Average Daily Attendance

This chart shows the percent of students that attend school each day.

Free- or Reduced-Priced Meals

This is the percent of students that applied for and were approved for free- or reduced-priced meals as reported on the First 40-Day Attendance Report. It is an indicator of poverty.

Student Access To Technology

This chart shows student accessibility to the Internet and general computer use in the state's classrooms. The value displayed is the number of students per computer. A lower number indicates greater access to technology.

Safety and Discipline

The following chart shows the type of discipline problems that have occurred in public schools in the state and what actions were taken in 2003-2004. An incident may involve one or more students.

Incident Type	Number of Incidents Reported	ACTION TAKEN		
		Suspensions	Expulsions	Sent to Alternative School

Staffing

Highly Qualified Teachers

The *No Child Left Behind Act of 2001* (NCLB) requires that teachers demonstrate subject knowledge and teaching skills in the subject(s) and grade level(s) they teach. The graphs below represent the percent of current core academic subject classes taught by highly qualified teachers as well as the percent of current teachers who have met NCLB requirements.

Adequate Yearly Progress Status for 2004-2005

Based on School Year 2003-2004 Data

State accountability in Alabama is based on the federal law known as the *No Child Left Behind Act of 2001* (NCLB). NCLB uses the term Adequate Yearly Progress (AYP) to describe whether a school or system has met all of its annual accountability goals.

COMPONENTS OF AYP

1. Annual Goals for Reading and Mathematics
 - Percentage of students scoring proficient or higher (Levels III and IV)
2. Indicators Affecting Academic Proficiency
 - Attendance
 - Drop-out Rate
3. Participation Rate
 - Percentage of students participating in assessments

ASSESSMENTS USED IN DETERMINING AYP

- Alabama Reading and Mathematics Test (ARMT)
- Reading: Grades 4, 6, and 8
 - Mathematics: Grades 4 and 6
- Alabama High School Graduation Exam (AHSGE)
- Reading: Grade 11
 - Mathematics: Grade 11
- Alabama Alternate Assessment (AAA)
- Reading: Grades 4, 6, 8, and 11
 - Mathematics: Grades 4, 6, and 11

Alabama Reading and Mathematics Test 2004

The *Alabama Reading and Mathematics Test* provides an assessment of students' mastery of the content standards contained in the Alabama courses of study for reading and mathematics. The reading test was given in the fourth, sixth, and eighth grades. The mathematics test was given in the fourth and sixth grades.

All Students

These charts show the percent of students meeting or exceeding the academic content standards in reading and mathematics (Levels III and IV).

ACT TEST 2004

Most students planning to attend college take a college entrance exam. One of the best known is the ACT. This table shows the average of the highest ACT score for the senior class. The Southeastern average is 20.1 and the National average is 20.9.

Grade 12	Number Tested	Average Score	Grade

CAREER AND TECHNICAL EDUCATION

These programs are forming partnerships with business and industry to align curriculum with their standards. The goal is to certify all programs to industry standards by 2004. The number indicates the percentage of high school programs that have been certified. The letter grade measures whether or not these programs are on track to meet that goal.

Projected Percent	Grade

PERCENT OF HIGH SCHOOL STUDENTS ENROLLED IN CAREER/TECH CLASSES

This is the percentage of students in Grades 9-12 who are enrolled in career and technical education coursework as compared to the overall student population in Grades 9-12.

Projected Percent
54.7%

PERCENT OF POSITIVE PLACEMENTS IN CAREER/TECH

This represents the percentage of students who completed a career/technical program of studies and took a job in a related field or enrolled in postsecondary studies.

Projected Percent
94.4%

PROJECTED 4-YEAR DROPOUT RATE

This table shows the percent of students in the 9th grade in 2002-2003 who are projected to leave school prior to graduation in 2006.

Please note: This is NOT the annual dropout rate.

Alabama Alternate Assessment 2004

The *Alabama Alternate Assessment* is designed for special education students whose Individualized Education Program (IEP) teams determine that the students will not participate in the regular student testing program. The *Alabama Alternate Assessment* is an evaluation of the student's accomplishment of his/her IEP.

General School Information

Description: This section contains the general education demographic information for the school year 2003-2004 including student attendance, student eligibility for free- or reduced-price meals, staffing information, and school safety and discipline information.

PERCENT AVERAGE DAILY ATTENDANCE (ADA)

Description: This section contains the percent average daily attendance based on the first 40 days of school.

Source: Local School System 40-Day Attendance Data Collection [November 2003]

Calculations: The ADA is calculated by dividing the aggregate attendance days reported by the number of days the school was in session during the reporting period. The ADA is converted to a percentage by dividing the ADA by the average daily membership for that period.

40-DAY AVERAGE DAILY MEMBERSHIP (ADM)

Description: This section contains average daily membership reported for each school based on the number of days each student was on roll during the first 40 days of school.

Source: Local School System 40-Day Attendance Data Collection [November 2003]

Calculations: Total Student Days in first 40 days divided by 40. Each student is counted once for each day on roll.

FREE- OR REDUCED-PRICE MEALS ELIGIBILITY

Description: This section contains the percentage of students eligible for free- or reduced-price meals.

Source: Local School System 40-Day Attendance Data Collection [November 2003]

Calculations: Total the number of students flagged as eligible for free or reduced-price meals divided by the Second Month Enrollment.

TECHNOLOGY

Description: The ratio of the number of students enrolled to the number of computers in the classroom is displayed in a bar graph. In addition, a graph is provided displaying the ratio of students enrolled to the number of computers with Internet access available in the classroom.

Source: Survey administered by the Office of Technology Initiatives.

HIGHLY QUALIFIED (HQ) TEACHER – The *No Child Left Behind Act of 2001* (NCLB) requires that teachers demonstrate subject knowledge and teaching skills in the subject(s) and grade level(s) they teach. In addition to being properly certified by the state as a teacher, through either traditional or state-approved alternative routes, and being assigned to teach in an area covered by the current certification, each core academic subject teacher must demonstrate subject knowledge and teaching skills in the subject(s) and grade level(s) taught through one of the state's approved options for meeting the HQ requirement.

CORE ACADEMIC SUBJECTS – The *No Child Left Behind Act of 2001* (NCLB) defines core academic subjects as English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography.

FACULTY AND STAFF INFORMATION

Description: This section contains a breakdown of staff by classification for the 2003-2004 school year. Each count represents the total of Full-Time Equivalency (FTE) for each category of professional staff.

Source: Data collected from the 2003-2004 LEA Personnel Data Collection taken in November 2003.

Calculations: Total Full-Time Equivalency for each classification except Support Staff, which is a count of individuals.

SAFETY AND DISCIPLINE

Description: This section contains a breakdown of types of discipline problems occurring during the 2003-2004 school year and what action was taken by the administration in each type of incident. The categories included are:

- Assault
- Bomb Threats
- Drug-Related Incidents (Illegal Drugs only – possession, use, or sale)
- Weapon-Related Incidents

The action taken **does not include** any in-school suspensions.

Source: Derived from the Student Incident Reporting (SIR) System based on the End-of-Year SIR Data Collection for the 2003-2004 school year.

Calculations: Sum of incidents by category and the sum of students suspended or expelled by category.

State Accountability

Description: Proficiency Index – a reporting method that allows the percent of student's scoring proficient and above to be combined across grades in determining AYP. A proficiency index of zero or higher indicates that AYP was met. See 2004 Interpretive Guide for State Accountability for further explanation (www.alsde.edu).

Student Academic Performance

Description: This section contains the results from all students tested during the 2003-2004 school year. Results are reported for the *Alabama Reading and Mathematics Test* given in Grades 4, 6, and 8; the *Alabama Direct Assessment of Writing* given in Grades 5, 7, and 10; the *Alabama High School Graduation Exam* given in Grades 11 and 12; and the *Alabama Alternate Assessment* given to special education students who do not participate in the regular testing program.

ALABAMA READING AND MATHEMATICS TEST – GRADES 4, 6, AND 8

Description: The *Alabama Reading and Mathematics Test* (ARMT) is a criterion-referenced test that assesses the Alabama content standards as contained in the Alabama courses of study in reading for Grades 4, 6, and 8 and mathematics for Grades 4 and 6.

In addition, a chart is provided of disaggregated scores for groups of students. The percent of students tested and percent of students scoring in each achievement level are displayed. Level I includes all students who did not meet the state academic content standards.

Level II includes all students who partially met the academic content standards. Level III are those students who met the academic content standards, and Level IV are those students who exceeded academic content standards. A graph also is included that displays the percent of students in Level III and Level IV.

ALABAMA DIRECT ASSESSMENT OF WRITING – GRADES 5, 7, AND 10

Description: The *Alabama Direct Assessment of Writing* (ADAW) is given each year to students in Grades 5, 7, and 10 to measure the writing skills of Alabama public school students. The percent of students tested and percent of students scoring in each achievement level are displayed. Level I includes all students who did not meet the state academic content standard in writing skills. Level II includes all students who partially met the state academic content standard. Level III includes all students who met state academic content standard, and Level IV shows students who exceeded state academic content standard. A graph is included that displays the percent of students in Grades 5, 7, and 10 who met and exceeded the state academic content standard.

ALABAMA HIGH SCHOOL GRADUATION EXAM – GRADES 11 AND 12

Description: This section shows the percentage of 11th- and 12th-grade students passing the reading and mathematics subject-area tests of the *Alabama High School Graduation Exam*. The percentage reflects a cumulative passing rate for the 11th- and 12th-grade classes in 2003-2004 in reading and mathematics.

Source: Data file from the vendor that scored the tests.

Calculation for percent tested: $100 * [\text{Number of students tested}] / [\text{Number of students enrolled}]$

PROJECTED 4-YEAR DROPOUT RATE

Description: The projected 4-year dropout rate is a measure of the cumulative proportion of the 9th-grade class that would drop out prior to graduation if that year's grade-specific dropout rate was to remain constant over the four years until that class is to graduate.

Source: Data collected from LEA dropout reports. (Values are rounded to nearest hundredth.)

Calculations: **Step 1: Calculate the number of dropouts by grade (Grades 9, 10, 11, and 12)**

Step 2: Compute the average by dividing each sum by the enrollment for that grade.

Example: Grade 9 - 10 dropouts / 250 enrolled = .04
 Grade 10 - 20 dropouts in 160 enrolled = $20/160 = .125$
 Grade 11 - 5 dropouts in 300 enrolled = $5/300 = .017$
 Grade 12 - 20 dropouts in 200 enrolled = $20/200 = .1$

Step 3: Compute the probability that a student remains all 4 years:

(a) **Get (1- the decimal value from 2) for each grade:**

$$(1-0.04) = .96 \quad (1 - 0.125) = .875 \quad (1-0.017) = .983 \quad (1-0.1) = .9$$

(b) **Multiply these probabilities together:**

$$(.96)*(.875)*(.983)*(.9) = .743$$

(c) **Subtract from 1.000:** $1.000-.743 = .257$

The projected rate is 25.7% over 4 years

CAREER AND TECHNICAL EDUCATION PROGRAMS

Description: Business/Industry Certification (BIC) is a means of assisting career/technical education programs to improve by setting standards against which all programs can measure progress. The goal is for all programs to remain in compliance with business/industry standards. The number indicates the percentage of programs that remain in compliance. The letter grade measures whether or not these programs are on track to meet that goal.

ALABAMA ALTERNATE ASSESSMENT (AAA)

Description: The *Alabama Alternate Assessment* (AAA) is given to special education students that do not participate in the regular testing program based on the determination of the student's Individualized Education Program (IEP) team. This test is designed to evaluate the student's accomplishment of his/her IEP. The statistics displayed show the percent of students tested and the percent of students scoring in each level of the test. Level I includes all students who did not meet the state academic content standard. Level II includes all students who partially met the state academic content standard. Taxpayers' Report

Description: This section contains information on the source and use of funds in the local school system for the Fiscal Year 2003. Financial data is reported for the year prior to the current school year.

SOURCE OF SCHOOL REVENUES

Description: This section contains a pie chart that shows the percentage of revenue derived from Local, State, Federal, and Other Funds for the school year. The Dollar Amount of the Total Revenue is also displayed.

Source: Data collected from the LEA Financial Report as of September 15th of the year in which the report was filed.

Calculations: The dollar value of revenue by funding source divided by the total revenue.

USE OF FUNDS

Description: This section contains a pie chart showing the break down of expenditures in the following categories:
