EXECUTIVE SUMMARY

The *Annual Partnership Report* catalogs all partnerships that Wyoming community colleges established and maintained for each fiscal year. Each community college maintains numerous partnerships for the development and provision of academic, occupational-technical, workforce development, and enrichment educational programs. These partnerships assist the colleges in meeting the higher educational needs of Wyoming's citizens and communities.

In 2007, Wyoming community colleges partnered with many public and private firms, educational institutions, and state agencies. These diverse partnerships were cultivated in all areas of community college education including: remedial education, adult basic education (ABE), English as a second language (ESL), business, health sciences, fine arts, technical education, workforce training, education, language arts, social sciences, physical sciences, biological sciences, family skills/studies, personal enrichment and leadership studies. The information provided in this report indicates that the partnerships initiated and maintained by the seven community colleges, the University of Wyoming, and the Wyoming Community College Commission are relevant to the educational programs offered at each institution. This information also indicates that these programs are beneficial to students, staff, faculty, and community stakeholders in each respective community college service area.

~Table of Contents~

UNIVERSITY OF WYOMING

Wyoming's seven community colleges are engaged in several different types of partnerships with the state's only four-year institution, the University of Wyoming (UW). The community colleges and UW have positive and highly effective relationships with each other making a strong voice for Wyoming higher education.

A few of the partnerships between Wyoming community colleges and the University of Wyoming:

Bachelor of Applied Science (BAS) Degree: In collaboration with all seven Wyoming community colleges and the Wyoming Community College Commission, UW developed and launched a new baccalaureate degree track designed specifically for students holding an Associates of Applied Science (AAS) degree with some experience in the workforce. The BAS was designed to provide qualified students additional career opportunities provided both through breadth from general education essential to the baccalaureate and depth in organizational leadership and management from upper division UW courses. The BAS is delivered by the UW Outreach School through Online UW, making it available statewide and beyond.

Libraries at UW and the Community Colleges: The college and university libraries collaborate to form a critical network for teaching, learning, and research within Wyoming. UW Libraries work closely with the community college libraries to provide local support for UW students throughout Wyoming. The academic libraries also cooperate in joint purchasing of academic resources and share collections with all Wyoming libraries stretching Wyoming funding among the academics and sharing resources with public and school libraries. The academic librarians annually meet to assess their efforts in providing information for university and college students.

College of Business at UW and the Community Colleges: The Student Chapter of the Institute of Management Accountants has initiated a program to invite LCCC—Laramie students to all its educational meetings.

Daniels Fund Ethics Initiative: As a result of a grant from the Daniels Fund, the Bill Daniels Distinguished Professor of Business Ethics has collaborated with the state's seven community colleges to increase the amount of business ethics education in the state and has made available resources to help with teaching ethics, including classroom teaching by the Daniels Professor. The initiative has also awarded grants to faculty at the community colleges to develop teaching modules for ethics. The initiative provides a yearly Teaching Business Ethics Workshop for both community college faculty and University faculty, and is in the process of reaching articulation agreements for business ethics courses.

Birth to Five Early Childhood Endorsement Program: The Departments of Elementary and Early Childhood Education, Family and Consumer Sciences, and early childhood community college faculty at all seven sites collaborated to develop and deliver a Birth to Five Early Childhood Endorsement Program to address a statewide need for certified pre-school teachers.

Distance Delivery of Elementary Education Program: A partnership involving the UW College of Education, the UW Outreach School and the Wyoming community colleges has resulted in a pilot program to deliver the final two years of the elementary education degree throughout the state using distance delivery options and the community colleges as regional support centers. The community colleges deliver the first two years of the program. The new cohort-based program, set to launch in the fall 2008 semester, is a direct response to ongoing requests by community college personnel and site-bound students interested in earning an education degree from UW. Graduates of the three-year pilot program will earn a Bachelor of Arts degree in elementary education. They also will have an opportunity to complete an endorsement in early childhood through a six-hour internship at the conclusion of the elementary education program.

University of Wyoming/Casper College Center (UW/CC): Casper College, BOCES, the Outreach School, and UW are engaged in a unique partnership that allows students in central Wyoming to pursue four-year degrees in a traditional classroom setting. Three complete undergraduate education degree programs are offered at UW/CC: elementary education, secondary technical education, and secondary biology education. UW/CC and UW faculty from the College of Education are housed on the Casper College campus, which helps ensure that the educational experience for students who move from the community college setting to UW/CC is seamless. UW has permanent, full-time faculty on campus working closely with their counter-parts at Casper College. The partnership was further expanded for the College of Education programs in 2006-07 with a formal Partner School agreement with Natrona County School District #1 to facilitate concentrated field placements for student teachers. In addition, complete graduate degree programs are available in school counseling and mental health counseling at UW/CC. Department of Counselor Education faculty members offer weekend courses for these nationally accredited, Master of Science programs. The fifth cohort of 24 students will graduate May 2008 with the new cohort of selected students beginning the three-year program fall 2008.

Transfer Student Recruitment: In addition to a coordinated recruiting tour around Wyoming every fall and coordinated colleges fairs, the community colleges assist UW in their recruiting of transfer students by hosting UW recruiters on the community college campuses. The recruiters have open information sessions with students interested in transferring to UW. UW also hosts Transfer Orientations on the UW campus that draw high participation from Wyoming community college transfer students planning to attend UW. UW faculty also recruit by speaking to community college classes.

Wyoming Planning Days: Wyoming Admissions Officers Organization, which is made up of UW and community college admissions people also coordinates Wyoming Planning Days which is the three week series of college fairs that are held for high school students throughout the state in late September and early October. As part of the Planning Days program, a booklet is distributed to students at all Wyoming high schools that promotes college options, college preparation, and various financial aid and scholarship opportunities

Building the College Pipeline: Community college and UW Admissions representatives, along with UW Outreach staff, have worked collaboratively to

coordinate programming aimed at promoting college options and accessibility to high school and non-traditional students. One significant project has been planning for a web-based portal on planning for college. The UW Alumni Association offers one new Wyoming community college transfer student scholarship per year, for two years at a value of \$1500 per year.

The Passport Program provides international students who have graduated with an associate's degree from a Wyoming community college, expedited admission to the University of Wyoming. Specifically, students are considered for admission after submitting the Undergraduate International Application for Admission, official transcripts from all previous college level work and a Confidential Financial Statement, which gives evidence to the availability of adequate funding for education at the University of Wyoming. Other benefits of the Passport Program include a waiver of the TOEFL or other English proficiency exams, and automatic consideration for the Peak Achievement Scholarship.

Communication and Coordination: Various individuals from the colleges and the university meet regularly to discuss current issues and to coordinate actions. Groups include, the academic affairs and student services deans and vice presidents, student affairs professionals, financial aid directors, and the Wyoming Distance Education Consortium (WyDEC). These meetings allow a better delivery of higher education to Wyoming's citizens. Communication and coordination frequently involves partnerships with legislative work. The consistent message created by this unified effort has been very positive for the partners. Two specific examples:

The Dean of Students and Counseling Center staff provide on-going consultations for Central Wyoming College on generational issues, stress management, and dealing with student mental health issues.

New - signed articulation agreement between the UW Honors Program and the Casper College *Veritas Honors Institute*.

Transfer Process Review: A subgroup of UW's Enrollment Management Committee undertook a review of transfer processes intended to better facilitate transfer student transitions to UW. A number of the recommendations are in various stages of implementation, including improved transfer student orientation, a transfer student guide, UW advisor preparation, and course evaluation processes.

ACADEMIC PARTNERSHIPS

INSTITUTION WIDE

University of Wyoming-Casper College Center: This partnership results in a branch campus of the University of Wyoming on the Casper College Campus. There are 15 bachelors degrees and 13 masters degrees offered on the Casper College Campus. We share facilities, equipment, and faculty in this partnership. There are approximately 590 students taking classes under this arrangement.

Central Wyoming Board of Cooperative Educational Services: Natrona County School District #1 and the Casper College District established this partnership in 1990. Their efforts are intended to provide the citizens of Natrona County quality educational services, which cannot be provided as effectively or efficiently by the Natrona County Schools or Casper College when provided independently. Their mission is three-fold (1) to meet the educational needs of the community by training adult learners in programs leading to undergraduate and graduate education degrees earned in Casper, (2) to meet the educational needs of high school students through cooperative articulated programs in technical and academic areas where students earn college credit while still in high school, and (3) to meet the ongoing needs of the community by serving as a catalyst for the development and implementation of innovative programs benefiting both educational institutions, the business community, and the general citizenry.

Over 700 students and faculty are receiving assistance for pursuing higher education and every elementary child is receiving educational benefits from various BOCES grants and programs in Natrona County.

Casper College Foundation: The Casper College Foundation partners with many different businesses, organizations, and foundations to provide support to our students and to our college. Partners provide funds and other assistance for scholarships, special projects, new and existing services and opportunities ... all of which benefit our students. Like the other Wyoming community colleges, we partner with such groups as the Wyoming Community Foundation, Wyoming Humanities Council, Wyoming Arts Council, the University of Wyoming at Casper College, Natrona County Public Schools, the Natrona County Library, various individual and family foundations, our local financial institutions, local businesses, the Chamber of Commerce, Casper Area Economic Development Authority, several service clubs, a variety of local and statewide non-profit agencies, and, of course, many philanthropic families and individuals. Altogether, these groups and individuals help us assist Casper College in addressing its mission immensely. The Casper community is very generous to our foundation and to our college.

Casper College Upper Division Center: This entity partners with various colleges and universities to provide undergraduate and graduate degrees in Casper. Currently we have partnerships with the University of Wyoming, Colorado State University, Montana

State University at Billings, Chadron State College, Franklin University, and the University of Mary.

EDUCATIONAL RESOURCES PARTNERSHIPS

ACT CENTER

ACT Center: Through a partnership with ACT, Casper College hosts Wyoming's only ACT Center. This center provides tests through ACT including Workkeys and Certiport testing.

DISTANCE EDUCATION

The Wyoming Distance Education Consortium (WyDEC): The WyDEC is a group of representatives from the seven Wyoming community colleges. Representatives from the University of Wyoming generally attend all meetings and are informally considered members of the group. The Wyoming Community College Commission also formally recognizes WyDEC as a consortium. The head of the consortium rotates yearly with the chair being from the same institution as the head of the Executive Council. The consortium generally provides feedback to the commission on expenditures of state moneys utilized for distance education and on the state of distance education within Wyoming.

GOODSTEIN LIBRARY

UW/CC Library Services: The University of Wyoming Libraries have contracted with the Casper College Library to provide library services to the students and faculty associated with the UW/CC programs on the Casper College campus.

The UW/CC students are provided with the assistance of professional librarians on-site as well as books and periodicals relevant to the current curriculum while Casper College receives funding to provide the salary of one faculty librarian and ownership of the library materials purchased through this agreement. All Casper College and University of Wyoming CC Center students gain from this agreement.

Wyoming Academic Libraries Consortium: The University of Wyoming Libraries and the community college libraries came together to negotiate with EBSCO to purchase on-line access to Academic Search Premier, Master FILE Premier and Business Source Premier. This cooperative purchase gives our students and faculty on-line access to over 5,400 full text journals through the WYLD system (an information portal these users are already familiar with). Since receiving the funding allocation provided by the Wyoming Legislature the community college libraries have been collaborating with each other, as well as the University and public libraries to purchase a number of databases.

GOODSTEIN LIBRARY and WESTERN HISTORY CENTER

WYLD (Wyoming Libraries Database): All 23 county libraries and the community college libraries joined together under the auspices of the Wyoming State Library as the WYLD Network to purchase an electronic integrated library system from SIRSI. The

WYLD Network has also entered into agreements to purchase an on-line encyclopedia, as well as various full-text periodical databases. Participation in the WYLD Network has allowed this library to acquire a far more sophisticated system than we would be able to afford as a single entity. Network participation has enabled the Casper College Library to provide expanded electronic resources for our students and faculty, as well as providing easier access to other library resources within the state. Seven thousand, one-hundred and ninety five people have benefited from the services provided by this partnership.

WESTERN HISTORY CENTER

Crimson Dawn Association and Natrona County Parks Department: The Western History Center has an agreement with these entities to store original artwork from the Crimson Dawn Museum on Casper Mountain during the winter months.

Natrona County Pioneer Association: The Western History Center has an agreement to house and use the historical materials of the Association through a Permanent Loan arrangement.

Natrona County Historical Society: The Western History Center has historical materials from the Society available for use through a Permanent Loan arrangement. Informal agreements exist with the Casper Star-Tribune, the Casper Journal, the Casper Area Chamber of Commerce, the Wyoming Veterans Memorial Museum and the Salt Creek Museum to serve as a source for reference assistance as well as professional advice.

CONTINUING EDUCATION PARTNERSHIPS

ADULT BASIC EDUCATION-GED-ENGLISH AS A SECOND LANGUAGE

Casper Workforce Center: Formal MOU – ABE/GED outreach site at CWC, Monday through Thursday from 8:00 a.m. to 4:00 p.m. Services offered include assessment and instruction in ABE and GED, and assessment and remedial instruction for WIA Title I training participants. CWC provides space, and ABE/GED provides services. The program also offers limited hours during the summer. Ninety (90) students were served last year under this agreement.

North Casper Elementary School: Informal partnership – Casper College provides funding (through federal & local funds) to hold English as a Second Language (ESL) classes two days and three evenings a week. Sixty-four (64) ESL students were served last year under this agreement.

Life Steps Campus, Seton House, New Directions, and Central Wyoming Rescue Mission: Informal partnership – ABE/GED assessment and instruction are offered on-site to the homeless population. Space is provided free of charge. Seventeen (17) students were served last year.

Natrona County Detention Center: Formal MOU – Assessment and instruction in ABE/GED/ESL held three mornings a week at the Natrona County Detention Center. One hundred forty-seven (147) students were served last year.

Casper Re-Entry Center-Therapeutic Community: Formal partnership – Assessment and instruction in ABE/GED held two afternoons a week. Forty-one (41) students were served last year.

Juvenile Detention Center, New Horizons, & Wyoming Behavioral Institute: Informal partnership – Provide assessment and materials to clients in need of a GED; instruction is provided by the agencies. Six (6) individuals received services last year under this agreement.

ProLiteracy America: Formal affiliation – A written agreement to abide by the national organization's policies and procedures in order to maintain accreditation for Literacy Volunteers of Casper (accreditation is for four years).

Retired Senior Volunteer Program (R.S.V.P.): Formal MOU – Share information between the two entities (e.g., number of hours donated by volunteers).

Natrona County School District #1: Formal partnership – The NCSD #1, Seton House, and Casper College ABE/GED cooperate in writing a grant to provide services to the homeless population in Casper.

GED & Beyond: A BOCES grant was awarded to Natrona County School District and the Casper College ABE/GED Center to provide alternative education services to 16–20 year olds. The ABE/GED portion includes a free GED test fee, the COMPASS test fee, four Casper College credit hours, and a \$100 book stipend for college classes.

Success for Potential: Beyond the GED: A BOCES grant was awarded to provide the Human Potential Seminar for all GED graduates desiring to attend college. The purpose of the grant is to help each student conduct a self-assessment, reach a clearer understanding of what he or she hopes to achieve, and attain the knowledge and skills needed to achieve those goals.

COMMUNITY EDUCATION

Goethe-Institut Chicago: Casper College and the Goethe-Institut in Chicago work together to offer the Goethe Summer School at Casper College, which is a week-long immersion program for German language teachers from across the United States. The Goethe-Institut is based in Germany and has several offices in the U.S. with the mission of promoting the German culture and language.

Institut fuer Quealitaetsentwicklung an Schlen (IQSH): Casper College and the IQSH in Schleswig-Holstein Germany work together to offer a two week immersion workshop for teachers from Germany who teach English. While at the workshop, the teachers improve their English, learn more about the English language, become more familiar with American culture, and gather materials for their classes.

Wyoming Council of Teachers of Mathematics (WCTM): The college and WCTM work together to organize the Wyoming Math and Science Teachers' Professional Development Conference held each January at Casper College. The conference is attended by math and science teachers of all grade levels from across the state who earn graduate or PTSB credit.

Wyoming Science Teachers Association (WSTA): The college and WCTM work together to organize the Wyoming Math and Science Teachers' Professional Development Conference held each January at Casper College. The conference is attended by math and science teachers of all grade levels from across the state who earn graduate or PTSB credit.

OSHER LIFELONG LEARNING INSTITUTE

Bernard Osher Foundation: Casper College received a \$100,000 grant from the Bernard Osher Foundation to start an Osher Lifelong Learning Institute. The Bernard Osher Foundation, founded in 1977 by Bernard Osher, a respected community leader and philanthropist, seeks to improve the quality of life for mature adults through post-secondary student scholarships, and art, cultural, and educational grants. OLLI's mission is to foster accessible lifelong learning and individual growth for mature learners age 50+ by creating intellectually stimulating learning opportunities that will enrich their lives. At present, there are 112 OLLIs across the country, of which only four are at community colleges and there is only one OLLI in Wyoming.

OLLI at Casper College is a membership-based community of mature adults who enjoy learning and want to spend time with like-minded individuals. An advisory board of community members helps to guide the development of the program.

CENTER FOR TRAINING AND DEVELOPMENT

Casper Area Economic Development Alliance: The CTD partnered with CAEDA to bring in a national speaker for CAEDA's annual dinner and a training workshop for local business and industry.

Casper Chamber of Commerce: Member of the Chamber of Commerce Education Committee.

Central Wyoming Board of Cooperative Educational Services: BOCES provided grant funding to support professional development workshops for Casper College, Natrona County School District, and University Wyoming/Casper College employees.

Department of Workforce Services, Casper Office: The CTD provides customized training and workshops for people in the workforce. DWF provides funding and recruitment of participants.

Department of Workforce Services, ETSS Program: The CTD offered short-term skills-based training programs for custodial parents the meet income eligibility guidelines. Participants also received training in employment and life skills. These

programs were funded with Employment and Training for Self Sufficiency grants. Two programs were offer: tile setting and commercial painting.

Our Families Our Future: The College has partnered with Our Families Our Future, a non-profit organization that helps low-income single mothers gain economic self-sufficiency, to offer short-term training in welding. Upon completion of the program, the students are employed by local businesses and continue their education through mentoring programs.

Wyoming MSHA State Grant Program: The CTD partnered with the Wyoming MSHA State Grant Program to provide mine safety training.

ACADEMIC DIVISION PARTNERSHIPS

DIVISION OF BUSINESS

Articulation Agreement with the College of Business/University of Wyoming: Students completing the required course work in Business Administration, Pre-Law Business, and Accounting at Casper College can transfer with junior level standing to the University of Wyoming. This arrangement makes for a seamless transfer for students and allows them to remain in Casper to complete their freshman and sophomore requirements at a lower-cost institution.

Articulation Agreement with Western Governors University: Students completing the required course work in Business Administration at Casper College can transfer with junior level standing to the Western Governors University in Salt Lake City.

Internship agreements with Wyoming Medical Center, Community Health Center of Wyoming, Life Care of Casper, Health Care for the Homeless, and various doctors' offices: These agreements provide Administrative Medical Assistant/Medical Transcription and Administrative Medical Assistant students with hands on experience in a real working environment for their Medical Office Procedures and Internship classes. Interns are often hired more quickly after completing their internship and obtaining on-the-job work experience.

MSDN and Microsoft IT Academy: A purchased agreement with Microsoft that allows use of all available Microsoft developer network software (development tools, operating systems, server tools) by the Business Division which can also be copied and utilized by students on their home systems while they are taking a class within the Division. This undertaking benefits students by providing them the necessary software to build real networks. It also provides a state-of-the-art networking training facility at Casper College at a reasonable cost.

Students in Free Enterprise (SIFE) program sponsored by the Sam Walton Foundation: Participation in SIFE provides students with the opportunity to gain practical experience working on community-based projects that reflect classroom learning. The SIFE team receives a \$2,500.00 stipend per year to assist students with various expenses and attendance at regional and national competitions.

Yellow Pages Publishers Association: Students in the spring semester Principles of Marketing class were challenged to design Yellow Pages advertisements both in print and online for a business that demonstrates creative work, makes excellent use of available space and includes necessary information for a consumer to make a purchasing decision.

VITA, Volunteer Income Tax Assistance: This program is sponsored and supported by the IRS in conjunction with volunteers. Casper College hosts one of the VITA site for Casper. Casper College accounting students and faculty are used as volunteers when available, providing valuable experience for students as well as a community service.

Central Wyoming Chapter Wyoming Society of Certified Public Accountants, Casper Wyoming: Students in the intermediate accounting class are hosted to a luncheon by the Central Wyoming Chapter each December. The presentation includes a panel of CPAs as well as a question and answer session to help students prepare for a future in the accounting profession. The chapter provides annual scholarships for qualified students. Individual chapter firms also provide some internships and eventual placement for accounting graduates.

Articulation agreements through the Central Wyoming Board of Cooperative Educational Services with high schools in Casper and Midwest. Currently, 18 business classes are articulated.

DIVISION OF FINE ARTS

University of North Dakota Fine Arts Agreement: Students graduating from Casper College with a degree in Art, Music or Theatre are granted junior standing with the University of North Dakota. Additionally, the University provides four out of state tuition waivers for four of our graduates each year.

ARTCORE: ARTCORE and Casper College collaborate to provide numerous cultural events for the community and college students. This endeavor brings various artists to the community who often work with public school and college students prior to their specific performances. This partnership also allows all full-time college students to attend the various performances free of charge. Approximately 6,000 individuals benefit from this partnership annually.

Casper Chamber Music Society: This community group and Casper College work together to provide regular music performances from a variety of local, regional and national artists. The collaboration enhances community culture and exposes students to a greater array of musical performances to enhance their study.

Wyoming Symphony Orchestra: Casper College has had a long-standing arrangement and partnership with the major symphonic organization of Central Wyoming, first with the maestro coming from the Casper College music faculty. At the end of his tenure, the Music Department negotiated a contract with the orchestra to

provide rehearsal space for the symphony in exchange for free attendance to symphony concerts for all music majors.

Casper Youth Orchestra: The Music Department has been providing rehearsal space for the new Casper Youth Orchestra for the last two years. The college has the same agreement with this group for music majors to attend CYO concerts at no charge.

City Band: Casper College and the Casper City Band have an agreement allowing the band usage of the facilities. The City Band Director is Faculty Emeritus, Roger Fenner.

Music Educator's National Organization: The Music Department has a Music Educator's National Conference student chapter, partnering with the National Organization. Jennifer Cowell is the sponsor of the group which attends musical performances in Billings, MT and Denver, CO as well as working with local groups such as Kiwanis Stars of Tomorrow.

Kelly Walsh High School: Kelly Walsh Music Program and the Music Department participate in joint ensembles and courses through BOCES.

Theatre Advisory Board: The Theatre Department initiated an advisory board as part of their patrons program. This group works toward funds for scholarships and equipment for the theatre programs. The membership represents a very diverse segment of the Casper community.

Nicolaysen Art Museum: The Department of Visual Arts has an agreement with the Nicolaysen Art Museum that allows art students wishing to gain experience in the inner workings of a museum to work there while earning elective art credits. In addition, Museum Studies majors may elect to complete their required museum internship at the Nicolaysen Art Museum, where they can experience curatorial duties, registration methods, as well as planning educational activities. The NIC hosts the annual juried exhibition for graduating art students in the Rosenthal Community Art Gallery. This is a juried show that provides the Professional Practices class experience in installation of a show in a professional setting.

Local Businesses: The Graphic Design Program provides students with the opportunity to work with local businesses on various design projects. For example, students will work on a digital design project that is sponsored by a local business. The business usually donates a small sum of money that a student can win for executing the highest quality project. The Program also helps local businesses by referring design students to businesses that have design related job openings.

Wood Fire Gathering and Workshop: The 2007 Wyoming High School Art Symposium created the vehicle to invite many fellow ceramics instructors (college and high school), students and professional artists from the state and region to a wood fire gathering and workshop at Casper College. Three Wyoming college instructors and students, four Wyoming artists and artists from Colorado and Montana joined us for three days of

loading, firing and a workshop with a top artist in ceramics. The success of the event has encouraged an idea for this becoming an annual event of sharing and learning.

Articulation Agreements: The Visual Arts Department has articulation agreements with the following: The University of Wyoming, Black Hills State University, The University of North Dakota, Chadron State University, Montana State University, Atlanta International University, and Rocky Mountain College of Art and Design.

DIVISION OF HEALTH SCIENCE

Partnerships that Provide Clinical Experiences for Nursing Students: The community sites include acute care agencies, long-term care agencies, clinics, doctors' offices, schools and home health agencies. Each of the community sites is selected according to the learning opportunities that are available at that site to enhance the health/illness concepts that the students have been introduced to during their classroom or laboratory instruction on campus at Casper College. Partnerships this year include: Central Wyoming Counseling Center, Interim Health Care, Wyoming Behavioral Institute, WY Department of Health-PH nursing; Wyoming Medical Center; Wyoming Surgical Center; North Platte Home Health and Hospice; Natrona County School District #1; Shepherd of the Valley Care Center; Life Care Center; Urgent Care; Central Wyoming Hospice; Northwest Communities Action Program (NOWCAP); Care Trust Infusions; St. Anthony's Tri-Parish; Wyoming Cardiopulmonary Services; Memorial Hospital of Converse County; Casper Surgical Center; Western Medical Associates, GI Associates, Womens' Health Clinic-Westside. Over 120 students per year benefit from these agreements.

Partnerships that Provide Clinical Experiences for Radiography Technology Students: The community sites include those agencies that conduct medical x-rays, CT, ultrasound, MRI, radiation therapy, nuclear medicine, and interventional procedures. Each of the community sites is selected according to the learning experiences for the students as they work to apply the didactic portion of the classes in a clinical setting. Partnerships this year include: Wyoming Medical Center; Casper Medical Imaging Outpatient Radiology-Washington Street Location; Casper Medical Imaging Outpatient Radiology-Third Street Clinic; Community Health Center of Central Wyoming; Converse County Hospital; Wyoming Imaging Center; Central Wyoming Neurosurgery and Imaging Center; Casper Orthopedics; Riverton Memorial Hospital, Memorial Hospital of Sheridan County and Campbell County Memorial Hospital. Approximately 44 students per year benefit from these agreements.

Partnerships that Provide Clinical Experiences for Pharmacy Technology Students: Agreements have been undertaken that allow Casper College Pharmacy Technology students to gain clinical experience with a variety of local pharmacies. Partnerships this year include: Albertson's Pharmacy (East); Albertson's Pharmacy (West); BiRite Drug; Care Trust Home Infusion Inc.; Community Health Center of Central Wyoming; K-Mart Pharmacy; Memorial Hospital of Sheridan County; Pamida Pharmacy (Worland); Campbell County Memorial Hospital; Safeway Pharmacy (East); Safeway Pharmacy (West); Smith's Pharmacy; Wal-Mart Pharmacy-East (Casper); Wal-Mart Pharmacy-West (Casper); Walgreen's Pharmacy (East); Walgreen's Pharmacy (West);

United Medical Center; Iverson Memorial Hospital; Express Pharmacy; and Wyoming Medical Center Pharmacy. Approximately 20 students per year benefit from these agreements.

Partnerships that Provide Clinical Experiences for Certified Occupational Therapy

Assistants: The Casper College Occupational Therapy Assistant Program has agreements with numerous facilities throughout Wyoming and the United States including Montana, Nebraska, Pennsylvania, Texas, New Mexico, Washington, New York, Colorado, Idaho, Utah, South and North Dakota, and Minnesota. These facilities provide placement of students for clinical training. The types of facilities included in these agreements are widely varied and include hospitals and clinics, school systems, home health agencies, nursing homes, child development centers, private practice sites, psychiatric facilities, state developmental centers and other specialty settings. Some facilities within the state of Wyoming with agreements include, but are not limited to, Wyoming Medical Center, Natrona County School District, as well as many of the school districts throughout the state, Big Country Rehabilitation, Campbell County Memorial Hospital, Wyoming State Training School and Wyoming State Hospital, Iverson Memorial Hospital, Ark of Laramie, Sheridan Child Development Center and several child development/resource centers through out the state, Veteran's Hospital, C-V Ranch in Jackson, Cheyenne Regional Medical Center in Cheyenne, Circle C and I-Reach. Approximately 40 students per year participate in these placements through Community, Level I and Level II training experiences.

Partnerships that Provide Clinical Experiences for Respiratory Therapy Students:

The Casper College Respiratory Therapy Program utilizes several clinical sites in which the students learn and practice the skills encompassing the practice of respiratory care. Clinical agreements exist with Wyoming Medical Center, Memorial Hospital of Converse County, Iverson Memorial Hospital, Cheyenne Regional Medical Center and Apria Healthcare Inc. After students have completed their first year, they are eligible for a summer neonatal level III nursery clinical. McKay Dee Hospital in Ogden, Utah was used summer 2004 and Primary Children's Hospital in Salt Lake City, Utah was used summer 2005. Approximately 16-20 students a year benefit from these agreements.

DIVISION OF LANGUAGE AND LITERATURE

Humanities Festival and Demarest Lecture: Each year, the College has worked with the Wyoming Humanities Council in support of the annual Humanities Festival. Usually, each of the sessions attracts 100-125 students, faculty, and community members to campus.

Literary Conference: The English Department partners with ARTCORE, and the Wyoming Arts Council to present this annual conference. The Literary Conference strives to serve the campus, the community, and the state by fostering an appreciation of literature by writers and non-writers alike. In addition, the conference offers an opportunity to hear regional and national authors read and discuss their own and others' work, participate in learning opportunities related to writing, network with others interested in literature, and receive encouragement and support. The 2007 conference

theme is *Spiritual Warriors*. The conference attracts approximately 75-100 students, faculty, and community members to our campus for this annual event.

Journalism and Media Studies: The Media Studies programs have worked with a variety of local media outlets in a number of ways. The campus newspaper, "*The Chinook*" has been published at the Casper Journal. There are between 15 and 20 students who are involved in putting the newspaper out bi-weekly. The Communication Department has Internship and Cooperative Work Experience partnerships with KCWY-Channel 13, KTWO Radio as well as other media outlets.

German American Partnership Program: Along with Kelly Walsh and Natrona County High Schools, the Casper College Foreign Language department partners with Suedstadt Gymnasium in Halle, Germany to foster the study and better understanding of German language and culture for the American Students. Every two years, German students come to Casper for a month and stay with host families and attend classes. During the "off" years, a group of American students travel to Halle in June. This program is open to any student between the ages of 16 and 21 with a minimum of 1 year of German classes.

DIVISION OF LIFE SCIENCE

IdEA Networks for Biomedical Research Excellence (INBRE): UW and the community colleges have partnered on a National Institutes of Health (NIH) funded project called IdEA Networks for Biomedical Research Excellence (INBRE). The goal of UW-Northern Rockies INBRE is to enhance biomedical education and research infrastructure in Wyoming and create a pipeline to guide college students into the life sciences and advanced training in the biomedical sciences. There are three mandatory cores in the UW INBRE project: Administrative, Bioinformatics, and Outreach. The project provides research and education opportunities for undergraduates at UW and the state's community colleges through scholarships, courses, workshops, seminars and technology upgrades, as well as establishes research and mentoring opportunities for both community college and UW faculty through grant programs and a Visiting Senior Scientist program.

Masters Degree in Occupational Therapy: Casper College and the University of North Dakota have entered into a partnership that allows for the delivery of the Masters Degree in Occupational Therapy on the Casper College Campus. The program admits 12 students each year and all classroom requirements are offered at Casper College by instructors hired locally for the program. 30 students are attending classes in this program.

Phlebotomy: Agreements exist with Casper College and several local medical facilities (see below) for placement of our phlebotomy students for their clinical experiences. Approximately 20 students per semester are involved with these partnerships.

Phlebotomy has partnerships with the following sites to facilitate our program's clinical requirements:

Campbell County Memorial Hospital
Carbon County Memorial Hospital

~ Wyoming Community College Commission Partnership Report~

Community Health Center of Central Wyoming
Converse County Memorial Hospital
Glenrock Health Center
Hot Springs County Memorial Hospital
Lander Valley Medical Center
Medical Testing Lab/LabCorp USA
Riverton Memorial Hospital
South Lincoln Medical Center
Weston County health Services
Wyoming Medical Center

Medical Laboratory Technician: Agreements exist with Casper College and six local medical facilities (see below) for the placement of our medical laboratory technician students for their clinical experiences. Approximately 8 students per year are involved with these partnerships.

Medical Laboratory Technician has partnerships with the following sites to facilitate our program's clinical requirements:

Campbell County Memorial Hospital
Cheyenne Regional Medical Center
Converse County Memorial Hospital
Medical Testing Lab/LabCorp USA
South Lincoln Medical Center
Wyoming Medical Center

DIVISION OF PHYSICAL SCIENCE

Casper College-Science Zone: College faculty regularly work with the Science Zone and the Casper Planetarium. This consortium provides input into school district and college curriculum so student learning and transition is maximized. Over 2,600 public school and college students benefit from this project.

Casper College and Natrona County School District Partnership for Developing Teachers: College science and math instructors have established partnerships with area grade schools that allow college students to provide science demonstration projects in the local area schools. The college students gain teaching type experience with the presentations/demonstrations that they conduct for the area public schools. These projects have served as the foundation for grant applications that have been funding to broaden the projects. Over 1000 college and public school students benefit from this partnership.

The Museum Consortium of Casper: The Tate Museum has partnered with various other local museums for advertising purposes. This endeavor has increased the publicity for the Tate museum and has increased visitations.

Rocky Mountain Oilfield Testing Center: This partnership allows students in the physical sciences including archeology to access the lands and facilities at Teapot Dome. This has created an open-air laboratory for our students to receive first hand knowledge. Fifty-five students gain from this project.

~ Wyoming Community College Commission Partnership Report~

Landowner Partnerships: The Tate Museum periodically establishes partnerships with local landowners that allow for exploration and excavation of fossil materials for museum preparation and display.

Casper Planetarium: The Math Department partnered with the Casper Planetarium to work on the “Astronomy Camp for Teachers” grant. They are working on offering a dual credit astronomy class to high school juniors and seniors. The planetarium allows the use of their facilities for the ASTR 1015 class.

Wyoming Space Grant Consortium: Former members of the Physics Department are active with the WSGC in the awarding of scholarships to current and transferring Casper College students and in the awarding of grants to Casper College faculty. There is also representation from Casper College on the WSGC board. Casper College instructors are active in keeping the community colleges a prominent part of the WSGC mission.

RMOTC and Midwest High School Science Club: The Tate Museum has entered a new partnership with RMOTC and Midwest High School Science Club. J.P. Cavigelli, Tate Prep Lab Manager, will conduct fossil prep classes at the RMOTC Science Center at Teapot Dome beginning in September and extending for a two-month period. The classes will take place on Tuesdays and Thursdays in the mid to late afternoon.

Wyoming Geological Association: Melissa Connely is currently a board member for the Wyoming Geological Association in Casper.

Bureau of Land Management: Melissa Connely has been working with the BLM (Bureau of Land Management). She has been helping them off and on looking at sites and with their land management programs.

DIVISION OF SOCIAL AND BEHAVIORAL SCIENCES

Criminal Justice Partnership: Casper College and Natrona County Sheriff's Department and the Casper Police Department Partnership for developing peace officers: College criminal justice instructors have established informal partnerships with area law enforcement agencies that allow college students to participate in internships with these agencies. The college students gain exposure to real-life policing and accompany working officers and deputies as they perform their varied duties.

ParaEducator Partnership: Montana State University and Black Hills State University - Training of Site-Bound Rural Paraeducators in Wyoming, Montana, and South Dakota. The overall goal for the Rural Paraeducator Training Program is to guarantee that participating paraeducators in these rural western states achieve the status of highly qualified. This is a tri-state project that focuses on the Training of Site-Bound Rural Paraeducators in Montana, South Dakota and Wyoming. While the effort is collaborative, each state will have a unique approach to providing training to the paraeducators. The collaboration will provide a support base for each state's project.

Paralegal Partnership: The paralegal program has a partnership with the County Attorney's office. Mary Kubichek, Paralegal Instructor, provides a student to work for the jail that helps the prisoners with civil issues. The student employee is paid by the county for up to 20 hours of legal research. Mary Kubichek supervises the student.

DIVISION OF TRADES AND TECHNOLOGY

Aviation Program with Crosswind Aviation: This partnership provides the flight training opportunities for students enrolled for the Associate of Applied Science Degree in Pilot Training. Through this partnership the college does not invest in costly equipment and the fixed based operator gains additional income from the flight lessons that are required. There are 25 students who will benefit from this arrangement.

Apprenticeship Program with Dave Johnston Power Plant: This partnership provides training for operators with Pacific Power to move into maintenance positions. Instrument technicians take specified courses along with performing their jobs at the power plant. At the end of the apprentice program the technician is rated as a journeyman with the union and receives a corresponding pay increase.

Automation Electronics (AE): This agreement provides training in electronics technology. The electronics program provides flexible course options. AE assists the electronics program with industrial training for instructors.

Training Partnership with Waukesha: This relationship has provided training for college employees to become certified in the maintenance of natural gas engines. The partnership also has resulted in donations of equipment to develop the program that will train natural gas technicians.

Wyoming Trucking Association: This partnership provides training for diesel power technicians, students and instructors.

DaimlerChrysler Motors Corporation Dealership Technical Training: This partnership provides training for automotive technicians and instructors and provides industry specific training aids for the automotive program.

Car Quest: This partnership provides training for automotive technicians and instructors and provides industry specific training aids for the automotive program and provides assistance with the SkillsUSA state competition.

NAPA Auto Parts: This partnership provides training for automotive technicians and instructors and provides industry specific training aids for the automotive program and provides assistance with the SkillsUSA state competition.

Federal Mogul TEC: This partnership provides training aids for the automotive program.

Auto Dynamics: This partnership provides training aids, industry tours, engine testing, and job opportunities.

Greiner Ford: This partnership provides training for automotive technicians and instructors and provides industry specific training aids for the automotive program and provides cooperative opportunities for students enrolled in the Automotive Technology Program. They also provide assistance with Skills USA state competition and industry tours.

Big Wyoming Buick-Pontiac-Cadillac-GMC: This partnership provides training for automotive technicians and instructors and provides industry specific training aids for the automotive program and provides cooperative opportunities for students enrolled in the Automotive Technology Program. They also provide assistance with Skills USA state competition and industry tours.

Articulation Agreement with Kelly Walsh High School, Natrona County High School and Roosevelt High School: This partnership provides students with dual credit opportunities and provides a smooth transition from high school to the college level. There are 80 students enrolled in programs.

Roosevelt High School: Provides an opportunity for students to participate in vocational/technical classes.

Terry's Salvage, Clarks Recycling and A-1 Rebuilds, Ricks Rod Shop, Dayton Transmission, and Beverly Street Auto: This agreement provides industry specific training aids for the automotive program.

Region VIII USEPA Office of Drinking Water: This 23-year partnership provides funding to develop new training and brings in experts to provide training in the areas of drinking water treatment and distribution system.

Region VIII USEPA Office of Municipal Systems: This 25-year partnership provides funding to deliver outreach technical assistance to municipalities who are in violation of their NPDES permits. This program has allowed Casper College to stay current in the field of wastewater treatment and made our instructor, Mr. Mixer, a recognized national expert in specific treatment areas.

Hazardous Materials Training Research Institute (HMTRI): This 11-year partnership with HMTRI has allowed Casper College to develop the OSHA forty-hour Hazwoper program and refresher courses. It has provided curriculum, training and funding for equipment. This program has served over 200 students.

Kirkwood College: This partnership is in its seventh year. It has provided the college with the on-line curriculum for the water quality technology program and has been extremely successful. There have been over 80 students in these classes

Wyoming Water Quality and Pollution Control Association (WWQ/PCA): This relationship has allowed the college to provide college credit courses as pre-conference workshop for the last six years at the WWQ annual conference. This year this partnership has provided many opportunities for one-credit courses. There have been over 125 students in credit programs in the last four years. This year we are offering two classes.

SKILLS USA: This is a national student organization that serves students enrolled in career and technical education training programs. A state contest is partially hosted by Casper College and serves approximately 400 students.

B & T Fabrication, Pepper Tank and J. W. Measurement: This agreement provides weld and welders certification for employees and provides training aids for the Welding Technology Program.

Woodward Power Steering: This relationship provides cooperative opportunities for students enrolled in the Machine Tool and Welding Technology Program and provides shop materials for student use.

Terry's Salvage: This agreement provides industry specific training aids for Auto Body Technology program.

TIC: This partnership provides assistance and with job placement and training aids for the Welding Technology Program.

High Country Fabrication: This agreement provides assistance and with job placement and training aids for the Welding Technology Program.

Pacific Steel: This partnership provides material donations for the Casper College Welding Club and Welding Technology Program.

UW/CC: ITE Program. This partnership provides cooperation between the University of Wyoming and Casper College to grant teaching certificates to junior high and high school teachers in technical areas. The first UW class graduated in 2004. Current number of students enrolled in the program is 20.

WESTEC: Provides employee training and assistance with their hiring process. The Welding Department set up a two-week training program for WESTEC potential employees (entry level). When training period ended they were tested on MIG and Flux welding (standards testing). Employment was dependent upon test results.

Plumbers/Pipefitters Local 192: Provides employee training. This partnership provides welding training and certification of employees using Casper College instructors and facilities.

Sheet Metal Apprenticeship Program with JATC: This partnership provides apprenticeship training for sheet metal workers. Currently there are 10 students enrolled.

Electrician Apprenticeship Program with JATC: This partnership provides training for electricians. There are 130 students enrolled in the program this year.

TurnTech: This partnership provides cooperative opportunities for students enrolled in the Machine Tool Technology Program.

Hanover Compression: Provides cooperative opportunities for Machine Tool Technology students. No students are placed at this time.

Mike Gurkin Construction: This agreement provides cooperative opportunities for students enrolled in the Construction Technology Program.

John HAAS Construction: This relationship provides cooperative opportunities for students enrolled in the Construction Technology Program.

Superior Woods: This partnership provides cooperative opportunities for students enrolled in the Construction Technology Program.

JL Construction Company: This partnership provides cooperative opportunities for students enrolled in the Construction Technology Program.

Cooper Compression: This partnership provides employment opportunities for machine tool students; currently has three graduates employed.

Northwinds Pipeline: This partnership provides welder certification for employees.

GW Mechanical: This partnership provides welder training for employees.

JW Williams Measurement: This partnership provides welder training and code compliance for employees.

Teton Homes: This partnership provides welder employment and coop opportunities.

Compression Leasing: Provides job opportunities for welding technology students.

MARMC Trucking & Body Inc.: Provides assistance and job placement for Auto Body Repair and Welding Technology programs.

Power Service: provides weld testing and certifications for employees.

M & M Welding: provides weld testing and certifications for employees.

CVIC: Provides job opportunities for welding technology students.

Wyoming Auto Refinishing: Provides training, and training facilities for Auto Body Repair Technology students.

Prazma Auto Body Repair: Provides training aids for Auto Body Repair Technology Program.

Energy Transportation – Provides job opportunities for welding technology students.

Wyoming Machinery Company: This partnership provides training for diesel power technicians, students and instructors.

Lariat International: This partnership provides training for diesel power technicians, students and instructors.

Wyoming Pupil Transportation Association: This partnership provides training for diesel power technicians, students and instructors.

Training Partnership with Eaton Corporation: This relationship has provided training for college employees to become certified in the maintenance of natural gas engines. The partnership also has resulted in donations of equipment to develop the program that will train natural gas technicians.

Wyoming Machinery: This partnership provides training and employment for machine tool students.

Lathrop Equipment: This partnership provides training for diesel power technicians, students and instructors.

Honnen Equipment: This partnership provides training for diesel power technicians, students and instructors.

RMOTC: Aids in the educational experience of Casper College students by providing a mechanism by which those students can benefit from the staff expertise, unique facilities and equipment related to technology. This partnership will have students building and maintaining a small wind turbine test center. Students will collect data that measures a turbine's performance. Used as a lab facility for the Extractive Resources Program.

Wyoming Cabinet: This agreement provides cooperative opportunities for students enrolled in the Construction Technology Program.

Masters Construction: This agreement provides cooperative opportunities for students enrolled in the Construction Technology Program.

Mountain Cement: This partnership provides welder training and code compliance for employees.

Masterson Place: This partnership provides drafting students a project to design a renovation plan.

REXEL USA: This partnership is a mutual training agreement for automation control systems.

Rockwell Automation: This partnership provides software and industrial controllers at a reduced cost.

FIRST: This partnership provides opportunity for students to participate in science and technology events and competitions. It connects students with mentors in industry and offers scholarships to universities.

KUKA Roboter GmbH: This partnership along with the Wyoming Business Council connects students with employers who are using robots or who are interested in using robots.

PacifiCorp: This partnership provides industry specific on-site training at Dave Johnston Plant and other PacifiCorp Plants to enhance the training for Electric Power Technology students from Casper College.

Casper Workforce Center: This partner will provide assistance with job placement, provide student tracking in the workplace and provide skills training for Electric Power Technology students.

Natrona County School District: This partnership will provide student advisement, help in recruitment of students and curriculum input for Electric Power Technology students.

STUDENT SERVICES PARTNERSHIPS

ACCOMMODATIVE SERVICES

Department of Vocational Rehabilitation: Cost sharing on accommodative devices for DVR clientele; tuition assistance for DVR clientele

Natrona County School District #1: Transition services to assist special needs students attending through BOCES programs and/or enrolling in Casper College after high school graduation.

Natrona County Inter-agency Transitional Task Force: Coordination of various social service agency services for clientele attending Casper College.

ATHLETICS

Central Wyoming Fairgrounds: Rodeo

Casper Family YMCA: Space trade-out for various events. T-Bird players volunteer at the YMCA.

Natrona County School District/Wyoming High School Activities Association: Space for state tournaments, various practices, Kelly Walsh – Natrona County games and summer all-star games.

Agreements with various medical service providers in the community (dentist, orthodontist, optometrist, physician, orthopedist): Provides low cost, no cost medical assistance to athletes.

Agreements with local businesses and vendors: Provides products and scholarship resources for athletic events and athletes.

CAREER CENTER

Businesses: The Career Center promotes on-campus recruiting and interviewing, and job postings for local businesses.

Career Fairs: Health Professions and Trades & Tech Career Fairs are hosted annually, bringing up to 35 Wyoming and out-of-state employers to each fair.

Casper Area Chamber of Commerce: Collaboration with the Education Committee and Ambassadors to promote the college through an annual business blitz, visiting up to 400 businesses in one day with “Welcome Casper College Students” signs, college event posters, class schedules, Chamber membership info, Career Center flyer, UW/CC info. Business Before Hours is hosted annually on campus to highlight various educational programs and workforce training opportunities.

Workforce Investment Board: Collaboration with local, state and federal agencies focused on student employment & financial assistance to students

Casper Star-Tribune: Hosts Job Quest job fair in fall and spring. Career Center promotes event to students and offers a workshop on job search.

Casper Workforce Center: Allows students access to employment listings through the Career Center; collaboration with respect to web linkages to state, regional and national employment databases.

Community Re-entry Center: In collaboration with ABE/GED, UW EOC and Casper Workforce Center, Work Readiness classes are offered to upcoming graduates of this 9-month therapeutic correctional program.

Central Wyoming BOCES (Board of Cooperative Education Services): Pays wages for college students tutoring in grades 4-6 through Tutors for Transition. Sponsors school counselors visit to campus.

Society for Human Resources Management (SHRM): Networking with directors of human resources from local companies.

Wyoming Council for Women’s Issues: Hosted Nontraditional Job Fair for 600 high school girls from around the state.

EARLY CHILDHOOD LEARNING CENTER

Sodexo Campus Services: Food service for childcare center.

Adult & Child Care Food Program: Food subsidy program for low-income students to assist with food service assistance in the childcare program.

Child Development Center of Natrona County: Provision of developmental and therapeutic services for ECLC children as needed.

Wyoming Department of Family Services: Assistance with childcare expenses for low-income students.

American Red Cross: Authorized provider agreement to allow one of the Early Childhood Learning Center teachers who is a certified CPR & First Aid instructor to provide training for work study and full time staff of the Early Childhood Learning Center.

SECURITY

Casper Police Department: Criminal activity and emergency management.

Natrona County Sheriff's Office: Criminal activity, emergency management and civil/criminal paper service.

Red Cross: Emergency management and partner for emergency center activation.

STUDENT ACTIVITIES

Casper YMCA, The Peak Indoor Climbing Facility, Casper Recreation Center, Sunrise Lanes, Casper Breakfast Optimists Club, and Wyoming Athletic Club - West Branch: These facilities provide recreational activities and facilities beyond what the College has available in support of the Student Intramural and Recreational Sports programs.

Meal-on-Wheels: Provides volunteer opportunities for students to become involved in the Casper community.

STUDENT FINANCIAL ASSISTANCE

Daniel's Fund. Daniel's Opportunity Awards: Awards to students from specific demographics.

Gear Up Program: The Gear Up program provides training and funding for disadvantaged students grades 7-12 in conjunction with the following partners.

Natrona County School District:

At Risk Dropout Manager advises Natrona County School District junior high and high school students and provides tutoring, academic and placement assistance.

The Career Selection Facilitator provides career advisement for junior high students.

The College Selection Facilitator provides college information and selection help and ACT testing information and assistance.

BOCES

The BOCES Administrative Assistant assists high school juniors and seniors with dual enrollment and BOCES classes.

TRIO Programs (college preparation and student assistance):

The Education Opportunity Center provides college test assistance and financial aid for students age 18 and older.

Upward Bound assists first generation and low income students through tutoring, advising, and mentoring for students in grades 9-11.

Youth Programs

Boys & Girls Club provides facilities and activities for 7th-12th grade students (\$10/year)

Boy Scouts and Girl Scouts personnel teach leadership, team building and self reliance.

Natrona County Library provides educational activities and evening programs.

YMCA Teen Program Director provides activities and facilities (\$8/month) and summer program activities(\$30/month).

Youth Empowerment Council provides youth activities, and promotes leadership and community service.

Wyoming Community College Commission and Western States Learning Corporation Wyoming Investment in Nursing (WYIN): Forgivable loan funds to assist Nursing students planning to stay in Wyoming.

Wyoming Community College Commission: Wyoming Overseas Combat Veteran , Spouse and Dependents of Deceased Wyoming Overseas Combat Veterans, Wyoming Viet Nam Veteran, and Spouse and Dependent of Deceased Wyoming Viet Nam Veteran programs. State sponsored tuition assistance programs.

State of Wyoming Military Department, Veteran Education, State Approving Agency: Wyoming National Guard Tuition Assistance Program.

Wyoming Dept. of Workforce Services/Wyoming Quality Counts: A financial assistance program for education for child care providers.

Richardson Educational Trust Fund and Numerous Other Scholarship Donors & Foundations: Provide scholarship assistance for students.

Veterans Administration (VA): Processes GI Bill benefit requests for our students who are veterans.

Vocational Rehabilitation (DVR): Provides assistance to our students with disabilities.

Workforce Investment Act (WIA): Provides financial assistance to our students

Wyoming Department of Family Services: Provides assistance and child care to low income students.

Sky People: Provides funding for Northern Arapahoe tribal members.

Shoshone Higher Education: Provides funding for Eastern Shoshone tribal members.

Federal Department of Education: Provides need based and non-need based grants and loans for our students.

Any and all Lenders and Guarantors under the Federal Family Educational Loan Program (FFELP): Provide loans to our needy students.

STUDENT HEALTH SERVICE

Community Health Center of Central Wyoming: Provides a medical referral setting for more complex health/illness issues; maintains medical records on students seen at the Student Health Service by UW Residency program physicians, and works with other partners to provide OB/GYN clinic services on Wednesdays.

University of Wyoming Family Practice Residency Program: Provides a faculty physician to serve as Medical Director for the Casper College Student Health Service and oversee the residency physicians to staff Wednesday evening clinics and the OB/GYN clinic services on Wednesdays (part of residents' OB/GYN rotation).

Medical Testing Lab: Provides low cost lab work (primarily blood work) for Student Health.

ACSA: Provides low cost Illness and Accident Insurance for Casper College students and on-campus students of partner institutions (work through local insurance agent Rick Tempest).

Natrona County Public Health: Provides Wednesday OB/GYN clinic through federal title X grant support in conjunction with Community Health Center's residency program. Provides support and vaccine "back-up" for Student Health.

Wyoming AIDS Project (WAP): Provides supplies and training for HIV testing/counseling.

Family Vision Clinic: Informal partnership to provide consultation and priority appointments for students with eye injuries or complex concerns.

TESTING

ACT: Provides COMPASS assessment and support for course placement of new students.

College Board: Provides CLEP testing for students wishing to test out of some courses.

BOCES Board: Grant funding provides GED assessments and tuition and fees for four credits and \$100 toward books.

Literacy Volunteers of Casper: Provides funding for GED assessment for individuals for selected economically disadvantaged students.

National Institute for Certification in Engineering Technologies: Provides certification testing for engineers.

National Computer Systems: Provides career assessment tools for students making career decisions.

Other Testing Services Provided on Campus: Educational Testing Services (ETS), Graduate Record Exam (GRE), Automotive Service Excellence (ASE).

SINGLE PARENT FOCUSED PARTNERSHIPS

Casper PEO chapters: Provide financial, clothing and materials support to targeted Casper College students.

Casper area service groups (AAUW, Soroptimists, various churches): Provide food, clothing and materials support to targeted Casper College students.

Inter-faith Clearinghouse: Provides funding and coordination of community social services to targeted Casper College students.

CENTRAL WYOMING COLLEGE

ACADEMIC PARTNERSHIPS

WYOMING COMMUNITY COLLEGES

Casper College: Central Wyoming College partners with Casper College in providing ParaEducator training to teachers' aides enrolled in the A.A.S. in ParaEducator Preparation program.

Western Wyoming Community College: Central Wyoming College partners with Western Wyoming Community College in providing the Associate Degree Nursing Program to Afton/Star Valley.

Wyoming Distance Education Consortium: Central Wyoming College partners with the other six Wyoming community colleges in the formation of the Wyoming Distance Education Consortium (WyDEC). This consortium provides for the sharing of on-line courses throughout the state to better serve students regardless of location and/or time. The courses are marketed through a shared web site and students are advised to courses provided through the consortium. This allows the colleges the opportunity to offer a wider range of distance education courses without duplicating services.

COLLEGES OR UNIVERSITIES

University of Wyoming: Central Wyoming College in partnership with the University of Wyoming provides a transfer articulation agreement that provides students a smooth transfer of credits between the Wyoming community colleges and the university.

Chadron State College, Black Hills State University, Weber State University, University of Utah, Utah State University, Colorado State University, Regis University, Montana State University, Eastern Montana College, Upper Iowa University, University of Northern Colorado, Montana Tech, University of Montana, University of Houston Conrad N. Hilton College of Hotel and Restaurant Management, University of Great Falls, South Dakota School of Mines, and the Wind River Tribal College: Central Wyoming College has articulations agreements with the out-of-state colleges and universities to ensure the smooth transition from CWC to the partner 4-year institution.

University of Wyoming Outreach School: Central Wyoming College partners with the University of Wyoming Outreach School through a cooperative agreement providing for the sharing of facilities and library services. This agreement provides bachelors and advanced degree opportunities for students at the CWC facilities. The partnership also provides professional development/continuing education opportunities for Central Wyoming College faculty and staff.

Wyoming Catholic College: Central Wyoming College partners with Wyoming Catholic College in providing Equestrian Studies.

STATE OF WYOMING

Department of Corrections: Central Wyoming College partners with the Wyoming Department of Corrections to provide for a college-level construction trades program for inmates building single family homes through WDOC industries.

JACKSON HOLE PARTNERSHIPS

Saint John Medical Center: CWC partners with SJMC to provide an interactive classroom network (ICN) class for a Jackson based cohort of student nurses.

Teton School District No.1: CWC utilizes an ICN room located within Jackson Hole High School. In addition CWC utilizes district classrooms for use in numerous other CWC courses.

Teton County Board of Cooperative Educational Services (BOCES): Teton County BOCES (Partnership between CWC and Teton County School District No. 1) has just recently become an active and effective agent for enhancing educational services in the Jackson area.

Jackson Art Association: This organization collaborates with CWC in enhancing offerings of art courses in Jackson.

Center for the Arts: CWC partners with the Center for the Arts, which provides beautiful office space in a brand new, state-of-the-art facility in the heart of Jackson. The Center for the Arts is a facility devoted to arts and education in the Jackson community.

Four-Seasons in Jackson: CWC partners with Four-Seasons in Jackson for the Culinary Arts program.

THERMOPOLIS PARTNERSHIP

Hot Springs County School District No. 1: CWC partners with the School District for education and office space to offer a number of dual enrollment courses

Gottsche Rehabilitation Center: Collaboration for facility use and instructor resources for CWC credit classes

Star Plunge Mineral Hot Springs: CWC partners with this commercial mineral springs facility for Aquatic Conditioning Classes

Evenstart Literacy Program: CWC's outreach coordinator is a member of this program's Advisory Board and serves as an "educational consultant member" for purposes of this project.

Hot Springs County Human Resource Council: CWC outreach coordinator is a member of this council's Advisory Board and serves as an “educational consultant member.”

Wyoming Red Cross: Partnership for instructor and training supplies for CWC college credit.

Hot Springs Educational Endowment: Partnership to obtain education funding for students attending CWC “live” courses in Thermopolis.

DUBOIS PARTNERSHIP

Outreach Office: The outreach office itself is funded through a partnership. The Town of Dubois, as one of the participants, provides office space, furniture, phone and supplies. Fremont County School District #2 contributes 45% of the coordinator's salary and benefits and has done so for nineteen years. The Never Sweat Recreation Board, Fremont County School District #2 provides most of the funding for the School District's contribution through a grant to the District.

Facility And Equipment Resources: Outreach classes are held in virtually any appropriate building in and around the Town of Dubois through partnerships with:

High Country Senior Center

Dubois High School

Dubois K-8 School and grounds

Dennison Lodge

Headwater's Arts and Conference Center

Dubois Town Hall

Shoshone National Forest

Senior Center Van and Bus

The Golf Course

The Fremont County Medical Service's Ambulance Barn

The Whirling K Arena

The Café Wyoming

The Dubois Cyber Café

LANDER PARTNERSHIP

Lander School District No. 1: CWC shares buildings and meeting space throughout each semester. The Lander CWC classes, which require labs, studio, and shop, meet at school buildings. We are able to reciprocate space for meetings, testing, and advising.

Lander Volunteer Fire Department: The Lander Center, the Fire Department and the CWC Lander Office share space for classes and meetings, parking space, trash removal, and the Fire Department does parking lot snow removal for us when possible.

SunRise School: As an independent educational facility, the school is an outreach of District 1 but does independent scheduling. CWC is a partner in utilizing space and educational needs of employees.

Shoshone and Arapaho Tribes Headstart: The Shoshone and Arapaho Tribes Headstart works weekly with the Lander CWC Office to assure educational services for its employees, who are stationed at four different sites on the Wind River Reservation. Our services insure counseling, advising, class offerings, and text procurement. The CWC Business Office provides credit and billing services each semester.

Wind River Tribal College: CWC and the Wind River Tribal College collaborate to ensure that we are aware of each other's offerings and student needs.

Fort Washakie Learning Center: The Shoshone Tribe's study facility at Fort Washakie hosts CWC non-credit classes, as well as GED courses. CWC students are welcomed to use the study room and its computers.

Arapahoe Boys & Girls Club Computer Lab: Lander CWC maintains an ongoing agreement regarding CWC student use of this lab. We try to keep the channels open in case of local student needs.

Other Partners In Lander:

Red Cross
Sprout Greenhouse
Edward Jones
Heavenly Everlasting
Rodeo Arena
Brighter Days
Arts Center
Senior Center

SINKS CANYON CENTER PARTNERSHIP

CWC partners with the following entities through its Sinks Canyon Center:

NOLS Wilderness Medical Institute
NOLS Professional Training
NOLS Rock Mountain Branch
Fremont School District No. 1
Workforce Services
City of Riverton
Popo Anglers
Windriver Archers
Lander One Shot
Teton Science School
Bike for Humanity

CONCURRENT ENROLLMENT PARTNERSHIPS WITH LOCAL HIGH SCHOOLS

Fremont County (Arapaho Charter High School, Dubois High School, Fort Washakie Charter High School, Lander Valley High School, Riverton High School, Shoshoni High School, St. Stephens Indian School, Wind River High School, and Wyoming Indian High School), Hot Springs County (Hot Springs High School in Thermopolis), Sublette County (Big Piney High School), and Teton County (Jackson Hole High School, Summit High School, Jackson Hole Community School): Central Wyoming College had concurrent enrollment agreements with 14 high schools during the 2006-2007 academic year. Concurrent enrollment agreements allow for students to receive both high school and college credit concurrently. The courses are taught using college curriculum and standards and allow qualified students an opportunity to get a jump-start on their post-secondary educational opportunities. It is an effective way for high schools and the College to share resources, curriculum, and staff to meet the needs of students in the service area. The fourteen high schools included in these partnerships are:

Arapaho Charter High School: Course offering includes Vocational Exploration

Big Piney High School: Course offering includes American & Wyoming Government.

Dubois High School: Course offerings include English Composition I & II, Pre-Calculus Algebra, American & Wyoming Government, Native American Studies, Personal Finance, Human Anatomy and Power Sports Maintenance and Tune-up.

Fort Washakie Charter School: Course offerings include Photography I, Native American Studies, Computer Information Systems, PE: Heavy Resistance, Introduction to Physical Geography and Introduction to Wildland Firefighting.

Jackson Hole High School: Course offerings include: Drawing I, Design: 2D and 3D, General Biology I, General Chemistry I, English Composition I & II, First Year French I & II, U.S. History I, Introduction to the Hospitality Industry, Calculus I, General Physics I & II, American & Wyoming Government, Fundamentals of Statistics, Power Sports Maintenance & Tune Up, First Year Spanish I, II & III, and General Welding.

Jackson Hole Community School: Course offerings include: General Physics I and Calculus I.

Lander Valley High School: Course offerings include: Painting I, General Biology I & II, General Chemistry I, Computer Information Systems, English Composition I & II, First Year French I & II, Calculus I, American & Wyoming Government, US History I & II, Pre-Calculus Algebra, Pre-Calculus Trigonometry, PE: Recreational Games, PE: Beginning Soccer, First Year Spanish I & II, Introduction to Construction Trades, Safety and Tools, General Physics I & II, Printmaking I, Ceramics and Sociological Principles.

Riverton High School: Course offerings include: General Biology I, Introduction to Chemistry, Multimedia: Introduction, Computer Information Systems, Digital Imaging, General Psychology, English Composition I & II, Pre-Calculus Algebra, Pre-Calculus

Trigonometry, Calculus I, Prevention of Athletic Injury/Illness, Survey of Physics, American & Wyoming Government, Sociological Principles and First Year Spanish I & II.

Shoshoni High School: Course offerings include Practical Accounting I, English Composition I, US History I, American and Wyoming Government, Pre-Calculus Algebra, Pre-Calculus Trigonometry and Introduction to Chemistry.

St. Stephens Indian School: Course offerings include Fundamentals of Arithmetic, Fundamentals of Composition and English Composition I.

Summit High School: Course offerings include: Orientation to College, Introduction to the Hospitality Industry, Basic Word Processing and Spreadsheets I.

Thermopolis (Hot Springs County High School): Course offerings include General Biology I, Digital Photography, English Composition I, Pre-Calculus Algebra, Pre-Calculus Trigonometry and Engine Systems Fundamentals.

Wind River High School: Course offerings include Ceramics I, Interpersonal Communication, Intro Native American Studies, PE: Strength & Flexibility, General Psychology, American & Wyoming Government, Sociological Principles, Power Sports Maintenance & Tune-up, Engine Systems Fundamentals, Public Speaking, Multimedia: Introduction, Introduction to Wildland Firefighting and First Year Spanish I & II.

Wyoming Indian High School: Course offerings include Orientation to College, Sociological Principles, American and Wyoming Government, Automotive Electrical Systems, Survey of Physics, Engine Systems Fundamentals and General Welding.

COMMUNITY-BASED PARTNERSHIP

Habitat for Humanity: CWC has partnered with local Habitat for Humanity projects.

The Transitional Living Center: Central Wyoming College partners with the Transitional Living Center to teach vocational skills, academic subjects, and other educational programs to the students of the Transitional Learning Center.

American Red Cross: Central Wyoming College partners with the American Red Cross to become an Authorized Provider to provide first aid, CPR, and other health and safety education programs.

WYOMING PUBLIC TELEVISION

Wyoming Public Television (WPTV): As license holder for Wyoming Public Television, CWC oversees operations and provides facilities for WPTV for its main studio on the CWC campus. Under a memorandum of understanding with the Wyoming Community College Commission, the college and WPTV work with community college and other state officials to provide a statewide public broadcasting and educational service. Programming includes a full range of telecourses through the community colleges; public interest programs, such as debates of candidates for elective office; and special

documentaries on issues of social, historical, and cultural interest to the state of Wyoming and its citizens.

ALLIED HEALTH EDUCATIONAL PARTNERSHIPS

Central Wyoming College has clinical and observational agreements with numerous health providers within the college's service area, across the state, and nationally. These agreements provide students in the Associate Degree Nursing program, the Surgical Technology program, and the Certified Nurse Assistant program with a clinical or observational experience. The agreements outline the sharing of facilities, staff, and expertise that can only be provided by partnering together. The following facilities participated with the college:

Riverton Memorial Hospital

2100 West Sunset Drive
Riverton, WY 82501

St. John's Medical Center

P.O. Box 428
Jackson, Wyoming 83001

Morning Star Care Center

4 North Fork Road
Fort Washakie, WY 82514

Canyon Hills Manor

1210 Canyon Hills Road
Thermopolis, WY 82443

Hot Springs County Memorial Hospital

150 E. Arapahoe
Thermopolis, WY 82443

MENTAL HEALTH CAREERS OPPORTUNITY PROGRAM (MHCOP)

Mental Health Careers Opportunity Program: The goal of the MHCOP project is to increase the number of mental health providers on the eight Indian reservations in Montana and Wyoming. Objectives of the partnership include: a) Recruit individuals from disadvantaged backgrounds for health professions training, b) Assist disadvantaged students to enter training programs in health or allied health professions, c) Provide advising, tutoring and other services that help students successfully complete their training, d) Provide preliminary education and health research training, e) Publicize financial aid and financial planning resources to students and parents, as well as information about health care careers and training, f) Expose students to community-based primary health care with public and private nonprofit providers, and g) Develop a larger and more competitive applicant pool through partnerships with institutions of higher education, school districts and other community-based entities. Partner institutions include:

University of Montana College
Blackfoot Community College
Chief Dull Knife College
Fort Belknap College

Fort Peck Community College
Salish Kootenai College
Stone Child College

WIND RIVER INDIAN RESERVATION

Shoshone Business Council and the Arapaho Business Council: CWC officials meet several times per year with both the Shoshone Business Council and the Arapaho Business Council to share information, to identify educational needs, and to collaboratively improve educational services and offerings for members of the Wind River Indian Reservation. CWC has a formal memorandum of understanding with the Arapaho Tribal Council relating to joint educational efforts, and both tribal councils have approved a “statement of support” for the proposed CWC Intertribal and Community Center, which is planned to be built on CWC’s main campus in Riverton.

Shoshone Tribal Council and the Arapaho Tribal Council: CWC officials meet several times per year with both the Shoshone Tribal Council and the Arapaho Tribal Council to share information, to identify educational needs, and to collaboratively improve educational services and offerings for members of the Wind River Indian Reservation. CWC has a formal memorandum of understanding with the Arapaho Tribal Council relating to joint educational efforts, and both tribal councils have approved a “statement of support” for the proposed CWC Intertribal and Community Center, which is planned to be built on CWC’s main campus in Riverton.

Native American Vocational Training Program (NAVTEP): Central Wyoming College has partnered with the Native American Vocational and Technical Education Program to provide expertise, curriculum and student monitoring of vocational programs offered to develop the skills of Native American workers. The college works closely with the Eastern Shoshone and Northern Arapahoe Nations in meeting their education needs.

Eastern Shoshone Housing Authority: Central Wyoming College has a partnership with the Eastern Shoshone Housing Authority to provide computer training and distance education resources to residents in computer and telecommunication skills, courses in child care and the college supports the creation of a work site day-care center in the Housing Authority.

NATIONAL OUTDOOR LEADERSHIP SCHOOL (NOLS)

National Outdoor Leadership School: Central Wyoming College and the National Outdoor Leadership School (NOLS) have partnered to offer an Environmental Science and Leadership degree, and the Outdoor Education and Leadership degree. This program includes classroom instruction at the college and field instruction with NOLS.

CISCO REGIONAL ACADEMY

CISCO Regional Academy: Central Wyoming College is a regional training academy for CISCO in the following areas: CCNA (CISCO Certified Networking Associate); FWL (Fundamentals of Wireless LANs); FNS (Fundamentals of Network Security). Regional academies are chosen by the Cisco Area Academy Manager based on regional needs. Through a partnership with CISCO, CWC instructors are trained by the Cisco Area Training Centers. CWC then trains and mentors Local Academy instructors in the operation of the program and the teaching of the curriculum. Partnering educational entities include:

Green River High School

Northwest Community College

Cody High School

Lander Valley High School

Dubois High School & Cyber Cafe

In addition, CWC is a Local Academy with CISCO for the CCNP (CISCO Certified Networking Professional) training.

WORKFORCE & COMMUNITY EDUCATION: CUSTOMIZED TRAINING

Central Wyoming College, through the Office of Customized Training, has partnered with numerous local businesses and industries to offer just-in-time training and workforce development opportunities. Some of the partnerships include:

Employment Training and Self-Sufficiency Program (ETSS): This partnership was originally with the Department of Workforce Services, but this past year was provided through a partnership with the Fremont County Commissioners. This program provided extensive training (280 hours) for over 350 individuals in computers, office skills, customer service, work ethic, and assisted them in job searches. Over 121 various employers in Fremont County have employed students from this program.

Fremont County Commissioners: This partnership currently funds the training for Certified Nursing Assistants, to train and fill needed positions throughout the County.

BTI: CWC partnered with this private company to develop and deliver the first rail car repair program in the nation.

Wyoming Contractor's Association/McMurray Training Center: CWC contracts for services to be provided in the College's service area for CDL and oil and gas industry safety trainings.

Northern Arapaho Tribal Industries: CWC provided training to develop eight employees to work in the information technology field for this organization.

Shoshone Information Technology Corporation: CWC has worked with SITCO to customize training to develop employees for their corporation.

Natural Resources Advisory Group: CWC has been meeting with this newly formed advisory group to better understand the needs of local energy companies and to develop programs and training to meet their needs. This partnership has led to the development of the partnership with WCA, and with Western Community College to provide contractor safety training.

Post Secondary Tribal Education Consortium: CWC meets quarterly with this group of tribal educators and entities to address tribal concerns and needs for academic and vocational training.

Riverton Economic & Community Development Association: CWC is an active member in supporting the economic development needs of the community.

Riverton/Lander Chamber of Commerce: As a member of the Chambers of Commerce in our service areas, we partner to offer training in a wide variety of subject areas.

Wyoming Business Council: Through ETSS, over 300 individuals were certified as Certified Customer Service Specialists through CWC and the Wyoming Business Council as part of the statewide program "QuickStart Certified Customer Service Specialist". We host the most graduates of the program in the state.

Fremont County Sheriff Department: CWC provided sexual harassment training for over 100 employees of the County Sheriff Department.

Department of Employment: CWC provided a customized "Proxima Training" for the Department of Employment personnel.

Department of Workforce Services: CWC partners with local and state DWS to provide innovative workforce development programs including; construction trades, dental assisting, information technology, bookkeeping assistant, customer service and more.

Wyoming.Com: CWC developed and delivered a customized sales training program to over 40 employees of this local technology program.

Wyoming Business Council-Agricultural Leaders: CWC conducts a “Leadership Development” workshop for the Wyoming Business Council-Agricultural Leaders program on an annual basis

Atlantic City Federal Credit Union: CWC delivered a D.D.I based Service Booster program to staff of this local credit union.

Wind River Tourism: CWC facilitated a Board Planning meeting for this organization.

Child Development Services: CWC has worked extensively with staff and the Board to further the development of their organizational vision, staff skills and operational plans.

Wind River Development: We support and partner with this joint tribal organization to offer an entrepreneurship program and support economic development efforts on the Wind River Reservation.

INBRE PROGRAM

INBRE Program: The aim of the program is to strengthen infrastructure, create scholarships for CWC students interested in completing their baccalaureate in life science/biomedical science at UW, and to create a new hire to support facilities and instrumentation. The goals of the proposed program are: 1) to provide support to upgrade the equipment and facilities at the Jackson Outreach Center, 2) Establish a pipeline for students wishing to pursue an education in a biomedical field at UW, and 3) to provide support to hire a lab technician to maintain and upgrade state-of-the-art equipment and instrumentation available to participating faculty in order to increase operability of equipment.

WALT DISNEY WORLD

Walt Disney World: Central Wyoming College partners with Walt Disney World to provide opportunities for its students to obtain CWC credit while working at the Florida location.

STUDENT SERVICES PARTNERSHIPS

ACCOMMODATIVE SERVICES

Wyoming Department of Workforce Services Division of Vocational Rehabilitation (DVR): Cost sharing on accommodative devices for DVR clientele; tuition, fees, and textbook assistance for DVR clientele

Northern Arapahoe Vocational Rehabilitation: Cost sharing on accommodative devices for DVR clientele; tuition, fees, and textbook assistance for DVR clientele

Eastern Shoshone Vocational Rehabilitation: Cost sharing on accommodative devices for DVR clientele; tuition, fees, and textbook assistance for DVR clientele

Riverton High School: Provides transition services to assist special-needs students who want to attend Central Wyoming College after high school graduation and facilitates programs and/or dual-enrollment in Central Wyoming College through BOCES

Fremont County School Districts - High School Counselors: Provides student with information about CWC programs and admissions procedures

Traumatic Brain Injury – Community Entry Services: Provides funding and counseling support for clients with brain injuries; assist with college transition

Fremont County Alliance Against Domestic Violence and Sexual Assault: Provides education, advocacy, and shelter for victims of domestic violence and sexual assault; coordinates awareness efforts with CWC counselors

Fremont Counseling: Provides mental health counseling, assessment and medical referral for students

Western Wyoming Family Planning: Provides education, testing, exams and birth control for female students

Fremont County Public Health: Provides education, testing, and flu immunizations for students

American Cancer Society: Provides free education materials for tobacco prevention and nicotine addiction, and breast cancer awareness

Wind River Transportation: Provides transportation for CWC students and employees

Wyoming Department of Family Services: Provides assistance with child-care expenses for low-income students

Wyoming Employment Center: Provides students access to employment listings through the Career Center, collaboration with respect to web linkages to state, regional and national employment databases

College Central Network: Provides employer/student job assistance coordinated by the Career Center

Riverton Workforce Development Center: Collaboration with local, state and federal agencies focused on student employment & financial assistance to students

Fremont County Library: Furnishes free use of meeting rooms for Gear UP and Talent Search programs

Wind River Rural Systemic Initiative: Provides funding, facilities, supplies, staff and training for Gear Up and Talent Search programs

Department of Education Wyoming Transition Council: Works to improved transition and education strategies for students with special needs

Riverton Business Leadership Network Steering/Advisory Committee: Coordinates efforts to help people with disabilities to become productive citizens integrated in the community

Substance Abuse Prevention State Advisory Council: Created by Dave Freudenthal's wife

Fremont County Suicide Prevention Task Force: Addresses problems and educational strategies to prevent and deal with suicide related issues

Encana: Provides funding, facilities, supplies, staff and training for Gear Up and Talent Search programs. And money for the Summer Academy

Weather Station: Provides facilities, supplies, staff and training for Gear Up and Talent Search programs

Riverton Memorial Hospital: Provides funding, facilities, supplies, staff and training for Gear Up and Talent Search programs in their Women in Science Program

USA Funds: Provides funding, facilities, supplies, staff and training for Gear Up and Talent Search's Super Goal College Sunday

Lumina Foundation: Provides funding, facilities, supplies, staff and training for Gear Up and Talent Search's Super Goal College Sunday

STUDENT ACTIVITIES

Teton Athletic Courts, Riverview Trap Club, Lander Community Ice Skating Rink, Gabel Movie Theatres, Riverton Country Club, Lewis & Clark White Water Rafting, Riverton Aquatic Center, and Wyoming Department of Transportation—Adopt a Highway Program: Provide recreational activities and facilities beyond what the college has available in support of the Student Intramural and Recreational Sports programs and activities.

STUDENT FINANCIAL ASSISTANCE

Wyoming Student Loan Corp: Provides Wyoming students loan programs and scholarships

Common Origination & Disbursement Software with US Department of Education: Reporting of PELL payments

Sky People: Provides funding for enrolled Northern Arapahoe tribal members

Shoshone Higher Education: Provides funding for enrolled Eastern Shoshone Tribal Members

USA Funds: Provider of scholarships and national student loan services

Sallie Mae: Major national guarantor of student loans and provider of scholarships

National Student Loan Data System (NSLDS): Provides enrollment and degree verification

EDExpress/Edconnect: Department of Education Title IV funds communication software

Wells Fargo, Key Bank, Citibank, Bank of America and US Bank: Major student loan lenders

Department of Workforce Services Division of Vocational Rehabilitation (DVR): Assists with tuition, fees, textbooks and supplies

Northern Arapahoe Vocational Training Education Program (NAVTEP): Assists with tuition, fees, textbooks and supplies

University of Wyoming: Coordination of Daniels Fund Scholarships

Wyoming Community College Commission: WYIN Loans and Hathaway

Wyoming Department of Education: Hathaway

Wyoming Workforce Investment: Provides tuition and fees

ABE-GED-ESL PROGRAMS

Riverton Employment Center: Informal partnership. Services offered include assessment and instruction in ABE and GED for referred clients, as well as assessment and remedial instructional for all Workforce Investment Act (WIA) Title I training participants.

Northern Arapaho Department of Social Services (NANDSS): Formal Memorandum of Understanding. Services provided include assessment of Arapahoe TANF clients, recommendation of needed remedial instruction on Plato (computer-based curriculum instruction program), and instruction in ABE and GED.

Eastern Shoshone Tribe TANF Program: Formal Memorandum of Understanding. Services provided include assessment of Shoshone TANF clients and instruction in ABE and GED.

NOWCAP/EVENSTART – Thermopolis: Formal Memorandum of Understanding. Services provided include assessment of NOWCAP/EVENSTART clients, instruction in ABE and GED, and student curriculum suggestions for the NOWCAP/EVENSTART tutor to use with students.

NOWCAP/EVENSTART – Lander: Formal Memorandum of Understanding. Services provided include assessment of NOWCAP/EVENSTART clients, instruction in ABE and GED, and student curriculum suggestions for the NOWCAP/EVENSTART tutor to use with students.

Wind River Tribal College: Informal partnership. Services offered include assessment and instruction in ABE and GED for referred students. The college provides the use of a classroom for instruction.

Fremont County Detention Center: Informal Agreement. Services offered include assessment and instruction in ABE and GED for incarcerated individuals.

Hot Springs County Jail: Informal Agreement. Services offered include assessment and instruction in ABE and GED for incarcerated individuals.

Department of Workforce Services Division of Vocational Rehabilitation (DVR): Informal Agreement. Agreement entails referral of ABE students when appropriate.

EASTERN WYOMING COLLEGE PARTNERSHIPS

ACADEMIC PARTNERSHIPS

INSTITUTION WIDE

University of Wyoming: This partnership results in a University of Wyoming regional center on the EWC Torrington campus, as well as use of facilities at EWC's 12 outreach sites. The university offers six bachelor's degrees, 10 master's degrees, and three certificate programs on the Torrington campus. Facilities and equipment are shared. There are 69 students taking university classes within the EWC service area under this arrangement.

Eastern Wyoming Board of Cooperative Educational Services (BOCES): Eastern Wyoming has BOCES agreements with seven school districts in the six county service area. The purpose is to provide communities with additional opportunities for educational services including post-secondary education and adult education. The emphasis on community enrichment activities for rural communities resulted in a non-credit headcount of 3,883 for this year.

Wyoming Postsecondary Education Options Program: Thirteen high schools have agreements with EWC to enhance learning opportunities for qualified high school juniors and seniors by offering concurrent enrollment courses in the high schools. The high schools in the EWC service area include Torrington, Southeast, Lingle-Fort Laramie, Douglas, Wheatland, Guernsey, Glenrock, Lusk, Newcastle, Moorcroft, Upton, Sundance, Chugwater, Glendo, and Hulett. EWC provided 150 courses within these 15 high schools.

Goshen County Community Theater: This partnership provides opportunities for EWC students and staff to collaborate with community members in producing several theatrical performances each year. Community theatre performances involved 120 artists and volunteers this year.

Community Fine Arts Council: This partnership resulted in sponsorship of six Fine Arts performances on the EWC Torrington campus. There were 176 artists and 68 volunteers involved in the performances.

Tech-Prep Agreements: Eastern Wyoming College has Tech-Prep agreements in the areas of Business Office Technology, Welding and Joining Technology, and Agriculture to facilitate the articulation of high school technology courses to EWC technical programs. Currently there are a total of 30 agreements between the 16 consortium member high schools. College faculty and high school faculty have worked collaboratively to develop technical courses that build on each other rather than repeat information. This is part of EWC's emphasis on strengthening the workforce skills needed within our communities.

WYLD (Wyoming Libraries Database): All 23 county libraries and the community college libraries joined together under the auspices of the Wyoming State Library as the WYLD Network to purchase an electronic integrated library system from SIRSI. The WYLD Network has also entered into agreements to purchase an on-line encyclopedia, as well as various full-text periodical databases. Participation in the WYLD Network has allowed the library to acquire a far more sophisticated system than it would be able to afford as a single entity. Network participation has enabled the EWC Library to provide expanded electronic resources for students and faculty, as well as providing easier access to other library resources within the state.

The Wyoming Distance Education Consortium (WyDEC): The WyDEC is a group of representatives from the seven Wyoming community colleges. The group provides feedback to the Wyoming Community College Commission on expenditures of state moneys utilized for distance education as well as for faculty development. All Wyoming higher education students benefit from this program.

Statewide Distance Education Website: The seven community colleges, the University of Wyoming, and the Wyoming Community College Commission collaborate to provide a common website that lists all of the distance education courses available in Wyoming. This site allows students who are looking for distance education courses more options for finding the course that they need to continue their education.

Cent\$ible Nutrition Program: This program provides a variety of classes to assist limited resource families and individuals in eating better for less through a partnership with the UW Cent\$ible Nutrition Program, Wyoming's Cooperative Extension Services, and the State Department of Family Services.

Experience Works: This partnership provides collaboration in funding one part-time staff position in Douglas.

Banner Health Services: This agreement provides physical therapy for athletes.

Douglas Community Theater: This arrangement supports community theater and the use of college facilities for performances.

Workforce Alliances: EWC and DWS have formed a workforce alliance in Goshen County that includes many community partners from agencies and businesses. They hold monthly meetings to discuss workforce issues.

Workforce Development: Eastern Wyoming College provided customized non-credit training for 76 local businesses last year.

Torrington Senior Center: The grant that usually funds the senior citizen use of the EWC Fitness Center was not funded this year. However, an arrangement was made so that seniors could continue to enjoy the Fitness Center at a reduced price.

Douglas Peak Fitness: This partnership facilitates offering physical education classes off site at no additional rental cost to the college.

University Transfer Articulation Agreements: EWC has agreements to facilitate student transfer to four-year colleges (University of Wyoming, Chadron State College, Black Hills State College, University of Great Falls, Upper Iowa University).

Wyoming Department of Employment Research Division: EWC has partnered with the Research Division of the Department of Employment to share data on program completers. This partnership results in employment market analysis data provided to the college about its program completers. All students completing EWC programs of study are involved in this partnership.

Veterans Affairs Office: The EWC Veterans office works with the Department of Veterans Affairs to facilitate educational opportunities for eligible veterans.

Wyoming National Guard: This partnership facilitates the tuition assistance program for guard members.

Wyoming Council for the Humanities: Through this program, EWC sponsored 8 community book discussion groups throughout the EWC service area; 28 people participated.

Wyoming Black Hills Leadership Institute: EWC was part of a planning team that organized and provided community leadership training for 22 residents in Crook and Weston County.

Crook County Cares: This partnership supports after-school tutoring for 150 students in Crook County.

Wyoming High School Academic Challenge: EWC hosts this competition each December, promoting academic accomplishment and involvement. Seventy participants representing 12 high school teams participated this year.

Partnerships With 12 High Schools: Service-area high schools provide facilities and support for college credit and noncredit classes.

Regional High Schools: EWC participates in high school career fairs to provide post-secondary information to high school students, parents, and counselors.

Torrington High School: A faculty member sponsors a Game Club at EWC and at Torrington High School.

Torrington Telegram: A staff member serves on the local newspaper advisory board.

Goshen County School District: EWC faculty members serve on the Body of Works Committee for language arts.

Converse Area New Development Organization (CANDO): This is a collaboration with the Douglas Outreach site for computer classes.

Chambers of Commerce: In Torrington and the outreach communities, EWC works with the Chambers to promote economic development and cosponsor programs for businesses.

Torrington Lions Club: This partnership results in joint sponsorship of a community craft fair each fall; some of the proceeds are used for EWC scholarships.

Torrington Rotary Club: This partnership supports community literacy and promotes vocational service.

Cooperative Extension Services Master Gardener Programs: This provides training, space, and scheduling services to host the Master Gardeners Programs in Crook, Weston, and Campbell Counties.

Goshen County Economic Development: In partnership with Goshen County Economic Development, St. Joseph's Children's Home, Care and Share, and Banner Health Care, a TANF grant (Temporary Assistance to Needy Families) was received to help with the educational costs for welders, nursing assistants, and business office students. Twenty-four students benefited during the 2004-2005 academic year.

Corporate Contracts: These agreements are business contracts for use of the EWC Fitness Center—Banner Health Care, Torrington Telegram, and Goshen County School District.

GEAR-UP (Gaining Early Awareness and Readiness for Undergraduate Programs) is a partnership with the University of Wyoming, the seven community colleges and local school districts. The program focuses on students from low-income schools to help build an education pipeline for students to realize their college dreams. The EWC GEAR-UP program will service six counties: Goshen, Platte, Niobrara, Converse, Weston and Crook counties.

Wyoming National Guard: EWC works with the Wyoming Youth ChalleNge program in Guernsey to assist with student assessment, course development, and GED testing. Forty-two students have been in the program this year.

PCPC (Prison Community Partnership Committee): One trustee, two administrators, and a faculty member serve on this key community committee. The committee facilitates interaction, discussion, and problem-solving.

America's Best Value Inn: This partnership allows for use of the Best Value Inn pool for community education water aerobics classes.

Torrington Office Supply: In a new agreement, Torrington Office Supply will partner with EWC community education to offer scrapbooking community education classes.

Pinnacle Bank: In partnership with EWC, the Pinnacle Bank Citizen's Club advertises and participates in community education trips.

City of Torrington: The EWC Community Education office recently partnered with the City of Torrington to expand community education gymnastics offerings. The gymnastics program has been relocated to a room in the old Lincoln School, which was remodeled by the City of Torrington to accommodate the gymnastics equipment.

PROGRAM-SPECIFIC PARTNERSHIPS

Practicum Sites for Veterinary Technology: The Veterinary Technology Program worked with 22 veterinary practices to provide practicum sites for veterinary technology students.

Practicum Sites for Criminal Justice: The Criminal Justice Program worked with two law enforcement agencies to provide practicum sites for criminal justice students.

Practicum Sites for Education: The Education Program worked with three schools in Torrington and schools in Newcastle, Douglas, Guernsey, Wheatland, and Moorcroft to provide practicum sites for education majors.

Practicum Sites for Computer Networking: The Computer Networking Program worked with three Torrington community businesses for practicum sites for program majors. Businesses in Douglas and Newcastle also provided practicum sites.

Practicum Sites for Business: The Business Office Technology Program and Business Administration Program work with Torrington community businesses to provide practicum sites for program majors. Businesses in Douglas and Newcastle also provide practicum sites. Twelve sites were used this year.

Practicum Sites for Agriculture: The Agriculture Program works with community businesses and the UW Extension Center to provide practicum sites for program majors.

Lancer Club: This organization promotes participation in and support for EWC athletics.

Wyoming Law Enforcement Academy: The EWC Criminal Justice Program works collaboratively with WLEA to provide credit courses for law enforcement personnel.

Banner Health Services: This collaboration provides practicum sites for the nursing assistant courses.

Memorial Hospital of Converse County: This partnership provides practicum sites for health classes in Douglas.

ABE-GED-ESL PROGRAMS

Pro-Literacy of America: Provides literacy services at the EWC Douglas campus.

Wyoming Job Services: Provides testing and assessment for clients.

Correctional Facilities: Collaborates with the Department of Corrections and detention facilities to offer educational opportunities to inmates and employees in areas such as ABE/GED/ESL and continuing education as requested throughout the six-county area.

NOWCAP/EvenStart: Cooperation in providing ABE/GED/ESL instruction.

University of Wyoming EOC: Local office facilitates interest inventories and FAFSA assistance for GED graduates.

Department of Workforce Services (DWS): Formal Memorandum of Understanding between DWS and EWC to allow a mutual exchange of client information. DWS was the parent agency to coordinate statewide ABE/GED services.

STUDENT SERVICES PARTNERSHIPS

STUDENT SUPPORT ACTIVITIES

Campus Ministry: Local churches support this ministry which provides dorm dinners, Bible study, picnics, activities, recreation and support for EWC students.

City/County Judges: Presentations for the EWC New Student Orientations.

Goshen County Health Department: Provides health services for EWC students and volunteers for EWC New Student Orientation.

Daniels Fund: Supported a college preparation program for qualified high school students. There were 15 participants in the final year of support for this program by Daniel's Fund.

Big Brothers-Big Sisters: College student mentors for local children.

Wyoming Relay: TTY telephone services for deaf or hearing-impaired students.

Department of Transportation: Adopt-A-Highway volunteer clean-up by the EWC Student Senate.

Goshen County Taskforce on Family Violence & Sexual Assault, Banner Health, Goshen County Victims Assistance, GCSD#1, the EWC Foundation and Mary Lou Atkins: Educational programming on domestic violence and related topics.

ACT: Provides COMPASS assessment and support for course placement of new students.

College Board: Provides CLEP testing for students wishing to test out of some college courses.

Reading for the Blind and Dyslexic: Books on tape for visually impaired or disabled students.

~ Wyoming Community College Commission Partnership Report~

Employment Resources Center of Wyoming, Torrington: EWC Testing Center provides interest and aptitude testing for Employment Resources clients. The Employment Resources Center helps with job placement of current and graduated EWC students.

Peak Wellness Center: The EWC Testing Center provides career and vocational assessments for clients. Peak Wellness Center serves as a referral for EWC students needing long-term counseling. Collaborated with Peak Wellness on “Your Teen & Alcohol: Do You Know ... What else you can do as a parent?” parent meetings at the local high schools.

Wyoming State Department of Workforce Services, Division of Vocational Rehabilitation: The EWC Testing Center provides career and vocational assessments for clients. DVR provides evaluation and rehabilitation services for EWC students.

Local Restaurants: Provided free meals for EWC’s “Taste of Torrington” during New Student Orientation.

Goshen County Against Substance Abuse (GAS): Participated in monthly meetings with regard to substance abuse and underage drinking issues.

STUDENT FINANCIAL ASSISTANCE

Department of Vocational Rehabilitation: Cost sharing on accommodative devices for DVR clientele; tuition assistance for DVR clientele.

Wyoming Department of Family Services: Assistance with child-care expenses for low-income students.

Richardson Educational Trust Fund: Provides scholarship assistance for students.

Wyoming Student Loan Corp: Major guarantor for student loans.

Eastern Wyoming College Foundation: Provides scholarships for EWC students and administers scholarship funds established as memorials for specific families.

P.E.O. Chapter M: Provides the Marian Ayars Memorial P.E.O. Scholarship.

Torrington Lions Club: Provides the Dr. F.S. Brown Scholarship.

Cottonwood Country Club: Provides student scholarships.

Datatel Scholars Foundation: Provides student scholarships.

Eastern Wyoming Retired Teachers Association: Provides student scholarships.

Torrington Rotary Club: Provides student scholarships.

First National Bank: Provides student scholarships.

Basin Electric: Provides student scholarships.

Local Banks: Banks, such as First State and First National, provide free checking for students and come to campus annually to sign students up for banking services.

Goshen County Chamber of Commerce: Provides student scholarships.

Goshen County 4-H Educational Fund: Provides student scholarships.

Goshen County Quilters: Provides student scholarships.

Goshen County Two-Shot: Provides student scholarships.

Western Sugar: Provides student scholarships.

P.E.O. Chapter Z: Provides the Helen K. Maier Memorial P.E.O. Chapter Z Scholarship.

Masonic Lodge #29: Provides student scholarships.

Norwest Bank: Provides student scholarships.

The Order of the Eastern Star: Provides student scholarships.

P.E.O. Chapter AK: Provides student scholarships.

P.E.O. Chapter AU: Provides student scholarships.

Torrington Beverage, Inc: Provides student scholarships.

Pinnacle Bank: Provides student scholarships.

Platte Valley National Bank: Provides student scholarships.

Powers Masonry Supply: Provides student scholarships.

Scottsbluff Kennel Club: Provides student scholarships.

Southeast Wyoming Fraternal Order of Police Lodge 7: Provides student scholarships.

Bloedorn Lumber Company: Provides student scholarships.

Daniel's Fund: Scholarships for qualified EWC students.

Workforce Incentive Act (WIA), TANF, ETSS Grants: Provides educational financial assistance for qualified EWC students.

Union Pacific Corporation: Provides student scholarships.

VFW Post 2918: Provides student scholarships.

Wyo-Braska Pioneer Cub: Provides student scholarships.

Yoder Woman's Club: Provides student scholarships.

Zonta: Provides computer class scholarships for senior citizens in Douglas.

EWC Douglas Bookstore: Provides book scholarships for Douglas students.

Wyoming Game & Fish, Goshen County Two-Shot Goose Hunt, and Goshen County Rooster Boosters: Provides student scholarships.

Wyoming Colleges: Consortium agreements exist with every college in Wyoming for financial aid purposes.

College Goal Sunday: College Goal Sunday is a free program designed to help Wyoming students apply for the financial aid that will help them reach their goal to receive a college education. Students receive assistance from experts and volunteers in completing their important FAFSA.

LARAMIE COUNTY COMMUNITY COLLEGE

ACADEMIC PARTNERSHIPS

UNIVERSITY OF WYOMING (UW) PARTNERSHIPS

Bachelor of Applied Science Program: During the 2006-2007 academic year, the University of Wyoming (UW) collaborated with the Wyoming community colleges to develop a Bachelor of Applied Science program. This program will benefit LCCC career program graduates who desire to earn a higher degree after working in their chosen fields. The program will accept its first students during the 2007-2008 academic year.

Transfer Articulation Agreement: An articulation agreement exists between the University of Wyoming and the Wyoming community colleges to facilitate transfer for students who have completed the Associate of Arts or Science degrees at a Wyoming community college. During the 2006-2007 academic year, 185 students transferred from LCCC to UW.

State Articulation Meetings: LCCC faculty in many departments meet regularly with their counterparts at UW and the other Wyoming community colleges to review curriculum and related issues. These articulations facilitate the transfer of LCCC graduates in specific programs to other Wyoming institutions. In addition, these articulations aid in the transfer of course credits among the institutions.

UW Developmental Math Courses: A cooperative agreement exists between Laramie County Community College and the University of Wyoming for the purpose of having LCCC offer a selection of preparatory and/or developmental courses on the University campus. As a result of this agreement, the LCCC Albany County Campus (ACC) delivers developmental mathematics classes for UW students. This very successful partnership served over 650 students during the 2006-2007 academic year.

UW Educational Opportunity Center: The Adult Career and Education System (ACES) has developed a collaboration with the UW Educational Opportunity Center to offer first generation, income-eligible parties assistance, such as completion required forms, in transitioning from ACES to an institution of higher education. In 2006-2007, 56 students benefited from this collaboration. Additionally, 12 students received waivers to cover the cost of GED testing. A UW staff member now attends the weekly new student orientations at ACES.

UW Outreach: As part of a reciprocal agreement, LCCC provides facilities and equipment for classes, meetings, and seminars held by UW in Cheyenne and Pine Bluffs. Over 1,000 people benefited from this agreement during the 2006-2007 academic year.

OTHER HIGHER EDUCATION INSTITUTIONS

Black Hills State University: LCCC has a cooperative education agreement with Black Hills State University (BHSU) to assist students transferring to BHSU. This is used on

~ Wyoming Community College Commission Partnership Report~

an as-needed basis and has not generated a great deal of interest. Since 2001, 17 students have transferred from LCCC to BHSU.

Chadron State College: During the 2004-2005 academic year, LCCC entered into an MOU with the Social Science and Justice Studies department of Chadron State College (CSC). This agreement created new academic opportunities for LCCC students by delivering identified CSC programs in the Cheyenne area, enabling students to complete a Bachelor of Arts degree in legal studies. Since course offerings began in the fall 2005 semester, 10 students have taken advantage of this partnership.

Colorado State University: LCCC enjoys a cooperative working relationship with Colorado State University (CSU), benefiting students in most programs of study, especially LCCC's Pre-forestry majors. Since 2001, approximately 100 students have transferred from LCCC to CSU.

Regis University: Regis University and LCCC have developed a new cooperative working relationship designed for education majors who wish to transfer to Regis to complete their teaching degree. Approximately ten students enrolled within the first semester of this agreement.

Upper Iowa University: During the 2004-2005 academic year, LCCC signed an articulation agreement with Upper Iowa University – Extended University (UIU). The purpose of the agreement is to provide online baccalaureate degree completion programs for LCCC graduates through seamless transfer to programs at UIU. Although this opportunity has been available since the fall 2005 semester, no students have taken advantage of it at the time of this report.

University of Minnesota, Crookston: In January 2007, LCCC entered into an articulation agreement with the University of Minnesota, Crookston, (UMC) to facilitate credit transfer and provide a smooth transition for LCCC students enrolling in the Equine Industries Management bachelor degree program at UMC. Students may begin taking advantage of this agreement during the 2007-2008 academic year.

University of Northern Colorado: LCCC has a cooperative working relationship with the University of Northern Colorado (UNC) that has resulted in ease of transfer for LCCC students. Since 2001, approximately 90 students have transferred from LCCC to UNC.

University of Phoenix: In July 2004, LCCC entered into an articulation agreement with the University of Phoenix to provide educational opportunities to current and potential students. The agreement facilitates transfer for students earning associate degrees from LCCC to baccalaureate programs at the University of Phoenix. Since the agreement has been in place, 73 students have transferred to from LCCC to the University of Phoenix.

Internship Site for Interpreter Training Programs: Interns from the Interpreter Training Program at Front Range Community College work with interpreters at LCCC in their final semester to gain on-the-job training as entry-level sign language interpreters. Nine students have benefited from this program since its inception.

Wyoming Music Educators Association: The LCCC music instructors collaborate with other Wyoming higher education music faculty members of the Wyoming Music Educators Association (WMEA) to produce the annual Wyoming Inter-Collegiate Honor Band and Choir. These ensembles perform at the opening of the annual WMEA convention. Each year, approximately 16 to 20 LCCC students have the opportunity to participate in this program. They experience working under the direction of a nationally known director to create an exemplary concert in a limited amount of time.

WYOMING SCHOOL DISTRICT PARTNERSHIPS

Concurrent Enrollment: The purpose of concurrent enrollment agreements with area high schools is to create a learning environment that establishes opportunities for the success and continued education of secondary students. Through these partnerships, eligible high school students may enroll in a variety of courses offered in each high school or at LCCC and receive credit at both secondary and post-secondary levels. Concurrent enrollment Memorandums of Understanding (MOUs) exist with Laramie County School District #1 (LCSD#1), Laramie County School District #2 (LCSD#2), and Albany County School District #1 (ACSD#1), as well as Riverton High School (with the agreement of Central Wyoming College). During the 2006-2007 academic year, approximately 1,200 high school students participated in the college's concurrent enrollment programs.

Partnership High School Diploma Program: In spring 2007, Laramie County Community College partnered with Laramie County School District #1 to develop the Partnership High School Diploma Program. This program, with a curriculum completely aligned to school district standards, provides a flexible learning program for at-risk or drop out students. The program utilizes WorkKeys® assessments to document that students are reaching the skill levels demanded by employers statewide. Upon completion of the program, each student will receive both a high school diploma from his/her respective high school and a career readiness certificate documenting skill levels achieved through the WorkKeys® assessments. The agreement was finalized in May 2007 and the first students will participate in 2007-2008.

School Districts (statewide): Disability Resource Center (DRC) staff work with students with disabilities in high schools statewide to assist in the process of transitioning from high school to college. This includes participating in transition meetings either in person or via phone to assist students in successful transitions to LCCC. Any Wyoming high school student may receive this service.

In addition to the individual transition meetings, LCCC works with local school districts to facilitate group transition meetings and high school visits to students to the services available to them at the college. These partnerships can benefit any local student with disabilities.

Laramie High School Peer Mentoring Program: The LCCC ACC collaborates with Laramie High School to provide support and communication skills workshops to enhance the high school's peer mentoring program. All students at Laramie High School benefit from this partnership.

Albany County School District #1: The LCCC ACC is an active member of the Whiting Site Council. ACC counselors also work closely with Laramie High School Counselors throughout the year on recruitment and career advising activities.

The LCCC ACC also participates in the Adopt-a-School program. Faculty and staff from the ACC provide support services and expertise to enhance learning for students at Rock River High School and Whiting High School. All students enrolled at these two schools benefit from LCCC's participation in this program.

Wolsborn-Drazovich Wyoming State Mathematics Contest: LCCC assists in facilitating the Wolsborn-Drazovich Wyoming State Mathematics Contest, which is sponsored by the Wyoming Council of Teachers of Mathematics (WCTM) and takes place each spring semester with students in grades 7 through 12 participating. In 2007, there were two co-directors and ten district directors (seven at community colleges, including one at LCCC, one at UW, and two at high schools). In February 2007, the district contest hosted by LCCC had 150 students participating from Cheyenne East High School, Cheyenne Central High School, McCormick Junior High School, Carey Junior High School, and Johnson Junior High School.

INTERNSHIPS AND PRACTICUMS

Agriculture Program Internships: LCCC partners with the Wyoming Department of Agriculture, the Wyoming Business Council Agribusiness Division, the Wyoming Future Farmers of America (FFA) Association, the Wyoming FFA Foundation, and the USDA High Plains Grasslands Research Station to provide students in the agriculture programs with opportunities to apply what they learn in the classroom. These partnerships benefit four to six students annually.

In addition to these formal partnerships, faculty assist many students and area farmers/ranchers annually by serving as liaisons between students looking for part-time employment and employers needing qualified workers.

Education Program: The purpose of the Public School Practicum is to provide classroom experience for education majors by placing them in a public school classroom under the tutelage of a mentor teacher for a 30-hour teaching experience. LCCC education faculty work with Laramie County School District #1 personnel to place students. Forty students completed the public school practicum during the 2006-2007 academic year. LCCC also has an agreement with the local school district to enable our students to make observations in the schools for the Introduction to Teaching and Introduction to Special Education classes. LCCC students often assist the school district by volunteering as science fair judges, tutors, and assistant coaches. In the Early Childhood Practicum course, students completed 240 volunteer hours at Head Start and the Stride Learning Center.

Equine Studies Program Internships: LCCC partners with horse owners and trainers to provide students opportunities for "real world" experience in the equine studies program. During the 2006-2007 academic year (summer, fall, and spring terms), nine

students were placed with professional trainers in Wyoming, Colorado, Utah, Iowa, and Texas.

Government Internship Program: The primary purpose of the college's Government Internship program is to integrate political/governmental experiences with academic knowledge. The college collaborates with the State of Wyoming's Legislative Services Office to place students with legislators in an internship capacity. Four students served as legislative interns in 2007, gaining invaluable experiences and insights.

Legal Assistant Program Internships: LCCC partners with private law offices, government agencies, courts, and private business that utilize attorneys to provide students in the Legal Assistant Program with opportunities to apply theoretical knowledge gained in the classroom to "real world" situations. During 2006-2007, four different agencies and businesses in Laramie County and Albany County provided opportunities to four students. More businesses and agencies are willing to participate as this program grows to benefit more students in the future.

Management Program Internship: The college partners with Walt Disney World to provide students in Business Management courses with experience working for a corporation which is both a Fortune 100 company and a global company. During 2006-2007, 6 students participated in this program.

HEALTH OCCUPATIONS PARTNERSHIPS

Dental Hygiene Program Clinical Sites: The college has entered into MOUs with the 90th Medical Group at Warren Air Force Base and Cheyenne Health Care Center for the purpose of providing clinical sites for dental hygiene students. During the 2006-2007 academic year, 35 dental hygiene students obtained experience at these sites.

Nursing Program Clinical Sites: The college has entered into affiliate agreements and/or cooperative education agreements with the following institutions for the purpose of providing supervised clinical experiences for its nursing students: Cheyenne Regional Medical Center, Veterans Administration Medical Center (Cheyenne), Ivins Memorial Hospital (Laramie), Cheyenne Health Care (Cheyenne), Mt. Towers (Cheyenne), Life Care of Cheyenne, City-County Health (Cheyenne), Platte County Hospital/Nursing Home (Wheatland), Community Hospital (Torrington, WY), Torrington Health Fairs, Healion Emergent Care (Cheyenne), Babson and Associates (Cheyenne), Pathfinders, and LCSD#1 Occupations Health Classes. Student and faculty evaluations indicate a productive and cooperative relationship exists between the college and these medical organizations. During the 2006-2007 academic year, approximately 225 students obtained clinical experiences at the above sites.

Radiography Program Clinical Sites: Affiliate agreements are in place for the following agencies to serve as clinical education centers for the college's Radiography Program: Cheyenne Regional Medical Center, Cheyenne Radiology Group (20th Street), Cheyenne Radiology Group (The Lodge), Ivins Memorial Hospital (Laramie), Veterans Administration Medical Center (Cheyenne), Cheyenne Medical Specialists, Cheyenne Radiology Group – Frontier Branch, Community Hospital (Torrington, WY) (this site is currently inactive), Orthopaedic Center of the Rockies and the Orthopaedic Center of the

Rockies – Loveland Branch, Gem City Bone and Joint (Laramie), Platte County Memorial Hospital (Wheatland), Skyline Imaging & MRI (Loveland, CO), and Yellowstone Surgery Center (Cheyenne). The availability of clinical sites is critical to the Radiography Program, and so far LCCC is able to place its students in the above quality settings. During the 2006-2007 academic year, 36 students obtained clinical experiences at the above sites.

Surgical Technology Program Clinical Sites: Affiliate agreements are in place for the following agencies to serve as clinical education centers for the college's Surgical Technology Program: Cheyenne Regional Medical Center, Cheyenne Surgery Center, Yellowstone Surgery Center, Ivins Memorial Hospital (Laramie), Gem City Bone and Joint Surgery Center (Laramie), Veterans Administration Medical Center (Cheyenne), Lander Valley Medical Center (Lander, WY), Memorial Hospital of Converse County (Douglas), Memorial Hospital (Craig CO), and Sheridan Memorial Hospital (Sheridan WY). The availability of clinical sites is critical to the Surgical Technology Program, and so far LCCC is able to place its students in the above quality settings. During the 2006-2007 academic year, four students obtained clinical experiences at the above sites.

Cheyenne Regional Medical Center (CRMC): LCCC partners with CRMC to help meet the community's need for qualified nurses. The hospital provides funding for a nursing instructor at LCCC, benefiting all students in the program. CRMC also provides educational stipends for students who in turn agree to work at the hospital upon graduation from the program. Approximately 30 students receive stipends annually.

Cheyenne Health and Wellness Center: The Dental Hygiene Program Clinic is partnering with Cheyenne Health and Wellness Center to provide low cost dental hygiene services for the center's clients. This partnership benefits both students and community members.

University of St. Francis, Illinois: A 2 + 2 articulation agreement is in place to enable students to complete a bachelors-level degree in radiography online. Although several students have inquired about the program since the agreement has been in place (February 2002), no students have enrolled yet.

Weber State University, Utah: An informal partnership exists to assist radiography students in transferring to Weber State to complete a bachelor's level degree in radiography. This relationship has benefited 12 students since 2001.

Florida Hospital College of Health Sciences, Florida (FCH): An informal partnership exists to assist radiography students in transferring and completing a bachelor's level degree in radiography. Since Fall 2005, two LCCC radiography graduates have enrolled at FCH.

State of Wyoming Office of Emergency Medical Services (EMS): LCCC partners with the State of Wyoming Office of Emergency Medical Services (EMS) to facilitate the Emergency Medical Technician (EMT) and Paramedic programs. Wyoming EMS sponsors and approves all EMS classes and provides testing evaluation and oversight for EMT Basic courses. The agency also provides National Registry Exam oversight for the Paramedic program and acts as the liaison between the programs at LCCC and both

the Physicians Task Force on EMS and the Board of Medicine. During 2006-2007, 61 students participated in these programs at LCCC.

State of Colorado Emergency Medical Services (EMS) Office: The State of Colorado EMS Office provides guidance and oversight to LCCC's EMS programs, enabling LCCC students to perform clinical rotations in the state of Colorado. During 2006-2007, this partnership benefited nine (9) students who did clinical rotations in clinical rotations in Colorado.

Cheyenne Regional Medical Center: Cheyenne Regional Medical Center (CRMC) assists LCCC's EMS programs by providing numerous clinical experiences for both EMT and Paramedic students. Many CRMC departments participate in this partnership, including, but not limited to, Emergency Department, Operating Room, Intensive Care Unit(s) and Behavioral Health Services. During 2006-2007, 36 EMT students and ten (10) Paramedic students in LCCC programs gained clinical experience at CRMC.

In addition to providing clinical experiences for LCCC students, CRMC acts as sponsor hospital for the LCCC EMS programs and thus many of its department heads and providers serve on the Paramedic Training Program Committee.

University of Wyoming Medical Program: The medical program at the University of Wyoming (UW) works with LCCC EMS students in cadaver labs and provides learning experiences that would not normally be afforded EMS programs. This partnership benefited ten (10) EMS students in 2006-2007.

Other EMS Hospital Clinical Sites: Numerous facilities in both Wyoming and Colorado provide valuable learning experiences and hands on clinical experience for students in the LCCC EMS programs. These include Ivins Memorial Hospital (Laramie), Northern Colorado Medical Center (Greeley, CO), North Suburban Medical Center (Thornton, CO), Western States Burn Center (Greeley, CO), Medical Center of Aurora (Aurora, CO), and The Children's Hospital at Denver. During 2006-2007, ten (10) Paramedic students in LCCC programs gained clinical experience at these sites.

Cheyenne Fire & Rescue: Cheyenne Fire & Rescue has been a valued partner of LCCC since the inception of the Paramedic Training Program. The agency provides continuous support of the EMS programs, including well trained EMS instructors, shared equipment and use of the Training Facility. The agency also provides hands-on vehicular clinical experiences to students in the EMS programs. During 2006-2007, 36 EMT students and ten (10) Paramedic students in LCCC programs gained clinical experience through this partnership.

As part of this partnership, LCCC provides use of facilities on the Cheyenne campus to the Fire Department for skills training, candidate interviews and administrative meetings.

Laramie Fire Department: The college partners with the Laramie Fire Department to support the LCCC Albany County Campus EMT Class. The Fire Department provides well trained instructors, equipment, and ride-along opportunities for students, as well as vehicular rotations for the Paramedic program. During 2006-2007, approximately 35

EMT students and two (2) Paramedic students in LCCC programs gained clinical experience through this partnership.

Other EMS Vehicular Clinical Sites: The following agencies provide hands on experience for the EMS students in the pre-hospital setting: South Metro Fire Rescue (Denver, CO), American Medical Response (Cheyenne), Northglenn Ambulance (Northglenn, CO), Thompson Valley EMS (Loveland, CO), and Union Colony Fire Rescue Authority (Greeley, CO). During 2006-2007, nine (9) Paramedic students in the LCCC program gained vehicular clinical experience through these partnerships.

Educational Resources, LLC: The college partners with Educational Resources, LLC, which provides advanced level, national standard training for the Paramedic Program in Pediatrics and Cardiac Life Support. During 2006-2007, 10 students in the LCCC Paramedic program benefited from this partnership.

OTHER ACADEMIC PROGRAM PARTNERSHIPS

Black Thunder Mine: LCCC has an agreement with the Black Thunder Mine to offer summer apprenticeships to students in the Automotive Technology and Diesel Technology programs. Through an interview process, up to four students (two from each program) are selected to participate and gain hands-on work experience. As a condition of the summer apprenticeships, students return to LCCC and complete their respective associate of applied science degrees. During 2006-2007, three students participated in this apprenticeship program; these students are currently completing Associate of Applied Science degrees at LCCC.

Career/Technical Program Advisory Committees: Each Career/Technical (CT) program at LCCC has an advisory committee comprised of business leaders and community members who provide guidance and expertise to develop and improve these programs. During 2006-2007, over 100 individuals from the community served on 15 advisory committees, serving over 1,300 CT program students.

Volvo, USA: The Construction Division of Volvo, USA collaborates with the Diesel Technology program in a variety of ways. Approximately every two years, the company donates training aides such as mock-ups and engines for student use. In addition, they provide employment opportunities to program graduates through job interviews.

Service Learning Program: In Fall 2006, LCCC received a grant through the American Association of Community Colleges (AACC) Horizons Project, funded by the Learn and Serve America branch of the Corporation for National and Community Service, to establish a service learning program at the college. Through this grant, the college has developed several partnerships to provide students with opportunities to use knowledge and skills gained in the classroom in real-world settings. In addition to this practical application, service learning also promotes community service by students. Eighty-nine (89) LCCC students participated in service learning activities during 2006-2007. Students provided an average of ten actual hours of service; in addition, they spent an average of eight hours in preparing for service and reflecting on what they learned from their experiences.

Some 2006-2007 highlights of the service learning program are described below.

- Dental Hygiene students visited several elementary schools providing learning activities to promote good dental health to approximately 130 students.
- In addition to the elementary schools, education-related service learning partners included Head Start, Stride Learning Center, and the LCCC Children's Discovery Center.
- Service learning students partnered with the LCCC Rotaract Club to hold a major fundraiser for SafeHouse. In addition to raising funds, \$130 of bus token and more than \$1800 in computer repair service and parts were donated. An awareness of domestic violence was also raised on the LCCC campus.
- Twenty-three (23) agencies attended a workshop and luncheon during the spring 2007 semester and committed to working with LCCC students in service learning projects on an on-going basis. These agencies cover a wide variety of social services – from Habitat to Humanity to Foster Grandparents. Each of these agencies has provided a “wish list” of projects that could be completed as part of a service learning project.
- Three agencies are represented on the Service Learning Advisory Board: United Way of Laramie County, Needs, Inc. and Boys and Girls Club. These representatives attend regular meetings offering their input as the college's commitment to service learning develops.
- LCCC Rotaract Club partners with the local Rotary Club, periodically attending their meetings and activities.

LIBRARIES

WYLD Network Consortium: The WYLD Network is a consortium of public, academic, school, and special libraries with a common vision for maximizing library and information technologies for Wyoming residents and for enabling efficient operations of the libraries. The network provides online computer access to members' collective bibliographic databases and serves as a gateway to the evolving global information community. As a member of the consortium, LCCC has a governance contract with the Wyoming State Library.

University of Wyoming Libraries: The UW Libraries and the LCCC Ludden Library have worked cooperatively for many years. The UW Libraries Outreach Office maintains communications with LCCC librarians on issues affecting UW students. UW has placed a computer in the LCCC Ludden Library specifically so that UW students in Cheyenne may access the bibliographic databases.

Wyoming State Library: The LCCC Ludden Library works closely with the Wyoming State Library (WSL) on a variety of issues. WSL coordinates WYLD Network activities, such as maintaining telecommunications equipment, providing training to member libraries, and promoting professional growth opportunities. Also, book orders for the library are funneled through the state library allowing for a better discount and no charge for postage.

Wyoming Community Colleges and Special Libraries: Wyoming community colleges have worked together on several projects that have served to enhance the resources and services available to our clientele. The community colleges and several medical

libraries collaborated to apply for, and received, a two-year McMurry grant (\$44,000) to expand the availability of full-text online databases of journal information to students, faculty and practitioners across Wyoming. The grant period was October 2004 through September 2006.

The Library Funding Amendment: The Legislature provided one-time monies totaling \$2.8 million for community college library collections for the biennium ending in June 2008. Each community college library director has participated in discussions and recommendations about the use of the funds. With a focus on resources which directly benefit students, much of the money will be spent on statewide online database acquisitions which will be available by computer at any hour. Additional funding has also been allocated to each college library to support the acquisition of resources for unique local programs and services.

WORKFORCE DEVELOPMENT PARTNERSHIPS

Workforce and Community Development: LCCC has developed a number of partnerships for the various programs offered through its Workforce and Community Development (WCD) division. These programs can be categorized into several key areas: Business and Professional Development training, the Integrated Systems Training Center, Emergency Services, and Safety and Security. These are described in more detail below. The WCD division also helps to facilitate the Partnership High School Diploma Program and WorkKeys® Assessments Program, described elsewhere in this report.

For all programs, both credit and non-credit, the Department of Workforce Services has consistently served as a valued partner for state training grant opportunities, the marketing of programs, recruitment of students, and placement of students in LCCC workforce development programs. In 2006-2007, along with other workforce offices at community colleges statewide, LCCC participated in the Governor's Summit on Workforce Development in Jackson and partnered with Eastern Wyoming College and the Department of Workforce Services to host a follow-up workforce summit meeting for over 80 participants in Cheyenne.

Business and Professional Development Training: In order to meet needs for professional development training in the region, LCCC launched a business and professional development training effort in April 2003. Since its inception, the LCCC Business and Professional Development Training office has worked with approximately 217 businesses and offered over 230 various types of classes or services provided on a customized, open-enrollment and one-on-one basis. Many of the topics of these classes were determined from local business partners. Topics vary and range from "soft" skills to computer skills to technical work-specific skills such as blueprint reading and fiber optics training.

Many classes are customized and delivered at a time and location determined by the organization. For example, LCCC partnered with a local business to customize a Workplace Spanish class that was delivered over the lunch at their location. LCCC also developed several customized blueprinting reading classes delivered during shift changes on-site at local employers. These classes were not only customized for the

business but many also delivered on-site during times convenient for their employees. These are just two examples of customized courses delivered throughout 2006-2007. Approximately 25 businesses and more than 400 individuals benefited from customized training or services in 2006-2007.

In 2006-2007, LCCC also partnered with each of the Workforce and Community Development offices in other Wyoming Community Colleges to develop a statewide "Leadership Essentials" program. This program allows organizations to receive the same leadership training in any of our community colleges statewide. Statewide training efforts are anticipated to launch September 2007. This effort benefits organizations across the state, as their employees now can receive training without as much travel and expense. The curriculum for this leadership training and many of the other professional skills classes was made available through a partnership with the Wyoming Business Council and the Wyoming Community College Commission. This partnership made it possible to purchase materials from Development Dimensions International (DDI), a global leader in professional skills and leadership development training. LCCC also partnered with the Wyoming Business Council in 2006/2007 to be the distributor and contact point for all DDI materials used statewide. Approximately 1100 individuals participated in DDI-based training from LCCC in 2006-2007.

In addition, LCCC partnered with the Greater Cheyenne Chamber of Commerce to deliver Employee Retention training to local businesses. Approximately 15 businesses and 22 individuals benefited from this partnership Employee Retention class in 2006-2007.

Finally, LCCC Business and Professional Development Training also partnered with external curriculum providers to secure training to fill skill gaps identified by local employers such as media relations, fiber optics specialist and advanced levels, medical transcription and medical coding training. Approximately 216 student registrations were received for this type of training in 2006-2007.

Integrated Systems Training Center (ISTC): In partnership with the Wyoming Department of Workforce Services and through a grant from the U.S. Department of Labor, LCCC launched the Rocky Mountain Industry Training Center (which has been renamed the Integrated Systems Training Center). This high-tech center offers a combination of computer-based and hands-on skills training in the nine core skill areas, including electrical, electrical motor control, hydraulics, pneumatics, mechanical systems, basic power distribution, industrial piping, programmable logic control (PLC's), and heating, venting, and air conditioning (HVAC) systems. Courses are designed with active, working adults in mind and are offered in a self-paced, open entry, open exit format. Courses can be customized to meet individual and business needs. Since its inception in the fall of 2005, 102 participants have participated (with 39 currently enrolled) and are scheduled to have completed 666 courses by the end of the fall 2007 semester.

The ISTC also has a thriving partnership with the Climb Wyoming program (formally Our Families Our Future) through which 18 women received skills training in Integrated Systems Technology programs. The goal of this partnership is to help participants secure better paying jobs.

Emergency Services: In partnership with Cheyenne Fire & Rescue, LCCC launched a Paramedics program in 2004. Since that time, Emergency Services has evolved into certificate programs for Paramedics, Emergency Medical Technician (EMT) Basic and CPR/First Aid, with plans to develop other programs of study related to the field of Emergency Medical Services (EMS). This growth is due in part to the strong partnerships that have been developed between the LCCC Emergency Services office and Cheyenne Fire & Rescue, Laramie Fire Department, Cheyenne Regional Medical Center, numerous Colorado EMS agencies and health care facilities, and the Wyoming Office of Emergency Medical Services. Over 100 individuals have received training through these programs since their inception. (See the LCCC Health Occupations section of this report for more detailed information related to these programs.)

Safety and Security: In 2005, LCCC partnered with the Wyoming Office of Homeland Security to develop a program of study in the DOL identified high demand industry of Homeland Security. In May 2006, the Associates Degree in Homeland Security was approved. Since then, LCCC continues to partner with the Wyoming Office of Homeland Security who allows a subject matter expert to reside on the LCCC campus in order to ensure growth and continued quality and improvement of the program. In addition, this office is continuing its partnership with the Rocky Mountain Education Center to offer OSHA training and certification courses in this region. During the last fiscal year, over 200 individuals benefited from these partnerships and received training through these programs.

COMMUNITY-BASED PARTNERSHIPS

Francis E. Warren Air Force Base: The memorandum of understanding (MOU) exists between the college and the U.S. Air Force at FE Warren Air Force Base (AFB) in Cheyenne, establishing the following: (1) FE Warren AFB will provide educational facilities for all students and tuition assistance for Air Force military personnel; and (2) LCCC will offer lower-division courses at FE Warren AFB. During the 2006-2007 academic year, the college offered 42 credit classes at the base, serving 414 individual students, both Cheyenne-area civilians and base personnel.

American Red Cross: A formal agreement (Authorized Provider Agreement) exists between LCCC and the High Plains Branch of American Red Cross of Wyoming Chapter. Under this agreement, LCCC provides training through its Standard First Aid and Safety course for those seeking the skills and certification to assist in emergency situations. Approximately 150 LCCC students receive this certification each academic year.

Cheyenne Christmas Choral Festival: The LCCC choirs collaborate with several community choirs, including choirs from Cheyenne high schools and the All-City Children's Choir, to produce the Cheyenne Christmas Choral Festival each year. All choirs join together for five selections and each choir also performs separately. Three free concerts are given each December as a gift to the community.

Cheyenne Symphony Orchestra: The LCCC choirs have collaborated with the Cheyenne Symphony Orchestra and other community choirs for a performance of Carl

Orff's *Carmina Burana* in February 2007. The symphony played the accompaniment for this major choral work. The choirs which sang together were the LCCC Collegiate Chorale and Kantorei Singers, the Cheyenne Chamber Singers and the University of Wyoming Chorale. Thirty-two (32) LCCC students participated in this special event.

Ford-AAA Auto Skills Contest: The college partners with Ford Motor Company, AAA, and the Wyoming Department of Education to host a automotive skills contest for high school students. High school participants compete to diagnose and repair cars which have been "bugged" and will not start. Hertz Rent-A-Car provides the vehicles and local businesses assist by offering their expertise to prepare those vehicles for the student competition. LCCC students in the Automotive Body Repair, Automotive Technology and Diesel Technology programs serve as judges for the competition, which prepares students for a national contest held each June in Washington, DC. In May 2007, 20 students from ten Wyoming high schools participated in the contest and 28 LCCC students served as volunteers. Several of the high school participants subsequently enrolled in the Automotive Technology, Automotive Body Repair, and Diesel Technology programs at LCCC.

Department of Workforce Services (Wyoming Workforce Center and Department of Vocational Rehabilitation): An MOU establishes a partnership to assess Wyoming Workforce Center clients' academic skills and to provide training, especially in reading, writing and math as needed. LCCC is the sole provider for basic skills services in Cheyenne for the Wyoming Workforce Center. An ACES staff member has spent time at the Cheyenne Workforce Center weekly to provide orientation, advising, assessment, and instruction. Every resident of Laramie County can benefit from these services, which are provided without charge.

The LCCC Adult Career and Education System (ACES) also provides Career Skills, a program which assists students with basic computer literacy skills. Career Skills had 111 students during 2006-2007, some funded through the Cheyenne Workforce Center.

At the Albany County Campus (ACC) in Laramie, approximately 50 students per year receive academic and support services to assist them in developing job and career-related skills. In addition, the ACC Teaching and Learning Center provides TABE testing, GED preparation, and job skills training to clients of the Laramie Workforce Center.

GED and Occupational Attainment for Life (G.O.A.L): The college is involved in a contract with the Cheyenne Workforce Center under the Workforce Investment Act to provide GED preparation for selected at-risk participants. Up to 10 students participate per semester in G.O.A.L. In 2006-2007, 21 participants were served.

EvenStart: The college is a partner in the Wyoming EvenStart Family Literacy Program, a federally funded project designed to break the cycle of poverty and illiteracy by improving educational opportunities for Wyoming's low-income families. The college collaborates with EvenStart to provide services for adult parents needing literacy skill building and GED preparation. One staff member sits on their board. In 2006-2007, ACES served 30 participants through this program.

Jeffrey C. Wardle Academy: ACES partners with the Jeffrey C. Wardle Academy to provide TABE testing and GED predictors. In 2006-2007, 9 participants were served.

Laramie County Detention Center (LCDC): An ACES staff member teaches GED classes at the LCDC several days per week. Ninety-three (93) inmates were served by this program in 2006-2007.

Experience Works: ACES partnered with Experience Works to provide free skills training is available to Experience Works clients. Approximately 20 clients take advantage of this program each year.

LCCC Nursing Program: ACES worked with several prospective LCCC nursing students to help them improve their math and reading comprehension in order to pass the Nursing Entrance Test (NET).

Other ACES Collaborations: ACES collaborates with other agencies, both providing services to their clients and referring ACES students to them for services. These agencies include Attention Homes, Community Action, Head Start, Youth Alternatives, Comea Shelter, Pathfinder, and Safe House.

Albany County Detention Center (ACDC): An ACC Teaching and Learning Center (TLC) staff member teaches GED classes at the ACDC several days per week. Approximately twenty inmates are served through this program annually.

Thomson Prometric: LCCC is an Authorized Prometric Testing Center (APTC). Community members can take various exams, including Microsoft, Novell, Compaq, CompTIA/A+, Oracle, and Senior Auto Glass, without having to travel out of state. During 2006-2007, 172 exams were administered to individuals using this service.

Western Governors' University: LCCC is a testing site for Western Governors' University's bachelor's and master's programs. During 2006-2007, approximately 23 community members benefited from this service.

Kryterion: In the spring 2006 semester, LCCC became a testing site for Kryterion, which offers certification testing for community members in electrical, air ducts, and symbol technologies.

TOEFL Testing: LCCC offers the TOEFL (Test of English as a Foreign Language) to any individual for whom English is a second language needing English proficiency scores for admission to an institution of higher education. Approximately 15 individuals benefited from this service in 2006-2007.

Smarthinking.com: Wyoming community colleges have partnered with the Wyoming Community College Commission to offer free online tutoring services to students. Thirteen subject areas are available, ranging from algebra to chemistry to physics to writing assistance. During 2006-2007, 106 LCCC students benefited from this service, logging over 3,000 minutes online.

WorkKeys® Assessments: Through a grant from Progress & Prosperity, LCCC launched the WorkKeys® Assessment program September 2006. The goal of this program is to help meet the need to improve the basic workforce skills in our region. WorkKeys® is a product from ACT that profiles jobs skills required to succeed, assesses an individual's skills and identifies skill gaps, provides training to improve those skill gaps, and certifies the skills attained for employers. Successful participants receive a Career Readiness Certificate upon completion.

During the last fiscal year, WorkKeys® assessments were used to test Wyoming high school graduates to determine eligibility for the Hathaway scholarship program, identify skill gaps for incumbent workers, identify skill gaps for displaced workers, and help to identify candidate skills in a pre-hire situation with a local organization. Over 100 individuals participated in this program during 2006-2007, completing an average of three assessments per participant. Beginning in September 2007, WorkKeys® assessments will also be used by participants in the Partnership High School Diploma program, described above.

ELCC Testing Services: The Eastern Laramie County Campus (ELCC) offers proctoring for students in Pine Bluffs who are enrolled in distance learning courses with other institutions. During the last academic year, ELCC staff proctored 11 tests for UW students, seven tests for Chadron State students, and three tests for Kansas State University students.

SAGE TRiO: SAGE TRiO, a federally funded program, has established a partnership with NEEDS, Inc., LCSD1, and the Cheyenne Chamber of Commerce to collect and distribute school supplies to low income K-16 students. Twenty-five low-income LCCC students received school supplies in 2006-2007.

Working with the Laramie County Community Partnership, SAGE provides referrals to and support for the Career Corner project, a United Way grant, which provides job readiness and /or job advancement for un-or-underemployed individuals from multi-generational poverty backgrounds as a means to promoting self sufficiency. SAGE assists the Career Corner with information on best practices for mentoring low income college students.

SAGE also partners with private sector, public sector, and government employers to provide mentoring to our first generation and low income TRiO students. The mentors are trained by SAGE staff and meet with SAGE students on a monthly basis throughout the academic year, providing guidance, academic advising, and support for entry into professional careers. One mentor served two SAGE students in 2006-2007.

Cable Channel 11: The college works with Bresnan Cable, which provides the modulator that permits LCCC to broadcast public service announcements and telecourses. Non-profit organizations in the Cheyenne area can advertise community events free of charge. This service benefits the entire Cheyenne area.

WEN Video Network: The WEN Video Network (WEVN) is used to deliver distance education classes and other events to the people of Wyoming. LCCC donates facilities to the system for compressed video meetings and interactive classes and assists

participants in the network by facilitating these events at the Cheyenne campus. Each year, the WEVN provides more than 30,000 hours of programming to participants at 94 fixed sites in the state of Wyoming.

STUDENT SERVICES PARTNERSHIPS

CAREER CENTER PARTNERSHIPS

Career Fair: The Career Fair is co-sponsored with the State of Wyoming Department of Workforce Services/Cheyenne Workforce Center, FE Warren Air Force Base, and Wyoming National Guard. The purpose of the Career Fair is to bring together employers and regional college representatives with LCCC students, alumni, community members, and separating military and their families, in order that:

- Employers may showcase, network, interview, and make hiring connections.
- Regional colleges may showcase and recruit.
- Participants may gain information about transfer opportunities, employers, career requirements, and job opportunities in Cheyenne and surrounding regions.

Over 1500 employers, the majority from the local area, are invited to participate in two Career Fairs each year. In addition, Chadron State College, University of Northern Colorado, University of Phoenix, Colorado State University, and the University of Wyoming are invited for students seeking transfer opportunities. In 2006-2007, approximately 200 employers and 900 students and community members participated.

Workforce Alliance: The LCCC Career Center partners with the LCCC campus and Department of Workforce Services, Cheyenne L.E.A.D.S., Cheyenne Chamber of Commerce, Wyoming Business Council, Western States Learning Corporation, Laramie County School District # 1, and the Wyoming Small Business Association to form a workforce alliance. The purpose of this alliance is to share information and plans activities regarding the business community.

Rapid Response Team: The LCCC Career Center Coordinator collaborates with the Workforce Center and Western States Learning Corporation to create a Rapid Response Team. This team's purpose is to meet with groups of employees who are being laid-off from local companies, and to provide resources for further education and employment opportunities.

Internship/Cooperative Education: The purpose of all experiential learning is to provide students with the opportunity to gain real work experience related to their degree area, while earning college credit for this experience. Internships are set up locally through the Career Center and individual advisors. Walt Disney World College Program has partnered with LCCC for internships offered each semester.

Job Connections: The purpose of Job Connections is to provide students and alumni with full-time and/or part-time employment opportunities. This service is provided through an on-line system called College Central Network, the Career Center Job Board, and the Job Notebook. Currently over 800 local/regional employers are posting jobs through this system. This same system is used to post on-campus jobs for students.

Comea Shelter: The LCCC Career Center Coordinator partners with the Comea Shelter to provide presentations and resources to individuals through the agency's Transitional Living Programs and Self-sufficiency Services. Presentations cover a range of requested topics such as resume writing, interviewing skills, and job search strategies. During the workshops, staff answer personal career questions and address individuals' concerns. The goal of this partnership is to assist individuals to obtain employment within the community.

OTHER STUDENT CAREER/EMPLOYMENT PARTNERSHIPS

Transitional Services Program (TSP): LCCC's Transitional Services Program (TSP) provides assistance to economically disadvantaged students enrolled in career technical education programs. These programs are designed to move students from traditionally low-paying employment into high-skill, high-wage and high-demand careers. To enhance opportunities and provide advocacy for students, the college has developed collaborations among educators, state and federal government, businesses, community agencies, and national organizations/networks serving women in need of education and training. Some of the agencies include:

- Community Action of Laramie County
- Head Start of Laramie County
- State of Wyoming Employment Resources
- Department of Family Services
- Our Families Our Future
- Triumph High School
- Central High School
- East High School
- Salvation Army
- Needs Inc.
- EXCEL/LEAP
- Cheyenne Housing Authority
- Comea Shelter
- Cheyenne Transit Program
- Peak Wellness Center
- Safehouse/Sexual Assault Services
- Cheyenne Respite
- Local churches and child care facilities
- Colorado Wyoming Association for Women in Education
- Women Work! National Network for Women's Employment
- Wider Opportunities for Women
- Department of Labor Women's Bureau
- National Network on Pay Equity
- Frontier Human Resource Association
- LCCC Foundation
- Wyoming Women's Foundation
- Wyoming Council for Women's Issues
- LCCC Albany County Campus

This work has resulted in direct services to TSP students including employment training, mentoring, job placement, and employment and life skills workshops, referrals to other agencies and services, and the procurement of emergency funds to be used for students' needs beyond what this project can provide. Other positive outcomes are community program support and policy information and advocacy. In 2006-2007, approximately 75 students benefited from these partnerships. In addition, approximately 20 to 25 students were able to borrow books through the TSP office.

Laramie Employment Center: The LCCC ACC collaborates with the Laramie Employment Center to provide job skills training, developmental education, and career opportunities to residents of Albany County. As part of this collaboration, ten to fifteen students each semester participate in job skills training. In addition, 40 to 50 students a year take part in the Assets program to prepare for employment or college-level courses. Finally, approximately 400 people benefit from the annual Laramie Job and Career Fair.

Our Families Our Future: Our Families Our Future (OFOF) is a Wyoming non-profit organization that helps low-income single mothers on their path to economic self-sufficiency. The ACC partners with OFOF in several ways, by providing:

- Off-site ABE/GED instruction for OFOF participants 3 hours a week. Ten OFOF program participants were served last year.
- Computer literacy and job skills training to OFOF participants in the Teaching and Learning Center as needed.
- GED testing for OFOF participants. Several GED completers have enrolled in LCCC credit classes.
- Three-month internships for program graduates, who gain hands-on experience before entering the job market.
- Instruction for nine students in the IC3 computer skills program as well as classroom instruction in job skills and life skills training.

In addition, the ACC administrative assistant volunteered time to assist with mock job interviews for OFOF participants.

COMMUNITY-BASED PARTNERSHIPS

Cheyenne Transit Program (CTP): Through Cheyenne Transit Program and Community Development Block Grant funds, tokens are donated for student use. The LCCC Admissions Office administers the program. Approximately 40 students benefited from this program during the 2006-2007 academic year.

The Daniels Fund: The college partners with the Daniels Fund Scholarship Program through the LCCC Pathways To Success and GEAR UP college-prep programs for high school students who will be first-generation college graduates with a demonstrated level of financial need. Pathways to Success may nominate 3-5 students each year for a Daniels Fund Scholarship, and the LCCC GEAR UP program can nominate another 3-5 students. The Daniels Fund also provides professional development opportunities and coaching for coordinators.

Sponsor Charges: The college has agreements with the following to bill for tuition and books for their employees to attend LCCC: City of Cheyenne, City of Laramie, Laramie

County offices, various departments of the State of Wyoming, National Guard tuition assistance, United Medical Center, FE Warren Air Force Base, Quark Distribution, Casey Family Program, and others. LCCC provides training and educational opportunities for employees of these agencies while allowing the agency to be billed for our services. Over 400 students benefited from these agreements last year.

Veterans Affairs (VA) Office: The LCCC Veterans office works very closely with the Department of Veterans Affairs in both St. Louis and Cheyenne to provide an education for all eligible veterans. Approximately 150 veterans benefit from this program annually.

Financial Aid Nights: The Financial Aid Office partners with lenders such as the Western States Learning Corporation (WSLC) to provide quality information on financial aid for college to high school students and their parents. The Financial Aid Office also works with the state organization, Wyoming Association of Student Financial Aid Administrators (WyASFAA), to provide important information and networking for all high school counselors through compressed videoconferences. Approximately 800 people participate in these programs each year.

GED Testing Centers: LCCC provides facilities and services for the administration of GED testing in Laramie and Albany County. The LCCC GED Testing Center also provides GED testing services for participants in the LCCC ABE/GED preparation program (ACES), the Climb Wyoming program, and the Army National Guard. Additional testing is provided for residents of the Jeffrey Wardle Academy and the Laramie County Detention Center. From July 2006 to June 2007, 277 people completed their GED at the Laramie County Testing Center and 49 individuals completed their GED at the Albany County Testing Center.

PEAK Wellness Center: Laramie County Community College is involved in a cooperative effort with the PEAK Wellness Center to provide mental health services for the college community. The college maintains a referral system to the center for students requiring long-term therapy and/or medication. In addition, ACES staff work with wellness center staff to provide referrals for services from both organizations. During 2006-2007, a number of students from the drug rehabilitation worked on GED preparation.

Local Law Enforcement Partnerships: LCCC has a mutual aid agreement with the Laramie County Sheriff's Department to facilitate rapid response to bomb threats and other incidents of a criminal nature. Also, in the wake of the tragedy at Virginia Tech, the college established closer ties with all local law enforcement agencies. These relationships will assist the college to respond rapidly and appropriately should such an incident occur on the LCCC campus.

Student Activities Board Cultural Programs: The Student Activities Board collaborates with the community in two distinct ways to plan and present cultural programs for students, employees, and community members. Community members contribute their talents, skills, and resources to provide subject matter and content for cultural programs. The college in turn opens these programs to the community at large to enhance the cultural offerings. Organizations and agencies used in the past include The Old West Museum, The Greek Orthodox Church of Sts Constantine and Helen, Mt.

Sinai Synagogue, Wyoming Aids Project, YMCA, Wyoming State Museum, the Wyoming Cultural Coalition and the Laramie County Library. Approximately 1,235 people attended these cultural programs in 2006-2007.

LCCC Christmas Giving Tree: LCCC employees, student clubs, students and community members participate in the LCCC Christmas Giving Tree program, sponsored by the Transitional Services Program with the assistance of the Student Life Office, Counseling Center staff, and the Associated Student Government of LCCC. Each year, over 100 children benefit from this program.

Albany County Big Brothers/Big Sisters: The LCCC Albany County Campus (ACC) serves as a major sponsor of the Big Brothers/Big Sisters Bowl for Kids Sake, the major fundraiser for the program. One hundred children and their families benefit from this program annually.

Rotary International Exchange Student Program: Each December, LCCC provides facilities to the Rotary International Exchange Student Program for high school student interviews. The purpose of these interviews is to determine which students will become exchange students. The Rotary International Exchange Student Program also held its foreign student summer conference at LCCC. Approximately 180 people were served in 2006-2007.

Residence Hall Summer Conference Program: The LCCC Facilities and Events department partnered with the Department of Education to provide meeting facilities at no cost and low cost housing for the 8th Annual Summer Institute. One hundred twenty (120) people participated in July 2006.

Cheyenne Frontier Days: The college supports Cheyenne Frontier Days in several ways. Many college employees serve on various CFD committees to assist in preparation for the event. LCCC participates in the CFD parades and volunteers from the college help to facilitate the many other activities that take place during Frontier Days each year in July. Because of a lack of facilities at Frontier Park, the Team Penning event is held in the LCCC Arena. In addition, the LCCC Facilities and Events and Continuing Education departments partner with the Wyoming Small Business Development Center (WSBDC) to facilitate a workshop each summer for the vendors and artists. This service provides low-cost accommodations for up to 70 vendors and artists that participate in CFD. A third activity that LCCC supports for the CFD Committee is the Team Roping National Final. On Labor Day weekend, the Team Roping National Finals are scheduled at Frontier Park. The LCCC Arena serves as the back-up facility for this event.

United State Air Force (USAF) Thunderbirds: For the eighth year, LCCC served as the main viewing area for USAF Thunderbird Air Show. The production of this successful Air Force Event on civilian property involved communication and partnership between the USAF, LCCC, and twelve community organizations. These twelve community organizations included the Wyoming Highway Patrol, Laramie County Sheriffs Depart, Laramie County Fire Districts 1 & 2, Laramie County Emergency Management, Warren Fire, WANG Fire, Frontier Refinery, American Medical Response, Wyoming Department of Transportation, Salvation Army, and the Red Cross. FE Warren AFB recruited sixty volunteer airmen to assist with parking over two thousand vehicles the morning of the Air Show. In addition, the college recruited forty-five community volunteers to maintain crowd control and safety. The Practice Performance was viewed by 300 spectators from the LCCC grounds on Tuesday, July 25. Approximately 300 volunteers and staff worked together to facilitate all the necessary

School or Administrative Area	Description	Number Served (Duplicated)
Arp Elementary		80
Central High School	Heart of the Rockies Forensic Tournament	1,200

Administration	January Cluster Meeting	61
	Teacher Negotiation	30
	Teacher Achievement Program	100
Total served (duplicated count)		4,951

safety and services required to accommodate 13,000 spectators who viewed the 53rd Cheyenne Frontier Days Air Show on Wednesday July 26. A total of 19,000 community members were served.

Jubilee Days: The ACC supports Jubilee Days, a two-week long community celebration in Laramie, by volunteering for a variety of events and contributing promotional items. The entire community of Laramie benefits from this effort.

Adopt-a-Family Program: The Albany County Campus Student Government and the Across Cultures Club partner with the Department of Family Services to provide meals and gifts to low-income families at Christmas. Three to five low-income families benefit from this partnership annually.

Laramie County School District #1 (LCSD#1): LCCC provides facilities, setup services, custodial services, and equipment at no charge for LCSD#1 activities and events that benefit the students, teachers and staff. During 2006-2007, the school district and its schools scheduled numerous activities at LCCC, including:

Laramie County School District #2 (LCSD#2): LCCC partners with LCSD#2 in several ways. During the 2006-2007 academic year, the college provided facilities (classroom space and computer labs) for school district activities that had a total attendance of 135 people. These activities included bus driver testing, staff development, computer skills upgrades, and the introduction of a new elementary program to teaching staff. LCCC also hosted several student events at the Eastern Laramie County Campus in Pine Bluffs (ELCC), including the district FFA contests (with approximately 245 people participating) and FFA leadership retreats (with a total attendance of 110 people). In addition, the annual Pine Bluffs FFA Chapter Fall Festival was held at the ELCC. All proceeds from this event were donated back to the student organization, which benefits many people in Eastern Laramie County.

Real Life Fair: The LCCC Eastern Laramie County Campus (ELCC) cooperated with businesses from Burns, Pine Bluffs, and Kimball, Nebraska, as well as service agencies and military and law enforcement agencies to hold a 'Real Life Fair' for LCSD#2 students in skills classes. During daily classes, each student was involved in skills such as resume writing, interviewing skills, money management, money management and others. On the day of the fair each student was given a life scenario that was to be lived out with the help of the participating businesses. Thirty business/agencies and 40 students participated in this program during 2006-2007.

Children's Day/Book Day: Sponsored by ELCC, a celebration of Children's Day/Book Day on April 30, 2007, was a program to celebrate children and to promote literacy and the importance of linking all children to books, languages, and cultures. The book *Manana Iguana* was read in English and in Spanish to over 200 children from LCSD #2 (grades K- 3), several local child care centers, and Head Start. Approximately 50 more children enjoyed guest performers who danced to regional Mexican music.

Pine Bluffs High School Junior Class/Pine Bluffs Senior Center: The Pine Bluffs High School Junior Class and the Pine Bluffs Senior Center co-sponsored "Prom Memories for the Young at Heart," a community service class offered by ELCC in the spring of 2007. Eighty-five area senior citizens participated in the evening program, which featured dinner and a dance with music from the 1930's, 40's, 50's and 60's.

National Quilt Day Quilt Show: The ELCC and the Pine Quilters hosted a Quilt Show on National Quilt Day (March 17, 2007). The day included quilting demonstrations, a class in which children had the opportunity to make a quilted pillow, and a quilt show featuring 58 quilts. Over 100 people participated in the day.

ATF/FBI: The LCCC Eastern Laramie County Campus worked with ATF and FBI agents to provide training activities for local police force, area sheriff officers, highway patrol, first responders, and other law enforcement agencies in school safety planning, response to various disasters, threats and emergency sceneries. Twenty-two people and several dogs were in attendance.

Eastern Laramie County Community: The Eastern Laramie County Campus (ELCC) of LCCC cooperates with several organizations in Eastern Laramie County to provide free facilities and equipment for meetings, workshops, and classes. Among the organizations involved are Eastern Laramie County Head Start, Laramie County Weed and Pest, the UW Extension Service, the Wyoming Arts Council, the Pine Bluffs Senior Center, the Wyoming Game and Fish Department, the Laramie County Soil Conservation District, the Rocky Mountain Farmers Union, the Laramie County Farmers Union, the Wyoming Pork Producers Council, and the Eastern Laramie County Chamber of Commerce. During 2006-2007, the total attendance at events related to these organizations was approximately 430 people.

Finally, the ELCC provided meeting facilities for a community assessment program focused on drug awareness, bullying, and mentoring. Participants included local clergy, school personnel, parents, students, business owners, town and county officials, and local and state law enforcement

The Volunteer Income Tax Assistance (VITA) Program: LCCC partners with the IRS Volunteer Income Tax Assistance (VITA) program. VITA is a program designed to assist low- to moderate-income taxpayers (income less than \$35,000), often including elderly taxpayers, taxpayers with disabilities, and Limited English Proficiency (LEP) taxpayers. LCCC has been a VITA site for the past five years. At the VITA site, taxpayers' returns are prepared free of charge and are usually electronically transmitted to IRS Submission Processing Centers, where refunds are issued within two weeks. Community volunteers are trained by the IRS to prepare returns at these sites. VITA training took place at LCCC in January 2005, prior to the opening of the site for services. From February to April 2006, the VITA program used the LCCC computer lab in the Center for Conferences and Institutes for a total of 133 hours. Approximately 2000 community members had their taxes prepared at LCCC. The lab use was donated to the VITA program by LCCC. This partnership benefited numerous taxpayers in the community.

Laramie County Health Fair: The college co-sponsors this event each spring to help promote the wellness of the community. Approximately 5,000 people participated in this event in the spring of 2007.

Wyoming Health Fairs: LCCC partners with Wyoming Health Fairs, Great West Insurance, and 9News to provide facilities for regular blood draws for community health screening programs. These services are provided free or at low cost to benefit the citizens of Laramie County. In 2006-2007, 280 people participated at the main campus in Cheyenne. In addition, 189 people took advantage of this service at LCCC's Eastern Laramie County Center.

Wyoming Rodeo Association (WRA): Since the spring of 2004, the LCCC Facilities and Events office worked as a liaison between the Agriculture, Equine and Rodeo

programs of LCCC and the WRA to produce two annual Rodeos: a qualifying rodeo in March and the Finals in August. In August 2005, approximately 1,000 people participated; the following March, approximately 2,600 were served. As a result of this partnership, over \$2,000 in scholarship money will be donated to LCCC each year.

Laramie County High School Rodeo Club: Laramie County High School Rodeo Club, a non-school sponsored club, used ELCC classroom space for meetings with their parents as their club sponsors. Their organization planned and organized a high school rodeo held at the Cheyenne Frontier Days arena. Twenty-three student athletes and 12 parents met 12 times during high school rodeo season.

Boy Scouts and Girl Scouts: The college partners with these organizations, which promote ethics and leadership skills in boys and girls. LCCC provided the use of facilities on the Cheyenne campus. Activities scheduled for the Boy Scouts included a Merit Badge University, District Leader Training, and climbing wall exercises. Girl Scout activities scheduled included Cookie Training, volunteer training, a leader retreat, the Weather-wise Badge workshop, and Girl Scouts Day which featured a cheerleading camp and adult leader training. Over 700 people participated in these activities during 2006-2007.

Additionally the LCCC Eastern Laramie County Campus donates space for classes and regular meetings of Girl Scout troops in the community. Approximately 180 people participated in these activities in 2006-2007.

Future Farmers of America: Future Farmers of America (FFA) is an organization that benefits youth by teaching ethics and leadership skills. The FFA holds its state conference in Cheyenne with LCCC acting as the host facility. This event includes contests held at LCCC, the Cheyenne Civic Center, and UW. At LCCC more than twelve different contests are held during a three-day period in April. LCCC also hosts the annual FFA Rendezvous Livestock judging contest, in which 16 junior high and high schools from Nebraska, Colorado, and Wyoming participate. Approximately 1,660 high school students participated in these events in 2006-2007. The college also hosted the State Officers meeting twice and two dances, which were attended by an additional 330 people. In addition to hosting these events, the college assists the FFA by sponsoring a hole at the annual FFA Golf Invitational Fund Raiser.

Laramie County 4H: The college actively partners with this community program, which benefits the youth of Cheyenne and the surrounding area. During 2006-2007, LCCC provided facilities and services at no charge for many activities, as shown in the table below.

4H Organization	Description	Number Served (Duplicated)
-----------------	-------------	----------------------------

4H Organization	Description	Number Served (Duplicated)
4H Group Meetings	Individual 4H Group Meetings (47), including Outlaws, Horse Judging Committee, Livestock Sale Committee, and Duck Creek Group	390
4H County Extension Office	Awards Ceremony	200
	Leaders Banquet	60
Knot n Trot Horse Show	Knot n Trot Horse Show	75
Horse Show Committee	Horse Show Committee and Camp and Horse Show	75
4H County Extension Office	Mardi Gras Festival	5,000
4H Outlaws Group	Chapter AJPEO Pie Social	25
Total served (duplicated count)		5,825

LCCC Foundation: Through the Laramie County Community College Foundation, the college partners with numerous businesses and organizations to provide scholarships and services to students and the community. The Foundation also sponsors the Cultural Series (including the Esther and John Clay Summer Watercolor Workshop, the Gerald and Jessie Chambers Speakers Series, the Union Pacific Business & Industry Series, the Bank of the West Music Series, the First Interstate Bank/Progress & Prosperity Community Conversation, the Keizer Empowerment Speakers Series, the Ned and Barbara Murray Art Series, and the American National Bank Performing Art Series) which benefits all members of the community. LCCC Foundation partners include:

Cheyenne Parks and Recreation Department: The college assists this city community organization by providing facilities for adult recreation sports and children’s camps. The entire community of Cheyenne can benefit from this partnership, which had approximately 2,300 participants in 2006-2007.

Department of Workforce Services, Division of Vocational Rehabilitation (DVR): An MOU exists between DVR, the community colleges, and the University of Wyoming regarding provision of services to shared students with disabilities. The MOU governs who pays for specific services and purchases of equipment and how accommodations are determined. LCCC took the lead in the writing of the MOU in 2000 and led the update of the MOU that was completed in 2004. This MOU benefits students who served by all agencies involved. In addition, the colleges and UW benefit financially by sharing resources with DVR.

Wyoming Disabled Student Services Coordinators: This organization was founded in 1996 by Disability Resource Center (DRC) staff to enable disability services offices in the community colleges and at the University of Wyoming to better assist students with disabilities. Meetings are held approximately once per year to share policies, procedures, and best practices. This partnership benefits students at all Wyoming public institutions of higher education.

Wyoming Department of Education (WDE): Special Services: DRC staff is involved with the WDE on several issues including transition from high school to college, establishment of standards for educational interpreters, and training for interpreters currently working within school districts. All students with disabilities in Wyoming benefit from this collaboration.

Cheyenne Chamber of Commerce: LCCC is a member of this organization. This membership allows fifteen college employees to actively participate in Chamber activities. The Executive Director of Development for the LCCC Foundation sat on the Chamber Board of Directors in 2006-2007.

Laramie County Economic Development Corporation (LEADS): LCCC is a member of this group and the college president is a member of the Board of Directors and of the Executive Committee. This partnership benefits the entire Laramie County community.

City of Laramie: In 2004, the college partnered with the City of Laramie to build new facilities for the LCCC Albany County Campus, which opened in January 2006. This partnership includes agreements for the use of the Laramie Recreation Center by ACC students and professional development training for City of Laramie employees. Under the Recreation Center agreement, ACC students may visit the center a total of 5,000 times per calendar year. This agreement has been extended an additional three years and now covers full-time ACC employees as well as students. Under the professional development training agreement, which runs through 2009-2010, the ACC provides up to 100 credit hours of training per academic year to city employees. During 2006-2007, City of Laramie employees took full advantage of this agreement, earning 130 credits at the ACC.

Laramie Economic Development Corporation (LEDC): The ACC is an active member of the LEDC, with representation on the Executive Committee and the Board of Directors. The ACC also participates in the LEDC Partners in Progress campaign and has committed to provide on-going contributions of cash and training.

Laramie Area Chamber of Commerce: The ACC is an active Chamber member and participated in a variety of activities last year. These activities include participation in the Business-After-Hours; Adopt-a-School and Leadership Laramie programs as well as representation on the Board of Directors and the Executive, Budget and Finance, and Membership committees.

Ivinson Memorial Hospital Foundation: The ACC provides representation at the Annual Cook-off fundraiser for the hospital. This fundraiser draws close to 300 participants and benefits the entire community of Laramie.

Public Relations Partnerships: The LCCC Public Relations (PR) staff have developed partnerships with several organizations to promote programs and services for the college and its community. These organizations include the South Cheyenne Community Development Association, the Wyoming Latina Leadership Program, the National Council for Marketing and Public Relations (NCMPR), the Wyoming Press Association, and the Public Information Officer's COOP. These partnerships benefit the college and its students through networking and increased community involvement.

NORTHWEST COLLEGE

ACADEMIC PARTNERSHIPS

Absaroka Head Start: This is a formal education articulation partnership that provides pathways for early childhood education degree-seeking students from workplace to college program. Outcome is Head Start employees enrolling as students in the early education degree program. Contact is Director of Extended Campus.

Absaroka Head Start: This is an informal community partnership to provide ABE services & programs to eligible adults -- cross referral network. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is through follow-up surveys and tracking of primary/secondary goals. Contact is ABE Director.

Army Corps of Engineers: This is a semi-formal work-based learning site/student internship agreement to provide work-based learning opportunities for students. Provide research on endangered species to Park Ranger and Recreation Manager. Contact is Director of Work-Based Learning/Faculty – Biology Department.

Big Horn Basin Orthopedic Clinic: This is an informal educational community service and work-based learning site to provide experiential learning opportunities for students. Outcome is achievement of learning outcomes and ongoing evaluation by faculty and staff. Contact is Chairperson, Life & Health Science Division.

Big Horn Cancer Center: This is a formal educational contract that provides observation of cancer treatment modalities. Outcome is that nursing students will incorporate understanding of cancer treatment modalities and incorporate that knowledge into care of clients with cancer. Contact is Director of Nursing.

Big Horn Canyon National Recreation Area: This is a semi-formal agreement to provide experiential learning. Outcome is student participation in lab work, archaeological survey and excavation, and historic preservation. Contact is Director of Work-Based Learning.

Big Horn County Detention Center: This is an informal community partnership that provides ABE detention center facility literacy services/programs. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is conducted through follow-up surveys and tracking of primary/secondary goals. Contact is ABE Director.

Big Horn County School District #1, 2, 3, 4: This is a formal work-based learning site-education major's agreement is to provide experiential learning opportunities for education majors. Measurement is through INTASC standards and practicum grades. Contact is Faculty – Education department.

Big Horn County School District #1, 2, 3, 4, Park County School District #1, 6, 16 and Washakie County School District #1, 2: This is a formal concurrent enrollment partnership that provides higher education opportunities for high school students and recruitment. Outcome is 60 concurrent enrollment students enrolled in courses in FA/2003. Contact is Director of Extended Campus.

Big Horn County School District #1, 2, 3, 4, Park County School District #1, 6, 16 and Washakie County School District #1, 2: This is an informal partnership to promote mathematics. Outcome is for NWC to host high school and middle school students and administer the Herb Wolsborn Math Contest. Contact is Faculty – Math Department.

Big Horn County School District #1 – Byron, Cowley, Burlington, Deaver Schools: This is an informal inter-agency educational agreement and teacher training partnership to provide observation and an opportunity to turn theory into practice during semester long practicum. Outcome is the evaluation of student progress and performance by participating teachers and assessment of program by teachers and administrators. Contact is Director of Education Field Placement.

Big Horn County School District #2 - Lovell BOCES: This is a formal inter-agency educational agreement to provide recreation, credit and non-credit educational opportunities to the Lovell community. Program is evaluated through community feedback. Contacts are NWC Board Members on BOCES board who report to the College President and NWC Board of Trustees.

Big Horn County School District #2 - Lovell High School Music Department: This is an informal tech prep agreement for advanced placement in Music Theory courses. Contacts are Faculty – Music Department.

Big Horn County School District #2 - Lovell Schools: This is an informal inter-agency educational agreement and teacher training partnership to provide observation and an opportunity to turn theory into practice during semester long practicum. Outcome is the evaluation of student progress and performance by participating teachers, and assessment of program by teachers and administrators. Contact is Director of Education Field Placement.

Big Horn County School District #3 - Greybull Schools: This is an informal inter-agency educational agreement, teacher training partnership to provide observation, and work-based learning experiences. Outcome is evaluation of student progress and performance by participating teachers, assessment of program by teachers and administrators. Contact is Director of Education Field Placement.

Big Horn County School District #4 – Basin Schools: This is an informal inter-agency educational agreement and teacher training partnership to provide observation and an opportunity to turn theory into practice during semester long practicum. Outcome is the evaluation of student progress and performance by participating teachers and assessment of program by teachers and administrators. Contact is Director of Education Field Placement.

Big Horn County Youth Services - Lovell: This is an informal inter-agency community partnership to provide ABE services and programs to community members. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is conducted through follow-up surveys and tracking of primary/secondary goals. Contact is ABE Director.

Billings Career Center: This is a formal tech prep agreement to provide students with advanced placement. Outcome is achievement of learning objectives and improved graduation rates. Contact is Director of Extended Campus.

Billings West High School: This is a formal work-based learning site (photography), to provide experiential learning opportunities. Outcome is enrollment and evaluation of learning objectives. Contact is Faculty – Photography Department.

Blackhills State University: This is a formal articulation agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean of Instruction.

Brooks Institutions of Photography: This is a formal articulation agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean of Instruction.

Buffalo Bill Historical Center: This is an informal inter-agency educational agreement to provide the community with information. Partners agree to share educational/event programming via each institution's news releases. Outcome is anecdotal feedback, number of news releases per year, general awareness, six BBHC employees interested in seeing NWC news releases, and 60 NWC employees interested in seeing BBHC news releases. Contact is News Service Manager.

Buffalo Bill Historical Center: This is a formal inter-agency educational agreement to share NWC's human resources as members of the BBHC's Enterprise Planning Committee. Outcome is occasional meetings, information sharing and joint planning activities. Contact is NWC Foundation Executive Director.

Buffalo Bill Historical Center: This is a formal student internship agreement to provide students with work-based learning experiences and to promote research on Raptor Ecology. Outcome is evaluation of learning objectives. Contact is Faculty – Biology Department.

Buffalo Bill Historical Center: This is a formal inter-agency educational agreement to provide work-based learning opportunities for students. Outcome is three internships per year in the Publications Office of the BBHC. Contact is Faculty – Graphics Department.

Cancer Treatment Center: This is a formal educational agreement that provides observation of cancer treatment modalities. Outcome is that nursing students will incorporate understanding of cancer treatment modalities and incorporate that knowledge into care of clients with cancer. Contact is Director of Nursing.

Central Montana Tech Prep Consortium: This is a formal tech prep articulation agreement to provide a seamless pathway from high school to college vocational programs. Outcome is articulation agreements with five Montana High Schools. Contact is Director of Extended Campus.

Chadron State University: This is a formal articulation agreement to share and update transfer information. Outcome is faculty and student surveys. Contact is Associate Dean for Academic Affairs.

Child Care Centers and Preschools in Service Area: This is a formal agreement to provide classes needed for Child Development Authority (CDA). Contact is Education Director, Field Placement.

Cody Chamber of Commerce: This is an informal agreement to provide a work-based learning site that provides work-based learning opportunities for students. Contact is Director of Work-Based Learning.

Cody Transition School: This is an informal community partnership to provide ABE services and programs – cross referral network. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement conducted through follow-up surveys and tracking of primary/secondary goals. Contact is ABE Director.

College of Great Falls: This is a formal articulation agreement to share and update transfer information. Measurement is faculty and student surveys and outcome is smoother transfer. Contact is Associate Dean for Academic Affairs.

Department of Family Services: This is an informal inter-agency partnership (DFS) to provide ABE services and programs to eligible adults – cross referral network. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is through follow-up surveys and tracking of primary/secondary goals. Contact is ABE Director.

Department of Workforce Services (DWS) - Cody and Worland Employment Resources Centers: This is an informal inter-agency community partnership (DWS) to provide ABE services and programs to eligible adults – cross referral network. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is through follow-up surveys and tracking of primary/secondary goals. Contact is ABE Director.

Department of Workforce Services Division of Vocational Rehabilitation: This is an informal inter-agency partnership (DWS) to provide ABE services & programs to eligible adults -- cross referral network. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is through follow-up surveys and tracking of primary/secondary goals. Contact is ABE Director.

Engineering Associates of Cody: This is an informal inter-agency sponsorship to promote study in mathematics. Outcome is sponsorship of Math Counts contest for seventh and eighth graders. Contact is Faculty – Engineering Department.

Farm Service Agency(FSA)/USDA: This is a formal inter-agency educational agreement to conduct production and financial management training for Farmers Home Administration borrowers. Outcome is to provide training that meets the learner outcomes specified by FSA. Contact is Faculty – Agriculture Department.

Franklin University: This is a formal articulation agreement to provide student opportunities to receive bachelor's degrees through distance education and to provide smooth transfer. Contact is Associate Dean for Academic Affairs.

Greybull Public Library: This is an informal community partnership to provide ABE services and programs to eligible adults – cross referral network. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is through follow-up surveys and tracking primary/secondary goals. Contact is ABE Director.

Hot Springs County (Big Horn Clinic): This is a formal educational contract to provide nursing students with clinical experiences. Outcome is to have continual contracts with these facilities. Contact is Director of Nursing.

Idaho State University: This is a formal articulation agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean for Academic Affairs.

Independent Electrical Contractors: This is a formal inter-agency educational agreement to provide workforce training in specified fields. Outcome is job placement following successful completion of training. Contact is Director of Extended Campus.

Lovell Chronicle: This is an informal work-based learning site, internship in journalism to provide students with experiential learning opportunities through sports writing. Outcome is placement of one student in fall semester. Contact is Faculty – Journalism Department.

Mac Group – Mamiya of America: This is a semi-formal agreement to provide in-the-field educational training (workshops) for our students and instructors on the most current digital technology. Measurement 55 to 75 students and instructors benefit. Contact is Faculty – Photography Department.

Medical Offices: This is an informal inter-agency partnership to provide educational and observational opportunities for nursing students. Outcome is student observation of OB patients from office visits through labor and delivery. Contact is Director of Nursing.

Middle Tennessee State University: This is a formal articulation agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean for Academic Affairs.

Montana State University – Billings: This is a formal articulation agreement to facilitate transfer of education majors. Outcome is satisfied transfer students and performance data from registrar. Contact is Faculty – Education Department.

Montana State University – Billings: This is a formal articulation agreement to promote smooth transfer through information and articulation. Measurement is faculty and student surveys. Contact is Associate Dean for Academic Affairs.

Montana State University – Bozeman: This is a formal dual admissions agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean for Academic Affairs.

Montana State University Northern: This is a formal articulation agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean for Academic Affairs.

Montana Tech: This is a formal articulation agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean for Academic Affairs.

New Horizon's Health Care: This is a formal educational contract to provide nursing students with clinical experiences. Outcome is that freshman and sophomore students receive "hands-on" patient care experiences. The facility is used two days a week each semester. Contact is Director of Nursing.

North Big Horn Hospital: This is a formal educational contract to provide clinical experience for Certified Nurse Assistant students. Outcome is that Certified Nurse Assistant students will incorporate classroom instructions into the basic care of the acute care client. Contact is Director of Nursing.

Northern International Livestock Exhibition - NILE: This is a formal inter-agency contract with Block and Bridle Club to provide a quality competition for students. Outcome is a Quality Livestock Contest. Contact is Faculty – Agriculture Department.

Northwest Wyoming School Districts: This is a formal tech prep articulation agreement to provide advanced placement. Outcome is the achievement of learning objectives and improved graduation rates. Contacts are Director of Extended Campus and individual program coordinators.

NOWCAP Migrant/Seasonal and Early Head Start Programs: This is an informal inter-agency community partnership to provide ABE services & programs to eligible adults -- cross referral network. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is through follow-up surveys and tracking primary/secondary goals. Contact is ABE Director.

NOWCAP Washakie County Even Start Program: This is a formal Even Start program grant: signed Partner/ABE Service Provider agreement to provide ABE services and programs as adult component of comprehensive family literacy program – cross referral network. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is through follow-up surveys and tracking primary/secondary goals. Contact is ABE Director.

NWC Foundation: This is a formal memorandum of understanding with a private, nonprofit corporation to articulate partnership between the two entities. Outcome is a working relationship between entities, and periodic review. Contacts are College President and NWC Foundation Executive Director.

Park County Detention Center: This is an informal inter-agency agreement-community partnership to provide ABE literacy services/programs to detention center. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is through follow-up surveys and tracking primary/secondary goals. Contact is ABE Director.

Park County School District #16 - Meeteetse Schools: This is an informal inter-agency educational agreement, to provide teacher-training partnerships. Outcome is evaluations of student progress and performance by participating teachers. Assessment of program is conducted by teachers and administrators. Contact is Director of Education Field Placement.

Park County School District #1 - Powell High School: This is a formal tech prep articulation agreement to provide higher education opportunities for high school students, recruit high school students by providing a seamless pathway from high school to college vocational programs. Outcome is advanced placement. Contact is Faculty in AAS Programs.

Park County School District #1 - Powell High School: This is a semi-formal work-based learning site agreement to provide experiential learning opportunities for students. Contact is Faculty – Communication Department.

Park County School District #1 - Powell Middle School: This is an informal educational program - Students in Free Enterprise (SIFE). Outcomes are that it 1) provides students with experiential and community service opportunities, 2) strengthens relations between college and local schools, and 3) assists students with reading. Measurement is school feedback and student reports. Contacts are Faculty - Business Department.

Park County School District #1 - Powell Schools: This is a formal training contract to provide team training with DELTA (Dedicated to Experiential Learning through Adventure). Outcome is five annual contracts. Contact is Faculty - Health, Outdoor & Physical Education Department.

Park County School District #1 - Powell Schools: This is an informal inter-agency educational agreement, teacher training partnership to provide experiential learning and observation for education majors. Outcome is the evaluation of student progress and performance by participating teachers; assessment of program by teachers and administrators. Contact is Director of Education Field Placement.

Park County School District (PCSD) #1/NWC Powell Valley Community Education (PVCE): This is a formal Board of Cooperative Educational Services (BOCES); a PCSD#1 and NWC agreement that offers online non-credit enrichment classes and community education services, driver education programs, and organizes the Powell

Community Health Fair. Outcomes are that it 1) Improves public relations with community, 2) Encourages lifelong learning, 3) Utilizes facilities for educational purposes when not used by credit classes, 4) College receives goodwill credit for PVCE services provided, 5) Encourages community members to become familiar and comfortable with the campus and the concept of going to school and eventually attending college classes, and 6) Participation of 1406 enrollments in enrichment programs, 2474 participants in Powell Health Fair, 30 driver education students, 40 benefited from Operation Lifesaver safety presentations. Contacts are NWC Board Members on BOCES board who report to the College President and NWC Board of Trustees, and PVCE Coordinator.

Park County School District #6 - Cody High School and Big Horn County School District #4 - Riverside High School: This is a formal tech prep articulation agreement to provide higher education opportunities for high school students and to provide certified technicians for the workforce. Measurement is the annual review of enrollments. Contact is Director of Extended Campus.

Park County School District #6 - Cody Schools: This is an informal inter-agency educational agreement, teacher-training partnership to provide observation, theory into practice experiences, and a semester practicum. Outcome is the evaluation of student progress and performance by participating teachers and an assessment of program by teachers and administrators. Contact is Director of Education Field Placement.

Phi Theta Kappa International: This is a formal community service-educational agreement to provide scholarships and leadership training for students. Contact is Faculty Sponsor.

Photographic Imaging Education Association: This is an informal agreement to provide community service-educational workshops in order to share educational resources. Measurement is 40-60 students and other instructors' benefit. Contacts are Faculty – Photography Department.

Powell AAU Volleyball Club: This is an informal agreement to provide a community service and work-based learning site for experiential learning opportunities for students and to provide volunteer help to the club. Contact is Chair, Life & Health Science Division.

Powell Boys and Girls Club: This is an informal agreement to provide a community service-work-based learning site for experiential learning opportunities for students and to provide volunteer help to the club. Contact is Chair, Life & Health Science Division.

Powell FFA: This is a semi-formal agreement to provide a community service educational program that includes assistance with livestock coaching. Measurement is to place in the top five at State. Contact is Faculty – Agriculture Department.

Powell Hospital and Nursing Home, Park County School District #1 - Powell Public Schools: This is an informal educational agreement providing experiential learning opportunities for students. Measurement is student portfolio assessment. Chair, Life & Health Science Division.

Powell Recreation District: This is an informal agreement to provide a community service educational-work-based learning site for experiential learning opportunities for students and to provide no cost help for the recreation district. Measurement is portfolio assessment. Contact is Chair, Life & Health Science Division.

Powell Rotary Club: This is an informal agreement to provide community service-educational and cultural programs for support of international students at Northwest College. Outcome is "Welcome" party for international students to meet Rotarians (community members). Contact is International Student Recruiter & Advisor.

Powell Valley Health Care: This is a formal educational contract to provide nursing students with clinical experiences. Outcome is that nursing students receive "hands-on" patient care experiences in order to meet course outcomes of care of the acute and chronically ill client as well as the long term resident. Contact is Director of Nursing.

Powell Valley Health Care: This is a formal preceptorship to provide nursing students with clinical experiences. Outcome is preceptors in the OR, ER, Home Health, OB, and Medical/Surgical areas who have had orientation to the role of preceptor are used in a one-on-one setting to provide sophomore nursing students with hands-on clinical experiences in an otherwise observational setting. Contact is Director of Nursing.

Public Health Nursing (Big Horn, Park, & Washakie Counties): This is a formal educational contract to provide nursing students with clinical experiences. Outcome is that nursing students choose to use the Public Health Nursing Department as part of their community health experience as a means to meet course outcomes. Contact is Director of Nursing.

Rocky Mountain College, Billings, Montana: This is a formal articulation agreement to provide transfer information to students and faculty. Outcome is that this agreement facilitates transfer for three to 10 students annually. Contact is Associate Dean for Academic Affairs.

Rocky Mountain High School, Greybull High School Music Departments: This is a formal tech-prep articulation agreement for music to provide advanced placement. Outcome is achievement of the learning objectives and improved graduation rates. Contact is Faculty - Music Department.

Shoshone Learning Center: This is an informal inter-agency educational agreement to provide ABE services & programs - cross referral network. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is through follow-up surveys and tracking primary/secondary goals. Contact is ABE Director.

Sonlight Shelter Foster Agency (Boys' and Girls' Homes): This is an informal inter-agency educational agreement to provide ABE educational services and programs to qualified youth. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement through follow-up surveys and tracking primary/secondary goals. Contact is ABE Director.

South Central Montana Tech Prep Consortium: This is a formal tech prep articulation to provide higher education opportunities for high school students and to recruit high school students by providing a seamless pathway from high school to college vocational programs. Outcome is articulation agreements with 14 Montana high schools and placement of 20-50 students annually. Contact is Director of Extended Campus.

South Central Montana Tech Prep Consortium: This is a formal tech prep articulation in agriculture to facilitate matriculation and advance placement. Outcome is advanced placement. Contact is Agriculture, Technology and Business Division Chair.

South Dakota School of Mines: This is a formal articulation agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean for Academic Affairs.

TCT West Broadband: This is a formal partnership involving NWC students and staff producing programming for the NWC-TV cable channel. NWC webcasting practicum students produce live programming such as sports events, concerts, speakers, legislative forums, graduation, First Friday poetry readings, writers series, student movie, newscasts and other programs. TCT and its audience receive unique, local programming about Northwest College and the area. Contact is Faculty – Journalism Department.

Turpentine Creek Wildlife Refuge, Arkansas - Emily McCormick: This is a formal student internship agreement to provide students with a work-based learning opportunity. Outcome is the achievement of the learning objectives. Contact is Faculty - Biology Department.

University of Montana: This formal agreement provides students with the opportunity to request dual enrollment with both Northwest College and the University of Montana. Partners agree to share transfer information, transcripts and other material to ease the transfer of interested students from Northwest College to the University of Montana. The expected outcome of this partnership agreement is smoother and more effective transfer of students between the two educational institutions. Contacts are Associate Dean for Academic Affairs.

University of Northern Colorado: This is a formal articulation agreement to share and update transfer information. Outcome is smoother transfer for one to five students annually. Contact is Associate Dean for Academic Affairs.

University of North Dakota: This is a formal articulation agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean for Academic Affairs.

University of Phoenix: This is a formal articulation agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean for Academic Affairs.

University of Wyoming: This is a formal agreement for a common course numbering system and block transfer agreement for students with AA or AS degrees from a

Wyoming community college. Outcome is transfer data provided annually. Contact is Associate Dean for Academic Affairs.

University of Wyoming - College of Education Advising Office: This is an informal agreement to facilitate successful transfer of students. Outcome is that this agreement facilitates transfer for five to 20 students annually. Contact is Faculty - Education Department.

University of Wyoming - Elementary Education: This is a formal inter-agency agreement to provide courses needed as prerequisites for site bound students. Outcome is the number of students entering program. Contact is Associate Dean for Academic Affairs.

University of Wyoming Libraries: This is a formal inter-agency agreement to provide computer access and assistance to UW students who need help with library research. Contact is Library Director.

Upper Iowa University Extended Campus: This is a formal articulation agreement to promote smooth transfer through information, advising and articulation. Contact is Associate Dean for Academic Affairs.

Washakie County Detention Center: This is an informal community partnership to provide ABE detention center literacy services/programs. Outcome is TABE or BEST assessments of students/clients and educational gain. Measurement is through follow-up surveys and tracking primary/secondary goals. Contact is ABE Director.

Washakie County School District #1 – Worland Schools: This is an informal inter-agency educational agreement and teacher training partnership to provide observation and an opportunity to turn theory into practice during semester long practicum. Outcome is the evaluation of student progress and performance by participating teachers and assessment of program by teachers and administrators. Contact is Director of Education Field Placement.

Washakie Memorial Hospital: This is a formal educational contract to provide nursing students with clinical experiences. Outcome is that nursing students are able to provide client care in an acute care setting. Contact is Director of Nursing.

West Park Hospital: This is a formal preceptorship agreement to provide nursing students with clinical experiences. Outcome is that preceptors in the OR, ER, Home Health, OB, and Medical/Surgical areas who have had orientation to the role of preceptor are used in a one-on-one setting to provide sophomore nursing students with hands-on clinical experiences in an otherwise observational setting. Contact is Director of Nursing.

West Park Hospital - Long Term Care: This is a formal educational contract to provide nursing students with clinical experiences. Outcome is that nursing students receive hands-on patient care experiences for the purpose of meeting learning outcomes for the care of the geriatric client. Contact is Director of Nursing.

Wyoming Archaeological Society (WAS) - Absaroka Chapter: This is an informal research agreement to conduct joint research at the Platt Archaeological Site. Outcome is a 10-day session shared by NWC students and WAS members. Contact is Adjunct Faculty – Social Sciences.

Wyoming Community College Libraries: This is an informal consortium of the seven community college libraries that promotes cooperation in purchases for library collections. Outcome is the provision of access for NWC students to a wider selection of electronic materials. Contact is Library Director.

Outcome is a performance and achievement of learning outcomes for clinics. Contact is Faculty - Music Department.

Park County Arts Council: This is an informal inter-agency educational agreement to share Park County Arts Council event programming with NWC employees via forwarded PCAC news releases. Outcome is anecdotal feedback, number of news releases per year, and general awareness. Contact is Vice President for College Relations and Development.

Park County School District #1 - Powell High School Choir: This is an informal community service-cultural event called the “Vespers Concert” that provides a Winter Holiday concert for the community and provides Powell High School and NWC students the opportunity to work on a joint project. Contact is Faculty - Music Department.

Park County School District #1, 6, 16; Big Horn County School District #1, 2, 3, 4; Washakie County School District #1, 2: This is a semi-formal community service cultural event with the Yellowstone Youth Orchestra for the development of a Youth String Orchestra, ages 6-16, in order to supplement public school music instruction. Outcome was the development of string players to eventually play in the NCOC. The Yellowstone Youth Orchestra recently earned a meritorious service award from the Wyoming Music Educator's Association for service to the Big Horn Basin. Contacts are Faculty - Music Department.

Powell Chamber of Commerce: This is an informal agreement to provide an annual concert and community sing-a-long. Outcome is presentation of a concert and facilitation of a community sing-a-long at the annual Country Christmas celebration. Contacts are Faculty - Music Department.

Regional High Schools: This is an informal agreement to provide a concert and recording of Bedford and Friends Jazz Performances. Outcome is clinics for students during the day and concert by professional musicians in the evening. Contact is Faculty - Music Department.

Regional High Schools, Middle Schools and Colleges, Wyoming Arts Council: This is a semi-formal agreement to provide the Northwest College Jazz Festival. This is the 24th year of providing professional jazz concerts and adjudications of school groups from WY, MT, ID, UT, SD and ND. Schools return year after year for the educational value of the festival for their students. Many NWC students, not just music students, have attended. Outcome is students exposed to professional levels of performance and performance standards. Contacts are Faculty – Music Department.

Southwest Montana District High Schools: This is a formal contract to provide adjudication of musical solos and ensembles of over 1,100 Montana music students in order to provide feedback and ratings for music students and teachers and to evaluate levels of performance. Outcome is music performance is improved and many students & teachers are met. Feedback goes both ways. Montana teachers get to observe us at

work and we get to know what the level is at the various schools. Contacts are Faculty - Music Department.

Wild West Music of Buffalo Bill's Cowboy Band: This is a formal collaborative project between the Northwest College Foundation, the Buffalo Bill Historical Center and Mike Masterson, Northwest College Music Department Faculty to produce the Wild West Music of Buffalo Bill's Cowboy Band CD. This is an ongoing project. CD's are currently available for sale and the music is currently used by scholars and for recorded tours of the Buffalo Bill Historical Center Art Gallery. Music from the CD was used in the 2004 movie, Hidalgo. Contact person is Faculty – Music Department.

Wyoming Arts Council, Regional Music Educators: This is a formal community service-cultural event called the "Yellowstone Summer Music Camp" in order to promote music education through week-long music camp. This event is oriented around concert choirs and bands. Outcome is the evaluation of learning objectives and concert presentations. Contact is Faculty - Music Department.

Wyoming Arts Council, Regional Music Educators: This is a formal community service-cultural event called the "Yellowstone Summer Jazz Camps" in order to promote music education (vocal jazz) through a week-long music camp. This event brings together high school students from a five state region for a week of instrumental jazz and is oriented around concert choirs and bands and promotes vocal jazz programs in public schools. The outcome is the evaluation of learning objectives and concert. Contact is Faculty - Music Department.

Wyoming Arts Council and Northwest College Service Area: Informal agreement to provide annual Festival of Trumpets. This agreement brings high school and adult amateur and professional trumpet players together for clinics, workshops, rehearsal, and performances. Outcome is a celebration of trumpet playing and players and an experiential learning opportunity for students of all ages. Contact is Faculty - Music Department.

Wyoming Community College and UW music departments with the Wyoming Music Educator's Association All State Music Festival: This is a formal community service cultural agreement to provide Allstate Music college performing ensembles, workshops, choir, band, and music teachers to promote music education through Allstate Music Festival. These events are oriented around clinics and concerts. Outcome is the evaluation of the learning outcomes and concert presentations. Contacts are Faculty - Music Department.

STUDENT SERVICES PARTNERSHIPS

Billings Career Center: This is an informal community service-educational program for the purpose of recruitment. Outcome is participation by 10 to 20 students annually. Contact is Enrollment Services.

Child And Adult Care Food Program (CACFP): This is a formal contractual partnership with the Child and Adult Care Food Program (CACFP) to benefit the children of the Northwest College Child Care Center. The CACFP, a part of the Wyoming

Department of Education, provides reimbursement for meals provided to enrolled children. Outcome is balanced meals based on the Food Pyramid and an increased awareness of positive, lifelong dietary choices. Contact is the Director of the Child Care Center.

Children's Resource Center: This is an informal service partnership to provide free developmental screening for children who attend the Northwest College Child Care Center. The screening identifies children with developmental delays or signs of risk. Outcome is early intervention for those who may have undiagnosed problems within the developmental domains. Contact is Director of the Child Care Center.

Crisis Intervention Services: This is an informal community service – educational program to provide contact with clients regarding educational opportunities. Outcome is participation by five to 10 students annually. Contact is Student Success Program Counselor.

Department of Family Services – State of Wyoming: This is an informal community service agreement to provide educational programs and to provide contact with clients regarding educational opportunities. Outcome is better service to clients to reach their educational goals. Contact is Student Success Program Counselor.

Department of Family Services – State of Wyoming: This is an informal partnership with DFS to subsidize child care expenses for low income student/parents. This child care subsidy impacts the student/parent's ability to reach their educational goals. Contact is Director of the Child Care Center.

Department of Workforce Services - Division of Vocational Rehabilitation: This is a Memorandum of Understanding in order to collaborate to meet educational/vocational and accommodation needs of students with disabilities. Outcome is the funding for materials and/or technology and meetings for facilitating students' success. Contact is the Director of Student Success Center.

Department of Workforce Services - Division of Vocational Rehabilitation: This is a formal inter-agency agreement for referrals in order to collaborate to identify and meet educational/vocational needs of students with disabilities. Outcome is that eligible students receive services and financial assistance for education. Contact is Director of Project Succeed.

Department of Workforce Services - Division of Vocational Rehabilitation: This is an informal agreement to share educational information or client status and to provide contact regarding student/client status. Outcome is better service to clients to reach their educational goals. Contact is Student Success Program Counselor.

Heartland Assisted Living Facility: This is an informal agreement to provide opportunity for students to organize and facilitate community service projects. Outcome is participation by five to 10 students per year in community service projects. Contact is Director of Activities.

Hostelling International: This is a formal/informal agreement to provide low cost accommodations and travel services for students and staff. Outcome is participation by 10 to 20 students per year in travel opportunities. Contact is Director of Activities.

Mark S. Wurzel, MD: This is a formal inter-agency agreement to supervise the NWC PA in order to fulfill state requirement for PA practice. Outcome is the provision of Student Health Services to Northwest College students. Contact is Director of Student Health Services.

Park County Leadership Institute: This is a semi-formal partnership with PCLI, an educational nonprofit organization, which provides leadership development opportunities for Park County residents. PCLI has trained a number of Northwest College employees. Contact Person is Project Succeed Director.

Montana State University - Billings, University of Wyoming, and Black Hills State University: This is an informal educational programs-transfer opportunity in order to educate students on transfer steps and awareness of college programs on other campuses. Outcome is that approximately 30 students will complete campus tours and learn of transfer opportunities as well as Student Support Services (TRIO) on each of the four campuses. Contact is Career/Transfer Specialist.

National Association of Campus Activities: This is a formal agreement for student and staff development to provide experiential learning and leadership opportunities for students and staff in activities programming. Outcome is student participation in annual regional conferences and resultant bookings and programs. Contact is Director of Activities.

Park County Mental Health: This is a semi-formal agreement to provide contact regarding client status. Outcome is better service to clients to reach their educational goals. Contact is Student Success Program Counselor.

Park County School District #1 - Powell High School: This is a formal college/community service agreement to provide opportunity for students, faculty, staff and families to use the high school pool for recreational swimming. Outcome is improved physical fitness opportunities for NWC students and staff. Contact is Director of Activities.

Park County School District #1 - Powell Public Schools, Powell Community, Children's' Resource Center: This is an informal educational resources-videos (training) agreement to provide resources for parent provider training. Outcome is participation by 15 to 20 individuals annually. Contact is Director of Child Care Center.

Powell Golf Club: This is a formal educational learning facility/recreational agreement to provide a facility for teaching golf classes and recreational golf programs through Intramural Sports. Outcome is an opportunity for 40-50 students annually to develop a life-long skill and improved physical fitness. Contacts are Director of Activities and Director of Athletics.

Powell Hospital - Nursing Home and Assisted Care Facility: This is an informal agreement to provide opportunity for students to organize and facilitate community service programs. Outcome is participation by five to 10 students per year in community service projects. Contact is Director of Activities.

Powell Rotary Club: This is a formal community service agreement to provide support for NWC by providing four \$500 scholarships annually to Powell High School graduates for NWC. Outcome is the awarding of scholarships and assisting students to reach their educational goals. Contact is NWC Foundation Executive Director.

Red Lodge Mountain Ski Area: This is a formal/informal educational learning facility/recreational facility agreement to provide facility and instruction in skiing and snowboarding. Outcome is an opportunity for 40-50 students annually to develop a life-long skill and improved physical fitness. Contacts are Director of Activities and Ski Club Advisor.

University of Hawaii: This is an informal experiential education agreement to provide unique educational and outdoor opportunities for students traveling to Hawaii. Outcome is participation by 10 to 20 students per year in the travel experience. Contact is Director of Activities.

United Blood Services: This is a formal agreement to promote community health through blood drives. Outcome is improved health care in the community. Contact is Director of Student Health Services.

US Department of Education - Project Succeed: This is a formal grant to increase retention and graduation rates of high risk college students and facilitate their transition from one level of higher education to the next. Outcome is that 160 NWC students will receive services through Project Succeed. Contact is Project Succeed Director.

Wyoming Department of Workforce Services: This is an informal agreement for Project Succeed staff to collaborate and provide support for Project Succeed students. Contact is Director of Project Succeed.

Wyoming Job Network - Cody Employment Center: This is a formal inter-agency agreement for referrals to provide educational/training for eligible students. Outcome is financial assistance to eligible students for education. Contact is Director Project Succeed.

Wyoming State Hospital: This is a semi-formal agreement to provide contact regarding client status. Outcome is better service to clients to reach their educational goals. Contact is Student Success Program Counselor.

Wyoming Student Loan Corporation: This is an informal community service-educational program agreement to provide programs on resources to students in College Studies classes. Outcome is better service and better information to students to reach their educational goals, participation by 50-75 students per year. Contact is Student Success Program Counselor.

NORTHERN WYOMING COMMUNITY COLLEGE DISTRICT

ACADEMIC PARTNERSHIPS

North Central Wyoming Workforce Partnership: This group works in a collaborative effort to identify areas of concern in workforce development and then works toward identifying how to address those concerns. This partnership includes Sheridan College, Buffalo Chamber of Commerce, Sheridan Chamber of Commerce, Sheridan County School Districts 1, 2 and 3, Johnson County School District, Forward Sheridan, and Department of Workforce Services.

Northeastern Wyoming Workforce Partnership: This group works in a collaborative effort to identify areas of concern in workforce development and then works toward identifying how to address those concerns. This partnership includes Gillette College, Campbell County Chamber of Commerce, Campbell County School District, Campbell County Economic Development, Department of Workforce Services, Adecco Services, and employers in the area.

Workforce Investment Act Partnership: Individuals associated with the Department of Workforce Services (DWS), DWS Division of Vocational Rehabilitation, Senior Employment, ABE/GED programs, Unemployment Services, Department of Family Services, and Council of Community Services join efforts in planning for a better service delivery system. Recipients of provided services are community wide.

Local CISCO Academy: Northern Wyoming Community College District is a local training academy for CISCO. CCNA (CISCO Certified Networking Associate) Academies are chosen by the Cisco Area Academy Manager based on regional needs. Through a partnership with CISCO, instructors are trained by the Cisco area Training Centers. The Regional Academy located in Dayton, Wyoming, trains and mentors Local Academy instructors in the operation of the program and the teaching of the curriculum. Partnering educational entities include: Tongue River High School, Dayton, Wyoming, Sheridan High School, Sheridan, Wyoming and Big Horn High School, Big Horn, Wyoming.

University of Wyoming & Sheridan College Agriculture Program: Partnerships in horticulture provide shared test plots at the Sheridan College Watt Regional Agriculture Center, the University of Wyoming Research & Extension Center at Sheridan, and the Purdy Foundation's Purdy Mountain Land Lab. Approximately 200 individuals benefit from this partnership.

University of Wyoming, Powder Horn Golf, and Sheridan College: Sheridan College, in conjunction with the University of Wyoming Sheridan Research & Extension Center (SREC) and Powder Horn Golf has a USDA national turf grass trial located at the Regional Agriculture Complex. This trial involves approximately 140 varieties of Kentucky bluegrass as well as some low maintenance turf species.

Aquamatrix and Sheridan College Aquaculture Program: Sheridan College and Aquamatrix Inc. have an MOU to conduct projects related to aquaculture. These include a pilot program in culturing fish in CBM discharge water and using the effluent in crop production. The University of Wyoming has also participated in this venture. Experiments are conducted in Sheridan College facilities (greenhouse and aquaculture lab) as well as at CBM production sites in eastern Sheridan County. We also have a project to demonstrate the feasibility of commercial fish production, raising, processing and marketing the species Tilapia.

Wyoming Business Council, Wyoming Rural Development Council, Wyoming Department of Agriculture, and Sheridan College Meat and Food Science Program: These agencies worked together this past year to study the feasibility of a rural mobile slaughter unit.

Astec & Sheridan College: ASTEC Inc. is a local company whose products include pre-plant treatments of sugar beet seeds. Sheridan College provides space at the Regional Agriculture Complex for ASTEC to conduct various emergence and production trials.

Purdy Family Foundation: This foundation provides an educational easement on their 4800 acre Bull Camp Ranch for use by the Sheridan College Agriculture Department.

Agra-Terra Inc.: This local agriculture services company partnered with the Sheridan College Agriculture Department in conducting field trials for vegetable crop seed production.

Sheridan Farmer's Market: Sheridan College partners with the Downtown Merchants Association to plan and sponsor a weekly farmer's market from mid-June through mid-September.

N.E. Wyoming Livestock Marketing Group: Thorobardon Ranches L.L.C., Bear Claw Ranch, Garber Agri-Business and Lidke Bison partnered with Sheridan College to conduct value-added marketing initiatives.

Business Incubator: Sheridan College worked with Pete's Jellies and Crazy Woman Traders on product development, production and distribution.

Wyoming Department of Transportation, Sheridan College, and University of Wyoming: This project has continued this fall; it is a joint effort to study different seeding mixes for re-vegetation of disturbed soils in highway right-of-ways.

Wyoming Game and Fish and Sheridan College Meat & Food Science Program: Workshops were offered to the public on processing wild game.

Sheridan College Agriculture Department, University of Wyoming Agriculture Department, Flintner Ranches, and Purdy Family Foundation: The Purdy Family Foundation has given Sheridan College an educational easement on their Bull Camp property southwest of Buffalo. This 4500-acre resource is used for a variety of classes including lab activities for aquaculture, range management, and agro-ecology. This past

summer Sheridan College and University of Wyoming Department of Animal Science faculty collaborated on a beef cattle management experiment on the property with Flintner Ranches of Greybull, Wyoming.

Sheridan College and Whitney Foundation: Whitney Foundation has issued a no cost lease on their Adams Ranch property adjacent to the Sheridan College campus to the college for use in educational programs for the Agriculture Department. This 500 acre parcel will be used for a variety of activities in future years. The college has sub-leased the irrigated portion to local rancher Jim Hardesty for three years and will receive the income generated to supplant on-going department activities. This first year the dryland pasture was left fallow as part of a rangeland renovation project that will be taking place. This fall additional irrigated forage and crop test plots will be created for next years' trials. Grazing studies are being conducted on a new pivot this year.

Carl Perkins Vocational Grant Programs & SC Transitional Services Programs: Through a partnership with the State Department of Education and the U.S. Department of Education, Sheridan College provides financial assistance and support to disadvantaged vocational students; classroom/lab equipment for career and technical education students; tutoring assistance; applied learning classroom experiences; and up-to-date, industry-gearred instructional materials. On average, the program serves over 275 students per year.

Tech-Prep/Concurrent Enrollment: This partnership with service area high schools gives over 600 high school students the opportunity to take college courses and receive both high school and college credit.

Tech Prep Advisory Board: This is a partnership between Campbell County School District, Sheridan College, DWS, Economic Development and local businesses to provide direction and support for seamless transition from high school to college in technical education fields.

Sheridan College Allied Health Vocational Training for Self-Sufficiency Program: Our partnership with the Department of Family Services (DFS), Department of Workforce Services, and the U.S. Department of Labor provides vocational training leading to self-sufficiency for low-income parents of minor children residing in Wyoming. Sheridan College has served 35 individuals under this program.

Sheridan-Johnson County Project SCOPE: Sheridan College's Transitional Services program along with Project SCOPE disseminates information to dropout teens about careers, education/training, and opportunities at Sheridan College. This program helps teens with their transition to Sheridan College and provides support and financial aid. About 10 students are helped per year through this program.

Woman-to-Woman Conference: This partnership between state agencies, businesswomen, the college, and non-profit agencies promotes resources and education opportunities available to women in the community. Annually, 200 – 250 individuals attend the conference.

The Wyoming Distance Education Consortium (WyDEC): The WyDEC is a group of representatives from the seven Wyoming community colleges. Representatives from the University of Wyoming generally attend all meetings and are informally considered members of the group. The Wyoming Community College Commission also formally recognizes WyDEC as a consortium. The head of the consortium rotates yearly with the chair being from the same institution as the head of the Executive Council. The consortium generally provides feedback to the commission on expenditures of state moneys utilized for distance education and on the state of distance education within Wyoming. The consortium provides a web site listing distance education classes, shares information on best practices and hosts an annual conference on distance education issues.

Wyoming NASA Space Grant Consortium:

Members are representatives of community colleges, UW and Industry. The consortium sponsors educational and research programs in the state of Wyoming in support of NASA's mission. The consortium also serves as a link between citizens of the state and NASA programs, provides scholarships for community college students pursuing math and science careers, and offers resources for Wyoming K-12 teachers and educational programs for the general public.

IDEA Networks of Biomedical Research Excellence (INBRE) with the University of Wyoming: Student research is supported through INBRE funding which provides development of laboratory skills, research experience and opportunity for presenting at state and regional scientific conferences.

ABE/GED/ESL Instruction & Testing: The Adult Basic Education / GED / English as a Second Language or ESL programs provide outreach and onsite instruction to the following community agencies:

1. Thunderchild – a residential treatment facility that serves the Native American population. ABE & GED services are provided on a weekly basis as the demand arises. About 15 students have been served in the 2005/2006 program year.
2. WYSTAR – a men's and women's residential treatment facility that offers drug and alcohol rehabilitation. ABE & GED services are provided weekly at both locations. In 2005/06, 34 students were served.
3. EVENSTART – a partnership with a family literacy program housed at the Whitney Benefits building. Program provides child development activities, parenting classes, and adult basic education. Sheridan College provides instruction for the Adult Basic Education, GED, and ESL participants. About 14 parents were served in 2005/2006.
4. Normative Services (NSI) – Sheridan College provides GED pre-testing and post-testing for students in the NSI program that have been put on that educational track. On an as-needed basis, students come to Sheridan College for these services. In 2005/06, eight students were served from NSI.
5. Literacy Volunteers of America – Northern Wyoming – this Sheridan College ABE/GED/ESL program partners with LVA for some testing, referrals, and citizenship classes for their jail tutoring and ESL tutoring programs.

6. Volunteers of America – ABE and GED instruction are provided at Sheridan College on an as-needed basis.

7. Sheridan-Johnson County Project SCOPE – The SCOPE program serves 16-21 year old "at-risk" students by providing a curriculum that includes GED instruction and job and life skills provided through Sheridan College. Sheridan College's Transitional Services program along with Project SCOPE disseminates information to dropout teens about careers, education/training, and opportunities at Sheridan College. The job and life skills curriculum is taught by business and social agency partners in the community. This program helps teens with their transition to Sheridan College and provides support and financial aid. About 10 students are helped per year through this program.

8. Powderhorn Golf Community - This program year, 2006/07, an ESOL instructor has been conducting a class on-site to employees who wish to improve their English speaking skills.

Distance Education & Advanced Degrees: The University of Wyoming offers classes on campus and through distance learning that may lead to a baccalaureate or master's degree or certification in a specialty area. Sheridan College has collaborated with the University of Wyoming to offer an on-campus Bachelor's of Science in Nursing degree. An endowed nursing chair was created through a generous contribution from the Whitney Foundation to help coordinate the new program with UW. Through agreements with Regis University, Franklin University, Capella University, University of Phoenix, University of Mary, Upper Iowa University, and University of Wyoming, citizens of the Sheridan College service area may complete course work for certifications, or may complete a baccalaureate or master's degree. This past year NWCCD has entered into a new partnership with the State University of New York, Canton to offer two new baccalaureate degrees in Law Enforcement Management and in Technology Management. Many of the junior level credits will be courses delivered by our institution; the rest will be delivered by SUNY, either locally or by distance-learning. All of the above offerings are available to all members of the community.

K-14 Pathways Partnership: Several groups of staff and faculty from Sheridan County School District 2 and the College work together to provide for a more seamless transition from high school to college.

Workforce Development for Nursing, Hospitality Management, and Numerical Control Students: In partnership with the State Department of Workforce Services and the State Workforce Development Council, the college is able to financially assist students pursuing these careers. We are currently serving 34 students under this program.

Health Science Clinicals: Dental Hygiene, Massage Therapy, Nursing and Pharmacy Technology programs all have agreements with varied healthcare facilities. These facilities include, but are not limited to, several community hospitals, Veteran's Administration facilities, clinics, home care agencies, nursing homes, doctor and dentist offices, pharmacies and schools in Sheridan, Johnson and Campbell counties. Clinical agreements are also in place with both the Northern Cheyenne and Crow Indian Health

Services. These clinical experiences help all our Health Science programs meet their individual accreditation requirements and provide valuable experiences within a mentoring environment. Approximately 170 students are served by some or all of these facilities.

YMCA: This facility serves our Massage Therapy students and also provides additional opportunities for students participating in Physical Education/Recreation classes.

Kuehne Foundation: This partnership identifies three levels of services Sheridan College provides as fundamental healthcare components in expanding services to disabled veterans. The partnership has created a more comprehensive and client focused commitment, thus enhancing greater access to higher education opportunities for Sheridan College's Dental Hygiene, Massage Therapy and Nursing departments. Approximately 85-90 students benefit from this partnership.

Free Clinic of Sheridan County: Sheridan College Dental Hygiene Program has entered into a partnership with the Free Clinic of Sheridan County to provide free hygiene services to uninsured residents ages 19 through 64 years of ages, whose income level is at or below the 185% federal poverty guideline. Approximately 48 students benefit from this partnership.

Campbell County Health Care Facilities: Our nursing students are asked to do five hours of health related volunteer activities each semester as part of their practicum hours. Gillette College's Associate Degree Nursing Program partners with:

Campbell County Memorial Hospital and Pioneer Manor Nursing Home
Children's Developmental Services of Campbell County
The Campbell County Health Fair
Campbell County School District
Northeast Wyoming Surgery Center
Antelope Medical Consultants
Powder River Orthopedics & Spine, P.C.
The Soup Kitchen
Senior Center
Sports Physicals

Wyoming's Strategic Prevention Framework State Incentive Grant

A representative from Gillette College serves on a community Prevention Advisory Council (PAC) to develop and execute a strategic plan that addresses a needs assessment of alcohol abuse in Campbell County. Specifically, the PAC has adopted the Communities Mobilizing for Change on Alcohol (CMCA) community-organizing program designed to change community norms, policies, and practices regarding alcohol consumption. Collaboration with Gillette College serves to increase student awareness and create a learning environment less conducive to alcohol abuse by encouraging positive lifestyle choices.

Arts Partnerships: The College provides space, publicity, and support for **Jentel** (the Artist-in-Residence Program) to present programs on campus. The programs are

presented by the current resident artists. JENTEL is a nationally known program that has included some quite famous residents.

Sheridan College works with the Cloud Peak Symphony providing rehearsal space, collaborating with members of the orchestra on a variety of musical projects.

For the past 10 years the Sheridan College music program has toured throughout Wyoming and southern Montana with our “Performing Arts Tour.” The tour, working in a workshop format, has visited many small and more remote High Schools. Within the various clinics our students work with choir members, drama, speech and forensic students. The workshops provide our students the opportunities to share with the community the skills they have developed at Sheridan College.

Literacy Council of Campbell County: Gillette College works in partnership with business leaders in the community interested in promoting and supporting educational resources for adult literacy students. Approximately 150 students receive services from this program annually.

Wyoming Department of Employment Research & Planning (DOE R&P): The college has a memorandum of understanding with the DOE R&P to share data and receive an employment analysis on program completers. This is a relatively new agreement but promises to be mutually beneficial to the two entities.

Academic Contests: Sheridan College sponsors the Wyoming Academic Challenge annually, with high school students throughout the state participating. Through participation, students have an opportunity to earn college scholarships. About 70 students participated this year. In addition NWCCD sponsors a variety of other academic competitions. NWCCD Technical programs host the “Border Wars,” a meat evaluation and agriculture sales career development event involving approximately 120 students, the Outstanding Horticulture Proficiency Wyoming FFA competition (10 students), the Sheridan College Welding Contest with 65 students, the Wyoming Pro Start Culinary Competition (230 students) and the Wyoming SkillsUSA competition with 250 students involved. NWCCD serves as the district coordinators for and hosts the annual Wolsborn-Drazovich State Math Contest.

Science Partnerships: We support and participate in the Summer Science Institute for middle school students (providing faculty and facilities) and provide after-school math and science enrichment activities on campus, through use of the Smarty Bus (a mobile education facility), and during the annual Science Fair.

Cyber Camp, Sheridan and Johnson Counties: The National School-to-Careers Office recognizes this program as a “best practice.” Through this partnership, 150 individuals of all ages, including instructors, were served again this year. Instruction is at various levels from introductory classes to specific instruction toward earning certifications. A mentoring program is incorporated whereby more experienced learners help those working to advance their knowledge.

College for Kids: Elementary-aged children are invited on campus every summer to experience classes in science and the arts designed especially for them. This program

has been offered for several years in partnership with Sheridan School District #2 and serves about 200 young students.

SIFE: Students in Free Enterprise (SIFE) is a student organization for encouraging students in entrepreneurial pursuits. This student group partners with local businesses on a variety of projects.

Learn 2 Earn Program: partnership between Sheridan County School Districts 1 and 2, Sheridan Chamber of Commerce and Sheridan College to provide mentored internship opportunities for the summer for high school and college students.

Technical Co-Ops, Practicums, and Internships: Partnerships with businesses provide on-the-job training for students in a workplace setting. This year Sheridan College had working agreements with the following businesses/entities:

- Wyoming Game & Fish – Practicum and Internship in Natural Resources
- U.S Forest Service - Practicum and Internship in Natural Resources
- Sheridan School District #2 – Students assisting classroom elementary teachers
- Campbell County Courthouse – Internships
- Holiday Inn – Internships
- Best Western Sheridan Center – Internships
- C&K Implement – Diesel Technology Internship
- Steve's Truck Service – Diesel Technology Internship
- Valley Motor Honda – Diesel Technology Internship
- CraftCo Welding & Machine – Machine Tool Internships
- Goodrich Cargo Systems – Machine Tool Internships
- Campbell County Higher Education Foundation (CCHEF) – Scholarships
- Board of Cooperative Higher Educational Services (BOCHES) – Cooperative planning and Funding.
- Urgent Care – internships
- ACT – internships
- Holiday Inn – internships
- Fletcher Construction – internship
- Sheridan Memorial Hospital, Sheridan WY - Computer Networking Internship
- Western Medical Management, Sheridan WY - Transcription Internship
- Big Horn Basin Orthopedic Clinic, Cody WY - Transcription Internship
- Sheridan School District #1 - Computer Networking Internship
- LUCA Technology - internship in coal bed methane biotechnology

At Gillette College:

Electrical Technology Program-Gillette

- Foundation Coal West – Co-ops, internships and direct employment
- Powder River Coal – technical co-ops, scholarships, direct employment
- P&H Mine Pro Services – technical co-ops, scholarships, direct employment
- Scott Brothers Electric – technical co-ops, direct employment
- Petro-Canada Resources – technical support and advisory board
- Powder River Energy Corp. – technical support and advisory board
- Campbell County Economic Development Corporation – Employment search

~ Wyoming Community College Commission Partnership Report~

- Buckskin Mining Company – technical co-op, scholarships, direct employment
- Electrofab INC – technical co-op, scholarships, direct employment
- Rio Tinto Energy America -- technical co-op, scholarships, direct employment
- Arch mining -- technical co-op, scholarships, direct employment

Diesel Technology program-Gillette

- Cummins Rocky Mountain – OJT and Cooperative Work Experience
- Interstate Power Systems – OJT and Cooperative Work Experience
- Wyoming Machinery Company – Student Scholarships, OJT and Cooperative Work Experience.
- Komatsu Equipment Company – OJT
- Rio Tinto Energy America – Student Scholarships, OJT and Cooperative Work Experience.
- Powder River Coal – Student Scholarships, Cooperative Work Experience.
- Powder River Transportation – Student Internships
- Arch Coal – Internships and Cooperative Work Experience.
- Western Plains Machinery – Cooperative Work Experience.
- Record Industrial Supply – Seminars and equipment shows
- Valley Motor Supply – Seminars and equipment shows
- Snap-on Tools – Seminars and equipment shows
- Wyoming Trucking Association – Seminars and equipment shows
- SKILLS/USA – Host the state Diesel Competition

Construction Technology-Gillette

- Associated Glass – Cooperative Work Experience
- Glenn Construction – Cooperative Work Experience
- Hladky Construction – Cooperative Work Experience
- S&S Builders – Cooperative Work Experience
- Shoher Builders – Cooperative Work Experience
- Gillette Workforce Services – Job placement and Cooperative evaluations

Welding Technology – Gillette

- L&H Machining – OJT and Cooperative Work Experience – New partnership under development.
- P&H Mine Pro – OJT and Cooperative Work Experience – New partnership under development.
- Campbell County High School – Concurrent student population.

Education Practicums

- Campbell County School District: Practicum students in education were placed in 11 of the district's schools.

Technical Co-Ops

- Rio Tinto Services (3 students)
- Land Surveying Incorporated

Occupational Internships

- Campbell County Memorial Hospital (3 students)

~ Wyoming Community College Commission Partnership Report~

- City of Gillette (3 students)
- Gillette College (2 students)
- Ranch Creek Properties
- Rio Tinto Services
- Campbell County Public Defender
- Metz Beverage
- Home Depot (2 students)
- LPL Financial Services
- Kennecott Energy (Rio Tinto) – Electrical Internships and scholarships
- Arch Minerals – Electrical Internships and scholarships
- Powder River Coal, Black Thunder, Jacobs Ranch. Cordero - Electrical Internships and scholarships
- P & H Minepro—Electrical internships and scholarships
- Scott Brothers' Electric—Electrical Internships

Other

- State Department of Work Force Services – referrals and information gathering
- YES House – training for at risk students in Industry Technical Programs
- Project Lead The Way – a national program to interest students in engineering
- Rio Tinto Energy Americas – WorkKeys, training programs
- Komatsu America – training programs
- Powder River Energy Corp. – training programs
- Kiewit Mining – training programs
- Arch Coal – training programs
- P&H Mine Pro Services – technical assistance
- L&H Machine – technical assistance
- Foundation Coal West – training, technical assistance
- CBM Safety Council – development of a safety training program for CBM
- Project Lead the Way – Cooperative education for High School students
- Blasters Association – development of a certification program for blasters
- VOA – WorkKeys
- Police Department – WorkKeys

I-TEC Technical Training: This is a new training center for the energy industry developed through the Community-Based Job Training Grant providing Integrated Systems Technology (IST) training for the coal mining, coal bed methane, utility industries and their suppliers in the NWCCD area. In addition to the technical training programs being developed, WorkKeys is an important part of the assessment program for the industry and local agencies. A remediation program is also offered to improve test results by providing students additional knowledge. Partnerships have been established with the following companies and organizations:

I-TEC Gillette has provided training for the following companies:

Midas	Interstate Power Systems	Sander Sanitation
Commercial Tire	Komatsu	WL Plastics
Campbell County School District	Wingfoot Commercial Tire	Daryl's Electric

~ Wyoming Community College Commission Partnership Report~

Rio Tinto: Antelope Coal, Cordero Rojo, Jacobs Ranch, Kennecott	Arch Coal: Black Thunder, Thunder Basin, Coal Creek	Powder River Energy (PreCorp)
L&H	Western Mine Service	McKim Repair Service
Foundation Coal: Eagle Butte	Dynamic Blast Solutions	NEW Electric
Caballo Mine	Pro Electric	City of Gillette
Electrical Specialties (looks like it should be Specialists)	Scott Brothers Electric	Campbell County ?? (If it's "The" County itself)
KFX	Evergreen Energy	P & H Mine Pro
Powder River Coal Company (Peabody)	North Park Engineering (CO)	Decker Coal (MT)
Yates Petroleum	Automation and Electronics	Wyodak Resource Development Corporation
EMIT Technologies (Sheridan)	Pacificorp	Cyclone Drilling
PreCorp	Nelson Brothers Mining Services	Ames Construction (Aurora, CO)
Crown Technologies	NuCore Oil and Gas Inc.	Tinken Butte (Buffalo, WY)
ProStock Fencing, LLC.	Intermountain Construction	Electrical Specialists
Mid America Energy (Iowa)	Consolidated Oil Well Services	D.O. Inc.
Modern Machinery	North Winds Drilling	Pearl Development
Dry Fork Mine	Absoloka Mine	Kee Mine Maintenance
Anadarko	All-Fab Weld, Inc.	Greg's Welding
Browning Electric	RMS Instrument Electric	West Moreland
Kiewit (Buckskin Mine)	Cyclone Drilling	Powder River Heating/AC
Ames Construction		

The Libraries

WYLD Network Consortium: The WYLD Network is a consortium of public, academic, school, and special libraries with a common vision for maximizing library and information technologies for Wyoming residents and for enabling efficient operations of the libraries. The network provides online computer access to members' collective bibliographic databases and serves as a gateway to the evolving global information community. As a member of the consortium, Sheridan College has a governance contract with the Wyoming State Library.

University of Wyoming: The UW Libraries and the Sheridan College Library have worked cooperatively for many years. The UW Libraries Outreach Office maintains communications with the SC librarians on issues affecting UW students. The UW Information Technology Department has placed a computer in the SC Library specifically so that UW students in Sheridan may access the academic software needed by UW students.

Wyoming State Library: The SC Libraries works closely with the Wyoming State Library (WSL) on a variety of issues. WSL coordinates WYLD Network activities, such

~ Wyoming Community College Commission Partnership Report~

as maintaining telecommunications equipment, providing training to member libraries, and promoting professional growth opportunities. Also, the SC Libraries book orders are funneled through the state library allowing for a better discount and no charge for postage.

Wyoming Community Colleges: Wyoming community colleges and special libraries have worked together on several projects that have served to enhance the resources and services available to our clientele. The community colleges and the UW Library collaborated to apply for, and received, a two-year McMurry grant (\$44,000) to expand full-text online scholarly content available to faculty and students Wyoming. The grant period is October 2004 through September 2006.

The Library Funding Amendment: The Legislature provided \$2.8 million in funding for content for the community college libraries for the biennium ending in June 2008. Each community college library director has participated in discussions and recommendations about the use of the funds. With a focus on resources which directly benefit students, much of the money will be spent in statewide online database acquisitions which will be available anywhere at any hour. Some funding has also been allocated to each college to support library resources for unique local academic programs and services.

Federal Depository Program: The SC library has been a depository for U.S. federal publications since 1963. Selective housing agreements with the Gillette College Library and the Sheridan County Public Library allow those libraries to participate in the depository program by making selections for their collections via the SC library.

Joint Training: For the past three years, the SC library has hosted a summer training day with the library staff for local school districts. A trainer from the Wyoming State Library has provided a day of training on the statewide electronic full-text databases available to students across Wyoming.

STUDENT SERVICES PARTNERSHIPS

Service Learning: Service-learning helps promote both intellectual and civic engagement by linking the work students do in the classroom to real-world problems and real-world needs. Without compromising academic rigor or discipline-specific objectives, service-learning gives students concrete reasons for doing their personal best and promotes life-long active citizenship. Sheridan College students have completed Service Learning projects in partnership with the Child Development Center, The Bighorn Mountain User's Group and Project Youth, to name a few, and non-profit community organizations are encouraged to seek help from its students and faculty.

Center for a Vital Community: Sheridan College has a strong partnership with the Center for a Vital Community is recognized as the forum that joins all Sheridan County citizens together across lines of differing ideologies to identify and respond to our area's civic issues in the spirit of openness and respect. The CVC seeks opportunities to strengthen community resources through training, collaboration, and sharing of information. The CVC aims to serve businesses, non-profit organizations, and foundations by increasing effective communication, encouraging partnerships, providing

on-going training workshops, and other opportunities for personal and professional growth.

Arts Partnerships: The College partners with several local artist groups including the **Sheridan Artists' Guild, et al (SAGE), the AVA Community Arts Center, and the Jentel Artist-in-Residence Program.** The College provides space, publicity, and support for **Jentel** (the Artist-in-Residence Program) to present programs on campus. The programs are presented by the current resident artists. JENTEL is a nationally known program that has included some quite famous residents. The College has created a partnership with SAGE to manage a portion of our downtown space in order to promote the arts and provide art exhibition space, furthering the mission of the College and SAGE. The mission of SAGE is to create opportunities for adults and youth that encourage life-long education through the appreciation of, and participation in, the visual arts. Our Gillette College has created a partnership with the AVA Community Arts Center in Gillette in order to better serve the needs of area citizens by sharing resources. We will be providing publicity and support for AVA programming as well as offering Gillette College art classes to area citizens.

Daniels Fund: Sheridan College has participated in a state-wide collaboration between the University of Wyoming and all of the community colleges to obtain a grant-funded scholarship from the Daniels Fund called the Daniels Opportunity Award. This targets students who have received a GED, are or were wards of the court, adult students, transfer students and students who graduated from alternative high schools. The Award provides funding for a cohort of students who begin their academic careers at one of the community colleges and who will transfer to the University of Wyoming.

Real Life Fair – Career Exploration Activity: Sheridan College Career Services and a task force of Sheridan area educators organized and hosted this very successful, hands-on learning opportunity for Sheridan School District #1 eighth graders and District #2 ninth graders, Wyoming Girls' School students, and at-risk youth from Sheridan and Johnson County group homes. Collaborators and volunteers also included local businesses, civic groups, and parents. Total participation was over 300 students and 100 volunteers.

Career Trek: Sheridan College Career Services hosted a new project to involve seventh graders from the area in hands-on career education activities. Over 400 students attended this event, and 20 local professionals representing different career areas worked with students, engaging them in activities typical of their workplace.

Career & Internship Fair: Eighteen area businesses and non-profit organizations, hosted by SC Career Services office, set up booths in the Golden Dome to recruit prospective employees and interns. The public was invited, and approximately 200 students and Sheridan residents stopped by to meet with employers, fill out applications, and explore opportunities available to them in several career areas. Career Services also offered help with resumes and interviewing which are only an example of a number of services available to students and the public through the Sheridan College Career Services office.

Career Expo: This is a partnership between Gillette Business Leaders Network, DWS, Northeast Economic Development and Sheridan College that held job/career fair in Gillette. There were approximately 300 students and community people who attended with about 30 employer/vendors having booths.

Campbell County Career Explorations Committee: A partnership with school district counselors, career advisors, and community college staff provides structured career guidance for students in grades 7 to 14. We had approximately 600 students participate in the 7th grade career fair and another 600 participate in the 8th grade career fair.

Sheridan-Johnson Counties' One-Stop Delivery System: The Workforce Investment Act partnership includes Sheridan College, Sheridan and Johnson County Chambers of Commerce, WIA Youth Partnerships, Business Advisory Committee, Department of Family Services, Division of Workers' Safety & Compensation, Department of Workforce Services, and DWS Division of Vocational Rehabilitation. The purpose is to serve as a community resource to promote personal responsibility, employability, continued education, and financial stability for community citizens.

GEAR UP Wyoming: GEAR UP which stands for Gaining Early Awareness and Readiness for Undergraduate Programs, serves students from the seventh to 12th grades in Sheridan, Johnson, and Campbell counties. The program establishes partnerships with schools and communities committed to serving and accelerating academic achievement by offering services to students, parents, and teachers. GEAR UP helps students by strengthening academic readiness, assisting with financial preparation for college, and providing leadership training.

Transitional Services Community Advisory Committee: Sheridan College has partnered with Sheridan County's Department of Family Services, DFS Child Support, Department of Workforce Services, DWS Division of Vocational Rehabilitation, WYSTAR, and Wyoming Institute for Disabilities to assist special population students in becoming self-sufficient. Over 200 students are served annually.

Teen Parent Program: Working with the Sheridan High School Teen Parent Program, our Transitional Services program shares information about career paths and opportunities for training and education at Sheridan College. Assistance is then provided to potential students as they transition into Sheridan College, including follow-up support and financial assistance. Through this program, we're able to assist about seven students each year.

Cent\$ible Nutrition Program: We provide a variety of classes to assist limited resource families and individuals in eating better for less through a partnership with the UW Cent\$ible Nutrition Program, Wyoming's Cooperative Extension Services, the State Department of Family Services and Sheridan County. Approximately twenty-five students are served each year through this program.

WESTERN WYOMING COMMUNITY COLLEGE

ACADEMIC PARTNERSHIPS

INSTITUTION WIDE - BOARD OF COOPERATIVE EDUCATIONAL SERVICES (BOCES) - Western Wyoming Community College (WWCC) has BOCES agreements with 9 of the 11 school districts that it serves.

Uinta County School Districts, #4 & #6 BOCES: During the Fall and Spring semesters of the 2006-2007 school year, a partnership with WWCC and BOCES impacted 285 students (duplicated headcount) enrolled in face-to-face college courses and 245 students enrolled in distance courses. Because of distance education courses, 15 students in the fall and 11 students in the spring were able to enroll as full time students in Mountain View and Lyman. Other programs include a GED program and a community service/continuing education program. In addition, WWCC and #4 and #6 BOCES worked closely to provide an in-service event for the concurrent high school instructors during the High School in-service.

Uinta County School District #1: During the Fall and Spring semesters of the 2006-2007 school year, a partnership with WWCC and BOCES impacted 1367 students (duplicated headcount) enrolled in face-to-face college courses and 398 students enrolled in distance courses: 72 students in the fall and 64 students in the spring were full-time students in Evanston. In addition, this BOCES supports 1) RN program targeted for students from Evanston, supported by Wyoming State Hospital, Rocky Mountain Care, Evanston Regional Hospital, and WWCC; 2) CNA Staff Development program, a collaborative training effort between WWCC and the State Hospital to meet their needs for CNA staff; 3) an LPN program starting in the Fall of 2006 supported by the BOCES, WYIN funds, and WWCC with 7 out of 8 students completing the program in July, 2007, and 4) a cohort program for full-time students that uses a learning communities approach. In 2006-2007, WWCC and the Uinta County BOCES worked closely to provide more concurrent opportunities and up-to-date equipment for high schoolers within that district.

Lincoln County School District # 1 BOCES: During the Fall and Spring semesters of the 2006-2007 school year, a partnership with WWCC and BOCES impacted 119 students (duplicated headcount) enrolled in face-to-face college courses and 112 students enrolled in distance courses: 7 students in the fall and 9 students in the spring were full-time students in Kemmerer. In addition, this BOCES works to provides training for local companies such as the Naughton Plant and provided one-time funds to purchase equipment for starting the LPN program in fall 2006.

A partnership with South Lincoln Medical Center, this BOCES, and WWCC provided the start-up and recurring funding to initiate an LPN program in the Fall of 2006. In July 2007, 6 out of the original 8 students completed the program.

Sublette County School District #1: During the Fall and Spring semesters of the 2006-2007 school year, a partnership with WWCC and BOCES impacted 34 students

(duplicated headcount) enrolled in face-to-face college courses and 62 students enrolled in distance courses: 2 students in the fall and 3 students in the spring were full-time students in Pinedale. Other programs include GED and ESL programs sponsored cooperatively with the Learning Center at Western Wyoming Community College, community service/continuing education programs, industry trainings and community partnerships. In addition, Sublette County #1 generously agreed to forgo the normal support funds paid to them by Western, with the condition that the fee is used to support outreach students throughout Western's service area.

Sublette County School District #9: A partnership with WWCC and BOCES impacted 78 students (duplicated headcount) enrolled in face-to-face college courses and 50 students enrolled in distance courses. In addition, Big Piney was able to support 1 full-time student along with, 33 part-time students in fall and 36 part-time students in spring. Other programs include a GED program, community service programs, support for concurrent enrollment courses, and continuing education programs.

Carbon County School District #1 BOCHES: A partnership with WWCC and BOCHES impacted 287 students in Rawlins and 18 students in Baggs enrolled in on-site credit courses. 329 students in Rawlins and 58 students in Baggs, WY (duplicated headcount) were enrolled in distance courses through WWCC. The WWCC/Carbon County partnership allowed 19 students in the fall and 15 students in the spring to attend full-time students in Rawlins and Baggs, with 130 part-time students in the fall and 148 part-time students in the spring throughout the two communities. Since FY2004, the BOCHES has funded a full-time nursing position to support the WWCC nursing program in Rawlins. Wyoming Investment in Nursing (WYIN) funds allowed the addition of a second nurse in FY2005 to expand the program to 16 students. The first nursing class graduated in December 2005. Other programs include vocational programs, such as Integrated Systems Technology, Construction Trades, Certified Nursing Assistant and the Pro-Start Culinary program. The Center also provides a GED program, adult basic education, community service programs, and continuing education programs. CCHEC served more than 3,119 oil and gas industry contractors through BP America's Health, Safety and Environment Orientation in Wamsutter. On July 5th, 2006 CCHEC opened the Kids' Campus childcare facility where WWCC students can enroll their children while working and/or attending classes.

Sweetwater County School Districts #1 and #2: Sweetwater BOCES supports projects that benefit all three educational entities (WWCC, Sweetwater #1, and Sweetwater #2) whenever possible. Some examples are strengthening concurrent courses with equipment and textbooks, providing support for tutoring programs, support for WWCC GED program and its transition-to-college program, support for a variety of cultural, educational presentations, such as Speaking of the West and enrichment-oriented programs for the districts, such as astronomy camp and summer theater production. In 2006-07, it also provided computer equipment for a new Writing Lab on the Rock Springs campus that allowed the English faculty to teach writing courses in a more interactive manner.

GED Testing Center: With partial funding from Sweetwater BOCES, WWCC provides a testing center for the administration of GED testing in Sweetwater, Sublette and Lincoln

County. During the 2006-2007 academic year, 109 students completed their GED at WWCC.

Option 3: Funded by Sweetwater BOCES, the Option III program cooperates with the two local school districts to provide at-risk students from the Rock Springs Junior High and the Rock Springs and Green River High Schools the opportunity to earn up to four high school credits. This enables some students to stay in school and others to complete their high school curriculum and receive a high school diploma. In FY 2007, 36 students completed 56.5 high school credits in this program.

INSTITUTION WIDE - OTHER

Concurrent Enrollment Agreements: Western Wyoming Community College has Concurrent Enrollment Agreements with 10 school districts to provide both transfer and occupational courses. Below are the enrollments for the 2006-07 academic year:

<i>LOCATION</i>	<i>SCHOOL DISTRICT</i>	<i>STUDENT HEADCOUNT</i>
Afton/Cokeville	Lincoln #2	507
Kemmerer	Lincoln #1	42
Baggs	Carbon #1	13
Rawlins		6
Hanna	Carbon #2	0
Elk Mountain		92
Big Piney	Sublette #9	74
Evanston	Uinta #1	315
Mountain View	Uinta #4	152
Lyman	Uinta #6	103
Rock Springs	Sweetwater #1	103
Farson		20
Green River	Sweetwater #2	51
Pinedale	Sublette #1	10

Distance Education Dual Enrollment: High School students can enroll in distance education college courses and count these courses towards high school graduation if the school district agrees; Completers with a "C" or better are reimbursed for tuition and fees through funds provided by the Department of Education. Our local BOCES directors play a key role in promoting and coordinating this program.

<i>LOCATION</i>	<i>SCHOOL DISTRICT</i>	<i>STUDENT HEADCOUNT</i>	<i>COMPLETERS (C OR BETTER)</i>
Rawlins	Carbon #1	41	36
Saratoga Encampment	Carbon #2	12	12
Kemmerer	Lincoln #1	6	6

Afton/Cokville	Lincoln #2	14	0
Pinedale	Sublette #1	0	0
Big Piney	Sublette #9	26	19
Evanston	Uinta #1	14	6
Mountain View	Uinta #4	10	9
Lyman	Uinta #6	1	1

Workforce Training for Business and Industry: WWCC partners with local business and industry to provide training that meets their needs. Some training is for college credit and some is for non-credit.

HEADCOUNT IN WORKFORCE TRAINING PROGRAMS

Industry and Business Educational Partnerships

Well-Site Training Facility: This facility, valued at over \$1,500,000, was funded by BP, Encana, Cameron, BASiC Energy, XTO, Shell, Questar, NATCO and Williams. The Well Site Training Facility with a well-head, separator, and dehydrator tank will simulate the working conditions of an operating well site. This is the ONLY fully functioning closed-loop training facility in the U.S.A. The facility will also be used for field simulation training such as Encana for fighting separator or dehydrator fires, Halliburton for SMART school, and multiple companies for safe driving training at a well site. The facility opened in the Fall of 2006 and the closed loop system should be fully operational in the Fall of 2007.

Endowment & Scholarships: The following industries have contributed to the Endowment Fund for scholarships: BP, Western Gas, Rocky Mountain Casing, Williams, ExxonMobile, and Shell. In addition, Encana, BP, Shell, Questar, Chevron, Williams, and Anadarko provided funds for scholarships and internships for Oil and Gas Production Technology students.

Mining Industry: WWCC partners with the Northwest Community College District-Sheridan College to offer Mine Safety and Health (MSHA) Training for employees and

~ Wyoming Community College Commission Partnership Report~

contractors (150 companies) of Solvay Chemicals, FMC, OCI, General Chemical, Bridger Coal, and Black Butte Coal covering training in the WWCC service area.

Compression Technology: WWCC partnered with the Sweetwater County Commission and a number of local industries to submit a grant to the Wyoming Business Council to construct a facility for training on compression technology. The \$1.3 million dollar grant for the facility was approved in the summer of 2005. The new facility was completed in March, 2007, and will open in Fall 2007 with its first group of students. It will allow WWCC to provide training on compressors for the energy and mining industries and to offer a new degree and certificate programs in Compression Technology.

Safety Training: WWCC collaborated with members of the Rocky Mountain Safety Council to develop an industry-wide Contractors Orientation Safety Manual that is used for training program for multiple oil and gas companies in Rock Springs, Green River, Pinedale, Evanston and Rawlins as well as in Riverton through Central Wyoming College and in Casper through the Wyoming Contractors Association. Out of state, it is provided in New Mexico, Utah, and Colorado. In addition, WWCC updated and conducted weekly a 46-hour Energy Services Safety Orientation and 24-hour Energy Worker Safety Training for new hires of Halliburton, BJ Services, Cameron, and a variety of smaller oil and gas companies. All of these courses continue to be offered weekly. Continuing its dedication to industry safety, WWCC also offered National Safety Council (NSC) certified CPR/First-Aid and Forklift training for these and other oil and gas companies, government agencies, mines, and natural gas companies.

Professional Development: WWCC partnered with Sweetwater County School District #2 to offer a professional development in-service, Conversational Spanish for Teachers, and industry training for teachers this year.

Company Testing: WWCC partners with industry for hiring successful candidates. We offer courses for preparation of pre-hire and promotion testing, as well as administer the tests themselves. These content areas include math, welding, writing, reading, and computer skills.

Industries Enrolling Full-Employees as Full-Time Students: WWCC's technical programs are unique in Wyoming because its technical courses are in 5-week blocks a student can take 3 courses day at 9-12, 1-4, and 6-9 PM. This allows employers to send its employees for intense training with the confidence that they are learning new skills for most of the day. We also offer one-day, two-day, week-long, and other short intensive courses. Therefore, the following industries enroll their FT employees in 12 or more credits for a semester or more: OCI, FMC, Church & Dwight, General Chemical, Solvay, PacifiCorps/Bridger Power, and Encana.

Paid Summer Internships: The following companies offer paid internships to our technical students –typically after one year of study. This allows the company to provide valuable experience for students and to determine if this is a person who they will want to hire: BP, Chevron, Encana, Williams, OCI, Questar, Solvay, Bridger Coal, Hanover, Great-Western Auto, Whistler, Freemont Motors, Sweetwater Ford, and Moneyhun Welding.

Allied Health: To meet the employee demands, WWCC partnered with the local hospital, medical offices, convalescent homes, and emergency medical services to offer an American Medical Technologist certified Phlebotomy course with clinical in each setting. WWCC partnered with the local ambulance service to sponsor the Red Desert Trauma conference and certify continuing education medical units for emergency medical professionals who attended the conference. We also offered Pre-Hospital Trauma Life Support classes, Advanced Cardiac Life Support classes, and Electro Cardiogram classes for nurses and doctors in the medical community.

A.D. Nursing Agreements: WWCC has developed memorandums of understanding (MOUs) to educate nursing students for health agencies in Evanston, Rawlins, and Rock Springs: 1) Evanston Regional Hospital, Wyoming State Hospital, the Uinta County School District #1 BOCES, and WWCC agreed to fund a nursing faculty member and eight nursing students who agreed to return to Evanston to practice, 2) the BOCHES in Rawlins is funding a nursing faculty member to partially support the WWCC nursing program there and 5) WYIN funded an additional A.D.N. nursing faculty member in Rawlins and in Rock Springs increasing the capacity of both programs.

Practical Nursing Program: A successful PN program was completed in Evanston and Kemmerer in 2006-7, 13 out of 16 students graduated in July, 2007. This new program was successful because of the support from the legislature, the Commission, WWCC, and local agencies. The legislature provided WYIN funds for a director and faculty; the Uinta #1 BOCES, the South Lincoln Medical Center and the Oyster Ridge BOCES all provided both start-up funds equipment and recurring funds and space to operate the program.

Nursing Clinical Agreements: The WWCC nursing department has clinical agreements with approximately 25 health agencies in southwest Wyoming that allow WWCC's nursing students to receive valuable practical nursing experience.

Agreements with School Districts for Practicums for Elementary Education Majors: The college collaborates with eight school districts each year to provide these real-life teaching experiences for its education majors.

Wyoming Community College Commission and Distance Education: The WCCC provided funds for all colleges to strengthen distance education. These funds support a statewide conference every year. The Commission also uses these funds for grants to the community colleges. WWCC along with 5 other community colleges were given a grant to strengthen the quality of online courses through the use of a national rubric called Quality Matters. During the first year, 2005-06, WWCC trained over 40 faculty through in-person and online training sessions. During year two, WWCC will implement Quality Matters through our distance education department and begin submitting our courses to Quality Matters for approval.

The distance education directors at all of the community colleges targeted the development of a common portal or website for all of the distance courses offered. A two-year grant, the first year will be used to plan the site, gain acceptance from all of the colleges, and work with a consultant.

Smarthinking Tutoring Online: Students and faculty in both face-to-face and online courses found the tutoring help very worthwhile and helped students succeed. In 2006-07, WWCC continued to promote the use of Smarthinking, resulting in 5,045 sessions conducted compared to 3,383 sessions conducted in 2005-06 and 1,052 sessions in 2004-05. Of the seven community colleges, WWCC students continue to be the heaviest users of this service. WWCC's Assessment results indicate that it has measurably improved the success of students, particularly in writing. In addition, during the summer of 2007, WWCC worked closely with Smarthinking personnel, to make Smarthinking part of our single sign-on portal.

University of Wyoming: Three university programs are housed on the Rock Springs campus: School of Extended Studies, Cooperative Extension, and Student Employment Opportunity Center. UW has a compressed video system on campus for distance education courses. Since 2005, WWCC has participated in the INBRIE grant through the UW College of Health Sciences. This grant provides funds for WWCC to provide an introductory course in hands-on research for students.

Weber State University: WWCC and WSU have an articulation to provide the Radiology Technology program. Western provides the general education courses; then, site bound students can complete the radiology degree by traveling to Weber once a month. The two institutions also collaborated to deliver a Paramedic Program to students in Rock Springs.

Articulation Agreements for Online Bachelor Degrees: WWCC has articulation agreements with Franklin University, Regis University, and Upper Iowa University to provide opportunities to complete a bachelors degree online.

Franklin University: WWCC and Franklin University signed an MOU to provide WWCC students an opportunity to complete a bachelor of science degree online by combining WWCC course work with a minimum of 40 credits of course work provided by Franklin University. In 2006-07, three students graduated with Bachelors degrees.

Regis University: The articulation agreement allows students to pursue degrees in Elementary Education, Secondary Education, Business Administration, Computer Science, Computer Information Systems, Computer Networking, Marketing, and Public Administration. Regis only accepts students with three years of work experience into its online programs.

Upper Iowa University: WWCC and Upper Iowa University signed an articulation agreement to provide the opportunity for students to complete the following bachelors degrees online: Accounting, Business Administration, Criminal Justice, Human Resource Management, Human Services, Public Administration, Psychology, Social Science, and Management/Marketing/Finance.

Transfer Articulation Agreements: WWCC has articulation agreements with 11 regional colleges and universities: Colorado State University, University of Northern Colorado, Idaho State University, Montana Tech, Chadron State, Brigham Young University, University of Utah, Utah State University, Weber State University, Weber

State University, South Dakota School of Mines and Technology, and University of Wyoming. These agreements ease the transfer of students moving on from WWCC to a four-year institution.

WYLD Network Consortium: The network provides a shared online catalog to all of the libraries' collections and serves as a gateway to the evolving global information community. As a member of the consortium, WWCC has a governance contract with the Wyoming State Library.

WWCC benefits from the subscription databases paid for by the State Library and partners with the other community colleges to receive discounted prices on additional subscription databases as well.

Library Funding Amendment: The additional funds provided by the Wyoming Legislature have significantly broadened the educational resources available to WWCC students both on campus and off. Students in academic, workforce training and distance education areas have benefitted from the new resources made available by the Amendment. Many of the electronic resources have been purchased in cooperation with the other six community college libraries, the University of Wyoming Libraries or the public libraries in the state. The Library Funding Amendment monies have provided an equalitarian approach to information sources to students of higher education in the State of Wyoming.

STUDENT SERVICES PARTNERSHIPS

ACCOMODATIVE SERVICES, REFERRAL & SUPPORT

Department of Workforce Services Division of Vocational Rehabilitation: Provides for referral of students from DVR offices throughout the service area, information exchange on student needs and progress. DVR provides tuition assistance and accommodative devices for students. Served 68 students in Fall 2006 and 53 in Spring 2007 with DVR contracts.

Department of Family Services: Joint programming and services for students and families. Support for childcare and other special needs.

YWCA of Sweetwater County: Joint referral and programs on domestic violence and sexual assault. Volunteer opportunities for students as advocates and Big Brothers and Sisters. Infant care for students (sliding scale charges). Summer Day Camp held on-campus.

Southwest Counseling and Family Dynamics Counseling: Referral of students for long-term and serious counseling. Provides sliding scale charges, consultation and special access for college students. Share the services of a nurse practitioner

Family Planning: Provides programming and referral services for college students.

Public Health Services: Provides vaccinations for students and advice on issues of public health. Does programming for the college.

Recording for the Blind and Dyslectic: Collaborative effort to make resources available to students with disabilities.

Sweetwater, Unita, Carbon, Lincoln and Sublette Co School Districts: Partnerships related to helping students become college ready through the Gear-Up and other college preparation programs. Served 420 students in FY07 Sharing of facilities, staff, and equipment between Sweetwater 1 & 2 and WWCC.

EMPLOYMENT

Workforce Investment Act Program: Joint effort to provide referral to students who want to train for viable employment. Provides financial assistance to students.

Employment Center: Joint efforts to provide information and assistance with college attendance. A college employee works several hours a week in their downtown office facilitating communication and service to students.

Local employers: Numerous employers have arrangements with the college that provides payment for tuition for employees. Arrangements include billing companies directly, structuring course sections to meet their needs, and simplifying the registration for students. Companies who used these arrangements during FY07 included local oil and gas companies, trona firms, and local small businesses.

Career Fair employers---draws about 40 employers from industries throughout Southwestern Wyoming.

STUDENT ACTIVITIES/COMMUNITY SERVICES

Sweetwater School Districts 1 & 2: Joint agreements for reciprocal use of facilities at no charge for athletic events, cultural events, dances, and other activities.

Recreation Centers in Rock Springs and Green River: Collaborative efforts to use facilities for classes, athletic practice and other events. Coordination of scheduling to avoid conflicts.

Rocky Mountain Sports Medicine and Rehabilitation, Peak Performance Sport Medicine and Rehabilitation, and Physical Therapy Department, Memorial Hospital of Sweetwater County: Contracts for physical therapy in the swimming pool.

FINANCIAL ASSISTANCE

Wyoming Student Learning Corp: Guarantor for student loans. Co-sponsor of numerous events and publications.

Local Banks: Banks such as Wells Fargo, Rock Springs National, and Rocky Mt. Bank, provide free checking for students and come to campus annually to sign students up for banking services. Local credit union provides an ATM on-campus.

Western Wyoming College Foundation: Provides scholarships and other opportunities for students.

Verizon Wireless. Discounts for student cell phone service.

HEALTH AND SAFETY

Local Doctors Offices: Special relationships and arrangements for students to get in to see doctors and for medical clinics to provide support and programming.

Rock Springs Police Department: Partnerships for programming, patrols and ticketing on-campus.

Gem City Bone and Joint: Partnership that provides for athletic training and the availability of a M.D. who specializes in athletics to provide medical advice.

LOCAL BUSINESS/ORGANIZATIONS

Discounts at Retail Stores: Retail outlets such as K-Mart and Wal-Mart partner to provide student discounts.

Coca-Cola: Arrangement to provide majority coverage of beverages on-campus in exchange for dollars to support athletic programs and scholarships.

Senior Centers: Relationships to offer classes on-site, give discounts to seniors and provide volunteer opportunities for students.

LDS Institute: Joint programming and cooperation for students who are LDS as well as for the general student populations and the campus as a whole. Cooperation in recruitment efforts.

WYOMING COMMUNITY COLLEGE COMMISSION

There are two primary roles of the commission stated in statute: advocacy and coordination. In a number of instances, the commission's coordinating role involves significant cooperation with one or more other agencies or institutions. While the principal focus of this report is on college partnerships, some of the commission's partnerships will also be cited.

Statewide Partnerships: The commission provides leadership for regular meetings of the college presidents, academic deans, student services deans, business deans, institutional researchers, information technology members and the Wyoming Distance Education Consortium (WyDEC).

University of Wyoming: Cooperation with the University of Wyoming continues to be an important example of higher education cooperation. Common course numbering, transfer agreements and regular inter-institutional meetings characterize this productive partnership.

There are formal meetings held annually that engage key college and university administrators. The university and commission are members of the Wyoming Education Planning and Coordination Council (WEPC) as broad public education issues and policies are discussed.

Wyoming Department of Education: A functioning relationship between the commission and the Wyoming Department of Education (WDE) helps Wyoming in important educational areas that affect the citizens of Wyoming. For example, WDE has been involved with the commission and the colleges in discussions regarding statewide coordination in the offering of distance education programming.

Wyoming Investment in Nursing (WyIN) Program: The WyIN Program has required significant partnering with the university, the colleges and the Western States Learning Corporation (WSLC) to implement the nursing loan and faculty loan program.

Wyoming Workforce Alliance: The Wyoming Workforce Alliance involves the commission; Department of Workforce Services and the Wyoming Business Council for the purposes of monthly conversations focused on ensuring workforce-training efforts are coordinated with the seven colleges.

Regional and National Organizations: The commission collaborates with the State Higher Education Executive Officers Organization (SHEEO) in developing research data that we use at the commission. We have a similar relationship with the Western Interstate Commission for Higher Education (WICHE). Other relationships exist with the American Association of Community Colleges, the Association of Community College Trustees, the National Center for Higher Education Management Systems, and the Higher Learning Commission of the North Central Association of Colleges and Schools.
