FOREWORD

Whether native-born or naturalized Americans, various ethnic groups have made, and are making, many contributions to this country. Our lives become richer as we enjoy music, read literature, admire works of art, or feast upon the gourmet foods originating in the homeland of ethnic groups. With these things in mind, the members of this committee compiled this selective bibliography to be used in our schools on all grade levels.

Knowing that appreciation comes through understanding, much material has been listed that gives insight into the history, culture, and mores of these people. Separate lists for the elementary and high school have been made.

This bibliography contains only a select number of books. The purpose of this publication is to save the librarians hours of time since books listed have been thoroughly checked and are found in two or more book selection aids. Library book collections will have better balance if a few books are added each year from each ethnic group.

We are indebted to the library committee from the Arkansas Department of Education and to the many librarians who have assisted in this publication.

A. W. Ford
Commissioner of Education
CONTRIBUTIONS OF ETHNIC GROUPS

Realizing the school’s need for selective material on the contributions of several ethnic groups within the state, A. W. Ford, Commissioner of Education, appointed a library committee composed of Dean H. Whiteside, Chairman, Mrs. Anne Jackson, Mrs. Bessie Moore, Cecil Shufflefield and Olen Churchil to prepare a recommended list of library books, reference materials, and audio-visual aids such as films and filmstrips for use in elementary, junior high and senior high schools of the state. The committee, which was organized April 13, 1969, agreed that the selective list should concern itself with four ethnic groups: Indian, Mexican, Oriental and Black American; and their contributions in the fields of history, science, culture, literature, etc.

The State Department of Education Library Committee solicited the aid of professional librarians in preparing this bibliography. The bibliography was first issued in mimeograph form in September, 1969, and distributed to schools for use and evaluation during the 1969-70 school year. The committee continued work with the aid of librarians throughout the state and were especially aided by the Library Staff at Arkansas State University.

The committee wishes to express our appreciation to Mrs. Anne Jackson for editing and indexing the manuscript; to Mrs. Katherine Stanick for checking the manuscript; to Mrs. Dorothy McCray and Mrs. Erma Shaw who did the typing.

Chairman.

Dean H. Whiteside
