12 - CURRENT EDUCATIONAL PUBLICATIONS.	
1291. Smith, Mrs. Lillian E. Minimal essentials in composition and grammar for the elementary schools, grades 1-8. Inter-mountain educator, 15: 387-405, May 1920.	
Report made to the Inland empire council of teachers of English, April 1920.	
-1292. Snyder, Franklyn B. "English A" once more. English journal. 9: 261-65, May 1920.	
Discusses a remedy for poor results obtained in college in required composition. There should be a larger amount of expository writing in the fourth year of the high school, with criticisms of compositions by teachers.	
1293. Ward, Cornelia Garhart. Unified subject-matter for composition. Erglish journal, 9: 318-30, June 1920.	
A course on French life, correlating English with the course in French, by using material from French books read, or material supplementary to them, thus broadening the knowledge of the pupil and adding him in the expression of knowledge guined.	
MODERN LANGUAGES.	•
1294. Atkins, Henry Gibson, and Hutton, H. L. The teaching of modern foreign languages in school and university. London, Edward Arnold; New York, Longmans, Green and co., 1920. 246p. 12°.	
teaching, but devotes particular attention to its general position at the present day, and what appears to be the main feadencies and the desirable policy for the future. Discusses questions of organization and administration. Written not only for teachers, but also for all those inter- ested in the welfare of modern language teaching.	
1295. Goché, Paul. La méthode scolaire rationnelle dans l'enseignement des langues vivantes. Revue universitaire, 29: 113-26. July 1920.	
taires d aprè-suerre. The article takes up the topics of the direct method, the general and spre-suerre. The article takes up the topics of the direct method, the general and languages.	
 1296. Graham, G. Nelson. Transfer of training in the study of Spanish. Ohio educational monthly, 69: 181-85, June 1920. First discusses Spanish as a disciplinary subject and then shows how Spañish transfers to many school subjects and how they transfer to Spanish. 	
1297. Modern language association of America. Report of the Committee on Romance language instruction and the war. In its Publications, n. s. vol. 28, no. 2, June 1920. p. xliv-lxii.	
Members of committee: E. H. Wilkins, chairman; C. A. Downer, C. H. Grandgent, J. Lus- trat. B. E. Young.	
1298. Mohr, Wilhelmina. An experiment in correspondence. Modern language journal, 4: 387-06, May 1920.	•
The gratifying results of the correspondence work carried on between students in France, and the students of the Manual training high school of Penver, Colorado.	
1299. Schoele, Franck L. La maison française de l'Université de Chicago., Revue universitaire, 29: 138-41, July 1920.	
Columbia university, the University of Wisconsin, and the University of Chicago each now has a "French house" for students of the French language. This article describes the house at the last-named institution.	
1300. Schweikert, H. C. The study of Russian. School and society, 11: 638-43, May 29, 1920.	<i>ت</i> ى
In favor of introducing Russian as a living language into our college curricula.	
1301. Waxman, Samuel T. Fulminations of a college professor, with special reference to Spanish. Modern language journal, 4: 397-406, May 1920. Paper read before the Modern language section of the New Hampshire state teachers' asso- clation.	
ANCIENT CLASSICS.	
1302. Fletcher, W. H. The translation method of teaching Latin. Journal of	
"At account of a method of teaching tailin which is based on the same procedure as that amployed in teaching first ande pupils to read English." The omphasis is placed on the recog- ation at words in their relations are used to express faces. Reading, dialog, and dramatization are accessed, and only such grammatical constructions are noted as are essential to the compre- hemsion of the meaning."	-

13

1303. Lodge, Gonzalez, Dramatic interpretation in the teaching of the classics. Teachers college record, 21: 217-37, May 1920.

An address delivered at a meeting of the Classical association of the Atlantic States, Balti-more, April 30, 1920. The use of the dramatic form as an aid in teaching Latin.

1304. Osler, Sie William. The old humanities and the new science; an address before the Classical association, Oxford, May 16th, 1919. London, J. Murray, 1919. 32p. 8°.

Also published in the United States, with an Introduction by Harvey Cushing, M. D., by the Houghton Millin company, Boston. 1920. This ist public address of Dr. Oslor is a plea made by him as president of the Classical asso-ciation of Great Britain for a new bridal of science and the classics. The address is a crowning instance of the way in which, in the speaker's mind, the practical service of science is beautified by the liberal and Imperishable spirit of classical thought.

SOCIAL SUBJECTS.

1305. Finney, Ross L. Course in general history from the sociologists' standpoint. Historical outlook, 11: 221*27, June 1920.

1306. Hearnshaw, F. J. C. The study of world history. Contemporary review, 118: 57-64, July 1920. Discusses the function of history in education.

.....

2

1307. Price, G. V. The sociological basis of education. Education, 40: 591-600, June 1920.

Says that the universities are the strategic points in the campaign of social education. More time should be given to sociology and the social sciences.

MATHEMATICS.

1308. Lynde, L. E. Some helps and hindrances in teaching mathematics in the secondary schools. Mathematics teacher, 12: 139-53, June 1920. Says that the aim in teaching mathematics should be to develop the mathematical sense of the student. The grt of computation is then merely this sense applied.

1309. Sampson, Charles H. Teaching practical mathematics efficiently. Mathematics teacher, 12: 167-71, June 1920.

1310. Wheelock, Charles F. Proposed syllabus in algebra. Mathematics teacher, 12: 101-14, March 1920.

With a few exceptions, a reprint of the tentative syllabus issued in February 1919.

	This study of the preparation of trachers for the public schools originated in an official request mode to the Carner's foundation by the governor of Missouri in July 1914, for an examination of the agencies for the training of trachers in the State. A study of these agencies led to an at- tempt to evaluate the processited by which the dense are prepared, and to an effort to formulate instruction by principles of procedure. This report deals only with the Missouri normal schools, and includes a somewhat technical discussion of the fundamental considerations that enter into the organization and conduct of teacher-training courses.

1516. Nelles, Fred C. The twenty-four hour school. Journal of delinquency, 5:117-27, July 1920. Prnyisions for a 24-hour school in California.

٦

1517. Pearson, P. H. German schools for gifted pupils. School life, 5: 5-6, August 1, 1920.

The discovery and the development of exceptional ability among school pupils is one of the means by which the Germans are now seeking to rehabilitate their country, and to replace the intellectual men who have lost their lives.

1518. The twenty-four hour school. Survey, 44: 617-18, August 16, 1920. Describes the efforts to turn the industrial school for delinquents, at Whittier, Calif. into "a new type of training station located at the crossways between the home and the court."

1519. Wallin, J. E. W. The concept of the feeble-minded, especially the moron. Training school bulletin, 17: 41-54, May 1920. Derivered, in substance, before Section II, of the American association for the advancement

EDUCATION EXTENSION,

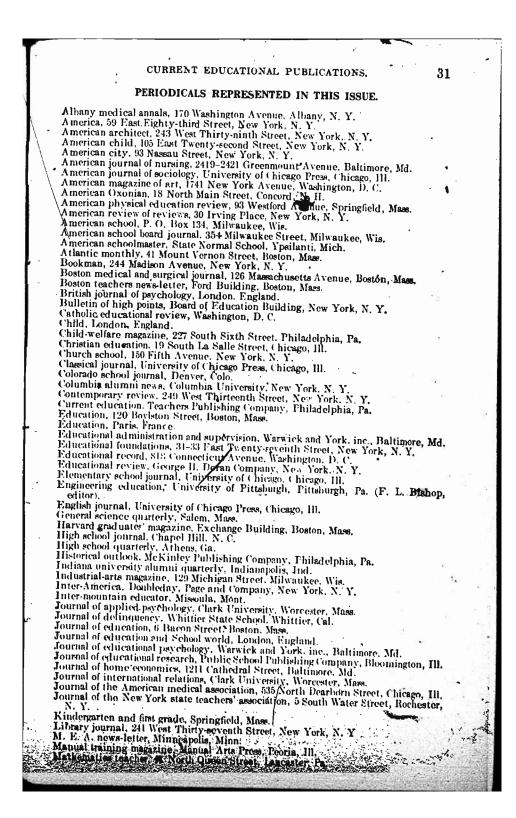

- 1520. Bennett, Charles A. The Boston continuation school. Manual training magazine, 21: 329-33, June 1920.
- 1521. Bernard, L. L. Education by correspondence. School and society, 12: 31-38. July 10, 1920.

Riveaks of the difficulties that have to be bycercome in correspondence study. Summing up, the writer says "Correspondence study is at best but a makeshift, a subsitiute for class instruc-tion; but it is a necessary substitute for many people and its value to the individual and the community in such cases undoubtedly justifies it. Its greatest present need is further stand-ardination in procedure and administration."
