Developed to encourage and support curriculum development and instructional activities in vocational education for handicapped and special students through identification of resources and materials, this bibliography lists over 300 citations. Citations are grouped under different code numbers which provide information about the document content. Each citation includes the title, author and/or institutional source, address, date, number of pages, and the price (when possible). (WL)

WISCONSIN DEPARTMENT OF PUBLIC INSTRUCTION
ABOUT THE SUPPLEMENT

This listing of materials is a supplement to A Bibliography of Materials for Handicapped and Special Education, 2nd edition, 1975. It does not replace the second edition, but is meant to be used in conjunction with it. The coding system and bibliographic format have not been changed. The pagination of the supplement continues the page numbering of the second edition. To enable users to coordinate the supplement and the second edition more conveniently, page numbers for both bibliographies are listed in the Table of Contents of the Supplement.

PURPOSE OF THE COLLECTION

The purpose of this collection of materials is to encourage and support curriculum development and instructional activities in vocational education through identification of resources and materials which may be of use to educators.

EXPLANATION OF CODING SYSTEM FOR HANDICAPPED AND SPECIAL EDUCATION

The coding system is a combination of the Office of Education, the nation's cooperating agencies and ERIC descriptors. It was designed by staff at the Center for Studies in Higher Education.

The first two digit code "19" is the office of Education code for handicapped. All materials in this publication will begin with 19 since they all pertain to handicapped conditions.

The second two digit code "19" indicates the skill area and in this example "19" refers to business/occupational occupations.

The third two digit code "19" indicates the type of handicap, and in this example "19" refers to Visual Impaired.

The three digit code "19" indicates the kind of material, and in this example "19" refers to Research. This three digit code is derived from the ERIC descriptor group codes.

The selection of 111-04-10/20 pertains to handicapped, business, and research materials.

If you are looking for materials dealing with a specific area, the second two digits will be your guide. Note the underlined digits in the examples below.

19.11.14 COMMUNICATION SKILLS (Activities concerned with learning and using oral and written language and all forms of communication with others.)

19.11.15 INTERPERSONAL AND BEHAVIOR CORRECTIVE SKILLS (Activities concerned with personal and social skills, e.g., how to get along with others.)

19.11.16 VOCATIONAL AND AVOCATIONAL SKILLS DEVELOPMENT (Activities concerned with personal and social functioning skills.)

19.11.17 MATH

19.11.18 SCIENCE

19.11.19 SOCIAL SCIENCE

19.11.20 PHYSICAL SCIENCE

19.11.21 AGRICULTURE

19.11.22 BUSINESS/INDUSTRIAL OCCUPATIONS

19.11.23 DISTRIBUTIVE EDUCATION

19.11.24 HEALTH OCCUPATIONS

19.11.25 HOME ECONOMICS

19.11.26 TRAVEL AND INDUSTRY

19.11.27 OTHER (A catch-all category for anything that doesn't fit into one of the above categories.)

If you are looking for materials about a specific handicap, you will need all three digits. Note the underlined digits in the examples below.

19.12.13 HANDICAPPED (General applicable to several categories of handicapped conditions, e.g., low-level reading instructional materials.)

19.12.14 VISUALLY IMPAIRED

19.12.15 HEARING IMPAIRED

19.12.16 MENTALLY RETARDED

19.12.17 SPECIFIC/LANGUAGE DISABILITY

19.12.18 MULTIPLES HANDICAPPED

19.12.19 CHEMICALLY DEPENDENT (alcoholic, drug abuser.)

19.12.20 OFFENDERS/CORRECTIONAL INSTITUTIONS

19.12.21 DISADVANTAGED

If you are looking for a particular kind of material, such as curriculum, instructional materials, audio-visual aids, description of a program, etc., the three digits will be your guide. Note the underlined digits.

Program Development and Administration

ERIC Code

020 ADMINISTRATORS (Assignment in administrative an educational organization)

040 FINANCE (Relating or pertaining to money matters and transactions, e.g., state aid, bond issues, tax allocation, federal funding)

100 GOVERNMENT (Executive, legislative and judicial aspects of federal, state and local government)

110 PROGRAM (A plan or procedures, a schedule or system under which actions may be taken toward desired goal; development of program; program description; program evaluation)

150 STANDARDS (Requirements established by authority, custom or individual as acceptable; e.g., academic standards, certification, educational specifications)

170 EQUIPMENT (Instructional equipment and general classroom equipment, e.g., filmstrip projectors, tape recorders, building equipment, classroom furniture)

180 FACILITIES (Building, installations and appendages designated to serve a special function)

Software, Instructional Materials/devices

050 AUDIO-VISUAL MATERIALS AND METHODS (Used for instructional purposes, e.g., projected TV, mass media, filmstrips, etc.)

110 CURRICULUM (Specific types of curricula and specific types of courses for business and engineering, elementary science)

270 TESTING (Activities, materials and evaluation and teaching techniques that facilitate learning in either formal or informal situations)

810 TEACHER INERVICE (Description of materials used with teacher inservice programs)

Ancillary Services

090 ANCILLARY SERVICES (Counseling and all other social services and supportive services, e.g., interpreters for deaf, recreation, housing, transportation provided by an institution)

150 EMPLOYMENT (Employment, job processes, and labor, e.g., job analysis, labor conditions, unemployment)

*Evaluation and Research

180 EVALUATION (Judgment of processes and people in the educational system, e.g., counseling effectiveness, student and teacher evaluation, test interpretation)

550 RESEARCH (Areas and methods of investigation or experimentation having for its aim the discovery of new facts, e.g., area studies, deaf research, experimental programs; also background information)

590 TESTS (Devices or procedures for measuring ability, achievement, interest)

400 DEMOGRAPHY (Studies related to population including statistical, social and economic factors, e.g., census figures, geographic distribution, student distribution)

Groups/organizations

110 ORGANIZATIONS (Groups of persons that have some less a constant membership, officers, purpose, and usually set of regulations)

500 RESOURCES (Source of supply, support or aid such as community resources, educational resources, physical facility resources to include all bibliographies or listings of materials)

ANOTATED LISTING OF FILMS DEALING WITH THE NEEDS AND CAPABILITIES OF THE HANDICAPPED

Each of the following films can be utilized in the vocational education process. Many of the films have been used successfully as part of in-service training programs for teachers and administrators. The films can be rented or purchased from the source indicated.

ADOLESCENCE AND LEARNING DISABILITIES. 16 mm, color, 25 min; Lawrence Productions, Inc., P.O. Box 1542, Burlington, WA 94010; 1975; preview $10.00, rental $30.00. This film discusses what the regular classroom teacher can do to help adolescents with learning problems. The picture includes interviews with learning-disabled students.

A FIGHTING CHANCE. 16 mm, color, 26 min; Wisconsin Department of Industry, Labor, and Human Relations, Wisconsin State Employment Service, P.O. Box 1607, Madison, WI 53101; n.d.; free loan. The film is about David Hansen, a college graduate, radio station engineer and disc jockey, who returned from Vietnam as a blind person. The movie shows the emotional conflicts experienced by a blind military veteran who is searching for a job. In a job interview scene, the viewer learns that, if Dave is given a fighting chance, he can compete equally with anyone else, and perform equally in those job areas for which he is qualified.

AFTER THE ACCIDENT. 16 mm, color, 29 min; Distribution Branch, National Audio Visual Center (OSA), Washington, DC 20040; 1969; rental $12.50, purchase $175.00. In this production, Julius Kellogg, a former Harlem Globetrotter basketball player, describes the accident which caused his disability and tells of his rehabilitation. He demonstrates the difficulties caused by such architectural barriers as stairs, and describes how people in wheelchairs can become independent. In addition to the interview with Julius Kellogg, the film also describes the process of rehabilitation and provides insight into the feelings of persons who have been injured and the emotional conflicts involved in the rehabilitation process.

A LITTLE SLOW. 16 mm, color, 20 min; n.d.; Association-Sterling Films, 200 Grand Avenue, Ridgefield, NJ 07657; free loan. In this film the viewer sees through the eyes of a mentally retarded adult. The viewer learns of his needs and desires and learns that they are the same as those of the non-retarded. The film also points up the fact that the distinguishing characteristic of a retarded person is that he or she is a little slower intellectually than the rest of society. The film also portrays some of the stereotypes held by non-retarded people which hinder the retarded from experiencing the full range of what life has to offer.

CIPHER IN THE SNOW. 16 mm, color, 25 min; Brigham Young University Educational Media Services, 290 Harold R. Clark Building, Provo, UT 84601; n.d.; rental $14.00, purchase $265.00 (film), $185 (U-Matic Video Tape); n.d. This film intends to make students teachers, and other adults aware of the importance of a worthwhile concept. The film demonstrates this through the story of a boy named Cliff. It shows how Cliff's fears and anxieties about the divorce of his parents were reflected in his work at school and resulted in the teachers labeling him a slow learner who was unmotivated. Cliff began to believe that he was no better than what his teachers, parents, and peers thought he was, and this belief had very detrimental effects on his functioning.

COMING HOME. 16 mm, color, 27 min; Stanfield House, P.O. Box 3206, Santa Monica, CA 90403; 1974; rental $25.00, purchase $300.00. This is a film about Charlotte, a girl in her late teens, who leaves a state institution after ten years to live at Elm House, a residential home for the retarded. There she shares a family life with eleven other retarded young adults. She also begins a learning program which emphasizes use of community work and recreation resources. This film also depicts some of Charlotte's neighbors, some of whom have come to know her as a helping friend, and others of whom have attempted to remove the retarded from Elm House.

COUNSELING THE MENTALLY RETARDED, PART I: THE NATURE OF MENTAL RETARDATION. 16 mm, color, 21 min; Media Resources Branch, National Medical Audio Visual Center (Annex), Station K, Atlanta, GA 30324; 1968; free loan. This production presents examples of eight etiological categories and five mild cases of retardation and defines the rehabilitation potential for each. This film might be best utilized if viewed by persons working primarily with retarded people. The film does, however, clearly demonstrate how relatively mild the level of retardation is in those retarded students enrolled in vocational school when they are compared to more severely retarded people.

COUNSELING THE MENTALLY RETARDED, PART II: THE EVALUATION OF THE RETARDED CLIENT. 16 mm, color, 21 min; Media Resources Branch, National Medical Audio Visual Center (Annex), Station K, Atlanta, GA 30324; 1969; free loan. This film shows how vocational counseling develops rehabilitation potential in retarded clients. It also demonstrates the use of selected evaluative procedures. The production depicts the retarded client as a person who can benefit with the guidance of disability and stresses the importance of evaluating all aspects of a client's personality. Its intended audience is Division of Vocational Rehabilitation Counselors, but what is shown can be utilized in a vocational school setting.

COUNSELING THE MENTALLY RETARDED, PART III: TRAINING RESOURCES AND TECHNIQUES. 16 mm, color, 28 min; Media Resources Branch, National Medical Audio Visual Center (Annex), Station K, Atlanta, GA 30324; 1968; free loan. This film explores the counselor's role in helping the retarded client adapt to new situations and new jobs. The film addresses itself to three primary factors: (1) occupational responsibility - the employee must assume responsibility, and the employer must know the limits of his employees so as to avoid pushing them beyond the limits of their capabilities, (2) the acquisition of appropriate self-esteem, and (3) the integration of retarded persons into the community. The production stresses what it calls the four "R"s": (1) realism, (2) reward, (3) recognition, and (4) responsibility.

COUNSELING THE MENTALLY RETARDED, PART IV: THE RETARDED CLIENT AND HIS FAMILY. 16 mm, color, 18 min; Media Resources Branch, National Medical Audio Visual Center (Annex), Station K, Atlanta, GA 30324; 1968; free loan. This film demonstrates how counselors can assist the retarded person and his family in adapting to mental retardation, especially during periods of stress. The production emphasizes the need for counseling at four stress points: (1) the search for a job, (2) the early days of employment, crises such as the death of someone close, or problems with one's boyfriend or girlfriend, and (4) leaving home for the first time.

DELLA. 16 mm, color, 12 min; Sister Kenny Institute, A/V Publications Office, Department 184, 1800 Chicago Avenue, Minneapolis MN 55404; n.d.; rental $10.50, purchase $125.00. This film shows the potential that severely handicapped individuals have for a full life, including employment. The film shows the results of passivity in a 35-year-old deaf paraplegic. Her physical rehabilitation and re-education in living with a handicap also are shown. The film also depicts her in her present mode of independent living and positive influence on the deaf children in her community.
EVALUATING THE VOCATIONAL POTENTIAL OF THE CEREBRAL PALSYED. 16 mm, color, 24 min; International Society for the Rehabilitation of the Disabled, Film Library, 17 East 43rd St., New York, N.Y. 10017; 1967; free loan. The film presents the result of a research project which showed that the cerebral palsied can be evaluated and do have potential for vocational training and placement. The film emphasizes that the cerebral palsied possess many skills, such as fine motor dexterity, and that it should not be assumed to have. Cerebral palsied people are frequently very visible because of their handicap. This film can help allay fears which might be generated in response to the mannerisms resulting from their disability.

IF A BOY CAN'T LEARN. 16 mm, color, 28 min; Lawrence Productions, Inc., P.O. Box 1542, Burlington, Ca 94010; 1974; preview $10.00, 3 day rental $30.00, purchase $330.00. The film is about Mike, a 17-year-old cowboy, a high school senior who can't read, can't do math, and who is a "dropout problem." Mike evaluating Mike extensively, a learning disabilities specialist shares the evaluation results with Mike's teachers. Together they devise teaching strategies designed to utilize Mike's learning strengths and overcome his learning weaknesses. The film presents teachers having positive attitudes toward adapting classroom procedures, and shows how swiftly they are able to implement the modifications.

JOHN'S JUST A DRUNK/MY FRIEND IS SICK. 16 mm, color, 25 min; The Seeing Eye, Inc., One Rockefeller Plaza, New York, N.Y. 10020; 1974; free loan. This film provides glimpses into the lives of three people who are blind; a young businessman, a middle-aged housewife, and a seventy-year-old man. For mobility, one uses a guide dog, another uses a cane, and the third relies on friends. The film emphasizes the blind person's desire for independence and their ability to achieve that independence. It also emphasizes the emotional impact of blindness on the person involved, on his family and on his friends. The production also advises sighted people on appropriate ways to interact with a blind person, and vividly describes the common daily problems which a blind person can encounter.

MEETING THE CHALLENGE OF BLINDNESS. 16 mm, color, 25 min; The Seeing Eye, Inc., One Rockefeller Plaza, New York, N.Y. 10020; 1974; free loan. This film presents the story of an inquisitive 17-year-old youth who thought that he was a nobody, that he was dumb like some people said he was, that he just couldn't do anything right, and that there was no point in trying any more. The film's format consists of a series of conversations between the youth and a "mirror voice." The voice talks to the troubled youth about his self-defeating attitude, emphasizes how important it is to keep trying, to change when necessary, and to stop blaming and acting only in accordance with what other people expect. The film traces the youth's painful, but successful, struggle to rid himself of his self-defeating attitude and to keep trying until he found something at which he could be successful.

MIRROX, MIRROR. 16 mm, color, 22 min; Bureau of Audio-Visual Instruction, P.O. Box 2093, 327 University Avenue, Madison, WI 53701; 1969; rental $8.25. This film presents the story of an inquisitive 17-year-old youth who thought that he was a nobody, that he was dumb like some people said he was, that he just couldn't do anything right, and that there was no point in trying any more. The film's format consists of a series of conversations between the youth and a "mirror voice." The voice talks to the troubled youth about his self-defeating attitude, emphasizes how important it is to keep trying, to change when necessary, and to stop blaming and acting only in accordance with what other people expect. The film traces the youth's painful, but successful, struggle to rid himself of his self-defeating attitude and to keep trying until he found something at which he could be successful.

NEVER SICK ENOUGH. 16 mm, color, 11 min; Distribu- tion Branch, National Audio Visual Center, Washington, D.C. 20409; 1967; free loan. The film depicts the special problems of mental illness in the "unnoticed neurotic." In the viewer sees a man in his 40's who can't seem to do anything right (such as arriving at work on time or driving a delivery truck correctly), and who is criticized by his wife, his employer, and his fellow employees. One day he is fired from his job, has a quarrel with his wife, and hits her. His wife leaves home and he contemplates suicide. The film ends with the man calling the operator for help. Much of the action is described by a narrator who expresses the viewpoint of an observer.

PARAPLEGIC PATIENT EDUCATION: ACTIVITIES IN YOUR NEW LIFE. 16 mm, color, 3 min; Media Resources Branch, National Medical Audio Visual Center (Annex), Station K, Atlanta, GA 30324; 1969; free loan. This film looks at some of the problems of adjusting to a new life following a crippling disease or accident. It suggests ways to solve these problems, build self-confidence, and achieve physical and financial independence. The film describes necessary social adjustments involving family and friends and also addresses the problem of architectural barriers.

RICK: AN ADOLESCENT SUICIDE. 16 mm, B/W, 23 min; Media Resources Branch, National Medical Audio Visual Center (Annex), Station K, Atlanta, GA 30324; 1971; free loan. This film presents the reconstruction of an investigation into the psychological background of a 17-year-old high school senior who commits suicide during a state of depression. The format of the film consists of interviews with people who knew Rick and also flashbacks to segments of his life.

THE HOMEMAKER WITH ARTHRITIS. (The Handicapped Homemaker Series). 16 mm, color, 28 min; Media Resources Branch, National Medical Audio Visual Center (Annex), Station K, Atlanta, GA 30324; 1971; free loan. The film demonstrates stress-minimizing techniques and proper equipment selection for use by someone with rheumatoid arthritis when organizing a kitchen and preparing meals. The film depicts techniques learned by a homemaker with severe arthritis in order to protect her joints from additional deformity and damage.

THE HOMEMAKER WITH IN-COORDINATION. (The Handicapped Homemaker Series). 16 mm, color, 28 min; Media Resources Branch, National Medical Audio Visual Center (Annex), Station K, Atlanta, GA 30324; 1971; free loan. The film demonstrates techniques, equipment selection, and kitchen planning used in meal preparation. The film shows the techniques used by a cerebral palsied person in preparing a meal. It also includes sequences on planning a dinner party and shopping. The picture stresses careful selection of equipment and safe procedures in using the equipment selected.

THE HOMEMAKER WITH THE USE OF ONE HAND. (The Handicapped Homemaker Series). 16 mm, color, 28 min; Media Resources Branch, National Medical Audio Visual Center (Annex), Station K, Atlanta, GA 30324; 1971; free loan. The film demonstrates techniques, equipment selection, and kitchen planning used in meal preparation by a homemaker with the use of one hand (in this case, a homemaker with hemiplegia). In the film, the viewer learns that this homemaker suffered a severe cerebrovascular accident five years previously. She also has aphasia, with difficulty in reading numbers, loss of balance when bending, and confusion in attempting to follow directions, all of which stemmed from the cerebrovascular accident.
THE HOMEMAKER WITH WEAK UPPER EXTREMITIES
(The Handicapped Homemaker Series). 16 mm, color, 28 min; Media Resources Center, National Medical Audio Visual Center (Annex), Station K, Atlanta, GA 30324; 1971; free loan. This film demonstrates methods to overcome loss of function in the upper extremities when preparing meals. The film demonstrates effective kitchen planning and selection of equipment suitable for use by quadriplegics. The focus of the film is on a male college age quadriplegic who lives independently in his own apartment. It demonstrates wheelchair-to-auto transfer, driving skills, and attendance at a university by someone having a severe physical handicap.

THE MIND'S EYE. (Film No. 546). 16 mm, color, 24 min; Central Office Film Library, Audio-Visual Service, Veterans-Administration-Central-Office, Washington, DC 20420; 1963; free loan. This film stresses the vocational abilities, rather than the disabilities, of blinded World War II and Korean War veterans. It shows veterans working at many different types of jobs, and is narrated in part by the veterans themselves. The film also allows the viewer a glimpse of job modifications which assist the blind employees to perform their jobs satisfactorily.

WE DON'T WANT TO LOSE YOU. 16 mm, color, 18 1/2 min; The Ounce of Prevention, 15400 West Ten Mile Road, Suite 302, Southfield, MI 48075; 1974; preview, free, purchase $285.00. This film depicts the story of an hourly employee, who is a problem drinker, and his foreman. The viewer follows Andy, the problem drinker, through a day, a night, and the morning after. Andy arrives at the factory late for work. As he approaches his work area, he hears voices and discovers that he is in a scene with a foreman and a coach/director. In this surreal setting, the audience learns both the right and wrong ways to approach the problem of employee alcoholism. Andy learns that the foreman and the company both want to restore him to optimum health and performance. While Andy slowly, reluctantly, becomes aware of his problem the audience discovers how to get the problem employee to the proper help.

ANNOTATED LISTING OF MULTI-MEDIA PRESENTATIONS DEALING WITH THE NEEDS AND CAPABILITIES OF THE HANDICAPPED

JOB QUEST SERIES. Materials Development Center, Department of Rehabilitation and Manpower Services, School of Education, University of Wisconsin-Stout, Menomonie, WI 54751; 1975. Three day rental $18.00, purchase $75.00. This series consists of three slide-sound presentations. (1) Job Sources - identification and utilization of different community job resources (64 slides in a carousel tray, and a 15 1/2 minute cassette tape). (2) Writing About You! Application Forms and Resumes - preparation of the resume and application blank (67 slides in a carousel slide tray and a 20 minute cassette tape). (3) Interviewing For a Job - presentation of the needs of an interviewer for a qualified worker and the need of an interviewee for a suitable job (65 slides in a carousel tray, and a 14 minute cassette tape).

WORK ADJUSTMENT PROGRAM: AN OVERVIEW. 27 min. cassette tapes, and 80 - 35 mm. slides in a carousel slide tray. Materials Development Center, Department of Rehabilitation and Manpower Services, School of Education, University of Wisconsin-Stout, Menomonie, WI 54751; 1975; free loan for eligible facilities, three day rental $12.00, purchase $45.00. This sound-slide presentation provides evaluation and adjustment personnel with an overview of the work adjustment techniques-services which may be useful in assisting a client to develop acceptable work skills and behaviors. Included in this presentation are: individual counseling, group counseling, planned work experience, modeling, behavior modification, and individual and group instruction. The need for evaluation and review of the adjustment plan is emphasized.

The Wisconsin Vocational Studies Center at the University of Wisconsin-Madison was reorganized with the support of the Wisconsin Board of Vocational, Technical and Adult Education within the School of Education in 1971. The function of the Center is to serve the State of Wisconsin in a unique way by bringing the resources of the University to bear on identified problems in the delivery of vocational and manpower programs—vocational education, technical education, adult education, career education, manpower training—to citizens of all ages in all communities of the State. The Center focuses upon the delivery of services—including analyses of need, target groups served, institutional organization, instructional and curriculum methodology and content, labor market needs, manpower policy, and other appropriate factors. To the extent that these goals are enhanced and the foci of problems widened to encompass regional and national concerns, the Center engages in studies beyond the boundaries of the State.

Merle Strong, Director
Roger Lambert, Associate Director
