INTRODUCTION

This bibliography was compiled from the Vocational Education Clearinghouse document publications of Abstracts of Instructional Material (AIM). All nine indexes from Fall, 1967, to Fall, 1969, were used. AIM is a quarterly publication of the Vocational and Technical Education Clearinghouse for the Educational Resources Information Center (ERIC). The AIM indexes list abstracts of documents relating to instructional material only. A companion publication, Abstracts of Research and Related Material (ARM), lists all abstracts of research oriented material in Vocational Education.

Information provided in this bibliography is given in numerical order according to the VT Clearinghouse accession number. Some documents also list an ED number which is an Education Document accession number. These documents are found in the ERIC Research In Education (RIE) collection which is the entire collection of ERIC documents from all 19 clearinghouses. All such documents should be ordered by ED number rather than by VT number from the ERIC center at UND. All other documents can be requested from either the State Department of Vocational Education, Bismarck, or ERIC Center, UND.

All documents listed in this bibliography that are available in the VT-ERIC collection are provided on microfiche from only. Microfiche are 4 x 6 film cards which require a special reader for enlargement of the print for reading.
ORDERING INSTRUCTIONS

All documents in this bibliography that list a Vocational-Technical accession number only (VT) are located in a VT-ERIC microfiche collection. To request any document, the VT number must be provided along with the quarterly index in which the document is abstracted. All this information is provided for users in this bibliography. Materials cannot be located by title.

Individual documents may be ordered from the National Cash Register Company, Bethesda, Maryland 20014, if desired. These documents can be purchased in either microfiche form (MF) or hardcopy (HC). The price is 25¢ per microfiche or 5¢ a page in reproduced form.

Most people would prefer to make use of the microfiche from locations within the state rather than by purchasing the material. There are two collections in North Dakota; at the State Vocational Education Department in Bismarck, and at the ERIC Center, University of North Dakota, Grand Forks. Inquiries should be sent to either of these locations. To request a document, the VT number and the issue and date of the AIM index must be given. (Example: VT 000 552, AIM Fall 1968.)
