This lesson will help you understand how land is used by different producers.

PERFORMANCE CRITERION:
Without assistance, find pictures of a farmer who grows crops and one who raises animals and tell how each farmer uses the land differently.

SAMPLE TEST SITUATION:
Implied.

RESOURCES FOR STUDENT ACTIVITIES:

Books:
- Durell, People and Resources of the Earth.
- Social Studies textbooks.

Others:
- This Land of Ours. (FS) E.G.H.
- The Dairy and Forest Regions. (FS) S.V.E.
INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

II-D Productive Resources and the Factors of Production

No. II-62

PURPOSE:

This lesson will help you understand resource locations in the United States.

PERFORMANCE CRITERION:

Given a list of resources, indicate on an outline map of the U.S. one or more areas where each of several natural resources is found in relative abundance.

SAMPLE TEST SITUATION:

RESOURCES FOR STUDENT ACTIVITIES:

Books:

Durell, People and Resources of the Earth.
Krug and McCall, You and the Nation.
Samford, McCall and Cunningham, You and the United States.

Others:

Land of the Free. (FS) E.G.H.

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:
II-D Productive Resources or Factors of Production
No. II-63

PURPOSE:
This lesson will help you understand that natural resources are limited.

PERFORMANCE CRITERION:
Given a list of natural resources, categorize each as exhaustible, renewable, or in-exhaustible.

SAMPLE TEST SITUATION:
Natural resources:
1. Water
2. Bauxite
3. Trees
4. Fertile land
5. Sulphur
6. Fish
7. Bald eagle
8. Buffalo
9. Panda bear

CONTENT CLASSIFICATION:
II-D Productive Resources or the Factors of Production
No. II-66

PURPOSE:
This lesson will help you understand why synthetic materials are used.

PERFORMANCE CRITERION:
Given a number of products which are now made of synthetic materials, state what natural material was originally used and give reasons why the synthetic materials are now used. What effect did the change have on prices?

SAMPLE TEST SITUATION:

Products:
Nylon Stockings
Plastic containers

Fiberglass boats
Orlon fabrics

Concept Areas:
Scarcity
Natural resources
Synthetics

Technology development
The role of private business

CONTENT CLASSIFICATION:

II-D Productive Resources or the Factors of Production
No. II-67

PURPOSE:

This lesson will help you understand productions problems related to the cost
of natural resources.

PERFORMANCE CRITERION:

Without assistance, state reasons why the cost of natural resources is a problem
of production in the United States.

SAMPLE TEST SITUATION:

Implied,

Concept Areas:

Production costs, defined
Natural resources
Relation of costs to prices

Conservation of natural resources
Costs and competition

PERFORMANCE CRITERION:

Given a list of productive enterprises and their products, give an example of each factor of production as it is used in each enterprise, and explain how each enterprise efficiently produces that product.

SAMPLE TEST SITUATION:

Productive enterprises:

Automobile plant -- cars
Canning factory -- canned vegetables
Publishing firm -- books
Electronics firm -- transistors

Concept Areas:

Factors of production
Specialization
Investment
Technology
Research
Education and training

RESOURCES FOR STUDENT ACTIVITIES:

No. II-99

PURPOSE:
This lesson will help you understand the differences in technology in various countries.

PERFORMANCE CRITERION:
Given a list of countries, write a description of the technology of each, rank them in terms of technological advancement, and tell what might be done in those with the least advanced technologies (such as little capital equipment and poor transportation systems) to improve their positions.

SAMPLE TEST SITUATION:
Countries: 1. West Germany; 2. India; 3. Pakistan; 4. Sweden; 5. United States.

Concept Areas:
Technology
Productivity
Capital
Economic Growth

No. II-100

PURPOSE:

This lesson will help you understand reasons why production outside the home may be more economical than production in the home.

PERFORMANCE CRITERION:

Given a list of goods and services wanted by a family, tell those which could be economically produced in the home and which could not. In each case, explain why.

SAMPLE TEST SITUATION:

Goods and services: 1. Coffee pot  2. Hair cut
            3. Bread  4. Light bulb
            5. Filling a tooth  6. Babysitting

PURPOSE:

This lesson will help you understand special occupational requirements.

PERFORMANCE CRITERION:

Given a list of occupations, describe the skills, training, and practice required for success in each.

SAMPLE TEST SITUATION:

Occupations: Electrical engineer
Accountant
Registered nurse
Teacher of physics
Retail grocer

Concept Areas:

Labor force
Occupations
Specialization in business careers

CONTENT CLASSIFICATION:

III- D

No. III-44

PURPOSE:

This lesson will help you understand the basis of a market economy.

PERFORMANCE CRITERION:

Explain the significance of the terms supply, demand, and price; relate the terms to one another; and show how they help to explain what will be produced and how it will be produced.

SAMPLE TEST SITUATION:

Implied.

Concept Areas:

Supply, demand, price
Functions of market system
Rent, wages, interest

Factors of production
Consumer

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-D Markets

No. III-45

PURPOSE:

This lesson will help you understand the roles of supply and demand in the factor market.

PERFORMANCE CRITERION:

Without assistance, explain how the roles of supplier and demander in the factor market differ from the roles of supplier and demander in the market for final products.

SAMPLE TEST SITUATION:

Implied

Concept Areas:

Supply and demand
Rent, Interest, wages

CONTENT CLASSIFICATION:

III-D Markets

No. III-46

PURPOSE:

This lesson will help you understand exchange activity which takes place in various markets.

PERFORMANCE CRITERION:

Given a list of transactions which result from economic activity, associate each transaction with one of the following markets: product market, factor market, stock market, or money market.

SAMPLE TEST SITUATION:

Transactions:
1. Payment for an electric stove.
2. Payment to a broker for securities.
3. Payment of interest on a corporate loan.
4. A commercial bank purchases government securities from the Federal Reserve.
5. Payment for a hamburger.

Concept Areas:

Functions of market system Stock market
Saving and investment Prices
Flow of income Free enterprise system

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply
No. III-51

PURPOSE:
This lesson will help you understand what effect a change in the demand for a good has on the producers of that good.

PERFORMANCE CRITERION:
Given a list of businesses which are needed to provide ice cream, tell what will happen to each business if you decide not to buy as much ice cream.

SAMPLE TEST SITUATION:
Businesses: 1. dairy farmer; 2. ice cream plant; 3. retailer who sells ice cream.

RESOURCES FOR STUDENT ACTIVITIES:

Books:

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply
No. III-52

PURPOSE:

This lesson will help you understand changes in demand and the effect of these changes on resource allocation.

PERFORMANCE CRITERION:

Given a list of items for which demand has decreased, give reasons for the decreased demand and explain how this has affected the allocation of resources.

SAMPLE TEST SITUATION:

Items:
Coal
Hula hoops

Railroads
Travel across the ocean by ship

Concept Areas:
Demand
Consumption habits

Elasticity of demand
Transportation

RESOURCES FOR STUDENT ACTIVITIES:

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply
No. III-53

PURPOSE:
This lesson will help you understand how changes in demand affect the economy.

PERFORMANCE CRITERION:
Given a list of goods for which demand has increased, give reasons for the increased demand and explain how this has affected the economy.

SAMPLE TEST SITUATION:

Goods:
Compact cars
Transistorized appliances
Self-service dry cleaning

Concept Areas:
Changes in demand
Consumer

Advertising and demand
Consumption habits

RESOURCES FOR STUDENT ACTIVITIES:

CONTENT CLASSIFICATION:

III-E Demand and Supply

No. III-54

PURPOSE:

This lesson will help you understand that the reasons for demand may change over a period of time.

PERFORMANCE CRITERION:

Given a list of goods that were in demand during the time of the early settlers, tell why these goods are purchased today as compared with why they were purchased by the early settlers. What effect have these changes had on the quantity supplied?

SAMPLE TEST SITUATION:

Implied.

Goods:

Horseshoes
Candles
Gunpowder

Spinning wheel
Wagon wheels

RESOURCES FOR STUDENT ACTIVITIES:

Books:

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:
III-E Demand and Supply
No. III-55

PURPOSE:
This lesson will help you understand the effect of substitute products on the demand for a good.

PERFORMANCE CRITERION:
Given a product and several substitute products, determine the effect of the availability and price of the substitute products on the demand of the original product.

SAMPLE TEST SITUATION:
Original product: Popsicle
Substitute products: 1. Ice cream cone
2. Ice cream sandwich
3. Italian ice

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply
No. III-56

PURPOSE:
This lesson will help you understand basic terms related to supply and demand.

PERFORMANCE CRITERION:
Given pairs of terms, define each term and state the relationship between the terms in each pair.

SAMPLE TEST SITUATION:

Pairs of terms:
Demand; supply
Surplus; shortage
Wants; utility

Substitute products; seasons
Factors that affect supply and demand; resources.

RESOURCES FOR STUDENT ACTIVITIES:

Books:
Maher and Symmes, Ideas About Others and You.

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply
No. III-57

PURPOSE:
This lesson will help you understand a supply schedule.

PERFORMANCE CRITERION:

Given a supply schedule indicating quantities which suppliers would be willing to place on the market at a series of prices, construct a supply curve.

SAMPLE TEST SITUATION:

Supply schedule:

<table>

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply
No. III-58

PURPOSE:

This lesson will help you recognize types of cost.

PERFORMANCE CRITERION:

Given a list of costs which are paid by business firms, determine which of these costs are fixed and which are variable.

SAMPLE TEST SITUATION:

Business costs:

- Electricity
- Hourly wages paid to employees
- Taxes

Salaries paid to top management
Raw materials from which the product is made

Concept Areas:

Fixed and variable costs

PURPOSE:
This lesson will help you understand the influence exerted by the law of diminishing returns.

PERFORMANCE CRITERION:
Without assistance, explain how the supply curve in the product market reflects the law of diminishing returns.

SAMPLE TEST SITUATION:
Implied.

Concept Areas:
Supply and demand  Supply and diminishing returns
Law of diminishing returns  Demand and diminishing returns
Supply curve

RESOURCES FOR STUDENT ACTIVITIES:

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:
III-E Demand and Supply
No. III-60

PURPOSE:
This lesson will help you understand marginal cost and marginal revenue.

PERFORMANCE CRITERION:
Without assistance, define marginal cost and marginal revenue, and explain the statement "marginal cost equals marginal revenue," in terms of how much a firm will supply to the market.

SAMPLE TEST SITUATION:
Implied.

Concept Areas:
- Supply and demand
- Market system
- Marginal unit
- Marginal revenue
- Marginal cost
- Equilibrium price

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply

No. III-63

PURPOSE:

This lesson will help you understand the relationship between price and quantity demanded or supplied.

PERFORMANCE CRITERION:

Given a list of possible responses of a number of buyers or sellers, indicate the effect of price increases and decreases on each situation.

SAMPLE TEST SITUATION:

Types of responses:

- Increased buying
- Decreased buying
- Increased selling
- Decreased selling
- Constant buying
- Constant selling

Concept Areas:

- Demand and supply
- Market system
- Production
- Market and price

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:
III-E Demand and Supply
No. III-64

PURPOSE:
This lesson will help you understand concepts which must be considered when determining the level of output that will provide the best return for a firm.

PERFORMANCE CRITERION:
Given a firm's demand schedule for its product, and the marginal cost and average cost at various levels of output, do the following:

1. Compute total revenue
2. Compute marginal revenue
3. Compute total cost
4. Indicate the level of output that will maximize profit
5. Indicate the level of output that will maximize profit
6. Indicate the price the firm can charge at that level
7. Indicate the total profit that will be made at the level of maximum profit.

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply
No. III-70

PURPOSE:
This lesson will help you understand surplus and shortage in the market.

PERFORMANCE CRITERION:

Given a list of situations which cause changes in the amount of goods available, divide the list into groups showing those which might cause a surplus or a shortage in the market.

SAMPLE TEST SITUATION:

Situations:
1. A frost during Florida's grapefruit season.
2. An abundant harvest of grain.
3. A nationwide steel strike.
4. An abundant harvest of tomatoes.

RESOURCES FOR STUDENT ACTIVITIES:
Books:
Pursell and Rodlyer, Food from Farm to Family.
Dictionaries of economics.
INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply
No. III-71

PURPOSE:

This lesson will help you understand the relationship between prices and the supply of goods.

PERFORMANCE CRITERION:

Given paper and crayons, draw several pictures of economic goods for which a surplus presently exists in the market, and several items for which a shortage exists, and tell what effect each condition has on the price of the good.

SAMPLE TEST SITUATION:

Implied.

RESOURCES FOR STUDENT ACTIVITIES:

Books:
Stanek, How People Earn and Use Money.
Pursell and Rodlyer, Food from Farm to Family.
Dictionaries of economics.
INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:
III-E Demand and Supply
No. III-72

PURPOSE:
This lesson will help you understand surplus and shortage in the market.

PERFORMANCE CRITERION:
Given a number of market situations, identify those which show a surplus, and those which show a shortage of goods in the market. Tell the effect of each condition on the market situation.

SAMPLE TEST SITUATION:
Situations: 1. The store where you shop has a large quantity of Holloween masks on December 1.
2. You go to the store in January to buy a sled, but they have none available for sale.
3. You and your friends are willing to mow lawns during the summer, but there is only one family in town willing to hire anyone for this job.

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:
III-E Demand and Supply
No. III-73

PURPOSE:
This lesson will help you understand price elasticity.

PERFORMANCE CRITERION:
Without assistance, state the relationship between demand and price in terms of elasticity.

SAMPLE TEST SITUATION:
Implied.

Concept Areas:
Supply and demand
Elasticity of demand and prices.

RESOURCES FOR STUDENT ACTIVITIES:
Books (B) and Pamphlets (P):

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:
III-7 Demand and Supply
No. III-74

PURPOSE:
This lesson will help you understand conditions which affect demand.

PERFORMANCE CRITERION:
Given paper and crayons, draw a series of pictures to show how the demand for different types and styles of clothing varies with the seasons and geographic locations. Tell what this means to the business firms which supply clothing.

SAMPLE TEST SITUATION:
Implied.

RESOURCES FOR STUDENT ACTIVITIES:
Books:
- Stanek, How People Earn and Use Money.
- Pursell and Rodlyer, Clothes from Head to Toe.
- McCall, How We Get Our Cloth.

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:
III-E Demand and Supply
No. III-75

PURPOSE:
This lesson will help you understand conditions which affect demand.

PERFORMANCE CRITERION:
Without assistance, illustrate how demand for a product might vary with the weather, the time of year, and the availability of substitute products.

SAMPLE TEST SITUATION:
Implied.

RESOURCES FOR STUDENT ACTIVITIES:
Books:
Stanek, How People Earn and Use Money.

Others:
Shopping on Main Street. (FS) E.G.H.

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply
No. III-76

PURPOSE:

This lesson will show you how demand for certain products affects economic activity.

PERFORMANCE CRITERION:

Given a list of items a fur trapper needed, tell how the demand for each of these affected the activities of the early settlers in the community.

SAMPLE TEST SITUATION:

Items: 1. traps; 2. food; 3. clothing; 4. rifle; 5. snowshoes.

RESOURCES FOR STUDENT ACTIVITIES:

Books:

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:
III-E Demand and Supply
No. III-77

PURPOSE:
This lesson will help you understand demand schedules.

PERFORMANCE CRITERION:
Given a demand schedule indicating quantities which consumers will purchase at various prices, construct a demand curve.

SAMPLE TEST SITUATION:
Demand schedule:

INSTRUCTIONAL OBJECTIVE

CONTENT CLASSIFICATION:

III-E Demand and Supply

No. III-78

PURPOSE:

This lesson will help you understand reasons for shifts of demand curves.

PERFORMANCE CRITERION:

Given the demand curve for a product, determine whether or not there would be a shift in this curve under each of the following conditions and indicate the direction of any such shift: 1. An increase in price of the product caused by a fire in production plant. 2. An increase in the price of substitute products. 3. The income of consumers drops to a lower level. 4. A fad develops for the product. 5. The price of a complementary product declines. 6. A decrease in the quantity supplied. 7. The product becomes obsolete.

PURPOSE:
This lesson will help you understand concepts relating to the adjustment that a firm makes in a purely competitive market.

PERFORMANCE CRITERION:
Given the demand schedule for the product of a firm in a purely competitive market, and the average total cost schedule for the same firm, plot the demand curve and the ATC curve. Indicate what quantity the firm will produce and explain why. Explain the fact that the firm's demand curve is perfectly elastic.

This lesson will help you understand the causes of inflation.

PERFORMANCE CRITERION:

Without assistance, list the probable causes of the inflationary period of the late 1960's and early 1970's, explain how each cause affected economic conditions, and list what measures were taken by the federal government to deal with each of the causes.

SAMPLE TEST SITUATION:

Implied.

Concept Areas:

Inflation
Economic stability

Business cycle
Government's role in promoting stability

RESOURCES FOR STUDENT ACTIVITIES:

Books (B) and Pamphlets (P):

PURPOSE:
This lesson will help you understand how federal government agencies attempt
to deal with conditions of economic instability.

PERFORMANCE CRITERION:
Given a list of agencies established by the federal government to improve
conditions during the depression of the 1930's, give the Major purpose of each,
determine which (if any) are still in existence, state the effectiveness of each,
and list agencies which have recently been established by the federal government
to serve similar purposes.

SAMPLE TEST SITUATION:
Agencies:
C.C.C.
N.R.A.
O.A.S.I.

Concept Areas:
Business cycles Social Security
National Industrial Recovery Act-1933 Farm Credit Administration
Federal Housing Administration Public Works Administration

No. IV-26

PURPOSE:
This lesson will help you understand depression and recession.

PERFORMANCE CRITERION:
Given a list of economic indicators, gather data for those indicators for a time when a depression was occurring and for a period when a recession was occurring. Draw graphs for both sets of data, determine the difference in magnitude, and on this basis explain the difference between a depression and a recession.

SAMPLE TEST SITUATION:
Economic indicators:
Rate of unemployment. National income.
Department store sales Home construction.
Gross National Product.

Concept Areas:
Recession and depression Gross National Product
Business cycles National income
Unemployment
