In this annotated bibliography of acquisitions during 1968 appear 265 Extension studies on administrative organization and management; training and staff development; mobilizing participation in Extension work; local leadership; program content and planning procedures; general effectiveness and progress in Extension; teaching methods, techniques, and devices; research methods; and Extension research reporting services. Among the concerns and topics treated are staff duties and functions, public relations, finance, urban extension, rural and community development, civil defense, supervision, inservice education, agribusiness, home economics, the Four-H movement, animal science, consumer education, marketing, and mass media (including radio and television). Also included are bibliographies, handbooks, workshop reports, and other general works. (ly)
DIVISION FILE OF EXTENSION RESEARCH MATERIALS *

Additions During 1968

* Contents of this file - initiated in 1957 - are available for personal use of all FES staff members, either for inspection in Room #6433 or for inter-office loan. To all others, this listing is for awareness purposes only.

Unless a member of this Division is cited as the author, copies of items on this list are not available from this Division. Requests for personal copies of processed materials should be directed to the source mentioned in the citation. Typewritten manuscripts and others issued in limited supply generally are available only via library loan or purchase of filmed copies from the originating institution or from a clearinghouse covering the appropriate subject-matter field.
