This is the fourteenth in a series of catalogues of ERIC documents of interest to teachers and researchers in foreign languages and linguistics. The list consists of documents processed into the ERIC system from April 1974 through December 1974, and is divided into categories adapted from the American Council on the Teaching of Foreign Languages (ACTFL) Bibliography. Each entry provides the author's name, the title of the document, its source (wherever applicable), date of publication, length, and ED number.
ERIC Documents on Foreign Language Teaching and Linguistics:
List Number 14

Compiled by PETER A. EDDY AND KATHLEEN MCLANE, Center for Applied Linguistics

This is the fourteenth in a series of catalogues of documents of interest to teachers and researchers in foreign languages and linguistics which have been processed into the ERIC (Educational Resources Information Center) system. Lists Number 1 through 12 appeared in Foreign Language Annals, starting with the December 1968 issue and ending in May 1974. List Number 13 appeared in the March 1975 issue of The Modern Language Journal.

As in previous lists, the following contains documents processed by ERIC over a limited period of time; all entries appeared in the monthly ERIC abstract journal Resources in Education (RIE), from April 1974 through December 1974.

The present list has been compiled in a manner similar to that used for List Number 13. After a search of RIE citations from all ERIC Clearinghouses in the time period covered, all documents whose abstracts revealed some relevance to research or teaching in languages and linguistics were organized under headings and subheadings derived from those used in the ACTFL Annual Bibliography. Within subheadings, titles are listed alphabetically by author's last name.

This list differs in several ways from List Number 13; the changes are intended to make the list less cumbersome while still maintaining its usefulness. The amount of information given in each entry has been greatly reduced and now includes only author's name, title of the work, source, date, length, and ED number. RIE issues and page numbers have not been included. Full résumés may be located by ED numbers, indicated on the spine of each issue. Several of the subheadings used in List Number 13 do not appear here for lack of suitable entries; several have been added. The list contains the following headings and subheadings.

How to use this Document List. In order to function as a useful research tool, this list must be used in conjunction with other components of the ERIC system: the abstract journal Resources in Education (RIE) and an ERIC microfiche collection. This list aids the researcher by placing at his fingertips a grouping of vir.
tually all ERIC documents from April through December 1974 which deal with research and teaching in languages and linguistics. Document abstracts may be located in RIE by ED number. Resources in Education (RIE) may be found in many college, university, and public libraries and in some school resource centers. It may also be ordered from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402 (subscription per year: domestic, $24.70; foreign, $55.40; single issue, $3.60).

How to obtain ERIC Documents: Most of the documents in this list may be read on microfiche at one of almost 600 ERIC collections in the United States and abroad. These collections are located in education libraries at colleges, universities, and some school systems, and at all ERIC Clearinghouses. For a listing of the microfiche collections nearest you, contact the Clearinghouse on Languages and Linguistics at the address below.

Either microfiche or hard copy reproductions of most documents listed in RIE may be obtained directly from the ERIC Document Reproduction Service (EDRS), Computer Microfilm International, Inc., P.O. Box 190, Arlington, VA 22210. For documents not available from EDRS, a mailing address and price are given in the résumé entry in RIE.

The ERIC Clearinghouse on Languages and Linguistics is interested in providing the best service possible to the professional community of language and linguistics teachers and researchers. Do not hesitate to send us questions or suggestions regarding this list or any other aspect of our operation.

CAL-ERIC/CLL SERIES ON LANGUAGES AND LINGUISTICS

ERIC (Educational Resources Information Center) is a nationwide network of information centers, each responsible for a given educational level or field of study. ERIC is supported by the National Institute of Education of the U.S. Department of Health, Education, and Welfare. The basic objective of ERIC is to make current developments in educational research, instruction, and personnel preparation more readily accessible to educators and members of related professions.

The ERIC Clearinghouse on Languages and Linguistics (ERIC/CLL), one of the specialized clearinghouses in the ERIC system, is operated by the Center for Applied Linguistics. ERIC/CLL is specifically responsible for the collection and dissemination of information in the general area of research and application in languages, linguistics, and language teaching and learning.

In addition to processing information, ERIC/CLL is also involved in information synthesis and analysis. The Clearinghouse commissions recognized authorities in languages and linguistics to write analyses of the current issues in their areas of specialty. The resultant documents, intended for use by educators and researchers, are published under the title CAL-ERIC/CLL Series on Languages and Linguistics. The series includes practical guides for classroom teachers, extensive state-of-the-art papers, and selected bibliographies.

This publication will be announced in the ERIC monthly abstract journal Resources in Education (RIE) and will be available from the ERIC Document Reproduction Service, Computer Microfilm International Corporation, P.O. Box 190, Arlington, Virginia 22210. See RIE for ordering information and ED number.

For further information on the ERIC system, ERIC/CLL, and the CAL-ERIC/CLL information series, write to ERIC Clearinghouse on Languages and Linguistics, Center for Applied Linguistics, 1611 North Kent Street, Arlington, Virginia 22209.
