This report is a summary of the results of a questionnaire survey of locally developed health education materials. This guide has been prepared to assist school districts in the planning and initiation or expansion of local health programs. It reports on the current status of locally developed programs in the county. Hopefully, this information will simplify the task of those who seek sources of health education programs in Suffolk County.

Listed are the name and title of the person completing the questionnaire and the number code assigned each district. The guide is partitioned into four grade level sections, kindergarten through third grade, fourth through sixth grade, seventh through ninth grade, and tenth through twelfth grade. Each section is preceded by the list of district names and their code numbers. The numbers in each cell of the topic, materials matrix, refer to the assigned district code numbers. The research reported herein was funded under Title III of the Elementary and Secondary Education Act. (author)
HEALTH EDUCATION PROGRAMS
DEVELOPED IN
SUFFOLK SCHOOLS
MEMORANDUM

March 21, 1969

TO: Chief School Officers, and Staff Personnel Completing the Questionnaire

FROM: John J. Keough

SUBJECT: Survey of Locally Developed Health Education Materials

As a service to the school districts of Suffolk County, the Regional Center has conducted this survey of locally developed health education materials. The enclosed report was made possible by the cooperation of chief school officers and members of their staff.

This guide has been prepared to assist school districts in the planning and initiation or expansion of local health programs. It reports on the current status of locally developed programs in the county. Hopefully, this information will simplify the task of those who seek sources of health education programs in Suffolk County.

Additional copies of the report are available on request from the Regional Center.

John J. Keough

INTRODUCTION

This booklet is a summary list of the results of the survey of Locally Developed Health Education Materials. The questionnaire was sent to all districts in Suffolk County. Returns were received from fifty-six districts.

Following this section is a list of the twenty major contributing districts. This list includes the name and title of the person completing the questionnaire and the number code assigned each district.

The guide is partitioned into four grade level sections, K-3, 4-6, 7-9, 10-12. Each section is preceded by the list of district names and their assigned code numbers. The numbers in each cell of the topic - materials matrix refer to the assigned district code numbers.

The summary requires the following additions. The Third Supervisory District of Suffolk County has developed teaching guides in all of the main topic areas for use with children who have a variety of disabilities. For further information concerning these guides, which cover all grade levels, contact Mr. George Quinlan, Assistant District Superintendent for Special Education.

Babylon U.F.S.D. #1 has developed teaching guides, curriculum guides, overhead projectuals and bibliographies in all of the major topic areas for grades seven through twelve. They also have developed models for the same grade levels in the areas of safety and first aid, personal hygiene, community health, mental health and sex education. For further information contact Mr. Alfred J. Dundee, Assistant to the District Principal.

Smithtown C.S.D. #1 has developed teaching guides and bibliographies in the topic areas of narcotics, tobacco, and alcohol for grade levels four through twelve. For further information contact Mr. Rocco Tangredi, Pupil Personnel Supervisor.

The American Educational Research Association's, Review of Educational Research, December 1968 is titled "Mental and Physical Health." It reviews and discusses the vast amount of research for the six-year period December 1962 to December 1968. The table of contents reads as follows: Mental Health in Education, Innovations in School Mental Health Programs, Measurement in Relation to Mental Health Programs, Utilization of Mental Health Professionals in the
School, Health Education, and Sex Education Research. For further information contact, AERA Executive Officer, 1126 Sixteenth Street, N. W., Washington D.C. 20036.

New York State Education Department's Curriculum Development Center has produced a course of study for grades seven through twelve in the area of sociological health problems, alcohol, smoking and drugs. These are in the microfiche collection at the Regional Center. They can be reproduced at your request.
