PURPOSE. This sixth volume in NCTE/ERIC's index to ERIC English, ERIC Documents on the Teaching of English, represents the continuing effort of this Clearinghouse to bring together in one place a list of all documents relating to English teaching which have been processed into the ERIC system. Because each ERIC clearinghouse covers a separate area of the educational field (e.g., Linguistics, Educational Media, Teacher Education), the documents processed by several clearinghouses are of possible interest to the English teacher. Although these acquisitions are announced in issues of Research in Education (RIE), and although indexes to RIE are quite helpful, the ERIC Clearinghouse on the Teaching of English hopes to meet the demand for greater convenience with this continuing index which includes relevant citations from each of the ERIC clearinghouses.

CONTENTS. The present volume brings the index through June 1971. The six volumes together index the English-related content of the ERIC file from 1956 through June 1971. The following volumes are available:

ERIC Documents on the Teaching of English: Volume Two--January-June 1969 lists all those ERIC English documents abstracted in RIE during the period indicated as well as many documents from the earlier period which were omitted from the first volume because they were not available from the ERIC Document Reproduction Service (EDRS). (NCTE/ERIC decided that a complete index should include citations for all English documents processed--evaluated, indexed, and abstracted--by an ERIC clearinghouse; hence, this volume includes those previously omitted documents and gives availability sources for them.) Available from the National Council of Teachers of English, Stock Number 02268--$0.75 prepaid.

ERIC Documents on the Teaching of English: Volume Three--July-December 1969 completes the index through 1969 by listing not only all those English-related documents abstracted in RIE from July through December but all journal articles related to English which were indexed during 1969 in USOE's newest publication, Current Index to Journals in Education (CIJE). Available from the National Council of Teachers of English, Stock Number 02277--$1.25 prepaid.

ERIC Documents on the Teaching of English: Volume Four--January-June 1970 continues to index the content of both RIE and CIJE, the first six 1970 issues of each. Available from the National Council of Teachers of English, Stock Number 02286--$1.25 prepaid.
ERIC Documents on the Teaching of English: Volume Five--
July-December 1970 completes the index through the last six
1970 issues of both RIE and CIJE. Available from the National
Council of Teachers of English, Stock Number 02311--$1.25 prepaid.

ERIC Documents on the Teaching of English: Volume Six--
January-June 1971 indexes the content of RIE through the first
six months of 1971. CIJE materials have been omitted. It is
an in-house publication available through the ERIC Document
Reproduction Service, P. O. Drawer 0, Bethesda, Maryland 20014.

The documents were selected by hand and eye from computer-produced abstract
collections by the staff of NCTE/ERIC located at the National Council of
Teachers of English headquarters.

The present index differs from the previous three in that it does not include
the content of CIJE, but rather was restricted to the content of RIE.

CITATIONS. Entries are listed under one of fourteen categories. In a number
of cases, subcategories were created to facilitate retrieval of information
in a specialized area (e.g., a separate section under "Literature" for
"Minority Literature;" a separate section under "English Curriculum" for
"Elective English Programs.") In addition, most of the major fourteen
categories are broken down into four levels: General or Multi-level,
Preschool and Elementary (up to grade 6), Secondary (grades 7-12), and
College and Junior College.*

Because this index is neither narrowly specialized nor comprehensive of all
extant English-related books, articles, and research reports, it is particu-
larly useful for the kind of browsing that would answer the question: What
can be identified through the ERIC system on the subject of teaching English?

FINDING AIDS. At the end of every citation in brackets is an ED Number.
"A Finding List for ERIC Documents" (see below) cross-references these ED
Numbers to the appropriate issue of RIE in which more information about a
particular title (in the form of a document abstract) may be found.

ORDERING INFORMATION. To see about the availability and cost of a particu-
lar document, check the ED Number in RIE or in the ERIC collection.
