The 116 citations on book catalogs are divided into the following two main sections: (1) Selected References, in alphabetic sequence by personal or institutional author and (2) Anonymous Entries, in alphabetic sequence by title. One hundred and seven of the citations cover the years 1960 through March 1969. There are five scattered citations in the 1950s and two citations with no dates. There is also one citation for 1915 and one for 1938. The citations cover the following aspects of book catalogs: preparation, preservation and maintenance; economics and cost data; mechanization; conversion to machine-readable form; the book catalog versus the card catalog and the computerized catalog.
