SPANISH SURNAMES

William H. Hein, Jr.

Article 6 (e) of the General Provisions of the Laboratory's Operating Program Contract with the Federal Government requires the Laboratory to furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor. Under this Article, the Laboratory is required to submit an EEO-1 annual report to the Department of Labor. This document reports the number of minority group employees in designated job categories. One of the Minority groups is described as "Spanish-Surname Americans". (Equal Employment Opportunity: Compliance and Affirmative Action, 1969, National Association of Manufacturers and Plans for Progress, p. 78.)

The attached lists will be used to determine Spanish surnames.
