by

JOHN H. CAMPER
Consultant in Adult Education
These materials, prepared by Adult Basic Education teachers in workshops conducted under auspices of the Bureau of Adult Education and the University of Southern California, are intended to provide others with a reference designed to acquaint them with lesson planning in Elementary Subjects for Adults, and developed within a context of performance objective, and accountability planning of the curriculum. It is our hope that in future years and as a result of participation by substantial numbers of teachers and students in the program, a course of study can be developed that will be relevant to the needs of the adult student population in most parts of the State.

INTRODUCTION

The lesson plans on the following pages were prepared by Adult Basic Education teachers who attended the one-day mini-workshops held in various parts of the state and the participants of the six-session course held at the University of Southern California. Lesson plans submitted by the University of Southern California participants are noted by the letters USC after the words "submitted by" at the top of the lesson plans. The reason they are noted by such designation is that they were submitted as a group and the names of the participants were not on the individual plan.

All of the plans in this handbook have been edited. In some of them, major changes were made. In others a few words were added or omitted. Overall, the submitted plans were realistic, practical and workable. It is believed that with the implementation of lessons based on these guidelines, one result will be increased student interest in all aspects of the Adult Basic Education Program.

The lesson plans included in this booklet are merely outlines. It is up to the teacher using them to fill in the details. Local needs and differences make it necessary for additional preparation by teachers before attempting to use them. Where more than one plan deals with the same subject, teachers should combine the information of each into one basic plan to meet specific needs.
CONTENT AREA: Consumer Education  TOPIC: Buying Foods  GRADE LEVEL: 5 - 8
PREPARED BY: USC  DISTRICT: COUNTY: L. A. LENGTH: 3 Hrs.

CONCEPT: The technique of buying food is a necessary skill for the poor.

PURPOSE: To aid adult students in gaining more efficient means of buying foods.

PERFORMANCE OBJECTIVES: By the end of the course the student will be able to:
1. Demonstrate his ability to make sound purchases of food by answering 70% of the items on a teacher-prepared evaluation instrument, based on experiences provided during the course.
2. Interpret date codes, compare brand contents and determine amounts of ingredients in cans and containers.
3. Compare container size in relationship to price.

ACTIVITIES:
1. Field trip to local market for simulated comparative shopping.
2. Demonstration of container size and contents.
3. Demonstration of can size and contents.
4. Evaluation of newspaper food ads.
5. Discussion of students' experiences in previous shopping.
6. Discussion on comparative shopping.
7. Showing of appropriate movies. (See U. S. Dept. of Agriculture listings.)

CONTENT AREA: Consumer Edu. (Math)  TOPIC: Gas Mileage  GRADE LEVEL: 4th & up
PREPARED BY: Mary Saxton  DISTRICT: Sweetwater  COUNTY: San Diego  LENGTH: 3 Hrs.

CONCEPT: ABE students need to know how many miles they are getting from a gallon of gas.

PURPOSE: To help students know how much money to budget for gasoline.

PERFORMANCE OBJECTIVES:
1. Using figures from records kept of miles driven and number of gallons of gasoline purchased, the student will be able to calculate the number of miles covered for each gallon of gas.
2. On the basis of his record of miles covered for each gallon of gas, the student will be able to calculate the cost of gas for a trip covering a stated number of miles, when the cost of gas per gallon is given.
3. After determining the cost of gas in operating his automobile, the student will be able to specify the amount to be set aside for gas in a family budget based on guidelines provided by the instructor.
4. Using information given on a chart provided by a gas station, the student will be able to select from the various grades of gas (regular, half and half, or ethel) which is most economical for the operation of his particular car.

TEACHER PREPARATION: Ask the following questions:
1. How do you get to school? (Note number of students who drive.)
2. How far do you drive?
3. Do you know how much it costs, for gas, to operate your car?
4. Is your car economical to drive?

ACTIVITIES: Each student will:
1. Keep a record of miles driven in a given period of time. (1 week, 2 weeks, 1 month), and a record of gas used. Figure mileage.
2. Keep a record of miles driven on a trip and gas used. Figure mileage.
3. Figure cost of gas for regular driving and for a trip.
4. Purchase different grades and brands of gas, keeping the above records in the same manner in order to provide a comparison of products.

MATERIAL, AIDS:
1. Automobile and notebook or paper on which to record miles traveled and gas used.
2. Chalk board or overhead projector transparencies.
3. Chart showing correct type of gas for various automobiles.

EVALUATION:
1. Teacher will ascertain if student used procedures in arriving at the correct answers for miles used per gallon of gas, cost per trip, and budget percent to be applied to gas purchase.
2. Student's budget procedure will be evaluated to ascertain whether it follows guidelines taught.
3. Choice of gas will be checked with chart provided at gas station to ascertain whether the right choice was selected.
4. Student will explain his purchases to determine if class was advantageous.
CONTENT AREA: Consumer Education  TOPIC: Credit  GRADE LEVEL: 7 - 8
PREPARED BY: Marilyn Matthews  DISTRICT: El Monte  COUNTY: L. A.  LENGTH: 3 class periods
CONCEPT: Both borrower and lender have responsibilities in a credit situation.
PURPOSE: Be able to determine if a credit purchase is wise and realistically evaluates the cost to the borrower.

PERFORMANCE OBJECTIVES: At the end of the Unit on Borrowing, students given an actual or hypothetical borrowing situation should be able to describe:

5. Discuss news items on drug abuse, arrests, etc.

MATERIAL, AIDS:
1. Pamphlets.
2. Sample drugs.
4. Newspaper clippings.

EVALUATION:
1. Have students make a list of ten drug offenses, (glue sniffing, paint inhalation, pills, etc.).
2. Have students describe orally or in writing the effects of drugs on the child.
3. Have students list drug sources.
4. Have students describe the various types of drugs.
5. Have students describe reactions of persons under influence of drugs.
CONTENT AREA: Health Practices  TOPIC: Personal & Family Hygiene

CONCEPT: Good health and hygiene practices are essential to all people.
PURPOSE: To provide the student with information on sound health practices.

PERFORMANCE OBJECTIVES: At the conclusion of this course, students will be able to:

1. List twenty-five practices that contribute to good hygiene.
2. Identify those practices which contribute to poor health habits.
3. Develop a positive program for family hygiene.
4. Identify and properly use ten products and tools designed for health care.

TEACHER PREPARATION:
1. Secure pamphlets from local Health Department.
2. Secure speaker (Health Nurse, Doctor, etc.).
3. Select appropriate movie.
4. Prepare lecture.
5. Collect health charts.
6. Secure sample hygienic products and tools.

ACTIVITIES:
1. Guest speaker.
2. Lecture (care of eyes, teeth, ears, etc.; body cleanliness; hygienic habits).
3. Demonstration on use of health tools and products.
4. Discussion of health charts.
5. Select movie on health.
6. Discussion of pamphlets.

MATERIAL, AIDS:
1. Health charts.
2. Pamphlets.

EVALUATION:
1. Have students list as many good health habits as possible.
2. From a scrambled list of good and poor health habits, have the student make two lists - one of good habits, another of poor habits.
3. Have students draw up a family health plan.
4. Have students list and explain use of various health tools and products.
CONTENT AREA: Health Practices  TOPIC: Home Remedies  GRADE LEVEL: 3-8
PREPARED BY: USC  DISTRICT: COUNTY: LENGTH: 5 Days
CONCEPT: Students should be able to determine whether home remedies are helpful.
PURPOSE: To gain knowledge of sound medical cures and improve English skills.

PERFORMANCE OBJECTIVES: To gain knowledge of sound medical cures and improve English skills.
1. Select from a list of various home and folk remedies, those which are medically sound based on information gained in this class.
2. Describe the conditions under which home and folk medicines are valid medications.
3. Improve reading and writing skills as shown by increase in score on post-test as compared with score on pretest.
4. Name proper medications to use in place of ineffective home and folk remedies.

TEACHER PREPARATION:
1. Prepare for classes by:
   a. Securing resource persons.
   b. Securing list of various home and folk remedies.
   c. Securing pamphlets from County Health Department.
2. Motivate class by having an introductory discussion on importance of the topic before starting the lesson.

ACTIVITIES:
1st Day. Discuss home remedies (goose grease on chests as a remedy for colds, cobwebs to stop bleeding, etc.). Have student write a paragraph on home remedies. Check for mechanics.
2nd Day. Have resource person, (doctor, public health nurse, etc.) give lecture. Students take notes which are evaluated for proper notetaking techniques.
3rd Day. Have students read pamphlets and discuss them. If time permits, have students rewrite paragraphs of first day's lesson and read for content and construction.
4th Day. Field trip to clinics, medical agencies, etc. Students will write reports on information gathered to be corrected for content and construction.
5th Day. General discussion and review. Evaluation.

MATERIAL, AIDS:
1. Pamphlets.
2. Resource persons.

EVALUATION:
1. Compare paragraph written on the first day with the one written on the third day. (Note improvement in knowledge and skills.) Provide students with a list of home remedies from which legitimate ones can be selected.
2. Give pretest and post-tests on reading and writing skills. (Compare scores.) Have students name (orally or in writing) the correct medications to use in place of home and folk remedies.
CONTENT AREA: Home and Family Living  TOPIC: Telling Time  GRADE LEVEL: 1 - 3
PREPARED BY: Lynn Robinson  DISTRICT: Sweetwater  COUNTY: San Diego  LENGTH: 2 Hrs.
CONCEPT: The inability to tell time has caused problems for some disadvantaged adults.
PURPOSE: To develop the ability to tell time and gain an appreciation of its importance.

PERFORMANCE OBJECTIVES: At the termination of this lesson, the student will be able to:
1. Correctly tell the time as shown on the face of a clock.
2. Distinguish the difference between afternoon and before noon, as related to the clock.
3. Distinguish the difference between seconds, minutes, and hours.

TEACHER PREPARATION:
1. Prepare large cardboard clock face with movable hands.
2. Work out detailed plans for clock discussion.

ACTIVITIES:
1. Illustrate various times on cardboard clock face. Ask students to set hands of clock for different times.
2. Discuss time and its importance to occupational success.
3. Discuss time in cooking and other aspects.
4. Provide mathematic activities dealing with minutes, seconds, and hours.
5. Use menu planning with emphasis on the time factor.

MATERIAL, AIDS:
Teacher-made cardboard clock. (There are commercially designed models. Consult the local curriculum Lab.)

EVALUATION:
1. Ask student to tell time as shown on cardboard clock.
2. Ask student to tell whether time is A.M. or P.M.
3. Give student problem involving seconds, minutes, and hours.
With budgeting and long-range planning it is possible to live within income.

Enable students to plan wholesome, tasty meals within a realistic budget and to shop wisely. Wise use of credit buying.

After 10 class sessions, women students should be able to plan menus for a family of four for one week on a budget of $25. In the same length of time, men students will be able to make a 12-month estimated budget of family expenses to determine whether or not the family can afford a car. The budget will be based on guidelines provided by the teacher.

1. Secure food advertisements.
2. Secure sample packages, etc.
3. Make arrangements for field trips (grocery store, car lot).
4. Secure automobile advertisements.
5. Get background information.

Study the food advertisements in local newspaper, plan menus, and make a complete marketing list. Visit local supermarket, and for each of the choices, note the brand name, size of container, type of food, and price.

Make a second food shopping expedition to an independent store or supermarket in a fancier neighborhood. Compare market lists and report to class on the comparison.

Pick a car by reading advertisements, talking to friends, and visiting used car lots.

Figure financing by starting with the price of the car, and determining what you can afford for down payment and what you owe for each monthly payment. Figure future bills on car, gas mileage, tune-ups, tires, breakdowns, routine expenses, and emergencies.

Determine cost and type of automobile insurance needed.

1. Newspaper and magazine advertisements for used car lots and supermarkets.
2. Budget work sheet, Budgeting Game.
3. Visit to supermarket and used car lot could be incorporated into a field trip.

Completion of itemized list of foods needed for menus for a family of four for a week. List to include quantity and kind of food, plus prices. Total should not exceed $25 as budgeted by family.

Selection of car, list of items needed, cost of upkeep, downpayment, and monthly installment payments. Comparison with 12-month family budget, and decision as to whether family can afford a car.
CONTENT AREA: Practical Government  TOPIC: Ballot Propositions  LENGTH: 1 Week

CONCEPT: Each ballot issue has pros and cons. Both sides of a question should be studied before a decision is reached. After reaching a decision each citizen has a duty to cast his ballot in every election.

PURPOSE: Realization of the importance of duty each citizen has to partake in government.

PERFORMANCE OBJECTIVES: By the end of the week each student will read the pros and cons of the propositions on the ballot and be able to report to the class on one assigned ballot issue. At least 60% of the registered voters in the class will cast their ballots in the election, and 60% of nonregistered voters will register.

TEACHER PREPARATION:
1. Study issues.
2. Secure sample ballots.
3. Engage speaker from League of Women Voters.

ACTIVITIES: Assign each student a proposition on the ballot. Give each one a League of Women Voters' publication in order that he may have unbiased opinions to the pros and cons of the issue. Have each student report to class pros and cons of the assigned issue. After reports and discussion, class has mock election. Compile results and compare with actual election results. Have exercise in using sample ballot.

EVALUATION:
1. After the election, teacher will take a poll of the number of registered students who voted.
2. Within one month after this lesson, teacher will take a poll to ascertain how many nonregistered students registered to vote.
3. The teacher will have the students explain the meaning of issues on the ballot.
CONTENT AREA: Practical Government  TOPIC: Workmen's Compensation

LENGTH: 2 Lessons of 3 Hrs.

CONCEPT: Students should exercise their right to Workmen's Compensation when needed.

PURPOSE: To acquaint students with the means to get Workmen's Compensation when needed.

PERFORMANCE OBJECTIVES: Student will be able to:
1. Identify 10 rules and regulations pertaining to Workmen's Compensation rights as provided by the instructor when presented with a list of various rules and regulations.
2. Select from a group of 8 cases those which are entitled to Workmen's Compensation.
3. List steps necessary to obtain Workmen's Compensation.
4. Give name, address, phone number, etc., of agency or persons to contact in regard to Workmen's Compensation.

TEACHER PREPARATION:
1. Prepare handouts with rules and regulations. (Selected for pertinency by the instructor.)
2. Names, addresses, and phone numbers of contacts.
3. Contact speaker.
4. Read and acquaint yourself with problems encountered by individuals in the area of Workmen's Compensation.
5. Make provision for visual aids.

ACTIVITIES:
1. Role-playing.
2. Speaker.
3. Field trip to Workmen's Compensation court session.
4. Discussion of handouts.
5. General discussion.

MATERIAL, AIDS, EQUIPMENT:
1. Handouts.
2. Video tape recorder if available.
3. Case studies.
4. Sample blank applications for Workmen's Compensation.

EVALUATION:
1. Score 70% on test regarding Workmen's Compensation.
2. Select cases of those entitled to Workmen's Compensation from several case studies provided.
3. List steps taken to obtain Workmen's Compensation.
4. Give in writing or orally, names, addresses, and phone numbers of agencies or persons to contact regarding Workmen's Compensation.

PREPARED BY: Mary Saxton DISTRICT: Sweetwater  COUNTY: San Diego
LENGTH: Three Class Periods (3 Hrs.)

CONCEPT: ABE students need to recognize the power of their vote.
PURPOSE: To promote student participation in government.

PERFORMANCE OBJECTIVES:
1. After a discussion of the meaning of the questions on a voter's registration form, the student will be able to answer all questions asked by a voter registrar.
2. Following the visit of the voter registrar to the class, 90 percent of the students will have registered to vote.

TEACHER PREPARATION:
1. Prepare transparencies.
2. Contact speaker.
3. Secure sample registration forms.
4. Discuss voting rights and advantages.
5. Discuss and clarify all questions asked about when one registers.
6. Discuss the advantages of becoming a registered voter.

ACTIVITIES:
1. Role playing to actually answer questions asked by registrar.
2. Studying transparencies on overhead projector listing questions asked by registrar.
3. Listening to a voter registrar.
4. Registering to vote during the visit by the registrar.

MATERIAL AIDS:
2. Chalkboard.
3. Transparencies.

EVALUATION:
1. Students will be asked to respond to questions asked on the voter registration form.
2. Following the visit of the voter registrar to the class, a headcount will be taken to determine how many students registered to vote.
CONTENT AREA:  Practical Government  TOPIC:  Training for Post Office Test
PREPARED BY:  Shirley Carlson  DISTRICT:  Berkeley  COUNTY:  Alameda  LENGTH:  3 Hrs.
GRADE LEVEL:  7 - 8

CONCEPT:  Because of repeated previous failure, many disadvantaged adults are uncomfortable in taking tests. Many failures are due to fear and lack of knowledge of test-taking techniques.

PURPOSE:  To have the student develop skills in test taking and to alleviate fear of tests.

PERFORMANCE OBJECTIVES:
1. After instruction and practice in techniques of taking tests, the student will show less anxiety when presented with sample tests in class.
2. The student will show an increase in scores when scores of pretests are compared with scores on post-tests.

TEACHER PREPARATION:
1. Secure sample tests.
2. Study test materials.
3. Invite post office personnel official.
4. Visit post office to become acquainted with jobs before class starts.

ACTIVITIES:
1. Review simple material to get basic skill in eye-hand proficiency.
2. Study and explain how to be: (a) More accurate. (b) More rapid. (c) More confident when taking tests of all kinds.
3. Introduce test taking as a kind of serious experience.
4. Discuss tests and how we all feel about them.
5. Give a quick one-minute practice test.
6. Discuss results, feelings, etc. of test and try that same test again.
7. Give a reasonable facsimile of post office test in four parts: (a) Address checking. (b) Memory. (c) Words and vocabulary. (d) Number series.
8. Discuss each part and problem therein.

MATERIAL, AIDS:  Materials used are several and varied simulated tests, which include:
1. Eye ability.
2. Hand responding to speed.
3. Vocabulary review.
4. Reading review.
5. Arithmetic and number series.
7. Varied timed tests of above.

EVALUATION:  These are evident in actual Civil Service test scores and reactions reported as to how student reacted in actual test situation. The student's over-all attitude toward tests - is the attitude one of confidence or fear? The final step would be enacted when the student is hired and working in a career of his or her choice. A by-product would be a continuous interest in self-improvement.
CONTENT AREA: Practical Government  TOPIC: Housing Problems  GRADE LEVEL: 3 - 8
PREPARED BY: USC  DISTRICT:  COUNTY: L.A.  LENGTH: 3 Hrs.

CONCEPT: Poor housing is one of the main problems of the disadvantaged adult.
PURPOSE: To develop an awareness of techniques for improving housing conditions.

FREE AND INEXPENSIVE MATERIALS FOR
TEACHING SOCIAL LIVING TO ADULT
ELEMENTARY SUBJECTS STUDENTS

Prepared by
John H. Camper

Teaching the various areas of social living does not have to be an expensive venture. As a matter of fact, the most meaningful and useful instructional materials in these areas are those that are free or of very little cost. Printed materials, films, filmstrips, charts, posters and so forth can generally be obtained for the cost of postage or less.

Such items as blank checks, deposit slips and withdrawal slips, pamphlets on banking and budgeting, and other aids may be secured from most local banks. Requests written on official school stationery often result in the obtaining of other teaching materials. Post offices, telephone and telegraph companies, bus, railroad and airline stations, state and local governmental agencies, are all sources of free materials relating to their particular scope of operations.

A wealth of materials is found in public libraries and curriculum laboratories. Schools and organizations with programs for the older out-of-school youths may have materials that they have used with success or they may be able to supply teachers of adults with sources of free and inexpensive materials that they have obtained.

The following publications list many sources of free and inexpensive materials. Materials ordered from them should first be reviewed to ascertain whether or not they are suited for students to whom they are to be given.

1. George Peabody College for Teachers: **Free and Inexpensive Learning Materials.** Nashville, Tenn. 1966-67

2. Educators Progress Service: **Educators Guide to Free Social Studies Materials.** Randolph, Wisconsin 1961

3. Association Films, Inc. (Lists free films) 347 Madison Avenue, New York, N. Y. 10017 (catalogue)

4. Modern Picture Service, Inc. (Lists free film) 3 East 54th Street, New York (catalogue)

In the pages to follow, lists of free and inexpensive materials are provided for teachers of elementary subjects for adults. The list is by no means complete. Opposite some of the titles is the reading level of the material. It is suggested that sample copies be ordered before securing quantities for class use. The sample copies should be evaluated for reading level, adult interest and their usefulness in meeting the objectives sought. Most of the sources listed publish more materials than those listed. A request for a list of other materials should be made to them. The address for each source listed is given the first time that source appears under each subject heading.
