be either all long or all short in style. Players may wear a uniform, solid-colored pair of sliding pants. It is not mandatory that all players wear sliding pants, but if more than one player wear them, they must be alike in color and style. No player may wear ragged, frayed, or slit legs on exposed sliding pants.

**c. UNDERSHIRTS.** Players may wear a uniform, solid-colored undershirt (it may be white). It is not mandatory that all players wear an undershirt if one player wears one, but those that are worn must be alike. No player may wear ragged, frayed, or slit sleeves on exposed undershirts.

**d. NUMBERS.** An Arabic number of contrasting color at least 6 inches (15.24 cm) high, must be worn on the back of all uniform shirts. No players on the same team may wear identical numbers. Deliberately wearing the helmet improperly or deliberately removing the helmet during a live ball play and seen by the umpire as a deliberate act,

# RULE 3, SECTION 10

shall cause the violator to be declared out immediately. The ball remains alive. **EXCEPTION:** Modified pitch players are not required to wear when playing offense.

**NOTE:** Calling a runner out for removing a helmet does not remove force play situations.

Pitchers and catchers may wear batting helmets. Other than pitchers and catchers, no other defensive player may wear a helmet in adult and J.O. play except for medical purposes.

**NOTE:** Catcher helmets at the present time do not have NOCSAE standards, and no stamp will be required on these helmets.

**PLAY —** *B4 hits an out-of-the-park home run and as he passes third base removes his helmet in a fast pitch game. The plate umpire calls B4 out. RULING — Although the rule reads that baserunners are to be called out if they remove the helmet intentionally, the intent of this rule is to prevent the baserunner from getting hit with a thrown ball. When the ball has been hit over the fence for a home run, no play will be made on any baserunner, until the plate umpire throws another ball into the game. Baserunners should not be called out for removing the helmet on a home-run ball that is hit out of the park.*

- f. **CASTS** Plaster or other hard substances in their final form may not be worn during the game. Any exposed metal may be considered legal if covered by soft material and taped.
- g. **JEWELRY.** Exposed jewelry, which is judged by the umpire to be dangerous, may not be worn during the game. **NOTE:** Players must be asked to remove jewelry if judged to be dangerous. If they fail to do so, the player is ejected from the game.

- d. Slow Pitch with an extra player - 11 players
- e. Male rosters shall include only male players, and female rosters shall include only female players
- f. Co-Ed - 10 players (5 male and 5 female)
- g. Co-Ed Slow Pitch with extra players - 12 players (6 male and 6 female) **NOTE:** If the FP is used in Co-Ed, 12 players must be used. It is not permissible to use 11 players because of the alternate batters
- h. A team must have the required number of players present to start or continue a game. **PENALTY:** The game is forfeited (See Rule 5, Sec. 3g(7)) **NOTE:** Players listed on the starting lineup and not available at game time may be substituted for and re-entered under the re-entry rule. The proper number of players must be in the team area at game time.

### Sec. 2. PLAYERS' POSITIONS SHALL BE DESIGNATED AS FOLLOWS:

- a. Fast Pitch - Pitcher, catcher, first baseman, second baseman, third baseman, shortstop, left fielder, center fielder, and right fielder

## RULE 4, SECTION 2

- b. **Fast Pitch with a designated player:** Same as Fast Pitch in paragraph *a* above, plus a designated player.
- c. **Slow Pitch:** Same as Fast Pitch in paragraph *a* above, plus a short fielder.
- d. **Slow Pitch with an extra player:** Same as Slow Pitch in paragraph *c* above, plus an extra player who bats.

**NOTE:** Players of the team in the field must be stationed anywhere in fair territory, except the catcher who must be in the catcher's box, and the pitcher who must be in a legal pitching position at the start of each pitch. When a pitch is delivered without all defensive players in fair territory, an illegal pitch shall be declared.

- e. Co-Ed defensive positioning shall include 2 males and 2 females in the outfield, 2 males and 2 females in the infield, and 1 male and 1 female in the pitcher-catcher positions. Once determining positions, the players must be stationed anywhere on fair ground, except the catcher as indicated in the "NOTE" above.

### Sec. 3. DESIGNATED PLAYER (FP ONLY)

- a. A designated player, referred to as a "DP," may be used for any player, provided it is made known prior to the start of the game and his name is indicated on the lineup sheet or score sheet as one of the nine hitters in the batting order. The starting DP may re-enter one time, as long as he returns to the position in the batting order that he occupied when he left the game.
- b. The starting player listed as the DP must remain in the same position in the batting order for the entire game. The DP and his substitute or replacement may never play offense at the same time.
- c. The DP may be substituted for at any time, either by a pinch-hitter, pinch-runner, or the defensive player for whom he is hitting. If the starting DP is replaced on offense by the person for whom he is hitting (number 10 on the batting order), or by a substitute, the DP is considered to have left the game, and he may re-enter one time, as long as he returns to his original position in the batting order. **NOTE:** a) If replaced by the person playing defense only, this reduces the number of players from ten to nine. If the DP does not re-enter, the game may legally end with nine players. b) If the DP re-enters, he may play offense and defense (continue with nine players), or he may bat in his original spot in the batting order, and the defensive player returns to the number 10 position and plays defense only once again. **Penalty:** Placing the defensive player only (number 10 on the batting order) into the first nine positions for someone other than the original DP is considered an illegal re-entry. The manager and the defensive player only are ejected.
- d. The DP may play defense at any position. Should the DP play defense for a player other than the one for whom he is batting, that player will continue to bat but not play defense, and is not considered to have left the game. The DP may play defense for the person for whom he is hitting (number 10 in batting order), and that person is considered to have left the game, reducing the number of players from ten to nine. The person being hit for may re-enter the game one time, either in the number 10 spot in the batting order or in the DP's position in the batting order. **NOTE:** a) If returning to the #10 position, he will again play defense only but may play any defensive position, b) If returning in the DP's position, he will play offense and defense, and there will be only nine players on the batting order.

## RULE 4, SECTION 3

**NOTE:** The name of the player for whom the DP is batting will be placed in the tenth position in the scorebook.

**PLAY (1) —** *In the fifth inning Jones comes into the game as a DP and is placed at the end of the batting order. RULING — Illegal. The DP must be announced prior to the start of the game and his name entered on the starting lineup. If one pitch is thrown to Jones, he is considered an illegal substitute for the player listed number 1 on the batting order.*

**PLAY (2) —** *At the beginning of the game, Jones is put into the lineup as a DP for Smith. In the third inning Smith is injured and has to leave the game. Jones replaces Smith as shortstop. RULING — Legal. The game may continue with nine players.*

**PLAY (3) —** *Jones begins the game at second base but does not bat. In the fourth inning he takes the place of Smith as the DP. RULING — Legal. The role of the DP is terminated until Smith (or Smith's substitute) re-enters the game.*

**PLAY (4) —** *Jones is the listed DP and is batting third. Smith, the third baseman, is listed as the DEFO. Brown, the second baseman, is batting seventh. In the third inning Jones plays defense for Brown. In the sixth inning, the manager wants Smith to bat and inserts him for Brown, the temporary DP who was batting only. RULING — Illegal. Brown was not the starting DP. Smith must bat for Jones if the manager wants him to bat. The umpire should correct this at the time of the change. If not detected at that time, the violation will be treated as an illegal substitution when brought to the attention of the umpire by the offended team after the first legal or illegal pitch. The starter can report and re-enter legally.*

### Sec. 4. EXTRA PLAYER (SP ONLY)

- An extra player, referred to as an "EP," is optional, but if one is used, it must be made known prior to the start of the game and be listed on the scoring sheet in the regular batting order. If the EP is used, he must be used the entire game. Failure to complete the game with the EP results in forfeiture of the game.
- The EP must remain in the same position in the batting order for the entire game.
- If an EP is used, all 11 must bat and any 10 may play defense. Defensive positions may be changed, but the batting order must remain the same.
- The EP may be substituted for at any time. The substitute must be a player who has not yet been in the game. The starting EP may re-enter.
- The EP is used in Co-Ed, all 12 must be, and any 10 — 5 male and 5 female — may play defense. Defensive positions may be changed as long as the following ratio is used: 2 male/2 female in the outfield, 2 male/2 female in the infield, and 1 male/1 female as pitcher/catcher. The batting order must remain the same throughout the game.
- (55 Over Only) Two extra players may be designated at any place in the batting order. The EPs may enter a game on defense at any time, but must remain in the same batting order.

**Sec. 5. RE-ENTRY** - Any of the starting players, including a DP (EP ONLY) or an EP (SP ONLY), may be withdrawn and re-entered once, provided players occupy the same batting positions whenever in the lineup.

## RULE 4, SECTION 5

**EXCEPTION:** When the defensive player bats for the DP (FP ONLY), the DP is temporarily eliminated.

**NOTE:** The original player and the substitute(s) may not be in the lineup at the same time. If a manager removes a substitute from the game and re-enters the same substitute later in the game, this is considered an illegal re-entry.

- a. Violation of the re-entry rule results in the ejection of both the manager and the illegal player when the violation is brought to the attention of the umpire by the offended team.
- b. Violation of the re-entry rule is handled as a protest which may be made anytime **DURING THE GAME**. The protest need not be made prior to the next pitch as described in Rule 11, Sec. 4; however, all play that occurred while the illegal re-entry was in the game will stand.

**NOTE:** If the re-entry violation also violates the unreported substitute ruling (Rule 4, Sec. 7a), those penalties would also be in effect.

**PLAY (1)** — *Brown replaces Carter, a starting player, in the third inning. Carter re-enters the game in the sixth inning for Green, another starting player. Carter singles, and the opponents bring to the attention of the umpire that Carter's re-entry was not reported. RULING — This is a violation of the re-entry rule since Carter did not replace his substitute. Both Carter and his manager are ejected from the game.*

**PLAY (2)** — *In the top half of the first inning with two outs, R1 on first base, B4 (Smith) is announced on the PA system. Just then the manager decides to substitute Jones for Smith. Jones strikes out. In the third inning Smith, who was announced in the first inning, pinch-hits for Jones. RULING — Legal. Members of the starting lineup may be withdrawn and re-entered one time, provided they occupy the same batting positions they held when originally in the lineup.*

**Sec. 6. A STARTING PLAYER SHALL BE OFFICIAL WHEN THE LINE-UP IS INSPECTED AND APPROVED BY THE PLATE UMPIRE AND TEAM MANAGER AT THE PRE-GAME MEETING.** The names may be entered on the official score sheet in advance of this meeting. However, in case of injury or illness, changes can be made at the pre-game meeting. A substitute may take the place of a player whose name is in his team's batting order. The following regulations govern the substitution of players:

- a. The manager or team representative of the team making the substitution shall immediately notify the plate umpire at the time a substitute enters. The plate umpire shall then report the change to the scorer prior to the next pitch. If the violation is discovered prior to a pitch being made (legal or illegal), there is no penalty, and the illegal substitute shall be declared legal.

The use of an illegal substitute or an ineligible player is handled as a protest by the offended team. All other substitutes are considered in the game as described in Rule 4, Sec. 6b. If the team manager or player in violation informs the umpire prior to the offended team's protest, there is no violation regardless of how long the player or players were illegally in the game.

62

## RULE 4, SECTION 6

The illegal substitute is considered in the game if a pitch has been made (legal or illegal).  
**OFFENSE:** (1) If the illegal player is discovered by the defense after one legal or illegal pitch has been thrown while he is at bat, and before the offensive manager, coach, or player in violation informs the umpire, he is declared ineligible, and a legal substitute assumes the ball and strike count. Any advance of baserunners while the illegal batter is at bat is legal. (2) If the illegal player is discovered by the defense after he has completed his turn at bat and prior to the next legal or illegal pitch, or before the defensive team has left the field; and before the offensive manager, coach, or player in violation informs the umpire; the illegal player is called out, is ruled ineligible, and any advance of baserunners as a result of obstruction, an error, a hit batsman (FP), a walk, or a basehit is nullified. (3) If the illegal player is discovered by the defense after he has completed his turn at bat and after the next legal or illegal pitch, or after the defensive team has left the field; and before the offensive manager, coach, or player in violation informs the umpire; the illegal player is ruled ineligible and any advance by baserunners while the illegal batter was at bat is legal. **DEFENSE:** (1) If the illegal player is discovered by the offense after he makes a play and prior to the next legal or illegal pitch, or before the defensive team has left the field; or before the defensive manager, coach, or player in violation informs the umpire; the offensive team has the option of taking the result of the play, or having the last batter rebat and assume the ball and strike count he had prior to the discovery of the illegal player, with each baserunner returning to the base at which he was prior to the play. The illegal player is ruled ineligible. (2) If the illegal player is discovered by the offense after a legal or illegal pitch to the next batter, or after the defensive manager, coach, or player in violation informs the umpire; all play(s) stand, but the illegal player is ruled ineligible.

**NOTE:** When the illegal substitute is ruled ineligible, he is removed from the game. If he is discovered participating again after his removal, the game is declared a forfeit (Rule 1, Sec. 36)

**PLAY (1)** Jones, a legal substitute, enters the game unreported in the third inning. In the fifth inning the opponents report this to the umpire. **RULING:** The player (Jones) is immediately removed and is declared ineligible. All play by or on Jones is legal. A legal substitute must be reported into the game

**PLAY (2)** Smith re enters the game unreported in the fourth inning for his substitute. After he hits the ball and reaches first base safely, it is detected by the opponents and reported to the umpire. **RULING:** Smith is called out, ruled ineligible, and a legal substitute must enter the game. If a substitute is not available, the game is forfeited

- b Substitute players will be considered in the game when reported to the plate umpire. A player will not violate the substitution rule until one legal or illegal pitch has been thrown.
- c Any player may be removed from the game during any dead ball

**NOTE:** The pitcher no longer has to pitch until the first batter facing him has completed his turn at bat, the side has been retired, or he has been removed from the game. A fast pitch pitcher returning in the same half inning will not receive warm up pitches

## RULE 4, SECTION 6

**PLAY (1)** — *Jones is the starting pitcher. In the top of the third inning, Smith bats for Jones. In the bottom of the third, Jones returns to pitch. RULING: Legal.*

**PLAY (2)** — *Pitcher Jones walks B3 and is replaced by Smith. The offense substitutes B11 for B4, and before Smith throws one pitch. (a) Jones, the starting pitcher, re-enters. (b) Brown is substituted for Smith. RULING: Legal in both situations.*

- d. A player who has been declared ineligible but has not been ejected from the game may serve as a base coach.

## RULE 5. THE GAME

**Sec. 1. THE CHOICE OF THE FIRST OR LAST BAT IN THE INNING SHALL BE DECIDED BY A TOSS OF A COIN, UNLESS OTHERWISE STATED IN THE RULES OF THE ORGANIZATION UNDER WHICH THE SCHEDULE OF GAMES IS BEING PLAYED.**

**Sec. 2. THE FITNESS OF THE GROUND FOR A GAME SHALL BE DECIDED SOLELY BY THE PLATE UMPIRE.**

**Sec. 3. A REGULATION GAME SHALL CONSIST OF SEVEN INNINGS.**

- a. A full 7 innings need not be played if the team second at bat scores more runs in 6½ innings, or before the third out in the last of the seventh inning.
- b. A game that is tie 1 at the end of seven innings shall be continued by playing additional innings; or until one side has scored more runs than the other at the end of a complete inning; or until the team second at bat has scored more runs in its half of the inning before the third out is made.
- c. A game called by the umpire shall be regulation if five or more complete innings have been played, or if the team second at bat has scored more runs in four or more innings than the other team has scored in five or more innings. The umpire is empowered to call a game at any time because of darkness, rain, fire, panic, or other causes which place the patrons or players in peril. For games called prior to five complete innings, see Sec. 3d.

**PLAY** — *At the end of the fourth inning, the score is H1 and V2. There is no score in the first half of the fifth, but in the last half H scores. (a) one run; (b) two runs. In either case the game is called because of rain with only one or two outs. RULING — In either case it is a regulation game. In (a) it is a tie game, but all records count. In (b) H is the winner.*

- d. Games that are not considered either regulation, or regulation tie games, shall be resumed at the exact point where they were stopped. (For ASA championship tournament play, see ASA Procedural Code 9.01[a])
- e. A regulation tie game shall be declared if the score is equal when the game is called at the end of five or more complete innings, or if the team second at bat has equaled the score of the first team at bat in the incomplete inning.

**PLAY** — *In the last half of the sixth inning, with R1, R2, and R3 on third, second, and first bases respectively, B4 hits a home run, tying the score 6-6. It then begins*

## RULE 5, SECTION 3

*to rain heavily and eventually forces the umpire to call the game. RULING — The game ends in a 6-6 tie.*

- f. These provisions do not apply to any acts on the part of players, coaches, managers, team representatives, or spectators which might call for forfeiture of the game. The umpire may forfeit the game if attacked physically by any team member or spectator.
- g. A forfeited game shall be declared by the umpire in favor of the team not at fault in the following cases:
  - (1) If a team fails to appear on the field or, being on the field, refuses to begin a game for which it is scheduled or assigned, or within a time set for forfeitures by the organization which the team represents.
  - (2) If one side refuses to continue to play after the game has begun, unless the game has been suspended or terminated by the umpire.

**PLAY —** *A game is called after seven complete innings of play because the manager of the visiting team no longer wishes to play. RULING — If weather permits, the game shall not be terminated. The umpire shall forfeit the game to the home team by a score of 7-0.*

- (3) If, after play has been suspended by the umpire, one side fails to resume playing within 2 minutes after play ball has been declared by the umpire.
- (4) If a team employs tactics noticeably designed to delay or to hasten the game.
- (5) If, after warning by the umpire, any one of the rules of the game is willfully violated.
- (6) If the order for the ejection of a player is not obeyed within 1 minute.
- (7) If, because of the removal or ejection of a player or players from the game by the umpire, or for any reason there are fewer than 9 (Fast Pitch), 10 (Fast Pitch with DP), 10 (Slow Pitch), 11 (Slow Pitch with EP), or 12 (Co-Ed Slow Pitch with 2 EPs) on either team.

**EXCEPTION** If a team starts the game with a DP (FP ONLY) and the defensive player bats for the DP (Rule 4, Sec. 3c), the team may continue and end the game with 9 players, or the DP may re-enter, and the team will finish with 10 players.

**PLAY —** *A team starts a game with 10 players (or 11 with EP) in slow pitch or 9 players (10 with DP) in fast pitch, but loses one player due to injury and has no substitute to replace the injured player. RULING — The game is forfeited to the opponent. A team may not continue a game with fewer than the number of players required to start the game.*

### Sec. 4. THE WINNER OF THE GAME SHALL BE THE TEAM THAT SCORES MORE RUNS IN A REGULATION GAME.

- a. The score of a called regulation game shall be the score at the end of the last complete inning, unless the team second at bat has scored an equal number of or more runs than the first team at bat in the incomplete inning. In this case the score shall be that of the incomplete inning.
- b. The score of a regulation tie game shall be the tie score when the game was terminated.
- c. The score of a forfeited game shall be 7-0 in favor of the team not at fault.

# RULE 5, SECTION 5

**Sec. 5. ONE RUN SHALL BE SCORED EACH TIME A BASERUNNER LEGALLY TOUCHES FIRST BASE, SECOND BASE, THIRD BASE, AND HOME PLATE BEFORE THE THIRD OUT OF THE INNING.**

**Sec. 6. A RUN SHALL NOT BE SCORED IF THE THIRD OUT OF THE INNING IS A RESULT OF:**

- a. The batter-runner being put out before legally touching first base.
- b. A baserunner being forced out due to the batter becoming a batter-runner.

**NOTE:** If there is no force out and a run scores prior to a baserunner being called out on a time play, the run will count.

**PLAY (1) —** *R1 is on third base, and R2 is on first base with two outs. Batter hits ground ball to F4 who chases R2 back toward first base and tags him (a) before R1 scores, (b) after R1 scores. RULING — Run does not count in (a) or (b) since the third out was a force out.*

**PLAY (2) —** *With one out and runners on second base and third base, the batter flies out for the second out. The runner on third base tags up after the catch, but the runner on second base does not. The runner on third base crosses the plate before an appeal is made at second base. RULING — The run will count as this is a time play and not a force out. If the runner crosses home plate after the appeal, the run would not count.*

- c. (FP ONLY) A baserunner leaving base before the pitcher releases the ball to the batter.
- (SP ONLY) A baserunner leaving base before the pitched ball reaches home plate or before the pitched ball is batted.

**Sec. 7. NO SUCCEEDING RUNNER SHALL SCORE A RUN WHEN A PRECEDING RUNNER HAS BEEN DECLARED THE THIRD OUT OF AN INNING.**

**PLAY (1) —** *One out, R1 on third base, and R2 on second base. Batter hits a fly ball which is caught by F7. R1 tags up and leaves his base before the fly ball is touched by F7. R2 scores after tagging up and legally leaving his base. Appeal is made at third base, and umpire declares R1 out. RULING — Three outs, no runs score.*

**PLAY (2) —** *Two outs, R1 on third base, R2 on second base, and R3 on first base. Batter hits ball over the fence for a home run. R1 fails to touch home plate, but R2, R3, and the batter-runner touch all bases in regular order, including home plate. An appeal is made on R1 at home plate. Umpire declares R1 out. RULING — No runs score.*

**Sec. 8. THERE SHALL BE ONLY ONE CHARGED CONFERENCE BETWEEN THE MANAGER AND/OR OTHER TEAM REPRESENTATIVE(S) AND THE BATTER OR BASERUNNER(S) IN AN INNING.** Umpires shall not permit any such conferences in excess of one in an inning.

**PENALTY:** Ejection of manager or coach who insists on another charged conference.

60

## RULE 5, SECTION 9

**Sec. 9. HOME RUN CLASSIFICATION (SP ONLY).** A limit of over-the-fence home runs will be used in all men's and co-ed slow pitch divisions. All balls hit over the fence by a team in excess of the following limitations per game will be ruled on as shown:

**Super Classification — Unlimited.**

**Major Classification — Twelve (12).** The batter is ruled out for any in excess.

**Class A Classification — Six (6).** The batter is ruled out for any in excess. (Includes Major Industrial).

**Class B Classification — Three (3).** The batter is ruled out for any in excess. (Includes Major Church, Class A Industrial, Major co-ed, and all masters classification).

**Class C Classification — One (1).** The batter is ruled out for any in excess. (Includes Class A Church and Class A co-ed).

**Class D Classification — None (0).** The batter is ruled out for the first in excess and each subsequent player hitting a home run is declared ineligible and removed from the game.

**NOTE:** Any fly ball touched by a defensive player which then goes over the fence in fair territory, should be declared a four-base award and shall not be included in the total of over-the-fence home runs.

**PLAY (1) —** *Bases loaded with two outs. Class A slow pitch tournament with a six (6) home run limit. Team A has hit five, and batter B4 hits a home run out of the ball park. He deliberately misses 2B, and after all runs have scored, Team B appeals B4 for missing 2B. The umpire calls B4 out. Does the home run count towards the six home run limit? RULING: Yes. Whether the runner B4 intentionally or unintentionally missed 2B, the home run would count. Anytime a run scores the home run will count. If the runner B4 missed 1B, the home run would not count if the appealed out was the third of the inning.*

**PLAY (2) —** *Runner R1 on 2B with one out. Class A slow pitch tournament with six (6) home run limitation. Team A has hit five, and batter B4 hits a long fly ball to F8 in centerfield. F8 catches the ball and throws it over the fence so that team A will have reached the six home run limit. RULING: This would be a legal catch, and if fewer than two outs and other runners on base, the umpires should award all runners two bases for intentionally thrown ball which goes out of play. It would not count toward the home run limit.*

**PLAY (3) —** *A class 'A' church slow pitch team hits its second home run of the ball game, and the umpire rules the batter out. RULING: Correct call. Class 'A' church and co-ed must adhere to the class 'C' limitation of one home run per game.*

# RULE 6, SECTION 1

## RULE 6. PITCHING REGULATIONS (Fast Pitch)

**Sec. 1. PRELIMINARIES.** Before starting the delivery (pitch), the pitcher shall comply with the following:

a. **(MALE ADULT AND JO BOYS ONLY)** He shall take a position with his pivot foot on the pitcher's plate and his non-pivot foot on or behind the pitcher's plate. **(FEMALE ADULT AND JO GIRLS ONLY)** She shall take a position with both feet in contact with the pitcher's plate. **(ALL)** Both feet must be on the ground within the 24-inch length of the pitcher's plate. The shoulders shall be in line with first and third bases. The hands shall be separated. The ball may be in the glove or pitching hand.

b. While in the position described in a above, he shall take the signal from the catcher.

**PLAY —** Pitcher takes a signal while standing within 8 feet of the pitcher's plate but not on the plate. He then assumes legal pitching position for 1 second and pitches the ball. **RULING —** Illegal pitch. The pitcher must take the signal while legally in contact with the pitcher's plate.

c. After completing b above, the pitcher shall hold the ball in both hands for not less than one (1) second and not more than ten (10) seconds before releasing it. **(MALE ADULT AND JO BOYS ONLY)** If the pitcher decides to pitch with the non-pivot foot to the rear and off the pitching plate, the backward step may be taken before, simultaneous, or after the hands are brought together. The pivot foot must remain in contact with the pitching plate at all times prior to the forward step. **(FEMALE ADULT AND JO GIRLS ONLY)** Both feet must remain in contact with the pitching plate at all times prior to the forward step.

**PLAY (1) —** After taking the signal, the pitcher starts the motion and touches fingers to the glove, but does not stop the movement while performing a windmill delivery. **RULING —** An illegal pitch should be called. The pitcher must bring the two hands together somewhere in front of the body.

**PLAY (2) —** The pitcher stands with two feet on the pitching rubber and takes the signal. He then steps or slides back with the non-pivot foot (a) while his hands are separated, (b) while his hands are together. **RULING —** Legal in male, illegal in female deliveries

d. The pitcher shall not be considered in pitching position unless the catcher is in position to receive the pitch

e. The pitcher may not take the pitching position on or near the pitcher's plate without having the ball in his possession

**NOTE:** To indicate to the pitcher that he may not start the pitch, the umpire should raise one hand with the palm facing the pitcher. "NO PITCH" shall be declared if the pitcher pitches while the umpire has his hand in said position

**Sec. 2. THE PITCH** starts when one hand is taken off the ball or the pitcher makes any motion that is part of his windup.

## RULE 6, SECTION 2

- a. In the act of delivering the ball, the pitcher shall not take more than one step, which must be forward, toward the batter, and simultaneous with the delivery of the ball to the batter. (*Toward the batter* is interpreted as being within the 24-inch length of the pitcher's plate.)

**PLAY —** *The pitcher stands on the right side of the pitcher's plate with both feet in legal contact. He takes a step with his non-pivot foot toward third base so that the entire foot lands to the right and outside the length of the pitcher's plate. RULING — Illegal Pitch.*

- b. Pushing off with the pivot foot from a place other than the pitcher's plate is illegal.  
c. **(FEMALE ADULT AND JO GIRLS ONLY)** The pivot foot may remain in contact or push off and drag away from the pitching plate prior to the front foot touching the ground, as long as the pivot foot remains in contact with the ground.

**NOTE:** It is not a step if the pitcher slides his foot across the pitcher's plate, provided contact is maintained with the plate. Raising the foot off the pitching plate and returning it to the plate creates a rocking motion and is an illegal act.

**PLAY —** *The pitcher stands with the non-pivot foot to the rear of the pitching plate but within the 24-inch length of the plate. He raises both arms high above his head stretching and in so doing, he pulls his pivot foot off the plate. RULING: Illegal Pitch. The pivot foot must remain in contact with the pitching plate until he pushes off during the delivery.*

### Sec. 3. A LEGAL DELIVERY SHALL BE A BALL WHICH IS DELIVERED TO THE BATTER WITH AN UNDERHANDED MOTION.

- a. The release of the ball and follow-through of the hand and wrist must be forward and past the straight line of the body.  
b. The hand shall be below the hip, and the wrist not farther from the body than the elbow.  
c. The pitch is completed with a step toward the batter.  
d. The catcher must remain within the lines of the catcher's box when the pitch is released.

**PLAY** *A pitch is delivered with the catcher outside the boundaries of the catcher's box. RULING — Illegal Pitch*

- e. The catcher shall return the ball directly to the pitcher after each pitch, except after a strikeout or a putout made by the catcher.

**EXCEPTION** Sec. 3e does not apply when (a) a batter becomes a batter-runner, (b) there are runners on base, or (c) a foul ball is fielded close to the foul line by the catcher who throws to any base for a possible out.

**PLAY** *Bases are empty, and the batter has a count of no balls and one strike. On the next pitch the batter hits a foul ball which the catcher retrieves and throws to the third baseman. RULING — A ball is awarded to the batter, and the count becomes one ball and two strikes.*

- f. The pitcher has twenty (20) seconds to release the next pitch after receiving the ball, or after the umpire indicates "play ball."

### Sec. 4. THE PITCHER MAY USE ANY WINDUP DESIRED, PROVIDED:

- a. He does not make any motion to pitch without immediately delivering the ball to the batter.

## RULE 6, SECTION 4

- b. He does not use a rocker action in which, after having the ball in both hands in the pitching position, he removes one hand from the ball, takes a backward and forward swing, and returns the ball to both hands in front of the body.
- c. He does not use a windup in which there is a stop or reversal of the forward motion.
- d. He does not make two revolutions of the arm on the windmill pitch. A pitcher may drop his arm to the side and to the rear before starting the windmill motion.
- e. He does not continue to wind up after taking the forward step which is simultaneous with the release of the ball.

**Sec. 5. WHILE IN THE PITCHING POSITION, THE PITCHER SHALL NOT DELIBERATELY DROP, ROLL, OR BOUNCE THE BALL IN ORDER TO PREVENT THE BATTER FROM STRIKING IT.** A pitchout for the purpose of intentionally walking a batter is not considered an illegal pitch. (Refer to note following Rule 8, Sec. 2c.)

**Sec. 6. THE PITCHER SHALL NOT, AT ANY TIME DURING THE GAME, BE ALLOWED TO USE TAPE OR ANY OTHER FOREIGN SUBSTANCE(S) UPON THE BALL, THE PITCHING HAND, OR THE FINGERS; NOR SHALL ANY OTHER PLAYER APPLY ANY FOREIGN SUBSTANCE(S) TO THE BALL.** Under the supervision and control of the umpire, powdered resin may be used to dry the hands. The pitcher shall not wear a sweatband, bracelet, or similar-type item on the wrist or forearm of the pitching arm.

**PLAY —** *Pitcher with tape on pitching hand. RULING -- Illegal. Must remove tape or be replaced.*

**Sec. 7. THE PITCHER SHALL NOT DELIVER A PITCH** unless all defensive players, except the catcher who must be in the catcher's box, are positioned in fair territory.

**NOTE:** It is an illegal pitch if a fielder takes a position in the batter's line of vision or, with deliberate unsportsmanlike intent, acts in a manner to distract the batter. A pitch does not have to be released. **PENALTY:** The offending player shall be ejected from the game, and an illegal pitch shall be declared.

**Sec. 8. THE PITCHER SHALL NOT THROW TO A BASE DURING A LIVE BALL WHILE HIS FOOT IS IN CONTACT WITH THE PITCHER'S PLATE AFTER HE HAS TAKEN THE PITCHING POSITION.**

**EFFECT —** Sec. 8 Illegal pitch, the ball is dead, a ball is called on the batter, and all runners advance one base. If the throw from the pitcher's plate occurs during a live ball appeal play, the appeal is cancelled.

**NOTE:** The pitcher may remove himself from the pitching position by stepping backwards off the pitcher's plate. Stepping forward or sideways constitutes an illegal pitch.

**EFFECT —** Secs. 1-8. Any infraction of Secs. 1-8 is an illegal pitch, with the exception of Sec. 3e which is covered separately. The ball is dead. A ball is called on the batter. Baserunners are entitled to advance one base without liability to be put out. **NOTE:** If an illegal pitch hits the batter, the batter is awarded first base and all runners are awarded one base.

**EXCEPTION —** If the pitcher completes the delivery of the ball to the batter, and if the batter hits

# RULE 6, SECTION 8

the ball and reaches first base safely; and if all baserunners advance at least one base on the action resulting from the batted ball; the play stands, and the illegal pitch is nullified.

**NOTE:** An illegal pitch shall be called immediately when it becomes illegal. If called by the plate umpire, it shall be called in a voice so that the catcher and the batter will hear it. The plate umpire will also give the delayed dead ball signal. If called by the base umpire, it shall be called so that the nearest fielder shall hear it. The base umpire shall also give the delayed dead ball signal. Failure of players to hear the call shall not void it.

**Sec. 9. AT THE BEGINNING OF EACH HALF INNING, OR WHEN A PITCHER RELIEVES ANOTHER, NOT MORE THAN 1 MINUTE MAY BE USED TO DELIVER NOT MORE THAN FIVE PITCHES TO THE CATCHER OR OTHER TEAMMATE.** Play shall be suspended during this time. For excessive warm-up pitches, a pitcher shall be penalized by awarding a ball to the batter for each pitch in excess of five.

**PLAY —** *S1 replaces F1. How many throws are permitted for his warm-up? RULING — Five. The umpire is authorized to allow more throws, however, when the weather is inclement or when F1 is removed because of an injury and S1 did not have time to warm up before entering. If F1 returns to pitch in the same inning no additional warm-up pitches are allowed.*

## **Sec. 10. NO PITCH SHALL BE DECLARED WHEN:**

- The pitcher pitches during the suspension of play.
- The pitcher attempts a quick return of the ball before the batter has taken his position or when the batter is off balance as a result of a previous pitch.
- A runner is called out for leaving a base prior to the pitcher releasing the pitch.
- The pitcher pitches before a baserunner has retouched his base after a foul ball has been declared and the ball is dead.

**EFFECT —** Sec. 10a-d: The ball is dead, and all subsequent action on that pitch is cancelled.

- NO PLAYER, MANAGER, OR COACH SHALL CALL TIME, EMPLOY ANY OTHER WORD OR PHRASE, OR COMMIT ANY ACT WHILE THE BALL IS ALIVE AND IN PLAY FOR THE OBVIOUS PURPOSE OF TRYING TO MAKE THE PITCHER COMMIT AN ILLEGAL PITCH.**

## **Sec. 2. EACH PLAYER OF THE SIDE AT BAT SHALL BECOME A BATTER IN THE ORDER IN WHICH HIS NAME APPEARS ON THE LINEUP CARD.**

- a. The batting order of each team must be on the lineup card and must be delivered before the game by the manager or captain to the plate umpire. The plate umpire shall submit it to the inspection of the manager or captain of the opposing team.
- b. The batting order delivered to the umpire must be followed throughout the game, unless a player is replaced by a substitute. When this occurs, the substitute must take the place of the removed player in the batting order.
- c. The first batter in each inning shall be the batter whose name follows that of the last player who completed a turn at bat in the preceding inning.

**EFFECT —** Sec. 2h-c: Batting out of order is an appeal play which may be made by the manager, player, or coach of the defensive team only. The defensive team forfeits its right to appeal batting out of order when one legal or illegal pitch has been made to the following batter, or when the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area.

**NOTE:** The offensive team may correct a wrong batter at the plate with no penalty.

- (1) If the error is discovered while the incorrect batter is at bat, the correct batter may take his place and legally assume any balls and strikes. Any runs scored or bases run while the incorrect batter was at bat shall be legal.

## RULE 7, SECTION 2

- (2) If the error is discovered after the incorrect batter has completed his turn at bat and before a legal or illegal pitch has been made to the following batter, or before the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area, the player who should have batted is out. Any advance or score made because of a ball batted by the improper batter or because of the improper batter's advance to first base as a result of obstruction, an error, a hit batsman, a walk, a dropped third strike, or a basehit shall be nullified. The next batter is the player whose name follows that of the player called out for failing to bat. If the batter declared out under these circumstances is the third out, the correct batter in the next inning shall be the player who would have come to bat had the player been put out by ordinary play.
- (3) If the error is discovered after the first legal or illegal pitch to the next batter, or after the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area, the turn at bat of the incorrect batter is legal, all runs scored and bases run are legal, and the next batter in order shall be the one whose name follows that of the incorrect batter. No one is called out for failure to bat. Players who have not batted and who have not been called out have lost their turn at bat until reached again in the regular order.
- (4) No baserunner shall be removed from the base he is occupying (Except the batter-baserunner who has been taken off the base by the umpire as in (2) above to bat in his proper place). He merely misses his turn at bat with no penalty. The batter following him in the batting order becomes the legal batter.

*PLAY* With R1 on first. B7 is next on the batting list, but B8 erroneously takes his place. The error is discovered by opposing team personnel and reported to the umpire or official scorekeeper (a) after B8 has received two strikes, (b) after B8 has received a base on balls, (c) after B8 has hit a foul which is caught or has made a safe hit to advance R1, (d) after R1 is forced out at 2B and B8 is on first base (e) after a pitch has been delivered to B9. **RULING** -- In (a) B8 is replaced by B7 who assumes the no ball, two strike count. Any advancement by R1 on first is legal. In (b) and (c) B7 is out. B8 is removed from base and bats again with no balls or strikes. R1 must return to first. In (d) B7 is out, R1 is returned to first, B8 is removed from first, and B8 bats again with no balls and strikes. In (e) no correction is made and B7 and B8 do not bat again until their regular turn.

- d. When the third out in an inning is made before the batter has completed his turn at bat, he shall be the first batter in the next inning, and the ball and strike count on him shall be cancelled.
- e. The batting order for co-ed softball shall alternate the sexes. There are no exceptions to this rule.

*PLAY* (1) In a co-ed game, Team A uses six male and four female players for the first three innings. It is detected by the umpire in the fourth inning. **RULING** This is a violation of Rule 4, Sec. 6e, and the game is forfeited.

*PLAY* (2) In a co-ed game, Team B lists a male player, B8, following another male player B7 in the lineup and the scorebook. Prior to B8 batting his first time,

## RULE 7, SECTION 2

and immediately after B7 bats the first time, the umpire notices the error in the batting order. **RULING:** Since the actual infraction has not occurred, the umpire should replace B8 with B9 (a female player) and continue the game.

**PLAY (3) —** Team starts the game with six male and six female players, all positioned correctly on defense. After substitutions in the fifth inning, (a) the team plays with six males and four females in the field. No one from either team notices. (b) Two males batted back to back, and after one pitch to the second male batter, the opposing team notifies the umpire of the improper batter. **RULING:** In (a) there is no penalty. Correct the situation by using the proper number of players and continue to play. In (b) this is considered an illegal re-entry, and the manager as well as the player listed incorrectly on the batting order are ejected from the game.

**PLAY (4) —** In a co-ed game, female #4 bats out of order for female #2 and singles. Male #3 has a count of one ball when the defensive team protests that male #3 is batting out of order. **RULING —** As soon as one pitch was thrown to male #3, everything female #4 did was legal. Bring male #5 to bat as the proper batter and he will assume the one ball count. Female #2 and male #3 will not bat again until their turn reappears in the batting order.

### **Sec. 3. THE BATTER SHALL NOT HINDER THE CATCHER FROM FIELDING OR THROWING THE BALL BY STEPPING OUT OF THE BATTER'S BOX, OR INTENTIONALLY HINDER THE CATCHER WHILE STANDING WITHIN THE BATTER'S BOX.**

**EFFECT —** Sec. 3 The ball is dead, the batter is out, and each baserunner must return to the last base that, in the judgement of the umpire, was touched at the time of the interference.

**PLAY —** (FP ONLY) With R1 going to third, B4 steps across home plate to hinder F2 who is fielding the ball or throwing to third. **RULING —** The batter is declared out. The ball becomes dead immediately, and R1 must return to the base occupied at the time of the pitch.

### **Sec. 4. MEMBERS OF THE TEAM AT BAT SHALL NOT INTERFERE WITH A PLAYER ATTEMPTING TO FIELD A FOUL FLY BALL.**

**EFFECT —** Sec. 4 The ball is dead, the batter is out, and each baserunner must return to the base legally held at the time of the pitch.

**Sec. 5. THE BATTER SHALL NOT HIT A FAIR BALL WITH THE BAT A SECOND TIME IN FAIR TERRITORY. EXCEPTION —** If the batter is standing in the batter's box, a foul ball is ruled even if the ball is hit a second time over fair territory.

**NOTE:** If the batter drops the bat and the ball rolls against the bat in fair territory, and, in the umpire's judgement, there was no intention to interfere with the course of the ball, the batter is not out, and the ball is alive and in play.

**EFFECT —** Sec. 5 The ball is dead, the batter is out, and baserunners may not advance.

### **Sec. 6. A STRIKE IS CALLED BY THE UMPIRE:**

a. (FP ONLY) For each legally pitched ball entering the strike zone before touching the ground and at which the batter does not swing.

## RULE 7, SECTION 6

**EFFECT** – Sec. 6a: (FP ONLY) The ball is in play, and the baserunners may advance with liability to be put out.

(SP ONLY) For each legally pitched ball entering the strike zone before touching the ground or plate and at which the batter does not swing. It is not a strike if the pitched ball touches home plate and then is swung at by the batter. *Any pitched ball that hits the ground or plate cannot be legally swung at by the batter.* NOTE: If the batter swings and misses the pitch prior to the ball hitting the ground or plate, it is a strike.

**EFFECT** – Sec. 6a: (SP ONLY) The ball is dead. (EXCEPTION 16: SP: The ball remains alive, and interference could be involved.)

**PLAY** – (16: SP) *Runner on 1B breaks for 2B during the pitch to the plate on a hit and run situation. The pitcher has thrown the pitch short of the plate, and it bounces off the ground towards the catcher. The batter, seeing his runner in trouble, swings at the pitch and basehits into the outfield. The runner from 1B scores, and the batter-runner stops at 2B. RULING: The batter is out for interference, and the runner returns to 1B.*

b (FP ONLY) For each legally pitched ball struck at and missed by the batter.

**EFFECT** – Sec. 6b: (FP ONLY) The ball is in play, and the baserunners may advance with liability to be put out.

(SP ONLY) For each pitched ball struck at and missed by the batter.

**EFFECT** – Sec. 6b: (SP ONLY) The ball is dead

c For each foul tip held by the catcher.

**EFFECT** – Sec. 6c: (FP ONLY) The ball is in play, and baserunners may advance with liability to be put out. The batter is out if it is the third strike

**EFFECT** – Sec. 6c: (SP ONLY) The batter is out if it is the third strike. The ball is dead on any strike

(16 INCH SP ONLY) For each foul tip

d (FP ONLY) For each foul ball not legally caught on the fly when the batter has fewer than two strikes

(SP ONLY) For each foul ball not legally caught, including the third strike

e For each pitched ball struck at and missed which touches any part of the batter

**PLAY** *With two strikes, B3 swings at and misses a pitch. Ball strikes his arm or person. RULING – B3 is out. Ball becomes dead.*

f When any part of the batter's person or clothing is hit with his own batted ball when he is in the batter's box and has fewer than two strikes

g When a delivered ball by the pitcher hits the batter while the ball is in the strike zone

**EFFECT** – Sec. 6d g: The ball is dead, and each baserunner must return to his base without liability to be put out

### Sec. 7. A BALL IS CALLED BY THE UMPIRE:

a (FP ONLY) For each legally pitched ball which does not enter the strike zone, or touches the ground before reaching home plate, or touches home plate, and at which the batter does not swing

**EFFECT** – Sec. 7a: (FP ONLY) The ball is in play, and baserunners are entitled to advance with liability to be put out

(SP ONLY) For each legally pitched ball which does not enter the strike zone, touches the ground before reaching home plate, or touches home plate, and at which the batter does

# RULE 7, SECTION 7

not swing. Any pitched ball that hits the ground or plate cannot be legally swung at by the batter. NOTE: If the batter swings and misses the pitch prior to the ball hitting the ground or plate, it is a strike.

**EFFECT** — Sec. 7a: (SP ONLY) The ball is dead. Baserunner may not advance. (EXCEPTION 16-INCH SP: The ball remains alive, and interference could be involved).

**PLAY** — *The pitcher throws a high arcing pitch which (a) touches ground before reaching the plate, or (b) touches the plate. In each instance the batter swings at the pitch after it hits the ground or plate. RULING: The batter has swung at a dead pitch in each situation. Ignore the strike. Had the batter hit safely, the umpire would nullify the basehit and have him rebat because he has swung at a dead pitch. In each situation a ball is awarded the batter.*

b. (FP ONLY) For each illegally pitched ball not swung at.

**EFFECT** — Sec. 7b: (FP ONLY) The ball is dead, and baserunners are entitled to advance one base without liability to be put out

(SP ONLY) For each illegally pitched ball not swung at

**EFFECT** — Sec. 7b: (SP ONLY) The ball is dead. Baserunners may not advance. EXCEPTION If the batter swings at the illegal pitch, the illegal pitch is ignored.

c. (SP ONLY) When a delivered ball by the pitcher hits the batter outside the strike zone.

d. When the catcher fails to return the ball directly to the pitcher as required in Rule 6, Sec. 3e

e. For each excessive warm-up pitch

**EFFECT** — Sec. 7c e: The ball is dead. Baserunners may not advance

## Sec. 8. A FAIR BALL IS A LEGALLY BATTED BALL, WHICH:

a. Settles or is touched on or over fair territory between home and first base or between home and third base

**PLAY** — *Batted ball first hits home plate and, without touching any foreign object, settles on fair ground between the pitcher's plate and home plate. RULING — Fair Ball*

b. Bounds or rolls past first or third base on fair territory

c. While on or over fair territory, touches the person, attached equipment, or clothing of a player or an umpire

d. Touches first, second, or third base

e. First falls or is first touched on or over fair territory beyond first, second, or third base

**EFFECT** — Sec. 8a e: The ball is in play, and baserunners are entitled to advance any number of bases with liability to be put out. The batter becomes a batter-runner unless the infield fly rule applies.

f. While over fair territory, passes out of the playing field beyond the outfield fence

g. Bounds over any part of the first or third base bag, regardless of where the ball hits after going over the bag

h. Hits the foul pole above the fence level

## Sec. 9. A FOUL BALL IS A LEGALLY BATTED BALL, WHICH:

a. Settles or is touched on or over foul territory between home and first base or between home and third base

## RULE 7, SECTION 9

- b. Bounds or rolls past first or third base on or over foul territory.
- c. While on or over foul territory, touches the person, attached equipment, or clothing of a player or umpire, or any object foreign to the natural ground and provided a fair ball declaration had not been made prior to the ball entering foul territory.
- d. First falls or is first touched on or over foul territory beyond first or third base.
- e. Touches the batter or the bat in the batter's hands while the ball and the batter are within the batter's box.
- f. Immediately rebounds up from the ground or home plate and hits the bat a second time while the batter is in the batter's box.

**EFFECT** — Sec. 9a-f.

- (1) The ball is dead unless it is a legally caught foul fly. If a foul fly is caught, the batter is out.
- (2) (FP ONLY) A strike is called on the batter unless he already has two strikes.  
(SP ONLY) A strike is called on the batter for each foul ball not legally caught, including the third strike.
- (3) Each baserunner must return to his base without liability to be put out, unless a foul fly is caught. In this case baserunners may advance with liability to be put out after the ball has been touched.

**Sec. 10. A FOUL TIP IS A BATTED BALL WHICH GOES DIRECTLY FROM THE BAT, NOT HIGHER THAN THE BATTER'S HEAD, TO THE CATCHER'S HAND(S) AND IS LEGALLY CAUGHT BY THE CATCHER.**

**NOTE:** It is not a foul tip unless caught and any foul tip that is caught is a strike. In fast pitch, modified, and 16-inch slow pitch, the ball is in play. In slow pitch the ball is dead.

**PLAY:** *A batted ball goes directly to the catcher, hitting his body or equipment no higher than the batter's head, rebounds up in the air and is caught by any fielder.* **RULING** — *A dead ball and strike on the batter.*

**EFFECT** — Sec. 10: (FP ONLY) A strike is called, the ball remains in play, and baserunners may advance with liability to be put out.

**EFFECT** — Sec. 10: (SP ONLY) A strike is called, the ball is dead.

**Sec. 11. THE BATTER IS OUT:**

- a. When the third strike is struck at, missed, and the ball touches any part of the batter's person.

**EFFECT** — The ball is dead.

- b. When a batter enters the batter's box with, or is discovered using, an altered bat. The batter is also ejected from the game.

- c. When the batter enters the batter's box with, or is discovered using, an illegal bat.

**PLAY:** *REFER TO PLAYS FOLLOWING RULE 1, SECS. 1 AND 31.*

- d. When an entire foot is touching the ground completely outside the lines of the batter's box when he hits a ball fair or foul.
- e. When any part of a foot is touching home plate when he hits a ball fair or foul.

# RULE 7, SECTION 11

- f. (FP ONLY) When a called or swinging third strike is caught by the catcher.
- g. (FP ONLY) When he has three strikes if there are fewer than two outs and first base is occupied. **NOTE: Junior Olympic 10-under any time the third strike is dropped.**
- h. (FP ONLY) When he bunts foul after the second strike. If the ball is caught in the air, it remains alive and in play.
- i. (SP ONLY) After a third strike, including an uncaught foul ball that is hit after two strikes.

**PLAY —** *With a three ball and two strike count, the batter fouls off the next pitch in (a) adult or (b) Junior Olympic play. RULING — The batter is out in both (a) and (b).*

- j. (SP ONLY) When he bunts or chops the ball downward

**PLAY —** *(SP ONLY) R1 on second. B2 chops down on a pitched ball. F1 throws out R1 advancing to third. RULING — B2 is out for chopping down on the ball. Dead ball. R1 is returned to second.*

**Sec. 12. THE BATTER-RUNNER OR BASERUNNER IS NOT OUT IF A FIELDER MAKING A PLAY ON HIM USES AN ILLEGAL GLOVE.** The manager of the offended team is given two options:

- 1) He may have the entire play nullified with each baserunner returning to his original base and the batter-runner batting over and assuming the ball and strike count he had prior to the pitch he hit, or
- 2) He may take the result of the play and disregard the illegal act

**PLAY —** *B1 hits a fly ball to F9. Umpire notices that F9 caught the ball with a first baseman's mit. RULING — Remove the illegal piece of equipment from the game. Manager of the offended team is given the option of having the entire play nullified with the batter runner batting over and assuming the ball and strike count he had prior to the pitch he hit, or taking the result of the play and disregarding the illegal catch.*

## Sec. 13. ON-DECK BATTER.

- a. The on-deck batter is the offensive player whose name follows the name of the batter in the batting order
- b. The on-deck batter shall take a position within the lines of the on-deck circle nearest his bench
- c. The on-deck batter may loosen up with no more than two official softball bats, an approved warm-up bat, or a combination of the two — not to exceed two. Any detachable piece placed on the bat must be approved by the Equipment Standards Committee following a one-year period observed by members of this Committee. **NOTE: the "Pow/RWrap" attachment has been approved beginning with the 1991 season**
- d. The on-deck batter may leave the on deck circle
  - (1) When he becomes the batter
  - (2) To direct baserunners advancing from third to home plate
- e. When the on-deck batter interferes with the defensive player's opportunity to make an out

# RULE 7, SECTION 13

on a runner, the runner closest to home plate at the time of the interference shall be declared out.

- f. The provision of Rule 7, Sec. 4, shall apply to the on-deck batter.

## RULE 8. BASERUNNING

### Sec. 1. THE BASERUNNERS MUST TOUCH BASES IN LEGAL ORDER (I.E., FIRST, SECOND, THIRD, AND HOME PLATE).

- a. When a baserunner or batter-runner must return to base(s) while the ball is in play, he must touch the base(s) in reverse order.

EFFECT -- Sec. 1a: The ball is in play, and baserunners must return with liability to be put out.

- b. When a baserunner or batter-runner acquires the right to a base by touching it before being put out, he is entitled to hold the base until he has legally touched the next base in order, or is forced to vacate it for a succeeding baserunner.

- c. When a baserunner dislodges a base from its proper position, neither he nor the succeeding runner(s) in the same series of plays are compelled to follow a base unreasonably out of position.

EFFECT -- Sec. 1b c: The ball is in play, and baserunners may advance with liability to be put out.

- d. A baserunner shall not run bases in reverse order either to confuse the fielders or to make a travesty of the game.

EFFECT -- Sec. 1d: The ball is dead, and the baserunner is out.

- e. Two baserunners may not occupy the same base simultaneously.

EFFECT -- Sec. 1e: The runner who first legally occupied the base shall be entitled to it. The other baserunner may be put out by being touched with the ball.

- f. Failure of PRECEDING runner to touch a base or to legally tag up on a caught fly ball, and who is declared out, does not affect the status of a SUCCEEDING baserunner who touches bases in proper order, however, if the failure to touch a base in regular order or to legally tag up on a caught fly ball is the third out of the inning, NO SUCCEEDING runner may score a run.

**PLAY**      *REFER TO RULE 5, SEC. 7*

- g. No runner may return to touch a missed base or one he had left too soon after a following runner has scored.

- h. When the ball becomes dead, no runner may return to touch a missed base or a base left too soon if he has advanced, touched, and remains a base beyond the missed base or the base left too soon. EXCEPTION -- Enforce Rule 8, Sec. 5j (2) if the defense intentionally throws the ball out of play to prevent the runner from returning to a base.

- i. No runner may return to touch a missed base or one he had left too soon once he enters his team's dugout or bench area.

- j. When a walk is issued, all runners must touch all bases in legal order. (See Rule 8, Sec. 7) EXCEPTION)

**PLAY**      *In the last of the seventh inning with the score tied, two outs, and bases full, B6 receives a walk to force R1 to home plate. Because B6 assumes that game is*

# RULE 8, SECTION 1

*over, he fails to go to first and leaves the field. RULING — B6 is out. Run does not count.*

- k. Bases left too soon on a caught fly ball must be retouched prior to advancing to awarded bases.
- l. Awarded bases must also be touched in proper order.

## Sec. 2. THE BATTER BECOMES A BATTER-RUNNER:

- a. As soon as he hits a fair ball.
- b. (FP ONLY) When the catcher fails to catch the third strike before the ball touches the ground when there are fewer than two outs and first base is unoccupied, or anytime there are two outs. This is called the third strike rule. (Exception 10-Under Junior Olympic: The ball is dead and the batter is out.)

**PLAY —** *B1 has two strikes. The next pitch touches the ground in front of home plate and bounces through the strike zone. B1 swings at the pitch, and F2 secures the ball in his mitt after the first bounce. B1 advances to first base while F2 holds the ball. RULING — This is the dropped third strike rule. The batter is not out, and if he beats the throw to first, he is also safe.*

**EFFECT —** See 2a-b: The ball is in play, and the batter becomes a batter-runner with liability to be put out

- c. When four balls have been called by the umpire.

**EFFECT —** See 2c (FP ONLY) The ball is in play unless it has been blocked. The batter-runner is entitled to one base without liability to be put out

**NOTE: (FP ONLY)** If the pitcher desires to walk a batter intentionally, all defensive players must be stationed anywhere in fair territory, except the catcher who must be in the catcher's box, and the pitcher who must be in a legal pitching position at the start of each pitch. If the defense does not position itself in fair territory, the umpire should call an illegal pitch when the pitch is thrown. See Rule 4, Sec. 2 NOTE and Rule 6, Sec. 7 EFFECT

**EFFECT —** See 2c (SP ONLY) The ball is dead. Baserunners may not advance unless forced. If the pitcher desires to walk a batter intentionally, he may do so by notifying the plate umpire who shall award the batter first base. If two batters are to be walked intentionally, the second intentional walk may not be administered until the first batter reaches first base. **NOTE:** The awards must be made in order, not two at one time

**EFFECT —** See 2c (Co-Ed) The ball is dead. On any walk to a male batter (intentional or not), the next batter — a female — has her choice of walking or hitting up until the first pitch

- NOTE:** Should the female batter-runner pass a male batter-runner when choosing to walk, no out shall be called during this dead ball period. A male batter-runner advancing to second without touching first base shall be called out if properly appealed

- d. When the catcher obstructs, or any other fielder interferes with or prevents him from striking at a pitched ball

## RULE 8, SECTION 2

**EFFECT — Sec. 2d:** (1) The umpire shall give a delayed dead ball signal. (2) If the batter hits the ball and reaches first base safely, and if all other runners have advanced at least one base on the batted ball, catcher obstruction is cancelled. All action as a result of the batted ball stands. No option is given. (3) If the manager does not take the result of the play, obstruction is enforced by awarding the batter first base and advancing all other runners only if forced.

**PLAY —** *R1 on first base. The catcher touches the batter's bat prior to or during the swing. Batted ball is grounded to F6 who forces R1 at second base. B2 reaches first base safely. RULING — Since R1 did not advance at least one base, obstruction is called, and the manager of the offensive team is given an option. He may take the result of the play, or he may accept the award for catcher obstruction, in which case R1 would be awarded second base, and B2 would be awarded first base.*

- e When a fair batted ball strikes the person, attached equipment, or clothing of an umpire or a baserunner on or over fair or foul ground. If the baserunner is hit with a fair batted ball while touching a base, he is not out.

**EFFECT — Sec. 2c:** If the ball hits an umpire or baserunner (a) after touching a fielder (including the pitcher) the ball is in play (Rule 8, Sec. 9e); (b) after passing a fielder other than the pitcher, and provided no other infielder had a chance to make an out, the ball is in play (Rule 8, Sec. 9d); or (c) before passing a fielder without being touched, the ball is dead. In (c), if the baserunner is hit by the ball while off base, he is out, and the batter-runner is entitled to first base without liability to be put out. Any baserunner not forced by the batter-runner must return to the base he had reached prior to the interference. When a fair ball touches a baserunner who is in contact with a base, the ball remains dead or alive depending on the position of the fielder closest to the base.

**PLAY —** *With R1 on third and R2 on first, a ball batted by B3 strikes umpire who is: (a) on fair territory behind third baseman, or (b) behind the pitcher but in front of an infielder. RULING — In (a) ball remains alive since it has passed a fielder. In (b), unless ball touches F1, it becomes dead, and each runner is sent to the base he occupied or to which he was being forced when the ball became dead (i.e., R1 remains on third, and R2 and B3 go to second and first respectively).*

- f (F.P.O.N.L.Y.) When a pitched ball not swung at or not called a strike touches any part of the batter's person or clothing while he is in the batter's box. It does not matter if the ball strikes the ground before hitting him. The batter's hands are not to be considered as part of the bat.

**EFFECT — Sec. 2f:** The ball is dead, and the batter is entitled to one base without liability to be put out, unless he made no effort to avoid being hit. In this case the plate umpire calls either a ball or a strike.

### Sec. 3. BASERUNNERS ARE ENTITLED TO ADVANCE WITH LIABILITY TO BE PUT OUT:

- (F.P.O.N.L.Y.) When the ball leaves the pitcher's hand on his delivery
- When the ball is thrown into fair or foul territory and is not blocked
- On a fair batted ball that is not blocked
- When a legally caught fly ball is first touched

## RULE 8, SECTION 3

- e. If a fair ball strikes an umpire or a baserunner after having passed an infielder other than the pitcher, and provided no other infielder had a chance to make an out; or when a fair batted ball has been touched by an infielder, including the pitcher. The ball shall be considered in play.

**EFFECT** — Sec. 3a-e: The ball is alive and in play.

### Sec. 4. A PLAYER FORFEITS HIS EXEMPTION FROM LIABILITY TO BE PUT OUT:

- a. If, while the ball is in play, he fails to touch the base to which he was entitled before attempting to make the next base. If the runner put out is the batter-runner at first base, or any other baserunner forced to advance because the batter became a batter-runner, this out is a force out.
- b. If, after overrunning first base, the batter-runner attempts to continue to second base.
- c. If, after dislodging a base, a baserunner tries to continue to the next base.
- d. (16-INCH SP ONLY) A player may lead off any base with the risk of being picked off by a throw from the pitcher or catcher. If a throw from the pitcher or catcher results in an overthrown or blocked ball, no runner may advance. Any runner advancing on a pitch not hit is liable to be put out if tagged before returning to his original base.

**PLAY** — *R1 leads off first base and advances to second on the pitch. The ball is thrown by F2 to F4 who tags R1 while R1 is standing on second base. RULING — R1 is out. He may lead off, but he must return to his base before being tagged if the ball is not hit.*

### Sec. 5. BASERUNNERS ARE ENTITLED TO ADVANCE WITHOUT LIABILITY TO BE PUT OUT:

- a. When forced to vacate a base because the batter was awarded a base on balls.
- EFFECT** — Sec. 5a: (FP ONLY) The ball remains in play unless it is blocked. Any baserunner affected is entitled to one base and may advance farther at his own risk if the ball is in play.
- EFFECT** — Sec. 5a: (SP ONLY) The ball is dead.
- b. When a fielder (1) not in possession of the ball, (2) not in the act of fielding a batted ball, or (3) not about to receive a thrown ball, impedes the progress of a baserunner or batter-runner who is legally running bases.
- EFFECT** — Sec. 5b: When any obstruction occurs (including a rundown), the umpire will signal a delayed dead ball. The ball will remain alive.
- (1) If the obstructed runner is put out prior to reaching the base he would have reached had there not been obstruction, a dead ball is called, and the obstructed runner — and each other runner affected by the obstruction — will always be awarded the base or bases he would have reached, in the umpire's judgement, had there not been obstruction. This baserunner would either be advanced or returned to the last base touched. An obstructed runner may never be called out between the two bases where he was obstructed. Should an act of interference occur following any obstruction, enforcement of the interference penalty would have precedence.
- (2) If the obstructed runner is put out after passing the base he would have reached had there not been obstruction, the obstructed runner will be called out. The ball remains alive.

## RULE 8, SECTION 5

- (3) When a runner, while advancing or returning to a base, is obstructed by a fielder who neither has the ball nor is attempting to field a batted or thrown ball, or a fielder who fakes a tag without the ball, the obstructed runner — and each other runner affected by the obstruction — will always be awarded the base or bases he would have reached, in the umpire's judgement, had there been no obstruction. If the umpire feels there is justification, a defensive player making a fake tag could be removed from the game.

**NOTE:** Obstructed runners are still required to touch all bases in proper order, or they could be called out on a proper appeal by the defensive team.

**PLAY (1)** *With R1 on third and R2 on second, R1 is caught between third and home. As R1 is attempting to regain third, F5 obstructs him. RULING — A delayed dead ball is signaled by the umpire. If R1 is tagged out, the ball is dead, obstruction is declared, and R1 awarded third. If the ball is overthrown, R1 and R2 may advance to home. If R1 is awarded third, R2 is returned to second base.*

**PLAY (2)** *The ball is hit to F9. As R1 passes first base, he is obstructed while no play is being made on him. He is thrown out by a wide margin at home plate. RULING — If, in the judgment of the umpire, R1 advanced beyond the base he would have made had he not been obstructed, he is out.*

**PLAY (3)** *R1 is on first when B2 hits a ball between the right and center fielders. In rounding second base, R1 falls after colliding with the shortstop, gets up and continues toward home plate. The relay throw from the second baseman to the catcher arrives when R1 is about five feet from the plate. R1 crashes into the fielder who is holding the ball. Because of the collision, the ball is dropped, and R1 scores. Should the umpire call R1 out? RULING: Yes. If R1 had not crashed into the catcher, he probably would have been awarded home due to the obstruction by the shortstop, however, because of the deliberate crash (interference), the obstruction is ignored and the runner will be called out under Rule 8, Section 8s.*

(4) Catcher obstruction is covered under Rule 8, Sec. 2d.

c. (F P ONLY) When a wild pitch or passed ball lodges in or goes under, over, or through the backstop

**EFFECT** — Sec. 5c. The ball is dead. All baserunners are awarded one base only. The batter is awarded first base only on the fourth ball.

d. When forced to vacate a base because the batter was awarded first base

(1) (F P ONLY) For being hit by a pitched ball

(2) For being obstructed by the catcher when striking at a pitched ball

**EFFECT** — Sec. 5d (1)-(2) The ball is dead, and each baserunner may not advance farther than the base to which he is entitled.

(3) (F P ONLY) If, with a runner on third base trying to score by means of a squeeze play or a steal, the catcher or any other fielder steps on or in front of home plate without possession of the ball, or touches the batter or his bat, the pitcher shall be charged with an illegal pitch, the batter shall be awarded first base on the ob-true-

## RULE 8, SECTION 5

tion, each other runner shall be awarded one base on the illegal pitch, and the ball is dead.

**PLAY —** *R1 is on third base. A squeeze play is in progress, but as the batter attempts to bunt the pitched ball, he is obstructed by the catcher. RULING — Illegal pitch, and obstruction is declared. R1 is awarded home plate, and batter is awarded first base.*

e. (FP ONLY) When a pitcher makes an illegal pitch.

**EFFECT —** Sec. 5e: The ball is dead, and each baserunner may advance to the base to which he is entitled without liability to be put out.

f. When a fielder contacts or catches a fair batted or thrown ball with his cap, helmet, mask, protector, pocket, detached glove, or any part of his uniform which is detached from its proper place on his person.

**EFFECT —** Sec. 5f: The baserunners would be entitled to three bases from the time of the pitch if a batted ball, or two bases from the time of the throw if a thrown ball, and in either case, they may advance farther at their own risk. If the illegal catch or touch is made on a fair hit ball which, in the judgement of the umpire, would have cleared the outfield fence in flight, the batter-runner shall be awarded a home run.

**PLAY —** *R1 is on second and R2 is on first when B3 hits ground ball to F6. F6 fields the ball, steps on second for a force on R2 advancing from first, and then throws wildly to F3. F3 tosses his mitt into the air striking the ball. The ball bounces into the dugout. RULING — R2 is out. Both R1 and B3 are awarded two bases each from their positions at the time the ball left the fielder's hand. On this play, the award for detached equipment and for an overthrown ball going out of play, are the same.*

g. When the ball is in play and is overthrown (beyond the boundary lines) or is blocked.

**EFFECT —** Sec. 5g: All runners will be awarded two bases, and the award will be governed by the positions of the runners when the ball left any fielder's hand. If two runners are between the same bases, the award is based on the position of the lead runner.

**EXCEPTION —** (1) When a fielder loses possession of the ball, such as on an attempted tag, and the ball enters the dead ball area or becomes blocked, each runner is awarded one base from the last base touched at the time the ball entered the dead ball area or became blocked.

(2) If a runner touches the next base and returns to his original base, the original base he left is considered the "last base touched" for the purpose of an overthrow award.

**PLAY (1)** *R1 and R2 are on second and first bases respectively. B3 hits the ball to F6 who muffs it, recovers it, and then throws late to F3 in an attempt to retire B3. R1 and R2 reach third and second bases respectively. R1 attempts to advance to home, thereby drawing a throw from F3 which goes into the dugout. RULING — R1 and R2 are awarded home, and B3 is awarded third.*

**PLAY (2)** *R1 on first. B2 hits ground ball to F6. F6 flips the ball to F4 for force out on R1. Relay to F3 from F4 goes into the dugout area. B2 had already passed first base before relay was made. RULING — B2 is awarded third base. Award of bases is governed by the position of each runner and the last base he has touched at the time of the throw.*

## RULE 8, SECTION 5

**PLAY (3) —** *No runners on base. B1 hits ball to F10 who throws it to F3 to force out B1. B1 is already past first base when ball is released by F10. The ball bounces past F3 and into the stands. RULING — B1 is awarded third base.*

**PLAY (4) —** *A thrown ball hits a bat or glove lying on the ground (other than the bat discarded by the batter). RULING — (1) If the bat or glove belongs to the team at bat, it is ruled interference, and the player being played on shall be declared out. The ball is dead, and all baserunners must return to the last base touched prior to the thrown ball hitting the bat or glove. (2) If the bat or glove belongs to the team in the field, it becomes a blocked ball, and the overthrow rule applies. (3) If no apparent play is obvious, no one is called out, but each runner must return to the last base touched at the time the ball hit the illegal equipment of the offensive team.*

- h. When a fair batted fly ball strikes the foul pole above fence level or leaves the playing field in fair territory without touching the ground or going through the fence. It shall entitle the batter-runner to a home run, unless it passes out of the grounds at a distance less than the prescribed fence distances from home plate (as outlined in Rule 2, Sec. 1), in which case the batter-runner would be entitled to only two bases. The batter-runner must touch the bases in regular order. The point at which the stands or fence is less than the distance listed (Rule 2, Sec. 1) from home plate shall be clearly marked for the umpire's information.

**EXCEPTION:** See the note after Rule 5, Sec. 9)

**PLAY —** *A fair batted ball touches (a) F9's glove and goes over the fence in fair territory, (b) F9's glove and goes over the fence in foul territory, (c) the top of a fence railing and goes over, (d) the top of a fence railing, bounds to F9's glove, and then goes over the fence in fair territory. RULING — A home run in (c), and a two-base hit in (b). In both (a) and (d), it is a home run in fast pitch and a four-base award in slow pitch.*

1. When a fair ball bounds or rolls over, under, or through a fence, bounds over, under or through any obstruction marking the boundaries of the playing field; is unintentionally caused to go out of play when it bounds off a defensive player; or is unintentionally caused to go out of play when it bounds off a baserunner or an umpire after having touched or been touched by a defensive player, or after having passed an infielder, excluding the pitcher, and provided no other infielder had a chance to make an out

**EFFECT —** Sec. 5: The ball is dead, and all baserunners are awarded two bases from the time of the pitch

1. (1) When a live ball is unintentionally carried by a fielder from playable territory into dead ball territory, the ball becomes dead. Each baserunner is awarded one base from the last base touched at the time fielder enters dead ball territory

**NOTE —** A fielder carrying a live ball into the dugout or team area to tag a player is considered to have unintentionally carried it there

- (2) If, in the judgement of the umpire, a fielder intentionally carries, kicks, pushes, or throws a live ball from playable territory into dead ball territory, the ball becomes dead, and each baserunner is awarded two bases from the last base touched at the time the fielder entered or the ball was kicked, pushed, or thrown into dead ball territory.

## RULE 8, SECTION 6

**NOTE:** A dead ball line is considered in play.

### Sec. 6. A BASERUNNER MUST RETURN TO HIS BASE:

- a. When a foul ball is illegally caught and so declared by the umpire.
- b. When an illegally batted ball is declared by the umpire.
- c. When a batter, batter-runner, or baserunner is called out for interference. Each other baserunner shall return to the last base which was, in the judgement of the umpire, legally touched by him at the time of the interference.
- d. (FP ONLY) When the plate umpire or his clothing interferes with the catcher's attempt to throw.

**PLAY —** *With R1 attempting to steal, umpire interferes with catcher's throw. RULING — Umpire signals delayed dead ball. If R1 is not put out, umpire declares a dead ball, and R1 must return to the base he occupied before the interference.*

- e. When any part of the batter's person or clothing is touched by a pitched ball that is swung at and missed.
- f. (FP ONLY) When a batter is hit by a pitched ball, unless forced.
- g. When a foul ball is not caught.

**EFFECT —** Sec 6a-g

- (1) The ball is dead
  - (2) Each baserunner must return to his base without liability to be put out, except when forced to go to the next base because the batter became a batter-runner
  - (3) No runs shall score unless all bases are occupied
  - (4) Baserunners need not touch the intervening bases in returning to base, but must return promptly; however, they must be allowed sufficient time to return
- h. (SP ONLY) Base stealing is not allowed  
**EFFECT** Sec 6h Each baserunner may leave his base when a pitched ball is batted, touches the ground, or reaches home plate, but must return to that base immediately after each pitch not hit by the batter. (16 INCH SP ONLY) Baserunners may lead off prior to a pitched ball
  - i. When a caught fair fly ball, including a line drive (FP and SP) or bunt (FP ONLY), which can be caught by an infielder with ordinary effort, is intentionally dropped with fewer than two outs and a runner on first base, first and second, first and third, or first, second, and third bases

**PLAY** REFER TO RULE 7, SEC 11h EFFECT

- j. (10 Under Junior Olympic Fast Pitch ONLY) Under no condition is a runner permitted to steal a base when a pitched ball is not batted. Each baserunner may leave his base when the ball leaves the pitcher's hand, but the ball is dead if not hit, and he must return to his base without liability to be put out

### Sec. 7. BATTER-RUNNER IS OUT:

- a. (FP ONLY) When the catcher drops the third strike and he is legally touched with the ball by a fielder before touching first base
- b. (FP ONLY) When the catcher drops the third strike and the ball is held on first base before the batter-runner reaches it

## RULE 8, SECTION 7

- c. When, after a fair ball is hit, he is legally touched with the ball before he touches first base.
- d. When, after a fair ball is hit, the ball is held by a fielder touching first base with the ball or any part of his person before the batter-runner touches first base.

**PLAY** -- *The first baseman has the ball in his right hand while lying on the ground. He touches first base with his left hand prior to the batter-runner reaching first base. RULING* -- *The batter-runner is out.*

- e. When, after a fly ball is hit the ball is caught by a fielder before it touches the ground or any object or person other than a defensive player.

**EFFECT** -- **Sec. 7a-e:** The ball is in play, and the batter-runner is out.

- f. When he fails to advance to first base and enters his team area after a batted fair ball, a base on balls, a hit batsman (FP ONLY), a dropped third strike (FP ONLY), or catcher obstruction

**EXCEPTION:** In slow pitch, the ball is dead on a base on balls, the batter-runner is out, and runners cannot advance

**PLAY (1)** - *Batter hits ground ball to pitcher. Pitcher hesitates in throwing ball to first base. Batter-runner, assuming he is an "easy out," enters his team area (bench, dugout, etc.) Pitcher finally throws to first base, but ball is not caught by first baseman and rolls into the dugout. Batter-runner then leaves his team area and runs to first base. RULING* -- *Batter-runner is out*

**PLAY (2)** **REFER TO RULE 8, SEC. 1)**

- g. When he runs outside the 3-foot (0.91 m) line and, in the judgement of the umpire, interferes with the fielder taking the throw at first base; however, he may run outside the 3 foot (0.91 m) line to avoid a fielder attempting to field a batted ball
- h. When he interferes with a fielder attempting to field a batted ball, interferes with a thrown ball, or (FP ONLY) interferes with a dropped third strike. If this interference, in the judgement of the umpire, is an obvious attempt to prevent a double play, the baserunner closest to home plate shall also be called out. **NOTE:** A batter-runner or baserunner being hit with a thrown ball does not necessarily constitute interference
- i. When he interferes with a play at home plate in an attempt to prevent an obvious out at home plate. The runner is also out

**PLAY** *No outs. RI on third base. Batter hits a ground ball to the first baseman and then interferes with first baseman's throw to home plate for a play on RI. RULING* -- *Batter runner and RI are both declared out*

- i. When he moves back toward home plate to avoid or delay a tag by a fielder
  - k. When he hits a fair batted ball with an altered or illegal bat
- EFFECT** -- **Sec. 7g-k:** The ball is dead, and the batter-runner is out. Each other baserunner must return to the last base legally touched at the time of or before the illegal action

**NOTE** -- In the case of an altered bat, the player is also ejected from the game

- l. Immediately when he hits an infield fly, as declared by the umpire, with runners on first and second or on first, second, and third with fewer than two outs. This is called the IN-FIELD FLY RULE.

## RULE 8, SECTION 7

**PLAY (1) —** *Umpire declares an infield fly, but ball curves to foul area. RULING — Announcement is reversed. It is not an infield fly but an ordinary foul. Batter is not out unless foul is caught. If caught, each runner must retouch his base before advancing.*

**PLAY (2) —** *REFER TO RULE 1, SEC. 40.*

m. If an infielder intentionally drops a fair ball, including a line drive (FP or SP) or a bunt (FP ONLY), which can be caught with ordinary effort with first; first and second; first and third; or first, second, and third bases occupied with fewer than two outs.

**NOTE:** A trapped ball shall not be considered as having been intentionally dropped

**EFFECT —** Sec. 11h: The ball is dead, and each baserunner must return to the last base touched at the time of the pitch.

**PLAY —** *With one out and R1 on first, B3 hits a fly ball. F4 guides the ball into his hands but intentionally drops it in an attempt to complete a double play. RULING — Umpire should immediately declare B3 out. Ball is dead. Baserunners may not advance.*

- n. If the immediate preceding runner who is not yet out intentionally interferes, in the umpire's judgement, with a fielder who is attempting to catch a thrown ball in an attempt to complete the play. Interference shall be declared, and the runner shall also be called out.
- o. (SP ONLY) For excess over the-fence home runs as listed under Rule 5, Section 9

### Sec. 8. THE BASERUNNER IS OUT:

- When running to any base in regular or reverse order and he runs more than 3 feet (0.91 m) from a direct line between that base and the next one to avoid being touched by the ball in the hand(s) of a fielder
  - When the ball is in play and while he is not in contact with a base, he is legally touched with the ball in the hand(s) of a fielder
  - When, on a force play, a fielder contacts the base while holding the ball, touches the ball to the base, or tags the runner before he reaches the base
  - When he fails to return to touch the base he previously occupied when play is resumed after suspension of play
  - When he physically passes a preceding baserunner before that runner has been put out
- EFFECT —** Sec. 8a-e: The ball is in play, and the baserunner is out.

**PLAY —** *With R1 on first, B2 hits a double. A throw to third drives R1 back to second. B2 has rounded second and discovers he has passed R1. He runs back and finally reaches first without being tagged out. RULING — B2 is out as soon as he passes R1.*

f. When he leaves his base to advance to another base before a caught fly ball has touched a fielder, provided the ball is returned to an infielder and properly appealed

**PLAY —** *No outs. R1 on third base. B2 hits fly ball to F7. F7 misjudges flight of ball, and it hits him on the shoulder, deflects into the air to F8, and is legally caught by F8 before it hits the ground. R1 tags up at third base as soon as ball hits F7.*

## RULE 8, SECTION 8

*on the shoulder but before F8 holds ball securely in glove. RULING — Legal advance. Run counts. R1 may leave base as soon as ball is touched.*

- g. When he fails to touch the intervening base or bases in regular or reverse order and the ball is returned to an infielder and properly appealed.

**PLAY (1) —** *With R1 on first, B2 hits safely to right field. An overthrow at first: (a) goes into the stands, (b) strikes the enclosing wall and rebounds to the catcher. In going to third base, R1 misses second base. He had passed second or was approaching second when the ball left the hand of F9. The ball is then thrown to second for an appeal. RULING — In (a), if R1 has reached second base by the time the throw leaves the hand of F9, he is awarded home plate. If the appeal is properly made, it should be allowed, and the run scored by R1 is cancelled. If R1 has not reached second by the time the throw leaves the hand of F9, he is awarded third base. A proper appeal should be allowed and enforced. In (b) R1 is out on the appeal since the ball is not blocked, and no bases are awarded.*

**PLAY (2) - REFER TO RULE 1, SEC 2**

- h. When the batter-runner legally overruns first base, attempts to run to second base, and is legally touched while off base

**PLAY** *B1 reaches first safely, but in his overrun he breaks for second and then "gives up" while far away from the baseline. RULING — If B1 is attempting to reach a base, he must be tagged, but the fielder is not expected to chase him into the outfield. In the outlined case he is out for being out of the baseline.*

- i. When running or sliding for home plate and he fails to touch it, makes no attempt to return to it, and a fielder holds the ball in his hand while touching said plate and appeals to the umpire for the decision

**EFFECT —** Sec 811

- (1) These are appeal plays, and the defensive team loses the privilege of putting the baserunner out if the appeal is not made before the next legal or illegal pitch, or before the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area

- (2) If properly appealed during a live ball, the baserunner is out. Item (3) below covers dead ball appeals

**NOTE** — On appeal plays the appeal must be made before the next legal or illegal pitch, or before the defensive team has left the field. The defensive team has "left the field" when the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area

- (3) Once the ball has been returned to the infield and time has been called, any infielder (including the pitcher or catcher), with or without possession of the ball, may make a verbal appeal on a runner missing a base or leaving a base too soon on a caught fly ball. The administering umpire should acknowledge the appeal and then make a decision on the play. No baserunner may leave his base during this period as the ball remains dead until the next pitch

## RULE 8, SECTION 8

**NOTE:** (a) If the pitcher has possession of the ball and is in contact with the pitching plate when making a verbal appeal, no illegal pitch is called. (b) If play ball has been declared by the umpire and the pitcher then requests an appeal, the umpire would again call time and allow the appeal process.

**PLAY (1) –** *Runner R2 leaves second base too soon on a fly ball caught by F7. The ball is thrown directly into the infield with an appeal made by F4 at second base. RULING: The ball has remained alive, and when the proper appeal is made, R2 is called out.*

**PLAY (2) –** *Runner R1 on second base and R2 on first base. Batter B3 hits a fly ball to F7. Both runners advance; however, R1 leaves too soon. Time is called. The pitcher has the ball, and after the umpire recognized the appeal, (a) he announces to the umpire that he wants to appeal R1 leaving too soon, (b) he carries the ball over and touches R1 standing on third base, (c) he throws the ball to F4 who touches second base, or (d) he fakes a throw toward third base, and the runner steps off the base. RULING: In all cases the ball is dead, and no baserunner may leave his base. The proper appeal is (a); however, (b) and (c) are acceptable. With the ball dead in (d), there is no penalty for the runner stepping off the base.*

j. When he interferes with a fielder attempting to field a batted ball or interferes with a thrown ball. If this interference, in the judgement of the umpire, is an obvious attempt to prevent a double play and occurs before the baserunner is put out, the immediate succeeding runner shall also be called out.

**PLAY –** *With R1 on first, B1 hits the ball on the ground between first and second. R1 is struck by the batted ball before it passes a fielder, or he hinders F4 in his throw to first. RULING - R1 is out, and the ball becomes dead when the interference occurs. If the interference clearly prevented B2 from being put out at first, he also is out.*

k. When he is struck with a fair untouched batted ball in fair territory while not in contact with a base and before it passes an infielder, excluding the pitcher.

**NOTE:** Sec. 8j-k. When baserunners are called out for interference, the batter runner is awarded first base and credited with a base hit.

**PLAY –** *R1 is (a) between second and third or (b) touching second. He is struck by B3's untouched batted ball before it passes a fielder, excluding the pitcher. RULING - Ball becomes dead in (a) and (b). R1 is out in (a). He is not out in (b). The batter runner is entitled to first base in both cases.*

l. When he intentionally kicks a ball which an infielder has missed.

m. When anyone, other than another baserunner, physically assists him while the ball is in play. If this assistance occurs prior to a caught or uncaught batted fly ball, regardless of whether the ball is fair or foul, a delayed dead ball call will be made, after which he will be declared out. If the ball is caught, the batter runner will also be declared out. (NOTE: The ball is dead if not caught. If a fair ball, award the batter runner one base, and if a foul ball, the batter will bat again.)

## RULE 8, SECTION 8

- n. When the coach near third base runs in the direction of home plate on or near the baseline while a fielder is attempting to make a play on a batted or thrown ball and thereby draws a throw to home plate. **The runner closest to home shall be declared out.**
- o. When one or more members of the offensive team stand or collect at or around a base to which a baserunner is advancing, thereby confusing the fielders and adding to the difficulty of making the play.

**NOTE:** Members of a team include bat boy or any other person authorized to sit on team's bench.

- p. When he runs the bases in reverse order to confuse the defensive team or to make a travesty of the game. (See Rule 8, Sec. 7j.)
- q. If a coach intentionally interferes with a thrown ball while in the coach's box, or interferes with the defensive team's opportunity to make a play on another runner. The runner closest to home plate at the time of the interference shall also be declared out.
- r. When, after being declared out, he interferes with a defensive player's opportunity to make a play on another runner. The runner closest to home plate at the time of the interference shall also be declared out.

**EFFECT -** See 8j-r. The ball is dead, and the baserunner is out. Each other baserunner must return to the last base legally touched at the time of or before the illegal action.

**NOTE:** When a runner after scoring, interferes with a defensive player, the runner closest to home shall be called out.

**PLAY -** *R1 on third base and R2 on first base. Batter hits a sharp grounder to second baseman who tags R2 out. R2 then interferes with the second baseman's attempt to throw to first to retire the batter-runner. RULING - Ball becomes dead, and R1 is also called out. Batter-runner is awarded first base.*

- s. When a defensive player has the ball and the runner remains on his feet and deliberately, with great force, crashes into the defensive player.

**EFFECT -** See 8s. The runner is out, the ball is dead, and each other baserunner must return to the last base touched at the time of the collision, unless Rule 8, Sec. 8j or Rule 8, Sec. 8r applies.

**NOTE:** If the act is determined to be flagrant, the offender shall be ejected.

**PLAY:** *The catcher has received the ball and is waiting to tag the runner attempting to score. The runner deliberately runs into the catcher with great force, causing him to drop the ball. RULING - The runner is out. He is also ejected if the act is flagrant.*

- t. **(F ONLY)** When he fails to keep contact with the base to which he is entitled until the ball leaves the pitcher's hand. When a baserunner is legitimately off his base after a pitch or as a result of a batter completing his turn at bat, and while the pitcher has the ball within an 8 foot (2.44 m) radius of the pitcher's plate, he must immediately return to his base or attempt to advance to the next base.

(1) Failure to immediately return to his base or proceed to the next base once the pitcher has the ball within the 8 foot (2.44m) radius of the pitcher's plate will result in the baserunner being declared out.

## RULE 8, SECTION 8

- (2) Once the runner returns to a base for any reason, he will be declared out if he leaves said base, unless a play is made on him or another runner (a fake throw is considered a play), the pitcher no longer has possession of the ball within the 8-foot (2.44 m) radius, or the pitcher releases the ball on a pitch to the batter.

**NOTE:** A base on balls or dropped third strike on which a runner is entitled to run is treated the same as a batted ball. The batter-runner may continue past first base and is entitled to run toward second base as long as he does not stop at first base. If he stops after he rounds first base, he then must comply with Sec. 8t(1).

**PLAY —** *With R1 on second, B2 takes a called third strike for the first out of the inning; meanwhile, R1 leads off second base after delivery to the plate. Catcher returns ball to the pitcher who has it within the 8-foot (2.44 m) radius of the pitcher's plate. The runner at this moment makes no attempt to move either way.*  
**RULING —** *The runner must immediately return to second or immediately advance to the next base. Failure to immediately return to his base or proceed to the next base once the pitcher has the ball within the 8-foot (2.44 m) radius of the pitcher's plate will result in the baserunner being declared out.*

- u. (SP ONLY) When he fails to keep contact with the base to which he is entitled until a pitched ball touches the ground, reaches home plate, or is batted EXCEPTION (16-INCH SP ONLY) Any runner may leave his base as soon as the ball is declared in play.  
EFFECT - Sec. 8t-u: The ball is dead, "NO PITCH" is declared, and the baserunner is out.
- v. When he abandons a base and enters his team area or leaves the field of play The baserunner shall be declared out immediately when he enters his team area or leaves the field of play
- w. When he positions himself behind and not in contact with a base to get a running start on any fly ball The ball remains alive  
Sec. 9. **BASERUNNER IS NOT OUT:**
- a. When he runs behind or in front of the fielder and outside the baseline in order to avoid interfering with a fielder attempting to field the ball in the base path
- b. When he does not run in a direct line to a base, provided the fielder in the direct line does not have the ball in his possession
- c. When more than one fielder attempts to field a batted ball and the baserunner comes into contact with the one who, in the judgement of the umpire, was not entitled to field the ball
- d. When he is hit with a fair, untouched batted ball that has passed an infielder, excluding the pitcher, and, in the judgement of the umpire, no other infielder HAD A CHANCE TO MAKE AN OUT

**PLAY (1) —** *With R1 on second, B2 hits ball behind F6 who is playing in. Batted ball touches R1 and is deflected to foul ground. RULING — If the touching of R1 is accidental, it is ignored because batted ball has passed a fielder. If R1 intentionally deflected batted ball, umpire will rule interference, with ball becoming dead and R1 being declared out*

## RULE 8, SECTION 9

**PLAY (2)** — *A batted ball strikes third base and then caroms to foul territory where it strikes R1 who is leading off third. RULING — R1 is out, and ball is dead.*

- e. When he is hit by a fair batted ball after it touches or is touched by any fielder, including the pitcher, and he could not avoid contact with the ball.
- f. When he is touched with a ball not securely held by a fielder.
- g. When the defensive team does not request the umpire's decision on an appeal play until after the next legal or illegal pitch, or until after the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area.
- h. When a batter-runner overruns first base after touching it and returns directly to the base.
- i. When he is not given sufficient time to return to a base. He will not be called out for being off base before the pitcher releases the ball. "No pitch" will be called by the umpire (Rule 6, Sec. 10d (FP) and Sec. 8c (SP and 16-INCH SP).
- j. When he has legally started to advance. He may not be stopped by the pitcher receiving the ball while on the pitching plate, nor by the pitcher stepping on the plate with the ball in his possession.
- k. When he holds his base until a fly ball touches a fielder and then attempts to advance.
- l. When hit by a batted ball when touching his base, unless he intentionally interferes with the ball or a fielder making a play.

**PLAY (1)** — *With R1 on second, R2 on first, and no outs, B3 hits a ground ball or infield fly. Ball strikes R1 who is (a) near second, (b) standing on second. In both cases ball has not passed an infielder. RULING — In (a) R1 is out on either type of hit. In (b) R1 is not out on either type of hit, but ball becomes dead, and all runners, if forced, advance one base without liability to be put out. In both (a) and (b), B3 is out on any infield fly. If it is a ground ball, batter-runner is awarded first base.*

**PLAY (2)** — *REFER TO RULE 8, SEC. 8k*

- m. When he slides into a base and dislodges it from its proper position. The base is considered to have followed the runner.  
**EFFECT** — Sec. 9m. A baserunner reaching a base safely will not be out for being off that base if it becomes dislodged. He may return without liability to be put out when the base has been replaced. A runner forfeits this exemption if he attempts to advance beyond the dislodged base before it is again in proper position.

**PLAY** — *R1 slides into second base. After he touches the base, he loses contact (a) because the base breaks loose from its fastening, (b) because his foot slides off the base. F4 touches him while his foot is off base. RULING — In (a) R1 is not out. In (b) R1 is out.*

- n. When a fielder makes a play on a batter, batter-runner, or baserunner while using an illegal glove. The manager of the offended team is given two options:
  - (1) He may have the entire play nullified with each baserunner returning to his original base and the batter or batter-runner batting over again, assuming the ball and strike count he had prior to the pitch he hit.

# RULE 8, SECTION 10

(2) He may take the result of the play and disregard the illegal act

## Sec. 10. BASERUNNING (55-Over)

- a. A **COURTESY RUNNER** shall be allowed once per inning for any reason. The courtesy runner must be the last recorded out and must be entered prior to the first pitch to the succeeding batter. The courtesy runner is officially in the game when play ball has been declared by the umpire. An ineligible courtesy runner is an appeal situation that must be made before a legal or illegal pitch to the succeeding batter. **PENALTY:** The use of an ineligible courtesy runner shall result in the removal of the runner from the base and an out being recorded on the player whom he replaced.
  - b. A **"NO SLIDE, NO CRASH"** rule will be in effect at all bases, including home plate. Any and all incidents will result in an automatic out.
  - c. A **"RUN-BY"** rule shall be in effect at first, second, and third bases, (e.g., a player may run past any base at any time). The runner shall be considered "safe" so long as he turns to the right after passing the base. Any attempt to advance or to decoy the fielder cancels the "run-by" rule, and the runner may be tagged out.
- NOTE:** A batter-runner can turn to the right or left after overrunning first base as long as no attempt is made to advance to second base.
- d. Baserunners must touch the second home plate located adjacent to the right handed batter's box in order to be safe at home. A baserunner may be retired at home plate on a non-force situation without a tag. The defensive player only has to hold the ball while touching the original home plate. If the baserunner touches the original home plate, he will be out if appealed by the defensive team.
  - e. Once a baserunner crosses a line 20 feet from home, he cannot return to third base. **PENALTY:** The baserunner will be called out if he returns.

# RULE 9. DEAD BALL - BALL IN PLAY

## Sec. 1. THE BALL IS DEAD AND NOT IN PLAY:

- a. When a ball is batted illegally

*PLAY -- R1 is on first base. B2 illegally bats the ball towards F6, and F4 obstructs R1 advancing to second base. RULING -- Ball becomes dead when B2 illegally batted it. B2 is out, and R1 must return to first base.*

- b. When the batter steps from one box to the other when the pitcher is ready to pitch
- c. When a ball is pitched illegally  
**EXCEPTION:** Sec. 1c (FP ONLY) If the pitcher completes the delivery of the ball to the batter and the batter hits the ball and reaches first base safely, and if all other baserunners advance at least one base, then the play stands, and the pitch is no longer illegal. **EXCEPTION:** Sec. 1c (SP ONLY) If the batter swings at an illegal pitch, the play stands, and the pitch is no longer illegal.
- d. When "NO PITCH" is declared
- e. When a pitched ball touches any part of the batter's person or clothing, whether the ball is struck at or not

# RULE 9, SECTION 1

**PLAY —** *B1 swings at a pitched ball, and the ball hits his hand while holding the bat.*  
**RULING —** *Strike shall be called, and the ball is dead. The hand is not considered part of the bat.*

- f. When a foul ball is declared.
- g. When the offensive team causes the interference
  - (1) When a batter-runner intentionally strikes a fair ball a second time, strikes it with a thrown bat, or deflects its course in any way while running to first base.
  - (2) When a thrown ball is intentionally touched by a coach or on-deck batter.
  - (3) When a fair ball strikes a runner (not in contact with a base) or umpire before touching an infielder, including the pitcher or before passing an infielder, other than the pitcher
  - (4) When the batter interferes with the catcher or other defensive player at home plate.
  - (5) When a member of the offensive team intentionally interferes with a live ball.
  - (6) When a runner intentionally kicks a ball which a fielder has missed.
- h. When the ball is outside the established boundaries of the playing area. A ball is considered "outside the playing field" when it touches the ground, person on the ground, or object outside the playing area.

**PLAY —** *R1 is on third. B3 at bat with one out hits a fly ball which F5 catches in the field of play. F5's momentum causes him to go into a dead ball area such as a bench, a dugout, the stands, or the area beyond the chalk line or pre-game determined imaginary line.* **RULING —** *Ball is dead as soon as F5 enters the dead ball area with it. R1 is awarded one base, and B3 is out.*

- i. If an accident to a batter-runner or baserunner prevents him from proceeding to any base(s) which he is awarded. A substitute runner will be permitted for the batter-runner or baserunner and will be allowed to proceed to any awarded base(s).

**PLAY** *Batter hits ball over the fence for a home run but falls down as he attempts to advance to first base. He is injured and unable to continue to play.* **RULING —** *Substitute runner will be permitted for batter-runner and will be allowed to circle the bases so that the home run may be allowed.*

- j. (SP ONLY) When the batter hunts or chops the pitched ball.

**PLAY** *REFER TO RULE 7, SEC. 11n*

- k. (FP ONLY) When a wild pitch or passed ball lodges in or goes under, over, or through the backstop
  - l. When time is called by the umpire
- m. When any part of the batter's person or clothing is hit with his own batted ball when he is in the batter's box
- n. When a baserunner runs bases in reverse order either to confuse the fielders or to make a travesty of the game
- o. When the batter is hit by a pitched ball
- p. When, in the judgement of the umpire, the coach near third base runs in the direction of home plate on or near the baseline while the fielder is attempting to make a play on a batted or thrown ball, and thereby draws a throw to home plate

# RULE 9, SECTION 1

- q. (FP ONLY) When the plate umpire or his clothing or paraphernalia interferes with the catcher's attempt to throw.
- r. When one or more members of the offensive team stand or collect at or around a base to which a baserunner is advancing, thereby confusing the fielders and adding to the difficulty of making a play.
- s. (FP ONLY) When a baserunner fails to keep contact with the base to which he is entitled until a legally pitched ball has been released.
- t. (SP ONLY) When a baserunner fails to keep contact with the base to which he is entitled until a legally pitched ball touches the ground, reaches home plate, or is batted.
- u. (SP ONLY) After each ball or strike or a pitched ball hitting the ground or plate.  
EXCEPTION: The ball remains alive in 16-inch slow pitch.
- v. When a blocked ball is declared.
- w. When a batter enters the batter's box with, or is discovered using, an altered bat
- x. When a batter enters the batter's box with, or is discovered using, an illegal bat.
- y. When a caught fair fly ball, including a line drive (FP and SP) or bunt (FP ONLY), which can be handled by an infielder with ordinary effort, is intentionally dropped with fewer than two outs and a runner on first base; first and second; first and third, or first, second, and third bases.

**PLAY — REFER TO RULE 7, SEC. 11h.**

- z. When a fielder carries a live ball into dead ball territory  
EFFECT — Sec. 1a-z: The batter or baserunners may not advance on a dead ball unless awarded a base or bases by rule
- aa. When time has been called for a dead ball appeal

**PLAY — REFER TO RULE 8, SEC. 8c (4) AND PLAY 2**

- ab. (10-Under JO Fast Pitch Only) When a pitched ball is not batted.

## Sec. 2. THE BALL IS IN PLAY:

- a. At the start of the game and each half inning when the pitcher has the ball while standing in his pitching position and play ball has been declared by the umpire
- b. When the infield fly rule is enforced

**PLAY —** *With one out, R1 is on second and R2 on first when B4 hits an infield fly. Baserunners are of the opinion two are out, and they start running as soon as the ball is hit. F4 fails to catch the infield fly, and both runners cross home plate. RULING — B4 is out for hitting infield fly, but runs count since runners may advance at their own risk.*

- c. When a thrown ball goes past a fielder and remains in playable territory
- d. When a fair ball strikes an umpire or baserunner on fair ground after touching an infielder, including the pitcher, or after passing an infielder, excluding the pitcher, and provided no other infielder had a chance to make an out
- e. When a fair batted ball strikes an umpire on foul ground
- f. When any runner has reached the base to which he is entitled if the fielder fields a batted or thrown ball with illegal equipment
- g. When a baserunner is called out for passing a preceding runner

## RULE 9, SECTION 2

- h. When a fair ball is legally batted.
- i. When a baserunner must return in reverse order while the ball is in play.
- j. When a batter-runner or baserunner acquires the right to a base by touching it before being put out.
- k. When a base is dislodged while baserunners are progressing around the bases.
- l. When a runner runs more than 3 feet (0.91 m) from a direct line between any base and the next one in regular or reverse order to avoid being touched by the ball in the hand(s) of a fielder.
- m. When a runner is tagged or forced out.
- n. When the umpire calls a baserunner out for failure to return and touch a base when play is resumed after a suspension of play.
- o. When a live ball appeal play is legally being made.
- p. When the batter legally hits the ball.
- q. When a live ball strikes a photographer, groundskeeper, policeman, etc., assigned to the game.

*PLAY -- B1 hits a line shot which hits first base, ricochets off the bag, and hits a photographer who is assigned to take pictures of the game. Pitcher backs up play and throws out B1 advancing to second. RULING -- B1 is out. Ball remains in play when it strikes a photographer who has been assigned to the game*

- r. When a fair or foul fly ball has been legally caught
- s. When a thrown ball strikes an offensive player
- t. If the batter drops the bat and the ball rolls against it in fair territory and, in the judgement of the umpire, there was no intention to interfere with the course of the ball. The batter-runner is not out, and the ball is alive and in play.
- u. When a thrown ball strikes an umpire
- v. When a play is or is not being made on an obstructed runner, or if the batter-runner is obstructed before he touches first base
- w. When a thrown ball strikes a coach
- x. (FP and 16-INCH SP ONLY) When a ball has been called on the batter. When four balls have been called, the batter may not be put out before he reaches first base
- y. (FP and 16-INCH SP ONLY) When a strike has been called on the batter
- z. (FP and 16-INCH SP ONLY) When a foul tip has been legally caught

*PLAY -- Does the ball become dead after a foul tip, and may there be a foul tip which is not caught? RULING -- The ball does not become dead on a foul tip, and a runner may advance or be put out the same as after any strike. To be a foul tip, the ball must be caught by the catcher*

- aa. (SP ONLY) As long as there is a play as a result of a hit by the batter-runner. This includes a subsequent appeal play
- ab. (FP and 16-INCH SP ONLY) If the ball slips from a pitcher's hand during his windup or the backswing
- ac. Whenever the ball is not dead, as provided in Section 1 of this rule

# RULE 9, SECTION 3

**Sec. 3. DELAYED DEAD BALL.** There are six situations when a violation of the rule occurs, it is recognized by an umpire, and the ball remains live until the conclusion of the play. These situations are:

- An illegal pitch (Rule 6, Sections 1-8)
- Catcher's obstruction (Rule 8, Section 6d)
- Plate umpire interference (Rule 8, Section 6d)
- Obstruction (Rule 8, Section 5b)
- Batted or thrown ball hit with detached equipment (Rule 8, Section 5f)
- Runner at third or first base assisted by a coach on a tag up (Rule 8, Section 8m)

**NOTE:** Once the entire play is completed in each situation, the proper enforcement should be made. In (e), a double play could be called. One out on the coach assisting the runner and the second out on the caught ball.

**Sec. 4. (SP ONLY) THE BALL REMAINS ALIVE UNTIL THE UMPIRE CALLS TIME, WHICH SHOULD BE DONE WHEN THE BALL IS HELD BY A PLAYER IN THE INFIELD AREA AND, IN THE JUDGEMENT OF THE UMPIRE, ALL PLAY HAS CEASED.**

## RULE 10. UMPIRES

**NOTE:** Failure of umpires to adhere to Rule 10 shall not be grounds for protest. These are guidelines for umpires.

**Sec. 1. POWER AND DUTIES.** The umpires are the representatives of the league or organization by which they have been assigned to a particular game and, as such, are authorized and required to enforce each section of these rules. They have the power to order a player, coach, captain, or manager to carry out or to omit any act which, in their judgement, is necessary to give force and effect to one or all of these rules, and to inflict penalties as herein prescribed. The plate umpire shall have the authority to make decisions on any situations not specifically covered in the rules. **THE FOLLOWING IS THE GENERAL INFORMATION FOR UMPIRES:**

- The umpire will not be a member of either team (i.e., player, coach, manager, officer, scorer, or sponsor)
- The umpire should be sure of the date, time, and place of the game and should arrive at the playing field 20-30 minutes ahead of time, start the game at the designated time, and leave the field when the game is over. His jurisdiction begins when he enters the field to check the bats and ends when he leaves the field following the completion of the game
- The male and female umpire shall wear a powder blue, short-sleeve shirt; dark navy blue slacks; and a cap with white ASA letters on the front. All other paraphernalia (i.e., socks, ball bag, jacket, and/or sweater) must also be dark navy blue, and the shoes and belt must be black for both male and female umpires. A t-shirt is optional to wear under the powder blue shirt; however, if one is worn, it must be white. The plate umpire in fast pitch **MUST** wear a black mask with a black throat protector. (An extended wire protector may be worn in lieu of a throat protector on the mask.) Body protectors are recommended for umpires in fast pitch and are optional in slow pitch
- The umpires should introduce themselves to the captains, managers, and scorers.

# RULE 10, SECTION 1

- e. The umpires should inspect the playing field boundaries and equipment and clarify all ground rules for the representatives of both teams.
- f. Each umpire will have the power to make decisions on violations committed anytime during playing time or during suspension of play.
- g. No umpire has the authority to set aside or question decisions made by another umpire within the limits of his respective duties as outlined in these rules.
- h. An umpire may consult his associate(s) at any time; however, the final decision will rest with the umpire whose exclusive authority it is to make the decision and who requests the opinion of the other umpire(s).
- i. In order to define "respective duties," the umpire whose primary responsibility is the judging of balls and strikes will be designated as the **PLATE UMPIRE**, while the umpire whose primary responsibility is the rendering of base decisions will be designated as the **BASE UMPIRE**.
- j. The plate umpire and base umpire will have equal authority to:
  - (1) Call a runner out for leaving a base too soon.
  - (2) Call **TIME** for suspension of play.
  - (3) Eject a player, coach, manager, or other team member from the game for violation of rules or flagrant misconduct.
  - (4) Call all illegal pitches.
- k. The umpire will declare the batter or runner out, without waiting for an appeal for such decision, in all cases where such player is retired in accordance with these rules.

**NOTE:** Unless appealed to, the umpire will not call a player out for failure to touch a base, for leaving a base too soon on a caught fly ball, for batting out of order, or for making an attempt to go to second after reaching first base, as provided in these rules.

- l. The umpire will not penalize a team for infraction of a rule when imposing the penalty would be to the advantage of the offending team.

## **Sec. 2. THE PLATE UMPIRE SHOULD:**

- a. Take a position behind the catcher. He will have full charge of and be responsible for the proper conduct of the game.
- b. Call all balls and strikes, unless he requests the help of another umpire.
- c. By agreement and in cooperation with the base umpire, makes decisions on plays, fair or foul balls, and legally or illegally caught balls. On plays which would necessitate the base umpire leaving the infield in a two umpire system, the plate umpire will assume the duties normally required of the base umpire.
- d. Determine and declare whether:
  - (1) A batter bunts or chops a ball
  - (2) A batted ball touches the person or clothing of the batter
  - (3) A fly ball is an infield or an outfield fly
- e. Render base decisions as indicated in the *Umpire's Manual*
- f. Determine when a game is forfeited
- g. Assume all duties when assigned as a single umpire to a game

# RULE 10, SECTION 3

## Sec. 3. THE BASE UMPIRE SHOULD:

- Take such positions on the playing field as outlined in the *Umpire's Manual*.
- Assist the plate umpire in every way to enforce the rules of the game.

**Sec. 4. RESPONSIBILITIES OF A SINGLE UMPIRE.** If only one umpire is assigned, his duties and jurisdictions will extend to all points. The umpire's starting position for each pitch should be from behind home plate. On each batted ball or play that develops, the umpire must move out from behind the plate and into the infield to obtain the best position for any play that develops.

**Sec. 5. CHANGE OF UMPIRES.** Teams may not request a change of umpires during a game unless an umpire is incapacitated by injury or illness.

**Sec. 6. UMPIRE'S JUDGEMENT.** There will be no appeal on any decision of any umpire on the grounds that he was not correct in his conclusion as to whether a batted ball was fair or foul, a runner safe or out, a pitched ball a ball or strike, or on any play involving accuracy of judgement; and no decision rendered by any umpire will be reversed except when he is convinced it is in violation of one of these rules. In case the manager, acting manager, or captain of either team does seek reversal of a decision based solely on a point of rules, the umpire whose decision is in question will, if in doubt, confer with his associate(s) before taking any action; but under no circumstances will any player or person, other than the manager, acting manager, or captain of either team, have any legal right to protest any decision and seek its reversal on a claim that it is in conflict with these rules.

- Under no circumstances will any umpire seek to reverse a decision made by an associate, nor will any umpire criticize or interfere with the duties of his associate(s) unless asked to do so.
- The umpire-in-chief may rectify any situation in which the reversal of an umpire's decision or a delayed call by an umpire places a batter-runner, a baserunner, or the defensive team in jeopardy. This correction is not possible after one legal or illegal pitch has been thrown, or after the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area.

**PLAY —** *With R1 on first base and fewer than two outs, the runner attempts to steal second on the pitch (FP ONLY). The catcher throws to second base as the plate umpire calls ball four. The throw is in time, and the base umpire calls the runner out. As the runner (R1) leaves for the dugout, the base umpire realizes B2 has four balls and R1 is entitled to second base. The defense tags R1 when he leaves the base. Had the umpire not called R1 out, he would not have left the base. RULING — Place R1 on second base and B2 on first base.*

## Sec. 7. SIGNALS:

- SAFE** — Body upright, eyes on the ball, and arms extended straight out with the palms down. A verbal call of "SAFE" is made as the arms are snapped to this position from the upper chest.
- SAFE SELL** — The same as the safe call, but as the arms are extended straight out with the palms down, a step should be taken towards the play.
- OUT** — Body upright, eyes on the ball, and right arm extended straight up as an extension of the shoulder. As we come to the HAMMER position, the elbow is bent at a 90° angle and the fist closed with the fingers facing the right ear. The left arm should be brought to the mid-

## RULE 10, SECTION 7

- section of the body. A verbal call of "OUT" is made as the right arm is extended high into the air and continued as the arm drops into the HAMMER position.
- d. **OUT SELL.** — Come to upright position and take a step with left foot directly at the play. Your head should remain in position looking at the play as the upper torso turns perpendicularly from the play. Raise right arm with an open hand behind your head into a throwing position as you shuffle your right foot behind the left. Plant right foot and transfer weight, bringing right arm over the top of your head with a closed fist, and make a vigorous OUT call. Finish call by transferring your weight to the left foot while bringing the right foot forward and parallel to the left.
  - e. **STRIKE.** — Body upright, eyes on the ball, and right arm extended straight up as an extension of the shoulder. As we come to the HAMMER position, the elbow is bent at a 90° angle, and the fist is closed with the fingers facing the right ear. The left arm should be brought to the mid-section of the body. A verbal call of "STRIKE" is made as the right arm is extended high into the air and continued as the arm drops into the HAMMER position.
  - f. **FAIR BALL.** — Body upright, eyes on the ball, and point toward fair territory with the arm that is toward the infield. There is no verbal call on a fair ball, and if the umpire is wearing a mask, it should be in the left hand.
  - g. **FOUL BALL.** — On all foul balls except a caught foul fly ball, the ball is DEAD, and the DEAD BALL signal should be given preceding the foul ball signal. For the FOUL BALL signal, body should be upright, eyes on the ball, and the arm extended straight out from the shoulder toward foul territory away from the playing field. A verbal call of "FOUL BALL" should be declared as the arm motion is made.
  - h. **TIME OUT/DEAD BALL.** — Body upright, and both arms extended high into the air with the palms of the hands open and facing away from the umpire's body. A verbal call of "TIME" or "DEAD BALL" is made at the same time the arms are going up.
  - i. **PLAY BALL.** — Body upright, eyes on the ball, and the umpire makes a motion toward the pitcher with the right or left hand. On a right handed batter use the right hand, and on a left-handed batter use the left hand. A verbal call of "PLAY" or "PLAY BALL" is made as the umpire motions toward the pitcher.
  - j. **HOLD UP PLAY (No Pitch).** — Body upright, and raise either hand with the palm facing the pitcher. On a right-handed batter use the right hand, and on a left-handed batter use the left hand. "NO PITCH" shall be declared if the pitcher pitches while the umpire has a hand in said position.
  - k. **DELAYED DEAD BALL.** — Body upright. The left arm is extended straight out to the side of the body as an extension of the shoulder, and the left hand is in a fist. This position is held long enough for the players to see that the umpire has observed the act that pre-empted this call.
  - l. **INFIELD FLY.** — Body upright, eyes on the ball, and right arm extended high into the air with a closed fist. Make a verbal call of "INFIELD FLY." If the batted ball is near a foul line, call "INFIELD FLY IF FAIR."
  - m. **TRAPPED BALL.** — Same as safe signal. The umpire makes a verbal call of "SAFE."
  - n. **FOUL TIP.** — Body upright and eyes on the ball. The fingers of both hands are touched together, and then the umpire gives the strike signal with no verbal call. This indicates that the bat tipped the ball and was caught by the catcher.
  - o. **COUNT.** — Body upright. Have eye contact with the pitcher. Both hands are extended high above the head, and the fingers are used to indicate the ball and strike count on the

# RULE 10, SECTION 7

batter. Use the fingers of the left hand for balls and the fingers of the right hand for strikes. A verbal description of the count on the batter is given while the hands are overhead. Balls are always mentioned first and strikes second.

- p. **DOUBLE** — Body upright. Raise the right hand high above the head, indicating with two fingers the number of bases awarded. A verbal call of "TWO BASES" is made while the hand remains overhead.
- q. **HOME RUN** — Body upright. Raise the right hand high above the head with a closed fist. Make a counter-clockwise circling motion with the raised fist. A verbal call of "FOUR BASES" is made at the same time the fist is overhead.
- r. **FOUR-BASE AWARD** — Body upright. Raise the right hand high above the head with four fingers shown. A verbal call of "FOUR-BASE AWARD" is made at the same time the hand is overhead.

## Sec. 8. SUSPENSION OF PLAY:

- a. An umpire may suspend play when, in his judgement, conditions justify such action
- b. Play will be suspended whenever the plate umpire leaves his position to brush the plate or to perform other duties not directly connected with the calling of plays.
- c. The umpire will suspend play whenever a batter or pitcher steps out of position for a legitimate reason.
- d. An umpire will not call time after pitcher has started his windup
- e. An umpire will not call time while any play is in progress
- f. In case of injury, time will not be called until all plays in progress have been completed or each runner has been held at his base
- g. Umpires will not suspend play at the request of players, coaches, or managers until all action in progress by either team has been completed

*PLAY* — *Bases are full B4 hits a long fly to center F7 and F8 collude in trying to make the catch, and both are injured All runners cross home plate Captain requests time to prevent the last two runs from scoring RULING — Ball does not become dead when a player is injured during a batted, pitched (P), or thrown ball Umpire will not call time until no further play is possible All four runs count*

- h. (SPONTANEOUS) When, in the judgement of an umpire, all immediate play is apparently completed, he should call time

## Sec. 9. VIOLATIONS AND PENALTIES:

- a. Players, coaches, managers, or other team members will not make disparaging or insulting remarks to or about opposing players, officials, or spectators, or commit other acts that could be considered unsportsmanlike conduct
- b. There will be no more than two coaches for each team to give words or signals of assistance and direction to the members of their team while at bat. One should be stationed near first base and the other near third base. Each coach must remain in his coach's box
- c. The penalty for violations by a player is prompt removal of the offender from the game and grounds. For the first offense, a coach or manager may be warned, but for the second offense, he is removed from the game. The offender should go directly to the dressing room or leave the grounds for the remainder of the game. Failure to do so will warrant a forfeiture of the game

# RULE 11, SECTION 1

## RULE 11. PROTESTS

**Sec. 1. PROTESTS WILL NOT BE RECEIVED OR CONSIDERED IF THEY ARE BASED SOLELY ON A DECISION INVOLVING THE ACCURACY OF JUDGEMENT ON THE PART OF AN UMPIRE.** Examples of protests which will not be considered are:

- a. Whether a batted ball was fair or foul.
- b. Whether a runner was safe or out.
- c. Whether a pitched ball was a ball or a strike.
- d. Whether a pitch was legal or illegal.
- e. Whether a runner did or did not touch a base
- f. Whether a baserunner did or did not leave his base too soon on a caught fly ball.
- g. Whether a fly ball was or was not caught legally.
- h. Whether it was or was not an infield fly
- i. Whether there was or was not interference or obstruction
- j. Whether the field is or is not fit to continue or resume play
- k. Whether there is or is not sufficient light to continue play
- l. Any other matter involving only the accuracy of the umpire's judgement
- m. Whether a batted ball did or did not clear the fence in flight
- n. Whether a batted ball was or was not touched by a fielder before clearing the fence in flight
- o. Whether a player or live ball did or did not enter a dead ball area or touch some object or person in a dead ball area

**Sec. 2. PROTESTS THAT SHALL BE RECEIVED AND CONSIDERED CONCERN MATTERS OF THE FOLLOWING TYPES:**

- a. Misinterpretation of a playing rule
- b. Failure of an umpire to apply the correct rule to a given situation
- c. Failure of an umpire to impose the correct penalty for a given violation

**Sec. 3. PROTESTS MAY INVOLVE BOTH A MATTER OF JUDGEMENT AND THE INTERPRETATION OF A RULE.**

### EXAMPLE:

With one out and runners on second and third, the batter flies out. The runner on third tags up after the catch, but the runner on second does not. The runner on third crosses the plate before the ball is played at second base for the third out. The umpire does not allow the run to score. The questions as to whether the runners left their bases before the catch or whether the play at second base was made before the runner on third crossed the plate are solely matters of judgement and are not protestable. It is a misinterpretation of a playing rule and a proper subject for protest, however, if the umpire fails to allow the run to score.

**Sec. 4. THE NOTIFICATION OF INTENT TO PROTEST MUST BE MADE IMMEDIATELY BEFORE THE NEXT LEGAL OR ILLEGAL PITCH OR BEFORE BOTH TEAMS HAVE LEFT THE PLAYING FIELD. (EXCEPTION: Player eligibility)**

*PLAY (1) R1 is obstructed by F4 while advancing to second during a rundown between first and second bases. Umpire rules OBSTRUCTION and returns R1 to first*

# RULE 11, SECTION 4

*base. Offensive team protests game (a) before first pitch to B2, (b) after first pitch to B2, (c) after game is over. RULING — In (a) protest is valid. In (b) and (c) protest is denied since it was not made before the next pitch.*

**PLAY (2) —** *Bases loaded, bottom of seventh inning, two outs, and the score is visitors 4, home 3. Home team (offensive) coach calls a second conference with a batter in that half inning. The plate umpire calls the batter out to end the game. Both teams are off the playing field and preparing to leave when the home manager protests to the umpire in the parking lot that the ruling was incorrect. RULING — The game is over. When both teams have left the playing field, no protest may be accepted.*

- a. The manager, acting manager, or captain of the protesting team shall immediately notify the plate umpire that the game is being played under protest. The plate umpire shall in turn notify the opposing manager and official scorekeeper.
- b. To aid in the correct determination of the issue, all interested parties shall take notice of the information, details, and conditions surrounding the decision to protest

**NOTE:** On appeal plays, the appeal must be made before the next pitch, legal or illegal, or before the defensive team has left the field. For the purpose of this rule, the defensive team has "left the field" when the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area.

- c. Once the game is completed and both teams have left the field, no protest may be filed.  
**EXCEPTION:** Player eligibility.

## **Sec. 5. THE OFFICIAL WRITTEN PROTEST MUST BE FILED WITHIN A REASONABLE TIME:**

- a. In the absence of a league or tournament rule establishing the time limit for filing a protest, a protest should be considered if filed within a reasonable time, depending upon the nature of the case and the difficulty of obtaining the information relevant to the protest
- b. Within 48 hours after the scheduled time of the contest is generally considered a reasonable time

## **Sec. 6. THE FOLLOWING WRITTEN PROTEST SHOULD CONTAIN THE FOLLOWING INFORMATION:**

- a. The date, time, and place of the game
- b. The names of the umpires and scorers
- c. The rule and section of the official rules or local rules under which the protest is made
- d. The information, details, and conditions pertinent to the decision to protest
- e. All essential facts involved in the matter protested

## **Sec. 7. THE DECISION RENDERED ON A PROTESTED GAME MUST RESULT IN ONE OF THE FOLLOWING:**

- a. The protest is determined to be invalid, and the game score stands as played
- b. When a protest is determined to be valid because of the misinterpretation of a playing rule, the decision will be corrected, and the game shall be replayed from the point at which the incorrect decision was made
- c. When a protest for ineligibility is determined to be valid, the offending team shall forfeit the game being played, or the game last played, to the offended team

# RULE 12, SECTION 1

## RULE 12. SCORING

**NOTE:** Failure of official scorer to adhere to Rule 12 shall not be grounds for protest. These are guidelines for the official scorer.

**Sec. 1. THE OFFICIAL SCORER SHALL KEEP RECORDS OF EACH GAME AS OUTLINED IN THE FOLLOWING RULES.** He shall have sole authority to make all decisions involving judgement. For example, it is the scorer's responsibility to determine whether a batter-runner's advance to first base is the result of a hit or an error; however, a scorer shall not make a decision which conflicts with the official playing rules or with an umpire's decision.

### **Sec. 2. THE BOX SCORE:**

a. Each player's name and the position or positions he has played shall be listed in the order in which he batted or would have batted had he not been removed or had the game not ended before his turn at bat.

(1) (FP ONLY) The designated player (DP) is optional, but if one is used, it must be made known prior to the start of the game and listed on the scoresheet in the regular batting order. Ten names will be listed, with the tenth name being the player playing defense only. This tenth player may only bat if he moves to the DP position in the batting order.

**EXCEPTION:** See Rule 4, Sec. 3c.

(2) (SP ONLY) The extra player (EP) is optional, but if one is used, it must be made known prior to the start of the game and be listed on the scoring sheet in the regular batting order. There will be 11 names for men's and women's slow pitch and 12 names for co-ed slow pitch on the official batting order, and all will bat.

b. Each player's batting and fielding record must be tabulated.

(1) The first column will show the number of times at bat by each player, but a time at bat will not be charged against the player when:

(a) He hits a sacrifice fly that scores a runner

(b) He is awarded a base on balls

(c) (FP ONLY) He hits a sacrifice bunt

(d) (FP ONLY) He is hit by a pitched ball

(e) (FP ONLY) He hits a sacrifice slap hit. **NOTE:** A *slap hit* is defined as "a fake bunt followed by a controlled swing and resulting in the baserunner(s) advancing," as in the case of a sacrifice bunt.

(2) The second column will show the number of runs scored by each player.

(3) The third column will show the number of base hits made by each player. A base hit is a batted ball that permits the batter to reach base safely.

(a) On a fair ball which settles on the ground, clears the fence, or strikes the fence before being touched by a fielder.

(b) On a fair ball which is hit with such force or such slowness, or which takes such an unnatural bounce, that it is impossible to field with ordinary effort in time to retire the runner.

(c) When a fair ball which has not been touched by a fielder becomes dead because of touching the person or clothing of a runner or umpire.

## RULE 12, SECTION 2

- (d) When a fielder unsuccessfully attempts to retire a preceding runner an.l. in the scorer's judgement, the batter-runner would not have been retired at first base by perfect fielding.
- (4) The fourth column will show the number of opponents put out by each player.
- (a) A putout is credited to a fielder each time he:
- (1) Catches a fly ball or line drive.
  - (2) Catches a thrown ball which retires a batter-runner or baserunner.
  - (3) Touches a baserunner with ball when the baserunner is off the base to which he is entitled.
  - (4) Is nearest the ball when a runner is declared out for being struck by a fair batted ball or for interference with a fielder, or when a runner is called out for being in violation of Rule 8, Sec. 8e and Sec. 8u.
- (b) A putout is credited to the catcher:
- (1) When a third strike is called.
  - (2) (SP ONLY) When the batter bunts or chops the ball downward
  - (3) When the batter fails to bat in correct order.
  - (4) When the batter interferes with the catcher.
  - (5) (SP ONLY) When the batter hits a third strike foul ball.
- (5) The fifth column shall show the number of assists made by each player. An assist shall be credited:
- (a) To each player who handles the ball in any series of plays which results in the putout of a baserunner or batter-runner. Only one assist shall be given to any player who handles the ball on any putout. The player who makes the putout in a rundown or similar-type play shall be credited with both an assist and a putout.
  - (b) To each player who handles or throws the ball in such a manner that a putout would have resulted except for an error of a teammate.
  - (c) To each player who, by deflecting a batted ball, aids in a putout
  - (d) To each player who handles the ball on a play which results in a baserunner or batter runner being called out for interference or for running out of the baseline
- (6) The sixth column will show the number of errors made by each player. Errors are recorded
- (a) For each player who commits a misplay which prolongs the turn at bat of the batter or the life of a present runner
  - (b) For the fielder who fails to touch a base after receiving a thrown ball to retire a runner on a force out, or when a baserunner is compelled to return to a base, and provided the thrown ball could be caught by the fielder with ordinary effort
  - (c) For the catcher if a batter is awarded first base because of catcher obstruction
  - (d) For the fielder who fails to complete a double play because of a dropped ball
  - (e) For a fielder, if a runner advances a base because of said fielder's failure to catch, stop, or try to stop a ball accurately thrown to a base, provided there was occasion for the throw. When more than one player could receive the throw, the scorer must determine which player gets the error

### Sec. 3. A BASE HIT SHALL NOT BE SCORED:

- a When a runner is forced out on a batted ball or would have been forced out except for a fielding error
- b When a player fielding a batted ball retires a preceding runner with ordinary effort

## RULE 12, SECTION 3

- c. When a fielder fails in an attempt to retire a preceding runner and, in the scorer's judgment, the batter-runner could have been retired at first base.

### **Sec. 4. A RUN BATTED IN IS A RUN SCORED BECAUSE OF:**

- A safe hit.
- A sacrifice bunt (FP), a sacrifice slap hit (FP), or a sacrifice fly (FP and SP). See Rule 1, Sec. 55)
- A caught foul fly.
- An infield putout or fielder's choice.
- A baserunner forced home because of obstruction, a hit batsman, or a base on balls.
- A home run and all runs scored as a result.

### **Sec. 5. A PITCHER SHALL BE CREDITED WITH A WIN:**

- When he is the starting pitcher, has pitched at least four innings, and his team is not only in the lead when he is replaced, but remains in the lead for the remainder of the game.
- When a starting pitcher has pitched at least three innings and his team scores more runs than the opposing team in a game that is terminated after five innings of play, or in a game that is terminated after his team has scored more runs in four or more innings than the opposing team has scored in five or more innings; and provided that his team is not only in the lead if he is replaced after three innings of pitching, but remains in the lead for the remainder of the game.

**Sec. 6. REGARDLESS OF THE NUMBER OF INNINGS HE HAS PITCHED, A PITCHER SHALL BE CHARGED WITH A LOSS IF HE IS REPLACED WHEN HIS TEAM IS BEHIND IN THE SCORE AND FAILS TO TIE THE SCORE OR GAIN THE LEAD THEREAFTER.**

### **Sec. 7: THE SUMMARY SHALL LIST THE FOLLOWING ITEMS IN THIS ORDER:**

- The score by innings and the final score
- The runs batted in and by whom
- Two base hits and by whom
- Three base hits and by whom
- Home runs and by whom
- Sacrifice flies and by whom
- Double plays and players participating in them
- Triple plays and players participating in them
- Number of bases on balls charged to each pitcher
- Number of batters struck out by each pitcher
- Number of hits and runs allowed by each pitcher
- The name of the winning pitcher
- The name of the losing pitcher
- The time of the game
- The names of the umpires and scorers
- (FP ONLY) Stolen bases and by whom
- (FP ONLY) Sacrifice bunts and by whom
- (FP ONLY) The names of batters hit by a pitched ball and the names of the pitchers who hit them

## **RULE 12, SECTION 7**

s. (FP ONLY) The number of wild pitches charged to each pitcher.

t. (FP ONLY) The number of passed balls charged to each catcher.

**Sec. 8. (FP ONLY) A STOLEN BASE IS CREDITED TO A BASERUNNER WHENEVER HE ADVANCES ONE BASE UNAIDED BY A HIT, PUTOUT, FORCE OUT, FIELDER'S CHOICE, PASSED BALL, WILD PITCH, AN ERROR, AN ILLEGAL PITCH, OR OBSTRUCTION.**

**Sec. 9. ALL RECORDS OF A FORFEITED GAME WILL BE INCLUDED IN THE OFFICIAL RECORDS EXCEPT THAT OF A PITCHER'S WON-LOST RECORD.**

# POINTS OF EMPHASIS

## I. APPEALS

- A. TYPES:** There are four major appeal plays: (1) Missing a base, (2) Leaving a base on a caught fly ball before the ball is first touched, (3) Batting out of order, (4) Attempting to advance to second base after making the turn at first base.
- B. ALIVE:** In all games an appeal may be made during a live ball by touching the base missed or left too soon on a caught fly ball, or by tagging the runner committing the violation if he is still on the playing field.
- C. DEAD:** The dead ball appeal may be made in all games once time has been granted. Any infielder, with or without the ball, may make a verbal appeal on a runner missing a base or leaving a base too soon on a caught ball. The administering umpire should then make a decision on the play.
- D. MAY NOT RETURN:** A runner may not return to touch a missed base or one left too soon on a caught fly ball if:
- 1) he has entered his team area.
  - 2) a following runner has scored, or
  - 3) he is occupying a base beyond the one missed or left too soon on a caught fly ball, and the ball becomes dead.
- E. WHEN:** appeals must be made (1) before the next legal or illegal pitch or (2) before the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area.
- F. ADVANCE:** Runners may advance during a live ball appeal play. If the ball is not dead in FAST PITCH, each runner may leave his base when (a) the pitcher no longer has possession of the ball within 8 feet of the pitcher's plate, or (b) when the pitcher makes a play on any runner (a fake throwing motion is considered a play). IF TIME OUT IS REQUESTED FOR AN APPEAL, THE UMPIRE SHOULD GRANT IT IN EITHER FAST OR SLOW PITCH, and runners may not advance until the next pitch.
- G. MORE THAN ONE APPEAL:** More than one appeal play may be made, but guessing games should not be allowed. Example: Runner misses second by a step but just touches the corner of third base. Even though an appeal is made at third (umpire called runner safe), an appeal may be made at second on the same runner.
- H. AWARDS:** An appeal must be honored even if the base missed was before or after an award.
- I. PLATE & TAG MISSED:** If a runner misses home plate and the catcher misses the tag, the umpire should hesitate slightly. If no tag is made, he should declare the runner safe. If an appeal play is then made by tagging either the runner or home plate, the umpire should then make a decision on this appeal play.
- J. FORCE OUT:** If an appeal is honored at a base to which a runner was forced to advance and the out is a force out, no runs would score if it was the third out. If a forced runner, after touching the next base, retreats for any reason towards the base he had last occupied, the force play is reinstated, and he may again be put out if the defense tags the base to which he is forced. NOTE: There may not be a force out if the batter does not become a batter-runner or baserunner.
- K. TAG UPS:** If a runner leaves a base too soon on a caught fly ball and returns in an attempt to retag, this is considered a time play and not a force out. If the appeal is the third out, all runs scored by runners in advance of the appealed runner, and

## POINTS OF EMPHASIS

scored ahead of the legal appeal, would count.

**L. MISSING FIRST BASE BEFORE THE THROW ARRIVES:** If a runner passes first base before the throw arrives, he is considered to have touched the base, unless an appeal play is made.

**M. FOURTH OUT APPEAL:** An appeal may be made after the third out as long as it is made properly; i.e., one out with a runner on third and a runner on first base. Batter hits a fly ball that is caught. Each runner leaves his base before the caught ball is touched. An appeal is made at first base for the third out. The defensive team then makes another appeal at third before the infielders leave the infield. The runner on third would be declared out also, and the run would not count.

**2. BATTING OUT OF ORDER** may be appealed by the defensive team while the batter is at the plate. The offensive team may correct a wrong batter at the plate with no penalty. Once a batter has completed his turn at bat and before the next legal or illegal pitch, or before the pitcher and all infielders have clearly vacated their normal fielding positions and have left fair territory on their way to the bench or dugout area, the appeal may be made by the defensive team only.

### **3. BATTING OUT OF THE BATTER'S BOX**

In order for the batter to be called out for "batting out of the box," one foot or both feet must be on the ground **completely outside the lines of the box when contact is made with the ball**. The lines of the batter's box are considered inside the box. The batter is to be called out if any part of a foot is touching home plate when he hits the ball, even though he may be touching the lines of the batter's box.

Hitting the ball while out of the batter's box is not an appeal play. It must be called immediately. The batter is out whether the ball is hit fair or foul. In cases where there are not batter's box lines evident, good judgement must be used, and the benefit of any doubt must go to the batter.

### **4. CATCHER'S BOX**

The catcher's box, as described in Rule 2, Sec. 4d, is 10 feet in length from the rear outside corners of the batters' boxes, including home plate. (SP ONLY) The catcher may not have any part of his body or equipment touching the ground outside the lines of the catcher's box until the ball is batted, touches the ground or plate, or reaches the catcher's box. It is a violation of Rule 6, Sec. 3d and an illegal pitch if the catcher touches the ground outside the lines of the catcher's box. The intent of this rule is to prevent catcher obstruction.

Even if the catcher is legally within the catcher's box, he may not obstruct the batter. Obstruction does not require contact between the catcher and the bat or batter. The umpire's request for the catcher to move farther away from the batter to avoid injury or obstruction should always be obeyed. (See *catcher obstruction* under POE.)

### **5. CONFERENCES**

#### **A. Defensive**

A charged defensive conference takes place when the defense requests a suspension of play for any reason, and a representative enters the playing field and confers with the pitcher. The intent of the rule is to reduce delays in the game. It is also a con-

## POINTS OF EMPHASIS

ference if the team representative confers with another player who, prior to a pitch being thrown, confers with the pitcher. The umpire should advise the team representative when he declares a charged conference. The penalty for a second charged conference with the same pitcher in one inning is removal of the pitcher from the pitching position for the duration of the game.

The following are **not** defensive conferences:

- 1) If the team representative informs an umpire prior to crossing the foul line that he is removing the pitcher, and he does so.
- 2) Shouting of instructions from the dugout area to the pitcher.
- 3) If a dugout representative confers with a pitcher during a charged offensive conference and is ready to play ball when the offense is.
- 4) A manager playing in the game may confer with the pitcher and is not charged; however, an umpire may control repeated meetings between a playing manager and a pitcher by first issuing a warning and then ejecting that manager.

### B. OFFENSIVE

An offensive charged conference occurs when an offensive team **requests a suspension of play** and is granted time by an umpire to permit a team representative (usually the manager or coach) to confer with a batter and/or baserunner(s). One conference is allowed between the team representative and either one batter and/or baserunners per inning. **PENALTY:** the umpire(s) should refuse to grant the second conference. If the offensive team insists on holding a second conference in an inning after being informed by the umpire that it is **not** permitted, the umpire should eject the team representative from the game and from the playing field. It is not a charged offensive conference if: 1) a team representative confers with a batter and/or baserunner(s) during a defensive charged conference and is ready to play when the defense is, and 2) if pitcher is putting on a warm-up jacket.

### 6 CROW HOP AND LEAP (Fast Pitch Only)

A CROW HOP can be as little as inches from the pitching plate or several feet from the plate. It is defined as the act of a pitcher who slides or hops off the front of the plate, replants the pivot foot, pushes off from the spot and completes the delivery. With this action, the pitcher is gaining an advantage by replanting the pivot foot in front of the rubber, establishing a second impetus (or starting point), at a distance less than required by rule (46 feet for men and boys and/or 40 feet for women and girls).

LEAPING is defined as the act of a pitcher which causes him to be airborne on his initial move and push to the plate. The momentum built by the forward movement of the pitcher, causes the entire body including both the pivot and non-pivot feet to be in the air and moving toward home plate as the delivery is completed.

With the leaping style of pitching, the pitcher will release the ball simultaneously with his return to the ground, the pivot foot will then slide to the side and drag as the pitcher follows through. This follow through should not be confused with replanting and gaining a second starting point (as in the CROW HOP) but simply a finish or follow through of the leap style pitching. At the completion of the leap, the non-pivot foot is **planted** and will not allow the pitcher to gain further distance towards the plate, therefore the slide and drag of the pivot foot is a legal act.

# POINTS OF EMPHASIS

## 7. DELAYED DEAD BALL SITUATIONS

There are now six situations when umpires will enforce a delayed dead ball call:

- 1) An illegal pitch (Rule 6, Secs. 1-8)
- 2) Catcher's obstruction (Rule 8, Sec. 2d)
- 3) Plate umpire obstruction (Rule 8, Sec. 6d)
- 4) Obstruction (Rule 8, Sec. 5b)
- 5) Batted or thrown ball hit with detached equipment (Rule 8, Sec. 5f)
- 6) Runner at 3B or 1B assisted by a coach on a tag up (Rule 8, Sec. 8m)

Once the entire play is completed in each situation, the proper enforcement should be made. In (5) a double play could be called: one out on the coach assisting the runner and the second out on the caught ball.

## 8. DELIBERATELY CRASHING INTO A FIELDER WITH THE BALL

(Interference)

In order to prevent injury and protect the defensive player attempting to make a play on a runner, the runner must be called out if he remains on his feet and deliberately, with great force, crashes into a defensive player holding the ball and waiting to apply a tag. NOTE: If the act is determined to be flagrant, the offender will be ejected. A runner may slide into the fielder.

- 1) When a runner is called out for deliberately crashing into a fielder holding the ball, the ball becomes dead. Each runner must return to the last base touched at the time of the contact.
- 2) If, in number (1) above, the runner deliberately crashed into a fielder holding the ball before he was put out and, in the judgement of the umpire, it was an attempt to break up an obvious double play, the immediate succeeding runner will also be declared out under Rule 8, Sec. 8j.
- 3) If the deliberate crash occurs after the runner was called out, the runner closest to home plate will be declared out under Rule 8, Sec. 8r.
- 4) If an obstructed runner deliberately crashes into a fielder holding the ball, the obstruction call will be ignored, and the runner will be called out under Rule 8, Sec. 8t. An award of this type under Rule 8, Sec. 5b(1) and (2) does not give the runner the right to violate Rule 8, Sec. 8s.

## 9. DESIGNATED PLAYER OR DP (FP ONLY)

This individual was previously called the "DH", however, because of the rule change whereby he can now play defense, he shall now be called a "designated player" or "DP". The player listed number 10 in the batting order, who plays defense only, will be called the DEFO.

- 1) Any of the starting 10 players may be withdrawn and re-enter the game one time.
- 2) Only nine players may bat, however, defensive players may play any position any time on defense without penalty. DPs are not limited to only one defensive position.
- 3) No one is considered to have left the game until he has been removed from the batting order. EXCEPTION: The DEFO is considered to have left the game any time he is substituted for, or the DP plays defense for him.

## POINTS OF EMPHASIS

- 4) If the DP plays defense for some player other than the DEFO, in reality the other player only bats and assumes the DP role temporarily.
- 5) A starting player and his substitute may never be in the game at the same time.
- 6) The DP and DEFO may never be on offense at the same time.
- 7) The DEFO may never play offense only.
- 8) The DEFO may enter the game offensively for the original DP position.
- 9) The DP may never play defense only.
- 10) The DP and the DEFO may both re-enter one time, just like any other starting player.

### 10. DOUBLE BASE

With the approval of the double base at first base, the following rules should be enforced for its usage:

- A. A batted ball hitting the white portion is declared fair, and a batted ball hitting the orange portion is declared foul.
- B. Both white and orange portions are treated equally for both the offense and the defense when running out a base hit or attempting to tag the bag for a force out.
- C. The batter-runner may use the orange portion on the first attempt at first base; however, should he reach and go beyond first base, he must return to the white portion.
- D. Should the batter-runner round the base on a hit to the infield or to the outfield, he must return to the white portion.
- E. When tagging up on a fly ball, the white portion must be used.
- F. On an attempted pick off play (F<sup>o</sup> ONLY), the runner must return to the white portion.

### 11. EQUIPMENT ON THE PLAYING FIELD

No loose equipment, miscellaneous items, or detached part of a player's uniform, other than that being legally used in the game at the time, should be within playable territory. Equipment which may be within playable territory with no penalty includes the batter's bat, the catcher's mask, umpire paraphernalia, any helmet which has inadvertently fallen off an offensive or defensive player during the course of play, or any equipment belonging to a person assigned to the game. Loose gloves, hats, helmets, jackets, bats (including the on-deck batter's hat[s]), or any other loose equipment, miscellaneous item, or detached uniform part which are within playable territory and are not being legally used in the game at the time could cause a blocked ball or interference (Rule 8, Sec. 5g).

- A. **THROWN BALL:** (1) If a thrown ball hits loose equipment belonging to the team at bat, interference is ruled if such action interferes with the play. The player being played on shall be declared out, the ball is dead, and each baserunner must return to the last base touched prior to the thrown ball hitting the loose equipment. (2) If the hat or glove belongs to the team in the field, it becomes a blocked ball, and the overthrow rule applies. (3) If no apparent play is obvious, no one is called out, but all runners must return to the last base touched at the time of the dead ball declaration.
- B. **BATTED BALL:** (1) A batted foul ball touching loose equipment is a foul ball. (2) A batted fair ball bouncing off a fielder or a base and touching loose equipment

## POINTS OF EMPHASIS

belonging to a) the offense or b) the defense is considered a live ball and in play.

**The umpire should make every effort to keep all playable territory free of loose equipment, clothing, or miscellaneous items. When they are noticed, have them removed immediately.**

### 12. EXTRA PLAYER OR EP (SP ONLY)

This individual was previously called the "EH"; however, because of the rule change whereby he may now play defense, he shall now be called an "extra player" or "EP." If a team uses the EP, it must be on the lineup card at the start of the game and the team must end the game with 11 players or forfeit.

All 11 players bat, but only 10 play defense. Changes with the defensive players may be made each inning; however, the batting order may not change. (i.e., the EP may sit on the bench one inning, play 3B one inning, play outfield one inning, sit on the bench again, and then play 1B. All would be legal as long as the EP remained in his same position in the batting order. This would be the same for any of the 11 starting players.)

Any of the starting 11 may leave the game once and re-enter. A starting player and his substitute may not be in the game at the same time. If this occurs, the manager and the player listed in the wrong spot on the batting order are ejected by the umpire.

### 13. FAKE TAG

A. A "FAKE TAG" occurs when a fielder without the ball deceives the runner by impeding his progress (Exp: causing him to slide, slow down, or stop running).

1) **Obstruction** is called when a **FAKE TAG** is made as mentioned above. The umpire shall give the delayed dead ball signal and let the play continue to its completion. The obstructed runner — and each other runner affected by the obstruction — will always be awarded the base or bases he would have reached if there had not been any obstruction under Rule 8, Sec. 5b(2). Remember, each runner is awarded a base or bases only if, in the judgement of the umpire, he would have made the base or bases had there not been any obstruction.

2) **The umpire should rule 'obstruction' on a FAKE TAG.** Continued **FAKE TAGS** should result in ejections. In flagrant cases where the sliding player gets hurt, the offending player should be ejected without warning.

3) If a fielder fakes a tag but the runner continues on to the next base without sliding or breaking stride, there is no rule violation. *Obstruction* is "the act of a fielder in the base path without the ball, impeding the progress of a runner." In this case the progress was not impeded.

### 14. FALLING OVER THE FENCE ON A CATCH

A player does not have to have either one or both feet on the ground when making a catch. If he catches a ball in the air and his momentum carries him through or over a fence, the catch is good, the batter-runner is out, the ball is dead, and with fewer than two outs, all runners are advanced one base without liability to be put out. Guidelines to use are: (1) If he catches the ball **BEFORE** he touches the ground outside the playing area, the catch is good. (2) If he catches the ball **AFTER** he touches the ground outside the playing area, it is not a catch.

## POINTS OF EMPHASIS

### 15. FORFEITS

- A. Remember, only the **plate** umpire may forfeit a game (Rule 10, Sec. 2f).
- B. If a base umpire forfeits a game, however, the **plate** umpire should also announce the forfeiture, if he agrees. If he disagrees, he should reverse the **base** umpire's decision, although this should rarely happen.
- C. The umpire **may** forfeit a game if physically attacked by a player or spectator. The word *may* is used instead of *shall* to give the umpire leeway since circumstances often dictate whether or not the game should be forfeited. An umpire should use good judgement when forfeiting a game. Forfeiture of a game should always be his last option.

### 16. HITTING A BALL A SECOND TIME

When an umpire considers the act of a batter "hitting a ball a second time," he should place the act into one of three categories. These are:

- A. If the bat is in the hand(s) of the batter when the ball comes into contact with it, and if the bat is over fair territory, **including over home plate**, and the batter is in the batter's box, it is a foul ball. If an entire foot of the batter is completely outside the lines of the batter's box, he is out. If the ball is over foul territory or in the batter's box when the second contact is made, it is a foul ball. When in doubt, don't guess the batter out. Call it a foul ball.
- B. If the bat is out of the batter's hand(s) (dropped or thrown) and it hits the ball in fair territory, the ball is dead, and the batter-runner is out. If the ball hits the bat on the ground, the batter is not out. The umpire should then determine whether the ball is fair or foul based on the fair/foul rule. If the ball rolls against the bat in fair territory, it remains alive. If it stops or is touched in fair territory, it is a fair ball. If it touches the bat in fair territory and then rolls to foul ground and stops, it is a foul ball. If the ball rolls against the bat in foul territory, it is a foul ball regardless.
- C. If a batter swings and misses the ball but accidentally hits it on the backswing, or intentionally hits it on the second swing, the ball is dead whether hit fair or foul, and is called a foul ball. If on the third strike in slow pitch, the batter is out.

### 17. HOME RUN CLASSIFICATION (SPONLY)

A limit of over-the-fence home runs will be used in all men's and co-ed slow pitch divisions. There is no limit to men's Super Division or women and youth play.

- A. All balls hit over the fence in a game BY A TEAM in excess of the following limits will be ruled a foul ball, and if a foul ball is the third strike, the batter is out; Major (12) and Class A (6). Major church, industrial, co-ed, masters, and class 'B' have a limit of three (3) with any excess calling the batter out. Class 'A' church, industrial, co-ed and co-ed industrial and class 'C' have a limit of one (1) home run with any excess calling the batter out. For any class 'D' classification the first player who hits a home run is called out, and for any subsequent player hitting a home run is declared ineligible and removed from the game.
- B. Any ball touched by a defensive player which then goes over the fence in fair territory should be considered a four base award and is not included in the total of over-the-fence home runs.

## POINTS OF EMPHASIS

- C. If the batter misses first base on the over-the-fence home run and is called out on an appeal play, he is not credited with a hit, and the team is not charged with a home run if no preceding runner has scored as a result of the hit ball. If he misses any base and is called out on an appeal play, the hit ball would still count towards the over-the-fence home run limit if any preceding runner has scored, despite the fact that it would be recorded in the scorebook as either an out, a single, a double, or a triple.

### 18. IMAGINARY LINE OR DEAD BALL AREA

When a fielder carries a live ball into a dead ball area, the ball becomes dead, and base or base(s) are awarded all baserunners. If the act is unintentional, the award is one base. If the act is intentional, the award is two bases. The award is governed from the last base legally touched at the time the ball became dead.

If a chalk line is used to designate an "out of play" area, the line is considered in play. If a fielder is touching the line, he is considered in the field of play and may make a legal catch or a legal throw. If either foot is on the ground completely in dead ball territory (not touching the line), the ball becomes dead. No play may be made.

If a player has one foot inside the line or touching the line, and another foot in the air at the time a catch is made, the catch is good, and the batter is out. If the fielder then steps into a dead ball area (foot on the ground), the ball becomes dead, and all baserunners are awarded one base from the last base touched when the ball became dead.

### 19. INTENTIONALLY DROPPED BALL.

The ball could not be intentionally dropped unless the fielder has actually caught and then dropped it. Merely guiding the ball to the ground should not be considered an intentionally dropped ball.

### 20. INTENTIONALLY THROWN BALL OUT OF PLAY

Defensive players who intentionally throw ball out of play in order to prevent a runner from returning to a previous base will be penalized by awarding all runners two bases from the last base touched when the ball left the fielder's hand. Normal award would be from the "original base" if a runner is returning to the original base. (See Rule 8, Sec. 5, EXCEPTION)

### 21. INTENTIONAL WALK (FP ONLY)

The ball is alive during an intentional walk in fast pitch. All defensive players except the catcher who must remain in his catcher's box, and the pitcher who must be in a legal pitching position at the start of each pitch, must be in fair territory until the pitch is released. If they do not position themselves in fair territory, an illegal pitch should be called for each pitch thrown while any member of the defense is standing in foul territory. In fast pitch the pitches must be thrown to the batter.

### 22. INTENTIONAL WALK (SP ONLY)

Because the ball is dead when it crosses the plate and therefore no play may be made, it is permissible for the batter to be walked intentionally if the plate umpire is notified by the pitcher. IF TWO SUCCESSIVE BATTERS ARE TO BE WALKED, the plate umpire will not award the second intentional walk until the first batter reaches first base (Rule 8, Sec. 2c).

## POINTS OF EMPHASIS

### 23. INTERFERENCE

*Interference* is defined as "the act of an **OFFENSIVE** player or team member which impedes, hinders, or confuses a defensive player attempting to execute a play." Defensive players must be given the opportunity to field the ball **anywhere** on the playing field.

- A) **Baserunning** interference includes a baserunner or batter-runner who interferes with a fielder, a baserunner or batter-runner who is hit by a fair, untouched batted ball, and a thrown ball which strikes any illegal loose equipment, detached part of a uniform, or miscellaneous item left in playable territory by the offensive team.
- 1) When a runner interferes with a fielder, it may be in the form of physical contact, verbal distraction, visual distraction, or any other type of distraction which would hinder the fielder in the execution of a play. The umpire must determine if the interference occurred before or after the runner who interfered was put out and then apply the proper rule. Verbal interference is actually an act of unsportsmanlike conduct and should be treated as such when calling a player out.
  - 2) When a baserunner is hit by a fair batted ball, it is interference if it occurred **before** it passed an infielder (excluding the pitcher) or **after** it passed an infielder (if another infielder had a chance to make an out), and provided the runner was not in contact with a base. It is **NOT** interference if the batted ball touched or was touched by a player before it hit the runner.
  - 3) A runner could be standing on a base and a defensive player bumps the runner while watching the flight of the ball. If the defensive player fails to make a catch on a catchable ball, it is umpire's judgement whether interference should or should not be called. The rule provides that a coach or runner must vacate any space needed by a fielder to make a play on a batted ball, unless the runner has contact with a legally occupied base when the hindrance occurs. In such case, the runner should not be called out unless the hindrance is intentional.
- B) **Batter** interference occurs while the batter is at bat and before he hits the ball. It occurs in Fast Pitch when the batter interferes with the catcher's throw on an attempted steal, or when he interferes with the catcher on a play at the plate. The batter's box is not a sanctuary for the batter. He must vacate it to prevent interference.
- C) **On-deck batters** may be charged with interference if they interfere with a throw or a fielder's opportunity to make an out on a fly ball.
- D) **Coach's** interference occurs when a base coach runs toward home and draws a throw, when he interferes with a fielder attempting to catch or throw a ball, or when he aids a runner. The coach's box is not a sanctuary.
- E) **Spectator** interference occurs whenever a spectator enters the field and interferes with a play, or reaches onto the field from the stands and prevents a fielder from catching a fly ball in the field of play. It is **not** interference if the fielder reaches into the stands. The field belongs to the fielder, and the stands belong to the spectators.
- F) **Umpire** interference occurs: (1) (FP & SP) when an umpire is hit by a fair untouched batted ball before it passes an infielder (excluding the pitcher) or after it

## POINTS OF EMPHASIS

passes an infielder (including the pitcher) and another fielder had a chance to make an out; or (2) (FP) when an umpire interferes with a catcher's attempt to put out a baserunner stealing. In number (1) the batter-runner is awarded first base (exception to the statement that someone must be called out on interference). In number (2) it is interference only if the baserunner is not put out, in which case he is returned to his base. In no other case is umpire interference ruled.

**When batter, batter-runner, baserunner, on-deck batter, or coach interference occurs, the ball is dead, someone must be called out, and each other baserunner must return to the last base touched at the time of the interference.**

### 24. LOOK-BACK RULE (FP ONLY)

**Rule 8, Sec. 8f: The baserunner is OUT:**

When he fails to keep contact with the base to which he is entitled until a legally pitched ball has been released. When a baserunner is legitimately off his base after a pitch or as a result of a batter completing his turn at bat, he must immediately attempt to advance to the next base or immediately return to the base left while the pitcher has the ball within the 8-foot radius of the pitcher's plate. **The responsibility is completely on the runner.** There is no obligation on the pitcher to **LOOK, FAKE, OR THROW.**

- A) Failure to immediately proceed to the next base or return to his original base after the pitcher has the ball within the 8-foot radius of the pitcher's plate will result in the baserunner being declared out.
- B) Once the runner returns to a base for any reason, he will be declared out if he leaves said base, unless a) a play is made on him or another runner, b) the pitcher does not have possession of the ball within 8 feet of the pitching plate, c) the pitcher releases the ball to the batter, or d) the pitcher drops the ball
- C) If two runners are off base and two different umpires call each runner out, they must determine which runner was called out first and return the other to the base he left. It is not possible to obtain two outs on this rule

**A base on balls is treated the same as a batted ball as long as the batter-runner continues past first base. If he stops at first base, however, and then steps off the base after the pitcher has the ball within 8 feet of the pitcher's plate, he is OUT.**

If, after the pitcher has the ball within 8 feet of the pitcher's plate, the runner starts back to his original base or forward to another base and then stops or reverses direction, he is **OUT**, unless the pitcher makes a play on him. When a play is made on a runner, he may stop or reverse his direction.

The runner is **OUT** if he stands off his base and does not immediately attempt to advance or return after the pitcher has the ball within 8 feet of the pitcher's plate.

If the pitcher throws the ball from within 8 feet of the pitcher's plate, carries it from there; sets it on the ground, or otherwise loses possession of it, including handing it to another player (even within the 8 feet), it is interpreted as **MAKING A PLAY**, and runners on base may leave at their own risk, provided time is not out. A fake throw is also considered as **MAKING A PLAY**. The throwing arm must be raised on a fake

## POINTS OF EMPHASIS

throw, and an actual movement forward must be made. Just raising the arm is not considered a fake throw.

A player is considered to be within the 8-foot radius when he is a) standing completely inside the 8-foot circle or b) standing on the line.

### 25. MODIFIED PITCH

Modified Pitch and Fast Pitch softball follow the same rules in all aspects of the game except the pitching requirements. This in fact created the title MODIFIED PITCH. Pitchers are restricted in their delivery. No windmill or sling shot delivery is allowed. This restriction has created an equal game involving pitching, hitting, and defensive play. Together with the strategies of fast pitch, the MODIFIED PITCH game is gaining in popularity throughout the country. The significant points to look for in a Modified Pitch legal delivery:

- A. The pitcher shall take a position with both feet on the ground and in contact with the pitcher's plate.
- B. While in this position, the pitcher shall take a signal from the catcher.
- C. The pitcher shall hold the ball in both hands for not less than 1 second and not more than 10 seconds before releasing it.
- D. The pitcher may take the ball behind the back on the backswing.
- E. The ball must not be outside the pitcher's wrist on the downward motion and during the complete forward delivery.
- F. On the forward swing of the pitching arm, the elbow must be locked at the point of release.
- G. The shoulders and the driving hip must be squared to home plate when the ball is released.
- H. The release of the ball must be on the first forward swing of the pitching arm past the hip.
- I. The release must have a complete smooth follow-through, with no abrupt stop of the arm near the hip.
- J. The pitch is completed with a step toward home plate and simultaneous with the delivery of the ball to the batter.

### 26. OBSTRUCTION

Obstruction is the act of a fielder (1) not in possession of the ball, (2) not in the act of fielding a batted ball, or (3) not about to receive a thrown ball, which impedes the progress of a batter-runner or baserunner who is legally running the bases.

NOTE: In defining "Not about to receive a thrown ball," the ball must be between the advancing runner and the defensive player about to make the catch and play. If the ball is outside this area, and a collision occurs, obstruction is ruled. If the ball is in this area and a collision occurs, it is neither obstruction nor interference, and the ball remains live.

Whenever obstruction occurs, whether a play is being made on a runner or not, the umpire will declare obstruction and signal a delayed dead ball. The ball will remain alive. If the obstructed runner is put out prior to reaching the base he would have reached had there not been obstruction, a dead ball is called, and the obstructed runner — and each other runner affected by the obstruction — will be awarded the base(s) he would have reached, in the umpire's judgement, had there not been obstruction. An obstructed run-

## POINTS OF EMPHASIS

ner may never be called out between the two bases where he is obstructed. If he is tagged between the same two bases, the obstructed runner would either be awarded the forward base or returned to the last base touched.

If the obstructed runner is put out after passing the base he would have reached had there not been obstruction, he is running at his own risk and if tagged, would be called out. The ball remains alive, and other plays may be made.

When an obstructed runner is awarded or reaches a base he would have made had there been no obstruction and a preceding runner is on that base, time will be called. The obstructed runner will be awarded that base, and the runner occupying it will be entitled to the next base without liability to be put out. **PLAY** — R1 advances to third base and remains there. R2 is obstructed rounding second base, and he makes it safely to third base. This is the base he would have reached had he not been obstructed. The ball is thrown to the third baseman while there are two runners on third base. **RULING:** "Two runners on the same base" does not apply here. Since R1 is forced, the umpire will call time and award R1 home and R2 third base.

**PLAY** — R2 is obstructed between second and third bases while a play is being made at the plate on R3. The ball is then thrown to F6 who tags the obstructed runner, R2, near third base. The ball is then thrown to F4 who tags the batter-runner, R3, attempting to reach second base.

**RULING:** The play at the plate was legal. When the ball is thrown to F6 and the tag made on the obstructed R2, the ball is ruled dead, and R2 is awarded third if, in the umpire's judgement, he would have made third. R3 is returned to first base because the ball was dead.

When the batter-runner is obstructed during a "rundown", a delayed dead ball is called. If the runner is tagged out after being obstructed, time is called, and he is awarded the base he would have made had there been no obstruction. If the ball is overthrown after the obstruction, the runner may advance. He may not be called out between the two bases where he was obstructed.

"Catcher obstruction" is a delayed dead ball call. Should catcher obstruction be called when the batter hits the ball, and if he reaches first base safely, and if all other runners have advanced at least one base, the obstruction is cancelled. All action as a result of the batted ball stands. If he does not reach first base, or if one of the other runners does not advance at least one base, the manager of the batting team has the option of taking the result of the play or awarding the batter first base and advancing other runners only if they are forced because of the award.

### 27. OVERRUNNING FIRST BASE

After over-running first base, the batter-runner may legally turn to his left or his right when returning to the base. If any attempt is made to advance to second, regardless of whether he is in fair or foul territory, he is liable for an appeal out if tagged by a defensive player with the ball.

### 28. OVERTHROWS

Runners are always awarded two bases on overthrows which become blocked. When the throw is by an infielder or an outfielder, the two bases are awarded from the last base touched at the time the ball left the thrower's hand.

## POINTS OF EMPHASIS

Direction of runners has no bearing on the award; i. e., when an overthrow is made on a runner returning to a base, he is awarded two bases from that base. If he was returning to first base and the throw was from the outfield and it left the outfielder's hand before the runner got back to first base, the runner would be awarded third base.

If a runner touches the next base and returns to his original base, the original base he left is considered the "last base touched" for purposes of an overthrow award.

The award of bases is based on the position of the front runner if there are two runners between the same bases at the time of award. Two runners between first and second will be awarded second and third; however, if two runners are between second and third, both will be awarded home.

When a fielder loses possession of the ball on an attempted tag and the ball then enters the dead ball area or becomes blocked, all runners are awarded one base from the last base touched at the time the ball entered the dead ball area or became blocked.

(FP ONLY) On pitched balls going out of play, the baserunners are awarded one base from the last base touched at the time of the pitch. If a batter receives a base on balls and the fourth ball gets away from the catcher and goes out of play, he will still be awarded first base only.

### 29. PITCHING (FAST PITCH)

There are six basic features in the pitching rule. They are:

#### A) CONTACT WITH THE PITCHER'S PLATE

**MALE ADULT AND JO BOY PITCHERS** may have only one foot in contact with the pitcher's plate. The non-pivot foot may be on or behind it. Both feet must be within the 24" length of said plate. **FEMALE ADULT AND JO GIRLS PITCHERS** must have both in contact with the pitcher's plate and within the 24" length of said plate.

#### B) SIGNAL

A signal must be taken by the pitcher while one or both feet are in contact with the pitcher's plate, the ball is held in one hand only, and the hands are clearly separated. The ball held in one hand may be held in front or behind the body. "Taking a signal" prevents a pitcher from walking onto the pitcher's plate and putting the batter at a disadvantage by throwing a quick pitch.

#### C) PRELIMINARY TO WINDUP

In the **MALE ADULT AND JO BOYS** competition, if the pitcher takes the signal with both feet on the plate and he wants to pitch with the non-pivot foot starting behind the plate, he may step or slide this foot backwards prior to bringing the two hands together, when simultaneously bringing the two hands together, or after bringing the two hands together. **FEMALE ADULT AND JO GIRL** pitchers must remain in contact with the plate and both feet during the entire preliminary process. (Both) After taking the signal, the ball must be taken in both hands and held for a minimum of 1 second and not more than 10 seconds. The pitcher may begin the pitch once the hands are brought together. During this entire period, the pivot foot must remain in contact with the pitcher's plate. No rocking movement which pulls the pivot foot off the plate is to be allowed. If the pivot foot turns or slides in order to push off the plate, this is acceptable as long as contact is maintained. It is not considered a step if the pitcher slides his foot across the plate.

## POINTS OF EMPHASIS

### D) **START OF PITCH**

The start of the pitch begins when the pitcher takes one hand off the ball or makes any motion that is part of his windup or delivery.

### E) **WINDUP**

The windup may not be two full revolutions. The pitcher's hand may go past the hip twice as long as there are not two complete revolutions. The wrist may not be any farther from the hip than the elbow. The windup may not have a stop or reversal of the forward motion.

### F) **STEP AND RELEASE**

A step (only one) **MUST** be taken and it must be **FORWARD**, toward the batter and within the 24" length of the pitcher's plate. Dragging the foot or pushing off with the pivot foot from the plate is required of **FEMALE ADULT AND JO GIRL** pitchers **MALE ADULT AND JO BOY** pitchers are allowed to have both feet in the air during the forward step. This leap is legal only in male competition. Pushing off from a spot other than the pitcher's plate is considered a crow hop and is illegal. The release of the ball must be simultaneous with the step. (See POE #6 for definition of a crow hop.)

## 30. **PITCHER'S UNIFORM**

A pitcher should be dressed identically to other players on the team. A long-sleeved sweat shirt of any color is acceptable under the jersey. If two players (including the pitcher) have sweatshirts on, they must be identical in color and style. No player may wear ragged, frayed, or slit sleeves on an exposed undershirt.

A pitcher may wear a batting glove and/or a wrist band on the glove hand and wrist. The batting glove may be white. (FP ONLY) Nothing may be on the pitching wrist or hand, including a bandaid.

(SP ONLY) A pitcher may wear a wrist band on his pitching arm and can have tape on the pitching fingers.

A pitcher may wear the pitcher's toe plate on his shoe.

## 31. **PROTESTED GAME UPHeld AND RESCHEDULED:**

When a protested game is upheld, the game is to be rescheduled from the point at which it was protested. Although the same lineups are to be used when the game is resumed, there is no penalty for substitutions legally placed into the lineups at this time. Even if a player was not at the protested game, he is legal to be substituted when the game is rescheduled as long as he is on the roster. If a player was ejected in the original game **AFTER THE PROTEST WAS FILED**, that player may legally play in the rescheduled game because he was legally in the game at the time of the protest, unless the ejection also drew a suspension for unsportsmanlike conduct.

## 32. **RUN SCORING ON THIRD OUT OF INNING**

A run will not score if the third out of the inning is a force out at first base (batter-runner) or at another base if a preceding runner is forced because of the batter-runner becoming a baserunner.

## POINTS OF EMPHASIS

Missed bases could result in a force out. (I. E., if the runner from first base missed second base on a base hit and that was the third out of the inning when properly appealed, any run(s) scored would not count.)

An appeal play on a runner leaving a base too soon on a caught fly ball is considered a "time play" and not a force. If the appeal results in the third out, any runners preceding the appealed runner would score if they crossed home plate prior to the out.

### 33. SHOES.

Metal cleats are legal in adult male and female fast and slow pitch. They are not legal in adult co-ed slow pitch play or any level of youth fast or slow pitch. Polyurethane or plastic cleats shaped to look like a metal triangle toe or heel plate are illegal in youth and co-ed play also. If there are nubbins or round plastic cleats in addition to the triangle plate, the shoe is legal. Cleats that screw onto a post are illegal, but cleats that screw into the shoe are legal.

### 34. STEALING (Slow Pitch)

Base stealing is illegal in slow pitch; however, the runner is not out. Since the ball is dead on balls and strikes, he is returned to the base he held at the time of the pitch. Because he cannot steal, he may not be picked off base either. A runner may be called out for failure to keep contact with a base to which he is entitled until a legally pitched ball is batted, touches the ground, or has reached home plate.

### 35. SUBSTITUTIONS

All substitutions must be reported to the plate umpire who in turn will report the changes to the official scorekeeper.

If a substitution is in the game without reporting, he is considered an "unreported substitute," and when brought to the plate umpire's attention by the offended team after the first legal or illegal pitch, and before the team in violation informs the umpire, the umpire will remove him from the game. Once removed by the umpire, that player now becomes an "ineligible player." Refer to Rule 4, Sec. 7a for various situations.

If a manager removes a substitute from the game and re-enters the same substitute later in the game, this is considered an illegal re-entry. For an illegal re-entry, the player and his manager are ejected. This would not be a forfeit. The only time a game is forfeited for a substitution violation is when a player removed by the umpire (ineligible player) is back in the same game.

Violation of any substitution rule is handled as a protest by the offended team.

### 36. TIE GAMES OR GAMES CALLED WHICH ARE LESS THAN REGULATION, When these games are rescheduled, the same procedure should be followed as stated in POE #29, "PROTESTED GAME UPHeld AND RESCHEDULED."

In determining tie games after five innings (regulation game) have been played, the home team must have had the opportunity to bat and tie the score. If it has scored more runs than the visiting team and the game is called in the bottom of the fifth or sixth inning, the home team shall be the winner. If the visiting team has scored more runs than the home team in the sixth or seventh and the home team has not had the opportunity to complete its turn at bat, the game reverts back to the previous inning. If that score was tied, it would be a tie game; if the score was not tied, a winner would be declared if one team was ahead and five full innings had been played.

## POINTS OF EMPHASIS

If a game is called before five full innings have been played (four and one-half if the home team is ahead), the game will be resumed at the point at which it was called.

### 37. TIE BREAKER RULE

Although not officially adopted by the ASA, the tie breaker rule is used by the NCAA and in local leagues. During each half inning of the inning used to enforce the tie breaker, the offensive team shall begin its turn at bat with the player who is scheduled to bat ninth in that respective half inning being placed at second base. (I. E., if the number 5 batter is to lead off, number 4 in the batting order will be placed at second base. A substitute may be inserted for the runner.)

In scoring, the run scored by the player starting as a runner at second base shall be charged to the defensive team and not the pitcher. Depending on the judgement of the official scorekeeper, a run scored by any other player will be charged to a pitcher's ERA.

# **NAGWS Affiliated Boards of Officials**

The Affiliated Boards of Officials (ABO) is one of the structures of the National Association for Girls and Women in Sport (NAGWS). The following official statement of goals was approved by the ABO Executive Council (Winter, 1989) in an effort to clarify the future directions of ABO:

1. To improve the quality of officiating for girls' and women's sports contests, regardless of the level of skill/maturity of players, or the rules governing the contest.
2. To increase the number of competent women officials, not to the exclusion of men, but as needed affirmative action.
3. To promote the involvement of women in the governing bodies of other sports officiating groups.

The purpose of the ABO is to promote quality officiating for girls' and women's sports programs by:

- (1) Developing officiating techniques
- (2) Providing materials for training and rating officials
- (3) Disseminating information about officiating
- (4) Promoting the use of ABO-rated officials
- (5) Developing standards of conduct for officials compatible with the philosophy of the NAGWS.
- (6) Providing the organization and administrative structure for the coordination of the Affiliated Boards.
- (7) Promoting standards with respect to training, ratings, and uniforms.

Over 100 Boards of Officials throughout the United States are affiliated with NAGWS/ABO. These boards provide opportunities for interested individuals to learn about officiating or judging in various sports. The ABO disseminates information on proper techniques and mechanics, and sets standards for evaluation based on those techniques. The ABO also provides theoretical testing materials and sets standards used to evaluate officials on their knowledge.

# Statement of Philosophy of the Affiliated Boards of Officials

## **The Role of the Official in the Competitive Situation**

Educational values should be of primary concern to all who have leadership roles in a competitive program. As one of those fulfilling leadership roles, the official must be concerned with promoting those values and with the welfare of the participant. The unique contribution of the official is assuring equal opportunity and fair play for all. The official essentially acts as an arbitrator, providing judgments that are within the spirit and intent of the rules. Decisions are based on objective evidence, free from bias and from the emotion that often prevades the competitive environment.

An official enters the competitive situation with a thorough understanding of the letter, as well as the intent of the rules, the strategy, and skills of the sport to be played, and correct execution of officiating techniques to view the contest accurately. The official maintains a friendly yet reserved attitude toward all throughout the sport experience. The official is flexible, operating within officiating standards appropriate to the age of the performers, the level of skill, and the facilities available. Biases by players, spectators, and coaches will be evaluated with an understanding not only of the multiplicity of ways in which individuals may react to a competitive experience but also of the behavior appropriate to such an educational experience. Duties will be performed fairly, efficiently, and without drawing undue attention to the official. In order to strengthen the official's effectiveness, personal evaluation of performance will be made and solicitation of constructive criticism from coaches, players, and administrators will be sought. Though receiving a fee, the ultimate reward to the official will be that of having rendered a valuable service to girls and women who have found personal meaning in expressing themselves through the medium of sport.

# Standards for Officials' Ratings in Softball

There are four ratings for officials. Each is designed to meet the needs of various levels of softball competition and to stimulate the interest of individuals who desire to officiate. The **Apprentice Rating** qualifies the holder to officiate with another umpire, at lower level secondary games. The **Local Rating** qualifies the holder to officiate lower level secondary games or high school varsity games with another umpire. The **State Rating** qualifies the holder to officiate any secondary game with or without another umpire. The **Collegiate Rating** (formerly the State or National) qualifies the holder to officiate any high school, junior college, or four year college game.

## Duration of Rating

All ratings are for one year. Participants must meet the standards set for the theoretical examination and the rules and mechanics clinic defined below.

## Theoretical Examination

The written examination is given yearly to insure that the official has a thorough knowledge of the rules, and knows how to apply them. It is the NAGWS policy to set minimum standards with the understanding that all softball boards will adhere to them. There are two different forms of the test which can be administered one week apart for a participant who has failed to attain the minimum standards on the first form and wishes to be retested.

## Rules and Mechanics Clinic

All umpires must attend an approved rules and mechanics clinic given by either a member of the National Staff or by a person designated by the local board.

## Practical Examination

All practical examinations will be at the discretion of the local boards. One suggested system would be to set up a committee of evaluators (minimum of three). The evaluators would observe (unannounced or

announced) a team of two officials during a double header. The evaluators will observe and make note of the individual's mechanics and knowledge of the rules both behind the plate and on the bases. Specifically, the raters would be critiquing the following: promptness (arrives early), neatness of uniform, pregame duties, rules and application, mechanics, positioning and angle for calls, judgement and decisiveness, cooperation with partner, control of game, composure, reaction to game/crowd pressure, and general attitude. The evaluators would then meet with each official to discuss the strong aspects of their performance and to provide feedback on ways to improve.

## **Requirements for Ratings**

### **Apprentice Official**

1. a. Theoretical examination—minimum score of 70%.  
b. Practical examination—must show an interest in becoming an umpire and demonstrate basic umpiring mechanics.
2. Must attend an approved NAGWS clinic.

### **Local Official**

1. a. Theoretical examination—minimum score of 76%.  
b. Practical examination—must demonstrate a basic understanding of rule application and umpiring mechanics as determined by local board.
2. Must attend an approved NAGWS clinic.

### **State Official**

1. a. Theoretical examination—minimum score of 82%.  
b. Practical examination—must be able to interpret and enforce all rules and demonstrate proper mechanics and correct positioning as determined by the local board.
2. Must attend an approved NAGWS clinic.

### **Collegiate Official**

1. a. Theoretical examination—minimum score of 82%.  
b. Practical examination—must be an experienced official with a minimum of three (3) years of umpiring and successfully completed a practical examination as determined by the local board.
2. Must attend an approved NAGWS clinic.

## **Patch and Uniform**

All NAGWS/ABO officials are required to wear an official ABO patch which can be purchased *only* by board chairs, from the National Office. Patches are sport and rating specific, i.e., State, Softball. *At this time, there is not a patch for collegiate officials.*

The following uniform is required of all ABO officials receiving fees for their services: All umpires are to be dressed according to Rule 10, Section 1. Male *and female* umpires shall wear a powder blue Elbeco shirt, long or short sleeved; dark, navy trousers and cap. All other paraphernalia (socks, leather or vinyl belt, ball bag and jacket) must also be dark navy blue for both male and female umpires. The plate umpire, whether male or female, in fast pitch must wear a mask with a throat protector. Body protectors are mandatory for females in fast pitch and are optional in slow pitch.

# How To Become A Rated Official

1. Study the rules, techniques of officiating, and study questions.
2. Attend interpretations meetings and officiating clinics or training courses conducted in your vicinity.
3. Practice often. To some, officiating comes easily; to others it comes only as the result of hard work and concentration. Welcome criticism and work hard to improve.
4. Find out from the chair of the nearest affiliated board when examinations for ratings are to be held.
5. Take your rating remembering that it is the aim of the Affiliated Boards of Officials to maintain high standards for officials.

## Methods for Practical Examinations

### A. New Candidates

1. New NAGWS ABO candidates (inexperienced or unregistered) can qualify for an apprentice rating by meeting one of the following criteria:
  - a. attend a series of structured clinics set up by the Board, the number to be specified by the Board, *or*
  - b. secure a passing grade and the recommendation of the instructor in an officiating course at the college level (the course must be approved by the Board), *or*
  - c. attend officiating courses offered by another organization. Candidate must secure a recommendation from said course and such a course must be approved by the Board. Courses offered by recreation departments or adult education would be acceptable.New apprentices shall work with more experienced officials for a number of contests, as designated by the affiliated board.
2. New NAGWS/ABO candidates (those who are experienced officials and/or registered with other officiating organizations) can be awarded a rating after completing the following requirements:
  - a. receiving the appropriate score on the NAGWS/ABO Theoretical Examination (Form A or Form B); and,
  - b. demonstrating ability to use ABO officiating techniques. The local Affiliated Board shall specify the nature of the demonstration but shall recognize the official's experience.

## **B. Methods for Practical Renewal**

1. An official may renew or *upgrade* a rating by officiating under observation of the examining committee. See this section for number of raters required.
2. **Alternative Method for Renewing at the *same level*:** (Exception: basketball and volleyball nationals, gymnastics officials, and synchronized swimming officials).
  - a. officiate a minimum of 3 intercollegiate, interscholastic, or interagency contests during which a minimum of 5 different evaluators are involved. Evaluators may be sought from coaches of the teams involved and/or ABO officials watching the contest. (The NAGWS/ABO official must have a rating comparable to that being sought by the renewal candidate.) Prior to the contest, the candidate shall ask the coaches and/or officials to respond to the evaluation postcard addressed to the appropriate sports chair, indicating the quality of officiating. After the contest, the person responding should fill out the postcard, indicating an opinion as to the competency of the official and mail it to the appropriate sports chair. If an average of 4 is scored by the official as indicated from the 5 responses, a national rating is automatic, providing that a minimum of 88 had been scored on the theoretical examination. If an average of 3.5 is scored by the official as indicated from the 5 responses, a state rating is automatic, providing that a minimum of 82 had been scored on the written examination.
  - b. officiate a designated number of contests, such to be designated by the board.

If written complaints are received about an official renewing as in a. or b. above, a more formal method should be used.

## **Recommended Fees**

Local boards should establish fees that reflect the level of rating of the official as well as the type and level of competition within their locale. Boards are encouraged to establish fees in conjunction with local governing groups. The fee schedule should reflect differential pay based upon rating levels.

It is strongly recommended that fee schedules not differ from that of officials of boys' sports, given substantially similar type and level of competition as girls' sports.

## Registration of Officials

Most states require those who officiate either boys' or girls' interscholastic contests to be registered with the State High School Athletic Association or other administrative body. All NAGWS/ABO officials who officiate high school or junior high school games are urged to cooperate fully with their state regulatory body.

## Amateur Standing of Officials

An official who wishes to maintain amateur status as a participant in a sport must be aware of the ruling(s) on amateur status established by various governing bodies for that sport.

Amateur status is defined by high school and college governing bodies as well as by national sport governing bodies that hold the franchise from international sport governing groups.

The official who wishes to maintain amateur status as a participant is responsible for investigating the specific regulations of *each* governing body with jurisdiction over such eligibility.

# Information for Affiliated Boards

## How to Establish a Board of Officials

1. Establish the need for an affiliated board by contacting individuals in the area who have current ratings or who are interested in standardizing and raising the level of officiating.
2. Write to NAGWS/ABO Program Administrator, c/o NAGWS/AAHPERD, 1900 Association Drive, Reston, VA 22091, for a sample copy of an authorized constitution for officials' boards and application for becoming an affiliated board.
3. At a designated meeting of interested individuals present plans for forming a board.
  - a. Choose a name which will permit expansion of function as need may arise; do not limit title to one sport.
  - b. from the group, elect a chair, chair-elect, secretary, and treasurer.
  - c. form an examining committee of at least three members for each sport in which you would like to give ratings. If any member has been rated elsewhere, such experience should be helpful; such a rating is not necessary, however. It is suggested that members of the examining committee be examined and obtain ratings from other affiliated boards whenever possible.
  - d. make plans for drawing up a constitution according to the sample copy received from the NAGWS/ABO Program Administrator of the NAGWS Affiliated Boards of Officials. Plan to devote some time to the study of the rules and to practice officiating. If possible, secure the assistance of some rated official in each sport for which the Board anticipates giving ratings.
4. Send the completed application form, two copies of the local constitution, and a check for \$25 affiliation fee (made payable to the NAGWS Affiliated Boards of Officials) to the NAGWS National Office. Indicate the sports in which you wish to grant ratings by listing the names and qualifications of 3 interested individuals. Approval of the application will come from the ABO Past Chair who will request that examination packets be sent to your Affiliated Board Chair for all sports in which your Board is authorized to give ratings. The process of accepting an application for affiliation of a new Board and of requesting that the proper examination packets be sent ordinarily takes several weeks. Prospective Boards, therefore, should file for affiliation at least 2 months before they wish to hold rating sessions.

5. Administer Form A of the National Theoretical Examination. Form B of the National Theoretical Examination may be administered to those who did not pass Form A.
6. Conduct practice sessions in rating officials. All persons on the examining committee who have not previously rated officials should have a minimum of three practice sessions prior to actually rating. Secure the assistance of a rated official in these practice sessions if at all possible.
7. Give practical examinations to individuals who pass the written examination. (Note minimum number of raters required to give various ratings in this section.)
8. Order appropriate rating cards and patches from the NAGWS National Office for distribution to those who pass the theoretical and practical examination.
9. Send lists of approved officials to schools and other organizations in the area. This notice should indicate the fees for officiating and should give the name, address, rating, and telephone number of each official.
10. Keep accurate lists of all persons receiving ratings. Submit an NAGWS computer report for each sport in which your Board is authorized to give ratings and submit to the NAGWS National Office. An appropriate NAGWS computer form is included in each examination packet. Due date for submitting all forms: June 1; exception: Gymnastics due January 1. Send completed exam answer sheets to the NAGWS National Office, who conducts a yearly item analysis.

### **Adding Sports—Expansion of Services**

Should a Board wish to add ratings in other sports, the Chair of the Board should write the ABO Past Chair c/o NAGWS National Office. The Board should indicate the names of a minimum of 3 persons qualified to act as examiners in that sport for the next 2 years. Qualifications and experience in the sport should be listed for each potential examiner. Should your Board qualify, you will be notified by the ABO Past Chair and will receive a packet for administering examinations.

### **Maintaining Affiliated Status**

To maintain affiliated status in each sport in which it gives ratings, a Board must:

1. Pay dues each year to the NAGWS National Office. (Notification will be sent each spring.)

2. Submit a yearly NAGWS computer report to the NAGWS National Office regarding the current status of rated officials. (Reports for each sport must be submitted by **June 1**, with the exception of Gymnastics, which is due by January 1. Appropriate forms are included in examination packets.)

*Note:* Examination packets are mailed yearly to *qualified* boards on:

July 1—Volleyball

January 1—Gymnastics

January 15—Fast Pitch Softball

If you do not receive your packet(s) within 2 weeks of the above dates, contact the National Office, 1900 Association Drive, Reston, VA 22091 (703) 476-3452
