This bibliography, one of a series prepared for use in training, has as its main topic Latin America. It is divided into two main sections. The first includes general information about Latin America—history, government, education and intellectual trends, military, religion, the arts, and international relations. The second contains sections on each of the Latin American Countries, which includes citations on history and general background, the economy, government and political dynamics, and international relations. There is a list of additional bibliographies and an author index completing the document. Other bibliographies in this series are SO 005 913 to SO 005 919. (OPH)
FOREIGN SERVICE INSTITUTE
CENTER FOR AREA AND COUNTRY STUDIES

A SELECTED FUNCTIONAL AND COUNTRY BIBLIOGRAPHY FOR THE LATIN AMERICAN AREA
LATIN AMERICA

A SELECTED FUNCTIONAL AND COUNTRY BIBLIOGRAPHY

The Center for Area and Country Studies of the Foreign Service Institute prepares area bibliographies annually for use in its training programs. In addition to this selected bibliography, the Center publishes bibliographies on the Atlantic Community, Sub-Saharan Africa, Eastern Europe and the U.S.S.R., Near East and North Africa, South Asia, Southeast Asia, and East Asia.

Primary emphasis in the selection of items for this listing is given to materials in the Institute's library. Preference is accorded to recently published materials in order to highlight the most up-to-date studies and to ensure a balanced presentation of differing viewpoints on an issue. The inclusion or exclusion of an item is in no way to be construed as reflecting the views of the Center.
