Course Description

VOE No. 1, Clerical or Secretarial is a one-quinnmester course that includes three filing jobs and four sequential jobs. The jobs include a review of punctuation, capitalization, abbreviations, and the use of figures. The filing jobs include the skills of inspecting, indexing, coding, and sorting letters according to alphabetic filing rules; and training in setting up an alphabetic index system with cross-references and a numeric index system for a group of letters. The four sequential jobs include manuscript composition and typing, vocabulary building, proper use of the dictionary, good reading habits, and differentiating between acceptable and preferable spellings; a review of good sentence structure, word division, and tabulation; correcting and typing rough-draft letters; filling out an application for federal employment; and setting up an interoffice memorandum correctly from rough-draft copy. If some or all of the students are not currently enrolled in an office machines course, a special job on a ten-key adding machine will be included in this quinnmester course. Training in advanced shorthand should be integrated with this course of study for secretarial students.

Indicators of Success: Prior to enrollment in this course, the clerical students should have attained the objectives of Intermediate Typewriting Skills (7764.41), and the secretarial students should have attained the objectives of Shorthand Basic Transcription (7748.41).

Clock Hours: 90
PREFACE

The following course outline has been prepared to help the student acquire basic skills needed in performing jobs required by most offices. The assignment sheets located in the appendix contain materials related to functions that are common in the average office. Upon completion of this quinmester, the student will have developed skills in filing, manuscript writing, tabulating, English communications, and typing letters and forms. Instruction on the ten-key adding machine is not required if the student is enrolled in an office machines course. Further development of shorthand skills is included in the three-hour secretarial block.

This course is written for one quinmester; it is generally advisable to use it during the first or second quinmester of the year. The total number of hours of instruction is 90 hours for clerical students and 135 hours for secretarial students. The outline consists of seven blocks of instruction for clerical students and an additional block of instruction for secretarial students. The ten-key adding machine is an optional block and is recommended for students not enrolled in an office machines course. Furthermore, any block may be optional if a student has already attained the objectives of the block. The program is designed to be flexible enough to allow time for group discussions, lectures, demonstrations, guest speakers, and the use of audiovisual aids. Availability of ample multimedia instructional materials makes small group of independent learning possible.

Students who meet pre-entrance requirements in VTE through previous scholastic records should be admitted to this program.

This outline was developed through the cooperative efforts of the instructional and supervisory personnel, the Quinmester Advisory Committee,
and the Vocational Curriculum Materials Service, and has been approved by the Dade County Vocational Curriculum Committee.

MANUSCRIPTS AND TABULATION

A. RESOURCES

B. TO THE STUDENT:

Read Units 1 and 2 (pages 1 through 23) in *Business English and Communication*. It is necessary that you have a good dictionary, typing paper, and correction paper or fluid before proceeding further.

Office Work Assignments

1. On page 16 of *Business English and Communication*, you will find a list of words under "F." Type a one-page manuscript using these words properly. A rough draft should be made first; the typewriter must be used in preparing the rough draft as well as the finished copy. Remember, manuscripts must have one-inch margins, double spacing, and five-space paragraph indentions. If you have forgotten how to type manuscripts, get a typing text, an office practice text, or a Touch Typing LAP and review the unit on this subject.

2. On the same page of this business English text, there is another list of words under "E." You are to make up a tab problem using these words as the first column and the words of similar meanings as the second column. Compose a main heading and two columnar headings. Leave approximately 20 spaces between the columns and double space the body. It is up to you to center the problem vertically and horizontally on a full sheet of paper.
3. On page 22 of the business English text, there is a list of words under "D." Set up another tab problem using these words as the first column and the proper divisions of these words as the second column. A review of word division can be found in your COP text on pages 598 through 599. Use "Word Division" as your main heading and "When the Bell Rings at the Beginning of the Word" as your secondary heading. No columnar headings are necessary. Decide what you want to leave between columns and double space the body. The problem must be centered both vertically and horizontally on a full sheet of paper.

4. When all of the above work has been completed, a cover sheet must be prepared before submitting the assigned work to the instructor. B. TO THE STUDENT:

Before attempting any of the work below, read Unit 3 (pages 23
through 28) and Unit 6 (pages 51 through 55) of Business English
and Communication. Proofread all finished copies. All errors
should be corrected with correction paper or fluid--DO NOT USE AN
ERASER.

Office Work Assignments

1. There are four application exercises on pages 28 and 29 of
   Business English and Communication. Your job is to determine
   the correct word to use in all of the sentences. When you
   are sure that all 40 of your answers are correct (use a dic-
   tionary), set up a tab problem with four columns. Use the
   letters A, B, C, and D as columnar headings and "Choosing the
   Right Word" as a main heading. Do not number the words, but
   keep them in the same order as they would be if correctly used
   in each sentence. The problem should be centered horizontally
   and vertically on a full sheet of paper. The body must be
double spaced.

2. Type a one-page manuscript entitled "The Importance of Reading."
   It must be in your own words and in standard manuscript form.
   Be sure to keep both the rough draft and the finished copies.

3. On page 56 under "Word Study," complete problems B and C as
directed. When you are sure that your answers are correct,
type a tab problem in two columns using the answers to problems
B and C as your columns. Use "Proofreading" as a main heading
and type two appropriate columnar headings. Please do not number
lines.
4. For an exercise in proofreading, ask your teacher for the rough draft letters entitled Letter Group A. Proofread and retype these letters. On your finished copies, use the block style, a 60-space line, and open punctuation. Use your own return address as part of the heading and find an appropriate inside address in the telephone directory.

5. When Assignments 1 through 4 have been completed, prepare a cover sheet in the same manner as the one you did in "Assignment Sheet #1."

*NOTE TO THE TEACHER

"Letter Groups" that are referred to in this and succeeding assignment sheets are two rough-draft letters that have been taken from various secretarial and business education magazines. They are referred to in these assignment sheets as Letter Group A, Letter Group B, Letter Group C, etc. In order to prepare a "stockpile" of these rough-draft letters, it is suggested that the teacher give a different letter to each student and have the students type these letters in manuscript form (without headings, return addresses, or closings) on spirit masters as an introductory learning activity in preparing masters for fluid duplicating. Students should be instructed to make and leave at least one error (typographical, spelling, grammatical, etc.) on every typewritten line. After all rough-draft letters have been completed and 20 or more copies of each have been run on a fluid duplicator, the teacher could then label and arrange the letters in groups to be used with these assignment sheets. The identity and composition of letter groups should permit assurance that neighboring students would not be proofreading and retyping the same letter.

Office Work Assignments:

1. Type the application for federal employment on page 40 of the COP text. A form for this purpose is supplied in your workbook. There are telephone directories in the room if you need addresses for references, etc. If it is impossible for you to fill in some items, leave them blank.

2. Type a one-page manuscript describing the importance of good reading habits for an office worker. Use standard manuscript form for both the rough draft and the finished copies (keep both). Make up an appropriate main heading. You must use at least two footnotes—quotations for this can be found in the business English and the COP textbooks. Consult a typing text if you have forgotten the proper method of typing footnotes.

3. On notebook paper, do the "Word Study" on page 63 of the business English text (white). When you are sure that your answers are correct, type a tab problem using these answers. Your main heading will be WORD STUDY. Columnar headings will be as follows: Acceptable Spelling, Preferable Spelling, Correct Spelling, Phonetic Spelling.
4. Proofread both letters in "Letter Group B." You can write all corrections directly on the duplicated copy—incidentally, this copy should be kept and stapled with all the other work in this assignment sheet. Omit numbers in parentheses that may have been put in the letters by mistake. Both finished copies of these letters shall be done in block style with 60-space lines, the school return address, and appropriate inside addresses (use telephone directory). Use a company line after the complimentary close (VOE COMPANY) and your own name as the signature line. See the typing or COP textbook if these instructions are not clear.

5. When all of the above problems have been completed, prepare a cover sheet in the same manner as the others you have done. As usual, all work should be stapled together in the same order as listed on this sheet. In case this is not clear, the order is as follows: application, rough draft of manuscript, manuscript, word study, letter #1, and letter #2.

Your teacher will give you an assignment from the Teacher's Guide for Touch Typing, Lap 32 (manuscripts) or a similar test.
INTEROFFICE MEMORANDA

A. RESOURCES:

B. TO THE STUDENT:

Read Unit 8 (pages 64 through 72) in *Business English and Communication*. Also read Unit 12, Part 1 (pages 433 through 454) in *Clerical Office Practice*. You have typed manuscripts before, but this latter chapter will still be quite helpful in reinforcing your knowledge on this subject.

Office Work Assignments

1. Summarize, in your own words, Unit 8 in *Business English and Communication*. This summary should be no more than one typewritten page in length, and it must be done in proper manuscript form. If you use quotes from the text, they must be properly footnoted (see pages 433 through 454 of the COP text). The main heading will be SUMMARY OF UNIT 8.

2. Proofread both letters in "Letter Group C." You can write all corrections directly on the duplicated copy--this copy should be kept and stapled with all the other work in this instruction sheet. Both finished copies of these letters shall be done in block style with 60-space lines and open punctuation. Use an appropriate heading and inside address (use telephone directory). Use a company line after the complimentary close if the letter is from a company.

3. Do A, B, D, E, F, and G (omit C) in the "Word Study" on pages 71 and 72 of the same text. Set up as a tab problem with correct answers in six columns. The main heading will be WORD STUDY #2. Columnar headings will be A, B, D, E, F, and G.
4. Do "Office Work Assignment #47" on page 454 of the COP text. Forms are supplied on pages 111 and 113 of the COP workbook. Make one carbon copy only, but save the extra two forms that are in your workbook to use in case you mess up the first two.

5. Prepare a cover sheet in the usual manner. All work should be stapled with the cover sheet in this order: cover, rough draft of manuscript, finished manuscript, the two letters, word study, and interoffice memorandum with its carbon copy.

FILING JOB A

A. RESOURCES:

B. TO THE STUDENT:

For the Business English portion of this job, you must read Units 23, 24, and 25 of your Business English textbook, *Business English and Communication*. While reading these units, write the answers only to the class practice and proofreading practice drills on a sheet of notebook paper. After doing all three of these units in this manner, ask your teacher for the key and correct your answers. If an answer is wrong, write the reason on your paper (if a reason is given).

When you are sure that you understand these three units, ask your teacher for the tests on Units 23, 24, and 25. These tests must be taken on the typewriter. Use the standard heading in the upper right-hand corner of the paper. The main heading will be FILING JOB #1 BUSINESS ENGLISH TEST; columnar headings will be Unit 23, Unit 24, and Unit 25. The answers will be listed in these three columnar headings—number the answers as you go along. Upon completion of these tests, take them to your teacher to check. If your test scores are too low, you may have to be retested; therefore, it is important that you prepare yourself properly before taking the tests.
For an introduction to the filing unit of this work, read Unit 9, Part 1 (pages 245 through 253), in Clerical Office Practice. After you have read this, obtain a filing practice set from your teacher. You will also need to check out two books--Progressive Filing and Student's Guide to Practice Materials in Progressive Filing. Read pages 3 and 9 in Progressive Filing. Starting at the bottom of page 9 are the first basic indexing rules. Read the first four rules and study the examples thoroughly. If you haven't already done so, obtain a mimeographed copy of all the basic indexing rules from your teacher--this is your personal copy and should be kept in your VOE folder at all times.

Turn to page 1 of the manual, Student's Guide to Practice materials in Progressive Filing. Make sure that you have all the materials necessary for the "Basic Set." After checking the contents of your filing materials thoroughly, turn to page 3 of the manual and begin following the instructions. CAUTION: Disregard all instructions that require you to write on the practice materials. Do Jobs 1 and 2. If you cannot index the cards without writing on them, obtain a set of blank index cards from your teacher and type the names on them. As you finish each job, check to see if you indexed the cards properly. Job 1 order should be 5, 2, 6, 10, 3, 9, 4, 1, 7, and 8. Job 2 order is 16, 13, 15, 11, 14, 17, 20, 12, 19, and 16. If you are in doubt as to why these cards were arranged in this order ask to see the teacher's key so that you can see the correct indexing units of each of the names. Incidentally, it should be understood that this can be done upon the completion of any practice job--in other words, this latter statement will not be repeated after every job. NOTICE THAT THE "EXERCISES" IN PROGRESSIVE FILING CORRESPOND TO THE "JOBS" IN THE ORANGE MANUAL.

After completing Job 2, read "Section Two" in Progressive Filing. You are now ready to go to Jobs 3 and 4 in the orange manual. Check to see that you placed these cards in the correct order: Job 3--25, 22, 27, 29, 24, 21, 26, 20, 30, 23; Job 4--37, 34, 35, 33, 38, 31, 40, 36, 32, 39.

After completing Job 4, read "Section Three" in Progressive Filing. Proceed to Jobs 5 and 6. Check the accuracy of your work: Job 5--45, 46, 41, 48, 47, 44, 42, 49, 43, 50; Job 6--53, 51, 56, 54, 57, 52, 59, 55, 58, 60.

After completing Job 6, read "Section Four" in Progressive Filing. Proceed to Jobs 7 and 3. Check the accuracy of your work: Job 7--62, 69, 63, 64, 70, 67, 66, 65, 68, 61; Job 8--80, 75, 90, 88, 72, 84, 86, 87, 82, 83, 89, 71, 79, 81, 78, 73, 77, 74, 76, 85.

After completing Job 9, read pages 26 and 27 in *Progressive Filing*. You can now proceed to Job 10 in the orange manual (page 5). Be sure that you make out the proper cross-reference cards. Obtain extra index cards from your teacher for this purpose. Remember, the cross-reference card always contains the same number as the main reference; but it must have an 'x' immediately after it. After you have properly indexed all of these cards (101 through 150), check with the following key: 150, 104, 146, 134, 119, 131, 121, 115, 114, 113, 111, 112, 108, 130, 103, 109, 139x, 132, 135, 140, 127, 133, 116x, 126, 128, 125, 120, 124, 117, 123, 107, 113, 102, 106x, 132x, 110, 101, 105, 116, 149, 144, 145, 136, 143, 129, 137, 139, 122, 148, 141, 147, 106, 138, 142. If you are in doubt as to why a card was indexed in a certain position, check with the teacher's key or ask the teacher. Don't proceed to the next step unless you thoroughly understand what you have done thus far.

Skip Job 11 and proceed to Job 12. Be sure to cross-reference the proper cards. After properly indexing these cards (151 through 200), go to your teacher and ask for the test following Job 12. After this test has been checked, study your "Basic Indexing Rules" thoroughly and ask your teacher for the 'Alphabetic Indexing Rules' Test. After this test has been taken and checked, prepare a cover sheet for this entire job. The main heading will be FILING JOB A; subheadings will be Filing Job Business English Test, Job 12 Test, and Alphabetic Indexing Rules Test.

You should now be ready to proceed to FILING JOB B.

B. TO THE STUDENT:

For the *Business English* portion of this job, read Units 26, 27, 28, and 29 in your *Business English and Communication* textbook. While reading these units, write the answers ONLY to the class practice and proofreading practice drills on a sheet of notebook paper. After doing all four of these units in this manner, ask your teacher for the key and correct your answers. If an answer is wrong, write the reason on your paper (if a reason is given).

When you are sure that you understand these four units, ask your teacher for the tests on the comma and the quotation mark. These tests must be taken on the typewriter. Use the standard heading in the upper right-hand corner of both papers. The main heading for the first answer sheet will be COMMA TEST, and the main heading for the second answer sheet will be QUOTATION MARK TEST. Be sure to use a separate sheet for each test and number the answers as you go along. Upon completion of these tests, take them to your teacher to check. If your test scores are too low, you may have to be retested; therefore, it is important that you prepare yourself properly before taking the tests.
As part of Filing Job #1, you should have read Unit 9, Part 1 (pages 245 through 258) in the COP textbook. Since you are using the basic indexing rules found in Progressive Filing, you will not read Unit 9, Part 2, in the COP textbook; therefore, your next reading assignment is Unit 9, Parts 3, 4, 5, and 6 (pages 280 through 326), in the COP textbook. After completing this assignment, ask your teacher for a copy of COP TEST NO. 7 (South-Western Publishing Company). Take this test and return it to your teacher to check (again, it is necessary to type your answers ONLY on a separate answer sheet with a proper heading). Before going any further on this job, make sure that you understand the reason(s) if any of your answers are wrong.

You should now be ready to type and set up an indexing system. You have been given a blank set of 3" x 5" index cards. There are two illustrations of methods of typing index cards on page 275 of the COP textbook. You are going to type cards exactly as shown on this page—the card illustrated on the left is a main reference and the one shown on the right is a cross-reference. The only thing that you will have to type now will be the main references. NOTE—There is one thing that you will have to type that is not shown on these two illustrations—a number in the upper right hand corner of every card.

The first 50 names that you will type on these cards are on pages 278 and 279 of the COP textbook (Office Work Assignment 32). The last 25 names that you will type are on page 288 of the COP textbook (Office Work Assignment 33). When all 75 of these cards have been typed properly, (let the teacher check) ask for the INDEX CARDS FILING TEST. You will be timed on this test, so make sure that your teacher writes the starting time on the answer sheet. When the test has been completed, bring it immediately to the teacher for recording the completion time and for checking.

Prepare a cover sheet for this entire job. The main heading will be FILING JOB B; subheadings will be Comma Test, Quotation Mark Test, COP Test No. 7, and Index Cards Filing Test.

You should now be ready to proceed to FILING JOB C.

The main heading for the first answer sheet will be PARENTHESES, APOSTROPHE, CAPITALIZATION, AND ABBREVIATIONS TEST, and the main heading for the second answer sheet will be FIGURES TEST. Be sure to use a separate sheet for each test and number the answers as you go along. Upon completion of these tests, take them to your teacher to check. If your test scores are too low, you have to be retested; therefore, it is important that you prepare yourself properly before taking the tests.

If your grades have been low (D's and/or F's) on the filing tests that you have taken on Filing Jobs A and B, it would be to your advantage to review the reading assignments on those two jobs and to restudy the basic indexing rules thoroughly.
Read Chapter 3 (pages 34 through 41) in Progressive Filing. Once you have read this chapter thoroughly, open your orange manual, Practice Materials in Progressive Filing, to page 8 and begin following the instructions. DO NOT SKIP ANYTHING--DO EVERYTHING STEP BY STEP AS DIRECTED IN JOB 18! After completing Job 18, the sequence of the letters and folders (that contain something) should be as follows:

- A--2, 4, 15x; Amer. Inst. Elec. Engrs.--9; Am--25, 22;
- Ar--1, 3; Barstow, W. S., & Co.--5; B--21; Beardslee Chand. Mfg. Co.--14, 13, 12; Be--13, 8, 16, 15, 10; Bi--11; Bo--6; Brett & Goode Co.--24, 23; Br--12x;
- Bro--17, 19, 7, 20 (a check mark should appear to the right of the 20).

Disregard the instructions given for Jobs 19, 20, 21, and 22; and follow these instructions:

1. From the letters behind the partition card, select numbers 26-00.

2. Inspect, index, code, sort, and file these letters. Prepare cross references if necessary. All correspondence from Benjamin Atwood should be filed under Atwood's Camp for Boys.

3. Prepare an answer sheet with the standard heading in the upper right-hand corner. The main heading will be MINIATURE LETTERS FILING TEST--ALPHABETIC.

4. Take your correspondence file box and the answer sheet that you just prepared to your teacher and ask for the test. Your grade will depend upon the speed of finding plus the number of errors.

You should now be ready to proceed to your last filing job. Go to page 11 in the orange manual, and follow the instructions given at the bottom of the page under Job 22--steps 5 and 6 ONLY. Ask your teacher to check all of your materials to see that they have been put away properly.

Begin numeric filing by turning to page 12 of the orange manual and following the instructions for Job 23. DO NOT SKIP ANYTHING--DO EVERYTHING IN THIS JOB STEP BY STEP! After completing Step 7, check your answer sheet with the following:

- Folder 100--4;
- Folder 101--5;
- Folder 102--17, 17, 3;
- Folder 103--42, 14, 13, 12;
- Folder 104--16, 5;
- Folder 105--19;
- Folder 106--29, 24, 23;
- Folder 107--26;
- Folder 108--27;
- Folder 109--30;
- Folder 110--31;
- Folder 111--33.

Disregard the instructions given for Jobs 24 and 25, and follow these instructions:
1. Remove the remaining letters from in front of the correspondence file box.

2. Inspect, index, code, sort, and file these letters.

3. Prepare an answer sheet with the standard heading in the upper right-hand corner. The main heading will be MINIATURE LETTERS FILING TEST--NUMERIC.

4. Take your correspondence file box and the answer sheet that you just prepared to your teacher and ask for the test. The grade will depend upon the speed of finding plus the number of errors.

Prepare a cover sheet for this entire job. The main heading will be FILING JOB C; subheadings will be Parentheses, Apostrophe, Capitalization, and Abbreviations Test; Figures Test; Miniature Letters Filing Test--Alphabetic; and Miniature Letters Filing Test--Numeric.

You have now completed all of the jobs on filing!

A. RESOURCE:

B. TO THE STUDENT:

Look over pages v-vii in the textbook showing the different adding machines that are available. Briefly notice the machine parts.

The touch method means you learn to operate the keyboard without looking at the keys. Use the fingering method shown on page 1. If you need help, ask your instructor to show you the correct fingering method and demonstrate use of the machine.

Each problem is to be done twice. If the answers do not agree, try once more. Ask your instructor for help if you still cannot get answers that agree. Record your answers on the answer sheet provided for this purpose. Follow these instructions on all jobs.

Do the following jobs:

Job No. 1 (Touch Addition), pages 1-4.

Job No. 2 (Touch Addition 0-3 keys), pages 5-8. If your adding machine does not have a non-add key, skip the numbers indicated as non-add. Example:

1.37
5.84

Skip this number – 5.00 NA

Your answer will be correct because the number is recorded on the machine with the non-add key, but it is not added into the total.

Job No. 3 (Repeated Digits), pages 9-12.

Job No. 4 - (Subtraction), pages 13-16. Note: It is not necessary to number the problems by using the non-add key. However, this is one use for the key.

Job No. 6 - (Subtotal), pages 21-24.
Job No. 7 (Repeat Addition), pages 25-28.
Job No. 8 (Multiplication), pages 29-32.

After completion of this job, ask your instructor for Test #1 on the ten-key adding machine. Your grade will be based on the test and on the work done during the week.

Job No. 11 (Short-Cut Multiplication), pages 37-40.
Job No. 12 (Decimals, Fractions, and Percentages), pages 41-44.
Job No. 13 (Fixed Decimal Point), pages 45-48.
Job No. 14 (Discount and Net Amount), pages 49-52.
Job No. 16 (Chain Discounts), pages 57-60.
Job No. 17 (Constant Multiplication), pages 61-64.
Job No. 18 (Division), pages 65-66. Note: Read directions carefully before doing this job. Check pages 112-113 for decimal reciprocals.

After completion of this job, ask your instructor for Test #2 on the ten-key adding machine. Your grade will be based on the test and the work done during the week.

Job No. 21 (Division: Remainder of Quotient; Decimals in Quotient; Decimals in Dividend and Divisor), pages 73-76.
Job No. 22 (Credit Balances), pages 77-80.
Job No. 23 (Interest), pages 81-84.
Job No. 24 (Percentage of Increase and Decrease), pages 85-88.
Job No. 26 (Prorating), pages 93-96.
Job No. 27 (Payroll), pages 97-100.
Job No. 28 (Reconciliation of Bank Statements), pages 101-104.
