# Introduction

The New York State Education Department (NYSED) has a partnership with Questar Assessment Inc. (Questar) for the development of the 2019 Grades 3–8 English Language Arts Tests. Teachers from across the State work with NYSED in a variety of activities to ensure the validity and reliability of the New York State Testing Program (NYSTP).

The 2019 Grades 3–5 English Language Arts Tests are administered in two sessions on two consecutive school days. Students are asked to demonstrate their knowledge and skills in the areas of reading and writing. Students will have as much time as they need each day to answer the questions in the test sessions within the confines of the regular school day.

For all three grades, each test consists of multiple-choice and short-response (2-credit) questions and an extended-response (4-credit) question.

Each multiple-choice question is followed by four choices, one of which is the correct answer. Students select their responses in the Nextera™ Test Delivery System. The short- and extended-response questions require students to type (rather than select) appropriate responses in the Nextera™ Test Delivery System.

By following the guidelines in this document, you help ensure that the tests are valid, reliable, and equitable for all students. A series of instructions helps you follow the steps necessary for administering the computer-based tests within the test schedule.

## IMPORTANT DATES

Test Dates	April 1–8, 2019*
Make-up Dates	April 4–11, 2019

\*Each district, charter, religious, or independent school will choose two consecutive school days for the primary test administration for each grade of the test within this testing window.

No one, *under any circumstances*, including the student, may alter the student’s responses on the test once the student has handed in their test materials. Teachers and administrators who engage in inappropriate conduct with respect to administering and scoring State assessments may be subject to disciplinary actions in accordance with Sections 3020 and 3020-a of Education Law or to action against their certification pursuant to Part 83 of the Regulations of the Commissioner of Education.

## STEP ONE

# Check Your Test Materials

To administer these tests, you will need the materials listed below. If any materials are missing, notify your school principal.

### For the teacher

- *Teacher's Directions*
- Student login tickets (See page 15 for step-by-step instructions on how to print student login tickets.)
- "Do Not Disturb" sign (not provided)
- Device with Internet access to monitor testing
- Session Access Code (See page 18 for instructions on where to find the Session Access Code.)
- Proctor PIN (provided by School Test Coordinator)

### For each student

- Student testing device prepared according to the Nextera™ *Setup and Installation Guide*.
- One sheet of lined ruled paper, such as loose leaf paper, to use as scratch paper. In addition, for all test sessions, the proctor should have on hand a further supply of scratch paper to provide to students who request additional sheets during the test session. **Note:** Scratch paper is considered secure material and must be collected and securely destroyed after testing.
- No. 2 pencils (not provided)

### Security

The New York State Testing Program (NYSTP) includes secure materials. School personnel responsible for testing must ensure a secure environment at all times. No section of the tests may be discussed with the students before, during, or after administration. You may, however, describe the format of the tests and the testing schedule to the students.

At no time may the contents of the test be reviewed, discussed, or shared through any electronic means.

### Unauthorized Materials

Students should be under close supervision at all times during the administration of the tests and may not use any unauthorized notes, printed materials, tools, or personal electronic devices that might give them an unfair advantage on the tests. When students enter the testing room, proctors must ensure that students do not bring any unauthorized materials such as those listed above.

**All students are prohibited from bringing personal electronic devices, other than the device on which they are taking the test, into a classroom or other location where a State test is being administered. Test proctors and school officials shall retain the right to collect and hold any prohibited electronic devices, other than the device on which they are taking the test, prior to the start of the test administration.**

Any student observed with any prohibited device while taking a State test must be directed to turn it over to the proctor or monitor immediately. To allow for all possible outcomes of procedural due process, the student should be allowed to complete the test. The incident must be reported promptly to the school principal. If the student had a prohibited device in their possession during the test administration, the student's test must be invalidated. No score may be calculated for that student.

The incident must be promptly reported by the principal, in writing, to the Office of State Assessment (OSA) by fax at 518-474-1989 or by [e-mail](mailto:emscassessinfo@nysed.gov) (emscassessinfo@nysed.gov), as is the case for all student-related testing irregularities, misadministrations, or other violations of State testing policy and procedures.

**Note:** Some students with disabilities may use certain recording/playback devices only if this accommodation is specifically required as a provision of the student's Individualized Education Program (IEP) or Section 504 Accommodation Plan (504 Plan). In addition, a student may be allowed to retain an otherwise prohibited device in their possession if there is documentation on file at the school from a medical practitioner that the student requires such a device during testing. Without this documentation, the general policy on communications devices as provided above is in effect, and the school may not allow the student to retain any such equipment while testing.

## **Aid to Students**

Teachers may give students assistance only in the mechanics of taking the test, such as understanding access and navigation of the Nextera™ Test Delivery System, or that their responses must be entered into the Nextera™ Test Delivery System. No one, under any circumstances, may interpret or explain test questions to students, nor may anyone review or comment to a student about the correctness or sufficiency of the student's response while the test is in progress. In response to inquiries by students concerning the meaning or interpretation of test questions, proctors should advise students to use their own best judgment.

## **Temporary Absence from Testing Room**

No student may be permitted to leave and then return to the testing room during the session of the test unless the student is accompanied by a proctor for the duration of their absence from the testing room. Information on "Pausing and Reactivating a Paused Test," should it be necessary, can be found in **Appendix C** of these directions.

## **Emergency Evacuation of a School Building**

Evacuation of a school building during a test may be required because of an emergency such as a fire alarm or bomb threat. In any situation in which the safety of the students is endangered, the principal has full authority to interrupt the test immediately. If it is possible, the students should be kept under supervision during the emergency. Then, when work can be resumed safely, allow the students the necessary time to complete the test. Following the test, a written report of the circumstances should be sent by mail or fax to OSA. (See the section "Reporting Irregularities and/or Misadministrations" in the *School Administrator's Manual*.)

## Student Cheating

Do not permit students to obtain information from or give information to other students in any way during the tests. If you suspect that such an attempt has occurred, warn the students that any further attempts will result in the termination of their test. If necessary, move the students to another location. If these steps fail to end attempts to obtain or give information, notify the principal immediately and terminate the students' tests. At the conclusion of the test session, all suspected cheating must be reported to the principal.

## Illness

If a student becomes ill during a session of the test, the student should be excused until the student is well enough to continue. When the student is well enough to complete the test (as long as the testing or make-up period has not ended), the student may be given the remaining part of the test. Other unadministered sessions of the test should also be administered according to these directions as long as the testing or make-up period has not ended. When a student is taking a partially completed session of the test, that student must be closely supervised so that they do not go back to previously completed questions on the test. (See **Appendix C** for guidance on how to reactivate a paused test.)

## Proctoring

Proctors must circulate periodically around the room during the administration of the tests to ensure that students are working independently and recording their responses to test questions in the proper manner and in the proper place. While circulating around the room, proctors should support students in the mechanics of taking the tests and ensure a secure environment is maintained. Proctors should review the **Review Screen** with the student to ensure the student has answered all of the questions before the student selects **Submit test**. Proctors may not comment to the student on the correctness or sufficiency of any answer. Proctors should not use their own personal communication devices during the test, unless an emergency situation arises.

**Note:** The proctor need not be concerned if a student submits the test without having first shown the Review Screen to the proctor.

## Misadministration

Notify your principal immediately if any session of the test is administered improperly. Examples of misadministration include the following: permitting students to have unauthorized tools and engaging in other types of nonstandard test administration (for example, cheating). (See the section "Reporting Irregularities and/or Misadministrations" in the *School Administrator's Manual*.)

**STEP TWO**

## Plan Your Testing Schedule

- The test sessions must be administered in order, on consecutive days. See page 1 for testing and make-up dates.
- Schedule testing to allow sufficient time for instructions and preparations. Plan to read instructions to students at a moderate, steady pace.
- **Read the *2019 English Language Arts Computer-Based Tests Teacher's Directions* in its entirety prior to administering the test.**
- Plan to have school technical support available during testing, including contact information if staff is not available to be in the testing room.
- Avoid testing just after students have had strenuous physical activity.

### Test Format and Schedule

The 2019 Grades 3–5 Computer-Based English Language Arts Tests each consist of two sessions: Session 1 and Session 2, administered on two consecutive school days. Session 1 contains multiple-choice questions; Session 2 contains short-response questions and an extended-response question. Each multiple-choice question is followed by four choices, one of which is the correct answer. Students select their responses in the Nextera™ Test Delivery System. The short- and extended-response questions require students to type (rather than select) appropriate responses in the Nextera™ Test Delivery System.

In Spring 2012, in order to have the data obtained from field test questions better reflect students' level of effort, New York State began embedding multiple-choice questions for field testing within the operational tests. For 2019, the embedded questions will occur in Session 1. This means that field test questions will be interspersed with operational test questions in this session. The field test questions will not count toward the student's final score, but will be used to collect valuable information on how well the questions perform and for possible inclusion on future operational tests. Students will not know whether a question is a field test question that does not count toward their score or an operational test question that does count toward their score.

Students who finish the test before other students may check their work. When a student is ready, the test must be submitted by the student in the Nextera™ Test Delivery System. After a student's test responses are submitted, that student may be permitted to read silently. This privilege is granted at the discretion of each school. No talking and no other schoolwork is permitted. Once all students complete and submit the test, you may end the session.

For the Spring 2019 tests, there are no time limits. On average, students in Grades 3 and 4 will likely need approximately 60–70 minutes of working time to complete Session 1 and 70–80 minutes of working time to complete Session 2. For Grade 5, most students will need approximately 80–90 minutes of working time to complete Session 1 and 90–100 minutes of working time to complete Session 2. Some students will take more or less time. Please plan accordingly to allow students to complete the test at their own pace. All students who are productively working should be allowed to complete the test within the confines of the regular school day regardless of the time approximations listed above. These approximations are an estimate that can be used for planning purposes only.

The following charts provide information about the format of the tests.

### 2019 Grade 3 English Language Arts Test

Day 1, Session 1	▪ Reading: 24 multiple-choice questions
Day 2, Session 2	▪ Writing: 6 short-response questions and 1 extended-response question

### 2019 Grade 4 English Language Arts Test

Day 1, Session 1	▪ Reading: 24 multiple-choice questions
Day 2, Session 2	▪ Writing: 6 short-response questions and 1 extended-response question

### 2019 Grade 5 English Language Arts Test

Day 1, Session 1	▪ Reading: 35 multiple-choice questions
Day 2, Session 2	▪ Writing: 6 short-response questions and 1 extended-response question

## Testing Accommodations for Students with IEPs and 504 Plans

In general, students with disabilities must be provided with the testing accommodations specified in their IEPs or 504 Plans when taking these tests. However, testing accommodations that change the constructs, or what a test is measuring, are not permitted on elementary- and intermediate-level State tests. In administering the 2019 Grades 3–8 English Language Arts Computer-Based Tests to students with disabilities, schools should follow the guidelines on testing accommodations provided in the *School Administrator's Manual*.

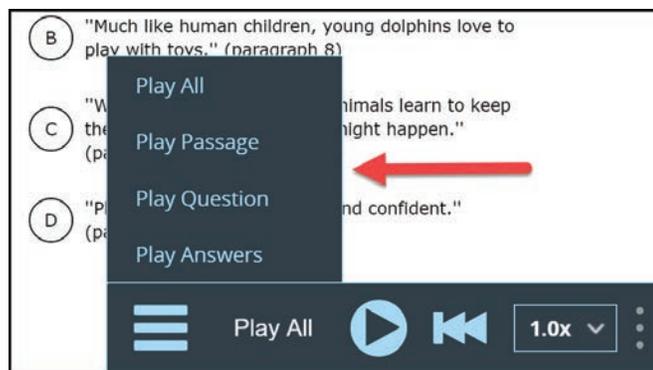

### Test Read

Both sessions of the test may be read to students whose IEPs or 504 Plans include this accommodation. More detailed information about this accommodation can be found on the [Office of Special Education Department's web site](http://www.p12.nysed.gov/specialed/publications/documents/changes-in-allowable-testing-accommodations-grade-3-8-ela.pdf) (<http://www.p12.nysed.gov/specialed/publications/documents/changes-in-allowable-testing-accommodations-grade-3-8-ela.pdf>). A human reader or the online text-to-speech accommodation may be used for these students testing on the computer.

**Read Aloud (by human):** For the 2019 Grades 3–8 English Language Arts Tests, the Read Aloud (by human) accommodation is available for students testing on computers. The Read Aloud (by human) accommodation indicates that all student directions, passages, questions, and multiple-choice answer choices will be read aloud by the teacher, except where otherwise indicated within the student's IEP or Section 504 Plan.

**Text-to-Speech (TTS):** For the 2019 Grades 3–8 English Language Arts Tests, the text-to-speech (TTS) accommodation is available for students. The TTS accommodation will read all student directions, passages, and questions. Students who have been identified as having the accommodation of TTS will see a toolbar when they have logged into the test. The following options are available to them:

1. Play All
2. Play Passage
3. Play Question
4. Play Answers

Additionally, if a student wants to hear only a portion of the passage, question, or answer options, the student can place the cursor where they want the TTS to begin, right click, and select "Play From Here."

## Scoring Student Writing

Students may **not** have requirements for use of complete sentences—including correct grammar, capitalization, and punctuation—waived for **any** constructed-response question on the 2019 Grades 3–8 English Language Arts Tests.

**Note:** Use of a spell checking device is permissible for those students whose IEP or 504 plan so specifies.

## Use of Scribes

The use of scribes is an allowable accommodations for the 2019 Grades 3–8 English Language Arts Tests. More detailed information about the procedures to follow for the use of scribes may be found in the *School Administrator's Manual*.

## More Information on Testing Accommodations for Students with IEPs and 504 Plans

More detailed information on testing accommodations for students with disabilities can be found on the Office of Special Education Department's web site (<http://www.p12.nysed.gov/specialed/publications/>).

## Testing Accommodations for English Language Learners/Multilingual Learners

Information on accommodations for English Language Learners/Multilingual Learners can be found in the *School Administrator's Manual*. Note that testing accommodations may be provided to former English Language Learners/Multilingual Learners who were identified as English language proficient based on their scores on one of the two most recent administrations of the New York State English as a Second Language Achievement Test (NYSESLAT), either Spring 2017 or Spring 2018.

## Computer-Based Testing Accommodations

The Nextera™ Test Delivery System includes the following computer-based testing accommodations:

- Answer Masking Tool
- Reverse Contrast
- Initial Page Zoom
- Text-to-Speech (online only)
- Background Color
- Read Aloud (by human)

 <b>Answer Masking Tool</b> This tool hides answers that the students select, allowing the students to focus on just the answers they want. Clicking on answer choices reveals them to the students.	 <b>Text-to-Speech (online only)</b> This feature reads the question and, for certain types of questions, the available answers using a device's speaker (headphones are recommended).
 <b>Reverse Contrast</b> When this setting is turned on, all text is white on black background. <i>It can't be used with Background Color.</i>	 <b>Background Color</b> This setting changes the color of the background and text based on the selection made. <i>It can't be used with Reverse Contrast.</i>
 <b>Initial Page Zoom</b> This adjusts the default zoom level of the testing area. It can be adjusted during the test at any time.	 <b>Read Aloud (by human)</b> This indicates that the student will take the test online, but that all or part of the question and answers will be read aloud by the teacher. <i>This may not be used with any print variations or offline testing accommodations.</i>

Use of any of these accommodations must be consistent with the student's IEP or 504 plan. These options need to be identified and coded in the Nextera™ administration platform (Nextera™ Admin) prior to testing.

Please work with your School Test Coordinator to verify the computer-based testing accommodations are selected for the applicable students in Nextera™ Admin before testing begins.

## Classroom Accommodations

Accommodations provided to students outside of the Nextera™ Test Delivery System, such as flexibility in scheduling or flexibility in setting, must be consistent with the student’s IEP or 504 plan. These options need to be identified and coded in Nextera™ Admin before testing begins.

Please work with your School Test Coordinator to verify classroom accommodations are selected for the applicable students in Nextera™ Admin before testing begins.

## General Features and Tools of the Nextera™ Test Delivery System

All students testing on computer have access to general tools and features that are available through the Nextera™ Test Delivery System and can help to enhance their test-taking experience. Some features can help the student make adjustments to the test-taking environment, such as the zoom tool, which helps students to enlarge or minimize text. Other tools help to enhance their test-taking strategies, such as highlighters and answer eliminators. As with the paper-based tests, certain tools for students who are testing in Math are only available for specific grades and test sessions (e.g., calculators, rulers, and more). Please refer to **Appendix F: General Features and Tools of the Nextera™ Test Delivery System** for additional information on the testing tools available to students for computer-based testing.

**STEP THREE**

## Prepare Your Testing Room

- Plan for the distribution and collection of materials.
- Provide a well-lit, well-ventilated, and quiet testing room.
- Each student will need their own device that has been configured for testing. Please work with your School IT Coordinator to verify the devices are ready for testing. The *Nextera™ Setup and Installation Guide* has detailed instructions for setting up devices for testing.
- Plan seating arrangements. Allow enough space between students to prevent sharing of answers. To help prevent communication between students during testing, make sure that each student is clearly visible to the proctor at all times. Students must not be permitted to speak to one another while the tests are being administered. For additional suggestions for arranging a secure testing environment for computer-based testing, see **Appendix B**.
- A seating chart is recommended in the event that the Internet fails and a student needs to go back to a certain device to submit their test at a later time.
- Eliminate distractions such as bells or telephones.
- Completely cover—or remove from the walls—all charts and blank or completed graphic organizers and all board work pertinent to English Language Arts. This includes any such materials that pertain to the New York State computer-based testing system tools.
- Place a “Do Not Disturb” sign on the door of the testing room.
- Make sure students’ work spaces are cleared of all unauthorized materials.

## **STEP FOUR** Prepare Your Students

- Help students approach the testing in a relaxed, positive way.
- Explain that the purpose of taking these tests is to find out which concepts have been mastered and which need further development.
- Point out that some questions may be more difficult than others and that, for constructed-response questions, partial credit may be given. Encourage and motivate your students to put forth their best effort.
- Be sure students understand the directions and have had the opportunity to practice using the Practice Tests, which can be accessed through the Questar Secure Browser. Assist them with test-taking procedures, but be careful not to inadvertently give hints or clues that indicate an answer or help eliminate answer choices. Do not assist students with any test questions. For information on how to access the Practice Tests, please see **Appendix A**.
- Assist students with test-taking procedures, but be careful not to inadvertently give hints or clues that indicate an answer or help eliminate answer choices. Do not assist students with any test questions.
- Encourage students to attempt all questions. Tell them to read each question carefully and make their best attempt at answering each one.

### **Practice Tests**

Prior to the test window opening, all students taking the 2019 Grades 3–8 English Language Arts Test on the computer should have experienced taking practice tests in the Questar Secure Browser to familiarize themselves with testing in this format. It is recommended that schools participating in Computer-Based Testing (CBT) set up time in February and March to get students accustomed to taking the test on computer. For information on how to access the Practice Tests, please see **Appendix A**.

### **Use Standardized Testing Procedures**

This test must be administered under standard conditions. Follow the directions carefully. The same test administration procedures must be used with all students so that valid conclusions can be drawn from the test results.

## STEP FIVE Prepare Test Materials

### Scratch Paper

Schools that will be administering the English Language Arts Tests with Computer-Based Testing (CBT) should prepare to furnish scratch paper to their students for use when taking the tests. At the start of each test session the proctor should hand out scratch paper to each student testing with CBT. For the Grades 3–5 English Language Arts Tests, each student should be given one sheet of lined ruled paper, such as loose leaf paper. In addition, for all test sessions the proctor should have on hand a further supply of scratch paper to provide to students who request additional sheets during the test session. Students testing with CBT should also be advised that any work done on this scratch paper will not be counted. The scratch paper distributed to students testing with CBT must be collected at the end of the session whether used or unused, and securely destroyed.

### Student Login Tickets

Teachers will need student login tickets for each student to sign in with, a Session Access Code for each test session, and a proctor PIN for students who may pause the test. The information that follows provides step-by-step instructions on how to retrieve this information from the Nextera™ Admin.

For each student in your class, verify that you have the correct student login tickets. If you are printing the login tickets for your class, follow the steps below.

- To print the student login tickets, complete the following steps:
  1. Log in to Nextera™ Admin. For further details on the login process, refer to **Appendix D** for step-by-step instructions to log in and sign out.
  2. Select **Tests** from the **Tests** tab. The *Tests* page displays.

The screenshot shows the 'New York State Grades 3-8 Testing Program' interface. The navigation bar includes 'HOME', 'STUDENTS', 'CLASSES', 'TESTS', 'ACCOUNTS', and 'HELP'. The 'TESTS' tab is active, and a dropdown menu is open, showing 'Important Dates', 'Tests', and 'Testing Status Details'. A red arrow points to the 'Tests' option. Below the navigation bar, the page title is 'Tests'. The 'Testing Status for: ELA, Spring 2018 3-8' is displayed. There is a 'Filter By Testing Status' dropdown set to 'All' and a search bar with the placeholder text 'Enter all or part of a class, teacher's name, or grade.' At the bottom, a table header is visible with columns: Teacher, Class, Content Area, Test Name, Testing, View, and Delete.

3. Select **View** for the applicable test.

7. The student login tickets will display. Use the **Print function** to print the student login tickets. Each label includes a student's name, NYSSIS ID, password, and test name.

- All student login tickets or labels are secure testing materials and must also be stored in the safe or vault if they are printed prior to administration.

## Session Access Code

- You will need to provide students with a Session Access Code in order for the students to access their tests in the Nextera™ Test Delivery System. Instructions for providing the Session Access Code to students is included in **Step Six: Administer the 2019 English Language Arts Computer-Based Tests of this manual**.
- To determine the Session Access Code, complete the following steps:
  1. Log in to Nextera™ Admin. For further details on the log in process, refer to **Appendix D** for step-by-step instructions to log in and sign out.

## Proctor PIN

If a student pauses the test during administration, a proctor PIN will be required to allow the student to re-enter the test session. The proctor PIN will be provided by your School Test Coordinator before administering the test. The proctor PIN is secure and should not be distributed to students.

**STEP SIX**

# Administer the 2019 English Language Arts Computer-Based Tests

*Please read these directions carefully before administering the tests. When you administer the tests, the directions you are to read aloud are preceded by **SAY**. Read all directions to the students at a moderate, steady pace. The italicized instructions to teachers should **not** be read aloud. Before you begin the tests, make sure you have the student login tickets for each student, scratch paper for each student, the Session Access Code, and the proctor PIN.*

## Grades 3–5—Day 1, Session 1

*At the beginning of the test administration, proctors must read the following statement to all students taking State tests:*

**SAY** You cannot have any personal communications device, other than the device on which you are taking the test, including a cell phone, with you during this test or during any breaks, such as a restroom visit. Such devices include, but are not limited to:

- Cell phones
- iPods and MP3 players
- iPads, tablets, and other eReaders
- Laptops, notebooks, or any other personal computing devices
- Cameras, other photographic equipment, and personal scanning devices
- Wearable devices/smart wearables, including smart watches and health wearables with a display
- Headphones, headsets, or in-ear headphones such as earbuds, and
- Any other device capable of recording audio, photographic, or video content, or capable of viewing or playing back such content, or sending/receiving text, audio, or video messages

**If you brought any of these items to the building today, and have not already stored it in your locker or turned it over to me, a test monitor, or school official, you must give it to me now. You may not keep your cell phone or any of these items with you, or near you, including in your pockets, backpack, desk, etc. If you keep a cell phone or any of these items with you, your examination will be invalidated and you will get no score. Is there anyone who needs to give me any of these items now?**

**This is your last opportunity to do so before the test begins.**

*Repeat list of devices. Pick up devices from students and return them after testing.*

**SAY** You will be taking the 2019 Grade [say appropriate grade] English Language Arts Test. There are two sessions for this test. Today, you will answer the questions in Session 1. You will answer the questions in Session 2 tomorrow.

Today, you will read some passages and answer questions about what you have read. You must select your answers in the online test. You will have as much time as you need today to answer the questions.

*Distribute one clean page of lined scratch paper to each student.*

**SAY** You may use this scratch paper to take notes as you take the test. You must record your final answer for each test question in the online test. Anything that you write on the scratch paper will not count toward your final score. This scratch paper must be returned to me after you complete your test. If you need additional scratch paper while you are taking the test, please raise your hand.

*Provide students with their secure student login tickets.*

**SAY** On your computer screen, locate the pinwheel or the icon titled “Questar Secure Browser.”

Double-click this icon and the online test will launch.

Once the program has opened, you will see the “Sign In” page.

Do not enter anything until you have been instructed to do so.

Please raise your hand if you do not see the “Sign In” page.

**SAY** Now you should see a screen with your name on it. If you do not see your own name, raise your hand. If your name is not spelled correctly, raise your hand.

Now look at the rest of the information on the screen. Make sure it is correct. Check your

- grade
- school’s name
- teacher’s name
- date of birth

**If any of the information is not correct, please raise your hand. You do not need to verify your NYSSIS ID.**

*If the student information is incorrect: check to be sure the student has the correct login ticket.*

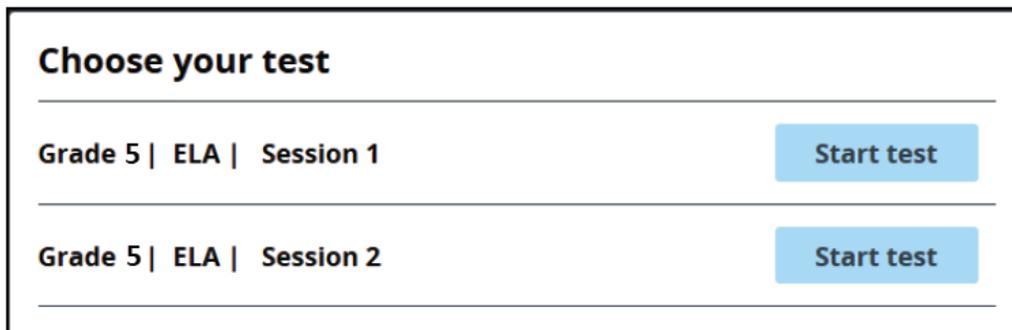

*If the date of birth or teacher’s name is incorrect, or the student’s name is misspelled, notify the School Test Coordinator after the test session has ended. The student should begin testing and the error can be corrected at a later time.*

If the grade is incorrect, the student should not continue the log in process. The student should click “No” and log out of the secure browser. Notify the School Test Coordinator or District Test Coordinator as soon as feasible to do so. The School Test Coordinator or District Test Coordinator will need to go in to Nextera™ Admin and correct the grade level for the student. The student will then get a new login ticket in order to begin testing. If the student sees the wrong grade on this screen, they will be presented with the wrong test.

**SAY** If all of the information is correct, select “Yes” at the bottom of the screen.

**Do not start the test until I tell you to do so.**

**SAY** Here are some suggestions to help you do your best:

- Be sure to read all the directions carefully.
- Most questions will make sense only when you read the whole passage. You may read the passage more than once to answer a question. When a question includes a quotation from a passage, be sure to keep in mind what you learned from reading the whole passage. You may need to review both the quotation and the passage in order to answer the question correctly.
- Read each question carefully and think about the answer before making your choice.

**Does anyone have any questions?**

*Pause for questions. When you are confident that all students understand the Tips for Taking the Test,*

**SAY** You must work independently, and you may not speak with each other while the test is being administered.

**Now, select the right arrow in the top right corner and begin your test.**

*Students should remain quietly at their workstations after they have submitted the test. Students who finish the test before other students should check their work. Once the student checks their work, or chooses not to, test materials may be collected by the proctor. The proctor may collect the student login tickets and scratch paper once a student submits the test.*

*After a student's test materials are collected, that student may be permitted to read silently. This privilege is granted at the discretion of each school. No talking and no other schoolwork is permitted. Once all students complete the test, you may end the session.*

*Given that the Spring 2019 tests have no time limits, schools and districts have the discretion to create their own approach to ensure that all students who are productively working are given the time they need to continue to take the tests within the confines of the regular school day.*

*If the test is administered in a large-group setting, school administrators may prefer to allow students to submit their tests as they finish and then leave the room. If so, take care that students leave the room as quietly as possible so as not to disturb the students who are still working on the test.*

*Ensure all students return the scratch paper and student login tickets to you. These materials are considered secure materials and need to be destroyed. Follow security procedures established by your principal or school administrator for returning secure test materials.*

## Grades 3–5—Day 2, Session 2

Once the student checks their work, or chooses not to, test materials may be collected by the proctor. The proctor may collect the student login tickets and scratch paper once a student submits the test.*

*After a student's test materials are collected, that student may be permitted to read silently. This privilege is granted at the discretion of each school. No talking and no other schoolwork is permitted. Once all students complete the test, you may end the session.*

*Given that the Spring 2019 tests have no time limits, schools and districts have the discretion to create their own approach to ensure that all students who are productively working are given the time they need to continue to take the tests within the confines of the regular school day.*

*If the test is administered in a large-group setting, school administrators may prefer to allow students to submit their tests as they finish and then leave the room. If so, take care that students leave the room as quietly as possible so as not to disturb the students who are still working on the test.*

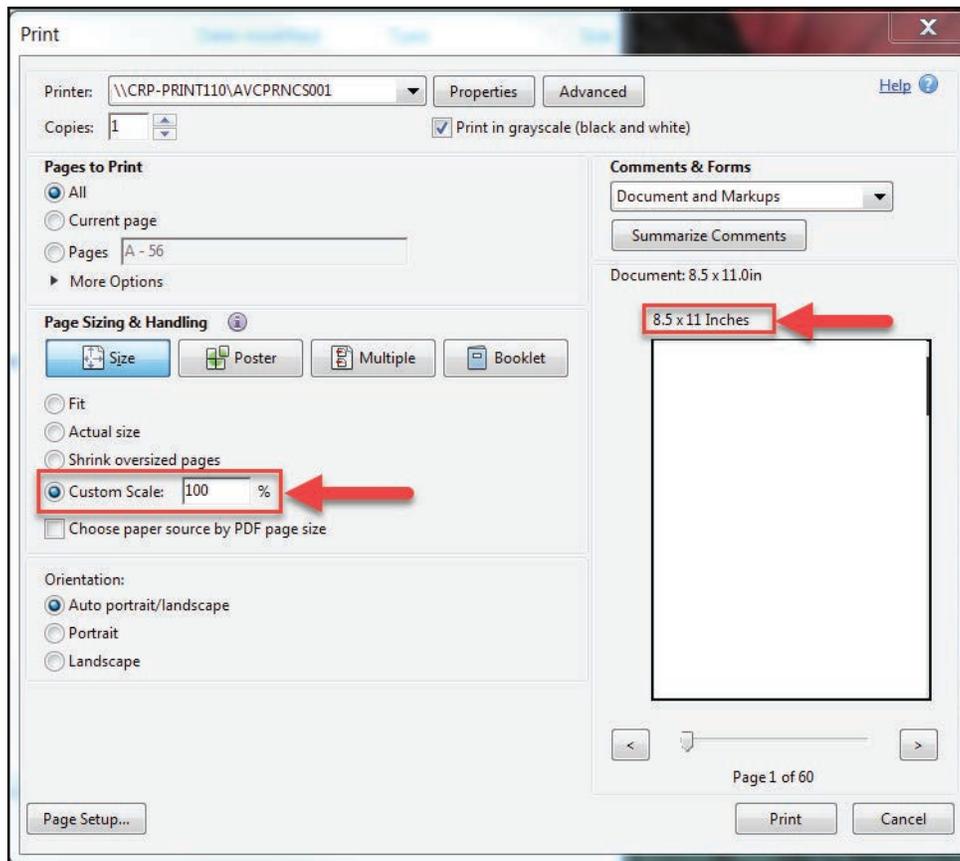

*Ensure all students return the scratch paper and student login tickets to you. These materials are considered secure materials and need to be destroyed. Follow security procedures established by your principal or school administrator for returning secure test materials.*

# Troubleshooting

## Printing Student Login Tickets

If you are attempting to print student login tickets on label stock and the student login tickets are not aligning properly with the labels, try the following steps:

1. Save the .pdf file
2. Find the .pdf on your local drive and open it
3. File > print
4. Click "Custom Scale: 100%"
5. Be sure paper size says 8.5 x 11
6. Click Print

## Issues During Testing

- If the screen freezes, sign-in takes longer than one minute, or test load takes longer than one minute, try exiting the test and signing back in. A reboot may be necessary.
- If the device is permanently incapacitated, or if network connectivity is lost for an extended period of time, please contact the School Test Coordinator. The School Test Coordinator can contact Questar Customer Support, if needed.
- Chromebooks—If a student clicks on the Exit button at the lower left portion of the screen, they will exit the test and the secure browser. The student will need to sign in again and continue testing.
- Lost Internet connectivity—If network connectivity is lost during the test, the student should continue to test. DO NOT move the student to another device. The device will continue trying to reconnect indefinitely to upload the test responses.

**Note:** If Internet connectivity is lost while students are using the Text-to-Speech computer-based testing accommodation, the computer generated voice will continue to play.

- If attempts to reestablish Internet connectivity are unsuccessful, follow the applicable steps from the table below:

Windows, Mac, iPad	Chromebook
<ol style="list-style-type: none"> <li>1. Turn off the device*</li> <li>2. Restart the device</li> <li>3. The student should login and continue testing or submit the test</li> </ol> <p>*for Mac: power down by pressing the power button for 5 seconds</p>	<ol style="list-style-type: none"> <li>1. Exit using the button at the lower left</li> <li>2. The student should login and continue testing or submit the test</li> </ol>

Please note that the student must return to the same device that they began testing on. These steps may reset the Internet connection or would allow for an administrator to manually repair an Internet connection.

# Appendix A: New York State Practice Tests

Some students will have some experience in taking this type of online assessment, but there may be students who are not accustomed to them. Before the day of the test, students should be given the opportunity to try the Practice Tests, which will allow them to become familiar with using the tools and responding to the types of questions they will see on the 2019 Grades 3–8 English Language Arts Tests using the Nextera™ Test Delivery System. It is recommended that students have the opportunity to take practice tests in the Questar Secure Browser 3–6 weeks prior to the test window opening on April 1. Below is a sample schedule of when practice tests could be administered.

Practice Test	February 18–22
Practice Test	March 11–15
Live Testing Window	April 1–8

\*This is only a suggested schedule and schools may choose to hold more or fewer practice sessions.

## Practice Test Sign In

Student login tickets for the Practice Tests are located on the Help Tab in Nextera™ Admin. There are three forms available for each grade.

Students will use the Questar Secure Browser to access the practice tests. Students double click on the Questar Secure Browser icon on their desktop. Once the secure browser opens, students type in the NYSSIS ID and password and select “Sign In.”

The system will walk students through a short tutorial on the tools and features of the Nextera™ Test Delivery System before they begin the Practice Test. Students use the right-facing arrow to navigate through the directions.

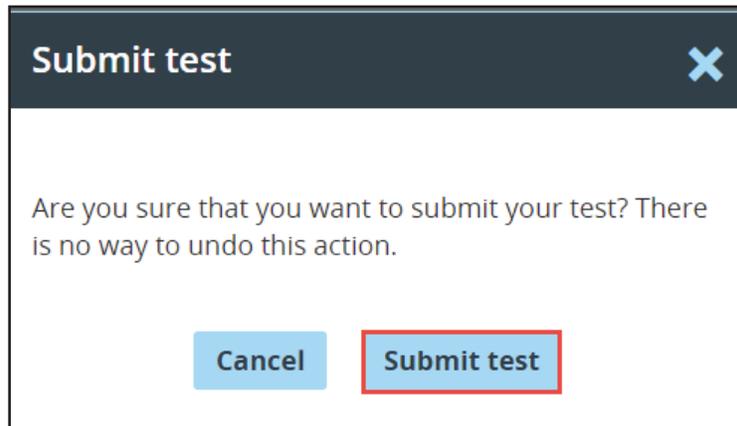

Once the directions close, the **Practice Test** appears. After the student responds to each question, direct the student to select **Review**.

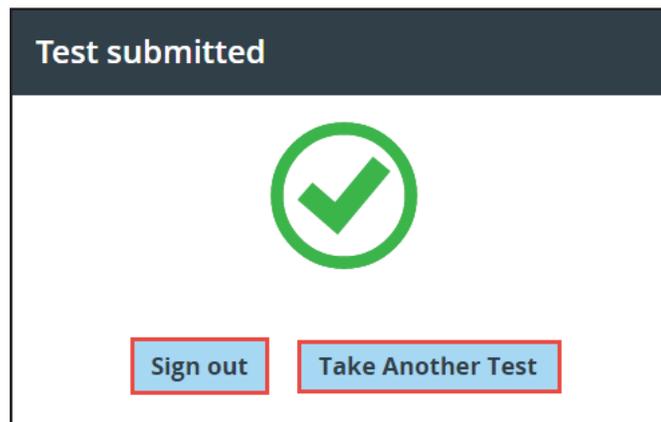

The **Review** screen appears. Once students confirm they have responded to all questions, direct them to select **Submit test**.

A confirmation message appears. Direct students to select **Submit test**.

Another confirmation message appears. Direct students to select **Sign out** or **Take Another Test**.

# Appendix B: Suggestions for Creating a Secure Computer-Based Testing Environment

The following seating arrangements are suggestions for creating a secure test environment for students who are taking the computer-based tests.

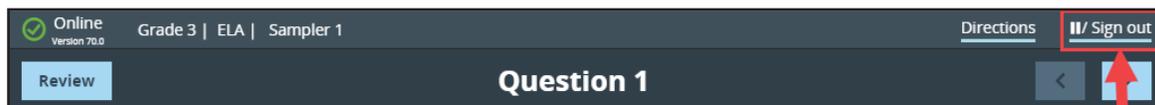

- Seat students in every other seat.
- Arrange monitors back-to-back.
- Seat students back-to-back.
- Seat students in a semicircle.
- Seat students in widely-spaced rows or in every other row.

The following physical and visual barriers between testing devices can also be used as security measures for computer-based testing.

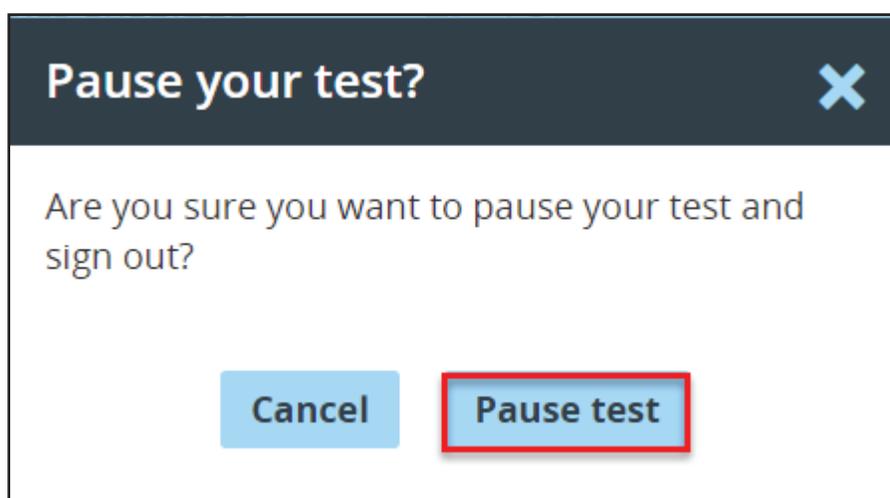

- Card stock (e.g., manila folders) that can be taped to the sides of monitors
- Flattened cardboard boxes that can be cut, folded, and taped to form a visual barrier between testing devices
- Cardboard carrels
- Privacy screens that narrow the viewing angle of a computer monitor so that it is visible only to someone sitting in front of it. Schools that have privacy screens available should affix them to monitors prior to the beginning of testing and ensure that students are seated so that they cannot view the monitor of the student seated in the row in front of them.

## Appendix C: Pausing and Reactivating a Paused Test

A student may pause a test by selecting **II/Sign Out** in the upper right corner of the student's screen in the Nextera™ Test Delivery System.

The student then selects **Pause test** to exit the test session and save current progress until the student can return to the test session. If the student selects **Cancel**, the student will immediately return to the test session without pausing the test.

Any test that is paused will require a **proctor PIN** for the student(s) to log back into the test. Teachers will need to contact their School or District Test Coordinator to obtain the proctor PIN prior to administering the test. Note that the proctor PIN will be the same for all teachers within a school, but each school will have a unique proctor PIN. For each instance in which a student pauses a test, the proctor is responsible for entering the proctor PIN to reactivate the test. Note that the proctor PIN is **secure** and should not be shared with students.

# Appendix D: Log In/Sign Out

## Overview

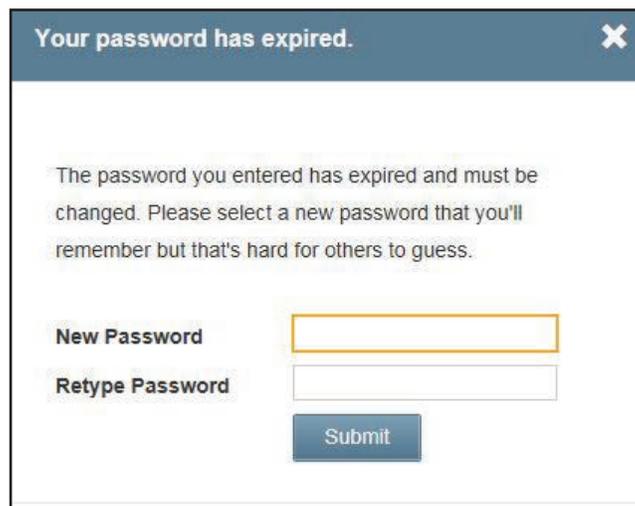

This section will guide you through the log in process in Nextera™ Admin.

## Log In/Sign Out

If you have been provided with Nextera™ login tickets, you can access Nextera™ Admin by entering the following web site address in your browser address bar: <https://ny.nextera.questarai.com/Admin/>. If you have not been provided with login tickets to Nextera™ Admin, you should contact your District Test Coordinator, School Test Coordinator, or your local Regional Information Center (RIC) testing department.

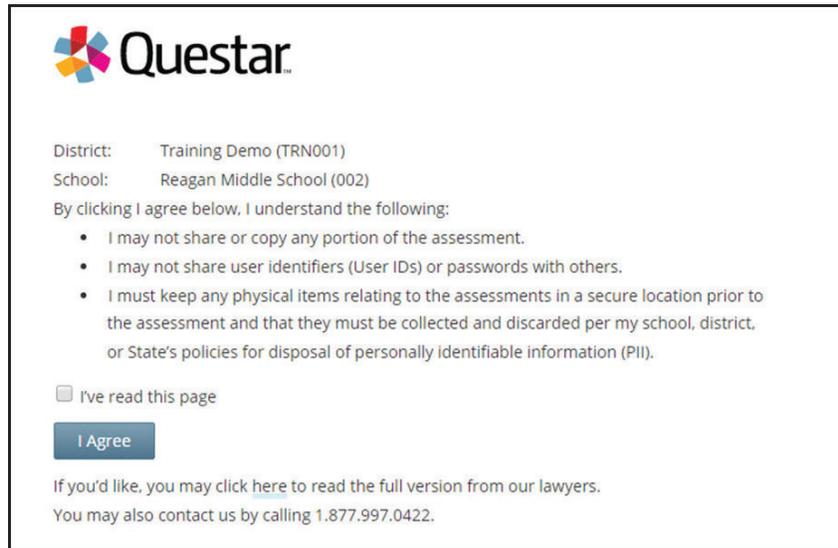

Accessing Nextera™ Admin

1. Enter your **User ID** and **Password**, then select **Sign In**. If you need to reset your password, please find password reset instructions on page 46. You can also contact your testing coordinator to have login tickets resent to you.
2. If you are signing in for the first time, you will be prompted to reset your password upon first login.
3. You will receive a message that your password has expired. This step allows you to create your own password. Enter a new password in the **New Password** and **Retype Password** fields and select **Submit**.

The screenshot shows a modal dialog box with a dark blue header containing the text "Your password has expired." and a close button (X). The main content area has a light gray background and contains the following text: "The password you entered has expired and must be changed. Please select a new password that you'll remember but that's hard for others to guess." Below this text are two input fields: "New Password" and "Retype Password". The "New Password" field is highlighted with a yellow border. At the bottom of the dialog is a blue "Submit" button.

4. For initial log ins and for all password changes, you will be asked to acknowledge and agree to the Security Compliance statement. After reviewing the statement, select the **check box** for “I’ve read this page” and select **I Agree**.

# Appendix F: General Features and Tools of the Nextera™ Test Delivery System

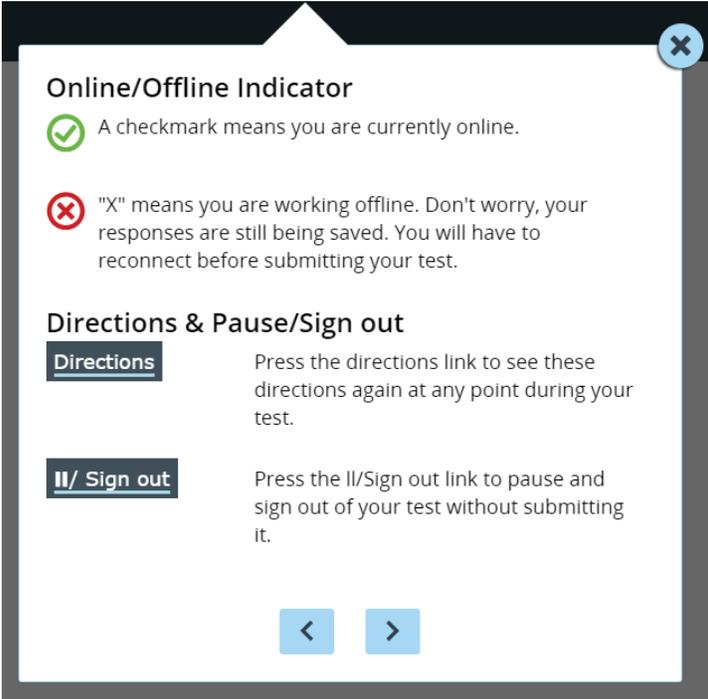

All students testing on computer have access to general features and tools that are available through the Nextera™ Test Delivery system. The following information provides an overview of the CBT tools and features available to students testing on computer. Students should have had opportunities prior to testing to practice using these features and tools.

## General Features of the Nextera™ Test Delivery System

All students testing on computer have access to the general features provided through the Nextera™ Test Delivery System. The following is a list of the general features available to all students taking the Grades 3–8 ELA tests on computer.

Online/Offline Indicator
Directions
Pause/Sign Out
Review Screen
Navigation Between Questions
Split Screen Controls

### Online/Offline Indicator, Directions, and Pause/Sign Out

The screenshot shows a help window with a close button (X) in the top right corner. The window is titled "Online/Offline Indicator, Directions, and Pause/Sign Out".

**Online/Offline Indicator**

- ✓ A checkmark means you are currently online.
- ✗ "X" means you are working offline. Don't worry, your responses are still being saved. You will have to reconnect before submitting your test.

**Directions & Pause/Sign out**

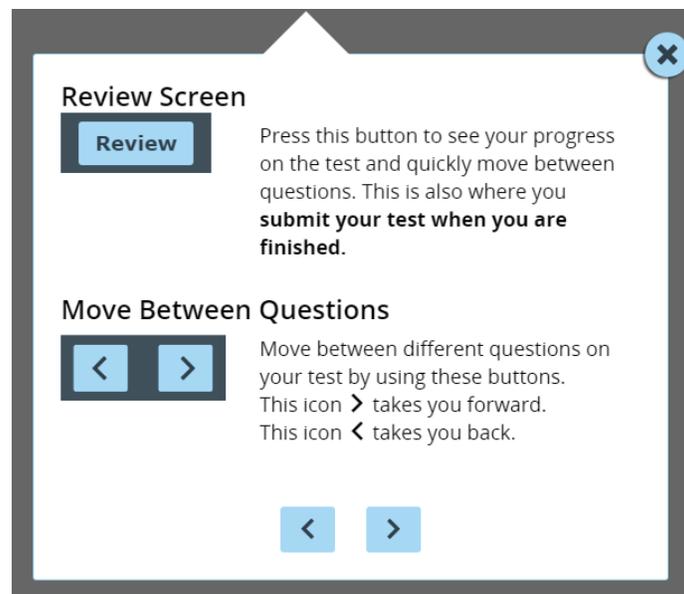

**Directions** Press the directions link to see these directions again at any point during your test.

**||/ Sign out** Press the ||/Sign out link to pause and sign out of your test without submitting it.

At the bottom of the window, there are two navigation buttons: a left arrow (<) and a right arrow (>).

- The online/offline indicator in the upper left corner of the screen indicates whether a student's device has or has not lost internet connectivity. Students should be informed to continue testing even if they lose internet connectivity as their responses will be saved to their local device. In an event where internet connectivity is not restored, please contact Questar Customer Support for assistance at 866-997-0695.
- The student can click on the **Directions** link in the upper right of the screen to see the directions again at any point during the test.
- The student can click on the **Pause/Sign Out** button in the upper right to pause and sign out of the test without submitting their answers. For additional information on pausing and reactivating a test, see **Appendix C**.

## Review Screen and Navigation Between Questions

- Students can use the **Review** button on the upper left of the screen to review their progress and quickly move among questions. The Review screen also provides the student with the ability to submit their responses when they have completed their test.
- The right and left arrows on the upper right of the screen are used to move between different questions on the test. The right facing arrow advances the student forward. The left facing arrow takes the student to the previous question.

## Split Screen Controls

**Split Screen Controls**

Some items on your test may be split into side by side areas. This is so you can easily go back and forth between the two sides while you answer questions.

If you want to focus more on one side you can move the dividing line left or right by using the arrow buttons at the top.

The reset button  will move the dividing line to its original position.

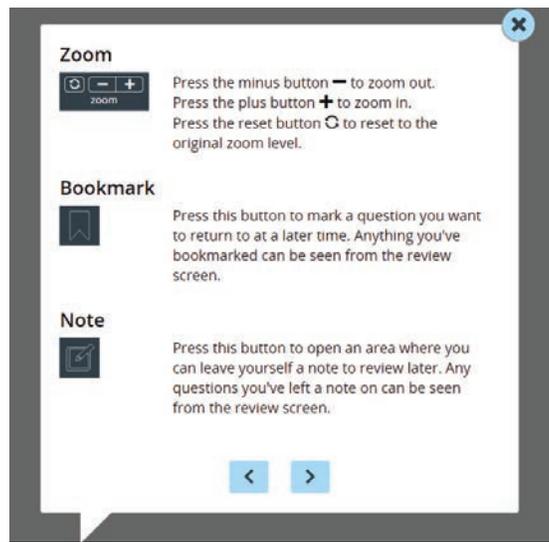

- All passages in the Grades 3–8 English Language Arts test appear on the left side of the screen, and the questions appear on the right side of the screen. If a student would like to expand either side of the screen, they can move the dividing line at the top of the page by clicking the left or right arrow buttons. If a student would like to reset their page to its original position, they can click the reset button at the top of the page.

## General Tools

All students testing on computer have access to the general tools provided through the Nextera™ Test Delivery System. The following is a list of the general tools available to all students taking the Grades 3–8 ELA tests on computer.

Zoom
Bookmark
Note (Notepad)
Highlighter
Answer Eliminator
Line Reader

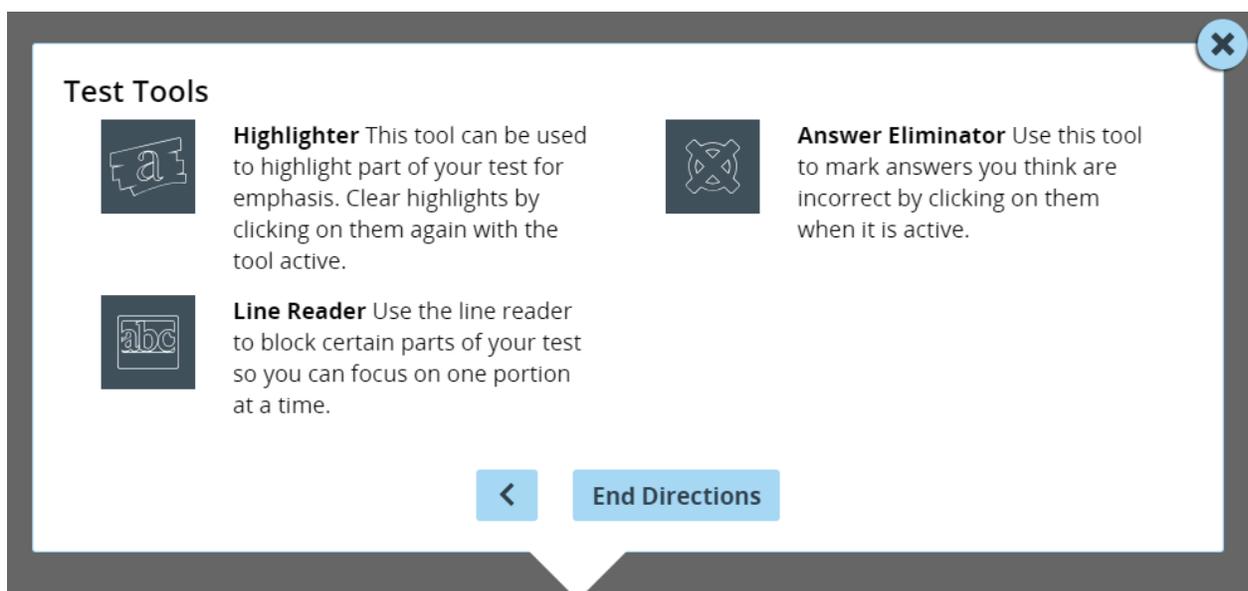

## Zoom, Bookmark, and Note (Notepad)

These general CBT tools can be used any time during the test.

- **Zoom**—Students can increase and decrease font size. Clicking on the minus button makes the screen smaller. Clicking the plus button makes it larger. Note that if students click the reset button within the zoom tool, the text will return to the original setting.
- **Bookmark**—Students can press the bookmark in the tool tray to flag questions they want to return to at a later time. Bookmarked questions appear on the Review screen with a flag on it.
- **Note (Notepad)**—Students can use the Notepad to plan their responses. Please ensure that your students understand that text they type in the notepad tool will not be scored. Once the test is submitted, notepad text is not saved.

## Highlighter, Answer Eliminator, and Line Reader

The screenshot shows a 'Test Tools' menu with three options: Highlighter, Answer Eliminator, and Line Reader. Each option has a corresponding icon and a brief description. At the bottom of the menu, there are two buttons: a back arrow and 'End Directions'. A close button (X) is located in the top right corner of the menu.

**Test Tools**

**Highlighter** This tool can be used to highlight part of your test for emphasis. Clear highlights by clicking on them again with the tool active.

**Answer Eliminator** Use this tool to mark answers you think are incorrect by clicking on them when it is active.

**Line Reader** Use the line reader to block certain parts of your test so you can focus on one portion at a time.

< End Directions

The following tools can help students to highlight or focus on certain text or eliminate multiple-choice answers. When using any of the following tools, a student must deactivate the currently active tool before using another.

- Students can use the highlighter tool to identify part of the text for emphasis. To clear highlighted text, click on the highlighted text a second time while the tool is active.
- Students can eliminate multiple-choice answers they think are incorrect by clicking the answer eliminator in the tool tray. When this tool is on, a student can click on the answers they want to be crossed out. Note that the answer eliminator is only available for multiple-choice questions.
- Students can use the line reader to block certain parts of the text so a student can focus on one portion at a time by clicking on the line reader tool in the tool tray. Students can use the window to focus on the text they want to see and the opaque portion around the window to block out what they don't want to see. Both the window and opaque portions can be resized.

**Test content, student login tickets, Session Access Codes, and proctor PINs must be kept secure. You are not to discuss the test or photocopy the student login tickets, as the security of the test could be breached. However, school personnel may make photocopies of this *Teacher's Directions* if additional copies are needed.**
