PREFACE AND ACKNOWLEDGMENTS
Forty-Third Edition

The *South Carolina Higher Education Statistical Abstract* is a comprehensive, single-source compilation of tables and graphs which report data frequently requested by the governor, legislators, college and university staff, other state government officials, and the general public. The 2021 edition of the Statistical Abstract marks the 43rd year of this valuable publication.

This *Abstract* includes the most recent statistics on enrollment, degrees awarded, faculty, tuition and fees, funding, and other factual data. Relevant terminology is listed in the introduction to each section.

Additionally, included in this Abstract is the Public Agenda Implementation Plan, *Ascend 60X30* which serves as CHE's strategic blueprint to achieve the larger goals for the state's system of higher education, as established in the 2017 Public Agenda. It encompasses initiatives to reach the primary goal of increasing higher education attainment rates from 48 percent in 2020 to 60 percent by 2030.

The *Abstract* would not have been possible without the assistance of the college and university institutional representatives' completion of data for CHE reports and the federal Integrated Postsecondary Education Data System (IPEDS). The help and support of these individuals is extremely important to the CHE's data collection process. Their assistance is greatly appreciated.

Rusty Monhollon, Ph.D.
President & Executive Director

Public Agenda Implementation Plan (ASCEND 60X30)

The South Carolina Commission on Higher Education (CHE) approved a statewide public agenda for higher education in 2017, identifying a broad set of aspirational goals and objectives for the state’s system of higher education. In 2020, CHE convened the South Carolina Higher Education Advisory Committee (HEAC) to further develop recommendations for this statewide public agenda. Based on the work of the HEAC, CHE established strategic timelines and milestones, identified necessary staff and fiscal resources, and developed processes for engaging stakeholders in pursuit of public agenda objectives.

The resulting Public Agenda Implementation Plan, *ASCEND 60 X 30*, serves a strategic blueprint to guide Commissioners and CHE staff. It remains faithful to the objectives in the 2017 Public Agenda while reflecting the current status of higher education in South Carolina. Supporting CHE workplans for each initiative or project include timelines, milestones, and target metrics to gauge agency progress and to hold staff accountable to achieving the larger goals established in the public agenda.

The Big Goals

Two overarching objectives provide form and structure in the pursuit of the Public Agenda. The first: increase the proportion of South Carolinians with high-quality postsecondary credentials to 60 percent by 2030. South Carolina’s education attainment rate was 46.8 percent in 2020, nationally ranking 42nd and below the 51.3 percent national average, according to the Lumina Foundation’s annual report on national educational attainment. High-quality credentials provide clear pathways to further education, employment, or both.

The second significant objective, closing socioeconomic educational achievement gaps, is fundamental to increasing educational attainment and is the only way to reach the 60 percent goal by 2030. Closing achievement gaps in higher education has a simple premise: One’s life circumstances should not dictate one’s chances of success.

Public Agenda Implementation Plan

Three pan-agency functions guide CHE staff actions in pursuit of the implementation plan: 1) Using data and research to understand the depth and breadth of challenges and to make sound decisions to address them, 2) Clear and persuasive communications, and 3) Advocacy to build and sustain a consensus among constituents in support of the Public Agenda.

Additional actions also support the commission in specific facets of the implementation plan:

The South Carolina Opportunity Project for Equity (SCOPE)

The South Carolina Opportunity Project for Equity (SCOPE) is a multiyear effort to reduce and eliminate achievement gaps across socioeconomic standing, race, ethnicity, and geography. A CHE planning committee will guide the CHE's work in support of SCOPE.

Ensuring Accessibility and Affordability

To reach the 60 percent attainment mark, the CHE collaborates with its partners to ensure all South Carolinians have both access and the means to complete a postsecondary credential through state financial aid appropriations, scholarships, outreach and other tactics.

Reducing Costs

To reduce overall costs in higher education, CHE supports initiatives to reduce textbook costs, pursue systemic cost savings across higher education, emphasize on-time degree completion and increase early college opportunities.

Improving Career- and College-Readiness

Students who are well-prepared for postsecondary education, both academically and emotionally, have high completion rates. CHE collaborates with the State Department of Education to improve career- and college-readiness.

Comprehensive Statewide Transfer and Articulation Agreement

Ensuring earned academic credits transfer as equivalents promotes student success and reduces time to degree. CHE, in collaboration with the state's institutions of higher education, develops a comprehensive statewide transfer and articulation framework and agreement to ensure transferable credit toward degree completion in programs of study at South Carolina institutions.

Near Completers

A major component in obtaining the 60 percent attainment goal is to engage with adults who are near the completion of a credential. In South Carolina there are nearly 450,000 people who have some college credits but no credential. The CHE assists near completers in their pursuit of postsecondary credentials by creating and sharing a clearinghouse of best practice strategies for initiatives that support the needs of adult learners.

Strengthening the Workforce

One purpose of postsecondary education is to drive economic stability by strengthening the state's workforce. A key pillar of the CHE's pursuit of the Public Agenda is to expand on existing work and find new ways to meet this purpose. Much of the work required for this goal is outside the direct responsibility and purview of the CHE. The approach will focus on collaboration and coordination with external stakeholders. The work is crucial, however, and the CHE seeks to be engaged fully.

I. Mission

The South Carolina Commission on Higher Education is committed to access, affordability, and quality in the state system of higher education through coordination, regulation, advocacy, and oversight, as directed by the General Assembly.

II. Goals

As defined under the mission for higher education in the State of South Carolina Code Laws Section 59-103-15(A)(2) (a through g), goals to be met are as follows:

- High academic quality
- Affordable and accessible education
- Instructional excellence
- Coordination and cooperation with public education
- Cooperation among the General Assembly, Commission on Higher Education, the Council of Presidents of State Institutions, institutions of higher learning, and the business community
- Economic growth
- Clearly defined missions

III. Roles and Functions

- To provide pertinent information about higher education to parents and students. (13-1-1840, 59-59-190, 59-103-65 through 180)
- To review and approve new degree program proposals and evaluate the productivity of existing programs. (59-101-150, 59-103-20, 59-103-35)
- To administer state, regional, and federal programs affecting South Carolina higher education. (59-114-40 through 59-114-75)
- To maintain a statewide planning and institutional effectiveness system. (59-103-30 through 59-103-45, 59-104-610 through 59-104-660)
- To monitor the implementation and evaluate the effectiveness of programs designed to provide minority groups with access to and equality of higher education opportunities. (59-25-55, Provisos 11.2. of the Fiscal Year 2020-2021 Appropriations Bill H.5201)
- To examine and license non-public educational institutions. (59-58-40)
- To make recommendations by means of data collection, research, and studies to the Governor, S.C. Department of Administration, S.C. Revenue and Fiscal Affairs Office, and the General Assembly regarding policies, roles, operations, and structure of South Carolina's higher education institutions. (59-11-75(A), 59-101-350, 59-103-35 through 59-103-36, 59-103-45, 59-103-60 through 59-103-70, FY 20-21 Proviso 11.17)

Roles and Functions Continued

- To maintain statewide higher education data collection. (59-53-40, 59-101-350, 59-104-20, 59-143-30, 59-149-40, 59-150-70, Provisos 3.5., 11.17., 11.16 of the Fiscal Year 2020-2021 Appropriations Bill H.5201)
- To establish procedures for the transferability of courses at the undergraduate level between and among two-year and four-year institutions. (59-53-40 and 59-103-45)
- To coordinate with the State Board of Education in determining minimum academic expectations and requirements and approving appropriate secondary courses for prospective post-secondary students. (59-103-45(2))
- To review minimum undergraduate admissions standards for in-state and out-of-state students. (59-103-45(3))
- To reduce, expand, or consolidate, and close any institution which does not meet the standards of achievement enumerated in Section 59-103-30 of the Code of Laws of South Carolina, as amended. (59-103-45(5))
- To review and approve each institutional mission statement to ensure it is within the overall mission of that particular type of institution and is within the overall mission of the state. (59-103-45)
- To evaluate the financial health of our public colleges and universities to ensure that, given national and state trends in higher education, current and proposed academic programs; construction and maintenance projects, leases, and land purchases; and other activities of those institutions are viable, and that access, affordability, and excellence are sustainable. (2-47-40, 2-47-55, 11-51-125, 59-101-187, 59-101-340, 59-101-350, 59-103-30, 59-103-110)
- To administer and provide oversight for several student financial aid programs including Palmetto Fellows, LIFE, HOPE, Lottery Tuition Assistance, S.C. Need-based Grants, and the S.C. National Guard College Assistance Program. (59-104-20, 59-114-40, 59-142-20, 59-149-10, and 59-150-360 through 59-150-370)
- To provide staff and support to the Smart State® Research Centers of Economic Excellence Program. (2-75-70, however, by Proviso 11.11 of the 2020-2021 Appropriations Bill H.5201, the board is sunseting)
- To serve as the State Approving Agency (SAA) to evaluate educational/vocational institutions and training establishments where veterans and others eligible for the GI Bill can receive those benefits. (38 CFR 21.4150 through 38 CFR 21.4155)
- To serve as the fiscal agent for the state electronic Library (PASCAL) system. (Proviso Section 3 H660 3.5(3) of the Fiscal Year 2020-2021 Appropriations Bill H.5201)

Enrollment

229,781 total students were enrolled in South Carolina institutions of higher education during the Fall semester of 2020. Of these students, 175,033 were South Carolinians, 40,906 were first-time undergraduate students, and 17,901 were high school students taking college courses. 13,543 students were reported as first-time transfer students, and 8,788 of these were transfers among South Carolina institutions.

The South Carolina Commission on Higher Education collects general admission and registration data on all students enrolled in credit bearing courses at South Carolina colleges and universities. This enrollment data is reported to the CHE at the student level, allowing for student characteristics to be grouped at the institutional level. For example, Table 1.8 shows differences in student headcounts at each institution based on student status and Table 1.15 shows student headcounts at each institution by race/ethnicity and gender.

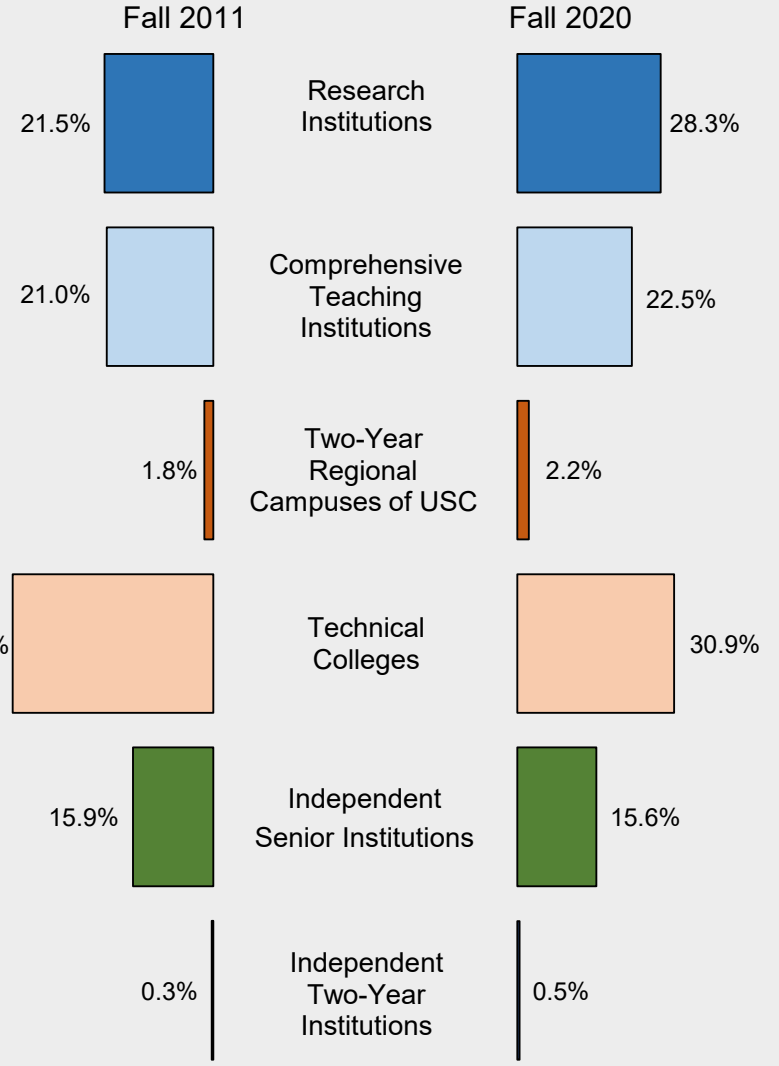

Many of the tables in this section present enrollment data only for Fall 2020 consistent with the data collected by the Federal Integrated Postsecondary Education Data System (IPEDS) Fall Enrollment survey and the construction methodology for student cohorts to track graduation rates. The retention and migration tables are examples of how enrollment data in the Commission on Higher Education Management Information System (CHEMIS) database is used to track student progression through the South Carolina higher education system.

- White
- Two or More Races
- Other Races²
- Unknown Race/Ethnicity
- International Students

¹ Calculated from fall 2010 data, ² Other Races includes: Asian, American Indian/Alaskan Native, and Native Hawaiian/Pacific Islander

Enrollment Terminology

American Indian/Alaskan Native – A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

Asian – A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Black/African American – An American of African, and especially of black African, descent.

Cohort Exclusions – Students who were initially counted in a cohort and left the institution without a degree can be removed from subsequent cohort counts used to calculate retention and graduation rates for the following reasons:

- Death or severe disability
- Service in the armed forces (including those called to active duty)
- Service with a foreign aid service of a foreign government
- Service in official church mission

Doctor's Degree - Professional Practice – A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as “*first-professional*” and may include: Chiropractic (D.C. or D.C.M.); Dentistry (D.D.S. or D.M.D.); Law (L.L.B. or J.D.); Medicine (M.D.); Optometry (O.D.); Osteopathic Medicine (D.O); Pharmacy (Pharm.D.); Podiatry (D.P.M., Pod.D., D.P.); or, Veterinary Medicine (D.V.M.), and others, as designated by the awarding institution.

Doctor's Degree - Research/Scholarship – A Ph.D. or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include: Education Doctorate (Ed.D.), Doctor of Musical Arts (D.M.A.), Doctor of Business Administration (D.B.A.), Doctor of Science (D.Sc.), Doctor of Arts (D.A.), or Doctor of Management (D.M.), and others, as designated by the awarding institution.

First-Time Undergraduate – An entering undergraduate student who has never attended a college (or other higher education institution) before. Includes students enrolled in the fall term who entered the same institution for the first time in the prior Summer semester. Also includes students who entered with advanced standing (as Sophomores or Juniors) through any college credit earned before graduation from high school either through advanced placement courses or dual enrollment programs.

Full-Time Equivalent (FTE) Student – Calculated as fifteen (15) credit hours per semester for an undergraduate student, twelve (12) credit hours per semester for a graduate level 1 (Master's) student, and nine (9) credit hours per semester for graduate level 2 (Doctoral) students. Doctorate-Professional Practice pharmacy hours are fifteen (15) credit hours per semester and Doctorate-Professional Practice law are fourteen (14) credit hours per semester. Medicine and Dentistry FTE enrollment is reported as headcounts rather than by credit hours. All calculated FTE values are reported rounded up the nearest whole number consistent with conservative practices for population and sample size estimations.

Gender – The CHE collects gender information on all enrolled students and faculty following the federal Integrated Postsecondary Education Data System (IPEDS) policy which currently does not distinguish between sex and gender and requires institutions to report gender as either female or male. Institutions are allowed to determine the method for reporting individuals as male or female when gender is unknown or self-report as neither female nor male.

Headcount – The number of students enrolled at an institution as of the reporting institution's matriculation date.

High School Student – A student with special permission to enroll in a credit bearing college or university course and identified by that institution as a high school student. The CHE does not collect data on whether the college level credit earned by these students counts towards the completion of a High School Diploma.

Hispanic/Latino – A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture of origin, regardless of race. This category is mutually exclusive with the race categories. CHE methodology does not permit the reporting of these students under additional race categories.

In-State Rate – Pursuant to SC Code of Laws 59-112-10, et seq, and Reg. 62.600, South Carolina residents for fee purposes including limited statutory exceptions for certain persons and their dependents residing or working in SC or for which SC has statutory reciprocal

arrangements enabling SC students to attend institutions outside of SC at in-state rates. In-State includes the following categories as coded in CHEMIS for fee purposes:

- (1) Residents of South Carolina
- (A) Military personnel and their dependents in SC
- (B) Faculty/staff employed by State Institutions and their dependents
- (C) Retirees and their dependents who reside in SC and have been domiciled in SC for less than one year and maintain a residence in SC
- (D) Full-time employees in SC and their dependents who have taken steps to establish residency
- (E) Students participating in the reciprocal Southern Regional Education Board (SREB) Academic Common Market program whereby students may take programs not available in their state but offered in another state within the region at the in-state rate
- (G) Reciprocity agreements which enable reciprocity with other states with regard to In-State tuition and fees
- (H) Non-resident aliens (international students) in approved visa classifications once they have been awarded permanent resident status and meet statutory provisions for residency and domiciliary
- (I) Resident – Exception, Covered individuals receiving veterans GI Bill Chapter 30 and 33 education benefits (Section 59-112-50C)

International Student – A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. This category is mutually exclusive with the other race/ethnicity categories. CHE methodology does not permit the reporting of these students under additional race or ethnicity categories.

Matriculation Date – The date when a student can drop a course without penalty at the reporting institution. Varies by institution.

Native Hawaiian/Pacific Islander - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

Out-of-State Rate – Non-residents of South Carolina and those non-resident exception students on scholarship (non-state) who may have a full or partial waiver of the out-of-state tuition differential per board approved policy as allowed by Section 59-112-70 of the SC Code of Laws, as amended. Out-of-state includes the following categories as coded in CHEMIS for fee purposes:

- (2) Non-Resident of SC
- (F) Non-resident exception for fee category including out-of-state students on non-state scholarships for which the board may adopt a policy to provide for a waiver of the tuition differential

Race/Ethnicity – Categories developed in 1997 by the Office of Management and Budget (OMB) used to describe groups to which individuals belong or identify with. The categories do not denote scientific definitions of anthropological origins. These categories are assigned to U.S.

citizens, resident aliens, and other eligible non-citizens. CHEMIS methodology states individuals who select Hispanic/Latino or are non-resident aliens are not assigned an additional race category.

Two or More Races – A student who selects more than one race category. This category is mutually exclusive with the other race/ethnicity categories. CHE methodology does not count these students under the headcounts for the individual races they selected.

Unknown Race/Ethnicity – This category is used only if the student did not self-report a race or ethnic designation, and the college or university finds it impossible to place the student in one of the aforementioned race/ethnicity categories during established enrollment procedures or in any post-enrollment identification or verification process.

White – A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

Degrees Awarded

53,670 total degrees were awarded during the 2019-20 fiscal year. 26,795 of these were bachelor's degrees, 18,131 were other undergraduate level degrees, and 8,744 were graduate level degrees. Health professions and related programs (accounting for 17.8% of the total degrees awarded) became the most popular academic discipline with 17 more degrees awarded than the second most popular academic discipline, business, management, marketing, and related support services (accounting for 17.8% of the total degrees awarded). The division of degree attainment between these two disciplines was not equally divided by gender. Men were more likely than women to receive a business services degree (21.5% compared to 15.1%); while women were more likely than men to receive a health professions degree (25.3% compared to 7.1%).

The Commission on Higher Education collects completion data from all South Carolina colleges and universities once a year in late September. Completion data is a student record containing information about the degree awarded and demographic information on the student. This data allows the CHE to track both the overall trends in degrees awarded as well as analyze completions by academic discipline, degree level, student race/ethnicity, and student gender.

Degrees Awarded Terminology

150% Program Time – The length of time it will take a student enrolled full-time to complete a specific degree plus an additional 50% of time.

Examples of standard 150% times are three years for an Associate's degree and six years for a Bachelor's degree.

American Indian/Alaskan Native – A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

Asian – A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Associate's Degree – An award that normally requires at least two, but less than four, years of full-time equivalent college work.

Bachelor's Degree – An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least four, but not more than five, years of full-time equivalent college-level work. This definition includes bachelor's degrees conferred in a five-year cooperative (work-study plan) program.

Black/African American – An American of African, and especially of black African, descent.

Certificate – A formal award certifying the satisfactory completion of a higher education program.

Classification of Instructional Programs (CIP) – A numerical classification and standard terminology for higher education instructional programs provided by the National Center of Education Statistics (NCES). Individual programs are designated by a six digit code and general academic disciplines are identified by the first two digits of the six digit code.

Degree – An award conferred by a college, university, or other higher education institution as official recognition for the successful completion of a program of study.

Degree/Certificate-Seeking Students – Students enrolled in courses for credit who are recognized by the institution as seeking a degree or other formal award. At the undergraduate level, this classification is intended to include students enrolled in vocational or occupational programs.

Diploma – A formal document certifying the successful completion of a prescribed program of study.

Doctor's Degree - Professional Practice – A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as “*first-professional*” and may include: Chiropractic (D.C. or D.C.M.); Dentistry (D.D.S. or D.M.D.); Law (L.L.B. or J.D.); Medicine (M.D.); Optometry (O.D.); Osteopathic Medicine (D.O); Pharmacy (Pharm.D.); Podiatry (D.P.M., Pod.D., D.P.); or, Veterinary Medicine (D.V.M.), and others, as designated by the awarding institution.

Doctor's Degree - Research/Scholarship – A Ph.D. or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include Education Doctorate (Ed.D.), Doctor of Musical Arts (D.M.A.), Doctor of Business Administration (D.B.A.), Doctor of Science (D.Sc.), Doctor of Arts (D.A.), or Doctor of Management (D.M.), and others, as designated by the awarding institution.

Fiscal Year (FY) – The fiscal year as measured by the CHE aligns with the State of South Carolina's fiscal year which starts on July 1st and runs to June 30th of the following year. Degrees awarded during the 2019-20 fiscal year include any completions reported to the CHE for August 2019 to June 2020; this corresponds to the following academic semesters: Summer II 2019, Fall 2019, Spring 2020, Summer I 2020.

Gender – The CHE collects gender information on all enrolled students and faculty following the federal Integrated Postsecondary Education Data System (IPEDS) policy which currently does not distinguish between sex and gender and requires institutions to report gender as either female or male. Institutions are allowed to determine the method for reporting individuals as male or female when gender is unknown or self-report as neither female nor male.

Hispanic/Latino – A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture of origin, regardless of race. This category is mutually exclusive with the race categories. CHE methodology does not permit the reporting of these students under additional race categories.

International Student – A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. This category is mutually exclusive with the other race/ethnicity categories. CHE methodology does not permit the reporting of these students under additional race or ethnicity categories.

Master's Degree – An award that requires the successful completion of a program of study of at least the full-time equivalent of one, but not more than two, academic years of work beyond the Bachelor's degree.

Native Hawaiian/Pacific Islander - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

Post Master's Degree – An award that requires completion of an organized program beyond the master's degree but does not meet the requirements of academic degrees at the doctor's level.

Program Time – The length of time it will take a student enrolled full-time to complete a specific degree. Examples of standard program times are two years for an Associate's degree and four years for a Bachelor's degree.

Race/Ethnicity – Categories developed in 1997 by the Office of Management and Budget (OMB) used to describe groups to which individuals belong or identify with. The categories do not denote scientific definitions of anthropological origins. These categories are assigned to U.S. citizens, resident aliens, and other eligible non-citizens. CHEMIS methodology states individuals who select Hispanic/Latino or are non-resident aliens are not assigned an additional race category.

Specialist Degree – An award that requires the completion of an organized program of study that awards the specialist degree (beyond Master's) but does not meet the requirements of an academic degree at the Doctor's level.

Two or More Races – A student selects more than one race category. This category is mutually exclusive with the other race/ethnicity categories. CHE methodology does not count these students in the headcounts for the individual races they selected.

Unknown Race/Ethnicity – This category is used only if the student did not self-report a race or ethnic designation, and the college or university finds it impossible to place the student in one of the aforementioned race/ethnicity categories during established enrollment procedures or in any post-enrollment identification or verification process.

White – A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

Graduation Rates

11,815 students out of the 18,272 first-time, full-time undergraduates entering a South Carolina public four-year institution in Fall 2014 completed a bachelor's degree by August 2020. The overall 150% graduation rate for public four-year institutions for the Fall 2014 cohort was 64.7%; 80.1% for research institutions and 51.5% for comprehensive teaching institutions. 2,730 students out of the 12,620 first-time, full-time undergraduates entering a South Carolina public two-year institution in Fall 2017 completed a degree by August 2020. The overall 150% graduation rate for public two-year institutions for the Fall 2017 cohort was 21.6%; 26.1% for two-year regional campuses of USC and 21.3% for technical colleges.

The Commission on Higher Education calculates graduation rates and success rates for all South Carolina public colleges and universities. Cohorts are constructed using the Fall enrollment data provided by the institutions to identify the first-time, full-time entering undergraduates for the cohort base. These students are then matched to student records in the completions database to determine the number of graduates from each cohort at the various undergraduate degree levels. The CHE graduation rate counts only the number of students who complete degrees at South Carolina institutions where they first enrolled. The CHE success rate is more expansive and includes students still enrolled at the same institution without graduating after 150% of program time and students who transfer to other institutions before 150% of program time.

¹ Minority students excludes international students and unknown categories.

Graduation Rates Terminology

150% Program Time – The length of time it will take a student enrolled full-time to complete a specific degree plus an additional 50% of time.

Examples of standard 150% times are three years for an Associate's degree and six years for a Bachelor's degree.

Cohort Exclusions – Students who were initially counted in a cohort and left the institution without a degree can be removed from subsequent cohort counts used to calculate retention and graduation rates for the following reasons:

- Death or severe disability
- Service in the armed forces (including those called to active duty)
- Service with a foreign aid service of a foreign government
- Service in official church mission

Full-Time, First-Time Undergraduates – The CHE follows IPEDS methodology for constructing fall cohorts based on the students who enter an institution during the fall semester as full-time, degree-seeking students. Students who enter an Institution for the first-time during Summer semesters are also included in the fall cohort. First-time, part-time and first-time, non-degree-seeking undergraduate students are not included in the cohort base used to measure graduation rates.

Graduation Rate – The rate required for disclosure and/or reporting purposes under the Federal Student Right-to-Know Act. The IPEDS Graduation Rate Survey (GRS) defines the cohort of students to be included each year as the first-time, full-time degree-seeking students entering an institution each fall. This rate is calculated as the total number of completers within 150% of normal program time divided by the cohort base minus any allowable exclusions.

Success Rate – The CHE success rate, in addition to the graduates included in the graduation rate cohort, includes as part of the completion group those students who are still enrolled at the same institution during the Fall term following 150% of program time and students who transfer to other institutions before 150% of program time.

¹ 150% Graduation Rates at two-year institutions are calculated using a nine semester time period for associate's degrees and a four semester time period for certificates and diplomas. For students in the Fall 2017 cohort, associate's degree completions are counted through Summer 2020 and certificate/diploma completions through Fall 2018.

SAT and ACT Test Scores

In Fall 2020, 12,200 in-state first-time undergraduates at South Carolina public four-year institutions and two-year regional campuses of USC submitted standardized test scores during the application process. The trend of the previous years continued in Fall 2020 with more of these students reporting SAT scores (7,695 students) than ACT scores (5,131 students). Only 4.83% of students reporting scores (626 students) reported scores for both standardized tests.

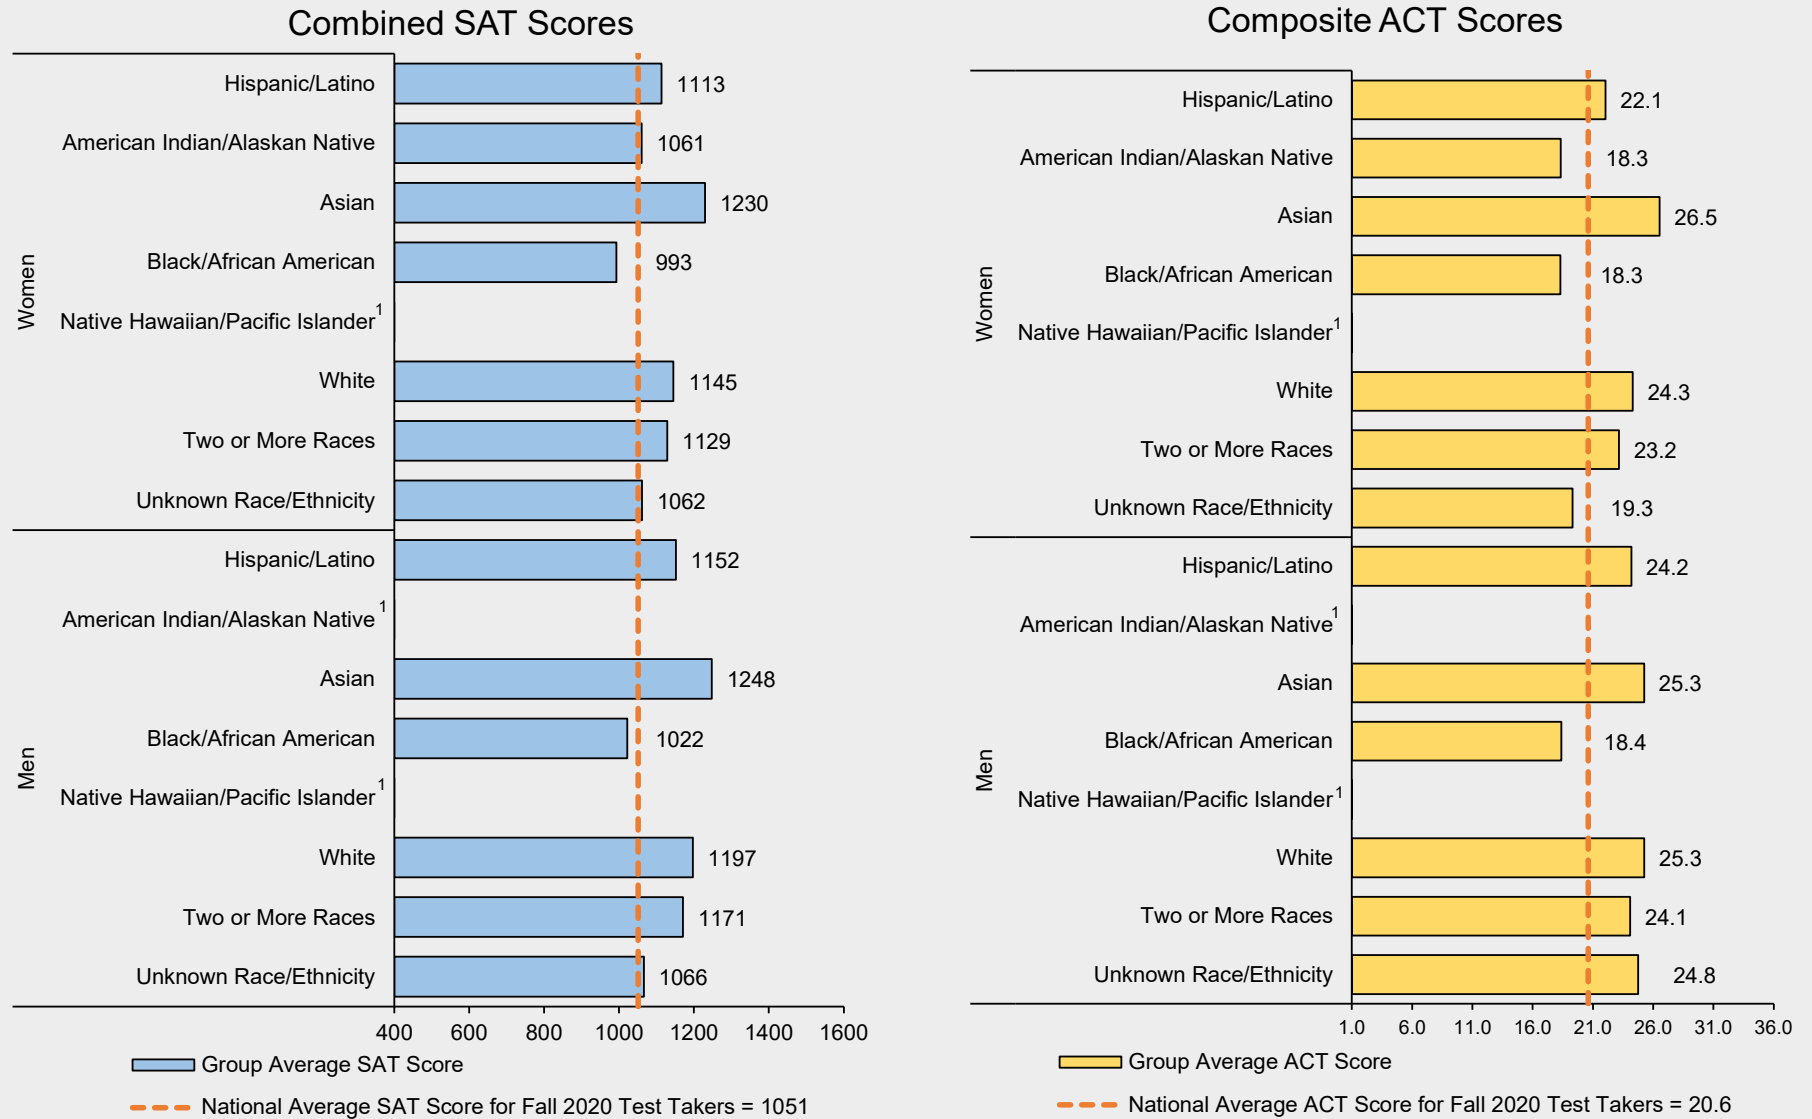

The CHE is able to calculate the average scores based on a range of student characteristics, such as race/ethnicity, and gender because the data is reported at the student level. The data in Table 4.1 shows the average test scores by students' characteristics. The remaining tables in this section display average scores by institution based on student status. Please review the admission policy at each institution for current information on submitting standardized test scores.

SAT and ACT Terminology

American Indian/Alaskan Native – A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

Asian – A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Black/African American – An American of African, and especially of black African, descent.

Combined SAT Score – The sum of the highest SAT verbal and SAT math scores reported for determining student admission.

Composite ACT Score – The highest reported ACT score used to determine student admission. The CHE does not collect individual scores on the four ACT test sections: English, mathematics, reading, science.

Gender – The CHE collects gender information on all enrolled students and faculty following the federal Integrated Postsecondary Education Data System (IPEDS) policy which currently does not distinguish between sex and gender and requires institutions to report gender as either female or male. Institutions are allowed to determine the method for reporting individuals as male or female when gender is unknown or self-report as neither female nor male.

Hispanic/Latino – A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture of origin, regardless of race. This category is mutually exclusive with the race categories. CHE methodology does not permit the reporting of these students under additional race categories.

International Student – A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. This category is mutually exclusive with the other race/ethnicity categories. CHE methodology does not permit the reporting of these students under additional race or ethnicity categories.

Native Hawaiian/Pacific Islander - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

Race/Ethnicity – Categories developed in 1997 by the Office of Management and Budget (OMB) used to describe groups to which individuals belong or identify with. The categories do not denote scientific definitions of anthropological origins. These categories are assigned to U.S. citizens, resident aliens, and other eligible non-citizens. CHEMIS methodology states individuals who select Hispanic/Latino or are non-resident aliens are not assigned an additional race category.

Two or More Races – A student selects more than one race category. This category is mutually exclusive with the other race/ethnicity categories. CHE methodology does not count these students in the headcounts for the individual races they selected.

Unknown Race/Ethnicity – This category is used only if the student did not self-report a race or ethnic designation, and the college or university finds it impossible to place the student in one of the aforementioned race/ethnicity categories during established enrollment procedures or in any post-enrollment identification or verification process.

White – A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

¹ MUSC is excluded because the institution does not admit first-time undergraduate students. SAT or ACT scores are not required for admission at South Carolina Technical Colleges because these institutions have open admissions which means the only criterion for entrance is a High School diploma or General Education Development (GED) certificate.

^^ Data suppressed due to sample size for Family Educational Rights and Privacy Act (FERPA) compliance.

Scholarships and Grants

The State of South Carolina awarded a total of \$399,783,775 in scholarship money during the 2020-21 academic year disbursed through five main scholarships: \$221,952,427 awarded through LIFE scholarships, \$76,879,729 through Palmetto Fellows scholarships, \$59,504,884 through Lottery Tuition Assistance, \$31,153,172 through Need-based Grants, and \$10,239,564 through HOPE scholarships.

South Carolina has three Statewide merit-based scholarships: Palmetto Fellows, LIFE, and HOPE. Students may only receive one of these scholarships during an academic year; however, students can transition between these scholarships over the course of their academic career. LIFE scholars and Palmetto Fellows pursuing approved majors are eligible for award enhancements after the completion of 30 undergraduate credit hours. South Carolina students may also be eligible for two need-based scholarships: SC Need-based Grants or Lottery Tuition Assistance. Please see the CHE website, www.che.sc.gov/, for up-to-date scholarship information and a complete explanation of eligibility requirements.

South Carolina colleges and universities are required to report scholarship disbursements to the CHE each semester. This data allows the CHE to report on the total number of recipients and award disbursement each academic year. Scholarship data is reported at the student level and the CHE is able to track how many students retain specific scholarships.

Scholarship Terminology

Academic Year (AY) – The academic year as measured by the CHE starts on August 1st and runs to July 31st of the following year. Enrollment during the 2020-21 academic year includes any enrolled students reported to the CHE for semesters (or quarters) starting in August 2020 to July 2021; this corresponds to the following semesters: Fall 2020, Spring 2021, Summer I 2021, Summer II 2021.

Award Enhancements – LIFE and Palmetto Fellows Scholarship recipients enrolled in eligible STEM (Science, Technology, Engineering, and Math) programs may qualify for an additional \$2,500 per year. Student's should check with their Institution's financial aid office to determine if they meet the additional eligibly requirements and ensure a specific academic program qualifies for a STEM enhancement award.

LIFE Scholarship – A merit-based scholarship established in 1998. Scholarship funds are awarded half in the fall term and half in the spring and must be applied toward the cost of attendance. Students attending an eligible two-year or technical college may receive up to the cost of tuition and fees, to include a \$300 book allowance (total award not to exceed \$5,000), for a maximum of two consecutive terms toward a one-year program and up to four consecutive terms toward a two-year program (based on the date of initial college enrollment). Students attending an eligible four-year public or independent institution may receive up to \$4,700, plus a \$300 book allowance (total award not to exceed \$5,000), for a maximum of eight consecutive terms toward the first Bachelor's degree or the first CHE-approved 3 + 2 program. For the first CHE-approved five-year undergraduate program, students may receive up to 10 consecutive terms of scholarship funding (maximum terms of funding based on the date of initial college enrollment).

Lottery Tuition Assistance – The Lottery Tuition Assistance program was established in 2001 under the S.C. Education Lottery Act and implemented fall 2002. Lottery Tuition Assistance is available at eligible two-year institutions in the State. Exact award amounts are contingent upon the number of eligible students and funding available from lottery proceeds. Lottery Tuition Assistance funds can only be used for payment of the cost of tuition and mandatory fees.

Merit-Based Award – A scholarship awarded based on quantified measures of academic performance; for example: high school GPA, high school rank, or standardized test scores.

Need-Based Award – A scholarship awarded based on quantified measures of financial need; for example: family household income.

Palmetto Fellows Scholarship – A merit-based scholarship established in 1988 to recognize the most academically-talented high school seniors and encourage them to attend college in the state. The annual award amount for the freshman year is up to \$6,700. The award amounts for the sophomore, junior, and senior years are up to \$7,500 per year. Half of the scholarship is awarded in the fall term and half in the spring. The scholarship is applied toward the cost of attendance, less any other gift aid, at an eligible four-year institution in South Carolina. Assuming continued eligibility, Palmetto Fellows may receive scholarship funding for up to eight consecutive terms of full-time study toward the first Bachelor's degree. Palmetto Fellows may receive up to 10 consecutive terms of full-time study toward the first CHE-approved five-year undergraduate program.

SC HOPE Scholarship – A merit-based scholarship established under the 2001 S.C. Education Lottery Act and implemented in fall 2002. The scholarship was created to provide funding for students attending an eligible four-year institution in S.C. who did not qualify for the LIFE or Palmetto Fellows Scholarship. Students may receive up to \$2,500 plus a \$300 book allowance (total award not to exceed \$2,800) for the first two consecutive terms of college enrollment. Scholarship funds are applied toward the cost of attendance.

SC National Guard College Assistance Program – Qualified members of the National Guard may receive college assistance program benefits up to an amount equal to 100% of college cost of attendance, provided, however, these college assistance program benefits in combination with all other grants and scholarships shall not exceed the cost of attendance at the particular eligible institution in any given award year; and the cumulative total of all college assistance program benefits received may not exceed \$18,000.

SC Need-based Grant - At S.C. public institutions, eligible degree-seeking students may receive up to \$2,500 annually if enrolled full-time and up to \$1,250 annually if enrolled part-time. Students may receive Need-based Grant funding for up to two academic terms each academic year which may be awarded in any combination of fall, spring, or summer terms. The Need-based Grant is an annual award that must be applied toward the cost of attendance and disbursed half in the first semester and half in the second semester.

¹ 2018-19 AY data unavailable as of 11/15/21

Tuition and Fees

In-state tuition at public institutions only increased at a few technical colleges between the 2019-20 and 2020-21 academic years compared to the prior year. The average in-state tuition cost for the 2020-21 academic year was \$12,420 at public four-year institutions and \$5,269 at public two-year institutions. Out-of-state tuition also only increased at a few technical colleges between the 2019-20 and 2020-21 academic years compared to the prior year. The average out-of-state tuition cost for the 2020-21 academic year was \$26,853 at public four-year institutions and \$11,011 at public two-year institutions. The total amount of tuition abatements for out-of-state tuition at public institutions was \$194,082,360, an increase of 3.9% from the previous academic year.

The CHE collects tuition and fee data through the CHE Form 100 which is completed annually by financial officers at each public institution. The data reported aligns with the federal Integrated Postsecondary Education Data System (IPEDS) definition of tuition and fees which the CHE specifies as the amount of tuition and fees covering the entire academic year for an undergraduate student enrolled 12 or more hours per semester. The complete tuition and fee report can be found on the CHE website. Independent institutions in South Carolina do not report tuition and fee data to the CHE.

Figure 6.1: Ten-Year Trend in In-State Tuition and Required Fees by Institutional Sector Average

¹ Calculated from 2010-11 data.

Figure 6.2: Ten-Year Trend in Out-of-State Tuition and Required Fees by Institutional Sector Average

¹ Calculated from 2010-11 data.

Tuition and Fees Terminology

Abatement – A tuition abatement is when an out-of-state student receives a waiver on part, or all, of the out-of-state tuition fee. Complete details of the abatement process can be found in Section 59-112-70 of the 1976 State Code. South Carolina public colleges and universities can award individual abatements to undergraduate students for three reasons:

- a) for students who are recipients of scholarship aid
- b) for students who are participating in an international sister-state agreement program which the Governor and the General Assembly have entered to promote the economic development of South Carolina
- c) when institutions have established an ongoing relationship in one or more degree programs with an international institution that includes regular arrangements for the enrollment of qualified students and the exchange of faculty between the institutions

Board Charges – The charges assessed to students during an academic year for meals.

Debt Service – The amount set aside annually in a fund to pay the interest and the part of the principal due on the Institution's bond and note debt.

Dedicated Fees – Fees committed for a specific use of the funds collected. These funds may be carried forward year to year.

Educational and General (E&G) – The educational and general operations of an institution, including instruction, research, public service, academic support, student services, institutional support, operation and maintenance of physical plant, etc.

Educational Fee Waiver – The CHE collects data on the total number of undergraduate students each academic year, in-state and out-of-state, who receive any fee waiver from the institution. The type of fee waivers offered vary by institution.

In-State Rate – Pursuant to SC Code of Laws 59-112-10, et seq, and Reg. 62.600, SC residents for fee purposes including limited statutory exceptions for certain persons and their dependents residing or working in SC or for which SC has statutory reciprocal arrangements enabling SC students to attend institutions outside of SC at In-State rates. In-State includes the following categories as coded in CHEMIS for Fee Purposes:

- (1) Residents of South Carolina
- (A) Military personnel and their dependents in SC
- (B) Faculty/staff employed by State institutions and their dependents
- (C) Retirees and their dependents who reside in SC and have been domiciled in SC for less than one year and maintain a residence in SC
- (D) Full-time employees in SC and their dependents who have taken steps to establish residency
- (E) Students participating in the reciprocal Southern Regional Education Board (SREB) Academic Common Market program whereby students may take programs not available in their state but offered in another state within the region at the In-State rate
- (G) Reciprocity agreements which enable reciprocity with other states with regard to In-State tuition and fees
- (H) Non-resident aliens (international students) in approved VISA classifications once they have been awarded permanent resident status and meet statutory provisions for residency and domiciliary
- (I) Resident – Exception, Covered individuals receiving veterans GI Bill Chapter 30 and 33 education benefits (Section 59-112-50C)

Out-of-State Rate – Non-residents of South Carolina and those non-resident exception students on scholarship (non-state) who may have a full or partial waiver of the out-of-state tuition differential per board approved policy as allowed by Section 59-112-70 of the SC Code of Laws, as amended. Out-of-state includes the following categories as coded in CHEMIS for Fee Purposes:

- (2) Non-Resident of SC
- (F) Non-resident exception for fee category including out-of-state students on non-state scholarships for which the board may adopt a policy to provide for a waiver of the tuition differential

Required Fees – A fixed sum charged to students for items not covered by tuition and required of such a large proportion of all students that the student who does not pay is an exception.

Room Charges – The charges during an academic year for rooming accommodations of a typical student sharing a room with one other student.

Finance

The total amount of state appropriations for higher education increased during the 2020-21 fiscal year to \$735,138,717 (8.4%) of the state General Fund revenue. Of this amount, \$35,515,339 (4.8%) was appropriated to the Commission on Higher Education. This appropriation amount includes funds distributed by the CHE through the state scholarship programs. State lottery appropriations to higher education programs increased to \$469,386,719 in 2020-21 fiscal year. Of this amount, 67.4% was allocated to merit-based scholarships and 17.8% to need-based scholarships.

Public colleges and universities are funded partially through state appropriations which are used to support the educational and general operations at each institution. State appropriations are also used to fund the Commission on Higher Education and the state scholarship and grant programs. The data in this section comes from the General Assembly Appropriation Act and the South Carolina Department of Revenue and Fiscal Affairs.

Finance Terminology

Educational and General (E&G) – The educational and general operations of an institution, including instruction, research, public service, academic support, student services, institutional support, operation and maintenance of physical plant, etc.

Fiscal Year (FY) – The fiscal year as measured by the CHE aligns with the State of South Carolina’s fiscal year which starts on July 1st and runs to June 30th of the following year. The 2019-20 fiscal year includes any financial data reported to the CHE for August 2019 to June 2020; this corresponds to the following academic semesters: Summer II 2019, Fall 2019, Spring 2020, Summer I 2020.

State Appropriation – The amount of money set aside by the South Carolina General Assembly annually to fund a specific program or service for the citizens of the State.

State General Fund (GF) Revenue – The primary fund through which the State of South Carolina funds programs and services for the citizens of the State.

Source: SC Revenue and Fiscal Affairs, Education Lottery Appropriations Report, http://rfa.sc.gov/files/SC%20Education%20Lottery%20Appropriations%20updated%20November%202016_0.pdf, updated November 2016, and FY16 Appropriations Act.

NOTE: The Education Lottery began operating in January of 2002 and FY 2001-02 receipts were first appropriated in FY 2002-03. As shown above for higher education, lottery appropriations include lottery appropriations, certified unclaimed lottery prize funds, realized excess unclaimed lottery prize funds, and any surplus allocations to fully fund merit scholarships.

Programs listed above may receive additional state funding from other sources (e.g., LIFE, Palmetto Fellows, Tuition Grants, and SC State also receive State General Fund Appropriations).

Total Beginning Appropriations	\$385,857,436	\$412,247,414	\$432,040,743	\$449,128,020	\$444,196,757

NOTE: The appropriations, except as noted, represent *only initial program funds as provided per the Appropriations Act*. State General Funds and Lottery Funds are included, as are other funds, such as Barnwell Nuclear Waste Facility revenues appropriated for the Education Endowment or funds from non-recurring sources. The Education Endowment for higher education is required statutorily, per §48-46-40(F), to be funded at \$24 million annually should Barnwell revenues not be sufficient. As of FY 2011-12, the Education Endowment for higher education is funded wholly with State General Funds, and these funds are split equally, per §59-140-30, between Palmetto Fellows and Need-based Grant programs.

Student financial aid incentive programs for SC National Guard members are not reflected here. As of 2007, a college assistance program was made available to Guard members in lieu of a prior loan repayment program for Guard members. The loan repayment program is being phased out as of 2007 and was closed to new participants with the passage of the SC National Guard College Tuition Assistance Program (SCNG CAP). As the loan program was phased out, unallocated appropriations from the loan program were made available for SCNG CAP. Initial appropriations for the SCNG CAP program were approximately \$1.7 million in lottery funds in FY 2012-13, and with the depletion of availability of funds from the former loan repayment program, the SCNG CAP initial appropriations in FY 2013-14 have been increased to just over \$4.5 million. In FY 2014-15 through FY 2016-17, the SCNG CAP program was appropriated a total of \$4,634,968 for each fiscal year, of which \$89,968 is from General Funds and \$4,545,000 is from Lottery funds. In FY 17-18, the SCNG CAP program was appropriated a total of 4,634,958 all in Lottery funds. In FY18 -19, the SCNG CAP program was appropriated a total of \$2,631,129 all in Lottery funds.

¹ Beginning year appropriations and additional funds may be appropriated for the open-ended programs (Palmetto Fellows and LIFE). Merit programs have been fully funded to date with regard to anticipated program needs.

² For the Palmetto Fellows and LIFE programs, additional amounts above initial appropriations may be provided since these are "open-ended" programs and qualified students are provided the awards. For Palmetto Fellows and LIFE, the General Assembly passed legislation effective FY 2008-09 that provided additional stipends beginning in the sophomore year to recipients of Palmetto Fellows and LIFE who are majoring in identified math, science, engineering and health-related majors and increased the amount of the Palmetto Fellows award beginning in the second year for all recipients.

³ HOPE and Lottery Tuition Assistance for 2-Year Institutions began with the implementation of the Education Lottery in 2002.

⁴ For CHE Need-based Grants program a statutory provision requires that a portion of the available Need-based Grant funds each year must be allocated to independent institutions based on their share of full-time, in-state undergraduate enrollment in the prior fall. In fall 2013, the percentage enrollment share for the independent institutions was approximately 16.3%. See also note 4 regarding Tuition Grants.

⁵ Tuition Grants is a program managed by the SC Tuition Grants Commission and provides need-based grants to qualified students at SC's Independent Colleges and Universities. Funds shown reflect the portion appropriated to the SC Tuition Grants Commission for grants. In addition to the allocations shown here under for Tuition Grants, the program also receives by statute a share of funds appropriated to the Need-based Grant program (Footnote 3).

Facilities

Of the 36,105,590 square feet of assignable space in Fall 2020, research institutions occupied 48.9%, comprehensive teaching institutions 30.8%, technical colleges 18.8%, and two-year regional campuses of USC 1.5%. Assignable area can be identified either by function category or room classification. These are separate categorization systems assigning each defined area within a facility with both a function and room classification. Room function categories determine the service the space is being utilized to provide; for example, in Fall 2020 the function auxiliary enterprises accounted for the largest use of assignable space at 11,609,170 square feet. Room classification determines the specific use of a space the majority of the time; for example, in Fall 2020 the room classification office space accounted for the largest use of assignable space at 6,481,950 square feet.

The CHE collects facilities data from all public institutions three times a year. Institutions provide room identification data along with course data, allowing for the calculation of facility utilization metrics, such as the percentage of student station utilization. These metrics were designed to assess institutional performance compared against standard benchmarks set by the South Carolina General Assembly in collaboration with the State's public colleges and universities.

**Figure 8.1: Total Square Feet of Assignable Area
Fall 2020**

¹ Excludes hospital space at MUSC.

**Figure 8.2: Percentage of Total Assignable Area
Fall 2020**

¹ Excludes hospital space at MUSC.

Facilities Terminology

Academic Support – Funds to provide support services for an institution's primary missions – instruction, research, and public service.

Assignable Area – The sum of all areas on all floors of a building assigned to, or available for assignment to, an occupant or use, excluding spaces defined as building service, circulation, mechanical, and structural areas.

Average Weekly Classroom Hours of Instruction – A rate of the total number of classroom hours of instruction over the total number of classrooms for each institution. Weekend hours of instruction are excluded from this calculation even for courses with section meeting times on weekdays.

Auxiliary Enterprises – Activities that exist to furnish goods or services to students, faculty, or staff, and that charge a fee directly related to, although not necessarily equal to, the cost of the goods or services are included in auxiliary enterprises. These entities are classified as self-supporting.

Classroom Average Student Station – A rate of the total assignable area over the total number of student stations across all of an Institution's classroom space.

Classroom Hours of Instruction – The number of hours that each classroom is used for regularly scheduled classes.

Clock Hours of Instruction – The number of hours a course meets rounded to the nearest half hour per meeting time multiplied by the number of weekdays the course meets.

Educational and General (E&G) – The educational and general operations of an institution, including instruction, research, public service, academic support, student services, institutional support, operation and maintenance of physical plant, etc.

Hospitals – Activities associated with the patient care operations of a hospital. This category does not include instructional activities which may take place in the hospital but which are more appropriately categorized in the instructional program.

Independent Operations – Institutional activities that are owned by or controlled by the institution but that are independent of or unrelated to the institution's mission.

Institutional Support – Activities carried out to provide for both the day-to-day functioning and the long-range viability of the institution as an operating organization. The ultimate goal of the institutional support program is to provide for the institution's organizational effectiveness and continuity.

Instructional Area – Physical space where activities are carried out for the express purpose of eliciting a measure of educational change in a learner or group of learners.

Percent Student Station Utilization – The total number of actual clock hours of instruction over the total number of potential clock hours of instruction multiplied by the total number of student stations.

Physical Plant Operations – Activities related to maintaining existing facilities and grounds, providing utility services, and planning and designing future plant expansions and modifications.

Public Service – Activities established to make available to the public the various resources and capabilities of the institution for the specific purpose of responding to a community need or solving a community problem.

Research – Any activity intended to produce one or more research outcomes – including the creation of knowledge, the organization of knowledge, and the application of knowledge. A research activity may be conducted with institutional funds or under the terms of an agreement with an agency external to the Institution.

Room Classification – The CHE room classification codes define the specific use of a space the majority of the time.

Room Function – The CHE room function codes define the service a space is being utilized to provide the majority of the time.

Student Services – Activities that contribute to the emotional and physical well-being of the students, as well as to their intellectual, cultural, and social development outside of the context of the institution's formal instruction program.

Student Station – A desk, table/chair, theater seating, etc., used by a student in a classroom or class laboratory.

Faculty

A total of 15,981 faculty members were reported as current staff by South Carolina public higher education institutions for the Fall of 2020. 7,698 of these faculty members were full-time, teaching faculty and the remaining 8,283 were reported in other faculty categories. Figure 9.2 shows the total number of both white and minority full-time, tenured or tenure track teaching faculty increased in Fall 2020 compared to Fall 2019. In contrast, Figure 9.3 shows the total number of minority full-time teaching faculty not on tenure track increased between Fall 2020 and Fall 2019 but the total number of white full-time teaching faculty declined.

The Commission on Higher Education collects faculty data from the public colleges and universities only during the fall semester. Various faculty characteristics are included in this report such as race/ethnicity and gender. Faculty rank and tenure status are also reported allowing for trend analyses using these factors. The CHE does not collect data on non-instructional staff members.

Note: Editions prior to the 2019 Statistical Abstract only reported data on full-time, teaching faculty and used a salary conversion factor based on a discontinued performance funding measure. The salary conversion factor used in this edition was constructed to align with the IPEDS nine-month salary conversion factor. Salaries reported in this edition should not be compared to data in editions before 2019.

Figure 9.2: Ten-Year Trend in Full-Time, Tenured or Tenure Track Teaching Faculty¹ by Race/Ethnicity² Headcounts for Fall Semesters

¹Technical Colleges are excluded because they do not have tenure systems. ²International and Unknown Race/Ethnicity faculty are excluded.

Figure 9.3: Ten-Year Trend in Full-Time, Not on Tenure Track Teaching Faculty by Race/Ethnicity¹ Headcounts for Fall Semesters

¹International and Unknown Race/Ethnicity faculty are excluded.

Faculty Terminology

American Indian/Alaskan Native – A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

Asian – A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Average Salaries – The CHE follows the IPEDS policy of adjusting salaries to a reflect a nine-month contract basis. For faculty with contract terms over nine months, salaries are adjusted by the rate of the contract term over 9. Full-time medical faculty with annual salaries below \$40,000, part-time faculty, and faculty with contract terms less than nine months are removed from salary calculations.

Black/African American – An American of African, and especially of black African, descent.

Classification of Instructional Programs (CIP) – A numerical classification and standard terminology for higher education instructional programs provided by the National Center of Education Statistics (NCES). Individual programs are designated by a six digit code and general academic disciplines are identified by the first two digits of the six digit code.

Faculty – The CHE follows the IPEDS definition which states institutions should identify faculty as staff whose initial assignments are made for the purpose of conducting instruction, research or public service as a principal activity (or activities). Faculty may hold academic rank titles or they may hold administrative positions. The designation of faculty does not need to reflect the current duties assigned to the individual.

Faculty Rank – Faculty rank is assigned to individuals by institutions. The CHE tracks the following five levels of ranked faculty: professor, associate professor, assistant professor, lecturer, or instructor.

Full-Time, Teaching Faculty – These faculty are a subset of the total faculty and include only those faculty members the institution designates as having teaching or instruction as their current principal activity.

Gender – The CHE collects gender information on all enrolled students and faculty following the federal Integrated Postsecondary Education Data System (IPEDS) policy which currently does not distinguish between sex and gender and requires institutions to report gender as either female or male. Institutions are allowed to determine the method for reporting individuals as male or female when gender is unknown or self-report as neither female nor male.

Hispanic/Latino – A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture of origin, regardless of race. This category is mutually exclusive with the race categories. CHE methodology does not permit the reporting of these staff under additional race categories.

International Faculty – A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. This category is mutually exclusive with the other race/ethnicity categories. CHE methodology does not permit the reporting of these faculty under additional race or ethnicity categories.

Other Full-Time Faculty – These faculty members are full-time staff at an institution who hold faculty status but do not have teaching or instruction as their current principal activity. For example, these faculty members may be chancellors, provost, deans, or other administrative personnel without regular teaching duties who either previously held a teaching position, may occasionally teach as part of their current position, or teach below a full course load per semester as determined by the institution.

Native Hawaiian/Pacific Islander - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

Race/Ethnicity – Categories developed in 1997 by the Office of Management and Budget (OMB) used to describe groups to which individuals belong or identify with. The categories do not denote scientific definitions of anthropological origins. These categories are assigned to U.S. citizens, resident aliens, and other eligible non-citizens. CHEMIS methodology states individuals who select Hispanic/Latino or are non-resident aliens are not assigned an additional race category.

Tenure Status – Tenure status is determined by the institution and is separate from faculty rank.

Two or More Races – A person selects more than one race category. This category is mutually exclusive with the other race/ethnicity categories. CHE methodology does not count these staff in the headcounts for the individual races they selected.

Unknown Race/Ethnicity – This category is used only if the staff member did not self-report a race or ethnic designation, and the college or university finds it impossible to place the person in one of the aforementioned race/ethnicity categories during established hiring procedures or in any post-hiring identification or verification process.

White – A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

Appendix 1 - Types of Public Institutions in South Carolina by Mission

Changes to the SC State Code of Laws, 1976, as amended, arising from Act 359 of 1996, set forth the missions of public higher education, as well as for each type of public institution in the state (Sections 59-103-15 (A) and 59-103-15(B)). The missions are excerpted and printed below.

Mission Identified for Higher Education in South Carolina:

The General Assembly determined that the mission for higher education is to be a global leader in providing a coordinated, comprehensive system of excellence in education by providing instruction, research, and life-long learning opportunities which are focused on economic development and benefit the State of South Carolina.

Goals to be achieved through this mission include: high academic quality; affordable and accessible education; instructional excellence; coordination and cooperation with public education; cooperation among the General Assembly, Commission on Higher Education, Council of Presidents of State Institutions, institutions of higher learning, and the business community; economic growth; and clearly defined missions.

Missions Identified for Each Sector of South Carolina Public Higher Education:

Research Institutions

- college-level baccalaureate education, master's, professional, and doctor of philosophy degrees which lead to continued education or employment
- research through the use of government, corporate, nonprofit-organization grants, or state resources, or both
- public service to the State and the local community

Two-year Regional Campuses of The University of South Carolina

- college level pre baccalaureate education necessary to confer associate's degrees which lead to continued education at a four-year or research institution
- public service to the State and the local community

Four-Year Colleges and Universities (Comprehensive Teaching Institutions)

- college level baccalaureate education and selected master's degrees which lead to employment or continued education, or both, except for doctoral degrees currently being offered
- doctoral degree in Marine Science approved by CHE¹ B.S. degree in Mechanical Engineering approved by CHE at South Carolina State University; B.S. degree in Electrical Engineering approved by CHE at South Carolina State University; doctoral degree in Nursing Practice approved by CHE at Francis Marion University; doctoral degree in Nursing Practice approved by CHE at the University of South Carolina Aiken; doctor of philosophy degree in Education Administration approved by CHE at Coastal Carolina University; doctor of philosophy degree in Computer and Information Science approved by CHE at the College of Charleston²
- limited and specialized research
- public service to the State and the local community

State Board for Technical and Comprehensive Education System

- all postsecondary vocational, technical, and occupational diploma and associate degree programs leading directly to employment or maintenance of employment and associate degree programs which enable students to gain access to other postsecondary education
- up-to-date and appropriate occupational and technical training for adults
- special school programs that provide training for prospective employees and existing industry in order to enhance the economic development of South Carolina
- public service to the State and the local community
- continue to remain technical, vocational, or occupational colleges with a mission as stated (in this section for State Board for Technical and Comprehensive Education System) and primarily focused on technical education and the economic development of the State
- an applied baccalaureate in Advanced Manufacturing Technology degree approved first by the Board for Technical and Comprehensive Education and then CHE³
