ABSTRACT

This report provides information on the degrees and certificate programs offered in Oregon's postsecondary institutions of education for the 1973-74 academic school year. Degrees and certificate programs are listed as given in the institutions' catalogs. An inventory of programs for each postsecondary institution is provided in appendixes, which comprise the bulk of the report. These appendixes are: A. An Inventory of Programs Offered at Oregon State System of Higher Education Institutions 1973-74; B. An Inventory of Programs Offered at Oregon's Independent and Private Colleges and Universities 1973-74; C. An Inventory of Programs Offered at Oregon's Public Community Colleges 1973-74; D. An Inventory of Programs Offered at Oregon's Private Vocational Schools 1973-74; and E. A List of Postsecondary Institutions Included in Program Inventory Report. (DB)

LIST OF APPENDICES

- A. An Inventory of Programs Offered at Oregon State System of Higher Education Institutions 1973-74. 4
- B. An Inventory of Programs Offered at Oregon's Independent and Private Colleges and Universities 1973-74. 14
- C. An Inventory of Programs Offered at Oregon's Public Community Colleges 1973-74 26
- D. An Inventory of Programs Offered at Oregon's Private Vocational Schools 1973-74 45
- E. A List of Postsecondary Institutions Included in Program Inventory Report 66

INVENTORY OF POSTSECONDARY
EDUCATIONAL PROGRAMS IN OREGON

1973-74 PROGRAM INVENTORY REPORT

This report provides information on the degrees and certificate programs offered in Oregon's postsecondary institutions of education for the 1973-74 academic school year. For the purposes of this report, degree and certificate programs are listed according to the name given them in their respective institutional catalogues.

An inventory of programs offered is presented for each postsecondary institution of education in Appendices A thru D of this report. Appendix A presents the programs offered by the Oregon State Department of Higher Education institutions. Appendix B provides the program inventories for institutions in the private and independent educational segment, while Appendices C and D contain program inventories for the public community colleges and the private vocational schools respectively. Appendix E contains a listing of the names and addresses of all postsecondary institutions included in this report.

The programs offered in the public community colleges were obtained from the Department of Education. Information concerning programs offered in the public four-year colleges and universities was collected from the Oregon State Department of Higher Education. The basic and standard norm programs which are approved for teacher education are not identified in this publication.

For the institutions in the private and independent educational segment, information concerning programs offered was obtained from their respective institutional catalogues. All of these institutions were given the opportunity to review the data that is included in this report to insure the greatest degree of accuracy possible.

The program inventory that is presented for the private vocational schools in Oregon was obtained by a survey which the Educational Coordinating Council conducts on an annual basis. This survey provides the opportunity for each school responding to the survey to update its list of programs offered prior to publication of this report. Due to the cooperation of the schools in this educational segment, program inventories were received from 101 different schools or 81.5 percent of the total receiving the survey.

Today a student considering a postsecondary education in Oregon has approximately 170 different institutions within the State from which to choose. There are nine State Department of Higher Education institutions; 21 private colleges and universities; 13 community colleges; and almost 125 private vocational schools. A review of the program inventories presented in the appendices of this report shows the vast array of choices a student pursuing a postsecondary education has in the selection of an area of study.

The Educational Coordinating Council wishes to thank those institutions and agencies which provided information contained in this report.

This project was supported in part by funds received from the
Division of Academic Facilities of the U. S. Office of Education.

2000000000

APPENDIX A

**AN INVENTORY OF PROGRAMS OFFERED
AT OREGON STATE SYSTEM OF HIGHER EDUCATION INSTITUTIONS
1973-74**

Key:

B = Bachelor's Degree

M = Master's Degree

D = Doctor's Degree

P = First Professional Degree

**P-T = Pre-Professional or
Transfer Program**

A = Associate Degree

C = Certificate
