#### Abstract

Project EXCEL is a federally-funded workplace literacy program involving hotel enterprises in the San Francisco (California) Bay area. Its focus is on identification and instruction of literacy skills essential to job success for limited-English-proficient (LEP) workers. Training is intended to enable employees to understand written work orders, enhance communication with supervisors and co-workers, and encourage greater involvement through team building and critical thinking. This training module consists of seven instructional units designed for hotel laundry workers in one of the participating hotels. An introductory section provides a brief profile of the LEP laundry workers targeted by the curriculum, and notes on classroom techniques for unit presentation. The seven units coniain worksheets and written exercises on these topics: describing the work and oneself; telling time; days, months, and dates; the weekly schedule; hotel linen; use of the presser production form; and describing dirty laundry. Answer keys and the listening script to accompany the units are appended. (MSE) (Adjunct ERIC Clearinghouse on Literacy Education)

## Workplace Communication Training for Hotel Workers

a project of Career Resources<br>Development Center

## WORKPLACE EDUCATION

Project EXCEL is a workplace education partnership with hotel enterprises in the San Francisco Bay Area. Its focus is on the identification and instruction of literacy skills essential to on-the-job success for limited-Englishproficient (LEP) workers. Lessons are developed based on the specific needs at each hotel with emphasis on workplace communication and the American working culture.

## PARTNERSHIP

## Educational Provider: CRDC

Funded by the U.S. Department of Education, Project EXCEL is a training program administered by the Career Resources Developmenı Center (CRDC) in partnership with hotels. As ${ }^{-}$ the designated partner, CRDC is the fiscal agent responsible for program compliance and funding regulations as required by the federal government.

CRDC develops customized curricula for participating hotels, provides classroom instruction and coordinates the program.

CRDC is a non ${ }_{T^{\prime \prime}}$ ofit, communitybased employment training agency located in San Francisco and Oakland. Since 1966 CRDC has trained over 3,500 ethnic minority members and women and successfully placed them in jobs in the service indust ies and the clerical field. We have extended our services to tran and educate hotel workers. The agency has been working with local business partners to implement successful workplace literacy strategies since 1991.

## Hotel Partners

Business involvement is essential to the success of the training. Following are some examples of in-kind contributions which reflect commitment from hotel partners.

- Providing full or partial release time for workers to attend classes.

Providing facilities for classroom instruction.

- Assisting in curriculum design through consultations with our instructors and curriculum writers.

Recruiting interested workers for classroom training.

## GOALS OF THE TRAINING

The goals of the training are to enable workers togain and retain employment, increase their productivity on the job and advance in their careers.

These goals will be accomplished by raising the literacy and basic skills level of the workforce. The results are worth the effort. The program
enables employees to understand written work orders so they may perform tasks independently, enhances employees' ability to comprehend and communicate with supervisors and co-workers, and encourages greater worker involvement through team building and critical thinking activities.

## PROGRAM DESIGN

Training modules last 8 to 10 weeks, with a recommended 3 hours of training a week. Each training module will be customized according to the needs of the particular department. Participating departments include Housekeeping, Laundry, Stewarding, Food and Beverage, and others to be determined by the specific needs of hotel partners. Training modules may also include more general topics such as Health and Safety, English for Customer Service, Career Advancement and Work Ethics.

## SETTING UP WORKPLACE TRANING AT YOUR HOTEL

Below is a 5 -step summary of the implementation of Project EXCEL:
( Identify needs at the workplace (1 week)

Our experienced staff and curriculum developers conduct interviews with:

Managers
Supervisors
Workers
Union Representatives
to identify those areas where your employees would most benefit from instruction and training.

> | (2) Analyze job tasks and |
| :--- |
| communication skilis |
| (1 week) |

Curriculum developers and instruc tors observe and participate in actual tasks at the worksite to get an insiders view of the demands of the job.

Our staff also gathers written material used at the workplace in order to specialize the course design for your unique company procedures.
(3) Design a curriculum specific to the workplace (1-2 weeks)

After conducting the extensive task analyses, curriculum developers ezazmine the results. Based on their findings, they design and develop material for the course. Your employees will have textbooks and workbooks developed especially for them, using your hotel's policies and the needs identified by your orn staff as a basis for instruction.
(c) Set up training room (1 day)

With your help, EXCEL instructors will find and arrange for a training facility easily accessible to students.
© Conduct classes
( $8-10$ weeks)
EXCEL instructors will come to your hotel 2-3 days a week to equip your employees with the English they need to successfully communicate at their workplace.

## TO SIGN UP

We would be pleased to talk more with you about our program and to set up workplace literacy training at your work site. Please call , Project EXCEL's Program Coordinator, at 415/775-8880, extension 22
" As a leader in the hospitality industry, ITT Sheraton has stressed the fact that quality service rests on a foundation of effective communication. Improved English proficiency allows the systematic delivery of the rype of service designed to meet guests' needs and exceed their expectation. In the process the hotel has experienced the additional benefits of creating an environment where safety procedures are better understood, teamwork has improved and workers feel themselves to be secure, accepted, imporant members of the team."

Tom Passanaino
Director of Training
Sheraton Palace Hotel, San Francisco
"For years I've been whooping and hollering that a small business can train people in job skills, but we can't go back and give them a high schcol education. This program is grear, because the only thing that will work is training in the workplace. "

Gwen siapian
Presiaent

" The program has been a great help in improving communication between English-speaking managers and Hispanic employees.

Clear, precise communication is so important... There are so many things going on at once, so many jobs that are intertwined. Employers need to come up with ways to make sure everyone understands what is happening, wherher the employees speak Spanish, Chinese or any other language."

Barioara Radeliffe
Humar: Resources Director
Just Desserts Inc., San Francisco
" All over The City, hore' employees are polishing up their English -- at work -- in language classes specifically geared to their work-a-day need. The program, created by the Career Resources Devee.opment Center, has won kudos from hotel executives, union officials and employees .Japanese chefs, Chinese maids and Hispanic laundry workers."

## Worker Profile

This curriculum is especially designed for the limited English proficient (LEP) laundry workers at the San Francisco Sheraton Palace Hotel. The class is made up of 15 laundry workers, mostly sorters, folders, and pressers who sort, fold and press linen and hotel uniforms at the hotel. The class has 2 washers who mainly load and unload sorted linen into the washers and dryers. All of the workers are of Hispanic origin with Spanish as their native language. $80 \%$ of the workers are from Central America and 20\% from South America. Ages range from 21 to 68 years old. $90 \%$ of the workers are female with the exception of 3 who are washers. Washers are predominently men because of the heavy lifting and loading required of their work. As revealed in the worker interviews, they have limited education in their native countries. The workers all have taken one or two semesters of English as a Second Language at local adult learning centers in the United States. When tested for their English literacy proficiency, they all can show some familiarity with the English alphabet system, have sight word recognition skills and can fill out a very basic personal information form with some errors. The ESL proficiency of the class can be targeted at 100 to 200 level according to San Franciso Community College District's level descriptions; thus making this class a multi-level class.

## Teaching Notes

This text is a beginning, competency-based curriculum that attempts to integrate coping skills and functional language with essential language forms, vocabulary, and cultural information needed to function effectively at the Sheraton Palace Hotel.

There is a wide variety of activities within each unit to enhance and reinforce language learning and use. Because teamwork and cooperation are so essential in the workplace, opportunities for pair work and whole group interaction are important components of the course. Because pronunciation has been brought up as an important reason for the workers to want to come to class, pronunciation and intonation practice is integrated into the lessons whenever appropriate.

Each unit of the curriculum affords practice in listening, speaking, reading and writing. Lessons are self-contained and lend themselves to $a$ format in which two to three activities may be completed within an hour class period. The clais mests three times a week for an hour each day for a 15 week duration.

Teachers may choose to expand, rearrange, or omit a particular activity when appropriate. Material from different units may be taught simultaneously to keep the class interested and motivated.
