THIS DIRECTORY contains information based upon replies to a questionnaire sent by the Office of Education to education associations and organizations. The fact that an association or organization is listed in the Directory does not necessarily imply that the Office of Education recommends it.
THE FIRST SECTION covers, in a single alphabet, the following types of associations: (1) associations of educators and other persons directly concerned with schools and colleges; (2) community health, service, or social welfare groups that relate certain of their activities to school and college programs; (3) historical, learned, professional, research and scientific organizations growing out of or related to school and college activities; (4) library and museum associations; (5) organizations sponsoring youth group activities in schools and colleges or supplementing school or college programs.
