# Introduction

---

This document covers the data terms used in the *Apprentices and trainees early trend estimates June 2010* publication. The primary purpose of this document is to assist users of the report to understand the specific data terms used within it.

Terms that appear in the report are listed in alphabetical order with the following information provided for each:

- ✧ Definition: a brief explanation of the term
- ✧ Classification categories: defined categories that apply to each term are listed where applicable
- ✧ Source: a description of the source of this information, including details of any calculations or derivations.

Unless stated otherwise, all data are sourced from the national Apprentice and Trainee Collection. The Apprentice and Trainee Collection is an administrative collection governed by the *Australian Vocational Education and Training Management Information Statistical Standard: The Standard for New Apprenticeships – Release 6.0* (AVETMISS Release 6.0), which is available at NCVER's website: <http://www.ncver.edu.au>. References to the applicable field definitions within AVETMISS Release 6.0 which further define the data collected are provided in the 'Source' section.

Terms and acronyms which have a broader Vocational Education and Training application have not been included in this document. Readers are referred to the *VET glossary*, which is available at NCVER's website: <http://www.ncver.edu.au/resources/glossary.html>.
