The publication is presented with the purpose of providing educators easy access to current materials relevant to vocational-technical instruction and research. In the abstract section, instructional materials (97 items) are followed by research materials (103 items) with the subject and author indexes providing access to both categories. The subject index descriptors are those listed in the "Thesaurus of ERIC Descriptors." The Projects in Progress section provides abstracts of seven curriculum projects from Oklahoma and a directory of curriculum coordination centers. A title by State index provides access to 130 research projects in progress funded by the Vocational Education Amendments of 1968 (Public Law 90-576), Parts C, D, and I. A State directory of research coordinating units is provided. VT numbers included are VT 101 401 to 101 600. (SA)
MISSION OF THE CENTER

The Center for Vocational Education's mission is to increase the ability of diverse agencies, institutions, and organizations to solve educational problems relating to individual career planning and preparation. The Center fulfills its mission by

- Generating knowledge through research
- Developing educational programs and products
- Evaluating individual program needs and outcomes
- Installing educational programs and products
- Operating information systems and services
- Conducting leadership development and training programs

ISNN 0095 - 3784

This publication was prepared pursuant to a contract with the Bureau of Occupational and Adult Education, Office of Education, U.S. Department of Health, Education, and Welfare. Contractors undertaking such projects under Government sponsorship are encouraged to express freely their judgement in professional and technical matters. Points of view or opinions do not, therefore, necessarily represent official U.S. Office of Education position or policy.
NOTICE

The abstracts, subject indexes, and author indexes (each previously appearing twice in an AIM/ARM publication, once for instructional materials and once for research materials), have been combined.

The subject and author indexes now refer to both instructional and research materials in the abstracts.

Within the abstracts all instructional materials are grouped first, followed by the research materials grouping. The TABLE OF CONTENTS indicates which VT numbers/pages contain abstracts for instructional and research materials.

This combination will make it easier for the user to do subject and author searching.
PREFACE

Finding and using relevant information frequently is a major task for researchers, curriculum specialists, teachers, administrators, and students. The Center for Vocational Education is dedicated to making useful and vital information accessible so that educators may use it to improve school practice.

The Center assembles information relevant to the field of vocational-technical education. Through abstracts designed to present useful information about materials, the Abstracts of Instructional and Research Materials in Vocational and Technical Education (AIM/ARM) publication provides educators quick access to in-use or under-development instructional and research materials. The full text of these materials is available on microfiche or from the original source.

We are indebted to our colleagues within the profession for providing instructional and research materials as they become available. We especially appreciate the contributions of state research coordinating units, curriculum coordination centers, instructional materials laboratories, local school systems, and professional associations such as the Vocational Instructional Materials (VIM) section of the American Vocational Association. Members of the profession are encouraged to send instructional and research materials for possible inclusion in future issues of AIM/ARM.

We hope that this publication will prove valuable to you in your particular educational endeavors.

This volume of Abstracts of Instructional and Research Materials in Vocational and Technical Education (AIM/ARM) has four major sections: Abstracts (Instructional and Research Materials), Subject Index, Author Index, and Projects in Progress.

- Abstracts (Instructional and Research Materials) present information about documents' authors, titles, availability, and content to help you decide if you want to read the full text of a document. A sample abstract on the opposite page identifies the various pieces of information presented in an abstract.

- Subject Index helps you locate, by subject descriptors conforming to those listed in the Thesaurus of ERIC Descriptors, abstracts of documents relevant to your information needs.

- Author Index helps you locate, by author/institution names, abstracts of documents relevant to your information needs.

- Projects in Progress announces in-progress research and curriculum development projects funded by the Vocational Education Amendments of 1968 (Public Law 90-576), Parts C, D, and I. These are indexed by state. The Curriculum subsection of Projects in Progress also includes a directory of curriculum coordination centers and the Research subsection provides a directory of state research coordinating units. Projects in Progress helps you keep aware of ongoing activities in vocational and technical education curriculum development and research.

Copies of full texts of most of the documents announced in AIM/ARM are available in the AIM/ARM, VT-ERIC Microfiche Sets. Those documents not listed as being available - "MF AVAILABLE IN VT-ERIC SET" - may be obtained from the listed alternate source.

To locate documents of interest to you:

- Scan the Abstracts, or
- Search the Subject Index for descriptors (subject terms) describing your interest, or
- Search the Author Index for personal and institutional (corporate) authors' names who might publish documents about your interest.

To learn about in-progress curriculum and research projects:

- Scan the abstracts, or
- Scan the title by state indexes.
HOW TO SUBMIT MATERIALS TO AIM/ARM

If you have materials (curriculum documents, research reports, curriculum guides, etc.) which you would like to have considered for announcement in AIM/ARM, please send three (3) clear, legible copies to:

AIM/ARM
The Center for Vocational Education
1960 Kenny Road
Columbus, Ohio 43210

If the materials are copyrighted, please include a letter giving AIM/ARM instructions as to how the materials can be reproduced by AIM/ARM:

1. Hardcopy and Microfiche
2. Microfiche only
3. No reproduction - announce only.

If reproduction instructions are for microfiche form only or no reproduction, please give specific information (address, price, ordering instructions) about sources from which copies of the original publication may be obtained.

PUB DATE - 69.9P.

DESCRIPTORS - *ECONOMICS; *DISTRIBUTIVE EDUCATION; *TRANSPARENCIES

ABSTRACT - THIS DOCUMENT PRESENTS AN INTRODUCTORY COURSE IN ECONOMICS THROUGH WHICH IT IS HOPED THAT THE DISTRIBUTIVE EDUCATION STUDENT WILL GAIN A DEEPER INSIGHT INTO THE INTRICATE WORKINGS OF OUR ECONOMIC SYSTEM, AND A DEEPER APPRECIATION FOR THE ACCOMPLISHMENTS OF THIS SYSTEM DURING THE HISTORY OF OUR NATION. BY COMPARING OUR SYSTEM WITH OTHER ECONOMIC SYSTEMS, THE THEORY THAT OURS, EVEN WITH ITS SHORTCOMINGS, IS THE BEST ECONOMIC SYSTEM IN OPERATION IN THE WORLD TODAY CAN BE SUPPORTED. THIS COURSE IS NOT MEANT TO BE A COMPLETE STUDY OF THE FIELD OF ECONOMICS, BUT RATHER A VERY BASIC INTRODUCTION TO THE SUBJECT. IT IS HOPED THAT THROUGH THIS INTRODUCTION, MANY STUDENTS WILL BECOME INTERESTED IN ECONOMICS AND PURSUE FURTHER STUDIES IN THIS AREA.

ABSTRACT - THIS EVALUATION REPORT ADDRESSES THE FIRST YEAR'S EFFORTS OF A THREE-YEAR PROJECT DESIGNED TO INTEGRATE CAREER EDUCATION CONCEPTS AND ACTIVITIES K-12 IN A VERMONT SCHOOL DISTRICT. AT THE ELEMENTARY LEVEL, CAREER AND SELF-AWARENESS ACTIVITIES WERE STRESSED THROUGH FIELD TRIPS AND HANDS-ON EXPERIENCES. IN THE MIDDLE GRADES, EXPLORATORY ACTIVITIES WERE EMPHASIZED, ALLOWING STUDENTS TO LEARN IN DEPTH ABOUT SEVERAL CAREER CLUSTERS. AT THE SECONDARY LEVEL, SKILL DEVELOPMENT, WORK EXPERIENCE AND JOB PLACEMENT WERE THE MAJOR GOALS. A CAREER EDUCATION INFORMATION CENTER WAS ESTABLISHED TO BE USED IN CONJUNCTION WITH THE COUNSELING PROCESS, AND A RESOURCE LIBRARY WAS DEVELOPED WHICH INCLUDED A DIRECTORY OF AREA BUSINESSES, A PLACEMENT FILE, AND A JOB BANK OF
WORK OPPORTUNITIES. PROJECT EVALUATION PLANS AND REPORTS ARE APPENDED. (KH)

THE ACCOMPLISHMENTS OF THE BRISTOL
CAREER EDUCATION PROGRAM. THE
PROJECT HAS UNDERTAKEN, DURING THE
PAST TWELVE MONTHS, CURRICULAR
REVISION ACTIVITIES FROM K-12

LEVELS. THE MAJOR GOAL BEHIND THIS
CURRICULUM REVISION PROCESS IS TO
"INFUSE" CAREER EDUCATION CONCEPTS
INTO EACH OF THE EXISTING ACADEMIC
SUBJECT AREAS. TO ACCOMPLISH THIS,
WIDE VARIETY OF SUPPORT ACTIVITIES
HAVE ALSO BEGUN. SUCH SUPPORT
FUNCTIONS INCLUDE DEVELOPMENT OF
COMMUNITY BASED RESOURCES,
PLACEMENT ACTIVITIES, FOLLOW-UP
STUDIES, DEVELOPMENT OF RESOURCE
CENTERS, AND LIAISON ACTIVITIES FOR
INCREASING CAREER TRAINING
OPPORTUNITIES FOR BRISTOL
STUDENTS. WHILE THE PROJECT HAD
GET OFF TO A SLOW BEGINNING,
PRIMARILY DUE TO STAFFING EACH OF
THE PROGRAM'S NINE POSITIONS,
SIGNIFICANT ACCOMPLISHMENTS HAVE
BEEN MADE IN EACH OF THE PROGRAM'S
OBJECTIVES. VARIOUS FORMS, LESSON
PLANS, GUIDE, FOLLOW-UP
QUESTIONNAIRES, AND LETTERS ARE

RESULTS INDICATE THAT
DIVERSIFICATION OF NEED FOR TOPICS

PROGRAM LINES. THERE IS ALSO A
DEGREE OF COMMONALITY IN PHYSICS
NEEDS OF GRADUATES; AND CERTAIN
PHYSICS OFFERINGS WOULD BE
BENEFICIAL TO SEVERAL PROGRAMS.
SPECIAL NEEDS OF INDIVIDUAL

Abstract - This is a final report of the Hawaii Career Development Continuum Project, Phases I and II, February 16, 1972 to June 30, 1973. This project was implemented to accomplish two major goals and two supporting goals. The major products were: (1) Development of an overall conceptual framework for career development for K-12; and (2) Production of implementing curriculum guides for K-3, 4-6, 7-9, and 10-12. The two supporting goals were: (1) Training of vocational exploration leaders; and (2) Establishment of career development instruction centers. A systems approach was implemented in conducting Phases I and II. Analysis and synthesis were the two primary techniques which were used. An analysis was made of the existing situation, career development and education studies, trends, curricula, and vocational guidance. A survey was conducted on hardware and software to support career development. Two workshops were conducted to train individuals to conduct vocational exploration groups and an instruction career development center was set up. All goals and subgoals were met. (Author/KB)

Abstract - This final report on the four I's project covers the period from August 1, 1970 to June 30, 1973. The objective of this program was to significantly intervene in the lives of a group of youths by introducing them to a broad range of occupational information, by allowing them to manipulatively investigate several occupational areas, and by enabling them to become involved in actual work and learning experiences. Current occupational information was presented to the students via modern media and materials. Manipulative skills were provided with a cycling system which included masonry, carpentry, small engines, electricity, food services, commercial and domestic sewing, health occupations, and cosmetics. Intensive guidance and counseling was provided. After gathering, compiling and analyzing the data from standardized tests in reading, mathematics, personality, and vocational maturity and from staff developed questionnaires, it appeared that the students made progress in some areas while faltering in others. ABSTRACT - FOCUSING ON HIGH SCHOOL YOUTH, THIS RESEARCH STUDY
ANALYZES STUDENTS IN 15 TEXAS HIGH SCHOOLS IN THE LARGEST URBAN AREAS
OF THE STATE. RESPONSES IN INTERVIEWS WITH 1605 MEXICAN AMERICAN,
BLACK, AND ANGLO STUDENTS ARE COMPARED IN THREE WAYS-AMONG ETHNIC GROUPS, WITHIN ETHNIC GROUPS BY VOCATIONAL EDUCATIONAL AND NON-VOCATIONAL EDUCATIONAL PROGRAMS, AND BY ETHNIC GROUP AND PROGRAM CHARACTERISTICS, ATTITUDES, ASPIRATIONS, AND PROBLEMS OF THE STUDENTS CONSTITUTE THE SUBJECT MATTER OF THE INTERVIEWS. ALTHOUGH ALL THREE ETHNIC GROUPS OF STUDENTS STRESSED THE IMPORTANCE OF EDUCATIONAL ACHIEVEMENT, THE EDUCATIONAL ASPIRATIONS OF BLACKS APPEAR TO BE THE HIGHEST, MEXICAN AMERICANS, THE LOWEST. IMPLICATIONS INCLUDE THE NEED TO MAKE VOCATIONAL EDUCATION MORE ATTRACTION IN THE SECONDARY SETTING AND THE SUGGESTION IS OFFERED THAT CAREER EDUCATION BE USED AS A VEHICLE TO ASSURE STUDENTS AND PARENTS THAT A PERSON ENROLLING IN VOCATIONAL PROGRAMS CAN ALSO TAKE COLLEGE PREPARATORY COURSES. ABSTRACT - PART OF A SERIES OF REPORTS EXAMINING THE EDUCATIONAL OPPORTUNITIES AVAILABLE TO YOUNG PEOPLE IN TEXAS, THIS STUDY INVOLVES THE RELATIONSHIP BETWEEN VOCATIONAL PROGRAMS IN THE HIGH SCHOOLS AND THE STATE MANPOWER REQUIREMENTS. THE INCREASING NEED TO PREPARE STUDENTS FOR THE CHANGING PATTERNS OF OCCUPATIONAL DEMAND REQUIRES PROGRAMS TO BE INITIATED OR EXPANDED FOR THOSE OCCUPATIONS PROMISING SUBSTANTIAL GROWTH. ANALYSIS OF THE STATEWIDE ECONOMY AND TRENDS IN OCCUPATIONAL DEMAND UNDERTAKEN IN THE STUDY INDICATES THAT THERE IS A SERIOUS MISMATCH BETWEEN ENROLLMENTS IN TEXAS HIGH SCHOOL VOCATIONAL PROGRAMS AND THE STATE'S LABOR MARKET. WHILE NEARLY 68 PERCENT OF STUDENTS IN VOCATIONAL PROGRAMS ENROLL IN AGRICULTURE AND HOME ECONOMICS, LESS THAN SEVEN PERCENT OF THE DEMAND FOR GRADUATES IS IN THESE FIELDS. IN GENERAL, VOCATIONAL EDUCATION OFFERINGS DO NOT REFLECT THE STATE'S PRESENT AND FUTURE MANPOWER NEEDS. (AUTHOR/KU)

AT MAUI, THE COMPARATIVE STUDY FOUND THAT V ocational Education Graduates Found Greater Satisfaction in Their Jobs and Relevance with Their College Courses Than Did Nonvocational Graduates. The Followup Study of MAUI Community College Graduates Found Over 80% Working Full Time and in General, Most of Them Rather Immobile, Staying on MAUI or Within the State. In the KAUAI Study, Among the Business Curriculum Graduates, Over 85% Were Employed Full Time in Business and Related Fields. Among the Honolulu Community College Graduates, 18 Technical Fields Were Surveyed with an Average of 60% Employment in Fields of Training. The Leeward Graduates' Employment Picture of 80% Employed Agreed with the MAUI Study. Over 85% of the Office Group in Hawaii's Graduates Were Employed in Office Work. Overall, the Number of Responses Was Too Low to Accept the Statistics Unreservedly. A Longitudinal Study Seemed Indicated. (AUTHOR/MU)

Abstract - Covering the time from July 1, 1973 through June 30, 1974, this annual report outlines a project to produce ten short films of three minutes in length with accompanying audio cassettes of local people at work in the community. Eight film/tapes were completed during the year and their use began in elementary classrooms. Teaching guides were completed and the films, tapes, and guides were evaluated by teachers from another district. General conclusions reached after their use and evaluation were that although suitable for their purpose, the technical quality was not good but with the limited funding, much was learned that was worthwhile. ABSTRACT - THE PURPOSE OF THIS PROJECT WAS TO COMPARE FORMER STUDENTS WHO TOOK VOCATIONAL COURSES AND THOSE WHO DID NOT, WHEN OCCUPATIONAL CHOICE OCCURRED, AND THE EFFECT OF SELECTED FACTORS ON OCCUPATIONAL CHOICE WITH IMPLICATIONS FOR DECISION MAKING IN THE AREA OF GUIDANCE AND PROGRAM REDIRECTION OR MODIFICATION. A QUESTIONNAIRE WAS MAILED TO 378 FORMER STUDENTS. STATISTICAL DATA REVEALED THAT THERE WERE SIGNIFICANT DIFFERENCES IN FORMER VOCATIONAL AND NON-VOCATIONAL STUDENTS THAT APPEAR TO BE DIRECTLY TIED TO THE TRACK THAT THE STUDENT PURSUED WHILE IN SCHOOL. FROM THE STUDY IT WAS CONCLUDED THAT: (1) FORMER VOCATIONAL STUDENTS WERE BETTER PREPARED FOR THEIR JOBS, (2) THERE WAS NO SIGNIFICANT DIFFERENCE IN HOW VOCATIONAL AND NON-VOCATIONAL STUDENTS PERCEIVED GENERAL TECHNICAL KNOWLEDGE AND BASIC SKILL PREPARATION, (3) THERE WAS NO SIGNIFICANT DIFFERENCE IN THE PERCEPTIONS OF THE TWO GROUPS ABOUT THE EFFECTIVENESS OF FACILITIES AND EQUIPMENT, (4) VOCATIONAL STUDENTS FELT THAT THEIR INSTRUCTORS WERE MORE EFFECTIVE IN PREPARING THEM FOR JOB EXPERIENCES, AND (5) OCCUPATIONAL CHOICE WAS MADE DURING THE HIGH SCHOOL YEARS. ABSTRACT - THIS IS THE FINAL REPORT OF A STUDY TO IDENTIFY THOSE COMPETENCIES REQUISITE TO EFFECTIVE FUNCTIONING OF A VARIETY OF GUIDANCE PERSONNEL AND TO VALIDATE THOSE IDENTIFIED COMPETENCIES BY SUBMITTING THEM TO PRACTICING GUIDANCE PERSONNEL FOR THEIR STUDY AND EVALUATION. AFTER A SERIES OF SEMINARS AN INITIAL ROSTER OF COMPETENCIES WAS DEVELOPED. FROM THIS ROSTER A SURVEY INSTRUMENT WAS DEVELOPED AND PILOTED; A FINAL INSTRUMENT WAS ADMINISTERED TO COUNSELORS IN TEXAS PUBLIC SCHOOLS. EACH SURVEY RESPONDENT WAS DETERMINED TO RATE EACH COMPETENCY IN TERMS OF ITS IMPORTANCE TO SUCCESS IN HIS PARTICULAR POSITION. ANALYSIS OF
THE RESULTS OF THIS SURVEY INDICATES SUPPORT FOR ALMOST ALL OF THE COMPETENCIES BY THE CORE COUNSELOR GROUPS. BY UTILIZATION OF AN HIERARCHICAL ANALYSIS AND ELIMINATION PROCESS A LIST OF 157 COMMON COUNSELOR COMPETENCIES ESSENTIAL TO SUCCESSFUL FUNCTIONING WAS ESTABLISHED.

ABSTRACT - ASSOCIATE DEGREE NURSING STUDENTS AT THE DALLAS COMMUNITY COLLEGE BEGAN A PROJECT IN SEPTEMBER 1972 WITH FAMILY HEALTH MAINTENANCE TO INCREASE STUDENT AWARENESS OF THE TOTAL HEALTH CARE SITUATION OF A FAMILY UNIT. STUDENTS WERE ASSIGNED FAMILIES REFERRED BY HOSPITALS AND AGENCIES WITH TWO STUDENTS TO A FAMILY. THE STUDENTS MADE MONTHLY VISITS AS FRIENDS OF THE FAMILY. EACH STUDENT WAS GIVEN NAMES AND AGES OF THE CHILDREN AND NAMES OF FAMILY MEMBERS. COMPENSATION TIME FROM CLINICAL ASSIGNMENTS ENCOURAGED VISITS AT MOST CONVENIENT TIMES FOR STUDENT AND FAMILY. WRITTEN REPORTS RECORDING THE FACTS OF EACH VISIT WERE USED IN PARTICIPATION IN A 4-HOUR SEMINAR OF STUDENTS AT THE END OF THE YEAR. PRE- AND POSTTESTS WERE USED IN EVALUATION. TWO SEMESTER-LENGTH COURSES IN THE SECOND YEAR OF THE PROGRAM WERE DESIGNED TO FOLLOW THE EARLIER CLINICAL ASSIGNMENTS. (AUTHOR/MU)

ABSTRACT - THE PURPOSE OF THIS STUDY WAS TO ASSESS THE EFFECTIVENESS OF A NEW PROGRAM IN OCCUPATIONAL EDUCATION WHICH USED DRAMATIC PLAY AS A TECHNIQUE FOR TEACHING SOCIAL STUDIES AND OCCUPATIONAL AWARENESS IN THE ELEMENTARY GRADES. THREE SELF-CONTAINED CLASSES OF SECOND GRADE CHILDREN PARTICIPATED IN A SOCIAL STUDIES PROGRAM THAT FEATURED DRAMATIC PLAY ONE DAY A WEEK IN A MODEL COMMUNITY CONSTRUCTED BY THE STUDENTS. TWO CLASSES PARTICIPATED IN AN OPEN CLASSROOM FACILITY PROVIDED FOR THAT PURPOSE AND ONE CLASS RECEIVED THE PROGRAM IN A REGULAR SELF-CONTAINED CLASSROOM. THE DRAMATIC PLAY GROUPS WERE COMPARED TO TWO CONTROL CLASSES OF 46 CHILDREN WHO WERE TAUGHT SOCIAL STUDIES BY MORE CONVENTIONAL METHODS. THE RESULTS SUPPORTED THE CONCLUSION THAT DRAMATIC PLAY WAS EFFECTIVE IN PRODUCING GREATER GAINS IN FACTUAL KNOWLEDGE, OCCUPATIONAL AWARENESS, AND PRODUCIVE THINKING IN RELATION TO SOCIAL AND COMMUNITY ORGANIZATION THAN MORE TRADITIONAL METHODS. ABSTRACT - THE PURPOSE OF THIS DISSERTATION WAS TO DETERMINE THE SIGNIFICANCE OF VARIOUS PROCESS VARIABLE (PROGRAM ELEMENTS) AND CERTAIN INPUT VARIABLES (DEMOGRAPHIC CHARACTERISTICS OF STUDENTS) IN DETERMINING PROGRAM OUTPUT (STUDENT SUCCESS). STUDENTS SUCCESS WAS MEASURED BY GRADE POINT AVERAGE, PERSISTENCE, INCREASE IN THE INTERNALITY OF STUDENT LOCUS OF CONTROL, AND INCREASE IN STUDENT SELF-CONCEPT. THE DEMOGRAPHIC VARIABLES EXAMINED WERE AGE, SEX, YEARLY FAMILY INCOME, TYPE OF CURRICULUM ASPIRATION, AND ETHNIC BACKGROUND. THE PROGRAMMATIC VARIABLES ISOLATED WERE INDIVIDUALIZED INSTRUCTION, INTEGRATED VOCATIONAL LEARNING EXPERIENCES, PROGRAM FOCUS ON SELF-CONCEPT DEVELOPMENT, AND VOLUNTEER INSTRUCTORS. REMEDIAL PROGRAMS, LOCATED IN URBAN SETTINGS WHICH EXHIBITED SIGNIFICANT PROGRAMMATIC DIFFERENCES WERE SELECTED FOR THIS INVESTIGATION. THE STUDY INDICATED THAT STUDENTS WILL BE MORE SUCCESSFUL IN PROGRAMS THAT INCLUDE: INDIVIDUALIZED INSTRUCTION, VOLUNTEER TEACHERS, FOCUS ON SELF-CONCEPT DEVELOPMENT, AND INTEGRATED VOCATIONAL LEARNING EXPERIENCES. ABSTRACT - This report represents the progress of a medical manpower study for the first two years of a three-year project to determine the possibility of motivating hospitals to modify hiring requirements to actual job needs, to restructure health occupational skills, and to develop inservice training programs which permit upward job mobility. The research techniques and methodology employed in the project are detailed for each of five hospitals in which they were tested. Preliminary observations and statistics are documented as are the results of a sub-study of health manpower in the Boston area. Appendices include letters and news articles pertaining to the study and a description of the hospitals involved. (KH)

ABSTRACT - This is a final report on an informal retrieval and demonstration project designed to demonstrate the computer terminal system of information retrieval from a central computer. Specifically, the system concentrated on computer searching of the ERIC system with potential search of the National Technical Information Service tapes as a long range goal. The demonstrations took place by locating nine terminals in volunteer districts and conducting inservice training to acquaint the people with its use. The research component was twofold: (1) an attempt was made to identify alternative educational applications of the computer terminal for the districts, and (2) an analysis of the staff usage over a four month period has been evaluated and documented as to type and extent of activities. Results to date show a generally favorable acceptance of the system, as well as growing use of the computer terminals in obtaining information for curriculum development and research. (AUTHOR/KB)

ABSTRACT - This compilation of research in agricultural education includes abstracts of 28 studies completed at the Ohio State University during the 1973-74 year. Eight of the completed studies require more search, four represent doctoral theses, and six represent masters theses. They are arranged alphabetically by author and indexed by subject. Each abstract provides a summary of the purpose for the study, the methodology of data collection, and major findings and conclusions. A list of the 36 studies in progress during 1974-75 is also included. (AUTHOR/KH)
EDUCATION CURRICULUM GUIDES PRODUCED. GUIDES WERE IMPLEMENTED FOR THE FOLLOWING SIX AREAS OF BUSINESS EDUCATION: (1) ACCOUNTING AND COMPUTING, (2) OFFICE MACHINES AND GENERAL OFFICE CLERICAL, (3) INFORMATION COMMUNICATION, (4) STENOGRAPHIC AND SECRETARIAL, (5) SUPERVISORY AND MANAGEMENT, AND (6) TYPING AND RELATED. RESEARCH STILL NEEDS TO BE DONE ON TEACHING METHODS TO TRANSFER THE COMPETENCIES FROM THE INSTRUCTOR TO THE STUDENT. IT WAS RECOMMENDED THAT THESE GUIDES BE INCORPORATED INTO INSERVICE TRAINING FOR BUSINESS AND OFFICE EDUCATORS AND BE UPDATED PERIODICALLY WITH TRENDS IN EDUCATION AND INDUSTRY.

THE DEVELOPMENT AND TESTING OF A LINEAR PROGRAMMING TECHNIQUE FOR OPTIMIZING OCCUPATIONAL TRAINING PROGRAM COMBINATIONS. FINAL REPORT.

OKLAHOMA STATE DEPT. OF VOCATIONAL AND TECHNICAL EDUCATION; STILLWATER. DIV. OF RESEARCH, PLANNING, AND EVALUATION.

ABSTRACT - EDUCATION AGENCY PLANNERS DO NOT CURRENTLY HAVE ACCESS TO PLANNING TECHNIQUES WHICH WILL EVALUATE ALTERNATIVE COURSES OF ACTION FOR OPT. IMM PROGRAMS. THE PURPOSE OF THE LINEAR PROGRAMMING PROJECT WAS TO DEVELOP A TECHNIQUE FOR OPTIMIZING OCCUPATIONAL TRAINING PROGRAM COMBINATIONS IN AN EFFORT TO FACILITATE DECISION-MAKING IN THE OKLAHOMA STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL EDUCATION. THE PROJECT REQUIRED ANALYZING INFORMATION NEEDS, ESTABLISHING DATA COLLECTION PROCEDURES FOR ALL VARIABLES IN THE MODEL, DEVELOPING A USER-ORIENTED LINEAR PROGRAMMING OUTPUT SOLUTION FORMAT, AND USING THIS TECHNIQUE FOR EACH PROGRAM PLANNING LEVEL. KEY CONSTRAINTS WERE TOTAL COSTS, REIMBURSEMENT RATES, STUDENT SUPPLY, PROGRAMS REQUIRED, AND STUDENT PROFILE, JOB PLACEMENT, AND GRADUATES PRODUCED. THE MODEL INCLUDES THREE MATRICES, EACH CONTAINING FIVE OBJECTIVE FUNCTIONS: (1) SECONDARY, (2) COLLEGIATE/FULL-TIME ADULT, AND (3) PART-TIME ADULT. THE COMPUTER SYSTEM USED TO PRODUCE THE RESULTS IN THIS REPORT WAS AN IBM 360/65; HOWEVER, ANY SYSTEM WITH LINEAR CAPABILITIES MAY BE USED. MOST OF THE MATERIAL REQUIRED FOR A LINEAR PROGRAMMING MODEL IS ALSO IMPORTANT FOR DECISION MAKING NOT REQUIRING THE USE OF COMPUTERS. (MF)

MASSACHUSETTS STATE DEPT. OF EDUCATION, BOSTON. DIV. OF OCCUPATIONAL EDUCATION; NATIONAL EDUCATIONAL EVALUATION SERVICES, INC., CHESTNUT HILL, MASS.

ABSTRACT - COVERING THE TIME PERIOD FROM JULY 1, 1972 TO SEPTEMBER 30, 1974, THIS FINAL REPORT DOCUMENTS A PROJECT TO DESIGN A CODING SYSTEM OF SKILLS AND TO DEMONSTRATE ITS VALUE IN THE CODED BEHAVIORAL OBJECTIVES IN THREE MASSACHUSETTS PILOT SCHOOL SYSTEMS. A CAREER EDUCATIONAL CURRICULUM WAS DEVELOPED FOR THE
HANDICAPPED AND IMPLEMENTED IN AN INTEGRATED CLASSROOM SETTING.

REMEDIAL PROCEDURES TO ENABLE THE HANDICAPPED TO PERFORM SPECIFIC TASKS, PLACEMENT PROCEDURES, AND THE TEACHER INSERVICE EDUCATION WERE ACCOMPLISHED. REPRESENTATIVES FROM THE SCHOOL ADMINISTRATION, INDUSTRY, HUMAN SERVICE AGENCIES, AND PARENT GROUP FORMED THE THREE ADVISORY COUNCILS FOR THE PILOT SCHOOLS. RECOMMENDATIONS CENTER ON IMPROVEMENT IN THE PROGRAM TO ACCOMMODATE THE STUDENTS' LIMITED ABILITIES. INCLUDED WITH THE DOCUMENT ARE THE THIRD-PARTY EVALUATION AND THE ANALYSIS OF THE DATA GENERATED BY THE PROJECT.

IDENTIFIERS - OKLAHOMA

ABSTRACT - "EXPRESSIONS" IS A MONTHLY NEWSLETTER PUBLISHED BY THE OKLAHOMA STATE DEPARTMENT OF VOCATIONAL AND TECHNICAL EDUCATION AND RECEIVED BY APPROXIMATELY 1,800 VOCATIONAL EDUCATORS IN OKLAHOMA. THIS STUDY WAS MADE TO OBTAIN VOCATIONAL TEACHERS' REACTIONS TO THE NEWSLETTER. A RANDOM SAMPLE OF 186 VOCATIONAL TEACHERS, 10 PERCENT OF THE POPULATION, WAS SURVEYED BY A
QUESTIONNAIRE DEVELOPED TO ELICIT ANSWERS TO THE FOLLOWING STUDY QUESTIONS: (1) WHO READS OR SHOULD READ "EXPRESSIONS" TO THE TEACHER, AND (3) WHAT CHANGES SHOULD BE MADE IN "EXPRESSIONS"? THE GENERAL CONCLUSIONS FROM THE SURVEY WERE THAT VOCATIONAL TEACHERS ARE SATISFIED WITH THE NEWSLETTER, THEY READ IT AND FIND IT USEFUL, AND THEY DO NOT DESIRE ANY CHANGES IN IT. HOWEVER, AS THE STUDY DESIGN WAS LIMITED AND DID NOT TEST ALTERNATIVES, SOME RECOMMENDATIONS ARE OFFERED FOR CHANGES IN DISTRIBUTION METHODS, INCREASING SIZE OF THE NEWSLETTER, AND TESTING ALTERNATIVES FOR DISSEMINATION OF INFORMATION. THE QUESTIONNAIRE, DETAILED RESPONSES, AND STATISTICAL ANALYSES ARE APPENDED. (MF)

ABSTRACT - THE STUDY WAS CONDUCTED TO REVIEW AND ANALYZE THE SYSTEM FOR ALLOCATING AND DELIVERING VOCATIONAL EDUCATION FUNDS WITHIN THE STATE OF WEST VIRGINIA AND TO DEVELOP POLICIES AND PROCEDURES TO FACILITATE DELIVERY OF FEDERAL AND STATE FINANCIAL RESOURCES TO LOCAL EDUCATION AGENCIES. AS IT IS NOT POSSIBLE TO VIEW FISCAL REFORM INDEPENDENTLY FROM MANAGEMENT, SOME FUNDAMENTAL CHANGES IN THE ORGANIZATION AND ADMINISTRATION OF PUBLICLY SUPPORTED VOCATIONAL EDUCATION PROGRAMS ARE SUGGESTED. MAJOR RECOMMENDATIONS INCLUDE OBTAINING ADVICE ABOUT STATE FISCAL POLICIES FROM COUNTY EDUCATION PERSONNEL, UPDATING THE FISCAL ALLOCATION FORMULA, STUDYING THE UTILIZATION OF VOCATIONAL EDUCATION FACILITIES, AND THE ASSUMPTION BY THE STATE GOVERNMENT OF A GREATER SHARE IN THE SUPPORT OF VOCATIONAL EDUCATION PROGRAMS AT ALL LEVELS. APPENDED ARE THE QUESTIONNAIRE FORM DEVELOPED TO SOLICIT OPINIONS OF COUNTY, STATE, AND OTHER EDUCATIONAL PERSONNEL ABOUT THE PRESENT FINANCIAL SYSTEM AND THE NEED FOR CHANGES. ABSTRACT - THIS REPORT REPRESENTS PART OF A CONTINUING STUDY TO DESCRIBE THE STUDENTS INVOLVED IN SECONDARY EDUCATION PROGRAMS IN TEXAS AND TO DOCUMENT THE KIND AND QUALITY OF OCCUPATIONAL TRAINING OFFERED TO THEM. DATA WERE OBTAINED FOR THIS REPORT BY INTERVIEWS WITH 1,531 BLACK HIGH SCHOOL STUDENTS IN 11 SCHOOL DISTRICTS AND WITH A SMALL SAMPLE OF BLACK GRADUATES, DROPOUTS, AND PARENTS, SCHOOL PERSONNEL, COMMUNITY PEOPLE, AND EMPLOYERS. THE BULK OF THE REPORT IS AN ANALYSIS OF CHARACTERISTICS, ATTITUDES, ASPIRATIONS, AND PROBLEMS OF THE STUDENTS. CONCLUSIONS CONCERN A NEED TO CHANGE THE SCHOOLS AND THEIR PERSONNEL TO CONFORM MORE CLOSELY WITH COMMUNITY NEEDS AND THE ASPIRATIONS OF THE STUDENTS FOR SUCCESS IN THEIR EDUCATION AND SUBSEQUENT LIFE ROLES. IMPROVED AND INCREASED GUIDANCE SERVICES ARE NEEDED. CAREER EDUCATION ACTIVITIES AND PERSONNEL ARE FELT TO BE THE MEANS FOR ACHIEVING THE DESIRED RESULTS. (AUTHOR/MU)

VOCATIONAL PROGRAM FOR OUT-OF-SCHOOL YOUTH AND ADULTS IN BUILDING MAINTENANCE AND COMMERCIAL COOKING. FINAL REPORT.

RALEIGH COUNTY BOARD OF EDUCATION, BECKLEY, W.VA. WEST VIRGINIA STATE DEPT. OF EDUCATION, CHARLESTON. BUREAU OF VOCATIONAL, TECHNICAL, AND ADULT
ABSTRACT - TO MEET THE SPECIAL NEEDS OF A DISADVANTAGED COMMUNITY, THIS PROJECT PROVIDED WORK ADJUSTMENT TRAINING, COUNSELING, JOB PLACEMENT, VOCATIONAL EDUCATION, AND BASIC EDUCATION FOR HIGH SCHOOL DROPOUTS AND OUT-OF-WORK YOUTH IN RALEIGH COUNTY, WEST VIRGINIA. TEACHING METHODS DE-EMPHASIZED TEXTBOOK STUDY, USING A LEARNING-BY-DOING APPROACH IN DEMONSTRATIONS, WORKSHOPS, CLASS DISCUSSIONS, FIELD TRIPS, AND COOPERATIVE EDUCATION. OUTLINES FOR THE COURSES IN COMMERCIAL FOODS AND IN BUILDING MAINTENANCE ARE GIVEN. THE LATTER INCLUDES PLUMBING, ELECTRICITY, CARPENTRY, MASONRY, AND PAINTING. RESULTS WERE SATISFYING IN THAT NEARLY HALF THE STUDENTS BECAME EMPLOYED AND 70 PERCENT PASSED THE GRADUATE EQUIVALENCY EXAMINATION FOR HIGH SCHOOL. (MU)
PROGRAMS INCLUDED IN THE DIRECTORY ARE THOSE WHICH WERE OFFERED DURING THE 1972-73 ACADEMIC YEAR. THE INFORMATION IS ORGANIZED ALPHABETICALLY BY CITY WITH THE SCHOOL'S COMPLETE NAME, ADDRESS, AND TELEPHONE NUMBER LISTED FIRST. IF A PERSON'S NAME WAS PROVIDED, IT HAS BEEN INCLUDED AS A POTENTIAL "CONTACT" PERSON FOR ANYONE DESIRING FURTHER INFORMATION ON THE INSTITUTION.

ABSTRACT - KNOWLEDGE OF THE EXTENT AND CHARACTER OF OCCUPATIONAL MOBILITY IS BASIC TO EFFICIENT AND EFFECTIVE MANPOWER PLANNING AND FORECASTING. THE FUNDAMENTAL PURPOSE OF THIS STUDY IS THE IDENTIFICATION OF MOBILITY-RELATED GROUPS OF OCCUPATIONS THROUGH THE USE OF A NEUTRAL METHODOLOGY. TWO MOBILITY MODELS ARE EMPLOYED: (A) THE PROBABILITY TRANSITION MATRIX AND (B) THE RECRUITMENT DEPENDENCE MATRIX. SEVERAL IMPORTANT CONCLUSIONS EVOLVE FROM THIS STUDY. ASIDE FROM IDENTIFICATION OF INTERESTING SUPPLY INTERRELATIONSHIPS BETWEEN THE DIVERSE JOB CATEGORIES AND AMPLIFICATION OF THE DYNAMICS OF LABOR MARKET OPERATION, THE FUNDAMENTAL CONCLUSION IS THAT THE JOB FAMILY MODEL IS THE RELEVANT BASIS OF OCCUPATIONAL CLASSIFICATION. CENSUS OCCUPATION CODE TRANSFORMATIONS, RATES OF MOVEMENT, A CLUSTER REFERENCE SYSTEM, AND CLUSTER CONFIGURATIONS ARE APPENDED. (AUTHOR/KB)

Title: Occupational Child Development.
Developer: Ann Benson
Institution: Mid-America Vocational Curriculum Consortium, 1515 West Sixth Avenue, Stillwater, Oklahoma 74074
Sponsor: Oklahoma State Dept. of Vocational-Technical Education, Stillwater
Duration: From July 1, 1975
Description of Project: Instructional material in this manual is written in terms of student performance using measurable behavioral objectives. This is an innovative approach to teaching that accentuates and augments the teaching-learning process. Criterion-reference evaluation instruments provide for a uniform measurement of student progress. The manual is a self-contained learning package. Advisory committees are used from the beginning to do the task analysis through the validation of the curriculum materials.

Duration: From September 1, 1975 to June 1, 1975
Description of Project: Instructional material in this manual is written in terms of student performance using measurable behavioral objectives. This is an innovative approach to teaching that accentuates and augments the teaching-learning process. Criterion-reference evaluation instruments provide for a uniform measurement of student progress. The manual is a self-contained learning package. Advisory committees are used from the beginning to do the task analysis through the validation of the curriculum materials.

Initiator: Wolfgang Dill
Institution: Clackamas Community College (Oregon State University)
Sponsor: Oregon State Dept. of Education, Salem
Duration: January 11, 1974 to January 10, 1975

Objectives: (1) Orient the 30 members of the Oregon Foreign Language Council to the purpose, scope, and procedure for the implementation of integrated and career education program goals, and (2) Hold at least six meetings with the OFLC before the two-week workshop in June, 1974.

Methodology: (1) Project director explains purpose, scope, and procedure of the project to the OFLC on January 11, 1974, (2) Project director identifies at least one foreign language taught in Oregon on every level of education to research for articulation purposes, (3) Project director identifies OFLC members to be consultant-participants in summer workshop and assigns specific tasks, and (4) All OFLC members collect information, materials, and suggestions pertinent to the implementation of integrated foreign language and career education program goals. Federal funds total $9,352.00.

VTP 1807
Title: An Integration of Career and Consumer Education and Reading and Language Arts Program Level Goals.

Initiator: Ralph Hodges
Institution: Curriculum and Instruction Dept., Portland Public Schools, Oregon
Sponsor: Oregon State Dept. of Education, Salem
Duration: July 1, 1974 to June 30, 1975

Objectives: (1) To inform potential participants in the exemplary phase of this project of the importance and utility of the integrated approach to teaching career and consumer education concepts, and (2) To present data and
prototype teacher management materials to encourage participation in the exemplary development project. 

Methodology: (1) Three classroom teachers and one principal will be asked to form a Teacher Inservice Committee and receive training from the Project Director, (2) Information sheets concerning the objectives and procedures of the Integration of Course Goals project will be prepared and distributed to all teachers in grades 1-3 and their principals, and (3) Meetings with classroom teachers grades 1-3 will be scheduled for presentations by the Teacher Inservice Committee. Federal funds total $8,149.00.

VTP 1808

Title: Improving Instruction in Innovative Areas Through Improved Administrative Support Procedures.

Initiator: John W. Kreitz
Institution: Lane Community College, Eugene, Oregon
Sponsor: Oregon State Dept. of Education, Salem
Duration: July 1, 1974 to December 31, 1974

Objectives: (1) Identify changes that will occur in the role of administrator and instructor with self-paced individualized instruction (S.P.I.I.), (2) Preparation of administrative instruction on how to utilize learning packages, and (3) Indicate changes required in facilities.

Methodology: (1) Identify Oregon State Department of Education project individuals, (2) Confer with instructional staff involved in S.P.I.I. to determine support areas, (3) Arrange for performance objectives discussion with instructional staff, (4) Contact Career Development Center regarding in-service for implementation of individualized instruction, and (5) Contact all community colleges advising of the study and asking for input. Federal funds total $6,851.00.

VTP 1809

Title: A Creative Career Education Language Arts Project for the Disadvantaged.

Initiator: Jane Staver
Institution: Curriculum and Instruction Department Area III
Sponsor: Oregon State Dept. of Education, Salem
Duration: July 1, 1974 to June 30, 1975

Objectives: (1) The Student/Teacher teams will be motivated to research Language Arts Materials which meet their current readiness and reading needs, and (2) The Student/Teacher teams will be motivated to research Career Education Clusters which have priority and meaning in the positive value structure of their sub-culture.

Methodology: (1) The director will collect appropriate resource materials and texts which cover the field of linguistic knowledge, make fresh copies of the Dolch basic sight words and have on file other remedial reading and language arts techniques, as well as Course Level Goals in Language Arts, Reading and Career Education, (2) The director and teachers will meet with the advisory committee in order to develop a framework for a model designed to meet the 7th and 8th grade students' current reading needs. Appropriate reading assessment instruments will be chosen. (3) The director and teachers will brainstorm methods and materials which may be used to select, contact and motivate student to participate in the project, (4) Goal based lesson plans which contain an evaluation component to measure motivation and progress will be designed, and (5) The students will be called to the first sessions and pre-tests will be administered. Federal funds total $6,851.00.

VTP 1810

Title: Local Production of Relevant Awareness - Exploratory Media.

Initiator: William K. Ousterhout
Institution: Central School District 13J, Independence, Oregon
Sponsor: Oregon State Dept. of Education, Salem
Duration: July 1, 1974 to June 30, 1975

Objectives: To determine the feasibility of local production, dissemination and evaluation of super 8 films, audio and study guides at various age levels for career awareness and exploration.

Methodology: The anticipated procedures would be to utilize three people, one each from primary, elementary and junior high, to plan, script, film, narrate, and prepare study guides for a series of movies at these three age levels. Each production would be aimed at a particular grade level (primary, elementary, or junior high) and would be designed on the general format developed in the previous films. The films would gradually shift the emphasis from awareness of the person at work to the kinds of tasks required by the particular occupation and the specific skills and training necessary for successful employment. The junior high films would include these and also include working conditions, job tenure, pay and other factors relevant to students who will soon enter the labor market. Federal funds total $3,300.00.

VTP 1811
Title: Thinking for Action in Career Education.

Initiator: Joan Smutny and Douglas Paul
Institution: National College of Education
Sponsor: Illinois State Board of Vocational Education and Rehabilitation, Division of Vocational and Technical Education, Springfield
Duration: June 28, 1974 to June 27, 1975

Objectives: (1) To research the current use of critical and creative thinking, of the development of value judgements and attitudes, as an approach to career education and to assess the present readiness in urban, suburban and rural high schools in the Chicago area for this approach, (2) To plan, design and develop three critical and creative thinking career education packets of written, audio and visual materials for use by ninth and tenth (9-10) and eleventh and twelfth (11-12) graders as individuals, small groups, or entire classrooms, and (3) To field test three critical and creative thinking career education packets in three (3) urban, three (3) suburban, and two (2) rural schools in the Chicago area with high school students, teachers and counselors and to support their implementation through in-service training and further dissemination.

Methodology: Review existing career-education programs, materials and professional literature, and prepare a written report on the current use of critical and creative thinking. Identify a review panel made up of 1 teacher, 1 counselor, and 2 students from each of eight (8) secondary schools in the Chicago area to assess readiness in their schools, consult on format and content of career education packets, and evaluate materials in progress. Develop multi-media critical and creative thinking career-education packets for use in these eight schools. Field test the packets in the eight schools for one semester. Complete a follow-up evaluation on the effectiveness of the materials and improve them for future dissemination and broader utilization. Federal funds total $43,191.00.

VTP 1812
Title: Consortium for Planning, Developing, and Implementing Exploratory Industrial Career Development Models.

Initiator: Larry J. Kenneke
Institution: Oregon State University, Corvallis
Sponsor: Oregon State Dept. of Education, Salem
Duration: July 1, 1974 to June 30, 1975

Objectives: (1) Provide classroom teachers with alternate industrial career development models (Phase I). (2) Develop curriculum guides (Phase II). (3) Develop supporting instructional materials (Phase II). (4) Pre-test instructional materials (Phase II). (5) Develop and implement systematic preservice and inservice programs for
preparation and retraining of supervisory, classroom, and guidance personnel (Phase II). (6) Implement and evaluate industrial career development programs in consortium schools (Phase III). (7) Disseminate models and instructional materials to other districts (Phase III).

Methodology: The long-range plan calls for a three-year consortium of public school districts whose purpose is to design several alternate program models with accompanying materials which provide guidelines and give impetus to career development programs for industrial arts students in the middle grades. Phase I will facilitate conceptualization of alternate industrial career development models with accompanying materials. Phase II activities will result in further development and selected pre-testing of Phase I instructional materials and inservice training of affected personnel. Phase III will encompass year-long staff development and pilot testing of Phase I and II career development materials. Models and accompanying materials will then be evaluated, revised, and disseminated to other districts. Federal funds total $13,160.00.

VTP 1813
Title: Curriculum Development in Occupational Exploration.
Initiator: Shelton D. Whitehurst
Institution: Tarboro City Schools
Sponsor: North Carolina Dept. of Public Instruction, Raleigh
Duration: October 1974 to September 1976

Objectives: (1) Identify and validate the specific competencies (cognitive, affective, and/or psychomotor) to be mastered by the student within the fifteen occupational clusters, (2) Develop appropriate student learning guides for each competency and appropriate teacher guides for each module, (3) Pilot test the instructional system including all curriculum material involving at least 30 students at each grade level, and (4) Revise the curriculum materials, including multi-media, on the basis of the findings of the pilot test.

Methodology: A system of individualized instruction for middle grades occupational exploration appropriate for grades seven, eight and nine will be developed, pilot-tested and revised. The instructional materials developed shall conform to the basic program guide as set forth in the document, "A Guide For Designing and Implementing A Middle Grades Occupational Exploration Program." In addition, the materials developed should conform to basic standards and guidelines of curriculum development embraced by the Division of Occupational Education of the State Department of Public Instruction. The materials will utilize a variety of approaches to learning and be supplemented by appropriate multi-media materials. The curriculum materials will provide for a system of individualized instruction. Federal funds total $80,000.00.

VTP 1814
Title: Marine Science and Occupations.
Initiator: No data
Institution: Brunswick County Board of Education, Southport, North Carolina
Sponsor: North Carolina State Dept. of Public Instruction, Raleigh
Duration: October 1, 1974 to June 30, 1977

Objectives: (1) Upon completion of MOI each student will be able to perform at a 75% positive level in Markenspike and Deck Seamanship, (2) Upon completion of MOI each student will be able to perform at a 75% positive level on Boat Maintenance and Repair, and (3) Upon completion of MOT each student will be able to perform at a 75% positive level on certain Marine Science activities correlated with the School Biology Department.

Methodology: The Marine Science Occupations Program is to train secondary students in the area of commercial fishing, charter and headboat operations, marine sales and service, marine life and marine ecology. This program will help meet the necessary and increasing
demand for more and better trained people being sought by the industry. Students and parents have a strong interest and desire for a program that is meaningful and will provide the training essential for gainful employment or be helpful if they choose to further their education in the field of marine science occupations. Federal funds total $29,486.00.

VTP 1815
Title: Occupational Preparation of High School Students as Teacher Aides.
Initiator: Mary Nixon
Institution: John A. Holmes High School and Chowan High School
Sponsor: North Carolina State Dept. of Public Instruction, Raleigh
Duration: September 1, 1974 to June 30, 1977

Objectives: (1) By June 15, 1975, 90% of the participating students will successfully demonstrate 75% of the necessary skills for instructional teacher aides as measured by observation using a Skills Inventory developed by the project staff, (2) By August 30, 1975, 60% of the high school seniors successfully completing the program will obtain employment in paraprofessional teacher aide positions or will continue their training at post-secondary levels as measured by a follow-up study of these participants conducted by the project director, and (3) By June 15, 1975, participating students will demonstrate a significant improvement in their attitude toward school as measured by pre-post administrations of the Attitude Toward School Scale.

Methodology: To provide realistic occupational training for high school students (juniors and seniors) as instructional teacher aides. Students will be provided classroom instruction, as well as cooperative work experience. The result should be well-prepared instructional teacher aides with both training and experience. With emphasis upon recruiting for disadvantaged youth, two basic area needs will be fulfilled: (1) well-trained supply of teacher aides, and (2) training and employment for disadvantaged youth. Federal funds total $31,302.00.

VTP 1816
Title: To Develop A Program Planning Model.
Initiator: No data
Institution: Gates County Public Schools
Sponsor: North Carolina State Dept. of Public Instruction, Raleigh
Duration: October 1, 1974 to June 30, 1975

Objectives: (1) To identify the occupational programs and courses presently offered in the Gates County School system, (2) To determine the needs across the board of grades 8-12, (3) To determine the labor market demands through contact with the community business people, Social Serv’-es Department and The Employment Security Commission, (4) To secure follow-up information on previous occupational students and determine their status within and outside the community, and (5) To examine course outlines in relation to the materials provided, objectives met, prerequisites, learning activities and enrollment practices within each occupational area.

Methodology: To take a look at the existing occupational program in grades 8-12 in Gates County. The Gates County schools need to conduct such a stride in order to plan, project and implement a meaningful occupational educational program for all students within the county. The study will involve an investigation of all the occupational programs within all five county schools during the first year. The second year will concentrate in the selection of equipment, materials and supplies to see if they meet the needs required to support the program. During the third year, a tie-in of teachers, programs, materials, equipment and supplies will serve to aid in the development of an innovative model for the state to be used in similar rural areas with limited resources. Federal funds total $32,780.00.
Title: A New Horizon Model in Occupational Education Programming.

Initiator: Gloria Brisson
Institution: Fayetteville City Schools, North Carolina
Sponsor: North Carolina State Dept. of Public Instruction, Raleigh
Duration: September 1974 to June 1975

Objectives: (1) To identify the occupational programs and courses presently offered in the Fayetteville City Schools, (2) To determine the needs across the board of grades 7-12 occupational students, (3) To determine the labor market demands through contacts with community business people, so that these demands may be utilized in improving career education, (4) To secure follow-up information on previous occupational students and determine their status within the community, and (5) To examine course outlines, materials, objectives, prerequisites, learning activities, enrollment practices within each occupational program.

Methodology: The project is to take an in-depth look at the career education programs within grades 7-12 in the Fayetteville City Schools. The in-depth study is to examine the present career offerings and to see if they fulfill the needs of the students and the community. The study will also project to see what new career offerings may be necessary to strengthen the occupational program. The present career offerings will also be examined from the viewpoint of duplications and commonalities. The first year will involve investigation of the seven schools' occupational programs. The second year will be utilized in designing appropriate occupational materials and field testing them. In the third year such materials will be implemented. Federal funds total $24,685.00.

Title: Exemplary and Innovative Career Exploratory Program in Sherwood Intermediate School and Sherwood High School.

Initiator: Earl A. Knight
Institution: Sherwood School District 88J, Oregon
Sponsor: Oregon State Dept. of Education, Salem
Duration: September 4, 1974 to June 6, 1975

Objectives: To develop the eighth grade student's awareness to self and to the world of careers, to the awareness of the many occupations in the immediate and surrounding communities, to identify and achieve desirable student outcomes, to help the handicapped and disadvantaged to achieve in the curriculum, and to extend the career-oriented program to these students so that upon High School graduation, they are employable.

Methodology: The primary goals of the project are to present an exploratory curriculum developed for Business Education, Home Economics, Industrial Education, and Vocational Agriculture-Horticulture. The long term goal is to develop career clusters in all of these four disciplines within the next four or five years. This project will directly involve all eighth grade students of the Intermediate School for the 74-75 school year. Secondly, it will involve all the students in Business Education, Home Economics, Industrial Education and Vocational Agriculture-Horticulture departments because planning will of necessity include a sequential curriculum aimed to prepare a student for high school graduation with competencies to occupational skill areas. An individualized curriculum approach to instruction is being planned which will have transportability potential and capabilities. Federal funds total $3,110.00.

Title: Career Needs Assessment for Merged Area IX.

Initiator: Richard H. Schultz
Institution: Eastern Iowa Community College District, Davenport, Iowa
Sponsor: Iowa State Dept. of Public Instruction, Des Moines
Duration: November 1, 1974 to September 1, 1975

Federal funds total $24,685.00.
Objectives: (1) To determine the career education needs of the various publics in Area IX including opportunities currently available for people in K through Adult, (2) To utilize the study to enhance cooperation between the schools in career education programs, (3) To develop a list of priorities for meeting the needs of individuals in Area IX as identified in objective number 1 above, and (4) To develop the plans for a delivery system for career experiences of K through adult persons in Area IX dealing with the options.

Methodology: (1) Establish a steering committee for project direction and cooperation, (2) Determine career education needs for school students, (3) Determine the potential for employment opportunities in Area IX, (4) Determine area local school needs as defined by local school personnel, (5) Determine social agency client needs, (6) Determine social agency needs as defined by local social agency personnel, (7) Determine physical facility and equipment needs of the local school districts, social agencies, and Eastern Iowa Community College District, and (8) Determine present and projected student enrollments in K through adult of all Area IX school districts. Federal funds total $9,994.00.

Title: Determine the Competency Needs of Sanitarian Aides (Phase II).

Initiator: Wayne A. Rudolph
Institution: Iowa Western Community College, Council Bluffs, Iowa
Sponsor: Iowa State Dept. of Public Instruction, Des Moines
Duration: November 1, 1974 to June 30, 1975

Objectives: To determine the job competency needs of paraprofessionals to work effectively in the field of environmental sanitation and to assemble the data acquired in matrix form which educators may use for curriculum development.

Methodology: A series of two separate questionnaires will be developed and field tested. The survey instrument will identify potential competencies, skills and knowledges needed by paraprofessionals to operate effectively in the area of environmental sanitation. These questionnaires shall be mailed to a selected survey population. The data gathered from the completed survey instruments shall be assembled in tabulated form. The tabulated data together with conclusions and recommendations of the study shall be published in a written document. Federal funds total $10,158.00.

Title: A Followup of Vocational Education Graduates from Trade, Industrial, and Health Programs at the Post-Secondary Level in North Dakota.

Initiator: Wally Nordgaard
Institution: North Dakota State School of Science, Wahpeton
Sponsor: North Dakota State Dept. of Public Instruction, Bismarck
Duration: November 1, 1974 to May 31, 1975

Objectives: (1) Identifying and surveying all graduates from Trade, Industrial, and Health programs in North Dakota post-secondary schools during fiscal year 1971; (2) Determining how effective the training programs were as based on response from those graduates who returned the form; (3) Preparing a written description of those aspects of the respondents' training program and work experience as indicated on the questionnaire form; and (4) Making some generalized suggestions for program improvement and conclusions about existing programs.

Methodology: The population will consist of those students who graduated or completed programs in post-secondary Trade, Industrial, and Health from North Dakota post-secondary schools in fiscal year 1971. The institutions to be included are North Dakota State School of Science, Bismarck Junior College, Lake Region Junior College, and University of North Dakota - Williston Center. Dickinson State College will be included in the survey also because of a Health program which was in operation during fiscal year 1971. An existing follow-up questionnaire will be used with some minor modifications. The instrument was developed at the University of North Dakota as an activity of a Follow-Up Study of Office and Distributive Education graduates conducted in the past year. Federal funds total $5,500.00.

Title: A Survey of Students, Parents', and Schools' Attitudes Concerning the Career Development Institute for the Years 1970-1973.

Initiator: Richard Hauck
Institution: North Dakota State School of Science, Wahpeton
Sponsor: North Dakota State Dept. of Public Instruction, Bismarck
Duration: October 15, 1974 to May 15, 1975

Objectives: (1) To determine the value of the Career Development Institute by taking a survey of attitudes and interpreting and evaluating the responses, (2) To find out if this kind of vocational program supplements the student's vocational development, and (3) To evaluate and interpret the results of the survey.

Methodology: The survey will be taken from the 600 students who participated in the Career Development Institute, their parents, and the students' high schools. Collection method will be by survey. The data from the survey will be interpreted through charts and summaries of the information gathered. Dissemination will be in report form if the results are positive. The Career Development Institute may be a method used to assist in the career development of vocational students. If the results are negative, other methods must be devised to assist students in their vocational development. Federal funds total $2,700.00.

Title: Project Challenge.

Initiator: John C. Stoughton
Institution: Claremont School District, New Hampshire
Sponsor: New Hampshire Dept. of Education, Concord
Duration: July 1, 1974 to June 30, 1975
Objectives: (1) To initiate a search to identify all experiential learning programs including those programs stressing career exploration and vocational preparation, and (2) To review all materials from search in order to identify components which could be utilized in the development of our program.

Methodology: Provide training in the methodology of experiential learning to a minimum of 10 new faculty members and to provide additional training for instructors already involved in Project Challenge. Staff training will be accomplished by sending current staff members to Outward Bound and Appalachian Mountain Club Programs. Staff training for faculty and citizens will be accomplished by current P. C. staff and consultants. Staff training will occur throughout the duration of the grant. Federal funds total $4,000.00.

Title: Work Samples Vocational Evaluation System to Aid the COPE PROJECT - Employment for High School Seniors and/or Leavers.

Initiator: Carl H. Helms
Institution: Biddeford School Department, Maine
Sponsor: Maine State Dept. of Educational and Cultural Services, Augusta
Duration: December 1, 1974 to June 30, 1975

Objectives: (1) To supplement the educational component of the COPE project by using a "hands-on" work sampling vocational evaluation system (Singer/Graflex System and additional samples produced locally) to assist high school seniors and leavers with vocational preferences, and (2) To provide knowledge on a student's interests, abilities, attitudes, motivation and other important "work readiness" indices which permits the career facilitator or employment counselor to cope with questions raised by employers concerning the skill potential and job stability of a student having little or no work history.

Methodology: Seniors and leavers will be scheduled to perform a number of the work samples under the direction and observation of an evaluator. The evaluator and all the work samples and spare supplies will permanently occupy a room of suitable size within the Biddeford High School - Area Vocational School buildings complex. The specific work samples for an individual will be chosen upon recommendations by guidance counselors, teacher, the Career Facilitator, results of other aptitude and interest tests, as well as stated choices of the student. Federal funds total $5,000.00.

Title: A Basic Mathematics Skills Laboratory Program for Adults.

Initiator: Richard Spangler
Institution: Tacoma Community College
Sponsor: Washington State Office of Economic Opportunity, Olympia
Duration: September 1974 to October 1975

Objectives: To plan and develop an individualized program in basic mathematical concepts and skills for disadvantaged youths and adults at the Tacoma Community College Mathematics Laboratory, which in turn will increase the number of individuals served from 0 to 20-18 per instructional quarter by October 15, 1975.

Methodology: The proposed project involves: (1) acquisition of the needed learning kits; (2) preparation of programmed instructional sequences, for individualized use (i.e., step-by-step printed instructions that the learner uses to guide and evaluate his learning); (3) actual use of the prepared materials and the kits with selected disadvantaged individuals to evaluate their effectiveness and to make corrective adjustments in the prepared material; and (4) dissemination of the prepared program to interested institutions in the state of Washington and demonstrations on how to administer the program, on request. The Math Lab facilities to be used in the project may be briefly described as follows: A standard classroom (26' x 24'), adjacent to the
present lab facilities, will be used. The physical arrangement will include two conference rooms (each 10' x 12'), carpeting, various sized tables, and carrells (both wet and dry). Federal funds total $3,482.00.

Title: Achieving Career Awareness.
Initiator: Mary A. Beattie
Institution: Boothbay Region High School, Boothbay Harbor, Maine
Sponsor: Maine State Dept. of Educational and Cultural Services, Augusta
Duration: January 22, 1975 to May 14, 1975
Objectives: (1) To increase students' knowledge of careers in general, (2) To increase students' knowledge of careers within a 100 mile radius of Boothbay Region High School, (3) To increase students' self perceptions, (4) To familiarize students with Holland's six classifications, and (5) To familiarize students with occupational literature: "Occupational Outlook Handbook," "Dictionary of Occupational Titles."
Methodology: To help student's know themselves and their areas of interest better, Holland's "Self-Directed Search" will be administered to all students who so desire. After the interest inventory has been administered and explained, the class will discuss more fully Holland's six classifications. With the cooperation of the guidance counselor, Oral Interpretation (from Jan. 1974-June 1975) will be limited to fifteen students. The class will select fifteen occupations within the Augusta, Bath, Brunswick, Portland area that they wish to explore. Each student will be responsible for contacting one of these areas of employment. He/She will explain our purpose and attempt to obtain permission to visit an area of employment. Federal funds total $1,278.00.

Title: Training Licensed Psychiatric Technical Nurses at a Typical Arkansas Vocational Technical School.
Initiator: Charles Wear
Institution: Petit-Jean Vocational Technical School, Morrilton, Arkansas
Sponsor: Arkansas State Dept. of Labor, Little Rock
Duration: January 20, 1975 to January 19, 1976
Objectives: (1) To demonstrate that the number of licensed mental health workers can be increased in a specific geographical area of Arkansas, (2) To demonstrate that LPNs can be trained to become LPTNs in a vocational-technical school environment, (3) To design a curriculum for training LPNs to become LPTNs, (4) To demonstrate the feasibility of utilizing local mental health facilities for clinical experience, and (5) To investigate the impact of the program on the mental health services of a local community.
Methodology: The Petit-Jean Vocational Technical School located at Morrilton has been selected to demonstrate this proposal. This school is typical of the other vocational-technical schools located in Arkansas. The mental health facilities located within a fifty mile radius of the school are considered typical of those found elsewhere in the state. The Children's Colony at Conway, two general hospitals with psychiatric patients, the local mental health agency, and two long term care facilities are available for local clinical experience. Other nearby mental health agencies are located in Little Rock. The school's practical nurse facilities are considered adequate to support the program. Two classes of six months duration will be conducted consisting of eight students each. As soon as the first class is completed, the second will begin. Federal funds total $16,671.00.

Title: Specialized Career Guidance for Dropouts.
Initiator: Floyd Winegar
Institution: Yakima School District No. 7
Sponsor: Washington State Office of Economic Opportunity, Olympia
Duration: August 1, 1974 to June 30, 1975

Objectives: To increase the number of high school dropouts to return to school, or enter other alternative educational programs or to become employed. This to be accomplished through the special contact of a dropout coordinator to effect satisfactory decision making on the part of at least 50 percent of students contacted.

Methodology: A coordinator will be employed whose responsibility would be to contact at least 400 potential or actual school dropouts from seven of the high schools in the Upper Yakima Valley Vocational Cooperative. He will be responsible to contact the counselors in the individual schools receiving names, phone numbers, addresses of the students involved and then to make the follow-up contacts. Neither is this contact with students and parents to be considered a "one shot deal." It is assumed that the coordinator will have many contacts with the same student and family as the students future vocational experiences are discussed. Since the project involves many and continuous contacts with student and others significant to him, the evaluator would develop either a Q-Sort technique of evaluation or a personal interview approach with the previously affected individuals. Federal funds total $12,300.00.

Title: Project REPRO

Initiator: Albert Jacobson
Institution: Edmonds Community College, Lynnwood, Washington
Sponsor: Washington State Office of Economic Opportunity, Olympia
Duration: September 1974 to June 1975

Objectives: To train 10 developmentally disabled non-readers in the operational, survival and work adjustment skills they will need to function as copy machine operators to a level where they will be considered feasible for placement on jobs in the community at going wages by DVR counsellors.

Methodology: The program will consist of repetitive instruction at a ratio of 1:1 or 1:2. The operations will be set up in a sequence of ascending difficulty and taught by repetition. Video tapes will be made and used in the teaching of duplicating machine collator and cycle operation. Visitation of other existing programs; writing and dissemination of trainee selection specifications to outside agencies; and evaluation and recruitment of first two trainees. Orientation of staff and trainees. Federal funds total $25,000.00.

Title: Wildlife Conservation and Recreation Curriculum Guide

Initiator: George Fisher
Institution: Selkirk High School, Ione, Washington
Sponsor: Washington State Office of Economic Opportunity, Olympia
Duration: September 1, 1974 to June 30, 1975

Objectives: To develop a wildlife conservation and recreation curriculum guide at Selkirk High School from the current 4 page curriculum guide to a 400-500 page highly transportable comprehensive curriculum guide suitable for statewide application by July 1975, at the cost of $13,900 federal fund and $8,925 of local funds.

Methodology: An 80-acre outdoor classroom will serve as a demonstration center to assist in the development of a comprehensive curriculum guide. Students enrolled in the districts wildlife conservation and outdoor recreation will assist in the selection of materials for lessons, lab skills, and demonstrations by field testing the materials to be implemented in the curriculum guide at the 80-acre site. The curriculum guide will be structured to include problem solving, learning by doing activities that encourage student participation in data collection, obtaining resource information, research work and lab skills, performing problems. Information on job opportunities and careers will be explored within the area of wildlife.
conservation and outdoor recreation fields. Federal funds total $13,900.00.

Title: Recreational Area Management and Program Development.
Initiator: William J. Penhallegon
Institution: Wenatchee Valley College, Washington
Sponsor: Washington State Office of Economic Opportunity, Olympia
Duration: September, 1974 to June, 1975
Objectives: To increase the management student enrollment and program from the current eight students to between twenty and thirty students during the 1974-75 school year at a total cost of $39,408 in cooperation with another state agency and private industry. Forty additional ski instruction students will also be a part of the program.
Methodology: In cooperation with the Washington State Department of Parks and Recreation, and the Mission Ridge Ski Resort, Wenatchee Valley College will lease Squilchuck State Park, provide specifications for the renovation of the present chalet, replace antiquated ski lift motors and rope tows, provide the personnel necessary to supervise and coordinate the education program in management skills, and provide the personnel to supervise and instruct the ski lessons for students. The program will be evaluated weekly by personnel from each of the three participating agencies. The program will be new so there will be no base of comparison except as to the progress of the students in management and ski instruction. The students will be rotated within the program through the Mission Ridge and Squilchuck operation so as to learn the management and instruction necessary to operate in the recreational field. Federal funds total $17,350.00.

Title: Development of an Instrument for Prescribing Compensatory Education for Vocational Technical Trainees.
Initiator: Robert C. Roberts
Institution: Renton Vocational Technical Institute
Sponsor: Washington State Office of Economic Opportunity, Olympia
Duration: September 1, 1974 to June 30, 1975
Objectives: To increase the percentage of students who successfully complete vocational training programs as a result of the development and implementation of pre-entry criterion-referenced tests and remedial education programs which are based on such tests at Renton Vocational Technical Institute from the current estimate of no students tested per selected class to all potential enrollees per selected class by June 30, 1975.
Methodology: To permit remediation of specific skill deficiencies related to vocational training areas, a series of pre-entry criterion-referenced tests will be developed. Each test will be comprised of items assessing verbal and numerical competencies which are identified as prerequisites to successful training in the selected vocational areas. Use of the developed tests with all potential enrollees in each of the training areas will permit identification of those students demonstrating severe weaknesses in the basic competencies. Prescription of subsequent remedial education from the matrix of verbal-numerical competencies will insure that persons enrolled in compensatory instruction will only be expected to learn required skills-concepts. Federal funds total $21,818.00.

Title: Comparison of Three Media Presentations of Selected Home Economics Related Occupations.
Initiator: Doris E. Manning
Institution: Home Economics Education, University of Arizona, Tucson
Sponsor: Arizona Office of the Superintendent of Public Instruction, Phoenix
Duration: September 3, 1974 to June 15, 1975
Objectives: To develop three media
approaches - audio tape presentation, slide-tape presentation and career capsule -- of four home economics related careers will have been compared in terms of cost of production and distribution, student cognitive and affective development as measured by post test scores, and teacher acceptance as measured by teacher ratings.

Methodology: Intact classes in urban and rural schools will be used for this study. Therefore, rotation design has been selected to test the variables under consideration. In this design each group of students will be exposed to each media approach at different times during the experiment. Since all approaches are used with all groups, the results obtained for each approach cannot be attributed to pre-experimental differences in the groups. Federal funds total $4,998.00.

Title: A Questionnaire to Determine the Adequacy of Vocational Information at Camelback High School as Perceived by 1974 Graduates.

Initiator: Donald D. Covey
Institution: Camelback High School, Phoenix, Arizona
Sponsor: Arizona Office of the Superintendent of Public Instruction, Phoenix
Duration: November 4, 1974 to December 6, 1974

Objectives: To develop and field test with a group of present seniors, and modify accordingly a questionnaire designed to assess: areas of vocational and career information that students utilized, areas of vocational and career information that students perceived as adequate or inadequate to be compared with the school's perceptions, and whether the school's vocational and career information had any effect upon graduates' choices of jobs, non-academic schooling, or college majors.

Methodology: The Project Coordinator will review the preliminary questionnaire with counselors, teachers and administrators at Camelback High School to obtain suggestions for improvement. The Project Coordinator will administer the questionnaire to approximately 20 seniors and will determine the instrument's clarity via the senior's comments; revisions will be made accordingly, thus providing face validity. The Project Coordinator and a clerical person will insure that the questionnaire and letter of introduction are printed, that the envelopes are accurately prepared, and that the mailing is completed. The succeeding will be formally presented in Research Report written by the Project Coordinator and disseminated to system and unit level administrators in the Phoenix Union High School System, officials in the Arizona Research Coordinating Unit, and Department Chairmen and Campus Committee members at Camelback High School. The administration of Camelback High School will formulate plans for utilizing the study's findings in providing adequate career and vocational information opportunities for Camelback students. Federal funds total $500.00.

Title: I Will.

Initiator: Jerry Beets
Institution: Monument Valley High School, Kayenta, Arizona
Sponsor: Arizona State Office of the Superintendent of Public Instruction, Phoenix
Duration: September 15, 1974 to May 16, 1975

Objectives: (1) Ninety percent of the students will develop a self-reliance and the mechanics of problem solving through planned action steps (goal setting) by the end of the school year, (2) All students will explore career interests and develop personal plans for entrance and achievement, and (3) 15 copies of project results will be forwarded to State Dept. of Education c/o Beverly Wheeler and 2 copies will be sent to surrounding high schools for comments and considerations.

Methodology: Students will be pretested to determine their level of proficiency in problem solving and attitude. They
will be posttested at the end of the program to determine growth. Students will listen to and read prepared materials designed to stimulate interest, thought and action. Students will work on written materials encompassing: self-inventory, determining interests, relation of additional education and goal setting. (Goal setting to be broken down into small attainable steps leading to larger goal success. Use of affirmations, progress to date, time-lining and aids to visualization to be included.) Students will use the library career and motivation materials resource personnel and hands-on experience to broaden and explore career interests. Federal funds total $500.00.

Title: Mini-grant Program for Curriculum Research and Innovation.
Initiator: Charles G. Richardson
Institution: Western Wisconsin Technical Institute, La Crosse, Wisconsin
Sponsor: Wisconsin Board of Vocational, Technical and Adult Education, Madison
Duration: July, 1974 to June, 1975

Objectives: (1) To provide a means by which the district, under the guidance of the Research Coordinating Unit, can award mini-grants to staff during the 1974-75 fiscal year for the purpose of development and testing individualized instruction materials, and (2) To increase faculty participation in the curriculum development process through mini-grants, to bring all curriculum development efforts under one project, to improve coordination, and to insure continuity in curriculum development efforts.

Methodology: Staff members will be encouraged to submit proposals for mini-grants to be conducted during the 1974-75 fiscal year. These projects will be designed for the development and testing of various curriculum materials, concepts, and techniques. A committee consisting of the appropriate division chairmen, the Administration of Research and Planning, and the Administrator of School Services or his designate will review all mini-grant proposals. Those proposals which are deemed worthy of funding by the local committee will be forwarded to the Research Coordinating Unit of the Wisconsin Board of Vocational, Technical and Adult Education for their review. Upon review by the RCU, the mini-grant proposals will be submitted to the District Director for his approval. All curriculum development work carried out under the mini-grant proposals will be under the direct supervision of the curriculum coordinator and appropriate chairmen. Federal funds total $2,000.00.

Title: Architectural Barriers in Wisconsin's VTAE System and the Handicapped.
Initiator: Orville Nelson
Institution: University of Wisconsin-Stout, Menomonie
Sponsor: Wisconsin Dept. of Local Offices and Development, Madison
Duration: January 1, 1975 to June 30, 1975

Objectives: To determine what architectural barriers, including fixed equipment, presently exist to handicapped persons in the State of Wisconsin's Vocational, Technical and Adult Education system's institutions, and their subsequent system-wide implications for future educational planning for the handicapped person.

Methodology: (1) Develop a checklist to determine architectural barriers based upon the American Institute of Architects recommendations and complete one checklist for all VTAE district campuses. (2) Determine the presently existing architectural barriers for each VTAE district campus. A sample architectural barrier would include building entrances and exits, elevators (if a multi-story building, fire escapes, restroom facilities, interior doors, ramps, and corridors. (3) Determine the existing architectural and equipment barriers in classrooms,
laboratories, learning centers, media resource centers, food service areas, and recreation areas in each VTAE district campus, and (4) Develop a checklist/rating scale which can be utilized to determine the campus modifications required to offer programs for persons with mobility limitations. Title: Interaction Analysis in the Simulated Teaching Situation Vs. the Student Teaching Situation

Initiator: Bob R. Stewart
Institution: University of Missouri-Columbia, College of Education, Dept. of PAVTE
Sponsor: Missouri State Board of Education, Jefferson City
Duration: February 1, 1975 to July 31, 1975

Objectives: (1) To develop a unit on interaction analysis and teaching to be included as a part of the preservice program for teachers of Vocational Agriculture. (2) To review the interaction analysis systems available and select the one which is most adaptable to this project. (3) To determine the best system of tabulating, presenting, and maintaining uniformity of the information coded for each teacher. (4) To measure with a pre-test and post-test the improvement in teaching skills obtained from a series of simulated teaching situations.

Methodology: A unit on interaction analysis and teaching will be included as a part of the preservice training program. The unit will include training in interaction analysis and student-centered (indirect) teaching skills. The various interaction analysis systems available will be reviewed and the most appropriate system selected. The people who are to tabulate the simulated teaching sessions will be trained to use the system that has been selected. Each student teacher will conduct a series of simulated teaching sessions that will be video-taped, and the interaction that occurs will be tabulated and analyzed. Federal funds total $675.00.

Sponsor: Rhode Island State Dept. of Education, Providence
Duration: January 1975 to June 1975

Objectives: (1) The student will be able to demonstrate the ability to operate a stove safely and efficiently, (2) When presented with various kitchen tools and utensils, the student will be able to name each utensil, describe its use, and demonstrate its safe operation, (3) The student will be able to follow a simple recipe and prepare a simple meal,
(4) The student will be able to identify four basic food groups, and (5) The students will be able to select foods from basic food groups to plan a well-balanced meal.

Methodology: Three classroom teachers, one of whom has a degree in Home Economics. Parent volunteers will also be involved in this project with a representative group of parents acting as an advisory board. Project group will meet once a week on Friday afternoons for 90 minutes. Project will run for twenty weeks. The first session will be a general overview. The last session will be culminating activity—a display of accomplishments for parents and school population via a fashion show, display of woodworking projects, serving of student prepared meal. Federal funds total $3,236.35.

Title: Let's Put Science to Work.

Initiator: Anne LaFrance
Institution: Lincoln School Dept.
Sponsor: Rhode Island State Dept. of Education, Providence
Duration: January, 1975 to June 1975

Objectives: (1) The students will evaluate their present knowledge concerning the science related career clusters at the beginning of the program by means of a teacher-made test, (2) The students will relate science activities to specific work activities (in testing blood—related to a hemotologist or lab technician), (3) The students will prepare a questionnaire to use to interview persons working in specific career cluster jobs, and (4) The students under the direction of the teachers will plan to spend a day at work with a person employed in a career of their choice.

Methodology: Each science teacher will contribute questions to compile a teacher-made test for each student to evaluate at the beginning and end of the program. The questions will be specifically concerned with the science areas covered by each teacher with its related career education clusters. The teachers' activity list will be compiled and made available at the beginning of each six-week segment. The students will perform the activities and compile a list of jobs which are associated with the activities. They will research each job so as to have a job description for each which will be put into a folder and submitted for the teacher's evaluation. Federal funds total $3,202.38.

Title: Statewide Mathematics Assessment of 17 Year Olds.

Initiator: Ivan Ludeman
Institution: Richfield Public Schools, Minnesota
Sponsor: Minnesota State Office of Economic Opportunity, St. Paul
Duration: January 1, 1975 to December 31, 1975

Objectives: (1) To determine the level of performance of students in Minnesota in the cognitive, affective, and psychomotor domains, (2) To identify the variables which account for the variation in student performance, (3) To report the results to education decisionmakers, and (4) To report the extent to which progress was being made over time toward improving student performance.

Methodology: Student questionnaires and exercise booklets are being developed by mathematics teachers and teacher educators. The mathematics items were field tested by approximately 500 thirteen-year-old students during the Spring of 1974. Field testing of the surveys for nine-year-old and seventeen-year-old students will be conducted in the Fall of 1975. School building questionnaires will be completed by the principal of each building selected for the study. Federal funds total $7,500.00.

Title: Preparation of a Vocational Career Guide for Connecticut.
Initiator: Norman H. Spear
Institution: University Research Institute of Connecticut, Inc., Wallingford, Connecticut
Sponsor: Connecticut State Board of Education, Division of Vocational Education, Hartford
Duration: January 1975 to July 1975

Objectives: To prepare and have published an updated Vocational Career Guide for Connecticut for the Connecticut Department of Education which will provide current data and information on vocational schools in Connecticut and their programs as a comprehensive directory for use by guidance counselors, potential vocational students and others.

Methodology: To develop a comprehensive list of Connecticut schools engaged in vocational education, (1) Any school, public or private offering one or more programs of instruction designed to qualify individuals for positions which require special training, or for gainful employment as a result of such instruction or training, (2) Such programs are to be below the baccalaureate level and usually above the high school level, (3) Correspondence schools meeting this description and which are based in Connecticut should be included. To develop a vocational school questionnaire designed to obtain pertinent school information viz: identity, program content or curriculum. Federal funds total $19,255.00.

Title: Post-Secondary Agri-Business Learning Activity Audio-Visual Development.
Initiator: Len Larshus
Institution: Bismarck Junior College
Sponsor: North Dakota Office of Economic Opportunity, Bismarck
Duration: January 1975 to June 1975

Objectives: To develop 10 sets of 10 to 15 slides with a script recorded on a cassette tape. The intent of the slides and recorded script is to increase the effectiveness and usefulness of the individual job sheets.

Methodology: The first step of this project will be the selection of 10 of the 21 individual job sheets for which slides and tapes will be developed. This will be done at a November meeting to be called by Norbert Mayer, Assistant State Supervisor of Agricultural Education. At this same meeting instructors will be assigned the job sheets for which they are to develop audio visual aids. Following the November meeting instructors will be provided with 35mm Kodachrome film for the taking of pictures. The exposed film will be returned to the project coordinator at BJC for developing. After the slides have been developed they will be returned to the instructors and they will select those which are most usable for the slide sets. After the 10 to 15 slides have been selected to make up the set, a script will be written and recorded on a cassette tape. Following
the final selection of the slides, and recording of the scripts, duplicate copies will be developed and made ready for distribution. Federal funds total $920.00.

Title: A Feasibility Study for Vocational-Technical Education for the Concho Valley Area.

Initiator: J. Noland Harvey
Institution: Angelo State University, San Angelo, Texas
Sponsor: Texas Education Agency, Austin
Duration: January 1, 1975 to June 30, 1975

Objectives: To determine the categories and magnitude of need for post-secondary vocational-technical programs in the region, and to determine the resources available and required to develop programs to meet the needs.

Methodology: The project staff will focus on a variety of survey and related instrument development activities in three areas: (1) educational needs survey, (2) employment needs survey, and (3) training and educational resources survey. The survey procedures are designed to effectively use the survey efforts and assistance of supporting regional organizations. Data processing and analysis procedures will be used to develop valid findings and conclusions. Federal funds total $13,244.00.

Title: The Development of Individualized Supportive Services for Physically and Sensorially Limited Adults At A Post-Secondary Area Vocational School.

Initiator: Ruby F. McClanahan
Institution: McLennan Community College
Sponsor: Texas Education Agency, Austin
Duration: January 5, 1975 to June 30, 1975

Objectives: A coordinated program of supportive services will be researched, developed and provided on an individualized basis to physically and sensorially limited adults in order that they may explore and successfully pursue occupationally-oriented training/educational programs.

Methodology: The scope of individualized services required and available will be researched via literature, local, state and federal agencies and on-site visitations. Potential recipients of these services will be identified and recruited. Requisite services will be developed and implemented. Physical and psychological barriers will be identified and minimized. Needed and feasible legislation/policy changes will be identified and encouraged that would increase the level/scope of supportive services. Services developed will be shared with other community/area agencies when feasible. Information, experience and materials developed will be shared with any interested agency/individual. Fiscal support will be identified and developed during the project so that the program can be continued and further developed without interruption. Federal funds total $14,317.00.

Title: Third-Party Evaluation of the C/E Program in Manatee County.

Initiator: Raymond Lee
Institution: Manatee County, Bradenton, Florida
Sponsor: Florida State Dept. of Education, Tallahassee
Duration: July 1, 1974 to June 30, 1975

Objectives: To clarify the procedures to be used in achieving the objectives of the project, and to periodically collect and analyze data related to the effectiveness of the procedures at prescribed points in time.

Methodology: The product evaluation has as its purpose to determine the degree to which the objectives of the project were obtained in terms of student behavior. The Project Evaluator will have the responsibility for identifying instruments to be used to measure the attainment of student objectives in grades K-9. The objectives have already been accepted by the Project
Director. The Project Evaluator will have the responsibility for planning the test administration and analyzing the results. County personnel will have responsibility for test administration. Federal funds total $6,000.00.

Title: Survey of LOOM Needs by District Schools.

Initiator: Ernest Berger
Institution: Florida State University, Tallahassee
Sponsor: Florida State Dept. of Education, Tallahassee
Duration: June 1974 to June 1975

Objectives: To conduct such a market research in all of Florida's 67 school districts for the purpose of determining their potential need and/or desire for LOOM instructional materials, processes, and workshops.

Methodology: The first month would involve the design of a market research (mailing type) instrument designed around the LOOM product. This instrument would be field tested in Leon County and revised as necessary. The second month would involve the mailing of the test instrument to the 67 county superintendents as well as preparation for the reception, codification, reduction, and analysis of the collected data. The third month would involve the detailed analysis of raw data as well as the design and small group test of an evaluation instrument for product utilization. Findings would be communicated to the Director, Vocational, Technical, and Adult Division and a new proposal developed based on the indicated survey results. Federal funds total $15,000.00.

Title: To Continue the Reproduction and Diffusion of LOOM Throughout the State.

Initiator: Ernest Berger
Institution: Florida State University, Tallahassee
Sponsor: Florida State Dept. of Education, Tallahassee
Duration: October 1974 to June 1975

Objectives: The purpose of this proposed project is to request support for: (1) the establishment of a centralized procurement, dissemination and reimbursement system for supplying LOOM instructional materials and evaluation instruments to requesting school districts at cost, (2) conducting in-service LOOM workshops for the school districts on a state-wide basis as well as establishing a centrally located pilot "LOOM Demonstration Center", (3) Continued assistance to school districts as well as continued product improvement within allowable time frame.

Methodology: During this entire period support to the counties will be continued as follows: (1) Designing and conducting local in-service workshops at those locations unable to take advantage of the "LOOM Demonstration Center," (2) Assist counties with the "Teacher Referenced Evaluation System for Career Education" as requested, (3) Scheduling and coordinating the loan of kits and slide sets for review by county groups interested in reproducing them, (4) Scheduling the loan of LOOM's slide/tape presentation and other workshop materials for presentations at various professional meetings, and (5) Answer inquiries for additional information about LOOM from teachers as well as Career Education Directors and/or Coordinators. Federal funds total $61,000.00.

Title: Evaluation of Career Education Projects in Leon and Manatee Schools.

Initiator: Hobdy Perkins
Institution: University of West Florida, Pensacola, Florida
Sponsor: Florida State Dept. of Education, Tallahassee
Duration: October 1974 to June 1975

Objectives: (1) To acquire more knowledge about careers, (2) To develop greater perceptivity of self and a more positive self-image, (3) To develop a greater ability to comprehend value judgements and value clarification, (4) To demonstrate more positive attitudes toward the world of work, and (5) To develop and acquire more decision-making skills.
Methodology: The University of West Florida will design the evaluation model, process the data and write the final report, on both aspects of the evaluation, that is, "process" and "product." More specifically, procedures with regard to conduct of the evaluation will be as follows:
Process - The process section of the final report will consist of one or more pages per component and will be based on information contained in an updated "Description of the Development of the Leon District Career Education Program," dated May, 1974, prepared by the Leon District personnel; an interim report of the project dated August 1974, developed by U.W.F. personnel; monthly reports of the Leon District project staff and such other documentation as may, with reliability, bear upon process and procedures in the development of the Career Education Project.
Product - This section will be developed from data collected in the six project schools and the matching, non-project schools. These data will consist of both demographic information and measures of achievement and attitudes relative to the concepts and elements in the career education program. Federal funds total $13,286.00.

Title: Guide to Elementary Guidance and Career Education, and Development of In-Service Package for Implementation.
Initiator: Robert Lathrop
Institution: Florida State University
Sponsor: Florida State Dept. of Education, Tallahassee
Duration: January 1975 to June 1975
Objectives: (1) To design the visual format and provide for the coordination of production and mass reproduction of 5000 copies of the Guide to Elementary Guidance and Career Education developed at Florida State University. (2) To design and execute production of 50 In-Service Multi-Media Packages to insure the effective dissemination and diffusion of the concepts and activities presented in the Guide to educators throughout the state.
Methodology: Upon completion of the Guide's design and production, mass reproduction will be coordinated through a commercial printer within the state. Florida State University and the University of Florida will then coordinate activities necessary for the development of the Guide's in-service workshop procedures. This will involve the production of the supporting graphics and media necessary for the workshops which will consist of the design, production and mass reproduction of 50 copies of a five to six minute advance organizer slide-tape presentation for the workshop participants. Activity modules, in addition to guidance charts and posters will also be designed and produced to provide visual support for the workshops. Federal funds total $14,900.00.

Title: To Assist in the Diffusion of Elementary Counselor Career Education Materials to Teachers and Counselors Throughout Florida.
Initiator: Ellen Amatea
Institution: University of Florida, Gainesville
Sponsor: Florida State Dept. of Education, Tallahassee
Duration: January 1975 to June 1975
Objectives: (1) To assist in the preparation of the guidance sourcebook for printing in quantity of 5000, (2) Specify the necessary information, skills, and attitudes about the product (guidance sourcebook), (3) Develop a sequence of training activities, resources and information, (4) Package this sequence of training activities and resources into a trainer's guide, and (5) Select a team of key leaders from each school district who will participate in a training workshop.
Methodology: The project will involve two major types of activities: (1) those activities which relate to the development of dissemination and training procedures for installing the product, the elementary career
guidance sourcebook, at the local school district level; (2) those activities which relate to the actual initiation and monitoring of the training/dissemination process through a series of regionally-based training workshops. Federal funds total $13,600.00.

Title: Utilization of Supervised Occupational Experience Program Manual.
Initiator: Theodore F. Renner
Institution: Dickinson Area Vocational High School, North Dakota
Sponsor: North Dakota Office of Economic Opportunity, Bismarck
Duration: November 1, 1974 to June 1, 1975

Objectives: To find out whether other school districts in the state can use and benefit from this type of manual and to solicit their reaction to this approach.
Methodology: The schools would then be sent sufficient manuals so that distribution could be made to all students in their programs. The basic request of this grant is for funds to print a sufficient quantity of manuals so the instrument can be field tested. The participating schools (as well as our own) will be requested to present a written evaluation of their experience with the manual and to make recommendations as to its usefulness, changes that should be considered and/or improvements that should be made. A summary of these evaluations will be made and forwarded to the State Board for Vocational Education's RCU and Agri-Business and Natural Resources Supervisor. From these evaluations the above supervisor can determine the value of such an instrument and can plan its development, production and distribution accordingly. Federal funds total $540.00.

Title: Occupational Education, Occupational Student Attrition Study.
Initiator: James C. Scott
Institution: Highline Community College, Burien, Washington

Sponsor: Washington State Dept. of Public Instruction, Olympia
Duration: December 1974 to June 1975

Objectives: To identify students who declared a specific occupational preparatory major fall or winter quarter but did not continue in that program the following quarter, and to document the reason for not continuing.
Methodology: Fall quarter 1973 Highline Community College enrolled 8,769 different students. Of this number, 1,986 were identified as being enrolled in preparatory occupational programs. Winter quarter registration figures showed that 1,446 students indicated they were enrolled in preparatory occupational programs. However, of the 1,446 winter registrants, only 885 continued on from fall quarter. The remaining 961 winter quarter majors were new names. The problem of accurately identifying preparatory majors was further demonstrated by the fact that 325 students were identified fall quarter as having sophomore standing. However, at spring quarter commencement the College granted 326 occupational students Associate of Applied Science degrees. Federal funds total $2,872.00.

Title: Designing Data Gathering Instruments for Vocational Educators.
Initiator: Donald C. Orlich and Patricia Clark
Institution: Washington State University, Pullman
Sponsor: Washington State Coordinating Council for Occupational Education, Olympia
Duration: September 1974 to July 1975

Objectives: To develop and pilot test a vocational teacher-oriented manual on how to design, construct, administer and tabulate data gathering instruments. Or, . . . to provide 100% of all vocational and career educators who now have no data gathering manual with such a manual by the fall semester of 1975 at a cost of $20,165.00.
Methodology: The procedures by which the project objectives will be accomplished may be categorized into six phases: (1) review of literature
by which to infer principles of instrument (questionnaire) construction; (2) preparation of models showing construction, design, and learner instructional sets for practice; (3) tabulation techniques; (4) pilot testing of the product; (5) revision based on pilot testing and preparation of final product; and (6) formative and summative evaluation of the project. Each phase is amplified below. Federal funds total $12,938.00.

Title: To Meet Third Party Career Education Evaluation Guidelines as Specified by USOE.
Initiator: C. A. Bellum
Institution: Sarasota County School Board, Florida
Sponsor: Florida State Dept. of Education, Tallahassee
Duration: October, 1974 to June, 1975
Objectives: (1) To increase positive attitudes about themselves, the school in which they learn, and the world in which they live; (2) to increase knowledge of the world of work and specific occupations; and (3) the abilities and habits necessary to succeed in the world of work.
Methodology: From this purpose, goals were identified which are directed toward achieving this purpose. General objectives then were developed for reaching each of the goals. Finally, specific performance objectives were developed. The performance objectives indicate what students must demonstrate in order for the project to achieve its general objectives, and, consequently, its goals and purpose. To fulfill this end, the performance objectives must be statements of specific, observable, measurable behavior. Federal funds total $6,400.00.

Title: Employment of a Technical Coordinator at FAMU, To Provide Assistance and Direction to the Development of V-TECS Catalogs of Objectives and Criterion-Reference Measures Being Conducted in Universities and Other Institutions
Throughout the State.
Initiator: Paul Mohr
Institution: Florida A&M University, Tallahassee, Florida
Sponsor: Florida State Dept. of Education, Tallahassee
Duration: October, 1974 to June, 1975
Objectives: (1) Development of task statement booklets by a domain of job titles, (2) Selection of a representative random sample of incumbent workers within the state which is developing the catalog, (3) Administration of the task statement booklets to the incumbent worker sample, (4) Computerized analysis of information collected from the sample in terms of time spent on tasks, difficulty of tasks, etc., (5) Conversion of the task statements into performance objectives with companion criterion-referenced measures.
Methodology: (1) Monitor projects developing catalogs of performance objectives and criterion-referenced measures in accordance with the Memorandum of Agreement; (2) Serve as a resource person for project personnel within the State during Domain Study activities; (3) Review all reports and products developed within the State to assure that quality criteria have been met; (4) Supervise the survey of incumbent workers in the State to assist in obtaining adequate responses to the task list booklet; and (5) Serve as a resource person for the interpretation of task analysis data to personnel within the State. Federal funds total $19,500.00.

Title: Allocate Additional Resources to VTAE Project D4-002 Automotive 3ody Repair Assessment.
Initiator: Paul Mohr
Institution: Florida A&M University, Tallahassee, Florida
Sponsor: Florida State Dept. of Education, Tallahassee
Duration: January, 1974 to June, 1975
Objectives: To develop performance objectives and criterion-referenced measures in catalog form for occupational
education which give the learner specific tasks to do, based upon what he needs to know to reach minimum levels of proficiency, and ways to get there. 

Methodology: The scope of this project will include the following: (1) To survey the state of the art for assessing automotive body repair competencies, (2) To develop a domain chart for automotive body repair competencies, (3) To produce a catalog of pre-objectives and performance objectives for automotive body repair, (4) To develop criterion-referenced test items for the performance objectives, and (5) To field test objectives and items and make appropriate revisions. Federal funds total $3,000.00.

Title: About Face.

Initiator: John Wilson
Institution: Marshallton-McKean School District, Wilmington, Delaware
Sponsor: Delaware State Dept. of Public Instruction, Dover
Duration: July, 1974 to June, 1975

Objectives: To provide staffing, equipment, materials and supplies for a hands-on career awareness and exploratory program of instruction for elementary students, including disadvantaged and handicapped.

Methodology: The hands-on experience of the About Face program will be provided for the 31 target students on a regularly scheduled basis throughout the entire school term. Our experience of last year indicates that students in all grades, both boys and girls have profited from their experiences in the About Face program and the need to expand it in terms of staffing and materials, so that all students can participate, has been most evident. Federal funds total $13,573.00.

Title: Survey of Minority Businesses and Support Programs.

Initiator: Joshua M. Bursh, II
Institution: Arizona State University, Dept. of Administrative Services, College of Business Administration, Tempe
Sponsor: Arizona State Dept. of Education, Phoenix
Duration: November 1, 1974 to May 30, 1975

Objectives: (1) To determine the needs of minority businessmen in Maricopa County and selected Arizona Indian Reservations as evidenced by the results of a field survey with a 65 percent return, (2) To determine the needs of minority businessmen in Maricopa County, as evidenced by responses to selected items during the field survey, (3) To determine the services from Maricopa County and selected Arizona Indian Reservations, public and private agencies which are available to meet the entrepreneurial needs of minority businessmen.

Methodology: (1) Delineate the total number of minority businessmen in Maricopa County, (2) Develop the instrumentation to conduct the field survey to include input from career education personnel, (3) Select a trained team of field workers to conduct the survey, (4) Conduct a pilot test of the field procedures and instrumentation by doing a sampling of five percent of the minority businessmen in Maricopa County, (5) Revise the field procedures and instrumentation based on the pilot test feedback, (6) Develop a data reduction and analysis plan, (7) Conduct the field survey, (8) Reduce and analyze the data from the field survey, and (9) Develop the final report. Federal funds total $4,491.00.

Title: Increasing Vocational Student Motivation and Retention.

Initiator: Ralph Orr
Institution: Eastern Arizona College, Thatcher, Arizona
Sponsor: Arizona State Dept. of Education, Phoenix
Duration: January 1, 1975 to June 30, 1975

Objectives: To determine if the application of Nightengale Conant...
attitude change packages to low income minority community college students increase their grade point averages and retention rates in college. 

**Methodology:** All full-time second semester vocational students having less than a 2.0 GPA or completing less than 12 semester hours in the fall semester will be counseled to take a small group discussion class. The population for this study will be those students who enroll in one of four sections of the small group discussion class. On the first day of class, two of the four sections of the small group discussion class will be selected at random to be the experimental group. The remaining two sections will be the control group. Federal funds total $1,200.00.

**Title:** Careers in the Home Furnishing Industry: Interior Design.  
**Initiator:** Joy Isley  
**Institution:** Shadow Mountain High School  
**Sponsor:** Arizona State Dept. of Education, Phoenix  
**Duration:** January, 1975 to June, 1975  

**Objectives:** (1) During the school year 1974-1975, 75% of the students enrolled in the Advanced Home Furnishings course will comprehend the Home Furnishings Industry as evidenced by significant gains (at .05) between mean pre-post test scores and a report by each student on the Home Furnishings Industry. (2) During the 1974-1975 school year, 75% of the students in the Advanced Home Furnishings course will demonstrate their knowledge of the profession of Interior Designer as evidenced by defining the requirements, job skills, and certification needed by that profession. (3) During the school year 1974-1975, the hospitality director will provide laboratory learning experiences for students in the Advanced Home Furnishings course to perform, simulating the job duties of an Interior Decorator as evidenced by submission of a design plan for the Hospitality room utilizing the design principles involved.  

**Methodology:** (1) Investigate job opportunities in the Home Furnishings Industry through surveys and readings, (2) Students will research and report on the requirements, job skills, and certification of Interior Designers, (3) Students will interview Interior Designer's using a student-made interview form covering the requirements, job skills, and certification, (4) Students conduct a needs and usage survey of student and faculty groups for a Hospitality Room in a secondary school, and (5) Students identify design principles and apply these to coordinate the interior of the Hospitality Room. Federal funds total $500.00.

**Title:** Small School Alternatives in Vocational Education.  
**Initiator:** Jerry W. Shiveley and Norman J. Sadler  
**Institution:** Tri-District Career and Vocational Education Cooperative  
**Sponsor:** Washington Superintendent of Public Instruction, Olympia  
**Duration:** July 1, 1974 to June 30, 1975  

**Objectives:** To compare the mobile unit, cooperative busing of vocational students between high schools, and community involvement in vocational programs, to determine their feasibility in small rural schools. The 1973-74 school year will be used to "tool up" for the actual operation of the three alternatives i- the 1974-75 school year.  

**Methodology:** The research project will be carried out in Eastern Lewis County in four school districts - Mossyrock, Morton, Onalaska, and White Pass. The results will be evaluated by comparing the cost per student of each program alternative; attitudes of the students, staff, and community; and a comparison of skill development between alternatives and to the regular approach. Federal funds total $51,312.00.

**Title:** "Where Have They Gone and What Have They Done"  
**Initiator:** Charles Wickizer  
**Institution:** Monroe Public Schools, Washington
**Sponsor:** Washington Superintendent of Public Instruction, Olympia

**Duration:** December, 1974 to May, 1975

**Objectives:** To survey, compile, summarize and distribute the results of a graduate follow-up maintained at Monroe High School for the past fifteen years.

**Methodology:** A selection of three capable, upper-level high school students to serve as the survey personnel in the community. Fifteen notebooks with the photos of the graduates for each year in them, plus data collected through the years on them. Each of the three survey personnel would be assigned five of these books, representing five graduating classes. Their job would be to contact as many of the graduates personally as they could locate, or to contact their families or their friends with the project goal to secure up-to-date information on just what these graduates have done since graduation night at Monroe High School. At the same time they would be verifying the data available in the books, as well as adding new. Federal funds total $600.00.

**Title:** Developing Management Horizons for Women.

**Initiator:** Athyleen F. Nicholson and Charles A. Peterson

**Institution:** Puget Sound Institute, Pacific Lutheran University, Tacoma, Washington

**Sponsor:** Washington Superintendent of Public Instruction, Olympia

**Duration:** July 1, 1974 to March 31, 1975

**Objectives:** To meet the demand for non-traditional conferences dealing with advancing women's managerial status and encouraging affirmative action programs at FSCC, BBCC, and CBCC from no existing programs to nine programs to train approximately 300-400 women at FSCC; 200-300 at CBCC; and 40-60 at BBCC for each seminar by January 31, 1975 (contingent on scheduling) at an estimated total cost of $17,724.00.

**Methodology:** To improve the status of women in all occupational areas in Washington State, the sequential seminars on Developing Management Horizons for Women have been scheduled for presentation in the western, central, and eastern regions. Fort Steilacoom Community College, Big Bend Community College and Columbia Basin Community College will present identical programs
in a staggered time sequence. Implementing a mutually agreed upon plan, presenting the same keynoters, sharing on publicity, evaluation, follow-up, etc., reduces cost and provides for uniformity of accomplishment. Federal funds total $4,045.00.

Title: Utilities Lineman and/or Cable Splicer.

Initiator: Wayne Rodgers
Institution: Boise State University
Sponsor: Idaho State Dept. of Education, Boise
Duration: January 1975 to June 1975

Objectives: (1) Graduates will be employable as installers of power lines and distribution systems, cable splicers, and installers of telephone equipment. (2) To duplicate as nearly as possible industry standards using the tools and equipment peculiar to the industry.

Methodology: No other program of this type has been conducted in Idaho. Both large and small utilities companies are interested in this training program. Industry will cooperate by providing training aids, resource people, and use of heavy equipment such as line trucks, bucket truck and other heavy equipment. Employment opportunities for both men and women trained in this field are numerous. Federal funds total $24,700.00.

Title: Women in Vocational Education.
Initiator: Joseph E. Champagne
Institution: Center for Human Resources, University of Houston, Houston, Texas
Sponsor: Texas Education Agency, Austin
Duration: February 1, 1975 to June 30, 1976

Objectives: (1) The development of a model to recruit males and females into vocational programs that have previously been dominated by members of the other sex and to maintain the increase female enrollment in previously male-dominated courses. (2) Improving the image of vocational education, assessing and modifying attitudes, reviewing and modifying instructional methods, providing a problem-solving mechanism for the female students, and informing students about the labor market.

Methodology: The proposed model will be developed through a demonstration project at Sam Houston High School in the Houston Independent School District. Proposed activities will take 17 months beginning February 1, 1975. The spring and summer of 1975 will be devoted to recruitment of students in vocational programs. During the 1975-1976 school year, the progress and problems of the female students in male-dominated programs will be monitored and documented. Extensive counseling will be available to participating students and faculty. Federal funds total $21,665.00.

Title: Career Awareness Materials Program for Special Needs Students.
Initiator: Theodore F. Renner
Institution: Dickinson Public School District #1, North Dakota
Sponsor: North Dakota State Dept. of Public Instruction, Bismarck
Duration: November 1, 1974 to November 1, 1975

Objectives: To develop a slide set of 60 to 70 slides to correspond with a cassette tape. The intent of this slide and tape set will be to develop a 15 to 20 minute presentation that can be used by the state supervisor, industrial arts teachers, and teacher educators in the promotion and development of industrial arts programs in North Dakota.

Methodology: A representative of each teacher-education institution along with the state supervisor will develop the written script for this slide presentation. After this the script will be returned to the project director for the taking of the pictures. The following table will be followed: prepare a written script for the slide set, taking of pictures, review slides taken and select ones to be used in presentation. Develop script on cassette, duplicate sets of slides and cassettes and disseminate. One complete copy of the slide and cassette recording will be given to University of North Dakota, Valley City State College, and the Research Coordinator, State Board for Vocational Education. Two copies of the slide and cassette recording will be given to the State Supervisor of Industrial Arts. Federal funds total $574.00.

Title: Development of a Promotional Unit for Unifying Industrial Arts Ideology.
Initiator: Donald Mugan
Institution: Valley City State College, Valley City, North Dakota
Sponsor: North Dakota State Dept. of Public Instruction, Bismarck
Duration: February 1975 to June 1975

Objectives: To produce career materials that are of a level with which students can identify with and understand so that this target group can have as equal an opportunity at career planning as other students in the system.

Methodology: The project will begin the first day of November with the three staff members selecting 10 of 16 possible job selections as the beginning for material development. An individual job approach will be used in some cases.
and in some cases a total station approach will be used in cases when a station has several low skilled jobs that this type of student might investigate. The list will be based on station availability in the Dickinson community. Besides selecting the jobs to be investigated, a production format is to be drafted, reviewed and finalized. A timeline relative to all aspects of the project is to be firmed up and a reporting procedure relative to the established timeline is to be completed. Federal funds total $1,455.00.

Title: School/Community Career Research Project.
Initiator: Edward Huffman and Ruby Livingstone
Institution: Ferguson Reorganized School District R-2, Missouri
Sponsor: Missouri State Dept. of Education, Jefferson City
Duration: February 3, 1975 to June 20, 1975

Objectives: This Level I Research Project is directed toward furnishing the Ferguson Reorganized School District with: (1) A more precise understanding of the type and levels of skills and concepts needed for entry into various types of careers, (2) A clearer understanding of where students are at various levels in regard to their skills, (3) Precise descriptions of cognitive and affective outcomes of presently existing curriculum as reported by teachers, (4) Capability of analyzing the relationship between student competency levels and teacher cognitive and affective goals, and (5) Ability to define realistic skill competencies for differing career clusters and to describe, for each career cluster, sequentially arranged cognitive and affective objectives.

Methodology: This research project's activities will be organized on the basis of the following sequence:

Stage One: Activities designed to enable us to more clearly define the types of skills and concepts needed in various career clusters. Stage Two: Activities designed to give us more precise information concerning students' skill competencies at various levels. Stage Three: Based on information gained as a result of matching data collected in Stages One and Two, preliminary revision of the existing curriculum will be initiated. Federal funds total $11,403.00.

Title: Life Coping Skills.
Initiator: Peter C. Doran
Institution: University of Maine, Farmington
Sponsor: Maine State Dept. of Educational and Cultural Services, Augusta
Duration: February 7, 1975 to May 31, 1975

Objectives: (1) To develop a clearer understanding of self - their interests, abilities, values, and interpretations of the events in their lives, (2) To exert greater control over their lives through decision-making and planning, (3) To develop personal and interpersonal skills and attitudes essential to success in school and work, (4) To develop skills necessary to gather, process, and act upon information about self in relation to a constantly changing environment, (5) To develop greater respect for others and the work they do, and (6) To see the connection between school and the real world; understand the relationship between what they learn in school and the problems and activities outside the school.

Methodology: The Maine Health Education Resources Utilization Consortium will conduct a five-day institute for the purpose of training individuals to conduct local in-service development sessions through the state. The institute is specifically designed to prepare trainers who will introduce the new Self Incorporated television series and other related in-service programs and materials. Follow-up area workshops will be conducted in the fall for teachers, parents and others in the field.
in the development of appropriate utilization methods for students. The five-day institute will include a materials package, using the affective approach to health education, to provide practical tools for leaders of workshops; television utilization, script writing, and production; preparation and use of instructional media; and identification and evaluation of educational resources in the area of mental health education. Federal funds total $2,500.00.

Title: COPE PROJECT - Employment for High School Seniors and/or Leavers.
Initiator: Carl H. Helms
Institution: Biddeford School Dept., Maine
Sponsor: Maine State Dept. of Educational and Cultural Services, Augusta
Duration: February 15, 1975 to June 30, 1975
Objectives: (1) To supplement the Job Placement component of the COPE Project by quicker and more effective responses to employer requests for job applicants with the students best suited for that type of work. (2) To supplement the Job Development component of the COPE Project with a data system to easily inform students of the employers whose jobs most closely match a student's interests and abilities.
Methodology: Design and purchase a McBee Keysort system of recording students vocational interests, training, limitations and other pertinent information. The same card design will serve as locator cards for employers-recording their types of work, rather than student information. The unique design of holes and notches around the edge of the card enables quick location and separation of cards in any of up to 150 categories. Federal funds total $493.13.

Title: Performance Skills Profiles for Secondary Vocational Education Programs.
Initiator: Paul Aldrich
Institution: Dover School District Supervisory Union District No. 11, Dover, New Hampshire
Sponsor: New Hampshire State Dept. of Education, Concord
Duration: January 1, 1975 to June 30, 1975
Objectives: To provide experience for teachers to translate the occupational analysis into classroom learning through writing instructional objectives for their course.
Methodology: (1) Collecting task analysis and profiles throughout the different states, (2) Evaluating the
material, (3) Meeting with consultants, and (4) Design final task analysis. To develop a performance skills profile by describing in writing sk'il development process in a task analysis format for each occupation selected as part of the cluster - (1) Developing task analysis, (2) Developing student profiles, and (3) Meeting with craft committees. To provide the terminating student with an analysis of his/her skills that were developed both in the classroom and at the job so that the future employer will be able to evaluate the student's potential more effectively. To establish workshop for other staff members that wish to develop their performance skills profile in a particular cluster. Federal funds total $4,300.00.

Title: Job Placement Component.
Initiator: Edwin O. Farhm
Institution: Contoocook Valley Regional High School, Peterborough, New Hampshire
Sponsor: New Hampshire State Dept. of Education, Concord
Duration: January 1, 1975 to June 30, 1975

Objectives: Ensure that all students (including referrals) seeking work be given assistance in obtaining a job which is consistent with one's training and the long range development of the individual.
Methodology: The vocational guidance counselor will assist the co-op work co-ordinator in establishing co-operative relationships with prospective employers, through writing letters, telephone calls, and visitations, with the purpose of informing them of our training programs and services we are providing our students in making job choices consistent with their training. The vocational guidance counselor will assist the co-op co-ordinator in obtaining and posting job vacancies and their specifications for these jobs. In addition, the vocational guidance counselor will assist students in setting up job interviews, preparing work resumes, and personal data sheets. The vocational guidance counselor will send each prospective employer a copy of each recommended candidate's biographical form, student profile sheet, and letter of recommendation. At the end of the school year the vocational guidance counselor will prepare a summary report on the number of students placed, to include the type of position, and vocational program pursued at Con-Val. Federal funds total $900.00.

Title: New Hampshire Needs Assessment Handbook, Phase II.
Initiator: Richard A. Gustafson
Institution: Keene State College, Keene, New Hampshire
Sponsor: New Hampshire State Dept. of Education, Concord
Duration: December 1, 1974 to September 30, 1975

Objectives: (1) To design, develop and produce a supplementary section for the New Hampshire Needs Assessment Handbook for Vocational Education Planning which presents alternative ways of addressing the Needs Assessment activity. (2) To design, develop and produce a usable document which provides instruction and demonstrates case studies in the using of needs assessment data to develop vocational education plans.
Methodology: Using literature review and consultant assistance, a segment addressing different approaches to needs assessment will be published for inclusion in the "New Developments" section of the Needs Assessment Handbook. Using already written proposals, data gathered from use of the Handbook and examples from literature, a document on how to use needs assessment data will be developed. A case study approach, with numerous examples and simulations will be the format. The document will be task oriented and have a "workbook" approach. Federal funds total $5,300.00.

Title: A NEEDS SURVEY: Vocational...
Education Students With Educational Handicaps-Strafford County.

Initiator: Charles D. Dunton
Institution: Strafford Learning Center, Somersworth, New Hampshire
Sponsor: New Hampshire State Dept. of Education, Concord
Duration: January 1975 to June 1975

Objectives: The identification of those students in Strafford County who are participating in vocational training programs whose school achievement is impeded by a learning disability, and who would benefit from corrective measures.

Methodology: During the Project Period, the Program Director will conduct a review of existing data relating to the problem. He will assess whether or not and to what extent existing programs are responding to the needs of students with learning disabilities who are participating in vocational training programs. He will arrange meetings between the two state designated Vocational Training Center Directors for the purpose of coordination and planning. He will oversee the administration of a "needs survey questionnaire" modeled after the N.H.S.D.E. STUDENT SPECIAL SERVICES survey document--to those teachers in Strafford County who teach students as described above. He will arrange meetings with Guidance and Counseling staff members to secure additional input. He will oversee the translation of all resulting data into appropriate documentation to be subsequently shared with agencies and organizations as a tool for planning responsive programs. Federal funds total $1,665.00.

Title: A Comparative Study of Two Approaches to the Use of the Distributive Education Competency-Based Learning System: Microfiche Versus Conventional Printed Copy.

Initiator: Gene Callahan
Institution: Division of Vocational Education and Community Colleges, Alabama State Dept. of Education
Sponsor: Alabama State Dept. of Education, Montgomery
Duration: January 1, 1975 to June 30, 1975

Objectives: (1) To develop a workable format for printing LAP's on microfiche, (2) To develop a filing and storing system for microfilmed LAP's that will provide easy access to LAP's for students, (3) To determine the feasibility of utilizing the competency based learning system when stored on microfiche, (4) To compare the rate of progress of students who utilize microfiche with those who use printed paper, (5) To measure the attitude of teachers and students toward the use.
of LAP's on microfiche compared with the use of printed LAP's, and (6) To compare both the long-range and short-range cost of using microfilmed LAP's versus printed paper LAP's.

Methodology: Two single-teacher distributive education programs will be identified by the State Supervisor to participate in the study. Once the two programs have been identified each teacher will be supplied with five microfiche readers and one set of LAP's and supplementary materials on microfiche. These materials will be on a temporary loan basis and title to the equipment and materials shall remain with the State Department of Education. The teacher must agree to use the LAP's for a total of twelve weeks for at least two days per week. An effort will be made to assess the ability of the students to progress in either Approach A or Approach B by administering an appropriate reading ability test and a suitable written pre-test. The reading ability test will be used to determine whether students are capable of using the printed LAP's. The written pre-test will be used to assess what experiences the students bring with them at the time the study begins. Crites Career Maturity Inventory (CCMI) contains both an attitude scale and a competence test. This seems to be an appropriate pre-test for comparing where the students in each group are in their choice of careers and attitudes toward work. Federal funds total $3,000.00.

Title: A Pilot Study on the Feasibility of Competency Testing of Trade Teachers in the State of Missouri.

Initiator: Franklin J. King
Institution: University of Missouri-Columbia
Sponsor: Missouri State Dept. of Education, Jefferson City
Duration: November 10, 1974 to November 9, 1975

Objectives: (1) Will seventy (70) or more current and potential trade and industrial teachers respond to an invitation to validate their trade competencies by participating in this pilot study? (2) Will the majority of participants, local school administrators, and State Department officials endorse this procedure for certifying competencies in the State of Missouri? (3) Will the University of Missouri-Columbia and other state institutions accept scores, analyzed on a national norm, as evidence for waiving a course or courses and then grant the corresponding hours of undergraduate credit? (4) Will the experiences of the pilot study warrant a continuous cooperative participation with the National Occupational Competency Testing Institute?

Methodology: Competency tests developed by the National Occupational Competency Testing Institute will be administered to seventy (70) or more trade teachers in four selected areas. Based upon a report of the experiences of the pilot testing, local and state officials will be asked to make a judgement as to whether or not a competency testing procedure is feasible for the State of Missouri. Federal funds total $10,715.00.

Title: Preparation of a Sound-on Slide Tape as a Media for Effectively Communicating Career Information and Opportunities Available at the Two Vocational-Technical Schools of St. Louis County.

Initiator: Alfred N. Weissman
Institution: Special School District of St. Louis County, Missouri
Sponsor: Missouri State Dept. of Education, Jefferson City
Duration: July 1, 1974 to June 30, 1975

Objectives: (1) To provide definitive types of information which will enable students to become aware of the existing opportunities available at technical schools, (2) To utilize the most up-to-date method of audio-visual presentations through use of the Sound-on-slide system to motivate students to apply for one of the vocational programs available, (3) To present the information to students, parents, counselors, teachers, and
administrators in a way that will simulate their interest to explore the possibilities of vocational education, and (4) To provide specific information relating to admission procedures, admission requirements, course descriptions, and other activities which will enable students to make appropriate and realistic career choices.

Methodology: (1) A consultant will be employed to serve as producer and as narrator for the introduction and summation of the Sound-on slide tape presentation, (2) Students in various shops will be photographed and slides made depicting the existing programs available. In addition, synchronized tapes of these tapes will be made by interviewing students who will describe the vocational technical programs available at North County and South County Tech, (3) Presentations will be made to 10th grade Social Studies or English classes in the academic high schools of St. Louis County, (4) A survey will be conducted by a random sampling of students, counselors, teachers, and administrators in each school where presentations are made, (5) An experimental group will be utilized of those to whom information was presented by means of the Sound-on slide system as compared to a control group to whom no information was presented, (6) The experimental and control group will be equated by a statistical survey showing significant differences or changes in attitude toward the vocational program by the experimental vs. the control group, and (7) Data will be collected by means of a prepared questionnaire administered to the experimental and control groups. Federal funds total $700.00.

Title: Introduction to Individualized Business and Office Materials.
Initiator: Shirley Evans
Institution: State Fair Community College, Sedalia, Missouri
Sponsor: Missouri State Dept. of Education, Jefferson City
Duration: July 1, 1974 to July 31, 1974
Objectives: To provide information regarding office simulation procedures to business and office teachers in Missouri.
Methodology: The product to be developed will be a publication containing procedures, course descriptions, competencies to be developed, equipment and supplies needed, and other pertinent information for the creation of a model office. The above product will be printed and disseminated to Vocational Business and Office teachers, and a number of institutions training vocational teachers. Federal funds total $470.00.
Title: Selection of Instructional Content for Graphic Arts Education for the Secondary Schools of Missouri as Agreed Upon by Industrial Leaders and Educators.

Initiator: Charles E. Keseman
Institution: Central Missouri State University, Warrensburg, Missouri
Sponsor: Missouri State Dept. of Education, Jefferson City
Duration: October 1, 1974 to August 31, 1975

Objectives: (1) To identify a list of instructional content which students may be expected to learn in the secondary school graphic arts program in Missouri, (2) To identify the levels at which graphic arts instruction should be provided in the secondary school graphic arts, (3) To determine the graphic arts content which educators and industrial leaders agree should be included at the various levels of instruction, and (4) To make available a body of content from which a state curriculum guide for graphic arts may be derived and from which guidelines may be derived for the inclusion of graphic arts instruction in the State Plan for Vocational Education.

Methodology: The identification of a list of curricular content through a study of curriculum guides, textbooks, the graphic arts industries, sales representatives' presentations, and successful secondary graphic arts programs will be completed by January 31, 1975. The identification of the desirable levels for graphic arts instruction through the study of curriculum guides and research reports, the development of a tentative interview guide, the selection of a reaction panel, and the meeting of the reaction panel to critique the interview guide. The interview of the reaction panel as a pilot group to establish the group interview procedure, the selection of four groups representing industry and education, and the interviews of the four groups to determine the desirable curricular content will be conducted by June 30, 1975 and the compilation and analysis of data along with the writing and distribution of the final report will be completed by August 31, 1975.

Federal funds total $17,976.00.

Title: The Identification of Texas Anglo, Black, and Chicano Child Rearing and Child Care Practices in Relation to Child Care Career Competencies.

Initiator: Ida Santos Stewart
Institution: University of Houston, Texas
Sponsor: Texas Education Agency, Austin
Duration: March 1, 1975 to July 31, 1975

Objectives: (1) Identify Anglo, Black, and Chicano child rearing practices, (2) Identify child care center practices, (3) Compare regional Anglo, Black and Chicano child rearing and center child care practices in relation to culture, and (4) Identify the relationship of cultural factors to vocational training for child care personnel.

Methodology: Interview instruments to elicit data on child rearing and child care practices from parents, center personnel, and early childhood professionals will be pilot tested. Research assistants from each of six Texas regions will administer the instruments to a sample from each region. Culturally relevant child care competencies will be derived from the data. Federal funds total $26,158.00.

Title: Guidelines and Resources for the Development, Implementation, Operation and Evaluation of Local Vocational Advisory Committees or Councils.

Initiator: Walter S. Ramey
Institution: Virginia Commonwealth University, Richmond, Virginia
Sponsor: Virginia State Dept. of Education, Richmond
Duration: March 3, 1975 to August 29, 1975

Objectives: (1) To develop and publish
guidelines for organizing, implementing, operating and evaluating local vocational advisory committees or councils in the Commonwealth of Virginia. The dissemination of the completed bulletin to local school divisions is scheduled for August 1, 1975, and (2) To compile a reference file of current publications, research and in-service training materials that are designed to inform, improve, implement, operate and evaluate vocational advisory committees or councils, and (3) To accumulate, through informal conferences, research publications and sources of unspecified origin, information concerning the status of vocational advisory committees in the Commonwealth and the attitude of local school administrators, board members, teachers, counselors and lay citizens concerning the use of advisory committees in the local school.

Methodology: Three major phases or activities will be involved in the development of this bulletin. Each phase is associated with the attainment of the objectives. These phases will be completed concurrently rather than acted upon individually. (1) Prepare a bulletin outline that will meet local vocational educator's need for working effectively with advisory committees or councils. (2) Compile a reference file of materials concerning advisory committee organization, implementation, operation and evaluation. (3) Develop and publish advisory committee bulletin. Federal funds total $544.00.

Title: Coordination Skill Development of Secondary Disadvantaged Students.

Initiator: Shirley Haskell
Institution: Shelton High School, Shelton, Washington
Sponsor: Washington Office of the Superintendent of Public Instruction, Olympia
Duration: February 1975 to June 1975

Objectives: To increase the number of secondary special education students with prerequisite eye-hand coordination skills necessary to enroll in vocational classes at Shelton High School from the current 12% to 50% - 30% by June, 1975.

Methodology: Student progress and analysis of the project will occur by no fewer than three staff meetings including up to 3 home economics vocational teachers, 2 special education teachers, and 1 counselor. Assessment will involve extent of skill development and planning for individual student programs to facilitate development. These sessions will occur at times other than already contracted for. Federal funds total $2,011.00.

Title: Job Approach to Bookkeeping/Accounting.

Initiator: Andrew Carlson
Institution: South Bend School District #118, South Bend, Washington
Sponsor: Washington State Office of the Superintendent of Public Instruction, Olympia
Duration: January 1975 to June 1975

Objectives: To survey employers, employees and employment agencies for data with which to develop a Bookkeeping/Accounting Supplement and Guide for one specific D.O.T. Job Classification by June 30, 1975.

Methodology: The information will be summarized to provide the basis for emphasis to teach bookkeeping/accounting in the secondary schools, and the development of a supplemental package in the area of greatest need for use in bookkeeping/accounting classes. The summary will be assembled in a manner that any other instructor of bookkeeping/accounting could use to evaluate their bookkeeping/accounting curriculum and develop and/or implement supplemental materials. Federal funds total $2,509.20.

Title: Preparing a Successful Research Grant Proposal.

Initiator: E. Patricia Rend Orlich and D. C. Orlich
Institution: Washington State University, Dept. of Home Economics and Education, Pullman, Washington
Sponsor: Washington State Office of the Superintendent of Public Instruction, Olympia
Duration: February 15, 1975 to June 30, 1975

Objectives: To provide a detailed operations manual for all vocational teachers in the state of Washington, instructing them how to prepare a successful research project proposal.

Methodology: (1) An analytic examination of vocational education research application formats will be made to determine the common elements needed in any research or demonstration project. (2) From the list of common elements—which will contain (a) ideas, (b) abstracts, (c) objectives, (d) procedures, (e) evaluation, (f) review of literature, (g) schedules, (h) budget, and (i) criteria for review—a detailed elaboration with examples will be prepared. (3) A final draft of the guide will be prepared and written on how to plan and prepare research proposals, and (4) The final draft will be evaluated by members of the RCU/CCOE and by two persons known for research competence—Gilbert Sax of the University of Washington, since he has published a textbook on research, and Floyd Winegar, Vocational Director for the Yakima Public Schools. Also, graduate students in a Research Class at WSU will critique the draft. The results of these critiques will lead to a revised copy of the manuscript. Federal funds total $2,289.00.

Title: In-Service Training for Vocational Faculty.
Initiator: Marvin L. Vasher
Institution: Whatcom Community College, Bellingham, Washington
Sponsor: Washington State Office of the Superintendent of Public Instruction, Olympia
Duration: January 2, 1975 to June 1975

Objectives: To increase the number of vocational faculty that have teacher training from 3 to 40 to 65 by June of 1975.

Methodology: This planned in-service will be implemented on an individual basis and administered by the Director of Program Implementation for the assigned area of the faculty member. Federal funds total $1,000.00.

Title: Entry Level Skill Development.
Initiator: Phyllis Marble
Institution: Lower Columbia College, Longview, Washington
Sponsor: Washington State Office of the Superintendent of Public Instruction, Olympia
Duration: January, 1975 to June, 1975

Objectives: To increase the use of the study skills center and Learning Resource Center for developing basic skills needed for entry level ability into six vocational programs from 20 students to 60-40 students per total vocational enrollment by June 30, 1975.

Methodology: The plan would allow us to select for purchase or develop specific diagnostic pre-testing instruments to be given to vocational students entering a program. As a result of the testing program a determination would be made as to which of the students lacked the skills necessary to successfully complete a particular vocational program. This would involve Study Skills, LRC staff and vocational instructors. From the testing program the determination can be made as to the needs of each individual student to develop the skills for entering the vocational program of his/her choice. Federal funds total $1,000.00.

Title: Welding Theory Seminar.
Initiator: David A. Williams
Institution: Lower Columbia College
Sponsor: Washington State Office of the Superintendent of Public Instruction, Olympia
Duration: January, 1975 to June, 1975

Objectives: To add a section on welding background and theory at Lower Columbia College that will meet the students and trade leaders suggestions. If successful, the section will be permanently added to the current program fall term 1975.

Methodology: A class will be maintained with a minimum of ten and an approximate maximum of eighty students. It will also be open to people other than students currently enrolled in welding. With no prerequisite for enrollment in this class, we will reach the people in all of the three problem areas. The class should be held on campus, but away from the welding lab. This separation will minimize interruptions and shop noise. The course format will be comprehensive enough to satisfy the three groups of people in the problem areas. The course should be ten sessions in length and repeated each school quarter. Federal funds total $975.00.

VTP 1932
Title: Industrial Plastics Tape-Slide Instructional Series.

Initiator: Robert C. Ponnert
Institution: Puyallup School District, Puyallup, Washington
Sponsor: Washington State Office of the Superintendent of Public Instruction, Olympia
Duration: July, 1975 to August, 1975

Objectives: To develop tape-slide program, not presently available, that clearly present one concept or operation each in Vocational Industrial Plastics by August 15, 1975.

Methodology: The project will consist of producing one or more tape-slide programs on the subjects of basic concepts, basic operations, and specific instructions on the building of a training project. The tape-slide media was selected for the following reasons: (a) equipment for its use is widely available, (b) it is less expensive and easier to produce than motion pictures, and (c) it can be easily updated as changes in the industry dictate. Approximately 2½ weeks of time will be required to develop and produce one or more prototype presentations. Federal funds total $741.40.

VTP 1933
Title: A Continuation of Evaluation of the Ohio Pre-Postsecondary Program in Grades 11 and 12 in Three (3) Centers.

Initiator: J. W. McGrath
Institution: Kent State University, Kent, Ohio
Sponsor: Ohio State Dept. of Education, Columbus
Duration: November 1, 1974 to August 31, 1975

Objectives: (1) Determine the effectiveness of the administration of the project including local level administration; (2) Determine the effectiveness of the educational program; and (3) Determine the program costs as compared to regular methodology and subsequent transportability to other Ohio schools.

Methodology: On-site visits will be made at each of three levels of the objectives. Instruments will be developed to supplement the available standardized results that will contribute to measuring the above three objectives. Testing will be conducted by LEA's in the program, and results forwarded to the evaluator for compilation and analysis. Report will be written to be incorporated in the 4th quarter summary of the program. Federal funds total $9,956.00.

VTP 1934
Title: Project on Developing High School Teaching Strategies on: A Worker's Guide to Labor Law.

Initiator: Charles O'Leary
Institution: University of Maine, Orono, Maine
Sponsor: Maine State Dept. of Education, Augusta
Duration: February 1975 to June 1975
Objectives: The workshops will be concerned with preparing teachers to deal with the following issues: (1) How to present educational resource materials on labor law, (2) How to develop and utilize an inventory for assessing student needs pertaining to labor law, (3) How to develop the most effective learning environment for students, (4) How to utilize the legal case study approach when teaching labor law, and (5) To facilitate proper use of this book, an educational curriculum guide will be developed for teachers to use when instructing high school students about labor law.

Methodology: Each teacher who receives a copy of A Worker's Guide to Labor Law will also receive a copy of this curriculum guide. This curriculum guide will also contain the following educational materials for high school teachers: (1) educational resource material on labor law, (2) an inventory for assessing student needs, (3) methods and approaches for developing the most effective learning environment for students, and (4) utilizing the case study approach when teaching labor law. Federal funds total $3,000.00.

VTP 1935
Title: Descriptive Study of Food Service Equipment Used in Different Types of North Dakota Businesses.
Initiator: Jim Hunt
Institution: Devils Lake Public Schools
Sponsor: North Dakota State Dept. of Public Instruction, Bismarck

Objectives: (1) To survey typical cafes, restaurants, nursing homes, hospital kitchens, and/or private clubs in different size cities of North Dakota and to collect data on kinds of equipment used, (2) To use the data collected as a basis for equipping the Food Service Room at the Devils Lake Multi-District Vocational Center, (3) To determine what training food service managers feel employees need to operate equipment properly, and (4) To recommend changes and/or additions to the present Food Service curriculum.

Methodology: The Devils Lake school district will serve as the subcontracting agency to carry out the project. A home economist will be selected jointly by the Devils Lake school district and the State Board for Vocational Education to develop the project and serve as director. The person selected will work approximately three months (480 hours). Consultants for the project will include the Devils Lake local director of vocational education, the state research and curriculum coordinator, and the state supervisor of home economics education. Federal funds total $4,500.00.

VTP 1936
Title: Missouri Vital Information for Education and Work - Missouri Occupational Training Information System (MOview-MOTIS).
Initiator: Thomas J. Lawson
Institution: Hazelwood School District, Florissant, Missouri
Sponsor: Missouri State Board of Education, Jefferson City
Duration: June 1, 1975 to June 30, 1976

Objectives: (1) To at least double the size of the MOview-MOTIS microfilm occupational information retrieval system's aperture card deck developed during the 1974-1975 funding period, (2) To refine the student questionnaire, teacher and counselor handbooks, and student self-instruction handbook based upon the evaluation of the 1974-1975 prototypes, (3) To complete the MOview-MOTIS student interest finder index for the entire deck of cards, (4) To design an attractive, practical storage component for the view deck, and (5) To deliver to the Research Coordinating Unit, Missouri State Department of Elementary and Secondary Education, the complete MOview-MOTIS Silver Negative Master Microfilm Deck with the original of all other components which were used to develop dupli-decks and supportive materials.

Methodology: To design the general design of the study and indicate why this design appears particularly appropriate for achieving the stated objectives. In experimental research, for example, the independent and dependent variables should be stated...
with the rationale for their selection. Federal funds total $23,400.00.

HOW TO ORDER DOCUMENTS

All documents cited in AIM/ARM are available in their full text. Availability is by one of the two options listed below:

1. ORIGINAL COPY FROM PUBLISHER OR SUPPLIER

These documents have an availability listed in the resume. Often such documents are not available by any other means.

2. MICROFICHE SETS

Most of the documents announced in AIM/ARM are available in microfiche forms as part of AIM/ARM, VT-ERIC Microfiche Sets. Documents in microfiche form are not available as individual microfiche.

A microfiche set contains all the documents announced in an issue of AIM/ARM which can be made available in microfiche. The documents are filmed continuously in VT number order. Each set is assigned a single ED number.

AIM/ARM, VT-ERIC Microfiche Sets are available:

- In any complete collection of ERIC microfiche.
- As AIM/ARM, VT-ERIC Microfiche Sets purchased individually. (See HOW TO ORDER AIM/ARM, VT-ERIC MICROCINE SETS.)
- From institutions (e.g., state research coordinating units) which have the AIM/ARM, VT-ERIC Microfiche Sets and are willing to provide microfiche duplicates of individual VT numbered documents.

NOTE: Copies of individual VT-numbered documents in microfiche or paper copy (hardcopy) forms are not currently available through AIM/ARM or EDRS. Local information systems in your area may provide such duplication services. Please consult them.
HOW TO ORDER AIM/ARM SUBSCRIPTIONS

Subscriptions to Abstracts of Instructional and Research Materials in Vocational and Technical Education (AIM/ARM) are available from:

AIM/ARM
The Center for Vocational Education
The Ohio State University
1960 Kenny Road
Columbus, OH 43210

Subscriptions are for one (1) calendar-year periods only and cost $34.00 (Foreign subscriptions add $2.00).

Subscribers will receive a year's volume (e.g., 1974 Volume 7) consisting of six, bi-monthly issues (e.g., Numbers 1-6) and an annual, cumulative subject and author index, regardless of when in the year they subscribe.
HOW TO ORDER AIM/ARM, VT-ERIC MICROFICHE SETS

The microfiche sets of documents announced only in AIM/ARM are available for sale from:

ERIC Document Reproduction Service (EDRS)
Computer Microfilm International Corporation (CMIC)
P.O. Box 190
Arlington, Virginia 22210

Order for these sets should provide the following:

. ED number(s) listed below.
. Specify microfiche (MF).
. Specify the prices listed below for each ED number ordered.
. Enclose check or money order payable to EDRS for orders of less than $10.00.
. Official institution, state, federal government or company purchase orders accepted.

**NOTE:** Standing orders for the AIM/ARM, VT-ERIC Microfiche Sets may be placed with EDRS. Anyone purchasing standing orders will automatically receive the Sets as soon as they are available.
The Thesaurus of ERIC Descriptors has been developed during the past 6 years under the auspices of the Educational Resources Information Center (ERIC). This definitive vocabulary of education has been developed and updated by educators who review the literature in their field. The Thesaurus is the source of all subject headings used for indexing and for retrieval of documents announced in Abstracts of Instructional and Research Materials in Vocational and Technical Education (AIM/ARM), Resources in Education (RIE), and Current Index to Journals in Education (CIJE).

The Thesaurus serves to give all educators an increased awareness of the language of education. It is useful to teachers, students, administrators, or anyone interested in locating information on any educational topic.

Searching for information/documents in the AIM/ARM and ERIC data bases can be done more quickly and with greater accuracy by consulting the latest edition of the Thesaurus for proper search terminology.

The Thesaurus of ERIC Descriptors may be purchased for $8.95 from:
