The Staff Association of Montgomery College represents the nearly 500 College employees who hold neither faculty or administrative positions at the College. Staff members are found in virtually all administrative and instructional offices of the College performing functions that are vital to the College's programs and services to the community.

The Association was established in the spring of 1970 to represent the needs, concerns, and aspirations of Staff members. The voice of the Staff Association is an elected, seven-member Senate with proportional representation from the Rockville and Takoma Park Campuses and from Central Administration. All members of the Staff Association have the right to participate in this election; each Staff employee holding permanent status at the College is eligible to be a candidate for the Senate or to serve on a committee of the Senate. The Bylaws of the Staff Association, which follow, explain the structure, the duties, and the responsibilities of this representative Senate.

Since the formation of the Staff Association, Staff personnel have achieved an important role in the governance of the College. The chairperson of the Staff Senate is a member of the President's Advisory
Council and of the Staff Review Board and has both the responsibility and the right to speak before the Board of Trustees on matters pertaining to Staff employees.

There are Staff representatives on all College-wide committees and on campus governance bodies, including the Campus Assemblies.

The Staff's role in College and campus governance not only assures that Staff concerns will receive consideration but that the expertise of Staff employees will contribute to the deliberations.

The Staff Association and its elected, representative Senate is YOUR voice in the College governance system. By your participation and involvement, by your attendance at meetings, by your informing your representatives of your concerns, that voice is heard--its questions answered--and its requests considered.

Following are a list of Staff Senate and Committee members for 1974-75, a copy of the Bylaws of the Staff Association, and sections of the Policies and Procedures Manual of the College which affect Staff employees. They are presented for your use and reference through the cooperation of the Staff Senate and the Personnel and Public Information offices of the College. A complete, updated copy of the College Policies and Procedures Manual is available in the reference section of the library at each campus.

BYLAWS OF
THE STAFF ASSOCIATION
OF MONTGOMERY COLLEGE

Statement of Purpose

The Staff is one of the four vital groups that make up the total college structure, and is recognized along with the other three groups, faculty, administrators, and students, as an integral part of the institutional program. It may exercise, through an appropriate elected body, the right to express its concern and make recommendations to the President and through him to the Board of Trustees.

Structure

1. The Staff Association is established to represent all Staff personnel.

2. The Staff Senate shall be the body elected by the Staff Association to speak for the group, and shall be their official channel of communication with the governing entities of the college.

3. Each campus will be represented in the Senate. The proportionate representation will be as follows:

   Central Administration - Two Senators
   Rockville Campus - Three Senators
   Takoma Park Campus - Two Senators

4. To fulfill the statement of purpose, the bylaws of the Staff Association have been developed by Staff personnel. The bylaws set forth in this and subsequent paragraphs of this document have been ratified by a majority vote of the Staff, approved by the President, and transmitted to the Board of Trustees.

5. The bylaws written here are not of a fixed nature, but are designed to accept the creative and experimental attitude toward change. The amendments are accomplished by a majority vote of those present at The Staff Association's Annual Meeting. In the event that a meeting is not feasible, the Chairman has authority, with the approval of the Senate, to distribute mail ballots. A majority count of responses to these ballots will determine the amendment, subject to the approval of the President.

The Staff Senate

   The Staff Senate is an elected body with the assigned task of being the official representative of Staff employees, and through its chairman or his assistant, communicating their concerns and recommendations to the appropriate parties.

Senate Structure

   The Senate is made up of seven elected members who shall elect from among themselves their Chairman and Vice-Chairman. The Chairman will appoint
two (2) secretaries, (one from Rockville and one from Takoma Park) to take minutes of the meetings on their respective campuses. The secretary will not be considered a member of the Senate.

**Senate Responsibilities**

4. Reviews and evaluates information passed to it by the committees, and makes recommendations to the appropriate areas.

5. Meets with the President to present recommendations and discuss concerns which are pertinent to the represented body and the college.

6. Appoints annually from among the Staff a parliamentarian to serve at all meetings of the full Staff, for which official minutes will be maintained and a copy sent to the President and other appropriate bodies.

7. Acts as the spokesman group for the Staff employees of Montgomery College. The chairman or designee may accompany an employee and act as counsel on his behalf when requested to do so.

8. Exercises judgment for referring Staff considerations to appropriate areas or channels.

9. Considers for action only those grievances which relate to established policies and procedures of the College or which affect an entire group of employees, such as a department, but does not act upon individual grievances other than to acquaint the employee with the established procedures for review.

**General Affairs**

The minutes of all Senate meetings will be transmitted to the President, the Board of Trustees, and any other appropriate parties.

2. A manual will be developed by the Senate outlining the Association. Copies will be distributed to all represented employees and made available to the Personnel Office to become part of the information packet given to newly hired employees.
3. An annual College-wide Staff Association meeting will be held during spring vacation on a day the College is open. Additional Staff Association meetings may be called between the hours of 8:00 A.M. and 4:00 P.M. by the Chairman of the Senate in cooperation with the Director of Personnel who shall coordinate arrangements with appropriate administrative personnel in order that the meetings will not interfere with the normal functions of the College.

4. Special meetings will be called by the chairman in cooperation with the Director of Personnel as in item 3 above. To support these meetings, a document will be required stating the nature and urgency of the matter in question with signatures of at least 20% of the represented employees attached. When the details of the meeting are established, an information flyer will be sent to all represented employees.

5. Meetings of the full Senate are to be held once each month, between the hours of 8:00 A.M. and 4 P.M., the date and location established around the member's availability. In order that a meeting become part of the official records, five of the seven members must be present.

6. Meetings of the bodies of the Staff Association are to be held between the hours of 8:00 A.M. and 4:00 P.M. of the normal workday, except in cases where the Chairman of the Senate feels an urgent meeting is needed.

7. Any item to be considered at the regular Senate meeting must be in the hands of the Senate members 4 days prior to the meeting date. Otherwise it will be discussed at the next regular meeting.

(See Page A-100)

4.08 STAFF PERSONNEL RECORDS (Approved by President, April 6, 1973)

4.081 GENERAL

The personnel file of any present or former member of the Staff of the College is considered a confidential record of the College. Access to such a file is limited to those persons who have legitimate need for information contained
therein. Only duly authorized personnel of the College as designated by these regulations are permitted access to such a file. The file is open to the President, the Dean of Administration, the Director of Personnel, and staff members designated by the Director of Personnel as those responsible for carrying out the assigned functions of the Personnel Office. With the exception of a confirmation of employment by the Personnel Office, no information about a Staff member will be given over the telephone by anyone.

(1) An individual member of the Staff shall have the right to the review of his own personnel file by himself or by his duly authorized representative, designated as such in writing by the individual, in accordance with the following:

The Director of Personnel will assure the safe transport of appropriate records to the legal jurisdiction which has issued the subpoena.

4.09 ESTABLISHMENT AND ABOLISHMENT OF POSITIONS

4.091 POLICY

a. The President shall recommend to the Board of Trustees for approval the number of permanent and conditional positions he determines to be necessary for the efficient operation of the College. The President may establish temporary positions for a limited period of time to meet the unforeseen and temporary needs of the College.

b. The President may authorize employment in excess of the number of budgeted positions in a particular classification when there is a critical need and when applicants who are unusually well qualified are available, provided the total number of budgeted positions is not exceeded.

2/ Hereinafter referred to as "the Board".
a. Types of Positions

Positions shall be identified as permanent, conditional, and temporary.

(1) Permanent Positions. A permanent position is one which has been established by the Board with the anticipation that it will be necessary to maintain the existence of such position indefinitely on a continuous year-round or academic year basis.

(2) Temporary Positions. A temporary position is one, not continuous in nature, which may be established by the President on the recommendation of the Director of Personnel with the approval of the account manager. It shall remain in existence only as long as a temporary work situation requires it. Such position shall be abolished automatically by the President when the temporary work requirement no longer exists.

(3) Conditional Positions. A conditional position is one established by the Board for the period of time that monies are available in whole or in part by the United States Government, a private organization, a foundation, a revenue-producing source (cafeteria and bookstore), or an individual for use in special research or other long-term projects. This position shall be automatically abolished when no longer needed or when funds are no longer made available.

b. Establishment of Positions

(1) During Budget Preparation

Positions may be proposed during the preparation of the budget through the recommendation of an appropriate official to the Director of Personnel and subsequent approval by the President, or by the President upon his own initiative. In either case, approval of the Board is required for final establishment of the position.

(2) After Budget Adoption

Appropriate forms requesting a new position which was not budgeted must be originated by the appropriate official and approved by the Director of Personnel and the Dean of Administration prior to submission to the President. When in the judgement of the President, it is necessary for an official to employ a person on an extra-help basis in a type of position for which there is no classification provided in the classification plan, the President, on recommendation of the Dean of Administration, shall fix the amount of compensation, shall determine the minimum qualifications for the additional employee, and shall limit the period of time the position may be allowed.
c. Abolishment of Position

(1) Notice to Employee

When a proposed abolishment of a position necessitates the dismissal or demotion of a permanent-status employee, he shall be notified in writing by the Director of Personnel two weeks in advance of Board action. He shall be informed that if he wishes to do so he may present reasons against the action to the Dean of Administration. (Revised by President, 10/25/71)

(2) Placement Consideration for Employees

Each satisfactory permanent-status employee who has been adversely affected by a reclassification shall be given first consideration for other positions for which he is qualified and in which vacancies exist.

(3) Decision on Salary Assignment

Determination of a salary assignment in the case of a downgrading reclassification or transfer of an employee whose position has been abolished shall be made by the Director of Personnel. (Approved by President, 10/25/71)

4.10 POSITION CLASSIFICATION PLAN

4.101 POLICY

The President shall classify all positions of NC and recommend the adoption of the classifications to the Board. The President shall recommend to the Board for adoption new classifications and the reassignment of a classification from one pay grade to another. The classification title of a position shall be used in all official personnel and budget records and transactions.

4.102 PROCEDURE

a. Criteria for Classification of Positions

Assignment of a position to a classification shall be determined by the duties and responsibilities of the position, based on the principle that all positions shall be included in the same classification if they are:

(1) Sufficiently similar in respect to duties and responsibilities that the same descriptive title may be used.

(2) Substantially the same standards as to education and experience are required of applicants.

(3) Substantially the same tests of knowledge and ability are used in selecting qualified appointees.

(4) The same salary range can be made to apply with equity to all of the positions in the class.
b. Reclassification

(1) A request for a study for reclassification may be made to the Director of Personnel by an employee's supervisor or the employee. The Director of Personnel, after consultation with the appropriate official, may initiate a study of existing classifications. The criteria for classification of positions will be applied to determine whether:

(a) No change should be made in the classification of the position; or

(b) The position should be reclassified to a more appropriate class in the existing classification and pay plan; or

(c) A new classification should be established to which the position would be assigned; or

(d) No change be made in the classification of the position, but that the position classification be assigned a higher or lower pay grade.
Any personnel recommendation which requires the establishment, division, combination, or abolition of existing classes or the reassignment of a classification to another pay grade shall be submitted by the President to the Board for action during July, November and March of each year.

4.11 **STAFF REVIEW BOARD** *(Approved by Staff Review Board, 4/15/71) (Revised by President, 10/25/71)*

a. A Staff Review Board is appointed by the President and is comprised of the Dean of Administration, the Dean of Education, the campus deans, the Director of Personnel, and the Chairman of the Staff Senate. The Review Board will consider all requests for establishing and abolishing position classifications, reclassification of positions, transfer of positions between organizational units or offices and all recommendations for outstanding services awards as discussed in section 4.263b. The Review Board also will consider changes to college policies and procedures relating to staff employees.

b. Matters to be considered are first directed to the Director of Personnel for review and development of materials for consideration by the Review Board. Where appropriate the Staff Senate is involved in this process in accordance with section 4.07. The Review Board will make its recommendations to the Dean of Administration. The President has delegated to the Dean of Administration the approval authority for reclassification of positions, inter-organizational unit transfer of positions, and outstanding service awards. Recommendations pertaining to all other matters will be directed by the Dean of Administration to the President with the recommendation of the Dean. In those cases where the Dean of Administration does not concur in the recommendation of the Review Board, both sides of the issue will be presented to the President for decision. Recommended establishment and abolition of position classifications, changes in pay grade assignments to classes of positions, and policy changes will be presented to the Board of Trustees by the President.

4.12 **PAY PLAN**

4.121 **POLICY**

The President shall recommend to the Board for action a staff pay schedule and shall assign all classifications to the schedule. The President shall establish procedures for placement and movement of employees on the salary schedule, for payment for overtime work, and for recognizing length of service.

4.122 **PROCEDURES**

a. **Current Classifications**

The currently approved assignment of grade classifications to the pay schedule is maintained in the Personnel Office.

b. **Revising the Classifications and Pay Schedule**

The Director of Personnel shall collect data on existing rates of pay and pay practices in the local area, changes in cost-of-living indices, and other factors which should be taken into account. On the basis of such data, a recommendation shall be made to the President for Board approval.
of those changes deemed necessary in the staff pay schedule, pay practices, and placement of classifications on the pay schedule.

c. Placement on the Salary Schedule

Employees are placed on the salary schedule dependent upon the type of appointment which they are granted. (See paragraphs 4.162 f and g)

d. Movement on the Salary Schedule

(1) Processing Recommendations

Movement on the salary schedule or the granting of salary increments, are normally the result of recommendations submitted on an individual employee. Salary increment recommendations must be in writing and shall be submitted to the Director of Personnel via the appropriate campus dean, or the Dean of Administration for the central administrative staff employees, at least 15 days before the recommended effective date. Such recommendation shall be made by the appropriate official, shall contain a certification that the employee's work record is or is not satisfactory, and shall include a statement that the granting of a salary increment is or is not recommended. Authorization for appropriate action will be made by the Director of Personnel after review of recommendations.

(2) Eligibility for Salary Increment Awards

A permanent or conditional employee and a temporary employee filling a permanent position on a military-temporary appointment shall be eligible to be considered each year for a one step salary increment award. Such salary increments may be awarded annually until an employee reaches the top pay step (not including longevity) of the pay grade to which his position is assigned. Salary increments are limited to one pay step annually and, as they must be earned by satisfactory performance of work, an employee cannot be granted a salary increment automatically or solely on the basis of length of service. In unusual circumstances, the Director of Personnel may approve the award of not more than a full pay step salary increment annually to other temporary employees filling permanent positions. (Revised by President, 10/25/71)

(3) Temporary Service Credits for Salary Increment

A full-time temporary employee appointed to a permanent position without a break in service shall be entitled to be credited with that amount of service credit for a salary increment.

(4) Salary Increment While in Probationary Status

An eligible employee may receive a salary increment while on probation. However, if an employee becomes eligible for a salary increment during a probationary period which
has been extended for cause, he may not receive a salary increment until he is approved for permanent status. Upon satisfactory completion of the extended probationary period, the effective date of the employee's permanent status will become the salary increment date. An employee who has been assigned a probationary period of more than one year may receive an increment, even though he has not yet earned permanent status, provided his work record up to that time warrants advancement.

(5) Salary Increment Dates (Approved by the President, July 22, 1972)

Increment dates will be the anniversary of the date of initial employment. The effective date of a salary increment is the first day of the first pay period following the pay period in which the employee's increment date falls. Should an adverse action be taken such as the extension of the probationary period for cause, the salary increment date will be reestablished. A temporary employee who is assigned as a permanent employee without a break in service shall have his increment date determined by the date of his employment as a temporary employee. An employee on an extended military leave shall be assigned an increment date determined by the date of employment.

(6) Reassignment of Salary Increment Date

A new salary increment date shall be assigned under the following circumstances:

(a) When an employee's probationary period has been extended for cause, his salary increment date will be extended an equal amount of time. He may not receive a salary increment until approved for permanent status.

(b) When an employee has been on authorized leave without pay for a period exceeding two calendar months (excluding leave for military service, disability, or self-improvement), the salary increment date shall be adjusted in accordance with the number of months the employee is on approved leave.

(7) Delayed Salary Increment

An appropriate official may recommend that an employee's increment be delayed if he believes that the employee's performance has been substandard. In such cases he shall submit in writing to the Director of Personnel his reasons for the delay and a recommendation as to the period of time the salary increment award should be delayed. Approval of the appropriate campus dean, or the Dean of Administration, and the Director of Personnel shall be necessary before such action is taken. The Director of Personnel shall report in writing to the President in July of each year a summary of all actions taken during the previous fiscal year regarding each delayed salary increment requested and/or approved. (Approved by Supporting Services Review Board, April 15, 1971)
8) Notification of Salary Increment Delay

In all cases of salary increment delay, the affected employee shall be notified in writing at least two weeks in advance of the increment date by the Director of Personnel of the reasons for the action. He shall be informed that he may register a grievance if he wishes to do so. The affected permanent or conditional employee must request a hearing in accordance with the grievance procedure within five days of receipt of notification of the action; otherwise, his salary increment will be delayed. (See paragraph 4.302) /p. 34/.

9) Special Within-Grade Advancement

The Director of Personnel may recommend to the Dean of Administration that employees of a particular classification be given a special within-grade advancement in special or emergency situations. Detailed supporting evidence will be supplied by the Director of Personnel and other appropriate officials. (Revised by President, 10/25/71)

e. Overtime Work

1) Compensation for Overtime Work

Overtime is defined as work in excess of 8 hours per day or 40 hours per week. Hours paid for but not worked such as holidays, vacation, and paid leave shall be considered hours worked in the implementation of this policy. The rate of pay for overtime work shall be time and one-half the employee's regular rate of pay. Notwithstanding the foregoing, an employee may work more than 8 hours in one day at his regular rate of pay to make up for hours absent during the same week provided that:

(a) He requests such an arrangement for his own convenience, with the understanding that he will not be paid time and one-half.

(b) His supervisor consents to the arrangement.

(c) A written agreement to the arrangement, signed by the employee and his supervisor be filed with the Director of Personnel before more than 8 hours are worked in one day.

(d) No more than 40 hours are worked in the week.

2) Approval for Overtime

Permission must be obtained from the Director of Personnel before overtime is worked. In exceptional or emergency circumstances:

(a) The campus deans may permit overtime when it is necessary to protect property or to keep the College in operation.

(b) Campus deans may authorize overtime because of required after-college use of facilities and field trips for which MC will be reimbursed.
The appropriate form should be submitted by the Campus Deans to the Director of Personnel after he has authorized overtime under the circumstances mentioned in (a) and (b) above. (Revised by President, 10/25/71)

f. **Longevity Pay**

1. **Amount of Longevity Salary Increments**
   
The amount of each longevity salary increment shall be a one-step increase on the Staff pay schedule.

2. **Effective Date**
   
   A longevity salary increment shall be effective the first day of the first pay period following completion of the employee's 10th, 14th, and 18th year of creditable service according to his anniversary date.

3. **Computing Creditable Service**
   
   Creditable service for computing eligibility for longevity salary increments shall include all permanent and conditional employment with MC, such service with MCPS as is certified by the MCPS Department of Personnel, and such service with the Montgomery County Government as is certified by the County Personnel Officer as qualifying toward longevity under the County Personnel regulations. Creditable MC service shall also include all authorized leave with pay, authorized leave without pay for military service or self-improvement, the period of temporary employment, and the time a permanent employee is on approved disability leave. In computing the sum for such service, no credit shall be given for any month in which an employee was employed fewer than 15 calendar days.

4. **Creditable Service for non-staff employees of MC assigned to a staff position**
   
   Whenever a non-staff employee of MC is appointed to a staff position, he shall be granted creditable service for the purpose of computing longevity as a permanent or conditional staff employee for all periods of full-time employment by MC.

g. **Night Shift Differential Pay**

All staff employees who are employed to work regularly more than 25 hours per week and who are required to work between the hours of 10:00 p.m. and 6:30 a.m. shall receive a premium of 25¢ per hour for all hours actually worked during that period of time. No shift differential shall apply for less than one full hour worked during that period. (Approved by the Board of Trustees, September 25, 1972)
(1) **Eligibility for Night Shift Differential Pay**

All staff employees who are employed to work regularly more than 25 hours per week and who are required to work one or more hours during the night shift shall be eligible to receive the Night Shift Differential Pay premium.

(2) **Approval for Night Shift Differential Pay**

Approval must be obtained from the Personnel Office before staff employees are either permanently or temporarily assigned to the night shift. Such approval shall be requested in writing by the appropriate supervisor (or administrator) and shall identify the positions to be assigned to the night shift by position number, and shall be valid for an indefinite period of time in the case of permanent assignment and for a specified period of time in the case of temporary assignment. In exceptional or emergency circumstances where it is impossible to obtain such prior approval, approval after the fact must be obtained at the first available opportunity.

(3) **Reporting Hours Worked on the Night Shift**

Supervisors of employees assigned to the night shift are responsible for maintaining adequate documentation of all the hours worked by such employees and for accurately reporting such hours of work for pay purposes.

(4) **Time of Implementation**

Implementation of Night Shift Differential Pay is authorized for July 1, 1973, or sooner, if funds should become available for this purpose during FY1973.
4.14 AFFIRMATIVE ACTION AND NON-DISCRIMINATION POLICY

4.141 POLICY (Approved by the Board of Trustees, May 21, 1974)

Montgomery Community College is an Equal Opportunity Employer and as such does not discriminate in any of its personnel policies or procedures against any employee, or applicant for employment, on the basis of age, sex, race, color, religious belief or national origin. Montgomery Community College is committed to undertaking conscious, deliberate action designed to assure equal opportunity for all employees and to make additional efforts to recruit, employ, and promote members of diverse groups as well as groups formerly underrepresented at the various levels of responsibility who are qualified or who may become qualified through appropriate training or experience. It is the goal of the College to encourage all employees to realize their fullest potential, to assist them to function more effectively, and to reach levels of performance commensurate with their abilities and ambitions.

4.142 PROCEDURE

Any person having information concerning a violation of this policy shall file said information in writing with the President. Upon receipt of said information, the President shall cause an investigation to be conducted to determine whether the non-discrimination policy has been violated. If the President determines there has been a violation of this policy, he shall take whatever remedial action he may deem necessary and appropriate.

4.16 EMPLOYMENT PROCEDURES

4.161 POLICY

The President shall make provision for the receipt of applications on a non-discriminatory basis and shall establish an eligibility file. He shall recommend the best qualified applicants for appointment by the Board.

4.162 PROCEDURE

a. Method of Application

Each applicant shall submit an approved application form to the Director of Personnel. Although a vacancy may not exist, an application is also accepted for the purpose of establishing an eligibility file. Applications and related material shall be considered the property of Montgomery College.

b. References

References are required to determine the reputation, competence, honesty, stability, and dependability of each applicant. The Director of Personnel may recommend disqualification of an individual before or after appointment who does not possess a satisfactory record.
c. **Employee Identification**

**Identification Cards**

An identification card is given to each employee. The identification card contains the picture of the individual, means of identifying the individual, and the signature of the individual. A second identification card is placed in the personnel file of each employee. No employee should report to work before receiving his identification card. Employees who resign must return their identification card to the Director of Personnel. The final salary check will be withheld until the card is received.

d. **Review of Applications**

Each application shall be reviewed by the Director of Personnel and a decision will be made regarding eligibility for employment.

e. **Causes for Rejection of an Applicant for Employment**

Any of the following may be deemed sufficient cause for rejection of an applicant for employment:

1. Lack of specified minimum qualification requirements.
2. Making false or incomplete statement on the application.
3. Lack of physical, mental, or personal requisites deemed necessary for the effective performance of the duties and responsibilities of a position.
4. Illegal use of narcotics or the excessive use of alcoholic beverages.
5. Civil or criminal record.
6. Record of dismissal or resignation not in good standing from the MCPS or MC.
7. Discharge or release from the military service under conditions other than honorable.
8. Failure to make and complete application on standard application form.
9. Such other causes and reasons as deemed sufficient by the President.
f. Regular Appointments

Regular appointments, as contrasted to trainee status appointments, involve applicants who are considered fully qualified for the position for which they are applying. Regular appointments involve permanent, conditional, or temporary employees. Employees so appointed will be placed on the salary schedule in accordance with the responsibilities of the job to which they are being appointed and their own abilities.

(1) Permanent or Conditional Employees

The Director of Personnel shall recommend the best qualified applicant to the President for appointment by the Board to a permanent or conditional position. More than one person may be appointed to a position; however, the total number of hours may not exceed the number established for the position. Part-time employment may be rescinded whenever a full-time qualified applicant is available for appointment to the position on a full-time year-round or academic year basis.

(2) Temporary Employees

An applicant may be assigned, as a temporary employee, to a temporary position or to a permanent or conditional position when the position cannot be filled by a permanent or conditional employee, or if the position is temporarily vacated by an authorized absence. Other persons working under special Board projects for which monies but not positions were allocated are also considered to be temporary employees.

(3) Substitute Employees

Substitute employees are assigned according to the needs of MC. They are paid for hours worked but are not eligible for other employee benefits.

g. Trainee Status Appointments

When it is considered in the best interest of MC, a permanent position may be filled by an applicant who does not possess all of the qualifications as described in the class specification. An individual so appointed will be identified as being in a trainee status. He will hold a trainee status appointment until he has satisfactorily completed a prescribed training program and it has been determined by the appropriate official and the Director of Personnel that he meets the qualifications described in the class specification. The length and content of the training program will be determined at the time of appointment. Alterations in the training program must be approved by the Director of Personnel.

(1) Trainee Appointments

A trainee appointee will have all the rights and privileges of other staff personnel except that he shall not hold permanent status while a trainee.
(2) **Salary Assignment of Trainees and Length of Training Program**

The length of the training period and the pay grade to which the trainee is assigned will depend on the nature of the job and the degree of training and job experience that the applicant possesses at the time of employment.

(3) **Permanent Appointment**

Upon satisfactory completion of the training program, the incumbent will be granted a regular appointment to a permanent position. He shall then serve the normal probationary period required and upon successful completion will hold permanent status.

(4) **Early Promotion**

In instances of exceptionally rapid growth in competence, a trainee may become eligible for promotion prior to the completion of his training program. For pertinent procedures refer to Section 4.285c.

**4.18 PHYSICAL EXAMINATIONS**

**4.181 POLICY**

Each person appointed to a position is to be free from disabling ailments or defects which would disqualify him for the position for which he is applying and must be of sufficient health and vigor to perform the duties and responsibilities of the position to which he is appointed. The President shall determine the health and physical requirements for applicants and employees in each classification.

**4.182 PROCEDURE**

a. All employees are required to submit certain evidence of freedom from active tuberculosis. See paragraph 7.90 for details. [p. 81]

b. Whenever it appears that an MC employee has a physical or mental condition which adversely affects his competence or the well-being of either the public or other employees, or causes him to be absent excessively, the Director of Personnel may require him to discontinue work immediately or to be examined by the County Health Officer or a duly licensed physician, who shall report his findings to the Dean of Administration. An employee who is required to discontinue work may not return to work until authorized by the Director of Personnel. The status of such employee during this period shall be determined by the Director of Personnel. (Revised by President 10/25/71)

**4.20 EXAMINATION, RATINGS, AND ELIGIBLE LISTS**
4.201 POLICY

The President shall establish a comprehensive program of examinations for all NC staff positions and procedures for the implementation of such program. Entrance and promotional examinations shall be competitive, free, and open to all eligible persons.

4.202 PROCEDURE

a. Examination Program

(1) Composition of Examination

The Director of Personnel shall determine the composition and scope of all examinations with the approval of the Dean of Administration and after consultation with the appropriate officials to determine the content, concepts, and standards. Examinations may consist of oral, written, and/or job performance tests or any other examination method deemed necessary to determine the relative abilities of the examinees to perform the duties and responsibilities of the position for which the examination is being given.

(2) Examination Schedules

Examinations shall be conducted on a continuous basis. Applicants or employees may be given examinations individually or in groups.

(3) Safeguarding Confidential Content of Examinations

The Director of Personnel shall take reasonable precautions to safeguard the content of examinations. Information therein may not be released without specific authorization of the President.

(4) Invalidating Examinations

The Director of Personnel may invalidate an examination, in whole or in part, at any time, if he determines that there has been any irregularity in any phase of the examination process. This action may disqualify the examinee.

b. Rating Examinees

A numerical rating system or other appropriate rating system may be used to rate examinees.

c. Eligibility Files

(1) Establishment of Eligibility Files.
Ratings of examinees who pass examinations for a position shall be placed in the eligibility files established for that position. Eligibility files shall be maintained by the Director of Personnel reflect accurately the employee's relative standing. All lists shall be considered the property of Montgomery College.

(2) Duration of Eligibility Files

Names remain in the eligibility files for a period of one year. However, because of unusual circumstances, eligibility files may be abolished prior to or extended beyond that date by the Director of Personnel.

(3) Use of Eligibility Files

Whenever an existing position becomes vacant, the Director of Personnel shall assign the best qualified eligible applicant to the position.

4.22 EVALUATION

4.221 POLICY

The President shall establish employee performance evaluation procedures. The purpose of performance evaluations shall be to stimulate improvement of employee services and the ratings shall be a determining factor in personnel actions.

4.222 PURPOSE OF EVALUATION CONFERENCE

An evaluation conference shall be held annually, or more frequently if needed, to provide motivation for self improvement, thereby gaining greater effectiveness of the employee's service. In addition, the ratings of the performance evaluation shall be used in considering employee salary increment, promotion, demotion, transfer, dismissal, and advancement within grade as well as for other appropriate action.

4.223 NOTIFICATION

The Director of Personnel will notify the employee's supervisor of the required evaluation conference to be scheduled. The notification will indicate the purpose of the evaluation, i.e., permanent status, annual performance.

4.224 PRE-EVALUATION CONFERENCE

a. At the beginning of the employee's service, the immediate supervisor should hold a conference to orient the employee to his new work assignment and explain when, how, and why the employee will be evaluated. Standards of work and personal traits as related to work should be used as a basis for discussion. The current position description should serve as a guideline throughout such a conference. (Approved by Supporting Services Review Board 4/15/71)
b. When there is evidence that the employee will need to improve before he is given permanent status, before a salary increment will be recommended, or before other action will be taken, more than one pre-evaluation conference must be held. The supervisor should make a written record of the conference and a copy should be given to the employee. In all such cases, a pre-evaluation conference shall be held at least three months before a final determination must be made concerning an employee's status or eligibility for a salary increment. At that time an employee shall be given specific suggestions for continued improvement.

4.225 EVALUATION CONFERENCE

a. Evaluation conferences should be scheduled so that the employee will be given sufficient notice of the appointed time. The employee and the immediate supervisor will participate in the evaluation conference.

b. The evaluators should take this opportunity to discuss areas of strengths and needed improvements, and to identify changes that may need to be made in the employee's position description. (Approved by Supporting Services Review Board, April 15, 1971)

c. The evaluators shall make comments and recommendations and shall be responsible for obtaining the signature of the employee. If the employee does not concur with any part of the evaluation, he may attach his comments to the evaluation form.

d. Personnel action requiring an evaluation may be determined by the report of the last evaluation conference if one was held within three months of the date of the proposed action. In such case, only the recommendation section of the evaluation form which was forwarded by the Director of Personnel will be completed. The signature of the employee and the evaluations are required.

e. The appropriate campus dean will review and sign evaluations for employees assigned to his campus. The Dean of Administration will review and sign evaluations for employees assigned to the central administrative staff.

4.24 PROBATION AND PERMANENT STATUS

4.241 POLICY

The President shall make provisions that allow an employee to attain permanent status after demonstrating competency.
4.242 PROBATION

a. **Length of Probationary Period**

The normal probationary period shall be six months. When the Director of Personnel deems it necessary, he may assign longer probationary periods. (Approved by President, 10/25/71)

b. **Miscellaneous Provisions**

A probationary employee filling a permanent or conditional position shall become eligible for consideration for permanent status upon satisfactory completion of the probationary period. A probationary employee is subject to personnel action (i.e., transfer, lay-off, dismissal, and other personnel action). A probationary promoted employee who has permanent status in his former position may be returned to his former status without the right of appeal.

c. **Extension of Probationary Period for New or Promoted Employees**

If the appropriate official is not satisfied that a probationary employee's work record is sufficiently satisfactory to warrant his recommending that the employee be granted permanent status, he may recommend extension of that employee's probationary period for a specified period of time, not exceeding six months. This recommendation shall be in writing, shall be submitted to the Director of Personnel at least 15 days prior to the date the employee is eligible for permanent status, and must contain the reasons for recommending the extension. After review and approval of the recommendation by appropriate campus dean or the Dean of Administration, and the Director of Personnel, the employee shall be notified in writing of the extension of the probationary period in advance of the effective date of extension.

d. **Separation During Probationary Period of New Employees**

(1) If at any time during a probationary period an appropriate official determines that a probationary employee's work record is unsatisfactory, he may recommend to the Director of Personnel that the employee be dismissed. Such recommendation shall be in writing and must include the reasons for the recommendation. He shall so notify the employee in writing at least two weeks in advance of the effective date of dismissal. Such notification shall inform the employee of the reasons for the dismissal and of his right to appeal.
The employee who has been recommended for dismissal may appeal the decision within 5 days of receipt of such notification, otherwise the dismissal shall become final. Such appeal shall be made in writing to the Personnel Officer and shall state specific reasons why the dismissal action should be reversed. The Director of Personnel shall submit the appeal along with all other materials pertinent to the action for dismissal to the Dean of Administration for review and final decision. The appellant may request a hearing by the Dean of Administration. The decision of the Dean of Administration shall be final and he shall notify the appellant of such decision in writing within 10 days of receipt of the appeal by the Director of Personnel. In the event of dismissal the employee shall receive such notice two weeks in advance of the effective date of dismissal.

In the event the Director of Personnel does not approve the recommendation for dismissal, the supervisor recommending dismissal may appeal the matter to an ad hoc panel of three college employees to be appointed by the Staff Review Board.

e. **Probationary Period of Promoted Permanent-Status Permanent Employees**

Upon satisfactory completion of his probationary period, a permanent-status permanent employee may be awarded permanent status in the position to which he has been promoted. The same procedures provided for granting permanent status as a permanent employee shall be used. The effective date shall be the date on which a promoted employee satisfactorily completes the probationary period.

f. **Probationary Period of Promoted Probationary-Status Employee**

A probationary-status employee shall be required to serve at least a six-month probationary period in any permanent position to which he may be promoted. Such probationary period may run concurrently with his probationary period in the original position.

4.243 **PERMANENT STATUS**

a. **Effective Date of Permanent Status**

The effective date of permanent status shall be at the satisfactory completion of an employee's probationary period.

b. **Special Credits**

A temporary employee filling a temporary or a permanent position and appointed to a permanent or conditional
position without a break in service shall be entitled to be credited with that amount of service credit toward permanent status.

c. Transfer of a Probationary-Status Permanent Employee

Each probationary-status permanent employee who is transferred from one permanent position to another permanent position of like responsibility shall retain the months he has satisfactorily served in his former position for credit towards earning permanent status as a permanent employee and for the award of a salary increment. If the prior service has not been satisfactory, he may be assigned a new probationary period and a new salary increment date.

d. Recommending Permanent Status

A permanent status recommendation must be in writing and shall be submitted to the Director of Personnel at least 15 days before the recommended effective date. Such recommendation shall be made by the appropriate official and shall contain a certification that the employee's work record is at least satisfactory and a statement that the granting of permanent status is recommended.

- 22 -
4.248  RECODETING OF FORMER SERVICE CREDITS

A former employee, upon reappointment to a permanent or conditional position in the same classification, may be granted full credit for years of service with MC in determining placement on the salary schedule, provided he completed five or more years of satisfactory service at MC and is re-employed within three years of the termination of his employment.

4.26  HONORS AND AWARDS PROGRAMS

4.261  POLICY

The President shall provide for suitable programs to recognize employees who bring honor to MC or to themselves as well as incentive programs which recognize and encourage excellent performance of duties. (See also Paragraph 7.13.)

4.263  PROCEDURE FOR GRANTING OUTSTANDING SERVICE AWARD

a. Eligibility

An employee who performs the duties and responsibilities of his position in a sustained, outstanding manner and whose work is continuously well above expectations shall be eligible to be considered for advancement one or more steps within his grade or for other awards.

b. Awards

When an outstanding service increment award is recommended, it shall be ordinarily limited to one step on the salary schedule and shall be granted only in recognition of sustained outstanding service rendered MC. Other types of
outstanding service awards which may be granted include certificates and/or cash. (See also paragraph 7.13.)

**c. Procedures for Recommending an Outstanding Service Award**

When an appropriate official believes that an employee under his supervision has qualified for consideration for an outstanding service award, he may recommend the employee for an award. The recommendation must be in writing, must contain specific examples of the outstanding work, and must be submitted to the Director of Personnel for transmittal to the Staff Review Board.

d. **Staff Review Board**

The Staff Review Board (see paragraph 4.11) shall review nominations and recommend outstanding service or other incentive awards according to the information submitted. Such awards (and reasons therefor) shall be made a part of the employee's personnel file. Nominations for awards shall be reviewed in July, November and March, or more frequently, if needed. (Approved by President, 10/25/71)

e. **Procedure for Recognizing Acts of Heroism**

In recognition of an exceptional act or an act of heroism, an employee will be honored in a public ceremony. He may be granted an advancement of one or more steps within his pay grade which will not affect the employee's increment date, or he may be given a cash award. A certificate recognizing the act of honor will also be awarded.

f. **Other Recognition**

Employees should report to the Director of Personnel any persons they consider worthy of recognition. The honor received will be publicized in appropriate MC publications.

---

**4.28 PERSONNEL ACTIONS**

**4.281 POLICY**

The Board recognizes the necessity for certain personnel actions which support the principle of career employment. The President shall make provisions and prescribe procedures for such actions as transfer, promotion, demotion, resignation, retirement, reduction in force, suspension, and dismissal.

**4.282 TRANSFER PROCEDURES**

a. **Definition**

Transfer is the movement of an employee from one position to another within the same classification.
b. **Status of Transferred Employee**

An employee who meets minimum qualifications established for a position of the same classification may be transferred with or without his consent, except that transfer to a temporary position requires the consent of a permanent employee. A transfer to a permanent or conditional position shall not change the status (probational or permanent) which the employee holds.

c. **Rights of Transferred Probationary-Status Employee**

A probationary-status employee or a temporary employee shall have no rights to his former position if he fails to perform satisfactorily the duties and responsibilities of his new position or if he wishes to be transferred back to his former position. However, every effort will be made for proper adjudication of the problem.

d. **Rights of Transferred Permanent-Status Employee**

A permanent-status employee, if he fails to perform satisfactorily the duties and responsibilities of the position to which he was transferred (except for reasons of misconduct), may be permitted to transfer back to his former position or a comparable position if a vacancy exists. If no vacancy exists, every effort will be made to place him in his former position or a comparable position when an opening occurs. If he requests a hearing, the employee may not be separated from NC service prior to a hearing before the Dean of Administration. (Approved by President, 10/25/71)

4.283 **PROCEDURES FOR PROMOTION**

a. **Definition**

Promotion is the movement of an employee from one classification to another classification with more responsibility at a higher pay grade.

b. **Promotional Policies and Procedures and Eligibility for Promotion**

Each employee who meets the promotional requirements established by the President for a position may be deemed eligible for consideration for promotion. After the employee files a promotion request for review by the Director of Personnel, the employee is scheduled for a promotional examination - either written, oral, or both. If the employee is determined to be qualified, his application is placed in the eligible file. As promotional vacancies occur, the best qualified promotional applicants will be referred from the eligible file. If the appropriate supervisor does not wish to select the referred applicant, he must submit in writing in detail, to the Director of Personnel, his reason(s) for rejecting the applicant. If satisfactory reasons for rejecting
are made, an additional promotional referral may be made by the Director of Personnel.

c. **Promotion of an Incumbent in a Trainee Status**

In cases where an employee who is not fully qualified for his position in terms of education, training and experience, is occupying that position in a trainee status at a lower grade level than the established grade for the position, the employee may be considered for promotion to that established grade level upon completion of at least one year's experience as a trainee in that position. In such cases the appropriate supervisor will be required to demonstrate to the Director of Personnel that the employee has been performing the tasks of the assigned position in a manner comparable to that of fully qualified incumbents of like positions. A promotion under these circumstances which involves an advancement of more than three pay grades requires the approval of the Supporting Services Review Board.

d. **Promotion of an Incumbent in a Position which has been Reclassified**

An employee who is an incumbent in a position which has been reclassified shall be given first consideration for promotion to the reclassified position on a non-competitive basis. If the employee does not meet the new qualification requirements or does not otherwise qualify for promotion, the appropriate supervisor may recommend retention of the incumbent in the reclassified position in a trainee status or he may request that the employee be transferred to a different position.

e. **Salary Step of a Promoted Employee**

An employee who is promoted from a lower grade to a higher grade ordinarily shall be placed on the lowest step thereof of the new grade paying a salary which is approximately 5 percent greater than the salary he is receiving at the time he is promoted. However, when there is an increase upon promotion of three or more pay grades, an employee shall be placed on the lowest step of the new grade which will assure an at least a 10 percent increase in pay. A placement which differs from this procedure requires the approval of the Dean of Administration. (Revised by President, 10/25/71)

f. **Longevity Pay of a Promoted Employee**

Longevity pay shall not be used in determining the basic salary step to which a promoted employee will be assigned. The longevity pay an employee is receiving at the time he is promoted will be adjusted to be effective on the same date the employee's promotion is to be effective.
g. Effective Date of Promotions

The effective date of any promotion shall be the date on which an employee is assigned his new position.

4.284 PROCEDURES FOR DEMOTION AND VOLUNTARY REASSIGNMENT

a. Definition

Demotion is the movement of an employee from one grade to a lower grade. The purpose of demotion may be to match the skills and/or abilities of an employee with those required by a classification, to provide placement for an employee when a position is being abolished, or to provide disciplinary action.

b. Employees Subject to Demotion

Any employee who does not satisfactorily perform the duties and responsibilities of his position, who fails to obey duly authorized directions of his supervisor, or who acts in a manner deemed not in the best interest of MC service shall be subject to demotion.

c. Demotion Procedures

An appropriate official may, when he considers such action to be necessary, recommend that an employee be demoted. Such demotion recommendation shall be in writing, shall state the reasons for such recommendation, and must be submitted to and approved by the Director of Personnel.

d. Notification of Demotion

Any employee who has been demoted shall be notified in writing by the Director of Personnel at least two weeks in advance of the effective date. Such written notification shall state the reasons for the demotion.

e. Appeals from Demotion

4.30 GRIEVANCES

4.301 POLICY

A uniform procedure will be established for expeditiously handling grievances of all personnel employed by the Board. Every effort should be made to settle such matters in the normal system of supervision and administration. An aggrieved person may contact other designated individuals for advice and assistance and may petition a grievance review without penalty or being placed in jeopardy for this action. Reviews will be conducted by MC employees especially chosen for this purpose. Reports and recommendations will be made to the President.

4.302 PROCEDURE

a. In the event that an employee feels he has a grievance, he should contact his immediate supervisor or administrator or a higher level supervisor or administrator in the normal channels of supervision and administration. Whenever it is possible to reach a satisfactory solution through this means, this procedure should be followed.

b. An employee who feels he has a grievance may, at any time, contact other employees of MC for advice and assistance.

c. If the employee feels a satisfactory solution cannot be or has not been reached, the aggrieved employee or his representative will contact the Director of Personnel to request a grievance review. These procedures are to be discussed and accepted in writing by the aggrieved and the statement becomes a part of the formal record. The review will be conducted by a special committee of five MC employees.

(1) The panel of five shall consist of two people selected by the Director of Personnel, and three representatives selected by the aggrieved. The clerk of the Director of Personnel will be charged with the responsibility of convening the committee, keeping the records, and presiding until a chairman is elected.
All matters pertaining to a hearing shall be considered strictly confidential.

Formal records are to be kept on any and all proceedings of the committee and are to be maintained in the aggrieved individual's personnel records -- such records to be classified confidential.

The committee of five will be called to convene for hearing the aggrieved's summary presentation of his own case no later than three weeks after referral to the Director of Personnel.

This preliminary hearing will be restricted to the aggrieved's oral summary of his case and presentation of any materials he wishes to submit in support of his case. If the grievance has been filed against an individual(s), a written summary of the charges contained in the grievance will be submitted to the individual(s) by the Chairman of the committee of five. Within 10 days after receipt of the written statement, the individual(s) shall appear to discuss the charges with the committee of five at either the committee's request or the individual's request.

The committee of five shall have authority to request individuals for testimony, to review records (provided such personnel records are not classified confidential), and to secure relevant data from the Director of Personnel. No record may be used in the final determination of the case by the committee unless it has been presented to the aggrieved and to the committee of five.

Relevant data, records, or documents should be made available for review by committee members at the beginning of each subsequent hearing.

The committee of five is to function as a unit in conducting necessary investigations. An aggrieved employee, as well as principals in the case, shall have no communications with individual committee members prior to preliminary hearing or during subsequent steps of committee procedure and should be so advised.

Reports and recommendations are to be forwarded to the Director of Personnel in writing for appropriate action except in those cases where the Director of Personnel is the person against whom the grievance is filed. In such cases, the reports and recommendations should be forwarded in writing to the Dean of Administration for appropriate action with one copy to be sent to the Director of Personnel. These reports must be signed in final form by the aggrieved and by each member of the committee. If there are dissenting opinions, a minority report must also be made.
One copy of the recommendation is to be forwarded to each of the following:

(a) The aggrieved

(b) The individual(s) against whom the grievance was filed

d. Any employee who has followed one or more of the above procedures and whose grievance remains unresolved may make a final appeal to the President.

(b) In all other cases of approved leave without pay in excess of 30 calendar days the employee shall pay the entire cost of continued participation in the employee benefit plan, including the amount usually paid by the College. The employee shall be billed quarterly and if payments are not received promptly, benefits will be discontinued.

(2) As a result of each period of leave without pay in excess of 60 calendar days (except for self-improvement, disability, and military service), the employee's annual salary increment date and adjusted date of employment shall be moved forward the same number of days as the employee was on leave without pay in excess of 60 calendar days.

e. Criteria (Approved by the Board of Trustees, July 16, 1973)

A Staff employee who has completed three consecutive years of service with the College may be granted leave without pay for self-improvement by the Board of Trustees and the College may pay the total cost (including the amount usually paid by the employee) of the employee's continued participation in the employee benefit (retirement, health and life insurance) plan upon satisfactorily meeting the following standards.

(1) The content of the planned course of study or vocational training program is directly applicable to the work performed by the employee for the College and will be of immediate benefit to both the employee and the College upon the employee's return from leave, or, it will prepare...
the employee for a different role at the College which is mutually agreed upon in advance and identified as an actual, funded need of the College. In the latter case, the planned course of study must be sufficient to enable the employee to meet fully the required qualifications for the new position. In either case, the applicability of the course or program content must be clearly established by the materials presented in support of the recommendation.

(2) The course of study is either a terminal program; a self-contained, independent unit; or the final phase of a degree or other long term program; and can be completed within the maximum period of time (12 months) allowable for this kind of leave.

(3) The course of study will be undertaken at an institution or organization which has appropriate accreditation, professional reputation or status in the field being studied. In the event of doubt on this point, the opinion of a recognized expert in the field will be obtained by the College to consider the selection.

(4) The course of study is full-time, and the employee provides a written certification to the effect that during this leave he or she will not engage in other employment which might jeopardize the obtaining of maximum benefit from the study. In addition, the employee documents the fact that he or she will not receive from a scholarship, grant, or salary (either singly or combined) an amount greater than the salary regularly received from Montgomery College less the amount regularly contributed to the cost of participation in the retirement, health and life insurance plans by the employee. All allowances over and above the grant, scholarship, or other compensation, which are awarded specifically for necessary related purposes such as housing, traveling, and moving expenses, are to be identified but not counted in this income comparison.

(6) An employee on leave without pay for military service shall surrender all reinstatement rights if, after completing the initial period of military service, he voluntarily elects to remain in the military service; or, after being discharged subsequently decides to re-enlist voluntarily. GENERAL

Under the supervision of the Dean of Administration, the Director of Personnel serves as the official responsible for recruitment, selection, classification, evaluation, promotion, training and separation of the staff. He is further responsible for position control and certain phases of employment processing and salary administration for Administrators and Faculty, as well as administration of employee benefits for all employees of the College. He is responsible to the Dean of Administration.

ADMINISTRATIVE AND STAFF COMMUNICATIONS

Minutes of the meetings of the Administrative Senate and the Staff Senate are transmitted to the Board by the President of the College for the information of the Board.

COMMUNICATIONS

Policy

Communications between the Board and the College are in writing through the President of the College.

General

Normally, effort is made within the College to take into account representative points of view on matters to be presented to the Board. However, when there is an unresolved substantial difference between the recommendations of the President of the College and the point of view of any of the senates, after appropriate efforts toward solution have not succeeded, the President of the College will invite a representative of the involved senate to speak at the Board meetings where the particular item has been placed on the agenda for this purpose. This senate point of view, expressed in writing, is distributed to the Board through the President of the College in advance of the meeting of the Board. Such items would typically relate to Board policies affecting an entire body, such as salary, fringe benefits, leave, evaluation, tenure, the academic calendar, and new curricula.
2.631 PURPOSE

The Staff is one of the four vital groups that make up the total college structure and is recognized along with the other three groups, faculty, administrators, and students, as an integral part of the institutional program. It may exercise, through an appropriate elected body, the right to express its concerns and make recommendations to the President and through him to the Board of Trustees.

2.632 CONSTITUTION AND BY-LAWS

The Association maintains its own constitution and by-laws and develops changes thereto. The constitution and by-laws are ratified by the staff employees, approved by the President before implementation, and transmitted to the Board of Trustees.

2.633 MEMBERSHIP

All staff employees of the College are considered members of the Association and are entitled to a vote in any plenary session and in any election of officers to the Association's senate.

2.634 ANNUAL MEETING

An annual College-wide Staff Association meeting will be held during spring vacation on a day the College is open.

2.635 ORGANIZATION

As specified in the by-laws, the Association is represented by an elected senate that includes a balanced representation from each campus and from Central Administration, serving in staggered terms that afford continuous representation. The members of the Senate elect from among themselves their chairman and vice chairman. The chairman sits as a member of the President's Advisory Council and the Staff Review Board, among others. Standing committees have been established in four areas of employee concerns; other committees are developed as needed.

2.636 RESPONSIBILITIES

The responsibilities of the elected representatives are outlined in the by-laws.

2.638 REPORTS AND COMMUNICATIONS

A copy of the minutes of each meeting of the Senate and of the full Association is forwarded to the President of the College. All written communication with the Board of Trustees is through the President; the Senate chairman or his designee will have the responsibility and right to speak freely before the Board of Trustees at its meetings.

3.28 CONFLICT OF INTEREST
3.281 GENERAL POLICY

The following policy on conflict of interest and related matters was adopted by the Board of Trustees, Montgomery College, in resolution 532-62, November 19, 1962 and reaffirmed on June 29, 1967. This policy supersedes all existing policies pertaining to this matter and covers all employees of the College.

"No employee of the Board of Trustees of the Montgomery College shall engage in or have a financial interest, directly or indirectly, in any activity that conflicts or raises a reasonable question of conflict with his duties and responsibilities."

3.282 OUTSIDE EMPLOYMENT

a. General

(1) Employees shall not at any time engage in any employment that would affect their usefulness as employees in the system, would compromise or embarrass the College, would adversely affect their employment status or professional standing, or would create a conflict of interest.

(2) Employees shall not engage in work of any type where the source of information concerning customer, client, or employer originates or results from any information obtained from the College.

3.446 EXTENDED ADMINISTRATIVE LEAVE (Approved by the Board of Trustees, September 17, 1973)

a. General - Extended administrative leave is defined as that type of personnel development leave authorized and assigned an Administrator or a member of the Faculty or Staff and required for the benefit of the college. College personnel are placed on extended administrative leave only for the purpose of acquiring a set of skills or specific knowledge required for the operation of the College. Placement of an individual on such leave, and the financial arrangements therefor, must be approved by the Board of Trustees. Extended administrative leave will not be used when other methods such as independent or self-programmed study or educational (tuition) assistance will provide the skill needed in the time frame involved. When the criteria for the Educational Assistance Program are met, the program may be used in conjunction with extended administrative leave, with the approval of the President. See paragraph 3.40. /p. 65/

b. Eligibility - Any individual currently employed full-time by the College may be placed on extended administrative leave provided that the person is willing and that, normally, the person has been in the service of the College for at least four consecutive years.
Deeming the offer to be placed on this leave will not affect the person’s employment status at the College.

c. **Salary and Benefits** - All salary and benefits normally received will continue during an individual’s leave. In addition, expenses for travel, room and board may be paid by the College, as warranted.

d. **Contractual Agreement** - An individual who agrees to be placed on extended administrative leave must contract to return to the College upon its completion for twice the duration of the leave but in no case less than the equivalent of half of an academic year. Failure to return and serve will make the individual liable for all monies paid to him or on his behalf by the College, unless relieved of this obligation, in part or in full, by the Board of Trustees for such reasons as disability or death.

e. **Duration of Leave** - Extended administrative leave is normally for no more than the equivalent of a semester. The minimum duration of extended administrative leave will usually be more than two weeks. Personnel development leave of two weeks or less will normally be considered under the category of short-term leave to attend professional meetings. Although extended administrative leave will usually be for periods in excess of two weeks, an individual’s daily absence over a continued period of time while on extended administrative leave might well be for only a fraction of a working day, for example, two hours per day for six weeks.

f. **Tenure and Status** - An individual on this leave will have the time of authorized absence count toward tenure or other employment status and will return to the same or equivalent position on return from leave.

(See also Paragraph 7.38 - Administration: Personnel Development Leave.)

### 3.44 OTHER LONG-TERM LEAVE

The Board of Trustees may authorize, upon recommendation of the President, long-term leave with pay for unusual and imperative reasons not covered by any of the foregoing categories of leave. The President may authorize, upon recommendation from the appropriate dean, long-term leave without pay for categories of leave not covered in the preceding paragraphs pertaining to long-term leave. A determination will be made in each case concerning continued participation in the retirement and other benefit plans and payments therefor. Modified by the Board of Trustees, November 1, 1971; see reading agenda November 19, 1971.

### 3.45 DISABILITY LEAVE (Approved by the Board of Trustees, March 19, 1974)

#### POLICY

All disabling college personnel who have been disabled because of sickness or accidental bodily injury can be granted disability leave with pay during the first twelve months of disability. Eligibility for disability leave is determined in accordance with the following directions.

**Eligibility:**
- A disabled person is who has completed at least six months.
of continuous service with the College and who is an Administrator, Faculty or Staff member of the College who works at least half
time in a regular budgeted position on a continuing basis.

(2) Eligibility for disability leave does not require that a person be
a participant in the long-term disability insurance plan to which
the College makes contributions.

(3) A disabled person is one who, by reason of sickness or bodily
injury, is completely unable to engage in his or her regular
occupation.

(4) Due proof is a medical opinion by a legally qualified physician
as to the nature and extent of the sickness or injury responsible
for the person's inability to completely perform his or her regular
tasks which includes a statement as to the effective date of such
disablement and an estimate as to the probable duration of the
disability. When in the opinion of the President or his designated
representative, or the Board in instances requesting its approval,
there is a reasonable doubt as to the nature, extent or continuation
of a disability claim, the individual may be required to have a medi-
cal examination by a legally qualified physician, selected or approved
by the College, at the College's expense for the purpose of justifying
the continuation of disability leave pay. In cases where the
disability for which the legally qualified physician retained by the College and the legally
qualified physician retained by the individual disagree as to whether
or not the individual is a disabled person, the two physicians shall
together select a third physician to examine the disabled individual
at the College's expense. The majority opinion of the physicians
concerned shall prevail.

(5) Regular pay is the compensation per pay period at the current salary
rate exclusive of extra compensation for such things as coaching,
special projects, summer school and community services instruction.

b. Disability leave provides for salary continuation at 80% of regular pay
after exhaustion of all accumulated sick leave and continues for as long
as six consecutive months.

c. Upon completion of the period authorized under (b) above, disability
leave may be continued at 60% of regular pay for the remainder of the
12 month period following the first date of sickness or injury.

d. In instances where the disabled person qualifies for Workmen's Compensation,
Social Security or other disability compensation plans to which
the College contributes, the rate of salary continuation by the College
under (b) and (c) above shall be reduced by the amount of such compensa-
tion received from these other plans.

e. In all cases where the requested period of disability leave exceeds by
more than 30 calendar days the expiration of all earned sick leave, the
request shall require approval by the Board of Trustees.

f. In instances where due proof (as defined above) establishes disability
effective during a period of approved leave without pay or during the
no pay period for continuing 10-month personnel (only those who have
been committed to return to pay status) salary continuation under (a)
above shall commence on the date the individual was scheduled to return to active duty and pay status.

g. If a disabled person engages in any rehabilitative work for wage or profit, the disability leave pay otherwise payable with respect to any month during this 12-month period, will be reduced by 80% of the amount of such wage or profit to which the employee is entitled for such work during that month.

h. The period of 12 calendar months for which the College grants paid disability leave shall not be extended. Successive unrelated disabilities shall entitle the individual to a new 12-month period under the disability leave provisions. In the event an individual returns to work prior to the end of the initial 12-month period and subsequently is unable to continue at work because of the original disability, the individual is entitled to receive the benefit of any remaining unused balance of the original 12-month salary continuation permissible under these regulations.

i. Disability leave with pay shall not be granted for disabilities caused or contributed to by:

(1) war or any act of war, whether declared or undeclared;

(2) intentionally self-inflicted injury,

(3) injury sustained in the commission of or in consequence of having participated in committing a felony;

j. Eligibility for paid disability leave will automatically cease on:

(1) the date the individual returns to active duty with the College;

(2) the individual's 65th birthday;

All persons employed by Montgomery College who work at least half time and who occupy regular budgeted positions on a continuing basis are eligible to participate in the Group Health and Life Insurance Plan consisting of life, accidental death and dismemberment, long term disability, hospitalization, surgical, medical, dental, and major medical coverages. The College pays 80% of the premiums attributable to this insurance program. (See brochure "Montgomery College Group Health and Life Insurance Plan" for details.) All questions concerning this insurance should be referred to the Personnel Office.

3.512 ENROLLMENT

The Personnel Office will explain the Group Insurance Plan to all persons employed by the College and will provide each individual with a copy of the benefit plan brochure. Each person will complete either an enrollment or a refusal card dependent upon his or her desire to participate in the plan. If enrollment is completed during the first 30 days of employment, no evidence of insurability is required and coverage becomes effective (except for long term disability insurance which has a 6 month waiting period) on the first of the month following enrollment. Enrollment after the first 30 days of employment may be accomplished only after provision of evidence of insurability satisfactory to the insurance company.
1.513 TERMINATION OF EMPLOYMENT

Upon termination of employment with the College, an individual who is enrolled in the group insurance plan may convert certain portions of the College group insurance to individual coverage with the College insurance carrier. In order to take advantage of this conversion privilege, the terminating person must contact the insurance company and accomplish the necessary conversion paperwork within 30 days of the date of termination.

1.514 CLAIM PROCEDURES

a. Health Insurance

Each enrolled person and spouse is provided an identification card which contains information descriptive of the plan, in addition to identifying data. Claim forms are also provided at the time of enrollment and additional claim forms may be obtained as needed from the Personnel Services Office. To apply for benefits, the individual presents the identification card and a claim form to the hospital, physician, dentist, laboratory or other provider of health services. The provider of health services may verify coverage by telephoning the John Hancock Mutual Life Insurance Company; 703-534-6077 (collect, if from another toll zone). The provider of health services submits the claim form to the local office of the insurance company and payment is made directly to the provider of the health service, except for major medical claims which are paid directly to the individual who has submitted the claim.

b. Long-Term Disability Insurance

Claim forms for use by the enrolled person are available in the Personnel Services Office. Benefits are paid directly to the enrolled person.

c. Life Insurance

Upon the death of an enrolled person, the Personnel Services Office should be notified immediately. Three copies of the death certificate or an attending physician's report, whichever is most expedient, will be required for processing of a death claim by this office.

1.515 BENEFITS FOR PERSONS ON LEAVE AND FOR RETIREE

a. All coverages for which an individual is enrolled remain in effect during periods of authorized leave.

b. Certain portions of the College group insurance program continue in effect for retirees. These include a reduced amount of life insurance and basic health insurance. The Personnel Services Office should be contacted for details of the coverages continued for retirees.
3.54 TAX-SHELTERED ANNUITIES

3.541 PURPOSE

Tax-sheltered annuities should be considered principally as supplemental retirement income.

3.542 PROVISION

a. Simply Stated, a Tax-Sheltered Annuity Provides:

(1) An employee may elect to have his salary reduced - Federal income tax paid on reduced amount.

(2) The employer purchases a nonforfeitable annuity in an amount equal to the salary reduction.

(3) Federal income tax to be paid by employee or retiree on full amount received from annuity.

b. Options: (Board of Trustees, March 19, 1973)

Employees have the opportunity to purchase tax-sheltered annuities from the Teachers Retirement System of the State of Maryland, The Prudential Insurance Company of America or the Teachers Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF). Forms are available at the Employee Services Office.

c. Employee Contribution: (Reduction of Salary)

There is a legal limit to the amount of reduction of salary allowed. Employees may request the Teachers' Retirement System, the Prudential Insurance Company or TIAA-CREF to calculate the maximum participation allowed.

d. Employer Participation:

The employer purchases annuity on request of the employee with the funds withheld from employee. There are no employer matching contributions to the annuity fund.

3.55 RETIREMENT BENEFITS

3.551 BACKGROUND

a. Full-time employees of the College are permitted to participate in the retirement system as follows:

(1) Maintenance, custodial, and cafeteria employees are enrolled only in the Montgomery Community College Retirement Plan (Aetna supplemental),
In order that College policy be in accord with State policy, and to provide for optional membership or other provisions which the State may from time to time provide, by Resolution 70-89, July 7, 1970, the Board of Trustees provided that "all eligible Faculty and Staff shall become members of the Teachers' Retirement System of the State of Maryland subject to the provisions of the Public General Laws of Maryland, as amended from time to time."

The Montgomery Community College Retirement Plan is a supplementary plan to (2) aforementioned. Participation is automatic for Faculty, Staff, and Administrators who belong to the Maryland State Teachers' Retirement System. By Board Resolution 74-37, February 18, 1974, participation is voluntary for those employees described in subparagraph (1) above.

b. Those who are enrolled only in the Montgomery Community College Retirement Plan (3.551a (1)) will receive all of their retirement income from the Aetna Life Insurance Company, which administers the plan. Those enrolled in both the Maryland State Teachers' Retirement System and the Montgomery Community College Retirement Plan will receive two checks - one from the Teachers' Retirement System and a supplemental check from the Aetna Life Insurance Company.

### 3.553 BENEFITS

a. Benefits that accrue from the Teachers' Retirement System, without supplementation from the College plan, accrue in the following manner:

\[
\text{Years of creditable service} \times \text{Average final compensation for highest three consecutive years}
\]

b. Retirement benefits paid, as a result of participation in both systems or in the College plan only, are calculated in the following manner:

\[
\begin{align*}
\text{Years of service} \times 2.0\% \times \text{Average final compensation for highest three consecutive years}
\end{align*}
\]

(to a maximum of 36)
POLICY

The purpose of the Educational Assistance Program (EAP) is to assist all eligible College employees with educational expenses in order:

a. To help them perform more effectively in their current job classifications through improved knowledge and skills.

b. To help them in preparing for higher level responsibilities in the College by virtue of broadened capabilities.

DEFINITIONS

a. An eligible employee is one who is working full time at the College and who has completed six months of employment with the College.

b. Eligible study is any course or training program, offered either for credit or not for credit, which is related to any of the functional areas of the College in which an eligible employee works or through normal career progression may expect to work, if qualified.

c. An acceptable educational institution is a public or private secondary, vocational, trade, or business school; or a public or private college, university, professional school, or technical institution. It is expected that the educational institution is accredited or recognized by some agency or governing body from within its general functional area or frame of reference.

d. Educational expenses are the costs for tuition, books and materials required for the eligible study approved through the EAP procedures.

e. Satisfactory completion is the obtaining of any grade or designation other than failure in accordance with the standards established by the institution or organization attended.

FINANCIAL BENEFIT

a. The maximum financial benefit in the form of assistance to defray educational tuition expenses for eligible study is $400 per employee, per fiscal year. Of this $400 maximum, $50 may be applied toward the cost of books and materials necessary for the approved course(s).

b. In instances where the employee is eligible for benefits under the Tuition Waiver Plan (see paragraph 3.61), reimbursement of up to $50 per fiscal year for required books and supplies may also be allowed from EAP, provided that the course of study at Montgomery College is job-related or a part of a degree or certificate program which is job-related.

c. Funds shall normally be apportioned for use by Faculty, Administrators, and Staff members based upon the percentage of eligible College employees in each category. Variations from this apportionment will be approved by the Dean of Administration.
d. An employee receiving other educational benefits, including Veterans' Administration benefits, for a given course of study, is eligible to receive benefits under EAP for the same course only if the other benefits do not cover the full cost of tuition. In such cases the amount of benefit under EAP is limited to the difference between the amount of the total tuition costs and the amount supplied by the other benefits, except that, in addition, the EAP benefit is subject to the limitation set forth in paragraph 3.605a.

e. The costs associated with this benefit for study during regular summer school sessions will be charged to the budget of the fiscal year in which such summer school session ends.

3.607 APPLICATION PROCEDURES

a. The employee is responsible for applying at an appropriate, acceptable educational institution for admission to or enrollment in a course or program of eligible study.

b. To apply for EAP benefits, an eligible employee completes WC Form 3.607b, "Application for EAP/Tuition Waiver Plan Benefits", and submits the completed form according to the following:

1) An administrator shall submit the completed forms to his supervisor who shall review the application for accuracy of data, make a recommendation regarding approval of the selected study and forward the application to the Director of Personnel. The Director of Personnel shall review the application for proper procedure and give approval of the selected study within the established guidelines.

2) A staff employee shall submit the completed forms to his supervisor who shall review the application for accuracy of data, make a recommendation regarding approval of the selected study and forward the application to the Director of Personnel. The Director of Personnel shall review the application for proper procedure and give approval of the selected study within the established guidelines.

3) A faculty member shall submit the completed forms to his department chairman who shall review the application for accuracy of data, make a recommendation regarding approval of the selected course and forward the application to either the Campus Dean (for faculty assigned to the Takoma Park Campus) or the Academic Dean (for faculty assigned to the Rockville Campus). The Campus Dean or Academic Dean shall review the application, give approval of the selected study within the established guidelines, and forward it to the Director of Personnel for processing. The Director of Personnel shall review the application for content and proper procedure.

After complete processing and approval, the copies of the application form are distributed to: the Personnel Office, the supervisor, and the employee.

c. When an application for EAP involves study during normal work hours, an agreement detailing how the employee is to make up the lost time must be attached to the application. This agreement must be signed
by the employee and his supervisor and approved by an appropriate administrator. Approval should be granted only in instances where the absence of the employee will not result in any interruption of normal services of the office or department concerned and where the study desired is not generally available outside of the regular working hours.

d. Upon completion of processing and/or approval of the application, the Personnel Office will, upon request as indicated on the application form 3.607b, issue the employee a letter authorizing the selected educational institution to bill the College for the proper tuition expenses within the limitations set forth in paragraph 3.605. If the employee so chooses, he may instead receive the benefit by reimbursement. (See paragraph 3.608a).

e. In the event the educational institution selected is not willing to bill the College, the employee will normally receive this benefit by reimbursement. (See paragraph 3.608a). However, if in such instances the eligible employee does not have sufficient funds to pay the eligible expenses in advance, he may so certify to the Director of Finance on MC Form 3.607h, and the Director of Finance may advance the employee an appropriate amount to cover only the actual expenses incurred and within the limitations set forth in paragraph 3.605, as an interest free educational loan. Such a loan is to be repaid via the reimbursement procedure. (See paragraph 3.608a).

f. In all cases, the application should be received by the Personnel Office no later than 15 days prior to registration. An employee should submit his application in time to allow his supervisor sufficient time to meet this deadline.

3.608 REIMBURSEMENT AND REPORTING PROCEDURES

a. Upon completion of approved study for which an employee paid the approved educational tuition expenses himself because either he did not choose to use a letter from the College authorizing the selected institution to bill the College directly, or because the selected institution was not willing to bill the College, reimbursement may be requested by submitting MC Form 3.609, "Request for EAP Reimbursement," to the Personnel Office, accompanied by a tuition receipt and evidence of satisfactory completion of the approved study. Receipts will be required also for reimbursement for costs up to $50 of necessary books and materials. After approval by the Personnel Office, this form is sent to the Finance Office for processing and reimbursement to the employee. In cases where the employee received a loan from the College, the processing of the form, after it is approved, will effect the payment.

b. In order to be eligible for continued financial benefits under EAP, the employee must have submitted evidence of satisfactory completion of all study for which he has received EAP benefits, to his supervisor and to the Personnel Office, or have applied to the Personnel Office for excused withdrawal for reasons of health, family obligations, or similar compelling considerations.
c. Employees who do not satisfactorily complete study for which EAP benefits have been received must reimburse the College for all monies that the College has expended in relation to that specific study which was not satisfactorily completed before being eligible to apply for any further benefits under EAP.

3.609 ACCOUNTABILITY FOR EAP

The Director of Personnel is responsible for the administration of the EAP. Appeals from decisions of the Director of Personnel may be made to the Dean of Administration.

As an exception to the prescribed completion date, an initial award of medallions was made at the 25th Anniversary Convocation, or in connection therewith, to surviving founders of the College (members of the Montgomery County Board of Education in 1946, members of the Founding Committee, members of the first full-time faculty, the State Superintendent of Schools, and the widow of the founding dean, in commemoration of his services to the College.)

c. The College President is responsible for development of criteria for the award of such certificates as he may deem essential to proper recognition of other types of service to the College.

7.132 AWARD OF MEDALLIONS (Approved by Board of Trustees, February 20, 1973)

The following guidance is provided in connection with the development of awards of medallions for outstanding service and the submission of recommendations therefor. In each case the specific action(s) supporting a determination of outstanding will be included in the recommendation. The length of service to the College, indicated in the following paragraphs, is to be considered only as guidance; the quality of the service is to be the essential basis for the award.

7.66 PUBLICATIONS OF THE FACULTY, ADMINISTRATORS, AND STAFF (Approved by President, February 25, 1972)

Publications of the faculty, administrators, and staff may be deposited in campus libraries for reference by interested parties. The following procedure is followed in handling such publications:

a. The Office of the Dean of the Faculty will announce periodically to the faculty, administrators, and staff that publications of Montgomery College personnel may be sent to the Office of the Dean of the Faculty for deposit in their respective campus library.

b. Upon receipt of the publication, the Dean of the Faculty will forward information concerning the publication to the President for inclusion in the Board of Trustees' Reading Agenda.

Eligibility

a. Members of the full-time Faculty, Staff, and Administration, will be presented a suitable award upon completion of certain intervals of years of creditable service with Montgomery College. Those included under the term "full-time" are: Staff persons who normally work 40 hours per week during the academic year or calendar year, depending upon their assignment or other employment agreement; Faculty members who have a full-time academic year assignment; and Administrators who are assigned to a full-time position. "Years of creditable service" include all time worked from the original date of hire to the completion of the required length of service for recognition under this paragraph. These definitions specifically include an academic year for Faculty and a 10-month assignment for Staff as one full year of service.

b. A certificate and an appropriate decorative pin will be awarded upon completion of 10 years and each 5-year interval thereafter.

c. The President will present the certificates and pins at appropriate ceremonies throughout the year.

d. The Director of Personnel is responsible for the design of the certificate and pin, the identification of eligible persons, and the preparation and processing of certificates.

Workmen's Compensation

a. Workmen's Compensation protects the employee from serious financial loss if he is injured in the course of employment, except:

(1) When the injury results from the willful intention of the employee to injure himself or another, or

(2) When the injury results solely from the intoxication of the injured employee while on duty.

In general, all medical or hospital expenses directly associated with an injury resulting from an on-the-job accident are covered. Employees must report all accidents to their supervisors immediately.

b. In the event an individual employee wishes to file a claim against Workmen's Compensation, he should obtain a claim form from the Employee Services Office.

c. The Workmen's Compensation claim should be completed as instructed and sent to the Employee Services Office within 48 hours after the accident.

d. The Employee Services Office will make one photostat of the claim form and file it in a file under the claimant's name and then send the original claim form to the company for processing.
ADMINISTRATION OF PERSONNEL DEVELOPMENT LEAVE (Approved by the President, September 17, 1973)

7.381 GENERAL

For the purpose of this paragraph, personnel development leave encompasses that leave which is granted with pay under the categories of sabbatical leave, paragraph 3.441; extended administrative leave, paragraph 3.446, and special leave with pay for self-improvement, paragraph 4.50. It is the purpose of this section of the Policies and Procedures Manual to delineate approved policy and to provide the necessary administrative and fiscal procedures for coordinating the granting of these three types of leave and for considering the prior use of short-term leave for professional meetings before authorizing extended administrative leave.

7.382 POLICY (Board of Trustees, 11/19/73)

The evaluative criteria that follow will be used by the President and the President's designees in determining what recommendations will be made to the Board of Trustees concerning proposals requesting consideration for sabbatical leave.

a. The proposal should clearly indicate how the program to be undertaken by an individual on sabbatical leave will benefit the person's professional duties at Montgomery College.

b. The following are examples of types of activities or projects that might be engaged in during the period of the sabbatical leave:

(1) To carry on a program of purposeful course work for a period of at least one semester or to attend a semester-long institute.

(2) To complete a book or some other scholarly work that is of value to the individual concerned and/or to the academic community.

(3) To participate in research or an operational project of at least a semester's duration or more which would result in improvement of the applicant's overall competency for responsibilities at Montgomery Community College.

(4) To take part in some organized community project designed to improve relations between the College and the citizenry supporting it.

(5) To travel, provided such travel has a direct bearing on the particular subject matter field or educational methodology of the instructor.

c. The following aspects will also be considered in arriving at a recommendation with a report thereon to the President.

(1) Contributions which the applicant has made over the years to the College as a whole.

(2) The eventuality that the applicant may have had such leave or comparable leave before.

(3) Length of service of the applicant at Montgomery Community College.
It should be understood, however, that the above criteria are not listed in an order of priority or importance and that the leave policy will be administered on a college-wide basis; i.e., without necessarily allocating available sabbaticals to the campuses in equal measure, but with due consideration to the burden placed upon the College in any particular discipline in any year.

7.183 APPLICATIONS FOR LEAVE

a. Applications for sabbatical leave and special leave for self-improvement, are processed in accordance with paragraphs 3.441a and 4.50, respectively.

b. In the case of sabbatical leave, an ad hoc committee is appointed by the Faculty Senate with the concurrence of the President. The President selects the ad hoc committee chairman each year with the concurrence of the Faculty Senate. The ad hoc committee reviews applications, and within approved evaluative policy and fiscal guidance, establishes recommended priorities for consideration of the President.

c. Although normally initiated at the supervisory level, any member of the College may recommend that extended administrative leave be granted to one or more eligible persons or for one or more purposes. If not originating with the President, a Campus Dean, the Dean of Administration, or the Dean of Education, the request will be forwarded through supervisory channels to the appropriate dean. The request should explain the purpose of the leave, state how it will benefit the operation of the College, explain why it is necessary or essential for the College to authorize this type of leave, provide a specific cost estimate, recommend an individual (s) to be sent on the leave, list any prior leave for professional meetings or extended administrative leave granted to that person during the prior 12 months, and indicate the willingness of the individual (s) to be placed on leave if it is granted. The dean concerned will review the request, make a recommendation, and forward it to the Director of Personnel for consideration and recommendation to the President. The President, upon receipt of the recommendation of the Director of Personnel, may approve and recommend the request to the Board of Trustees for final approval, or may disapprove or modify it as appropriate.

d. All salary and benefits normally received will continue when a person is placed on extended administrative leave. In addition, travel, room, and board expenses may be paid by the College, as warranted. The amount of allowance for room and board will be determined in advance by mutual agreement between the individual and the Director of Finance, and be approved by the President.
e. When extended administrative leave has been authorized by the Board of Trustees, application for leave will be made administratively on MC Form 7.40. Request for Leave for Professional Meetings And/Or Special Funds. In the space, "Reason for Request", the applicant will enter: "Extended Administrative Leave as approved by resolution number_____. Board of Trustees. _______________ ______, 197__.”

f. Applications from the Staff for “Special Leave for Self-Improvement” are considered by the Staff Review Board.

7.384 THE COLLEGE COMMITTEE FOR PERSONNEL DEVELOPMENT LEAVE

a. General

The annual operating budget will usually contain limited funds for the support of personnel development leave (i.e., sabbatical leave, self-improvement leave and extended administrative leave). The overall budgetary ceiling requires, therefore, that a process be created to develop recommendations for the President regarding the amount to be included for such leave and to recommend to the President an amount to be allocated to each such category after the budget has been funded. For this purpose, there has been established a College Committee for Personnel Development Leave.

b. Committee Organization

The College Committee on Personnel Development Leave is appointed by and reports to the President. It is composed of the following members and such additional appointees as may be desirable from time to time:

Dean of Administration
Dean of Education
Two (2) Faculty Senate designees
Dean of the Faculty
Campus Deans
Two (2) Staff Senate designees
Director of Personnel (w/o vote)

The chairman of the committee is appointed by the President.

c. Committee Functions

The Committee:

(1) Develops recommendations concerning criteria, formula, parameters, or guidelines to be used in determining amounts to be included each year in the operating budget for each type of leave, sabbatical, self-improvement, and extended administrative. For these purposes, the Committee’s tentative recommendations are developed and discussed with their constituencies by committee members, after which final recommendations are forwarded by the Committee to the President, with any minority comments, for approval.
(2) Develops, for FY1974 only, recommended initial allocations of budgeted funds to be used for sabbatical leave, special leave with pay for self-improvement, and extended administrative leaves; forwards the Committee's recommendations, with any minority comments, to the President for approval.

(3) Using previously approved criteria, develops, for fiscal years other than 1974, recommended amounts to be included as a single line item in the operating budget in support of sabbatical, self-improvement, and extended administrative leaves, and forwards its recommendations to the President for approval.

(4) Recommends, on request of the President, after final approval of the operating budget, the annual allocation of funds for personnel development leave in order to take into consideration the amount finally funded for this type of leave.
Employees of the Board of Trustees who are required to travel on business pertaining to the College will be reimbursed dependent upon the type of travel performed, local or distant. Specifically designated students, who are members of college-level committees which function under the approved statutes for the governance of the College, are also authorized local travel reimbursement. Regardless of the type of travel, when vehicles are used, individuals going to the same location are requested to use one vehicle only, unless the capacity of the vehicle is less than the number of persons involved. Since the total amount of travel funds is limited, payments from such funds are governed by the following guidelines. Should budgeted funds for travel become insufficient to support payments as explained herein, temporary modifications to these procedures will be issued by the Director of Finance.

7.402 LOCAL TRAVEL (PAC, April 29, 1971; President, June 26, 1971, Modified November 21, 1972)

a. Local travel, as used in this manual includes, but is not limited to, inter-campus travel and travel between an individual's assigned campus and other points of business. It does not include travel:

(1) For which overnight accommodations are required.

(2) For which round-trip mileage exceeds 300.

(3) Between an individual's assigned campus and his residence, for normal duty during regular work days. Mileage between an individual's residence and a campus other than the assigned campus may be reimbursed in the case of authorized travel to the other campus prior to reporting to the assigned campus. In such instances reimbursement will be only to the extent that the distance between the assigned campus and the residence by way of the other campus exceeds the direct distance between the assigned campus and the residence.

Round-trip mileage between the residence and a campus other than the assigned campus may be reimbursed in situations where it would have been impossible, impractical, or inefficient to make the trip enroute to or from the assigned campus but only to the extent that such mileage exceeds a round trip between the residence and the assigned campus.

(4) To or from places of business located on a direct route between an individual's assigned campus and his residence, unless it would be impossible or impractical to make the required visit to these places of business enroute to or from the assigned campus. If a place of business is visited enroute to or from the assigned campus, and it is not on the direct route between the home and the assigned campus, reimbursement shall be based on the difference between the mileage between home and assigned campus by way of the place of business and the distance between home and assigned campus by direct route.

(5) To and from meetings of the Board of Trustees, except where the individual is required to attend such meetings by virtue of:
(a) The office in which he is serving.

(b) Material he must personally present to the Board, or

(c) A request from his supervisor.

When one of the above qualifications is met, the round-trip travel shall be reimbursable regardless of the campus on which the Board of Trustees meeting is held.

b. Authorized travel between campuses is that which is necessary to attend scheduled classes, departmental meetings, and officially scheduled meetings of the college staff or faculty, and return to the assigned campus when such is required. Distance between campuses is officially recognized as 15 miles.

c. Authorized travel between a campus and a place other than another campus is that which is necessary to conduct official college business at the second place. This would include travel between a campus and scheduled classes off campus, e.g., physical education classes at golf ranges and bowling alleys and nursing classes at hospitals.

d. Authorized personnel are reimbursed for the use of their privately owned vehicles at the rate of 12 cents per mile traveled. They may also be reimbursed for parking fees. When two or more individuals travel in the same privately owned vehicle, only one person will receive compensation for the mileage traveled, usually the owner. The driver, if the owner is not present, may receive a mileage payment if one is not claimed by the owner.

e. Reimbursement for travel will be made only to those individuals who submit an approved "Statement of Local Travel Expense", MC Form 7.403. This form may be obtained from the Office of the Director of Procurement on Stores Requisition, MC Form 7.506. Monthly statements should be submitted to the appropriate departmental chairman or staff supervisor for approval no later than the third of each month for travel during the preceding month. Statements should be processed through appropriate account managers so as to reach the Director of Finance by the sixth of each month.

7.404 DISTANT TRAVEL (Approved by the President, November 21, 1972)

a. Distant travel, usually used in conjunction with leave for professional meetings (paragraph 3.442 f), is travel which meets any one or more of the following criteria:

(1) Overnight accommodations are required.

(2) Total expense incurred for all reimbursable items related to the trip, including conference registration fees, exceeds $50.00.

(3) Round trip mileage exceeds 300.

b. Requests for approval of use of college funds and subsequent reimbursement for expenses incurred on distant travel will be submitted through the individual's supervisor on the Form for Request for Leave for Professional Meetings and Special Funds, MC Form 7.40.
1. Distant travel, for members of the Faculty, for which reimbursement is to be requested, must first be approved on the Request for Leave for Professional Meetings and/or Special Funds, by their Department Chairman, Division Chairman/Academic Dean, and Campus Dean.

2. Distant travel by members of the Administration and Staff, for which reimbursement is to be requested, must first be approved by the individual's immediate supervisors. Final approval is granted by the College President for the Campus Deans, Dean of Administration, Dean of Education, Dean of the Faculty and personnel assigned to the President's office. The Campus Deans, Dean of Administration, or Dean of Education approve requests submitted by personnel assigned respectively to the offices supervised by them.

c. Travel to distant points may be made by any conveyance desired by the individual. Reimbursement for travel by private conveyance, however, will be made only on the basis of the lesser of 10 cents per mile or the cost of a tourist ticket by air. Actual tickets, if desired may be obtained through the College. When air transportation is used, travel reimbursement will also include the cost of travel between home and airport, airport and hotel at destination, and travel between hotel and place of business at destination. In addition to travel reimbursement, individuals are authorized reasonable reimbursement for the cost of meals and, upon submission of a paid bill, overnight lodging.

d. An annual record of expense (MC Form 7.404 (7/1/72)) incurred for distant travel for each individual member of the faculty and administrative staff is maintained in the Office of the Director of Finance.

7.406 USE OF COLLEGE VEHICLES

a. General

Whether travel on official business by Faculty, Staff or Administrators is local or distant, college vehicles, if available, should be used. When this mode of travel is used, no monetary reimbursement for mileage is authorized. Requests for the use of these vehicles should be made to the responsible office well in advance to insure their availability. Priority for the use of vehicles will normally be in accordance with the requests received. Exceptions, if any, will usually be based on obtaining the greatest economy in the use of College travel funds.

b. Responsible Offices

(1) The Office of the Campus Facilities Manager is responsible for the daily control of vehicles assigned to the Rockville Campus.

(2) The Office of the Business Manager is responsible for the daily control of vehicles assigned to the Takoma Park Campus.

(3) The Office of Internal Management is responsible for the daily control of vehicles assigned to the Central Administration.
c. Procedures

The following procedures will govern the use of College vehicles:

(1) On the campuses, keys are maintained in the Security Office; for the Central Administration, keys are maintained in the Office of Internal Management. When keys for a vehicle which has been reserved are picked up, the operator of the vehicle also obtains a Motor Vehicle Trip Form, MC Form 7.406. The trip form, fully executed, is to be returned with the vehicle keys at the conclusion of the trip.

(2) Normally, employees may not drive motor vehicles to their home. When it is necessary to do so, however, the employee must include this information on the trip form.

(3) Gasoline and oil for college vehicles are to be procured from the Lincoln Center or the Randolph Road Depot of the Montgomery County Public Schools which will bill the College for supplies used. The gasoline in the storage tank on the Rockville Campus is reserved primarily for use of utility vehicles assigned to the Rockville Campus.

(4) When fuel is needed and the vehicle is distant from MCPS facilities, or the need is at an hour when MCPS facilities are closed, the operator should purchase gasoline or oil using cash or his own personal credit card. If using cash, a cash receipt must be obtained and attached to the monthly "Statement of Local Travel Expense", MC Form 7.403, in order to secure reimbursement. If the individual uses his personal credit card, he should attach his copy of the voucher to the Statement of Local Travel Expense in order to secure reimbursement.

(5) No vehicle should be returned after use with less than one fourth of a tank of fuel.

(6) No vehicle is to be away from the College overnight unless permission is granted by the responsible office. Normally, college vehicles will not be kept out overnight locally.

(7) Normally, vehicles are to be driven only by Administrators or members of the college Staff or Faculty who possess a valid operator's license. Students are not normally authorized to drive college vehicles. In unusual circumstances, permission may be granted only if the student is over 21, possesses a valid operator's license, and receives permission from the office responsible for the operation of the particular vehicle.

(8) Hitchhikers shall not be picked up.

(9) If mechanical failure occurs to a vehicle within a 25 mile radius from the responsible office, the responsible office should be contacted. Otherwise, a nearby local garage, preferably one which specializes in the make vehicle affected, should be contacted for assistance. If it is estimated that repairs will exceed $100, the responsible office should be contacted for clearance prior to authorization of repairs. Bills for repairs should be turned in to the responsible office for reimbursement from the appropriate vehicle repair account.

(10) A driver of a College vehicle involved in an accident should immediately contact the local police and the Director of Internal Management.
7.90 **HEALTH**

7.901 **POLICY** (Board of Trustees, March 20, 1972)

The Board of Trustees of Montgomery Community College requires as a condition of employment that:

a. All employees submit medically verified evidence of freedom from active tuberculosis at the time of employment.

b. In addition to the above, food service employees submit similar evidence on an annual basis throughout their employment.

7.902 **PROCEDURES** (Approved by President, March 20, 1972)

a. The evidence of freedom from active tuberculosis required by paragraph 7.901 may be in the form of a signed physician's statement or other official health certificate indicating that, by means of a chest X-ray, intradermal tuberculin test, or other medically recognized method, the person concerned has been found to be free of tuberculosis at the time of his employment at Montgomery College. This evidence must be submitted prior to reporting for work, and no prospective employee will be considered as employed until this requirement has been satisfied.

b. Persons who desire to satisfy their health certification requirement by obtaining a chest X-ray on a mobile unit or in a hospital health clinic shall submit as a certificate the postal card or other official document returned to them as evidence of freedom from active tuberculosis.

c. Proper evidence of freedom from active tuberculosis may be obtained in the geographical area of residence of the individual concerned.

d. (1) All food service employees, as well as faculty, staff, or students participating or enrolled in programs or courses which involve the handling of food, or the supervision of its preparation or serving, will submit evidence of freedom from active tuberculosis both on an initial and an annual basis.

(2) Chapter 82, Montgomery County Code, 1965 edition, also requires that such persons be free of all communicable diseases and infected wounds, sores, or lesions on exposed parts of the body. Although no initial or periodic certificate is required, supervisors are held responsible for reporting suspected carriers and reporting them to the proper authorities for proper verification of their health condition.

(3) The Montgomery County Code defines a food service employee as "Any person, including owner or manager, who handles food or drink during preparation or serving, or who comes in contact with any eating or cooking utensils, or who is employed in a room in which food or drink is prepared or served."

(4) The above code also requires that "Every person connected with an eating and drinking establishment whose work brings him in contact with the production, handling, serving or storage of food, drink, utensils or equipment, shall furnish such information, permit such physical examination, and/or X-rays, and submit such laboratory specimens as the health officer may require for the purpose of determining freedom from infections."
7.91 **HEALTH MAINTENANCE PROGRAM**

7.911 POLICY (Approved by the Board of Trustees, FY 1974 Operating Budget, May 21, 1973)

The Health Maintenance Program (HMP) is designed to encourage College personnel to schedule regular physical examinations in the interest of the maintenance of good health. The program provides for the reimbursement of up to $25 every other fiscal year to each eligible person toward payment of the physician's fee (exclusive of charges for diagnostic services, such as x-ray or laboratory work) for a general physical examination.

7.912 ELIGIBILITY

An eligible person is a full-time College employee at least 40 years of age who has worked for the College for at least one year.

7.913 PROCEDURE

a. Application for reimbursement of the $25 is accomplished by completion of an Application for Reimbursement (MC Form 7.91) which is available from the Employee Services Office.

b. After the physician has certified that the physical examination was performed, the form MC 7.91 is submitted to the College Personnel Office.

c. Upon verification that the employee is at least 40 years old, has been a full-time employee of the College for at least one year, and that he or she has not received reimbursement during the current or immediately preceding fiscal year, the Director of Personnel authorizes reimbursement.

d. One copy of the approved Form MC 7.91 is forwarded to the Finance Office as authorization for the reimbursement and the other copy is retained in the Personnel Office.

a. In the event the application is not approved, it is returned to the requestor by the Director of Personnel with an explanation for the disapproval.

7.92 **PRE-EMPLOYMENT PHYSICAL EXAMINATION**

7.921 POLICY (Approved by the Board of Trustees, May 20, 1974)

a. All candidates for approved positions at Montgomery College shall have a pre-employment physical examination for the purpose of assuring that each person employed is physically able to perform the duties and responsibilities of the position for which the individual is being considered, and for the purpose of avoiding the employment of persons whose health and physical condition could adversely affect the health, safety, and welfare of persons associated with the College. It is the expectation of the Board of Trustees, also, that the pre-employment physical examination will help to minimize the applicable public cost of staffing the College. The medical opinion shall be a significant consideration in the final decision relative to employment. Under exceptional circumstances the President, or the
President's designee, may authorize temporary employment in spite of a medical opinion which would normally preclude employment because of a health condition.

b. If temporary employment is authorized under exceptional circumstances, the person employed will not be eligible for participation in the College's group health and life insurance program and the College's disability leave program for a period of at least twelve consecutive calendar months. During this period the College will contribute (up to the current or larger amount paid by the College for similar coverage for those persons covered by the College group insurance policy) toward the cost of reasonably equivalent individual health and life insurance obtained independently by the employee. If, after completion of at least twelve consecutive calendar months, the individual has been completely treatment free in relation to the pre-existing condition, the employment status can be changed by the President, or the President's designee, to regular (as opposed to temporary), thereby making the individual fully eligible at that time to participate in the group health and life insurance and the disability leave program.

c. Except for purposes indicated herein, the pre-employment physical examination will not be used to deny employment to qualified persons who are selected by the College.

7.922 PROCEDURES (Approved by the President, May 20, 1974)

a. In the application process, the College shall notify each applicant that a pre-employment physical examination is a condition of employment and will provide the applicant with forms and information, as appropriate.

b. The Director of Personnel shall recommend to the Dean of Administration, and the Dean of Administration shall select, a physician or team of physicians experienced in the field of occupational medicine to provide pre-employment physical examinations for the College at a reasonable unit fee. This fee shall be paid by the College. The Director of Personnel shall provide the physician with a job description, and related information as required, in order for the physician to have an adequate understanding of the physical requirements of the position to be filled, and in order for the physician to be able to use this and other data in reaching a medical opinion concerning the physical fitness of candidates for employment with the College.

c. Prior to final consummation of an employment agreement and upon receipt of a notice of prospective employment, the Director of Personnel will make arrangements for a pre-employment physical examination. Notice of prospective employment is made by the employing supervisor for staff candidates, by the Campus Dean for faculty candidates, and by the President for administrative candidates. The notice of prospective employment shall be in writing indicating to the Director of Personnel that the candidate probably will be recommended for employment upon receipt of a favorable medical opinion. The position number of the vacancy to be filled by the candidate should also be indicated on the notice of prospective employment.

d. The Director of Personnel shall provide a medical examination form (MC Form 7.92) for the candidate and make the arrangements for the examination with a physician selected by the College. Under certain
circumstances, a candidate may be granted permission by the Director of Personnel to have the examination performed by a different physician at the expense of the individual candidate, with reimbursement from the College up to the same amount paid by the College for the same service. In this case the report from the other physician must be prepared on the College form (MC Form 921), and sent to the College-selected physician for review and development of a report on the candidate's physical fitness for employment at the College. The Director of Personnel will grant this deviation from normal procedure in those cases where a final employment decision would be unduly delayed or the candidate unduly inconvenienced in terms of time and expense by adherence to the standard procedure.

e. The examining physician will perform a routine physical examination including such items as:

- Medical history
- Vision
- Hearing
- Blood pressure
- Urinalysis
- Serology

As a result of the examination the college-selected physician will provide the College with a medical opinion regarding the ability of the candidate to perform the task, of the position for which the candidate is applying. When the examination is performed by other than the College retained physician, the examiner’s report shall be sent to the College retained physician for review and development of such a medical opinion.

f. This physician’s report to the College will state that either: (1) The candidate’s health and physical condition are acceptable for any position at the College, or, (2) The candidate’s health and physical condition are acceptable for the proposed assignment only and that further medical opinion should be required before any change of assignment is made or, (3) The candidate’s health and physical condition are not acceptable for the proposed assignment at Montgomery College.

g. All medical records shall be retained by the College-selected physician.

h. Upon receipt of the physician’s report, the Director of Personnel shall send a copy of this report to the candidate and to the referring College official for consideration in arriving at a decision relative to employment. Except in extremely unusual circumstances (such as the candidate's possession of an extremely rare skill or expertise) the medical opinion shall be a significant consideration in the final decision relative to employment. When unusual circumstances pertain, the involved campus or administrative dean may request that an exception to standard practice be made and that employment be authorized in spite of the contrary medical opinion. The request must be in writing to the Dean of Administration when the candidate is being considered for a Staff position and to the President when the candidate is being considered for a Faculty or Administrative position. Upon approval of the request by the President, or his designee, the requesting supervisor and the Director of Personnel are authorized to proceed with appropriate employment arrangements.
1. In cases where temporary employment is authorized by the President or his designee under exceptional circumstances, and enrollment in the College group health and life insurance program is not allowed, the Director of Personnel will arrange for payment of a monthly amount (no greater than the current dollar amount paid by the College for similar coverage for those persons covered by the College group insurance policy) toward the cost of reasonably equivalent individual health and life insurance coverage obtained independently by the employee. Such payment shall be authorized and paid to the individual only after the Director of Personnel has been provided due proof of the existence of such equivalent insurance protection by the employee or the designated insurance carrier.

j. If, after completion of at least twelve consecutive calendar months, the individual has been completely treatment free in relation to the pre-existing condition which precluded employment on a regular basis, the Director of Personnel will inform the appropriate administrator who authorized the employment initially. This person will change the employment status from temporary to regular. This change in status makes the individual eligible at that time to participate in the group health and life insurance and the disability leave program. Upon receipt of confirmation of this change in employment status from the appropriate administrator, the Director of Personnel will see that the employee is properly enrolled in the group health and life insurance program and is otherwise treated as a regular employee rather than a temporary one.

k. If, after completion of at least twelve consecutive calendar months, the individual has not been completely treatment free, he or she may be continued in a temporary capacity for another twelve consecutive calendar months under the conditions outlined in (i) above.

7.923 ACCOUNTABILITY

The Director of Personnel shall be responsible to the President or his designee for the coordination of the pre-employment physical examination program and for authorizing the expenditure of funds budgeted for the program.
