Table of Contents

Report Summary

The North Dakota University System *2017-2018 Annual Enrollment Report* is an effort to report system wide, duplicated and unduplicated student headcount by combining degree credit and non-degree credit enrollments across the eleven NDUS institutions for an entire academic year. Additionally, non-credit enrollments provided through TrainND, a legislatively established organization powered by the five state community colleges whose purpose is to provide customized employee training to North Dakota business and industry, are provided in Appendix 1. The academic year reported in this document is Summer 2017, Fall 2017 and Spring 2018 semesters.

The three credit types reported in this report are defined as follows:

- **Degree Credit** - all coursework and instructional activities that carry credit that can be applied toward college degree, or credit based remedial courses taken by a degree seeking student as reported to the Integrated Postsecondary Education Data System (IPEDS).
- **Non-Degree Credit** – all coursework that carries college credit, but does not count toward a college degree; this includes continuing education coursework.
- **Non-Credit** – coursework that does not carry academic credit; noncredit courses do not count toward college degree.

In addition to credit types, this report also presents course enrollments by delivery method. Those methods include both on campus and distance education delivery as shown in the hierarchy below. Not shown in this diagram are Combination (combo) classes, which are distance education courses that utilize a mix of delivery methods, with less than 50% coming from any one delivery type.
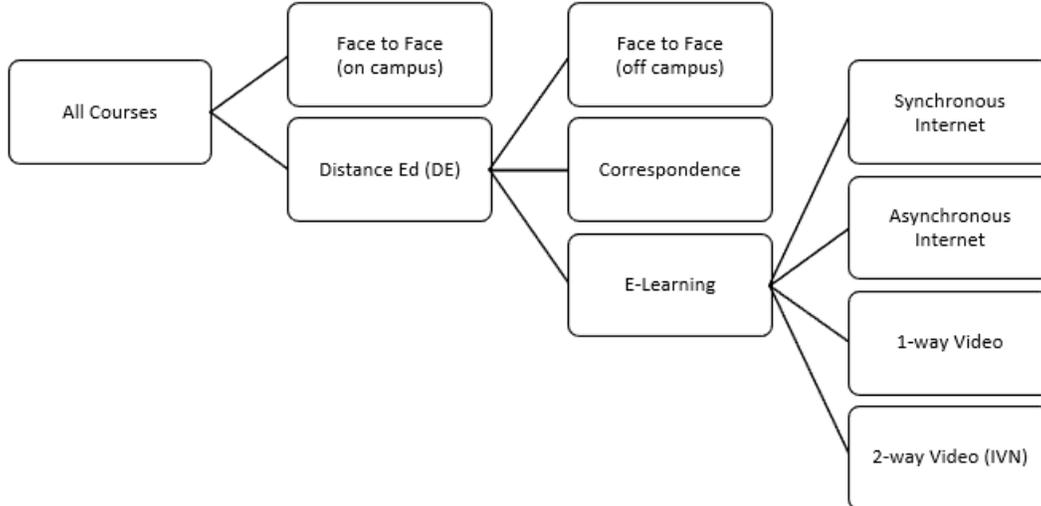

Table 1 (pg 4) provides the summative data for annual enrollment. Campus Solutions reporting has allowed identification of 57,631 unduplicated student enrollments across the eleven system institutions. Included in this number are 7,981 first time freshmen 4,909 new transfer students, and 2,045 new post-baccalaureate (graduate) students, which are summarized in Tables 7, 8, and 9.

Non-credit coursework reported by TrainND for 2017-2018 accounts for 701 participating businesses with an unduplicated headcount of 8,205 employees trained.

TABLE 1

North Dakota University System
Annual Enrollment Summary
Academic Year 2017-2018

Institution	Degree Credit Headcount	Non Degree Credit Headcount		Total
BSC	4,891	632		5,523
DCB	1,203	379		1,582
LRSC	3,010	249		3,259
NDSCS	3,628	702		4,330
WSC	1,525	248		1,773
Community College Total	14,257	2,210		16,467
DSU	1,733	139		1,872
MaSU	1,572	84		1,656
MiSU	3,883	151		4,034
VCSU	1,869	46		1,915
Regional University Total	9,057	420		9,477
NDSU	15,622	445		16,067
UND	18,333	259		18,592
Research University Total	33,955	704		34,659

NDUS Duplicated Total	57,269	3,334	60,603

NDUS Students taking courses on more than one campus	2,909	63	2,972

NDUS unduplicated Total	54,360	3,271	57,631

Data Definitions:

NDUS unduplicated Total – a NDUS system wide total calculated by using EMPLID (student identification number) to eliminate duplicates across institutions as well as degree credit and degree noncredit.

Degree Credit – all instructional activities that can be applied toward college degree or credit based remedial courses taken by a degree seeking student as reported to IPEDS.

Duplicated – an enrollment count in which an individual student may be counted more than once due to enrollment in more than one delivery method or on more than one campus.

Non Degree Credit – coursework that carries college credit, but does not count toward a college degree; includes continuing education coursework.

Unduplicated – an enrollment count in which an individual student is counted only once, regardless of enrollment in multiple delivery methods or at more than one campus.

NDUS Unduplicated Total	8,137	265	31,649	37,096	37,375	54,360

Data Definitions:

Correspondence – an independent study course in which all communications between student and instructor are accomplished through mail, email, or fax.

Degree Credit – all instructional activities that can be applied toward college degree or credit based remedial courses taken by a degree seeking student as reported to IPEDS.

Distance Education (DE) – coursework in which students are not located in a traditional face to face classroom on their home institution.

E-Learning – includes internet and IVN courses.

Face to Face Off Campus – classroom environment where the instructor and students are physically located in the same place in an off campus location.

Data Definitions:
Full Time – undergraduate students who are enrolled in 12 or more credit hours during fall or spring semester; graduate students who are enrolled in 9 or more credit hours during fall or spring semester; or law and pharmacy students enrolled in 9 or more credits fall or spring semester.
Part Time – all students enrolled in courses for credit but less than full time.
Full Time Equivalencies (FTE) – on a semester basis undergraduate total credit hours divided by 15; graduate total credit hours divided by 12. Full-time equivalency on an annual basis means undergraduate total credit hours divided by 30; graduate total credit hours divided by 24. Every professional student is counted as one FTE student.
