The document is a manual for local consumer finance offices, to guide them in their participation as an industry in a Chamber of Commerce Business-Education Day, a program offered as a means for teachers and business executives to become better acquainted, exchange views, clear up misconceptions, and gain better insight into each other's problems. The manual gives specific, step-by-step instructions for planning and implementing participation in the program. A suggested program outline is provided as well as check lists for the general chairman, the program chairman, the hospitality chairman, the publicity-promotion chairman, and the transportation chairman. Meeting agendas are included, and follow-through suggestions offered. Appended are a sample schedule for a Business Education Day, a check list for office tour "host" managers (in triplicate for distribution), sample questions which visitors may be expected to ask, and sample photo captions and letters. I. WHAT IS A BUSINESS-EDUCATION DAY?

The Chamber of Commerce of the United States has adopted the Business-Education Day (sometimes known as Business-Industry-Education Day) program as a means for teachers and business executives to become better acquainted, to exchange views, to clear up misconceptions, and to gain insight into each other's problems. Since the first "B-E Day" was held in Lansing, Michigan, in 1946, the local Chambers of Commerce in thousands of communities have inaugurated such programs, as part of the U.S. Chamber's active effort to promote more widespread understanding of the workings of America's free enterprise economic system.

Where local consumer finance offices have joined together to participate as an industry in B-E Day programs, teachers have gained a clearer picture of the constructive role played by the consumer finance company in the financial life of the American family. The occasion provides an opportunity for educators to meet local lenders, visit their offices and ask questions concerning loan operations. It also provides industry men an opportunity to introduce to teachers the ever-growing number of periodicals, publications and classroom teaching aids prepared by the Educational Services Division of our National Association.

In some communities, invitations to participate in B-E Days are also extended to clergymen, personnel directors, college and university educators, social workers, and other special groups. Only a few such non-teacher guests should be invited, however, since B-E Day is primarily for school teachers. In many communities, teachers reciprocate by playing host to businessmen on an "Education-Business" or "E-B Day". Business representatives of the community are invited to visit the schools on "E-B Day" to learn more about the local education program. Businessmen who expect teachers to accept invitations to visit their places of business should be equally anxious to accept teacher invitations to visit the schools.

The program described on the following pages may seem a little too imposing, particularly for consumer finance companies located in small towns. By keeping in mind that the various B-E Day functions can be adapted to whatever sets of conditions prevail in the community, however, much can be done to carry out a successful program.

In some states, for example, it will be almost impossible to hold a full-day session because the schools cannot take a whole day out of their schedules. They do get credit for having a full-day session on their state aid if schools are in session for three hours, however.

In other states, it is possible to have this exchange of visits--teachers going to business firms on B-E Days and businessmen visiting schools on E-B Day--if this is done on "in-service" training time. Many schools have from three-to-five days of in-service training allotted them.
II. THREE PLANS FOR CONSUMER FINANCE COMPANY PARTICIPATION

1. Your community has no B-E Day and you want to start one.

   Contact your local Chamber of Commerce executive and suggest that such an event be held. Take along this booklet—or refer to the U.S. Chamber's own publication, "How To Plan a Business-Education Day"—to help explain the purpose and operation of a B-E Day. If you are unsuccessful in promoting the idea, however, remember that there are other channels through which you can reach educators in your area. For example, you and the other lenders in your community might consider cooperating in sponsoring a special Community Day Dinner for teachers. In the latter case, the NCFA booklet, "Planning a Community Day Dinner," will be helpful.

2. Your community has a B-E Day, but local consumer finance firms don't participate.

   Perhaps our industry has not been included because local consumer finance executives are not members of the Chamber of Commerce. The solution to this problem is to join the Chamber and establish a close working relationship with other businessmen in that organization. If we've been left out simply because we've never let the Chamber know that we'd like to participate, this, too, is easy to remedy. If, on the other hand, local lenders have been excluded deliberately—because of unfavorable local attitudes towards our business—then you should take steps to reorient the thinking of your business colleagues. Enlist the aid of your state association; join with other lenders in your area in establishing better relations with local businessmen; arrange to give talks on consumer finance at service clubs and other civic groups; show our industry films; clear up local misconceptions about our industry. Having prepared the way through such measures, consumer finance firms in your community will almost certainly be invited to participate in future B-E Day programs.

3. Your community is holding a B-E Day and local consumer finance offices have been invited to take part.

   Use this NCFA B-E Day Manual as a guide—turn the page and get the show on the road!
III. HERE'S WHAT TO DO!

1. About 35 days before B-E Day, call a meeting of the executives and supervisory personnel of other consumer finance offices in your community.

2. Have on hand three copies of this B-E Day Manual (order copies from the National Consumer Finance Association headquarters; address appears on cover).

3. Bring your secretary to the meeting, or ask a member of the group to take notes on decisions reached.

4. At this meeting explain the purpose of Business-Education Day and the important community relations benefits to be derived. (See Foreword)

5. Elect a General Chairman to coordinate the consumer finance industry program on B-E Day.

6. Give the newly-elected General Chairman a copy of this Manual. Ask him to turn to page 4 and proceed. (Your part has been done. The B-E Day program is now underway!)
Somebody has called a meeting and you have been elected General Chairman of the B-E Day Program for the consumer finance industry in your community. Here is what you should do.

I. Hold an Organization Meeting - (At the same meeting at which you are named chairman, about 35 days before B-E Day.) At that meeting you should:

A. Brief the group on the committees needed and their respective duties. Just read the following aloud.

1. Program Committee - Plans and executes the program, including preparation and presentation of briefings on our business, using factual data, films, and educational materials provided by the National Association and the State Association. Prepares any original displays.

2. Hospitality Committee - Arranges for space reservations and facilities for meeting and luncheon room and menu; invites any non-teacher groups; provides lapel name cards, table place-cards, corsages and favors, and other "hospitality" touches.

3. Publicity-Promotion Committee - Arranges for press publicity, photographic coverage of the consumer finance program, letters of welcome to teacher guests, and follow-up correspondence--including final reporting of the event to the press and to the State Association.

4. Transportation Committee -- Arranges for and coordinates transportation of guests to and from the consumer finance program.

B. Appoint a chairman for each of the above committees, preferably from among those present.

C. Keep this copy of the B-E Day Manual intact for your use in coordinating the consumer finance program. Take a second copy apart and give each committee chairman the section that pertains to him.

D. Read aloud the "Suggested Program Outline" on the next page.
SUGGESTED PROGRAM OUTLINE

1. 9:00 a.m. Transport teacher guests from school to site of consumer finance morning program (by private cars or chartered bus --no limousines.)

2. Morning program for all guests.

E. Get agreement from group on the type of program they want to put on.
   1. Accept suggested program outlined above, or
   2. Consider alternates in Appendix A.

F. Get agreement on number of guests.
   1. Determine maximum number of teacher guests to ask Chamber of Commerce

      a) Major cost factors are luncheon, corsages, favors, etc.

either at the luncheon or in groups taking Office Tours.
   3. Estimate number of consumer finance industry people who will attend
   luncheon (each will pay for his own lunch). ________________
   4. Add the above to get the total number of people to be provided for in
   seating facilities and luncheon: ________________.
   (Give this figure to Hospitality Committee Chairman so he knows approx-
   imate number of people to be provided for when seeking meeting/luncheon
   accommodation.)

      (1) "The Littlest Giant", (13½ minutes) Technicolor, animated

2. Discuss points to be covered by each of the panel members to avoid duplication, since some subjects are touched upon in several NCFA speeches.

3. Give any help necessary to committee member who will prepare "Loan Application Case Studies." Tell him to have a draft ready in 10 days.

4. Get someone started on any original displays, banners, etc., with which you plan to decorate the meeting/luncheon place (to be completed by two days before B-E Day.)

B-E DAY FOLLOW-THROUGH

B-E Days should be the *first* event in a sequence of communications between businessmen and teachers, with various types of follow-up projects definitely in mind when the B-E Day is held.

For example, an obvious later project would be that of having consumer finance personnel invited to discuss their field before an appropriate class on business, social studies, or mathematics in a secondary school.

Secondly, the leads which B-E Days should give teachers about job opportunities can be followed up by having all the guidance counselors of the schools made thoroughly aware of the changing economic scene and the job opportunities in consumer finance.

Thirdly, there may be opportunities to collaborate in work-study courses that are now being developed in many school systems whereby the clerical, statistical or accounting personnel that consumer finance companies need might be given on-the-job training *before* they even graduate from high school.

Dear Mr. ________________:

We have been advised by the local Chamber of Commerce that you will be visiting with our industry on Business-Education Day, October 10, 19____. 

On behalf of the consumer finance companies of Hometown and (State) Consumer Finance Association, we are most pleased to extend a cordial welcome and to let you know that every effort will be made to make your day with us interesting and enjoyable.

You will be our guest at luncheon at Hotel Hometown. A varied and well-rounded program is planned. Top management officials of our business will discuss with you such topics as operating procedures and employment practices. Every effort will be made to answer your questions about our business.

As your host for the day, we have completed arrangements for escorts to meet you at the Central Auditorium to take you to the place of our meeting. We suggest that you look for our industry's identification sign when you arrive at the Auditorium.

Local members of the (state) Consumer Finance Association, in cooperation with the association, will be hosts to (number) teachers (date) at their Business-Education Day program in the (name) Room of the (name) Hotel.

Featured speaker at the luncheon program will be (his name), (his title), who will speak on ("title of speech").

'This Business-Education Day will provide an opportunity to promote a better mutual understanding between educators and consumer finance businessmen in our community, and to present some of the principles and purposes of the consumer finance business, and its contribution to the economic growth of our community," (his name), (his title), and general Chairman of the consumer finance B-E Day program, said.

The consumer finance business serves the people of (state) through (number) consumer finance offices, which provide over (amount) in consumer cash which is spent in the state each year. At the national level, the licensed consumer finance business in 196__ pumped more than____ billion into the economic bloodstream of the United States through cash installment loans to the American family.

Every dollar turned over to a consumer borrower ultimately passes on to someone else in the community - the doctor whose bill is being paid ... the craftsman who is called in to do a repair job ... the merchant from whom goods are bought.

Consumer loans break the log jam of personal indebtedness. They set money in motion, which enables everybody in the community to buy and sell ... keep inventories turning over and payrolls met ... maintain a community economy that is fluid and active.

This use of consumer credit produces demand - the mainspring of mass production and mass distribution - through which American industry and commerce are able to provide better things for more people at lower cost.
