The Brevard District Plan for placement and follow-up is intended for all secondary students, including dropouts, disadvantaged, adult students, and graduates. The areas of placement may be in gainful employment, educational institutions, or a combination of both. The plan specifies procedures for implementing placement and stipulates the type of data to be collected (number of students in the school leaver and school graduate categories, number of students in each category who registered or obtained placement services, number of students in each category who were placed, area of placement, and areas in which students experienced difficulty in being placed.) An annual report from the superintendent will make curriculum change suggestions affecting the employability of job candidates and the performance of students in postsecondary educational institutions, beginning in 1976. Follow-up studies personnel will perform the same duty in the same year to reflect the effectiveness of instructional programs and the adequacy of instructional program goals and objectives. Responsibility for both placement and follow-up studies programs rests with the county career education coordinator. (Twenty-three pages provide suggested forms to be used in the Plan. A calendar of events for the 1974-75 year is appended.) (AG)

II (Calendar for 1974 - 1975)
PREFACE

In order to accomplish one of the major objectives of Career Education - placement of students - the School Board of Brevard County has adopted a district plan for placement and follow-up of all exiting secondary students. Generally speaking, there are two groups, graduates and leavers (drop-outs) included in the category of those who exit. Among the areas of placement are post-secondary education, military service, job, homemaker, and sheltered workshop. Placement Centers, staffed by coordinators and/or occupational placement specialists, have been established in each senior high school in the district. Already, teachers, principals, occupational placement specialists, counselors, students and employers of the communities are joining forces for what promises to be a very rewarding year!

The initial follow-up includes all students. Subsequent follow-ups, to include a random sample, will occur at the end of the third and fifth years after exit.

These follow-up surveys will furnish information which will be used in validating programs, recommending curriculum changes, and improving and making more relevant the course offerings of Brevard County Schools.
INTRODUCTION:

To comply with State Board of Education Regulations, Chapter 73-235 and Section 6A., Brevard County is establishing Placement and Follow-up Centers in all secondary schools in the district. The District Plan adheres strictly to Guidelines for Placement Services and Follow-up Studies distributed by the D. O. E.

RATIONALE FOR PAFU SERVICES:

For a number of years, placement services and follow-up studies have been conducted in Brevard County on a limited basis but have not included all students, graduates and school leavers. In order to facilitate the transitional process from the school environment to the work world, placement service is provided. In addition, follow-up services provide data to be used for program validation and curriculum change, in connection with student need. The overall effectiveness of a school's program is the degree of success experienced in the placement of exiting students. A commitment from and total effort of all school personnel - administrators, counselors, and teachers - is required for the program to be successful.

PLACEMENT SERVICES:

Goals:

1. The ultimate test of our educational system is placement of students in gainful employment, continuance in education or a combination of employment and further education. This service will be provided on the basis of students' interests, aptitudes, abilities, and potential.

2. ALL students - the dropouts, the disadvantaged, and ADULT EDUCATION - are included.

OBJECTIVES:

1. To serve the needs of students as they seek to gain employment and/or to move to another level of education.

2. To provide information that will enable the school and district to adjust instructional programs to meet the needs of students more fully.

3. To provide data which indicate where graduates and other former students are placed subsequent to leaving school.

ASSIGNMENT OF RESPONSIBILITY:

Mrs. Olive W. Thomas
Career Education Coordinator, Brevard County
Monroe Center, Cocoa, Florida 32922
RESPONSIBILITIES INCLUDE THE FOLLOWING:

1. To coordinate the efforts of all concerned personnel - teachers, counselors, coordinators and administrators, in the placement of all students.

2. Identify existing community, state, federal, and private educational agencies in which a student may be employed or enrolled.
   a. Family Services
e. Adult Education
   b. Neighborhood Youth Corps
d. Brevard Community College
   c. Vocational Rehabilitation
   e. Correspondence (State Univ.)
g. Private Schools
   f. Other
   h. Correspondence (State Univ.)

3. To serve on the district level as liaison with all educational institutions, employers, and agencies in which students are likely to be placed, and to assist individual schools in establishing similar liaisons.

4. Develop and implement an evaluation system of placement services provided to students.

5. Prepare a report of the effectiveness of placement services provided to students.

6. Recommend needed changes in curricula or placement services based on an evaluation of placement services.

7. Prepare or direct the preparation of written reports to the school board.

POPULATION TO BE SERVED:
Placement services shall be provided for every student enrolled in a program and may be provided for former students who have graduated or left school.

CATEGORIES:

School Graduate - As used in this plan, a school graduate is defined as an individual who has received a high school diploma or other formal recognition, such as a certificate for the successful completion of a prescribed program of study.

School Leaver - As used in this plan, a school leaver is defined as an individual who leaves either prior to high school graduation or before completing a program of studies, without transferring to another school.
DEFINITION OF SECONDARY SCHOOL:

As used in this plan, a secondary school is defined as a school enrolling students in any one or any combination of the following grade levels: 8, 9, 10, 11, 12.

AREAS OF PLACEMENT:

The areas of placement services offered to each student depend upon the desires of the individual to gain employment and/or to acquire additional education. Areas of placement may include, but are not limited to, the following:

- Job Placement
- Four Year College and University
- Area Vocational-Technical Center
- Community College
- Adult Education Program
- Military Service
- Private School
- Sheltered Workshop
- Any other educational or job alternative available

PROCEDURES FOR IMPLEMENTING PLACEMENT INCLUDE THE FOLLOWING SERVICES:

1. Students will be given, early in the orientation period, an introduction to the school placement center. An all-out effort to initiate awareness of the placement service will be launched.

2. Guidance services are utilized to develop appropriate attitudes toward Career Planning. Development of résumés, describing abilities and skills, will be consummated and results kept current for review of prospective employers.

3. Occupational Placement Specialists serve as community - school - student liaisons to provide career information and job placement opportunities. Students will be referred to appropriate community agencies.

4. Using simulated interviews, the Occupational Placement Specialist and/or guidance counselor directs the student to make the best possible presentation of himself. Actual interview with potential employers and follow-up of employment are initiated to ensure success for the student.
5. Files on each student desiring employment and also those using placement services are maintained.

6. Contacts are maintained with personnel from post-secondary educational institutions and potential employers. They are invited and encouraged to visit the schools.

7. In addition to collecting and disseminating educational and career information, the placement coordinator arranges to attend local meetings of business and civic organizations to explain placement services.

DURATION OF PLACEMENT SERVICES:

Placement services are provided for at least one year after the student has graduated from or left school.

COLLECTION OF DATA:

Collected information will be used to evaluate the effectiveness of placement services. The types of information to be collected include:

1. Number of students in each identified category: school leavers and school graduates.

2. Number of students (by category) who registered or obtained placement services.

3. Number of students (by category) who were placed, and in what areas.

4. Areas in which students experienced difficulty in being placed.

ANALYSIS - ANALYSIS OF DATA MUST INCLUDE:

a. Schol and educational program deficiencies identified by the placement information.

b. Changes or modifications in both curriculum and placement services needed to alleviate deficiencies identified.

c. Indication of successful or non-existing programs that need expansion.

REPORTS:

Beginning January 1, 1976, and each year thereafter, the superintendent shall make an annual written report to the school board with recommendations for each area of curriculum deficiency having an adverse effect on the employability of job candidates.
and the performance of students enrolled in post-secondary educational institutions. This report should reflect an assessment of the procedures used in placement, with recommendations for any necessary changes in policy or procedure. One copy of the annual report shall be submitted to the Commissioner of Education.

FOLLOW-UP STUDIES

Pursuant to Chapter 73-235, Laws of Florida, and Section 6A-6.71 (4) State Board of Education Regulations, each school board shall ensure that:

... Appropriate evaluation is made of the performance of former students as they pursue careers for which they received preparation while attending any secondary or post-secondary program in the schools of that district.

... Each secondary school, each area vocational-technical center, and each district is required to review its program in relation to the information provided by the follow-up evaluations.

OBJECTIVES:

1. To determine the effectiveness of instructional programs in meeting their stated goals and objectives. (e.g., How well is the attainment of the instructional goals and objectives demonstrated by the performance of former students?)

2. To determine the adequacy of goals and objectives of instructional programs in which former students were enrolled. (e.g. Were former students required to learn skills or knowledge not needed? Are former students required to engage in on-the-job activities which were not included in the educational program?)

FOLLOW-UP STUDIES:

These are defined as a systematic examination of the performance of former Brevard County students in relation to goals and objectives of the educational programs through which the students were prepared.

RESPONSIBILITY:

Each school board shall, prior to September 1, 1974, adopt a district-wide plan to ensure that follow-up evaluations are made on the placement and performance of all students graduating from or leaving each secondary school, area vocational-technical center or other post-secondary institution administered by the school district. The plan shall be included in the District Comprehensive Educational Plan submitted to the Department of Education.
ASSIGNMENT OF RESPONSIBILITY:

Mrs. Olive W. Thomas
Career Education Coordinator, Brevard County
Monroe Center, Cocoa, Florida 32922

RESPONSIBILITIES:

1. Coordinates the follow-up study in conjunction with district level personnel who supervise or coordinate instructional programs

2. Coordinates the examination of the results of the follow-up study

3. Based upon information developed in the follow-up studies, prepares written reports to the school board concerning areas of curricular deficiency

POPULATION:

Initial follow-up studies include each former student who graduated or left school. Subsequent follow-up studies may include a random sample of former students.

SCHEDULE FOR CONDUCTING FOLLOW-UP STUDIES:

The initial follow-up of all former students is conducted within the period from four to fifteen months after the student leaves school.

1. The follow-up study developed by the Division of Vocational Education is included for each former student completing a vocational-technical preparatory program or leaving school with a marketable skill. This study shall be conducted during October of the school year following the student's exit from school.

2. The follow-up study for each student who leaves school before graduation includes an exit interview to determine the reasons for leaving and his perception of all curricula and programs in which he was enrolled.

INFORMATION NEEDED FOR CONDUCTING AND EXAMINING FOLLOW-UP STUDIES:

1. The information collected on the follow-up survey is designed to draw conclusions relative to the objectives of the follow-up studies as previously listed.

2. Brevard County provides for the systematic study of the factors that are associated with the withdrawal of students who leave school prior to graduation or the completion of their declared education objectives.

3. Instruments and procedures for assessment are devised and utilized to evaluate:
a. the performance of former students in relation to identified objectives; and,
b. the adequacy of those goals and objectives in which former students are engaging

REPORTS:

Beginning January 1, 1976, (included with placement report) and each year thereafter, an annual written report is made to the district school board by follow-up personnel with recommendations concerning areas of curriculum deficiency having an adverse effect on the employability of job candidates and the performance of students enrolled in post-secondary educational institutions. This report should reflect an assessment of the procedures used in conducting follow-up studies with recommendations for any necessary changes in policy or procedure. One copy of the annual report shall be submitted to the Commissioner of Education.
PROCEDURES FOR IMPLEMENTING
THE BREVARD COUNTY PLACEMENT AND FOLLOW-UP PLAN

The purpose of this section of the booklet is to expedite the District Plan for Placement and Follow-up which ensures that organized placement and follow-up services will be available to all students graduating or leaving the Brevard County School System. These services will be provided prior to September 1, of the current year, 1974.

To accomplish the goals and objectives stated in the district plan (exact duplicates of those described in the state guidelines), certain procedures must be followed by all secondary schools, which include eighth year through twelfth year students.

A review of existing research identifies, among others, the following elements for a comprehensive program of Placement and Follow-up:

1. Operation of a placement - guidance center for students. Several of the high schools in the county now have placement centers, some of which are concerned mainly with vocational students. With slight modification and/or adaptation, these same centers may be coordinated to provide placement for gainful employment for all students leaving the schools.

Identification of a building level coordinator is vital. This individual should be familiar with vocational and academic guidance as well as cooperative education and work experience programs. He must know the industrial community, be concerned about students (leavers and graduates) and have the respect and confidence of the faculty and students. A telephone should be provided for use in the placement center.

It is recommended that guidance counselors and occupational placement specialists be utilized, wherever possible. Incidentally, all occupational placement specialists receive, as part of their in-service training, placement and follow-up information. Perhaps students with Business Educational skills might assist with the clerical help.

2. A records system for collecting and maintaining data on students for placement, follow-up and evaluation. To accomplish the collection of data required by the State Department, it is necessary to devise forms for use district-wide. These are tabbed with letters A - D. The number of forms has been kept to a minimum, with the inclusion of only four forms for this purpose. A brief description follows:

Form A - Exit Interview. In the State Guidelines, this statement is made, "The follow-up study for each student who leaves school before graduation should include an exit interview to determine the reason(s) for leaving and his perception of all curricula and programs in which he was enrolled."

Input from counselors and/or occupational placement specialists from all county senior high schools and most of the junior high schools was used to adapt the old county form to the present one. Data from these interviews will be used by each school placement coordinator in making his annual report (C) to the county. If a student exits without formal withdrawal, every effort should be made to follow him to obtain this information.
Form B - A form letter, signed by the principal of the school, accompanies the follow-up survey form, (B). These forms should be mailed to all school leavers of the previous year. Follow-up efforts, subsequent to the initial mail-out, are encouraged.

Form C - This form is keyed to the Follow-up Survey (Form B) and is numbered so as to reflect a composite of student reactions. This report, completed by the placement coordinator, should be received in the Career Education Department by July 1, 1975.

Form D - To determine the effectiveness of the placement services, it is necessary to collect the data asked for in Form D. There is an excellent explanation of this on page 4 of the State Guidelines: The due date of this report, like that of Form C, is July 1, 1975.

Many schools have generated their own forms for pre-graduate data survey forms, community surveys, student application, referrals, etc. If, however, the Placement and Follow-up Coordinator can be of assistance in devising forms for any particular use, please contact her at Monroe Center.

Any questions or needed information and all reports regarding Placement and Follow-Up should be directed to:

Mrs. Olive Thomas
Placement and Follow-Up Coordinator
Monroe Center, Cocoa, Florida 32922

3. A means of surveying the business community and maintaining and updating such information, with the idea of maintaining positive relationships with the business leaders of the community. Information from an advisory committee of major employers in the school's instructional area is recommended. In order to offer services for all students, the placement coordinator should be in direct contact with Vocational Rehabilitation in Cocoa, Exceptional Education Services in Cocoa and the Sheltered Workshop in Rockledge.

4. A concern for cost. As mentioned earlier, existing personnel should be utilized. The majority of the secondary schools have a full time occupational placement specialist; all high schools do. In addition, counselor services are provided. Approximately 45% of secondary students are served by vocational teachers. With these staff members as a team, we're on our way! Telephone service may be provided for occupational placement specialists under the Occupational Placement Specialist Budget. The district will furnish postage, printed forms, and envelopes.* There is no cost for services provided by the Job Bank of the U.S. Employment Office. Coordinators are urged to utilize the computer service (microfiche and printouts) provided daily and available in all the major cities of the district.

5. Evaluation and implementation of the evaluative feedback data. "Beginning January 1, 1976, and each year thereafter, an annual report shall be made to the district school board by follow-up personnel with recommendations concerning areas of curriculum deficiency having an adverse effect on employability."

* Disseminated from Occupational Placement Specialist Funds to schools to which Occupational Placement Specialist units have been assigned.
Obviously, this report must reflect data from 1974-75, following through on graduates of '74. At the same time, data from exiting students of '74 - '75, as well as pre-graduate information of the January and June graduates will be accomplished. Follow-up forms should be mailed in February to all 1974 leavers or graduates, not including vocational students whose follow-up forms will have been mailed in October 1974, from each high school by the Occupational Placement Specialist assigned to that school. It must be remembered that all students in post-secondary educational situations are to be surveyed on the dates indicated.

In summary, then, placement and follow-up can succeed only if the team of principal, counselors, occupational placement specialists, teachers, community and students can work together toward the goal of matching student interests, aptitudes, and abilities to the appropriate job. In addition, feedback from student and employer will do much to improve school curriculum to ensure that each student exits with a marketable skill.

SUGGESTED COVER LETTERS FOR RESUMES

Dear Sir:

In June of this year, I completed my 12th year of training with the largest industry in the United States. I am now available and actively seeking employment.

I feel that as a result of my training, I would be a good employee of (name of company). When would it be possible for me to come in for an interview?

Enclosed is my résumé for your consideration.

Thank you,

Dear Sir:

My name is ___________________. I am a high school graduate and I am seeking employment.

I know that I am short on work experience, but I am long on willingness to work as this letter will witness.

Enclosed with this letter is my résumé for your consideration. Your consideration of me for an employee would be most appreciated.

Thank you,

Dear Sir:

For the past twelve years, I have been involved with a company whose job it was to provide me with the skills necessary to move ahead in life. I have completed my apprenticeship program and would appreciate the opportunity of benefiting from my twelve years of training. Your consideration of me as an employee would be most appreciated.

Enclosed is my résumé.

Thank you,
Dear Sir:

Are you looking for someone who is willing and able to work? I would appreciate your consideration of me.

I graduated in June from (name of high school) and while I do not currently have a lot of work experience, I would appreciate the opportunity of gaining some with (name of company). Enclosed is my résumé for your consideration.

Thank you,

Dear Sir:

I have looked forward to graduating from high school and finding employment. While I have not had the opportunity of acquiring years of work experience, you would find me a good employee.

Would it be possible for me to come in for an interview?

Enclosed is my résumé for your consideration.

Thank you,

III. Do I have to go into the service soon? yes___ no ___ when___

WHEN SEEKING A JOB, ALWAYS HAVE THE FOLLOWING INFORMATION WRITTEN DOWN.

IV. Social Security Number _____________________

V. Three references - (List full name, address, telephone number)
example: Priests, Pastors, Teachers, Counselors, businessmen

VI. Where I worked before (full-time or part-time) name, address, telephone

VII. Résumé - Were you active in sports, clubs, groups?
Did you receive any honors in school, elsewhere?
What was your grade point average? class rank?
What was your attendance like? How many days absent per year?
Why were you absent?

VIII. What qualifications do you have for the job?
Why can you do the job?

IX. Have you checked the telephone book?
Call business by phone and ask them if they need help. Develop a short speech on yourself before calling. Practice it.
SUGGESTED TELEPHONE CONTACT

Example: My name is__________________ I graduated from__________
High School. While in school I majored in __________ or was in
___(club - sports - etc.). I would like to work for your company
because I (like your kind of work or am interested in learning the job, etc.)
When phoning, your first contact may be with a secretary; ask for someone
in personnel. If the business is small, ask for the owner or the person
in charge of hiring.
If asked to call back, call back; be aggressive. If they feel you really
want to work, they may give you a chance.
You make the difference. Your tone of voice. Your enthusiasm. Don't be
discouraged if it takes time to find a job. Your persistence will pay off.

Dear __________________: 

We need your assistance in providing information to be used in the evaluation of vocational education programs in Brevard County. 

One measure of program effectiveness relates to the performance of former vocational-technical students "on the job." Would you assist us by providing information about the individual listed on the attached form who reportedly has been employed by your organization? If you are unable to provide this information, would you have the person to whom this employee is directly responsible complete the survey? In the event this individual is not currently in your employ, please complete the form based on his prior performance. If this individual has not been employed by your organization, please answer Questions numbered 1, 2, and 12. 

Permission to contact you has been granted by the person named on the attached form. You will notice this form is labeled "CONFIDENTIAL." Please be assured that neither you, your organization, the evaluator (if one is used) nor the employee will be identified in reporting the results of this study. 

Please return the completed form in the enclosed envelope. No postage is necessary. 

Your assistance in providing the information requested will assist in improving vocational programs in ________ County. 

Sincerely, 

(Superintendent, Principal, Area Center Director)

THE TEN COMMANDMENTS OF JOB HUNTING

I. Thou shalt not be a know-it-all...nor a slouch.

II. Thou shalt be clean of body and appropriate in dress.

III. Thou shalt have no other pals along.

IV. Thou shalt not bad-mouth persons or places past.

V. Thou shalt not smoke or chew gum.

VI. Thou shalt speak and act as if thou hadst learned
good manners at home (do this in remembrance of Mom.)

VII. Thou shalt not be greedy (perhaps thou art not worth
$3.50 an hour!)

VIII. Thou shalt be willing to start at the bottom and be
eager to work thy way up.

IX. Thou shalt wear shined shoes.

X. Above all, thou shalt be courteous, realizing full well
that an employer, too, is human; like thee, he needs to feel accepted.

School Letterhead

Date:

Dear Former Student:

The ___________ High School of Brevard County, is participating in a follow-up survey of former students. The information from this survey will be used for the improvement of educational programs, throughout the county.

You will notice that this form is labeled CONFIDENTIAL. Let me assure you that your name will not be identified in reporting the results of this survey.

Please take a few minutes and complete the enclosed form. A return envelope is included for your convenience.

Thank you for your cooperation.

Sincerely,

(Principal, Area Center Director)

Enclosures
Date: October 21, 1974

Dear Former Student:

Two weeks ago a questionnaire was mailed to you requesting information regarding your activities since leaving a vocational-technical program (in [County], at [High School, at [Area Center]) last year. As we indicated in the original letter, the information from this survey will be used for the improvement of vocational programs both locally and statewide.

To date we have not received your response. Knowing that sometimes the mail doesn't get through, we are enclosing another form for your convenience. Would you take a few minutes today, complete the form and drop it in the mail. By doing so you will be of considerable help to those persons who will enroll in future vocational-technical programs.

If you have returned your form in the last few days, please disregard this letter.

Sincerely,

(Principal, Area Center Director)
