A BILL
To strengthen and expand the Headstart program, with priority to the economically disadvantaged, to amend the Economic Opportunity Act of 1964, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

That this Act may be cited as the "Comprehensive Headstart, Child Development and Family Services Act of 1972".

STATEMENT OF FINDINGS AND PURPOSE

Sec. 2. (a) The Congress finds that—

(1) child development programs must build upon

the role of the family as the primary and the most

fundamental influence on the development of children.

and must be provided only to children whose parents

or legal guardians request them;

3
(2) in exercising their moral and legal rights and responsibilities in respect to their children and families, many mothers, and single parents have determined it necessary or desirable to seek child development services for their children in order to engage in employment, training, or education on a full- or part-time basis during hours when their children would ordinarily be in the home or otherwise to enhance the well-being of their families; and

(3) while there have been increased developmental services for children of working mothers and single parents and while Headstart and similar programs have provided supplemental educational and other services for children, such services have not been made available to families to the extent that parents consider it necessary to contribute to the full development of their children and to improve the economic well-being of their families, with the result that there are millions of children living in poverty who do not receive adequate educational and other services, and there are millions of other children whose mothers are working full or part time without adequate child development arrangements for their children.

(b) It is the purpose of this Act to provide a variety of quality child development and family services in order to
assist parents who request such services in providing their children with an opportunity for a healthful and stimulating development, with priority to those preschool children and families with the greatest economic or social needs, in a manner designed to strengthen family life and to insure decision making at the community level through a partnership of parents, State and local governments and the Federal Government, building upon the experience and success of Headstart and other existing programs.

AUTHORIZATION OF APPROPRIATIONS

Sec. 3. (a) For the purpose of carrying out this Act, there is authorized to be appropriated $1,200,000,000 for the fiscal year ending June 30, 1974, and $1,600,000,000 for the fiscal year ending June 30, 1975. Any amounts appropriated for each fiscal year which are not obligated at the end of such fiscal year may be obligated in the succeeding fiscal year.

(b) For the purpose of providing training, technical assistance, planning, and such other activities (including activities authorized under section 106) as the Secretary deems necessary and appropriate to prepare for the implementation of this Act, there is authorized to be appropriated $150,000,000 for the fiscal year ending June 30, 1973.

(c) From the amounts appropriated pursuant to subsection (a),
tion (a) the Secretary shall make funds available in the following manner—

(1) $500,000,000 shall first be used for the purpose of providing assistance under title I of this Act for child development programs focused upon young children from low-income families, giving priority to continued financial assistance for Headstart projects;

(2) not to exceed 15 per centum of the remaining amounts so appropriated shall be used for the purpose of carrying out titles II and III of this Act, as the Secretary deems appropriate, but not to exceed 5 per centum of such remaining amounts shall be used for the purpose of carrying out title III of this Act; and

(3) the remainder of such amounts shall be used for the purpose of carrying out title I of this Act.

(d) (1) For the purpose of affording adequate notice of funding available under this Act such funding for grants, contracts, or other payments under this Act is authorized to be included in the appropriations Act for the fiscal year preceding the fiscal year for which it shall be available for obligation.

(2) In order to effect a transition to the advance funding method of timing appropriation action, paragraph (1) of this subsection shall apply notwithstanding that its initial application will result in the enactment in the same year
M.

whether in the same appropriation Act or otherwise) of
two separate appropriations, one for the then current fiscal
year and one for the succeeding fiscal year.

under clause (A) of this paragraph), if he determines that
the plan so submitted meets the requirements of subsection
(a) of this section and includes adequate provisions for carry-

(2) In the event that the area under the jurisdiction of a unit of general local government described in clause (A) or (B) of paragraph (1) of this subsection includes any common geographical area with that covered by another such unit of general local government, the Secretary shall designate to serve such area the unit of general local government which he determines has the capability of more effectively carrying out the purposes of this title with respect to such area and which has submitted a plan which meets the requirements of subsection (a) of this section and includes adequate provisions for carrying out comprehensive child development and family services programs in such area.

(1) The Secretary shall approve a prime sponsorship plan submitted by a combination of units of general local government eligible under subsection (a) (2) of this section (excluding the number of such persons included within the population of any city which is designated as a prime sponsor under clause (A) of subsection (e) (1)), if he determines that the plan so submitted meets the requirements of subsection (a) of this section and includes adequate provisions for carrying out comprehensive child development and family services programs in the area covered by such unit of general local government.
development and family services programs in the area covered by the combination of such units of general local government.

(h) The Secretary may approve a prime sponsorship plan submitted by a unit or combination of units of general local government or by a public or private nonprofit agency, including but not limited to a community action agency, single-purpose Headstart agency, public or private educational agency or institution, community development corporation, parent cooperative, organization of migrant agricultural workers, organization of Indians, employer organization, labor union, or employee or labor-management organization, if he determines that the plan so submitted meets the requirements of subsection (a) of this section and includes provisions setting forth—

(1) arrangements for serving children in a community or neighborhood or other urban or rural area possessing a commonality of interest (A) with respect to which there is no prime sponsorship designation in...
effect, or (B) with respect to any portion of an area
where a designated prime sponsor is found not to be
satisfactorily implementing child development and fam-
ily services programs which adequately meet the pur-
poses of this part, or (C) for making available special
services, in accordance with criteria established by the
Secretary, designed to meet the needs of economically
disadvantaged or preschool children or children of work-
ing mothers or single parents; or

(2) arrangements for providing comprehensive
child development and family services programs on a
year-round basis to children of migrant agricultural
workers and their families; or

(3) arrangements for carrying out model pro-
grames especially designed to be responsive to the needs

area possessing a commonality of interest in any locality.

(i) The Governor shall be given not less than thirty
nor more than sixty days to review applications for prime
sponsorship designation submitted by any applicant other
than the State, to offer recommendations to the applicant,
and to submit comments to the Secretary.
(j) A prime sponsorship plan submitted under this section may be disapproved or a prior designation of a prime sponsor may be withdrawn only if the Secretary, in accordance with regulations which he shall prescribe, has provided (1) written notice of intention to disapprove such plan, including a statement of the reasons therefor, (2) a reasonable time in which to submit corrective amendments to such plan or undertake other necessary corrective action, and (3) an opportunity for a public hearing upon which bas an appeal to the Secretary may be taken as of right.

(k) (1) If any party is dissatisfied with the Secretary's final action under subsection (j) with respect to the disapproval of its plan submitted under this section or the withdrawal of its prime sponsorship designation, such party may, within sixty days after notice of such action, file with the United States court of appeals for the circuit in which such party is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

(2) The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary
to take further evidence. The Secretary may make new or
modified findings of fact and may modify his previous action,
and shall certify to the court the record of the further pro-
ceedings. Such new or modified findings of fact shall be
conclusive if supported by substantial evidence.

(3) The court shall have jurisdiction to affirm the
action of the Secretary or to set it aside, in whole or in part.
The judgment of the court shall be subject to review by the
Supreme Court of the United States upon certiorari or certi-
fication as provided in section 1254 of title 28, United States
Code.

(1) When any unit or combination of units of general
government or other prime sponsor is maintaining a pattern
or practice of discrimination against minority group per-
sons or against economically disadvantaged children, the
Secretary shall approve the application for prime sponsor-
ship of an alternative unit of government or public or private
nonprofit agency or organization in the area which will
equitably serve minority group and economically disadvan-
taged children.

(m) In the event that a State, a unit or combination of
units of general local government, or an Indian tribal or-
ganization has not submitted a program statement under this
section or the Secretary has not approved a plan so sub-
mited, or where the Secretary has not designated or has
withdrawn designation of prime sponsorship under this section, or where the needs of migrants, pre-school-age children, or the children of working mothers or single parents, minority groups, or the economically disadvantaged are not being served, the Secretary may directly fund projects, including those in rural areas without regard to population, that he deems necessary in order to serve the children of the particular area.

Title I—Headstart, Child Development, and Family Services Programs

Section 101. Programs Assisted
This section provides that the Secretary of Health, Education, and Welfare shall provide financial assistance for carrying out child development and family services programs under this title to prime sponsors and to other public and private nonprofit agencies and organizations pursuant to plans, program statements, and application
Lions approved in accordance with this title. The purposes for which financial assistance may be used are set forth in this section.

Section 102. State and Local Prime Sponsors

Subsection (a) provides that a State, a unit or combination of units of general local government of at least 25,000 population or, if less, which demonstrates capability and a particular need, an Indian tribal organization, or a public or private nonprofit agency may be designated as a prime sponsor of child development and family service programs in accordance with the provisions of the legislation upon approval by the Secretary of a prime sponsorship plan.

Subsection (b) provides that the plan must provide for a child and family services council, must provide assurances that staff and other administrative expenses of the council and local program councils and project policy committees will not exceed percent of the total cost of child development programs administered by the prime sponsor (unless increased to reflect higher start-up costs or other special needs), and must provide assurances to provide or to enter into arrangements with appropriate State or local or other agencies for linkages to provide services related to child development.

Subsection (c) provides that, in the case of a State applicant for designation as prime sponsor of areas not served by a local prime sponsor, the plan must also provide for designating local family service areas serving the area of one local government or of units of local government serving not more than 50,000 population unless Secretary allows area of up to 100,000 population. For each local family service area, a local program council must be maintained consisting of at least half parents and the remainder public members appointed by the local government official. These local program councils participate in developing and approve the State's program statement for the area and arrangements for projects in the area.

Subsection (c) provides that any local program council may appeal directly to the Secretary when it alleges a failure to comply with the program statement or the provisions of the Act.

Subsection (d)(1) provides that the Secretary shall approve a satisfactory State prime sponsorship plan for areas not served by local prime sponsors.

Subsection (d)(2) authorizes the Secretary to designate five States to carry out demonstration projects as Statewide prime sponsors, even with respect to localities which would otherwise qualify as local prime sponsors. No State with a population of 5 percent of the national population or more could be so designated.

Subsection (e) provides that the Secretary shall approve a prime sponsorship plan submitted by a city or county or other unit of general local government if it meets the requirements of subsection (a) and has a population of 25,000 or more. The Secretary has discretion to choose either a city or a county as prime sponsor for an area which covers a common geographical area.

Subsection (f) provides that the Secretary shall approve a prime sponsorship plan submitted by a combination of localities if the plan meets the requirements of subsection (a) and has a population of 25,000 or more.

Subsection (g) provides that the Secretary shall approve a prime sponsorship plan submitted by an Indian tribal organization if the plan meets the requirements of subsection (a).
Subsection (h) provides that the Secretary may approve a prime sponsorship plan submitted by a unit or combination of units of general local government or a public or private nonprofit agency if he determines that the plan includes provisions setting forth arrangements for serving children in a neighborhood which is not covered by a prime sponsor or in any portion of an area where the prime sponsor is not satisfactorily implementing child development programs, or for making available special services designed to meet the needs of economically disadvantaged or preschool children. He may also approve such a prime sponsorship plan setting forth arrangements for providing comprehensive child development programs on a year-round basis to children of migrant agricultural workers, or arrangements for carrying out model programs, especially projects for economically disadvantaged, minority group, or bilingual preschool children.

Subsection (i) provides that the Governor of the State shall be given between thirty and sixty days to review and make recommendations on prime sponsorship plans submitted under this section.

Subsection (j) provides that a prime sponsorship plan may be disapproved or a prior designation of a prime sponsor may be withdrawn only if the Secretary provides written notice, a reasonable time for corrective amendments or action, and an opportunity for a hearing upon which an appeal to the Secretary may be based.

Subsection (k) provides that the court of appeals may review by the Secretary's final action with respect to prime sponsorship under subsection (j).

Subsection (1) provides that the Secretary shall approve the application of an alternate unit of government or a public or nonprofit agency or organization in the area representing the interests of minority and economically disadvantaged persons where any unit of general government or other prime sponsor is practicing discrimination against minority group or economically disadvantaged children.

Subsection (m) provides that the Secretary may directly fund programs, including those in rural areas without regard to population, where he deems it necessary, in the event that a State, or unit or combination of units of general local government, or Indian tribal organization has not submitted or the Secretary has not approved a program statement under this section, or where a prime sponsorship designation is not in effect, or where the needs of migrant, preschool-age children, or the children of working mothers or single parents, minority groups, or the economically disadvantaged are not being served.

Section 103. Child and Family Services Councils

Subsection (a) provides that each prime sponsor shall establish and maintain a Child and Family Services Council consisting of not less than 10 members half of whom must be parents of children served in programs under this Act and the remainder of whom are to be appointed by the prime sponsor's chief executive or governing body to represent the public.

(Half of the public representatives must be persons broadly representative of the general public including community agencies and organizations, and the remaining members must be persons who are skilled in child development, child health, child welfare, or other child services.)
Subsection (b) provides that, in accordance with regulations which the Secretary shall establish pursuant to regulations, each prime sponsor shall provide that the parent members of child development councils shall be chosen by the membership of local program councils described in section 102(b)(8), in the case of State prime sponsors, and participants in federally assisted day care programs especially Headstart, in the case of local prime sponsors. Not less than one-third of the total membership of such council shall be persons broadly representative of the economically disadvantaged. The council is entitled to approve program statements, basic goals, policies, actions, and procedures, and the selection or establishment and annual renewal of the administering agency or agencies, for the prime sponsor. The council shall, upon its own initiative or upon request of a project applicant or any other party in interest, conduct public hearings before acting upon applications for financial assistance submitted by project applicants.

Section 104. Program Statements

Subsection (a) provides that financial assistance to a prime sponsor may be provided for any particular fiscal year only pursuant to a program statement approved by the Secretary. Provisions which such program statement are to include are set forth in this subsection. Among these provisions are the requirements that not less than 65 percent of the financial assistance from apportionments under section 3(c)(3) must be used for programs and services for economically disadvantaged children; and that priority thereafter must be given to other children of single parents and working mothers.

Subsection (b) provides that no program statement shall be approved unless opportunities to submit comments to the prime sponsor and to the Secretary have been provided to each community action agency or single-purpose Headstart agency previously responsible for a Headstart program, to the local educational agency and other appropriate educational and training agencies and institutions, and the Governor of the State.

Subsection (c) provides that a program statement may be disapproved or a prior approval withdrawn only if the Secretary has provided written notice, reasonable time for corrective amendments or action, and an opportunity for a public hearing upon which an appeal may be biased.

Subsection (d) provides that the Secretary shall establish procedures to permit prime sponsors to submit jointly a single program statement for the areas served by such prime sponsors.

Section 106. Project Applications

Subsection (a) provides that financial assistance may be provided to a project applicant for any particular fiscal year if the project application is submitted by a public or private nonprofit agency and contains other provisions set forth in this subsection. Among these provisions are requirements that funds be provided only to qualified public or private agencies and that project policy committees be established and maintained. Such project policy committees must consist of not less than 10 members and half must be parents of children served in such projects and the remaining half shall be comprised of persons who are representative of the community approved by the parent members and one person who is skilled in child
development. Project policy committees must participate directly in the development and preparation of project applications and have responsibility for approving basic goals, policies, actions, and procedures for the project applicant. The bill provides that no charges be made to families with an annual income equal to or less than $4,320, with adjustments in the case of families with more than two children. Charges for other families may be made in accordance with a fee schedule established by the Secretary based on ability to pay. However, such fees may not exceed 10 percent of the difference between the free services level and 85 percent of the lower living standard budget, and then 15 percent of any income between that level and 85 percent of the lower living standard budget and 100 percent of the lower living standard budget.

Subsection (b) requires that the project application otherwise further the objectives and satisfy the requirements of the prime sponsor's program statement.

Subsection (c) provides that a public or private nonprofit agency which is a prime sponsor shall submit a project application directly to the Secretary.

Subsection (d) provides that a prime sponsor may disapprove a project application only if it provides a statement of reasons to the applicant and that the project applicant may appeal to the Secretary for direct approval thereof.

Subsection (e) provides that a project application submitted to the Secretary by a public or private agency may be approved upon the Secretary's determination that it meets the statutory requirements.

Section 106. Annual Family Service Plans

This section provides that, upon submission of an annual family service plan by any State, the Secretary is authorized to provide financial assistance for carrying out activities for the purposes of determining child development and family service goals and needs, assisting in the establishment of Child and Family Service Councils, and strengthening their capabilities, and arrangements under which State agencies assist in providing child development and related services where requested by prime sponsors in the development and implementation of program statements.

Section 107. Special Cooperative Programs with Educational Agencies and Other Project Sponsors.

This section provides that the Secretary shall use funds made available under section 108(a)(1)(E) to provide assistance to educational agencies and institutions for cooperative programs designed to provide continuity between preschool, other school, and other educational programs.

Section 108. Allocation of Funds.

Subsection (a)(1) provides that, of the amounts available for this title, the Secretary shall reserve the following:
