The publication summarizes and compares legal provisions covering teacher tenure and contracts for each of the 50 states. The report is organized in three sections. Section 1 presents a summary comparison of the provisions of Washington's teacher contract law with corresponding statutory requirements of the other 49 states. Section 2 identifies those states with legislation that addresses selected issues related to teacher contract laws. Section 3 summarizes teacher contract statutes on a state-by-state basis. Because the focus of the report is on statutes, those teacher contract requirements contained in administrative rules or regulations are not included. An effort was made, however, to include both statutory and regulatory requirements for each state in the subsection on "appeal procedures." (JG)
'STATUTORY REQUIREMENTS OF TEACHER CONTRACT LAWS:

A Comparison of the 50 States' Continuing Contract and Teacher Tenure Laws

December 1976

Staff Contact:
Kris Van Gorkom
Senate Research Center
INTRODUCTION

In March of 1976 the Washington Legislature passed Substitute House Bill 1364 which revised Washington state's teacher contract laws. When the bill was passed, considerable concern was expressed about the effects this measure might have on teacher contract rights. During the summer, staff was asked to compare Washington's law revisions with other state teacher contract laws.

The most recent information available which summarized each state's contract laws was entitled "Teacher Tenure and Contracts" published by the National Education Association in 1971. Because similar information had not been collected since then, a four-month study was undertaken to summarize and to compare certain aspects of each state's laws with the new Washington statute. Each state's contract law summary was submitted to the appropriate state for review and correction. Forty-nine states responded and their corrections have been incorporated into the report.

The attached report contains three sections. The first, entitled "Summary of State Teacher Contract Law Comparison", compares the statutory requirements of other states with Washington's continuing contract law in a numerical format. Section 2, entitled "State Teacher Contract Law Comparisons," identifies those states which address selected issues related to teacher contract laws. Section 3, entitled "State Teacher Contract Law Summary", summarizes teacher contract statutes, by state.

The report was prepared by Kris Van Gorkom, Research Analyst for the Senate Education Committee, with assistance from Linford Smith, Legal Assistant, and Peggy Pearl, Secretary.

NOTES:

Because the focus of this report is on statute, only those teacher contract requirements which are contained in law are included. Teacher contract requirements contained in rule or regulation are not included. Special effort has been made, however, to include both statutory and regulatory requirements in the Appeal Procedures section under the "Type of Appeal" heading.

In some cases, more than 50 states may be identified numerically. That is because several states, notably Illinois, Missouri and Minnesota have teacher contract laws which apply separately to different types of school districts.

STATE TEACHER CONTRACT LAW SUMMARY
STATE: Alabama

STATUTE: Code of Alabama. Title 52, Chapter 13, Sections 351 through 361.

SCOPE: Certified instructors, principals or supervisors.

PROBABLE CAUSE DETERMINATION: The employing board of education.

CAUSE: Grounds for cancellation include incompetency, insubordination, neglect of duty, immorality, justifiable decrease in the number of teaching positions or other good and just cause.

NOTICE REQUIREMENT: Prior to termination the employee must be given notice in writing together with a detailed statement of reasons. The notice must be delivered by registered mail. The notice must also include the time and place where the teacher may appear before the board to answer the charges within the notice. This date may not be less than twenty or more than thirty days after service of notice. The notice must state that if the teacher desires a hearing he must file notice of intent to contest at least five days prior to the date set for the hearing.

HEARING REQUIREMENT: At the option of the employee there may be a hearing at which the board presides. If the teacher does not request a hearing within five days the board may terminate the contract by majority vote and such decision shall be final. The hearing shall be open or closed at the discretion of the teacher. The teacher may appear with or without counsel and may present and cross examine witnesses and offer other evidence. Evidence may be taken under oath and depositions may be used. The board is authorized to issue subpoenas for witnesses or papers. A record of the proceedings shall be kept. Following the hearing the board shall make a determination of the issues by majority vote and such decision may be delayed only five days.

APPEAL REQUIREMENT: The action of the board at the hearing shall be final unless arbitrarily unjust. The teacher does have a right to appeal to the state tenure commission, if filed within fifteen days of the decision of the board. The matter is to be heard by the commission within forty days of the board decision. The board and the teacher may be heard before the commission and the decision is to be based on the record. The commission shall reach a decision in the matter within five days. Action of the commission may be further reviewed through a petition for mandamus in the circuit court. A teacher on continuing contract service may appeal directly to the state tenure commission if not afforded a hearing as required.
EVALUATION: Not addressed.

PROBATION: A teacher does not obtain continuing contract status until he has been employed in the same county or city system for three consecutive years and reemployed for a fourth. An instructor with continuing service status promoted to principal or supervisor must serve three consecutive years in that position before continuing service status in that position will apply. This will not jeopardize the continuing service status of an instructor.

CONTRACT RENEWAL DATES: Regardless of whether on continuing contract service or not any teacher is deemed offered reemployment unless notice is given in writing on or before the last school day. The teacher shall be deemed to have accepted reemployment unless he notifies the board in writing on or before June 15.

Upon receipt of such notice, the teacher may obtain a hearing if demanded within fifteen days. The hearing shall be held within fifteen days of the demand and the teacher shall be given a statement of reasons at least five days prior to the hearing. The board may include with such notice a statement of the reasons for such termination or dismissal, or for the determination not to renew the contract of the teacher if the board does not include such statement with the notice the teacher may file a written notice with the board within ten days after receipt of the notice from the board, for a statement of the reasons of the board for such dismissal, termination or refusal to renew the contract. Upon receipt of such request in writing, the board shall, within five days after receipt of the request, furnish to the teacher a written statement of the reasons for such dismissal or termination or decision not to renew the contract of the teacher.

Any teacher who is dismissed or terminated or whose contract is not renewed for the next academic year and who is notified by the school board in the manner prescribed by law, may file a written notice with the board for hearing. Such written request for a hearing shall be sent by certified mail to the president of the school board, with the notice to the superintendent, within thirty days after the written notice of dismissal or termination of contract is received by the teacher.

The hearing before the school board shall be conducted in accordance with the following provisions:

(a) The hearing shall take place not less than five nor more than ten days after the written request has been served on the school board, except that the teacher and the school board may, in writing, agree to a postponement of such hearing to a date agreed to by the school board and the teacher.

(b) The hearing shall be private unless the school board or the teacher shall request that the hearing be public.
(c) The teacher and the school board may be represented by legal counsel.

(d) It shall not be necessary that a full record of the proceedings at the hearing be made and preserved unless:

1. The school board shall elect to make and preserve a record of the hearing, at its own expense, in which event a copy shall be furnished the teacher; upon request, without cost to the teacher.

2. A request is filed with the school board by the teacher in writing at least 24 hours prior to the time set for the hearing, in which event the school board shall make and preserve, at its own expense, a record of the hearing, and shall furnish a copy thereof to the teacher without cost to the teacher.

APPEAL REQUIREMENT: It shall not be necessary that a teacher request a hearing before the board as a prerequisite to seeking any remedy, at law or equity, that may be available to the teacher, nor does this limit or restrict the right of the teacher to seek any remedy at law or equity now provided by law.

EVALUATION: Each school district in the state shall have a set of written personnel policies legally adopted by its board of directors.

PROBATION: Not addressed.

CONTRACT RENEWAL DATES: Contracts may be renewed during the term of the contract or within ten days after the termination of the school term. No contract may be entered into prior to the beginning of the second semester of the current school year.

STATE: California

SCOPE: All employees in positions requiring certification.

PROBABLE CAUSE OF TERMINATION:

CAUSE: By the person filing the charges or the governing board of the school district.

Cause for the dismissal of permanent and probationary teachers is defined as (a) immoral or unprofessional conduct, (b) commission, aiding or advocating the commission of acts of criminal syndicalism, (c) dishonesty, (d) incompetency, (e) evident unfitness for service, (f) physical or mental condition unfitting him to instruct or associate with children, (g) persistent violation of or refusal to obey the school laws of the state or reasonable regulations prescribed for the government of the public schools by the state board of education or by the governing board of the school district employing him, (h) conviction of a felony or any crime involving moral turpitude, (i) violation of certain provisions of the code, (j) knowing membership by the employee in the communist party.

A permanent employee may be dismissed on grounds of unprofessional conduct consisting of acts or omissions other than those specified above, but any such charge shall specify instances of behavior deemed to constitute unprofessional conduct.

Whenever in any school year the average daily attendance in all of the schools of the district for the first six months in which school is in session shall have declined below the corresponding period of either of the previous two school years, or whenever a particular kind of service is to be reduced or discontinued not later than the beginning of the following school year, and when in the opinion of the governing board of said district it shall have become necessary by reason of either of such conditions to decrease the number of permanent employees in said district, the said governing board may terminate the services of not more than a corresponding percentage of certificated employees of said district, permanent as well as probationary, at the close of the school year; provided, that the services of no permanent employee may be terminated under the provision of this section while any probationary employee, or any other employee with less seniority, is retained to render a service which said permanent employee is certificated incompetent to render.

NOTICE REQUIREMENT:

Upon the filing of written charges, duly signed and verified by the person filing them, with the governing board of the school district; or upon a written statement of charges formulated for the governing board, charging that there exists
cause for the dismissal of a permanent employee of the district, the governing board may, upon a majority vote, except as provided in this article if it deems the action necessary, give notice to the permanent employee of its intention to dismiss him at the expiration of thirty days from the date of service of a notice unless the employee demands a hearing as provided.

Any written statement of charges of unprofessional conduct or incompetency shall specify instances of behavior and the acts or emissions constituting the charge so that the teacher will be able to prepare his defense. It shall, where applicable, state the statutes and rules which the teacher is alleged to have violated, but it shall also set forth the facts relevant to each occasion of alleged unprofessional conduct or incompetency.

No report on the fitness of a teacher in dismissal proceeding shall be received from a statewide professional organization by a governing board unless the teacher shall have been given, prior to the preparation of the report in its final form, the opportunity to submit in writing his or her comments on the report and unless a copy of the report in final form is given to the teacher investigated at least ten days prior to its submission to the board.

Such a report shall not be distributed other than to the governing board and those persons participating in its preparation unless the teacher does not demand a hearing.

The notice shall be in writing and be served upon the employee personally or by the United States registered mail addressed to him at his last known address. A copy of the charges filed containing specifically defined information, together with a copy of the provisions of this article shall be attached to the notice.

If the employee does not demand a hearing by filing a written request for hearing with the governing board, he may be dismissed at the expiration of the thirty-day period.

The governing board of any school district shall not act upon any charges of unprofessional conduct or incompetency unless during the preceding term or half school year prior to the date of the filing of the charge, and at least ninety days prior to the date of the filing, the board or its authorized representative has given the employee against whom the charge is filed, written notice of the unprofessional conduct or incompetency, specifying the nature thereof with such specific instances of behavior and with such particularity as to furnish the employee an opportunity to correct his faults and overcome the grounds for such charge. The written notice shall include the evaluation which is made.
When any employee who has been served with notice of the governing board's intention to dismiss him demands a hearing, the hearing board shall have the option either (a) to rescind its action, or (b) schedule a hearing on the matter.

In the event a hearing is requested by the employee, the hearing shall be commenced within sixty days from the date of the employee's demand for a hearing. The hearing date shall be established after consultation with the employee and the governing board, or their representative and a commission on professional competence shall have all the power granted to an agency except that the power shall include the rights and duties of any party in the civil action brought in the superior court. In all cases, discovery shall be completed prior to seven calendar days before the date upon which the hearing commences. If any continuance is granted the time limitation for commencement of the hearing shall be extended over a period of time equal to such continuance.

If the right of discovery is denied by either the employee or the governing board all remedies available under the code of civil procedures shall be available to the party seeking discovery in the court of proper jurisdiction, to entertain his motion, shall be the superior court of the county in which the hearing will be held.

Superior court of the county in which the hearing will be held may, upon motion of the party seeking discovery, suspend the hearing so as to comply with the requirement of the preceding paragraph.

No witness shall be permitted to testify at the hearing except upon oath or affirmation. No testimony shall be given or evidence introduced relating to matters which occurred more than four years prior to the date of the filing of the notice. Evidence of records regularly kept by the governing board concerning the employee may be introduced, but no decision relating to the dismissal or suspension of any employee shall be based on charges or evidence of any nature relating to matters occurring more than four years prior to the filing of the notice.

The hearing shall be conducted by the commission on professional competence. One member of the commission shall be selected by the employee, one member shall be selected by the governing board, and one member shall be a hearing officer of the state office of administrative procedure who shall be chairman and a voting member of the commission and shall be responsible of assuring that the legal rights of the parties are protected at the hearing. If either the governing board or the employee for any reason fails to select a commission member at least seven calendar days prior to the date of the hearing, such failure shall constitute a waiver of the right
to selection, and the county board of education or its specific designee shall immediately make the selection. When the county board of education is also the governing board of the school district or has by statute been granted the powers of a governing board, the selection shall be made by the superintendent of public instruction, who shall be reimbursed by the school district for all costs incident to the selection.

The member selected by the governing board and the member selected by the employee shall not be related to the employee and shall not be members of the district initiating the dismissal and shall hold a currently valid credential and have at least five years experience within the past ten years in the discipline of the employee.

The decision of the commission on professional competence shall be made by a majority vote and the commission shall prepare a written decision containing findings of fact, determinations of issue and disposition either (1) that the employee shall be dismissed, (2) that the employee should not be dismissed. The decision of the commission on professional competence shall be deemed to be the final decision of the governing board.

The board may adopt from time to time such rules of procedure not inconsistent with provisions of this section as may be necessary to effectuate this section.

The governing board and the employee shall have the right to be represented by counsel.

If the member selected by the governing board or the member selected by the employee is employed by any school district in California, such member shall, during any service on a commission on professional competence, continue to receive salary, fringe benefits, accumulated sick leave, and other leaves and benefits from the district in which the member's employed, but shall receive no additional compensation or honorarium for service on the commission.

If service on a commission on professional competence occurs during summer recess or vacation periods, the member shall receive compensation proportionate to that received during the current or immediately preceding contract period from the member's employing district.

If the governing board orders the dismissal of the employee, the governing board and the employee shall share equally the expenses of the hearing, including the cost of the hearing officer; and the state shall pay any costs incurred by reason of the hearing being held during the summer recess or vacation period and the reasonable expenses as determined by the hearing officer, of the member selected by the governing board and the member selected by the employee, and the cost of the substitute or substitutes if any for the member selected by
the governing board and the member selected by the employee. The state controller shall pay all claims submitted from the general fund, and may prescribe reasonable rules, regulations and forms for the submission of such claim. The employee and the governing board shall pay their own attorney fees.

If the governing board orders that the employee not be dismissed, the governing board shall pay all expenses of the hearing including the cost of the hearing officer and any costs incurred due to the hearings being held during the summer or vacation, and the reasonable expenses, as determined by the hearing officer, of the member selected by the governing board and the member selected by the employee, and the cost of the substitute or substitutes, if any, for the member selected by the governing board and the member selected by the employee, and reasonable attorney fees incurred by the employee.

**APPEAL REQUIREMENT:**

The decision of the commission on professional competence may, on petition of either the governing board or the employee, be reviewed by a court of competent jurisdiction in the same manner as the decision made by a hearing officer. The court, on review, shall exercise its independent judgment on the evidence. (No guidelines have been set defining the scope of "independent judgment". All the cases so far have been based on the hearing record with additional testimony allowed if deemed advisable by the judge.) The proceeding shall be set for hearing at the earliest possible date and shall take precedence over all other cases except older matters of the same character and matters to which special precedence is given by law.

**EVALUATION:**

Governing boards of all school districts shall establish guidelines and procedures for the evaluation of all certificated employees. These guidelines shall be adopted after consultation with teacher groups. The guidelines shall include standards of expected teacher achievement. Certificated instructors shall be evaluated against pupil achievement standards, noninstructional duties and maintenance of a suitable learning environment. Certificated non-instructional employees shall be evaluated against defined job responsibilities. Evaluation of employees shall not include publisher's norms on standardized tests. The results of the evaluation shall be available to the employees in writing at least sixty days before the end of the school year. The employee has a right to make a written response. The evaluation shall be at least once per year for probationary employees and every other year for permanent employees.

**PROBATION:**

The probationary period shall be three years for new employees and employees transferring districts. Governing boards of school districts shall dismiss probationary employees during the school year for cause only, as in the case of permanent employees.
State law: California

No later than March 15 and before an employee is given notice by the governing board that his services will not be required for the ensuing year, the governing board and the employee shall be given written notice by the superintendent of the district or his designee, or in the case of a district which has no superintendent by the clerk or secretary of the governing board, that it has been recommended that such notice be given to the employee, and stating the reasons therefore.

If a probationary employee has been in the employ of the district for less than forty-five days on March 15th, the giving of such notice may be deferred until the forty-fifth day of employment and all time periods and deadline dates herein prescribed shall be coextensively extended.

Until the employee has requested a hearing or has waived his right to a hearing, the notice and the reasons therefore shall be confidential and shall not be divulged by any person, except as may be necessary in the performance of duty; however, the violation of this requirement of confidentiality, in and of itself, shall not in any manner be construed as affecting the validity of any hearing conducted pursuant to this section.

The employee may request a hearing to determine if there is cause for not reemploying him for the ensuing year. A request for a hearing must be in writing and must be delivered to the person who sent the notice on or before a date specified herein, which shall not be less than seven days after the date on which the notice is served upon the employee. If an employee fails to request a hearing on or before the date specified, the failure to do so shall constitute his waiver of his right to a hearing. The notice shall advise the employee of the provisions of this subdivision.

If the employee should request a hearing the governing board shall have all the power granted to an agency except that (1) the respondent shall file as notice of defense, if any, within five days after service upon him of the accusation and he shall be notified of such five-day period for filing in the accusation; (2) the discovery shall be available only if request is made therefore within fifteen days after service of the accusation and the notice shall so indicate; and (3) the hearing shall be conducted by a hearing officer who shall prepare a proposed decision, containing findings of fact, and a determination as to whether the charges sustained by the evidence are related to the welfare of the schools and the pupils thereof. The proposed decision shall be prepared for the governing board and shall contain a determination as to the sufficiency of the cause and a recommendation as to disposition. However, the governing board shall make the final determination as to the sufficiency of the cause and disposition. And if the findings, recommendations or determinations contained in the proposed decision prepared by the hearing officer shall be binding on the school
board or any court in future litigation. Copies of the proposed decision shall be submitted to the governing board and to the employee on or before May 7th of the year in which the proceeding is commenced. All expenses of the hearing, including the cost of the hearing officer, shall be paid by the governing board from the district funds. The board may adopt from time to time such rules and procedures not inconsistent with procedures of this section, as may be necessary to affectuate this section.

The hearing board's determination not to reemploy a probationary employee for the ensuing school year shall be for cause only. The determination of the governing board as to the sufficiency of the cause shall be conclusive, but the cause shall relate solely to the welfare of the schools and the pupils thereof and provided that cause shall include termination of services in case of reduction in force. The decision made after the hearing shall be effective on May 15th of the year the proceeding is commenced.

If the governing board notifies a probationary employee that his services will not be required for the ensuing year, the board shall, within ten days after delivery to it of the employee's written request, provide him with a statement of its reasons for not reemploying him for the ensuing school year.

Any notice or request shall be deemed sufficient when it is delivered in person to the employee to whom it is directed, or when it is deposited in the United States registered mail, postage prepaid and addressed to the last known address of the employee.

In the event that the governing board does not give notice on or before May 15th, the employee shall be deemed reemployed for the ensuing school year.

If at the request for a hearing any continuance is granted the date which occurs on or after the date of granting the continuance shall be extended for a period of time equal to such continuance.

**CONTRACT RENEWAL DATES:**

**Permanent employees:**

The notice shall not be given between May 15th and September 15th in any year.

**Probationary employees:**

Notice to the probationary employee by the governing board that his service will not be required for the ensuing year shall be given no later than May 15th.

him during the period of suspension in case the decision of the commission on professional competence is that he shall be dismissed. If it is determined that the employee may not be dismissed the school district shall reimburse the employee for the cost of the bond.

STATE: Hawaii

SCOPE: All teachers, principals and vice-principals.

PROBABLE CAUSE DETERMINATION: The department of education through the superintendent of education.

CAUSE: Causes for the discharge or demotion of a teacher shall be inefficiency or immorality; willful violations of policies and regulations of the department of education, or for other good and just cause.

Teachers may also be dismissed because of decrease in number of pupils or for other causes over which the department has no control. Dismissal due to decrease in number of pupils or for causes over which the department has no control shall begin with those teachers with the least number of years of service, and the teachers so dismissed shall be placed on a preferred eligibility list and shall have the right to be restored to duty in the order of length of service whenever vacancies occur in which the teacher is qualified.

The department without a hearing may terminate tenure rights of a teacher who fails to return to service, except when caused by illness, following the expiration of an approved leave of absence.

NOTICE REQUIREMENT: In case of demotion or termination of any contract, the department of education shall furnish the teacher a written notice signed by the superintendent of education of its intention to consider the demotion or termination of his contract with full specification of the grounds for such consideration. Unless the teacher so notified, within ten days subsequent to the receipt of the notice, demands in writing an opportunity to appear before the department and offers reasons against the demotion or termination, the department may proceed with formal action for a demotion or termination of the contract.

HEARING REQUIREMENT: If the teacher, within ten days after receipt of notice, demands in writing a hearing before the department, the department shall set a time for the hearing within thirty days from the date of the written demand and the superintendent shall give the teacher, at least fifteen days notice in writing of the time and place of the hearing. No hearing shall be held during the summer vacation without the teacher's consent. The hearing shall be private unless the teacher requests a public hearing. The hearing shall be conducted
by a majority of the board of education and be confined to the grounds given for the termination. In lieu of a hearing by the board, the board may appoint a hearing officer to conduct hearings in any case regarding teacher demotion or termination of contract. The hearing officer shall hear the case in the same manner as if it were before the board and upon conclusion of the hearing, shall report his findings of fact and his conclusions and recommendations based thereon to the board and to the teacher. The board shall render the final decision.

Both parties may be present at the hearing, be represented by counsel, require witnesses to be under oath, cross examine witnesses, take a record of the proceedings, and require the presence of witnesses in their behalf upon subpoena to be issued by the superintendent. The hearing officer of any member of the board of education may administer oath to witnesses. The board by the vote of a majority of its membership may enter upon its minutes an order of demotion or termination. If the decision of the board is against demotion or termination of the contract, the charges and the record of the hearing shall be physically expunged and, if the teacher has been suspended, he shall be paid his full salary for the period of the suspension.

Any person aggrieved by a final decision and order in a contested case is entitled to judicial review. This does not prevent resort to other means of review, redress, relief, or trial de novo, including the right of trial by jury, provided by law.

Proceedings for review shall be instituted in the circuit court within thirty days after the preliminary ruling or within thirty days after service of the certified copy of the final decision and order of the agency pursuant to the provisions of the Hawaii Rules of Civil Procedure, except where a statute provides for a direct appeal to the supreme court and in such cases the appeal shall be in like manner as an appeal from the circuit court to the supreme court. The court in its discretion may permit other interested persons to intervene.

Within fifteen days after the designation of the record on appeal, or within such further time as the court may allow, the agency shall transmit to the reviewing court the designated record of the proceeding under review. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

If, before the date set for hearing, application is made to the court for leave to present additional evidence material to the issue in the case, and it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it in the proceeding
before the agency, the court may order that the additional evidence be taken before the agency upon such conditions as the court deems proper. The agency may modify its findings, decision, and order by reason of the additional evidence and shall file with the reviewing court, to become a part of the record, the additional evidence, together with any modifications or new findings or decision.

The review shall be conducted by the court without a jury and shall be confined to the record, except that in the cases where a trial de novo, including trial by jury, is provided by law and also in cases of alleged irregularities in procedure before the agency not shown in the record, testimony thereon may be taken in court. The court shall, upon request by any party, hear oral argument and receive written briefs.

Upon review of the record the court may affirm the decision of the agency or remand the case with instructions for further proceedings; or it may reverse or modify the decision and order if the substantial rights of the petitioners may have been prejudiced because the administrative findings, conclusions, decisions, or orders are:

1. In violation of constitutional or statutory provisions; or
2. In excess of the statutory authority or jurisdiction of the agency; or
3. Made upon unlawful procedure; or
4. Affected by other error of law; or
5. Clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or
6. Arbitrary, or capricious, or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

EVALUATION: The department of education shall establish an evaluation program for all teachers and educational officers. The evaluation shall be performed at least once in each school year. The program shall define the criteria for evaluation and assign responsibilities for the application of the criteria. The evaluation of the teacher or educational officer shall be on the basis of efficiency, ability, and such other criteria as the department shall determine.

The private hearing shall be held no sooner than ten days and no later than twenty days following the receipt of the request unless the parties otherwise agree. These procedures also shall not be subject to Chapter 28A of this code. The secretary of the board shall notify the teacher in writing of the date, time and location of the private hearing, and at least five days before the hearing shall also furnish to the teacher any documentation which may be presented to the board at the private hearing and a list of persons who may address the board in support of the superintendent's recommendation at the private hearing. At least three days before the hearing, the teacher shall provide any documentation he or she expects to present at the private hearing, along with the names of all persons who may address the board on behalf of the teacher. This exchange of information shall be at the time specified unless otherwise agreed.

The participants at the private hearing shall be at least a majority of the members of the board, their legal representatives, if any, the superintendent, the superintendent's designee, the teacher's representatives, if any, the teacher, the teacher's representatives, if any, and the witnesses for the parties. The evidence at the private hearing shall be limited to the specific reasons stated in the superintendent's notice of recommendation of termination. No participant in the hearing shall be liable for any damages to any person if any statement at the hearing is determined to be erroneous as long as the statement was made in good faith. The superintendent shall present evidence and argument on all issues involved and the teacher may cross-examine, respond and present evidence and arguments in his or her behalf relevant to all issues involved. Evidence may be by stipulation of the parties and informal settlement may be made by stipulation, consent, or default, or by any other method agreed upon by the parties in writing. The board shall employ a certified shorthand reporter to keep a record of the private hearing. The proceedings or any part thereof shall be transcribed at the request of either party with the expense of transcription charged to the requesting party.

The presiding officer of the board may administer oaths in the same manner and with like effect and under the same penalties as in the case of magistrates exercising criminal or civil jurisdiction. The board shall cause subpoenas to be issued for such witnesses and the production of such books and papers as either the board or the teacher may designate. Subpoenas shall be signed by the presiding officer of the board.

In case a witness is duly subpoenaed and refuses to attend, or in case a witness appears and refuses to testify or to produce required books or papers, the board shall, in writing, report such refusal to the district court of the
State law: Iowa

county in which the administrative office of the school district is located, and the court shall proceed with the person or witness as though the refusal had occurred in a proceeding legally pending before the court.

The board shall not be bound by common law or statutory rules of evidence or by technical or formal rules of procedure, but it shall hold the hearing in such manner as best suited to ascertain and conserve the substantial rights of the party. Process and procedure under this section shall be as summary as reasonably may be.

At the conclusion of the private hearing, the superintendent and the teacher may file written briefs and arguments with the board within three days or such other time as may be agreed upon.

If the teacher fails to timely request a private hearing or does not appear at the private hearing, the board may proceed and make a determination upon the superintendent's recommendation, which determination in that case shall be not later than April 10, or not later than five days after the scheduled date for the private hearing, whichever is applicable. The board shall convene in open session and by roll call vote determine the termination or continuance of the teacher's contract.

Within five days after the private hearing, the board shall, in executive session, meet to make a final decision upon the recommendation and the evidence as herein provided. The board shall also consider any written brief and arguments submitted by the superintendent and the teacher.

The record for a private hearing shall include:

(a) All pleadings, motions and intermediate rulings;

(b) All evidence received or considered at all other submissions;

(c) A statement of all matters officially noticed;

(d) All questions and offers of proof, objections and rulings thereon;

(e) All findings and exceptions;

(f) Any decisions, opinion or conclusion by the board;

(g) Findings of fact shall be based solely on the evidence in the record and on matters officially noticed in the record.
The decision of the board shall be in writing and shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts and supporting the findings. Each conclusion of law shall be supported by cited authority or by recent opinion.

When the board has reached a decision, opinion or a conclusion, it shall convene in open meeting and by roll call vote determine the continuance or discontinuance of the teacher's contract. The record of the private conference and findings of fact and exceptions shall be exempt from the provisions of Chapter 68A of the Code. The secretary of the board shall immediately mail notice of the board's action to the teacher.

APPEAL REQUIREMENT:

If the teacher is no longer a probationary teacher, the teacher may, within ten days, appeal the determination of the board to an adjudicator by filing a notice of appeal with the secretary of the board. The notice of appeal shall contain a concise statement of the action which is the subject of the appeal, the particular board action appealed from, the grounds on which relief is sought and the relief sought.

Within five days following receipt by the secretary of the notice of appeal, the board or the board's legal representative, if any, and the teacher or the teacher's representative, if any, may select an adjudicator who resides within the boundaries of the merged area in which the school district is located. If an adjudicator cannot be mutually agreed upon within the five day period, the secretary shall notify the chairman of the Public Employment Relations Board by transmitting the notice of appeal, and the chairperson of the Public Employment Relations Board shall within five days provide a list of five adjudicators to the parties. Within three days from receipt of the list of adjudicators, the parties shall select an adjudicator by alternately removing a name from the list until only one name remains. The person whose name remains shall be the adjudicator. The parties shall determine by lot which party shall remove the first name from the list, submitted by the chairperson of the Public Employment Relations Board. The secretary of the board shall inform the chairperson of the Public Employee Relations Board of the name of the adjudicator selected.

If the teacher does not timely request an appeal to an adjudicator the decision, opinions or conclusion of the board shall become final and

94
Within thirty days after filing the notice of appeal, or within further time allowed by the adjudicator, the board shall transmit to the adjudicator the original or certified copy of the entire record of the private hearing which may be subject of the petition. By stipulation of the parties to review the proceedings, the record of the case may be shortened. The adjudicator may require or permit subsequent corrections or additions to the shortened record.

The record certified and filed by the board shall be the record upon which the appeal shall be heard and no additional evidence shall be heard by the adjudicator. In such appeal to the adjudicator, especially when considering the credibility of witnesses, the adjudicator shall give weight to the fact findings of the board; but should not be bound by them.

Before the date set for hearing a petition for review of board action, which shall be within ten days after receipt of the record unless otherwise agreed or unless the adjudicator orders additional evidence be taken before the board, application may be made to the adjudicator for leave to present evidence in addition to that found in the record of the case. If it is shown to the adjudicator that the additional evidence is material and that there were good reasons for failure to present it in the private hearing before the board, the adjudicator may order that the additional evidence be taken before the board on conditions determined by the adjudicator. The board may modify its findings and decision in the case by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions, with the adjudicator and mail copies of the new findings or decisions to the teacher.

The adjudicator may affirm board action or remand to the board for further proceedings. The adjudicator shall reverse, modify, or grant any appropriate relief from the board action if substantial rights of the teacher have been prejudiced because the board action is:

(a) In violation of the board rule or policy or contract, or

(b) Unsupported by a preponderance of the competent evidence in the record made before the board when that record is viewed as a whole, or

(c) Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.
The adjudicator shall, within ten days after the hearing, make a decision and shall give a copy of the decision to the teacher and the secretary of the board. The decision of the adjudicator shall become the final and binding decision on the board unless either party within ten days notifies the secretary of the board that the decision is rejected. The board may reject the decision by majority vote, by roll call, in open meeting and entered into the minutes of the meeting. The board shall immediately notify the teacher of its decision by certified mail. The teacher may reject the adjudicator's decision by notifying the board's secretary in writing within ten days of the filing of such decision.

All costs of the adjudicator shall be shared equally by the teacher and the board.

If either party rejects the adjudicator's decision, the rejecting party shall within ten days of the initial filing of such decision, appeal to the district court of the county in which the administrative office of the school district is located. The notice of appeal shall be immediately mailed by certified mail to the other party. The adjudicator shall transmit to the reviewing court the original or a certified copy of the entire record which may be the subject of the petition. By stipulation of all parties to the review proceedings, the record of such a case may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional cost. The court may require or permit subsequent corrections or additions to the shortened record.

In proceedings for judicial review of the adjudicator's decision, the court shall not hear any further evidence but shall hear the case upon the certified record. In such judicial review, especially when considering the credibility of witnesses, the court shall give weight to the fact findings of the board; but shall not be bound by them. The court may affirm the adjudicator's decision or remand to the adjudicator or the board for further proceedings upon conditions determined by the court. The court shall reverse, modify, or grant any other appropriate relief from the board decision or the adjudicator's decision equitable or legal and including declaratory relief if substantial rights of a petitioner have been prejudiced because the action is:

(a) In violation of constitutional or statutory provisions; or

(b) In excess of the statutory authority of the board or the adjudicator; or
EVALUATION:

(c) In violation of a board rule or policy or contract; or

(d) Made upon unlawful procedure; or

(e) Affected by other error of law; or

(f) Unsupported by a preponderance of the competent evidence in the record made before the board and the adjudicator when that record is viewed as a whole; or

(g) Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

Any aggrieved or adversely affected party to the judicial review proceeding may obtain a review of any final judgment of the district court by appeal to the Supreme Court. The appeal shall be taken in other civil cases, although the appeal may be taken regardless of the amount involved.

The board shall establish evaluation criteria and shall implement evaluation procedures.

As a part of the termination proceedings, the teacher’s complete personnel file of employment by that board shall be available to the teacher, which file shall contain a record of all periodic evaluations between the teacher and appropriate supervisors.

The first two consecutive years of employment of a teacher in the same school district are a probationary period. However, a board of directors may waive the probationary period for any teacher who previously has served a probationary period in another school district and the board may extend the probationary period for an additional year with the consent of the teacher.

Should a probationary teacher’s contract be not renewed the teacher is entitled to the due process procedures stipulated under the Notice Requirement and Hearing Requirement headings of this analysis. The teacher may not appeal the board’s decision to an adjudicator. The board’s decision shall be final and binding unless the termination was based upon an alleged violation of a constitutionally guaranteed right of the teacher or an alleged violation of public employee rights of the teacher.
The superintendent or the superintendent's designee shall notify the continuing contract or probationary teacher not later than March 15 that the superintendent will recommend in writing to the board at a regular or special meeting of the board held not later than March 31 that the teacher's continuing contract be terminated effective at the end of the current school year.

NOTES:

Board member liability:
No school board member shall be liable for any damages to any teacher if any such statement is determined to be erroneous as long as such statement was made in good faith.

Administrator contract:
Administrators are covered by a separate continuing contract law.

Suspension:
The superintendent may suspend a teacher under this section pending hearing and determination by the board.
STATE: Kansas

STATUTE: Kansas Statutes. Title 60, Section 2101; Title 72, Sections 5410 through 5412A, 5436 through 5445, and 9001 through 72-9006.

SCOPE: "Teacher" shall mean teachers, supervisors, principals, superintendents and any other professional employees who are required to hold a teacher's or school administrator's certificate in any public school.

PROBABLE CAUSE DETERMINATION: Local board of education.

CAUSE: All teachers' contracts shall be in full force and effect during good behavior and efficient and competent service rendered by the teacher.

NOTICE REQUIREMENT: Whenever a teacher is given written notice of intention not to renew the teacher's contract or whenever such a teacher is terminated before the end of his or her contract term, the teacher shall be given a written notice of the proposed nonrenewal or termination including (1) a statement of the reasons for the proposed nonrenewal or termination, and (2) a statement that the teacher may have the matter heard by a hearing committee, upon written notice filed with the clerk of the board of education or the secretary of the board of trustees within 15 days from the date of such notice of nonrenewal or termination that he or she desires to be heard and designating therein one hearing committee member. Upon the filing of any such notice, the board shall, within 15 days thereafter, designate one hearing committee member. Two hearing committee members shall designate a third hearing committee member who shall be the chairman and who shall in all cases be a resident of the state of Kansas. In the event that the two hearing committee members are unable to agree upon a third hearing committee member within five days after the designation of the second hearing committee member, a district judge in the home county of the school district or community junior college shall appoint the third hearing committee member upon application of the teacher or either of the first two hearing committee members.

HEARING REQUIREMENT: The hearing shall afford procedural due process, including the following:

(a) The right of each party to have counsel of such party's own choice present and to receive the advice of such counsel or other person whom such party may select, and

(b) The right of each party or such party's counsel to cross-examine any person who provides information for the consideration of the hearing committee, except those persons whose testimony is presented by affidavit, and

(c) The right of each person to present such party's own witnesses in person, or their testimony by affidavit or deposition, except that when presented by affidavit the same shall be served upon the clerk of the board of education, or the secretary of the board of trustees, or the agents of the board and upon the teacher in person or by first class mail to the address of the teacher which is on file with the board, not less than ten days prior to presentation at the hearing committee, and

(d) The right of the teacher to testify in his or her own behalf and give reasons for his or her conduct, and the right of the board to present its testimony through such persons as it may call to testify for its behalf and to give reasons for its actions, rulings or policies, and

(f) The right of the teacher to a fair and impartial decision based on substantial evidence.

Testimony at a hearing may, upon the request of either party shall be taken by a certified shorthand reporter or electronically recorded, and shall be transcribed upon request of either party or upon direction by a court. The costs for any such subscription shall be borne by the board of education.

All other costs of a hearing which are not specifically allocated in this section shall be borne equally by the parties.

At any meeting of a hearing committee, when authorized by a majority of the committee, any member may:

(a) Administer oaths;

State law: Kansas

(e) Call and examine witnesses and introduce into the record documentary and other evidence;

(f) Regulate the course of the hearing and dispose of procedural requests, motions and similar matters, and

(g) Take any other action necessary to make the hearing accord with administrative due process.

Hearings shall not be bound by rules of evidence: provided however that the burden of proof shall initially rest upon the board in all instances other than when the allegation is that the teacher's contract has been terminated or nonrenewed by reason of the teacher having exercised the constitutional right. All relevant evidence shall be admissible except that the hearing committee may in its discretion exclude any evidence if it believes that its probative value is substantially outweighed by the fact that its admission will necessitate undue consumption of time.

Unless otherwise agreed to by both the board and the teacher, the hearing committee shall render a written recommendation not later than 30 days after the close of the hearing, setting forth its findings of fact and recommendation as to the determination of the issues. The recommendation of the hearing committee shall be submitted to the board which shall, after considering the hearing committee's recommendation and after hearing all argument or receiving written briefs from the teacher and a representative of the board, decide whether the teacher's contract shall be renewed or terminated.

The board's decision shall be final, subject to appeal to the district court.

A judgment rendered or final order made by a court or any other tribunal, board or officer exercising judicial or quasi-judicial functions, and inferior in jurisdiction to the district court, may be reversed, vacated or modified by the district court. If no other means for perfecting such an appeal is provided by law, it shall be sufficient for an aggrieved party to file a notice that he is appealing from such judgment or order with such court, tribunal, board or officer within thirty days of its entry, and then causing true copies of all pertinent proceedings before such court, tribunal, board or officer to be prepared and filed with the clerk of the district court of the county in which such judgment or order was entered. The clerk shall docket the same as an action in the district court, which court shall then proceed to review the same, either with or without additional pleadings and evidence, and enter such order or judgment as justice shall require. A docket fee shall be required by the clerk of the district court.
as in the filing of an original action. When an action is
filed in the district court on appeal or removal from an
inferior court the jurisdiction of the district court shall
not be limited to only such matters as were within the jurisdic-
tion of the lower court, and the district court may by
order permit the issues to be enlarged in the same manner
and to the same extent as if the action had been originally
commenced in the district court.

The supreme court shall have jurisdiction to correct, modify,
vacate, or reverse any act, order, or judgment of a district
court in order to assure that any such act, order or judg-
ment is just, legal, and free of abuse.

Every board shall adopt a written policy of personnel evalu-
ation procedure in accordance with this act and file the
same with the state board. Every policy shall:

a. Be prescribed in writing at the time of original
adoption and at all times thereafter when amend-
ments thereto are adopted. The original policy
and all amendments thereto shall be promptly filed
with the state board.

b. Include evaluation procedures applicable to all
employees.

c. Provide that all evaluations are to be made in
writing and that evaluation documents and response
therefor are to be maintained in a personnel file
for each employee for a period of not less than
three years from the date each evaluation is made.

d. Provide that commencing not later than the 1974-
1975 school year, every employee in the first two
consecutive years of his employment shall be
evaluated at least two times per year, and that
every employee during the third and fourth years
of his employment shall be evaluated at least
one time each year, and that after the fourth
year of his employment every employee shall be
evaluated at least once in every three years.

Evaluation policies should meet the following criteria:

a. Consideration should be given to the following
personal qualities and attributes: Efficiency,
personal qualities, professional deportment,
ability, health (both physical and mental), results
and performance, including in the case of teachers
the capacity to maintain control of students, and
such other matters as may be deemed material.

b. Community attitudes toward, support for, and expect-
tations with regard to educational programs should
be reflected.
PROBATION:
The original policy and amendments should be developed by the board in cooperation with the persons responsible for making evaluations and the persons who are to be evaluated, and to the extent practicable, consideration should be given to comment and suggestions from other community interests.

d. Evaluations are to be made by personnel designed by the board. The board shall place primary responsibility upon members of the administrative staff in making such evaluations.

c. Persons to be evaluated should participate in their evaluations; including an opportunity for self-evaluation.

Whenever any evaluation is made of an employee, the written document shall be presented to the employee, and the employee shall acknowledge such presentation by his signature. At any time not later than two weeks after such presentation, the employee may respond in writing. Except by order of a court of competent jurisdiction, evaluation documents and responses thereto shall be available only to the evaluated employee, the board, the administrative staff, the state board of education, the board and the administrative staff of any school to which such employee applies for employment, and other persons specified by the employee in writing to his board.

The due process provisions apply only to those teachers who have completed two consecutive years of employment in the school district, or community junior college, except where a teacher alleges his or her termination or nonrenewal is the result of his or her having exercised a constitutional right. Recent court decisions however have held that non-tenured teachers have due process rights despite the fact that they are not covered by the statutory law. Any board may waive such two year requirement for any teachers employed by it who, prior to such employment, were teachers who had completed not less than two consecutive years of employment in any school district or community junior college in the state.

CONTRACT RENEWAL
DATES:
Written notice must be served by a board upon a teacher on or before the 15th day of March.
The term "teacher" shall mean any person for whom certification is required as a basis of employment in the public schools of the state with the exception of the superintendent.

PROBABLE CAUSE DETERMINATION: Superintendent.

CAUSE: The contract of the teacher shall remain in force during good behavior and efficient and competent service by the teacher and shall not be terminated except for any of the following causes:

(a) Insubordination, including but not limited to (1) violations of lawful rules and regulations established by the local board of education for the operation of schools, and (2) refusal to recognize or obey the authority of the superintendent, principal, or any other supervisory personnel of the board in the performance of their duties;

(b) Immoral character or conduct unbecoming a teacher;

(c) Physical or mental disability;

(d) Inefficiency, incompetency, or neglect of duty, when a written statement identifying the problem or difficulties has been furnished the teacher, or

When by reason of decreased enrollment of pupils or by reason of suspension of schools or territorial changes affecting the district, a board of education decides that it will be necessary to reduce the number of teachers, it shall have full authority to make reasonable reduction. But, in making such reduction, the board shall proceed to suspend contracts in accordance with the recommendation of the superintendent of schools who shall, within each teaching field affected, give preference to teachers on continuing contracts and to teachers who have greater seniority. Teachers whose continuing contracts are suspended have the right of restoration in continuing service status in the order of seniority of service in the district if and when teaching positions become vacant or are created for which any of such teachers are or become qualified.

NOTICE REQUIREMENT: No contract shall be terminated unless the teacher is furnished with a written statement, specifying in detail the charge or charges against said teacher, signed by the chairman and
HEARING REQUIREMENT:

The date for the hearing shall not be less than twenty nor more than thirty days after the service of such charges upon the teacher.

The teacher shall within ten days after the receipt of the written statement of such charges notify the board of education of his intention to appear and answer such charges, and upon failure of the teacher to give such notice, the board of education may dismiss the teacher by a majority vote and such dismissal shall be final.

Upon receipt of a teacher's notice of intention to appear and answer such charges, the board of education shall issue such subpoenas as shall be necessary for the determination of the issues involved. The issue shall be heard at the time and place set and the hearing shall be public or private at the discretion of the teacher. Both parties may be represented by counsel and may require the presence of witnesses upon subpoena. Each witness shall be required to take oath or affirmation before an officer of the board of education. The board of education shall provide for a stenographic report of the proceedings and furnish the teacher with a copy. Upon completion of both sides of the case the board of education may by majority vote dismiss the teacher or may defer action for not more than five days.

The teacher shall have a right to make an appeal both as to law and as to fact to the circuit court. If said appeal is not made within thirty days after dismissal, then the decision of the board of education shall be final. Such appeal shall be in original action in the court and shall be commenced by the filing of a petition against such board of education, in which petition the facts shall be alleged upon which the teacher relies for a reversal or modification of the order of termination of contract. Upon service or waiver of summons in said appeal, such board of education shall forthwith transmit to the clerk of said court for filing a transcript of the original notice of charges and a transcript of all evidence produced at the hearing before such board, whereupon the cause shall be at issue without further pleading and shall be advanced and heard without delay. The court shall examine the transcript and record of the hearing before the board of education and shall hold such additional hearings as it may deem advisable, and which it may consider other evidence in addition to such transcript and record. Upon final hearing, the court shall grant or deny the relief prayed for in the petition as may be proper under the provisions of this law and in accordance with the evidence produced at the hearing. Either the teacher or the board of education may appeal from the action of the court to the court of appeals.
Charges by the school board in relation to the termination of a continuing contract shall be supported by written records of teacher performance by the superintendent, principal, or other supervisory personnel of the board.

When a currently employed teacher is recommended for reemployment after teaching four (4) consecutive years in the same district, or after teaching four (4) years which shall fall within a period not to exceed six (6) years in the same district, the year of present employment included, the superintendent shall recommend said teacher for a continuing contract, and, if the teacher is employed by the board of education, a written continuing contract shall be issued.

When a teacher has attained continuing contract status in one district and becomes employed in another district, the teacher shall retain that status provided, however, that a district may require a one-year probationary period of service in that district before granting that status.

Any teacher employed under a limited contract and ineligible for a continuing contract shall at the expiration of such limited contract be deemed reemployed under the provisions of this law for the succeeding school year at the same salary plus any increment or decrease as provided by the salary schedule, unless the employing board shall give such teacher written notice on or before the fifteenth day of May of its intention not to reemploy him; upon request by the teacher, such written notice shall contain the specific reason or reasons why the teacher is not being reemployed.

For teachers on limited contracts, the employing board shall give such teacher written notice on or before the fifteenth day of May of its intention not to reemploy him.

The superintendent shall be eligible for continuing contract status when he meets all the requirements prescribed in the law for continuing contracts for teachers.

An administrator who has not completed three years of administrative service, not including leave granted by approving the superintendent's recommendation for demotion and by complying with the requirements of the law.

A local board of education may demote an administrator who has completed three years of administrative service, not including leave, cannot be demoted unless due process procedures have been complied with.
Retirement: Continuing contracts service shall expire when a teacher reaches the age of sixty-five.

Suspension: The board of education may, on recommendation of the superintendent, suspend a teacher pending final action to terminate his contract if, in his judgment, the character of the charges warrants such action. If after the hearing the decision of the board is against termination of contract, the suspended teacher shall be paid his full salary for a period of such suspension.

Any teacher or principal or superintendent of school employed at the discretion or any superintendent employed under a contract, for the duration of his contract, or any principal or supervisor.

School committee.

Inefficiency, incapacity, conduct unbecoming a teacher or superintendent, insubordination or other good cause.

The school district shall have the right to dismiss a teacher whenever an actual decrease in the number of pupils in the school of the town renders such action advisable. In case a decrease of the number of pupils in the school of a town renders advisable the dismissal of one or more teachers, a teacher who is serving at the discretion of a school committee shall not be dismissed if there is a teacher not serving at discretion whose position the teacher serving at discretion is qualified to fill.

A tenured teacher or superintendent employed under a contract, for the duration of his contract, shall not be dismissed except for cause nor unless at least thirty days, exclusive of customary vacation periods, prior to the meeting at which the vote is to be taken, he shall have been notified of such intended vote; nor unless he so requests, he shall have been furnished by the committee with a written charge or charges of the cause or causes for which his dismissal is proposed.

If the tenured employee requests, he shall be given a hearing before the school committee which may be either public or private at the discretion of the school committee, and at which he may be represented by counsel; present evidence and call witnesses to testify in his behalf and examine them. The superintendent shall give the committee his recommendations thereon.

The school committee may dismiss any teacher, but no teacher and no superintendent, other than a union superintendent and a superintendent of schools in the city of Boston, shall be dismissed unless by a two-thirds vote of the whole committee.

The employee may within thirty days appeal to the superior court in the county in which the person was or is employed.
State law: Massachusetts

The court shall advance the appeal for a speedy hearing and after such notice to the parties as it deems reasonable, it shall hear witnesses, review such action, and determine whether or not upon all the evidence such action was justifiable. If the court finds such action was justifiable, the action of the school committee shall be affirmed; otherwise, it shall be reversed and the appellant shall be reinstated to the position without loss of compensation. The decision of the court shall be final, except as to matters of law.

Any tenured teacher or superintendent employed under a contract, for the duration of his contract who has incurred expense in defending himself against an unwarranted removal or suspension shall be reimbursed for such expense from the same source from which the salary is paid; provided, however, that the amount of such reimbursement shall in no event exceed ten percent of the amount of the usual compensation of such person for the period during which such removal or suspension was in effect; and provided, further, that such teacher or superintendent makes written application to the school committee for such reimbursement.

The teacher has the right to inspect written records regarding his performance.

Every school committee in electing a teacher who has served in its public schools for three previous consecutive years shall employ him to serve at its discretion, but any school committee may elect a teacher who has served in its schools for not less than one year to serve at such discretion.

Any teacher not employed at discretion and who has been teaching for more than 90 days shall not be dismissed for any reason unless at least 15 days, exclusive of customary vacation periods, prior to the meetings at which the vote is to be taken, he shall have been notified of such intended vote and, if, he so requests he shall have been furnished by the committee with the written statement of the cause or causes for which the dismissal is proposed and if he so requests he has been given a hearing before the school committee at which he may be represented by counsel, present evidence and call witnesses to testify in his behalf and examine them and the superintendent shall have given the committee his recommendation thereon.

A teacher not serving at discretion (on probation) shall be notified in writing on or before April 15th whenever such person is not to be employed for the following school year. Unless said notice is given as herein provided the teacher not serving at discretion shall be deemed to be appointed for the following school year.
A school committee may award a contract for a superintendent of schools for a period not exceeding six years. Nothing in this section shall be construed to prevent a school committee from voting to employ the superintendent of schools who has completed three or more years service to serve at its discretion (i.e., to receive tenure).

No principal, supervisor, assistant principal, or professional employee performing the duties of a principal, supervisor, assistant principal, by whatever title his position may be known, who has served in that position for over three years shall without his consent be demoted except for inefficiency, incapacity, unbecoming conduct, insubordination, or other good cause; or unless at least 30 days exclusive of customary vacation periods, prior to the meeting at which the vote is to be taken, he shall have been notified of such intended vote. Nor unless he so requests he shall have been furnished by the committee with the written charge or charges of the cause or causes for which his demotion is proposed nor unless he so requests he has been given a hearing before the school committee which may be either public or private at the discretion of the school committee and at which he may be represented by counsel, present evidence and call witnesses to testify in his behalf and examine them, nor unless the charge or charges shall have been substantiated nor unless the superintendent shall have given the committee his recommendations thereon.

STATE LAW: Missouri

State, or physical or mental condition which incapacitates him for instructing or associating with children, and then only by a vote of not less than a majority of all members of the board.

Inefficiency in line of duty is cause for dismissal only after the teacher or principal has been notified in writing at least one semester prior to the presentation of charges.

This shall not in any way restrict or limit the power of the board of education to make reductions in the number of teachers or principals, or both, because of insufficient funds, decrease in pupil enrollment, or abolition of particular subjects or courses of instruction.

Whenever it is necessary to decrease the number of teachers or principals or both, because of insufficient funds or a substantial decrease in pupil population within the school district the board of education may cause the necessary number of teachers or principals, or both, beginning with those serving probationary periods, to be placed on leave of absence without pay, but only in the inverse order of their appointment.

The indefinite contract of a permanent teacher may not be terminated by the board of education until after service upon the teacher of written charges specifying with particularity the grounds alleged to exist for termination of such contract; notice of a hearing on charges and a hearing by the board of education on charges if requested by the teacher.

At least 30 days before the service of charges of incompetency, inefficiency, or insubordination in line of duty, the teacher shall be given by the school board or the superintendent of schools warning in writing, stating specifically the causes which, if not removed, may result in charges. Thereafter, both the superintendent or his designated representative, and the teacher shall meet and confer in an effort to resolve the matter.

Notice of a hearing upon charges, together with a copy of charges, shall be served on the permanent teacher at least 20 days prior to the date of a hearing. The notice and copy of the charges may be served upon the teacher by certified mail with personal delivery addressed to him at his last known address. If the teacher or his agent does not within 10 days after receipt of the notice request a hearing on the charges, the board of education may, by majority vote, order the contract of the teacher terminated. If a hearing is requested by either the teacher or the board of education, it shall take place not less than 20 nor more than 30 days after notice of a hearing has been furnished the permanent teacher.
Metropolitan Districts:

Written charges shall be presented by the superintendent of schools to the school board, to be heard by the board after 30 days' notice, with copy of the charges served upon the person against whom they are preferred.

Statewide:

If a hearing is requested on the termination of an indefinite contract, it shall be conducted by the board of education in accordance with the following provisions:

(1) That the hearing shall be public;

(2) Both the teacher and the person filing charges may be represented by counsel who may cross-examine witnesses;

(3) Testimony at hearings shall be on oath or affirmation administered by the president of the board of education who shall have the authority to administer oaths;

(4) The school board shall have the power to subpoena witnesses and documentary evidence and shall do so on its own motion or at the request of the teacher against whom the charges have been made. The school board shall hear testimony on all witnesses named by the teacher; however, the school board may limit the number of witnesses to be subpoenaed on behalf of the teacher to not more than 10.

The board of education shall employ a stenographer who shall make a full record of the proceedings of the hearings and who shall, within 10 days after the conclusion thereof, furnish the board of education and the teacher, at no cost to the teacher, with a copy of the transcript of the record, which shall be certified by the stenographer to be complete and correct. The transcript shall not be open to public inspection, unless the hearing on the termination of the contract was an open hearing or if an appeal from the decision of the board is taken by the teacher.

All costs of the hearing shall be paid by the school board except the cost of counsel for the teacher.

The decision of the board of education resulting in the demotion of a permanent teacher or the termination of an indefinite contract shall be by a majority vote of the members of the board of education and the decision shall be made within seven days after the transcript is furnished them.
A written copy of the decision shall be furnished the teacher within three days thereafter.

The person who charges are filed against shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. Notifications received by an employee during a vacation period shall be considered as received on the first day of the school term following.

At the request of any person so charged the hearing shall be public.

The teacher shall have the right to appeal from the decision of the board of education to the circuit court of the county where the employing school district is located. The appeal shall be taken within 15 days after service of a copy of the decision of the board of education upon the teacher, and if an appeal is not taken within the time, then the decision of the board of education shall become final.

The appeal may be taken by filing notice of appeal with the board of education, whereupon the board of education, under its certificate, shall forward to the court all documents and papers on file in the matter, together with a transcript of the evidence, the findings and the decision of the board of education, which shall thereupon become the record of the cause.

Appeals from the circuit court shall be allowed in the same manner as in civil actions, except that the original transcript prepared and filed with the circuit court by the board of education, together with the transcript of the proceedings had in the circuit court, shall constitute the transcript on appeal in the appellate court. The board of education shall make available, to the parties, copies of any transcript prepared and filed by it in the circuit court and upon final determination of the cause in the appellate court the original record of the board of education filed as a part of the transcript on appeal shall be certified back to the board of education by the appellate court. In all appeals from the board of education or circuit court the costs thereof shall be assessed against the losing party as provided by law in civil cases. All appeals to the circuit court and appellate courts shall have precedence over all cases except election contests.

If a circuit court finds for the teacher, he shall be restored to permanent teacher status and shall receive compensation for the period during which he may have been suspended from work, and such other relief as may be granted by the court.

Decision of board is final.
EVALUATION:

Statewide:

In determining the professional competency of or the efficiency of a permanent teacher, consideration should be given to regular and special evaluation reports prepared in accordance with the policy of the employing school district and to any written standards of performance which may have been adopted by the school board.

If in the opinion of the board of education any probationary teacher has been doing unsatisfactory work, the board of education through its authorized administrative representative, shall provide the teacher with a written statement definitely setting forth his alleged incompetency and specifying the nature thereof, in order to furnish the teacher an opportunity to correct this fault or overcome his incompetency. If improvement satisfactory to the board of education has not been made within 90 days of the receipt of the notification, the board of education may terminate the employment of the probationary teacher immediately or at the end of the school year.

Metropolitan Districts:

Probationary employees:

During the probationary period any probationary teacher or principal whose work is unsatisfactory shall be furnished by the superintendent of schools with a written statement setting forth the nature of his incompetency. If improvement satisfactory to the superintendent is not made within one semester after the receipt of the statement, the probationary teacher or principal shall be dismissed. The semester granted the probationary teacher or principal in which to improve shall not be a means of prolonging the probationary period beyond three years and six months from the date on which the teacher or principal entered the employ of the board of education.

PROBATION:

Statewide:

If a principal, assistant principal, or supervisor has been reemployed three times within a school district, the school board, if requested in writing by the employee within 10 days after receipt of notice of demotion or lack of reemployment on the same terms and in the same staff position shall make available in writing a statement of reasons for demotion or lack of reemployment within 10 days after receipt of the request. The board shall grant the employee a hearing if requested in writing by him within 10 days after the receipt of statement of reasons, the hearing to be held within 10 days after the request therefor, and to be open at the request of the employee. The employee may have counsel at the hearing, may testify and offer testimony of witnesses as well as other evidence sustaining his defense and may cross examine adverse witnesses.
A "permanent teacher" is any teacher who has been employed or who is hereafter employed as a teacher in the same school district for five consecutive years and who has continued or who thereafter continues to be employed as a full-time teacher by the school district; except that when a permanent teacher resigns or is permanently separated from employment by a school district, and is afterwards reemployed by the same school district, reemployment for the first year does not constitute an indefinite contract but if he is employed for the succeeding year, the employment constitutes an indefinite contract.

The term "probationary teacher" means any teacher as herein defined who has been employed full time in the same school district for five successive years or less. A teacher recognized as a full-time teacher by a public school retirement system shall be recognized as a full-time teacher under this law. In the case of any probationary teacher who has been employed in any other school system as a full-time teacher for two or more years, the board of education shall waive one year of his probationary period.

Any motion to terminate the employment of a probationary teacher shall include only one person and must be approved by a majority of the members of the board of education. A tie vote thereon constitutes termination.

Any probationary teacher who is not notified of the termination of his employment shall be deemed to have been appointed for the next school year, under the terms of the contract of the preceding year.

The first three years of employment of all teachers and principals entering the employment of the metropolitan school districts shall be deemed a period of probation during which period all appointments of teachers and principals shall expire at the end of each school year.

Certificated teachers ineligible for permanent status under the Teacher Tenure Act

Each school board shall notify each certificated employee in writing concerning his reemployment in his present staff position or lack thereof on or before the 15th day of April of the year in which the contract then in force expires. Failure on the part of a board to give the notice constitutes reemployment on the same terms and in the same staff position as those provided in the contract of the current fiscal year;
and not later than the first day of May of the same year the board shall present to each certificated employee not so notified a regular contract the same as if he had been regularly reemployed.

On or before the 15th day of April but not before April 1 of each school year, the board of education shall notify a probationary teacher who will not be retained by the school district of the termination of his employment.

Any probationary teacher who is not notified of the termination of his employment shall be deemed to have been appointed for the next school year, under the terms of the contract for the preceding year. A probationary teacher who is informed of reelection by written notice of tender of contract on or before the 15th day of April but not before April 1 shall within 15 days thereafter present to the employing board of education a written acceptance or rejection of the employment offered.

The board of education of a school district may modify an indefinite contract annually on or before the 15th day of April. All teachers affected by the modification shall be furnished written copies of the modifications within 30 days after their adoption by the board of education.

Metropolitan Districts:

The superintendent of schools on or before the 15th day of April in each year shall notify probationary teachers or principals who will not be retained by the school district of the termination of their services. Any probationary teacher or principal who is not so notified shall be deemed to have been appointed for the next school year.

NOTES:

Administrator Contracts:

Suspension:

Statewide: On the filing of charges the board of education may suspend the teacher from active performance of duty until a decision is rendered by the board of education but the teacher's salary shall be continued during such suspension. If a
decision to terminate a teacher's employment by the board of education is appealed, and the decision is reversed, the teacher shall be paid his salary lost during the pending of the appeal.

Metropolitan Districts: Pending the hearing of the charges, the person charged may be suspended if the rules of the board so prescribe, but in the event the board does not by a majority vote of all the members remove the teacher or principal upon charges presented by the superintendent, the person shall not suffer any loss of salary by reason of suspension.

The hearing shall be held as soon as possible after selection of the panel or hearing officer. At the hearing the employee may appear with counsel and may present testimony and examine witnesses. The technical rules of evidence do not apply. The hearing officer or commission may require testimony under oath and the production of relevant evidence. The district and the employee shall split the cost of the hearing. The final report of the hearing officer or commission shall be within thirty days of their selection. If necessary the time limit may be extended to forty days. The officer or commission shall make findings of fact law and make recommendations for action. Within five days of this decision the superintendent may withdraw the charges or file the recommendation with the board. At the next regular meeting of the board they shall either accept or reject the hearing recommendations and notify the teacher of the action, or they may refer the matter back to the commission or officer for more evidence.

APPEAL REQUIREMENT: Appeal is taken by filing in district court within thirty days of the final decision. Review is on the record except that proof may be offered of alleged procedural irregularities not shown by the record. The court may reverse or modify due to constitutional violation, excess of statutory authority, unlawful procedure, error of law, a clearly erroneous decision, or an arbitrary or a capricious decision. Further appeal may be taken to the Supreme Court.

EVALUATION: Each local board of directors shall establish an evaluation policy after consultation with elected representatives, teachers and others. Such policy may include self-evaluation, student evaluation, administrative or peer

Administrators are to be evaluated at least once per year. Whenever an administrator believes a teacher should be admonished for reasons he believes may lead to dismissal or nonrenewal, he shall notify the teacher in writing, provide assistance in correcting the problem and allow a reasonable period of time for such correction. This procedure need not precede immediate dismissal or nonrenewal if on grounds of (f), (g), (h), or (p) from the probable cause section.

A probationary period shall exist for the first three consecutive years of employment within a district. Upon a transfer to another district there shall be a probationary period for two consecutive years in the new district.

A probationary teacher may be dismissed at any time at the discretion of the board, by the same procedure discussed above, except that the board decision is final and there is no appeal.

On or before April 1 of each year the board of trustees shall notify certificated employees in writing concerning their reemployment for the ensuing year. If the board should fail in this, the employee shall be deemed to be reemployed for the ensuing year. The employee must accept the offer by April 10. Failure to notify the board of its acceptance by that time shall be conclusive evidence of the employee's rejection of the contract.

A superintendent may suspend a certificated employee if he feels it is necessary. If this is done, the superintendent must initiate dismissal proceedings within ten days. If sufficient grounds do not exist, the employee shall be reinstated without any loss in pay.
STATE: New Hampshire

The school board, upon receipt of said request, shall provide for a hearing on the request to be held within fifteen days. The school board shall issue its decision in writing within fifteen days of the close of the hearing.

APPEAL REQUIREMENT: A teacher aggrieved by such decision may request the state board of education for review. The request must be in writing and filed with the state board within ten days after the issuance of the decision to be reviewed. Upon receipt of such request, the state board shall notify the school board of the request for review, and shall forthwith proceed to a consideration of the matter. The consideration shall include a hearing if either party shall request it. The state board shall issue its decision within fifteen days after the request for review is filed, and the decision of the state board shall be final and binding upon both parties.

Should an employee be removed by a superintendent, the person removed may appeal to the commissioner of education if such appeal is made, the teacher or other employee shall remain in service until an order has been issued by the commissioner, unless dismissed by the school board in accordance with the provisions of this law. The commissioner shall prescribe the manner in which appeals shall be made, and when one is made shall investigate the matter in any way he sees fit and make such order as justice requires.
EVALUATION: Superintendents shall direct and supervise the work of teachers, and for cause may remove a teacher or other employee of the district.

PROBATION: Teachers with less than three years experience in the same school district do not have a right of hearing should the school board decide not to nominate or reelect them for contract.

Teachers who have taught for less than one year in the same school district have no set date by which they must be notified if they are not to be renominated or reelected.

CONTRACT RENEWAL DATES: Any teacher who has a professional standards certificate from the state board of education and who has taught for one or more years in the same school district shall be notified in writing on or before March 15th if he is not to be renominated or reelected.

Following this the board then considers the charge to determine by majority vote if probable cause exists. The board will then notify the commissioner and the employee of its decision. The commissioner will review the charges and if he believes that they do not warrant dismissal or a reduction in salary the charges shall be dropped and the employee notified.

The board shall notify the employee of its decision as to probable cause forthwith. This notice shall be made personally or by certified mail. If no decision or notice of decision is made within forty-five days, the charges are deemed to have been dropped. except principals of the district, supervisor, administrators and all other members of the supervising staff, of school districts employing eight or more teachers, other than city school districts and school districts having a population of 4,500 or more and employing a superintendent of schools, shall be appointed for a probationary period of three years by a majority vote of the board of education or trustees upon the recommendation of the district superintendent of schools from lists submitted to such district superintendent by the principal of the district in which they are to be employed. Any principal of the district, however, shall be appointed by such school authorities upon the recommendation of the district superintendent of schools. On or before the expiration of the probationary term of a person appointed for such term, the principal of the district shall make a written report to the board of education or trustees recommending for appointment on tenure those persons who have been found competent, efficient and satisfactory. The employee may be suspended pending a hearing on the charges and the final determination thereof. In no case shall a teacher or other non-supervisory employee subject to the tenure provisions of this section be suspended more than ninety days pending hearing and determination of charges, and the imposition of penalty or punishment. A tenured teacher may not be deprived of pay between the time of suspension and the board's ultimate decision.
CITY: New York City

STATUTE: McKinney's Consolidated Laws of New York, Education Code. Section 2590-J.

5. A violation of the bylaws, rules or regulations of the city board, chancellor, or the community board; or
6. Any substantial cause that renders the employee unfit to perform his obligations properly to the service.

NOTICE REQUIREMENT: No such employee who has served the full and appropriate probationary period shall be found guilty of any charges except after hearing and by the affirmative vote of a majority of all the members of the community board. The community board shall have the right to impose a penalty on an employee, consistent of a reprimand, a fine, suspension for a fixed time without pay, or dismissal, or transfer within the district or any one or more of them.

The community superintendent, in advance of the filing of charges and specifications, shall inform the employee accused and the community board of the nature of the complaint. No charges shall be brought more than six months after the occurrence of, the discovery thereof, or the date when discovery should have occurred upon the exercise of due diligence, of the alleged incompetency or misconduct except where the charge is of misconduct constituting a crime when committed.

The employee charged shall be given an opportunity to be heard, in person or by counsel, including the right to receive a copy of the charges and specifications, and shall be entitled to cross examine opposing witnesses and to call and examine witnesses in his own behalf.

HEARING REQUIREMENT: The community board on receipt of a notice of charges by the community superintendent against any employee shall appoint one or more trial examiners. The assigned trial examiner or

The report of any such trial examiner shall be subject to final action by the community board, each member of which shall before voting review the testimony and acquaint himself with the evidence in the case. The community board may reject, confirm or modify the report of the trial examiner or examiners. The decision of the community board shall be based solely upon the record of the proceedings before the trial examiner, and shall set forth the reasons and the factual basis for the decision. A vote of the majority of all the members of the board shall be necessary for finding of guilt and to impose a penalty or punishment.

The employee may appeal to the city board from any adverse determination or penalty imposed by such community board. The city board after reviewing the record in the case, shall have the power to make a final determination in the case subject to any provisions for arbitration that may exist in agreements between the city board and the organization representing such employee, not inconsistent with applicable law. Nothing contained in this section shall preclude an aggrieved employee from seeking a review of such final determination by the commissioner or the court as prescribed by law.

No person who has served the full and appropriate probationary period shall be found guilty of any charges except after a hearing. (The exact time period for the probation is not addressed in this section.)

If the chancellor shall determine that the nature of the charge requires the immediate removal of

the employee from his assigned duties, he may suspend such employee for a period not exceeding 90 days pending hearing and determination of charges, provided however, that such employee shall be entitled to receive full compensation during the period of suspension. In case the employee is acquitted, he shall be restored to his position.
North Carolina

General Statutes of North Carolina. Section 115-142.

"Teacher" means a person who holds at least a current, not expired, Class A certificate or a regular, not provisional or expired, vocational certificate issued by the state department of public instruction; whose major responsibility is to teach or directly supervise teaching or who is classified by the state board of education or is paid as a classroom teacher; and who is employed to fill a full-time, permanent position.

No superintendent, associate superintendent, assistant superintendent, or other school employee who is a teacher is eligible to obtain tenure if he no longer performs responsibilities of a teacher.

Superintendent's recommendation.

For both probationary and tenured teacher no teacher shall be dismissed or demoted or employed on a part-time basis except for: (a) inadequate performance, (b) immorality, (c) insubordination, (d) neglect of duty, (e) physical or mental incapacity, (f) habitual or excessive use of alcohol or non-medical use of a controlled substance, (g) conviction of a felony or a crime involving moral turpitude, (h) advocating the overthrow of the government of the United States or of the state of North Carolina by force, violence, or other unlawful means, (i) failure to fulfill the duties and responsibilities imposed upon teachers by the general statutes of this state, (j) failure to comply with such reasonable requirements as the board may prescribe, (k) any cause which constitutes grounds for the revocation of such career teacher's teaching certificates; or (l) a justifiable decrease in the number of positions due to district reorganization or decreased enrollment, provided that the law is complied with, (m) failure to maintain one's certificate in a current status.

When a career teacher is dismissed for reason of justifiable decrease in number of positions, his or her name shall be placed on a list of available teachers to be maintained by the board. Career teachers whose names are placed on such a list shall have a priority on all positions for which they are qualified which become available in the system for the three consecutive years succeeding the dismissal. However, if the school system offers the dismissed teacher a position for which he is certified and he refuses it, his name shall be removed from the priority list.

In determining whether the professional performance of a career teacher is adequate, consideration shall be given to regular and special evaluation reports prepared in accordance
State law: North Carolina

with the published policy of the employing school system and to published standards of performance which have been adopted by the board. Failure to notify a career teacher of an inadequacy in his or her performance shall be conclusive evidence of satisfactory performance.

Dismissal shall not be based on conduct or actions which occurred more than three years before the written notice of the superintendent’s intention to recommend dismissal is mailed to the teacher. Dismissal may however be based on conviction of felony or a crime involving moral turpitude even when such occurred more than 3 years before the written notice of intent.

Before recommending to a board the dismissal or demotion of the career teacher, the superintendent shall give written notice to the career teacher by certified mail of his intention to make the recommendation and shall set forth as part of his recommendation the grounds upon which he believes the dismissal is justified. The notice shall include a statement to the effect that if the teacher within fifteen days after the date of receipt of the notice requests a review, he shall be entitled to have the proposed recommendations of the superintendent reviewed by a panel of the professional review committee. (A committee which consists of 121 citizens, 11 from each of the state's congressional districts, 5 of whom shall be lay persons and six of whom shall have been actively and continuously engaged in teaching or in supervision or in administration of schools in this state for the five years preceding their appointment and who are broadly representative of the profession, to be appointed by the superintendent of public instruction with the advice and consent of the state board of education.) A copy of this statute and a current list of the members of the professional review committee shall also be sent to the career teacher. If the teacher does not request the panel hearing within fifteen days provided, the superintendent may submit his recommendation to the board.

Within the fifteen-day period after receipt of the notice, the career teacher may file with the superintendent a written request for either (1) a review of the superintendent’s proposed recommendation by a panel of the professional review committee, or (2) a hearing before the board within ten days. If the teacher requests an immediate hearing before the board, he forfeits his right to a hearing by a panel of the professional review committee. If no request is made within that period, the superintendent may file his recommendation with the board. The board, if it sees fit, may by resolution dismiss such teacher. If a request for review is made, the superintendent shall not file his recommendation for dismissal with the board until a report of a panel of the committee is filed with the superintendent.
If a request for review is made, the superintendent, within five days of filing such request for review, shall notify the superintendent of public instruction who, within seven days from the time of receipt of such notice, shall designate a panel of five members of the committee (at least two of whom shall be lay persons) who shall not be employed in or be residents of the county in which the request for review is made, to review the proposed recommendations of the superintendent for the purpose of determining whether in its opinion the grounds for the recommendation are true and substantiated. The teacher or principal making the request for review shall have the right to require that at least two members of the panel shall be members of his professional peer group.

The career teacher and superintendent will each have the right to designate in their respective written requests for review not more than 30 of the 121 members of the professional review committee as not acceptable to the teacher or superintendent respectively. No person so designated shall be appointed to the panel. Failure to designate non-acceptable members in accordance with this subsection shall constitute a waiver of that right.

As soon as possible after the time of its designation, the panel shall elect a chairman and shall conduct such investigation as it may consider necessary for the purpose of determining whether the grounds for the recommendation are true and substantiated. The panel shall be furnished assistance reasonably required to conduct its investigation and shall be empowered to subpoena and swear witnesses and to require them to give testimony and to produce books and papers relevant to its investigation.

The career teacher and superintendent involved shall each have the right to meet with the panel accompanied by counsel or other persons of his choice and to present any evidence and arguments which he considered pertinent to the consideration of the panel and to cross examine witnesses.

When the panel has completed its investigation, it shall prepare a written report and send it to the superintendent and teacher. The report shall contain an outline of the scope of its investigation and its findings as to whether or not the grounds for the recommendation of the superintendent are true and substantiated. The panel shall complete its investigation and prepare the report within twenty days of the time of its designation, except in cases in which the panel finds that justice requires that a greater time be spent in connection with the investigation and the preparation of such report, and reports that finding to the superintendent and the teacher, provided that such extension does not exceed ten days.

Within five days after the superintendent receives the report of the panel, he shall submit his written recommendation for
HEARING REQUIREMENT:

dismissal to the board with a copy to the teacher, or shall
drop the charges against the teacher. His recommendation
shall state the grounds for the recommendation and shall be
accompanied by a copy of the report of the panel of the
committee.

Within seven days after receiving the superintendent's recom-

mendation and before taking any formal action, the board
shall notify the teacher by certified mail that it has received
the superintendent's recommendation and the report of the
panel. The notice shall state that if the teacher requests a
hearing before the board on the superintendent's recom-

mendation, a hearing will be provided at the time and place
specified in the notice. The time specified shall not be
sooner than seven nor later than twenty days after the teacher
receives the notice. The notice shall further state that if
the board does not receive the teacher's written notification
that he wants a hearing before the board, such notice to be
given within five days after he has received the board's
notice, it may by resolution dismiss the teacher. If the
teacher can show that his request for a hearing was postmarked
within the time provided, his right to a hearing is not
forfeited.

The following provisions shall be applicable to any hearing:

1. The hearing shall be private.

2. The hearing shall be conducted in accordance with such
reasonable rules and regulations as the board may adopt
or if no rules have been adopted, in accordance with
reasonable rules and regulations adopted by the state:
board of education to govern such hearings.

3. At the hearing the teacher and superintendent shall have
the right to be present and to be heard, to be repre-
sented by counsel and to present through any competent
testimony relevant to the issues whether grounds for
dismissal or demotion exist, whether the procedures
for employment or dismissal have been followed.

If the panel found that the grounds for recommendation of the
superintendent are true and substantiated, at the hearing the
board shall consider the recommendation of the superintendent,
the report of the panel, including any minutes of report and
any evidence with which the teacher or superintendent may
wish to present with respect to the question of whether the
grounds for the recommendation are true and substantiated.

The hearing may be conducted in an informal manner; if,
after considering the recommendation of the superintendent,
the report of the panel and the evidence adduced at the
hearing, the board concludes that the grounds for the recom-
mandation are true and substantiated, the board, if it sees
fit, may by resolution order such dismissal.

State law: North Carolina
If the board does not find that the grounds for the recommendation of the superintendent are true and substantiated, at the hearing the board shall determine whether the grounds for the recommendation of the superintendent are true and substantiated upon the basis of competent evidence adduced at the hearing by witnesses who shall testify under oath or affirmation to be administered by any board member or the secretary of the board. The procedure at the hearing shall be such as to permit and secure a full, fair and orderly hearing and to permit all relevant competent evidence to be received therein. The report of the panel of the committee shall be deemed to be competent evidence. A full record shall be kept of all evidence taken or offered at such hearing. Both counsel for the system and the career teacher or his counsel shall have the right to cross examine witnesses.

At the request of either the superintendent or the teacher, the board shall issue subpoenas requiring the production of papers or records or the attendance of persons residing within the state before the board. The board shall pay witness fees for up to five witnesses subpoenaed on behalf of the teacher who are not residents of the county in which the dismissal originated or who are not employees of the board.

At the conclusion of the hearing the board shall render its decision on the evidence submitted at such hearing.

Within five days following the hearing the board shall send a written copy of its findings and order to the teacher and superintendent. The board shall provide for making a transcript of its hearing. If the teacher contemplates an appeal through a court of law, he may request and shall receive at no charge a transcript of the proceeding.

Any teacher who has been terminated by an action of the board after a hearing shall have the right to appeal from the decision of the board to the superior court for the judicial district in which the teacher is employed. The appeal shall be filed within a period of thirty days after notification of the decision of the board. The cost of preparing the transcript shall be borne by the board. The appeal shall be based on the local hearing record and review of the prior proceedings.

The superintendent shall maintain in his office a personnel file for each teacher that contains any complaint, commendation, or suggestion for correction or improvement about the teacher. The complaint, commendation, or suggestion shall be signed by the person who makes it and shall be placed in the teacher file only after five days' notice to the teacher. Any denial or explanation relating to such complaint, commendation or suggestion that the teacher desires to make shall be placed in the file.
In determining whether the professional performance of a
career teacher is adequate, consideration shall be given to
regular and special evaluation reports prepared in accordance
with the published policy of the employing school system and
to any published standards of performance which have been
adopted by the board. Failure to notify a career teacher of
an inadequacy in his or her performance shall be conclusive
evidence of satisfactory performance.

When a teacher will have been employed by a North Carolina
public school system for three consecutive years, the board,
near the end of the third year, shall vote upon his employ-
ment for the next school year. The board shall give him
written notice of that decision at least thirty days before
the end of his third year of employment. If a majority of
the board votes to reemploy him, he becomes a career teacher
on the first day of the fourth year of his employment. If a
majority of the board votes to reemploy him, he becomes a
career teacher. If the board votes to reemploy the teacher
and thus grant career status at the beginning of the next
school year, and if it has notified him of this decision, it
may not later rescind that action but must proceed under the
provisions of this section for the demotion or discharge of
a teacher if it decides to terminate his employment.

If a majority of the board votes against reemploying the
teacher, he shall not teach beyond the current school term.
If the board fails to vote on granting career status but
reemploys him for the next year, he automatically becomes a
career teacher on the first day of the fourth year of emplo-
ment.

A teacher who has obtained career status in another North
Carolina public school system need not serve a probationary period of more than two years, and may, at the option
of the board, be reemployed immediately as a career teacher.

In any event, if the teacher is reemployed for a second con-
secutive year, he shall automatically become a career teacher.

A teacher with career status who resigns and within five
years seeks to be reemployed by the same school system need
not serve another probationary period of more than one year
and may, at the option of the board, be reemployed as a
career teacher. In any event, if he is reemployed for a
second consecutive year, he shall automatically become a
career teacher.

The board of any public school system may not discharge a
probationary teacher during the school year except for the
reasons for and by the procedures by which a career teacher
may be dismissed.

The board, upon recommendation of the superintendent, may
refuse to renew the contract of any probationary teacher or
to reemploy any teacher who is not under contract for any
cause it deems sufficient; provided, however, that the cause

may not be arbitrary, capricious, discriminatory or for personal or political reasons.

A probationary teacher whose contract will not be renewed for the next school year shall be notified of this fact not less than 30 days before the end of his employment period.

A career teacher who has performed the duties of a principal or supervisor in a particular position in the school system for three consecutive years shall not be transferred from that position to a lower-paying administrative position or to a lower-paying non-administrative position without his consent except for cause and in accordance with the procedure for the dismissal of a career teacher set out in this section.

If a board believes that cause exists for dismissing a probationary or career teacher for the reasons stated under "b" through "h" in the Cause section of this text (see page 1 of the North Carolina law) and that immediate suspension of the teacher is necessary, the board may by resolution suspend him without pay and without giving notice and a hearing.

If a board thinks a probationary or career teacher's performance is so inadequate that an emergency situation exists requiring the teacher to be removed immediately from his duties, the board shall give him written notice that it plans to suspend him and the reasons for the planned action. No less than two nor more than five days after the teacher receives the board's notice, the board shall hold a hearing on whether it should suspend the teacher. The hearing procedures provided in this act shall be followed and all teacher evaluations and other information in the teacher's personnel file shall be made available to the board. If the board finds it necessary to suspend the teacher, it may by resolution suspend him without pay.

Within five days after suspension under this section, the superintendent shall initiate a dismissal as provided in this section. If it is finally determined that no grounds for dismissal exist, the teacher shall be reinstated immediately and shall be paid for the period of suspension.
The term "teacher" includes all teachers, principals and superintendents and all persons employed in teaching in any state institution except institutions of higher learning.

A school board may dismiss a teacher effective immediately for any of the following causes:

(a) Immoral conduct, insubordination or conviction of a felony;
(b) Conduct unbecoming a teacher;
(c) Failure without justifiable cause to perform contracted duties;
(d) Gross inefficiency in which the teacher has failed to correct after reasonable written notice; or
(e) Continuing physical or mental disability which renders him unfit or unable to perform his duties as a teacher.

Reasons for nonrenewal shall be sufficient to justify the contemplated action of the board and shall not be frivolous or arbitrary, but shall be related to the ability, competence or qualifications of the teacher as a teacher, or the necessity of the district such as lack of funds calling for a reduction in the teaching staff.

Any teacher who has been employed by a school district shall be notified in writing of the determination not to renew his contract.

The teacher shall be informed in writing of the time and place for a special meeting of the school board to be held prior to the final decision of the matter. The teacher shall simultaneously be informed in writing of his right to demand a specification of the reasons for such discharge, which must be furnished, not less than five days prior to the meeting to be held on the question of contemplated discharge.
The school board shall notify such teacher in writing of the contemplated nonrenewal. The teacher shall be informed in writing of the time and place of the special school board meeting for the purpose of discussing and acting upon such contemplated nonrenewal. The teacher shall also be informed in writing of the reasons for such nonrenewal.

If the teacher has informed the board in writing at least two days prior thereto that he will contest the charges brought against him, the board must sustain the charges with evidence produced at such hearing with witnesses he shall be subject to cross examination by the teacher or his representative. The teacher may then produce such witnesses as may be necessary to refute the charges, which witnesses shall be subject to cross examination. The proceedings may at the request of either party be transcribed by a court reporter at the expense of the person requesting such transcript and the witnesses may on demand of either party be placed under oath by a person authorized by law to administer oath. The meeting shall be an executive session of the board unless both the school board and the teacher requesting such meeting shall agree that it shall be open to other persons or the public. The teacher may be represented at the meeting by two representatives of his own choosing. In addition to board members, the school district clerk and the superintendent, the school board may be represented by two other representatives of its own choosing at such executive session. If the teacher so requests he may be granted a continuance for not to exceed seven days by the board unless for good cause otherwise shown. No cause of action for libel or slander shall exist for any statement expressed either orally or in writing at any executive session of the school board held for the purposes provided in this section.

At the meeting with the board the teacher may then produce such evidence as may be necessary to evaluate the reasons for nonrenewal and either party may produce witnesses or confirm or refute the reasons. The school board shall give an explanation and shall discuss and confirm at such meeting its reasons for the contemplated nonrenewal of the contract. The meeting shall be an executive session of the board unless both the school board and the teacher shall agree that it shall be open to other persons or the public. The teacher may be represented at such meeting by any two representatives of his own choosing. In addition to board members, the school district clerk, and the superintendent, the school board may be represented by two other representatives of its own choosing at such executive session. Upon such hearing if the teacher so requests he shall be granted a continuance of not to exceed seven days. No cause of action for libel or slander shall exist for any statement expressed either orally or in writing at any executive session of the school board held for the purposes of this section.
The board's final determination not to renew a contract if made in good faith shall be final and binding on all parties.

The legislature urges that each school board ensure through formally adopted policies that channels of communication exist between the Board, supervisory personnel, and teachers employed within its school system.

Not addressed.

Ten days prior to the date of the contemplated discharge.

April 15.

The school board by unanimous vote may suspend a teacher from regular duty if such action is deemed desirable during the process of determining if cause for dismissal exists. If upon final decision the teacher is dismissed the board may in its discretion determine the teacher's salary or compensation as of the date of suspension. If the final decision is favorable to the teacher, there shall be no abatement of salary or compensation.
"Teacher" means all persons certified to teach and who are employed in the public schools of this state as instructors, principals, supervisors, superintendents, or in any other educational position for which the state board of education requires certification including certification and employees in an educational position, as determined by the state board of education, under programs provided for by federal grants or regulations and financed in whole or in part from federal funds, but for which no certification requirements for the position can be made under the provision of such federal acts and regulations.

The school board.

The contract of a teacher may not be terminated except for gross inefficiency or immorality; for willful and persistent violations of reasonable regulations of the board of education; or for other good and just cause.

When by reason of decreased enrollment of pupils, return to duty of regular teachers after leaves of absence, or by reason of suspension of school or territorial changes affecting the district, a board of education decides that it will be necessary to reduce the number of teachers, it may make a reasonable reduction. In making such reduction, the board shall proceed to suspend contracts in accordance with the recommendation of the superintendent of schools who shall, within each teaching field affected, give preference to teachers on continuing contracts and to teachers who have greater seniority. Teachers whose continuing contracts are suspended, shall have the right of restoration to continuing service status in the order of seniority of service in the district if and when teaching positions become vacant or are created for which any of such teachers are or become qualified.

Before terminating any contract, the employing board shall furnish the teacher with a written notice signed by its clerk of its intention to consider the termination of his contract with full specification of the grounds for such consideration. Such boards shall not proceed with formal action to terminate the contract until after the 10th day after receipt of such notice by the teacher.

Within 10 days after receipt of such notice from the clerk of the board, the teacher may file with the clerk a written demand for a hearing before the board or before a referee.
and the board shall set a time for the hearing which shall be within 30 days from the date of receipt of the written demand, and the clerk shall give the teacher at least 20 days notice in writing of the time and place of such hearing. If a referee is demanded by either the teacher or the board, the clerk shall also give 20 days' notice to the superintendent of public instruction. No hearing shall be held during the summer vacation without the teacher's consent. Such hearing shall be private unless the teacher requests a public hearing. The hearing shall be conducted by a referee, if demanded, otherwise, it shall be conducted by a majority of the members of the board and shall be confined to the grounds given for such termination. The board shall provide for a complete stenographic record of the proceedings, a copy of such record to be furnished to the teacher.

Both parties may be present at the hearing, be represented by counsel, require witnesses to be under oath, cross examine witnesses, take a record of the proceedings, and require the presence of witnesses on their behalf upon subpoena to be issued by the clerk of the board. Any member of the board or the referee may administer oath to witnesses. After a hearing by a referee, the referee shall file his report within 10 days after the termination of the hearing. After consideration of the referee's report, the board by a majority vote may accept or reject the referee recommendation on the termination of the teacher's contract. After a hearing by the board, the board by majority vote may enter its determination upon its minutes. Any order of termination of a contract shall state the grounds for termination. If the decision after hearing, is against termination of the contract, the charges in the record of the hearing shall be physically expunged from the minutes, and if the teacher has suffered any loss of salary by reason of being suspended, he shall be paid his full salary for the period of such suspension.

Any teacher affected by an order of termination of contract may appeal to the court of common pleas of the county in which the school is located within 30 days after receipt of notice of the entry of such order. Such appeal shall be an original action in said court and shall be commenced by the filing of a petition against such board, in which petition the facts shall be alleged upon which the teacher relies for a reversal or modification of such order of termination of contract. Upon service or waiver of summons in said appeal, such board shall immediately transmit to the clerk of said court, for filing a transcript of the original papers filed with the board, a certified copy of the minutes of the board into which the termination finding was entered, and a certified transcript of all evidence adduced at the hearing or hearings before such board or a certified transcript of all evidence adduced at the hearing or hearings before the referee, whereupon the cause shall be at issue without further pleading.
and shall be advanced and heard without delay. The court shall examine the transcript and record of the hearing and shall hold such additional hearings as it deems advisable, at which it may consider other evidence in addition to such transcript and record.

Upon final hearing, the court shall grant or deny the relief prayed for in the petition as may be proper in accordance with the evidence adduced in the hearing. Such an action is a special proceeding and either the teacher or the board may appeal therefrom.

The superintendent may recommend reemployment of a probationary teacher, under a limited contract, provided that written notice of the intention to make such recommendation has been given to the teacher with reasons directed at the professional improvement of the teacher on or before the 30th day of April.

Teachers eligible for continuing service status in any school district shall be those teachers qualified as to certification, who within the last 5 years have taught for at least 3 years in the district, and those teachers who, having attained continuing contract status elsewhere, have served 2 years in the district, but the board of education, upon the recommendation of the superintendent of schools, may at the time of employment or any time within such two-year period, declare any of the latter teachers eligible.

Upon the recommendation of the superintendent that a teacher eligible for continuing service status be reemployed, a continuing contract shall be entered into between the board and such teacher unless the board by a three-fourths vote of its full membership rejects the recommendation of the superintendent. The superintendent may recommend reemployment of such teacher, if continuing service status has not previously been attained elsewhere, under a limited contract not to exceed 2 years, provided that written notice of the intention to make such recommendation has been given to the teacher with reasons directed at the professional improvement of the teacher on or before the 30th day of April, and provided that written notice from the board of education on its action on the superintendent's recommendation has been given to the teacher on or before the 30th day of April, but upon subsequent reemployment only a continuing contract may be entered into. If the board of education does not give such teacher written notice of its action on the superintendent's recommendation of the limited contract for not to exceed 2 years before the 30th day of April, such teacher is deemed reemployed under a continuing contract at the same salary plus any increment provided by the salary schedule. Such teacher is presumed to have accepted employment under such continuing contract unless he notifies the board in writing to the
A teacher eligible for continuing contract status employed under an additional limited contract for not to exceed two years pursuant to written notice from the superintendent of his intention to make such recommendation, is, at the expiration of such limited contract, deemed reemployed under a continuing contract at the same salary plus any increment granted by the salary schedule, unless the employing board, acting on the superintendent's recommendation as to whether or not the teacher should be reemployed, gives such teacher written notice of its intention not to reemploy him on or before the 30th day of April. Such teacher is presumed to have accepted employment under such continuing contract unless he notifies the board in writing to the contrary on or before the 1st day of June, and a continuing contract shall be executed accordingly.

A limited contract may be entered into by each board with each teacher who has not been in the employ of the board for at least three years and shall be entered into, regardless of length of previous employment, with each teacher employed by the board who holds a provisional or temporary certificate.

Any teacher employed under a limited contract, and not eligible to be considered for a continuing contract, is, at the expiration of such limited contract, deemed reemployed under the provisions of this section at the same salary plus any increment provided by the salary schedule unless the employing board, acting on the superintendent's recommendation as to whether or not the teacher should be reemployed, gives such teacher written notice of its intention not to reemploy him on or before the 30th day of April. Such teacher is presumed to have accepted such employment unless he notifies the board in writing to the contrary on or before the 1st day of June, and a written contract for the succeeding school year shall be executed accordingly. The failure of the parties to execute a written contract shall not void the automatic reemployment of the teacher.

Contracts for the employment of teachers are of two types, limited contracts and continuing contracts. A limited contract for teachers may not exceed a term of five years.

A continuing contract is a contract which shall remain in effect until the teacher resigns, elects to retire, reaches retirement age or until it is terminated or suspended and shall be granted only to teachers holding professional, permanent, or life certificates.

been furnished the employee within ten days following the date of such rating. The rating of a temporary professional employee shall be done as provided in the evaluation section of this law.

A temporary professional employee whose work has been certified by the district superintendent to the secretary of the school district, during the last four months of the second year of such service, as being satisfactory shall hereafter be a "professional employee" within the meaning of this article. The attainment of this status shall be recorded in the records of the board and written notification thereof shall be sent also to the employee. The employee shall then be tendered forthwith a regular contract of employment as provided to professional employees.

No professional employee who has attained tenure status in any school district of this commonwealth shall hereafter be required to serve as a temporary professional employee before being tendered such contract when employed by any other part of the public school system of the commonwealth.

of substantial decline in class or course enrollments or to conform with standards of organization or educational activities required by law or recommended by the department of public instruction;

(2) Consolidation of schools, whether within a single district, through a merger of districts, or as a result of joint board agreements, when such consolidation makes it unnecessary to retain the full staff of professional employees;

(4) When new school districts are established as a result of reorganization of school districts and when such reorganization makes it unnecessary to retain the full staff of professional employees.

Whenever a board of school directors decreases the size of the staff of professional employees, the suspensions to be made shall be determined by the district superintendent on the basis of efficiency rank determined by ratings made in accordance with standards and regulations determined by rating cards prepared by the department of public instruction, as required by the evaluation section of this act. It shall be the duty of boards of school directors to cause to be established a permanent record system, containing ratings for each professional employee employed within the district. Copies of all ratings for the year shall be transmitted to the professional employee upon his or her request; or, if any rating during the year is unsatisfactory, a copy of same shall be transmitted to the professional employee concerned. No professional employee shall be dismissed under this act unless such rating records have been kept on file by the board of school directors.

In cases in which suspensions are to be made, professional employees shall be retained on the basis of seniority rights, acquired within the school district of current employment, where no differences in ratings are found. Seniority rights shall also prevail where there is no substantial difference in rating. In cases where there are substantial differences in rating of those under consideration for suspension, seniority shall be given consideration in accordance with principals and standards of weighting incorporated in the rating cards. Where there is a merger, jointure or union district formed or when new school districts are established as the result of reorganization of school districts all professional employees shall retain the seniority rights they had at the time of such merger, jointure, union or reorganization of school districts.
No suspended employee shall be prevented from engaging in other occupation during the period of such suspension. Suspended professional employees shall be reinstated in the inverse order of their suspension. No new appointments shall be made while there are suspended professional employees available, who are professionally certified to fill such vacancies.

Suspension:

Teachers may be suspended for good and just cause but if, after hearing as requested by the teacher, the teacher shall be vindicated, he shall be paid in full for the period of suspension.

A school district may suspend teachers because of a decrease in enrollment, but must rehire based on seniority.
A teacher may be dismissed who fails or who may be incompetent to give instruction in accordance with the directions of the superintendent or who shall be unfit for teaching. Unfitness for teaching is manifested by conduct such as but not limited to: persistent neglect of duty, willful violation of rules and regulations of district board of trustees, drunkennes, violation of the law of this state or the United States, gross immorality, any cause involving moral turpitude, dishonesty, illegal use, sale or possession of drugs or narcotics.

No teacher shall be dismissed unless written notice specifying the cause of dismissal is first given the teacher by the district board of trustees and an opportunity for a hearing has been afforded the teacher. Such written notice shall include the fact that a hearing before the board is available to the teacher upon request.

All notices to be given under this article by the district board shall be given to both parties and the notices to be given by a party shall be served upon the other party prior to the filing. All such notices may be served by registered mail.

Within fifteen days after receipt of notice of suspension or dismissal a teacher may serve upon the chairman of the board or the superintendent a written request for a hearing before the board. If the teacher fails to make such a request or after a hearing the district board of trustees shall take such action and shall enter such order as it deems lawful and appropriate. Within ten days following the hearing the board shall determine whether the evidence showed good and just cause for the notice of suspension or dismissal and shall render its decision accordingly, either affirming or withdrawing the notice of suspension or dismissal.
The hearing shall be public unless the teacher requests in writing that it be private. The district board of trustees may issue subpoenas requiring the attendance of witnesses at any hearings and at the request of the teacher against whom the charges are made shall issue such subpoenas but it may limit the number of witnesses to be subpoened in behalf of the teacher to not more than ten. All testimony at a hearing shall be taken under oath. Any member of the board may administer oath to witnesses. The board shall cause a record of the proceedings to be kept and shall employ a competent reporter to take stenographic or stenotype notes of all the testimony. One-half of the cost of the reporter's attendance and services at the hearing shall be paid by the board and one-half by the teacher. Either party desiring a transcript of the hearing shall pay for the costs thereof.

Any party to such proceedings may cause or be taken the deposition of witnesses.

If the decision of the board is reversed on appeal on a motion of either party the trial court shall order reinstatement and shall determine the amount for which the board shall be liable for damages and court costs. In no event shall any liability extend beyond two years from the effective date of the dismissal. Amounts earned or amounts earnable with reasonable diligence by the person wrongfully suspended shall be deducted for any back pay.

Whenever a superior principal or supervisor charged with the supervision of a teacher finds it necessary to admonish a teacher for a reason that he believes may lead to dismissal or cause the teacher not to be reemployed he shall: (1) bring the matter in writing to the attention of the teacher involved and make reasonable effort to assist the teacher to correct whatever appears to be the cause of potential dismissal or failure to be reemployed, and (2) allow reasonable time for improvement.

New teachers must serve a majority of the school year as a condition precedent to receiving continuing contract protections.
Whenever a superintendent has reason to believe that cause exists for the dismissal of a teacher and when he is of the opinion that the immediate suspension of the teacher is necessary to protect the well-being of the children of the district or is necessary to remove substantial and material disruptive influences in the educational process in the best interest of the children of the district, the superintendent may suspend the teacher without notice and without a hearing. The superintendent shall notify the teacher in writing of the suspension. Such written notice shall include the fact that a hearing before the board is available to the teacher upon request provided such request is made in writing within fifteen days.

The teacher will receive his or her usual compensation during the suspension period. The salary of a suspended teacher shall cease as of the date the board sustains the suspension. If sufficient grounds for suspension are not subsequently found the teacher shall be reinstated without loss of compensation.

The board, or if applicable the superintendent or other administrator, shall, as soon as practicable and upon written request of the teacher, make available to the teacher for review his personnel evaluation file, advise him in writing of the reasons on which the intention not to renew or not to recommend for renewal is based, and afford the teacher an informal, private conference before the board, or, if applicable, before the superintendent or other administrator.

Not earlier than 14 days nor later than 21 days after the notice of intent such teacher shall be notified in writing by the board of the board's determination not to renew the teacher's contract for the ensuing school year. Failure by the board or superintendent to comply with these provisions shall constitute an offer on the part of the board to renew the contract for the ensuing school year under the same terms and conditions as the contract for the then current year. Different terms and conditions may be mutually agreed upon by the board and the teacher at a later time.

Any teacher to whom notification has been given may within seven days after the receipt of the notice, request in writing a hearing before the school board, meeting in executive session, at which hearing the board shall state the reasons for its determination. All statements made or evidence presented at any hearing in executive session will be deemed privileged communication. Such hearing shall be held by the board within seven days after the receipt of such request for
It is required that a hearing be held. At such hearing the teacher and the board each upon two days notice in writing to the other party may have counsel present and shall have full opportunity to present all relevant evidence. After considering all the relevant evidence the board shall sustain or revoke its original determination. Written notice of the final determination shall be delivered to that teacher within seven days after the hearing.

From a decision made by any school board, or by a special committee created under any provisions of the school law relative to a school or school district matter or in respect to any act or proceeding in which such officer, board, or committee purports or assumes to act, an appeal may be taken to the circuit court by any person aggrieved, or by any party to the proceedings, or by any school district interested, within 90 days after the rendering of such decision, provided however, that all legal actions relative to bond issues must be started within ten days.

Any matter so appealed shall be entitled in the name of the aggrieved party as appellant, against the board or special committee, as the case may be, as respondent.

Such appeal shall be taken by serving a notice of appeal upon the school board or special committee or any member thereof, and by filing such notice of appeal in the office of the clerk of the circuit court in the county in which such appeal is taken, together with a bond in the sum of $100 with two or more securitis to be approved by the clerk of said court, conditioned that appellant will pay all costs therein that may be adjudged against him. Such notice must clearly and concisely state the decision or that part of the decision appealed from.

Upon such appeal so taken, the business manager of the school district or the acting clerk of such special committee, shall, within five days thereafter, transmit to said clerk of courts a certified copy of the record of the decision appealed from and of the record of all proceedings had in respect to said matter and all original papers filed in his office and upon the failure of such person so to transmit said record he may be compelled by the circuit court so to do and may be fined for neglect or refusal to transmit the same. Such officer or clerk shall receive the usual copying fees to be taxed as part of the cost of the suit.

The trial in the circuit court shall be de novo according to the rules relating to special proceedings of a civil nature so far as such rules are applicable and not in conflict with the provisions of this chapter and the court shall enter such final judgment or order as the circumstances and every right of the case may require and such judgment or order may be
enforced by writ of execution, mandamus, or prohibition, or by attachment as for contempt.

An appeal from any such final judgment or order may be taken to the supreme court within 60 days after written notice thereof shall have been given to the party desiring to appeal, which appeal shall be perfected, heard, and determined as other appeals and civil cases.

Each school district shall adopt official standards, criteria and procedures for the evaluation of the performance of members of the teaching profession employed in the school district. A copy of the school board's official evaluation policy shall be forwarded to the division of elementary and secondary education. If a school board has failed to adopt and file its official evaluation policy, the evaluation policy promulgated by the commission shall become the school board's policy.

All teachers shall be evaluated and given notice of any deficiency during each semester of the first two full terms of employment.

The school board shall notify in writing a teacher who is in or beyond the third full term of employment in a school district of its intention not to renew the teacher's contract.

Contracts of employment for a classroom teacher for an ensuing school year shall not be issued by a school board prior to the first day of March of the current school year.

After an offer has been created the school must by May first of the current school year submit a written contract of employment for the ensuing school year to the teacher and notify such teacher that the offer to accept such contract must be accepted within fifteen days by a signing of such contract by the teacher. If such teacher does not sign such contract within fifteen days the offer is hereby deemed to be revoked.
STATE: Tennessee

STATUTE: Tennessee Code Annotated. Title 49, Sections 1306 and 1401-1420.

SCOPE: All teachers, supervisors, principals, superintendents and all other certificated personnel employed by any local board of education.

PROBABLE CAUSE DETERMINATION: Any person making charges.

CAUSE: The causes for which a teacher may be dismissed are as follows: incompetence, inefficiency, neglect of duty, unprofessional conduct and insubordination. Teachers may also be dismissed when it becomes necessary to reduce the number of teaching positions because of a decrease in enrollment or for other good reason.

NOTICE REQUIREMENT: Charges against a teacher which would justify dismissal are to be made in writing specifically stating the offenses which are charged and shall be signed by the party or parties making the charges. Following the filing of the charges the board determines whether the charges are such a nature as to warrant dismissal.

If the board determines that the charges are of a nature to warrant dismissal, the superintendent shall give the teacher a written notice of this decision together with a copy of the charges against her and a copy of a form which shall be provided by the state commissioner advising the teacher as to her legal duties, rights and recourse. When a teacher has been dismissed due to a reduction in force, the board shall give the teacher written notice of dismissal, explaining fully the circumstances or conditions making the dismissal necessary.

HEARING REQUIREMENT: Upon receipt of notice the teacher may within 30 days give written notice to the superintendent of her request for a hearing. The superintendent shall then designate a place and time for the hearing which shall not be later than thirty days following the notice demanding a hearing. The teacher may appear at the hearing and plead his cause in person or by counsel. The teacher may present witnesses and shall have a full opportunity to present his contention. Subpoena powers are available. Witnesses shall be under oath and on the request of either party may be barred from the hearing except as they are called to testify. The costs of the proceeding shall be paid by the losing party. The board shall decide the case within ten days and immediately notify the teacher of its findings and decision.
A tenured teacher may obtain judicial review by filing a petition in the chancery court within thirty days from receipt of the board's decision. The petitioner shall give bond for costs. The hearing shall be de novo and may be on deposition and interrogatories or on oral testimony. Any party dissatisfied with the decree of the court may, upon giving bond, appeal to the supreme court where the cause shall be heard on the transcript of the record from the chancery court.

A board may determine the fitness of a teacher who has been dismissed by reduction in force for reemployment on the basis of the board's evaluation of the teacher's competence, compatibility and suitability.

There are two types of tenure existing under present law. Permanent tenure applies to any certificated teacher with a degree from a four-year college and who has completed a probationary period of three school years or not less than twenty-seven months within the last five-year period and the last year to be employed as a regular teacher, and who is reemployed by the board for service after the probationary period. Permanent tenure extends from the time when the teacher acquires the status until such time as the teacher arrives at the maximum age for retirement.

Limited tenure applies to any teacher who is not classified as having permanent tenure but who has completed two years of college but less than a bachelors degree and holds a valid examination certificate covering the grades or subjects taught and who completes a probationary period of three school years or not less than twenty-seven months within a five-year period and who is reemployed by the board for service after the probationary period. Limited tenure extends for a limited period of time and may be extended for a like period of time by meeting certain requirements. Limited tenure however has not been available to new teachers since 1972.

During the probationary period the teacher is under observation to determine his fitness for tenure status.

Teachers shall continue in service until they have received written notice from their board of education of their dismissal or failure of reelection. Said notice must be received prior to April 15.

Retirement: The mandatory retirement age in Tennessee is 70 years. However, tenure status terminates at age 65.
Suspension: A superintendent may suspend a teacher at any time that may seem necessary pending investigation or final disposition of a case or pending an appeal. However, if the teacher is vindicated or reinstated, he shall be paid the full salary for the current period during which he was suspended.

Reduction in force: A tenured teacher dismissed due to a reduction in force will be placed on a preferred list for reemployment. However, the board has the power to determine the fitness of the teacher for reemployment on the basis of the board's evaluation of the teacher's competence, compatibility and suitability.

Teacher transfer: A teacher may be transferred from one location to another within any school system or from one type of work to another for which he is qualified and certificated whenever necessary for efficient operation of the school system. This can be done, however, only by the concurrent action of the superintendent and the board.
STATE: Texas

School district participation in the continuing contract law program is optional.

SCOPE: The term "teacher" means a superintendent, principal, supervisor, classroom teacher, counselor, or other professional employee who is required to hold a valid certificate or teaching permit.

The board of trustees may grant to a person who has served as superintendent, principal, supervisor, or other person employed in any administrative position for which certification is required, at the completion of his service in such capacity, a continuing contract to serve as a teacher, and the period of service in such other capacity shall be construed as contract service as a teacher within the meaning of this subchapter.

PROBABLE CAUSE DETERMINATION: The board of trustees.

CAUSE: Any teacher, whether employed under a probationary contract or a continuing contract, may be discharged during the school year for one or more of the following reasons, which shall constitute lawful cause for discharge:

(1) Immorality;

(2) Conviction of any felony or other crime involving moral turpitude;

(3) Drunkenness;

(4) Repeated failure to comply with official directives and established school board policy;

(5) Physical or mental incapacity preventing performance of the contract of employment; and

(6) Repeated and continuing neglect of duty.

Any teacher employed under a continuing contract may be released at the end of any school year and his employment with the school district terminated at that time, or he may be returned to probationary contract employment for not exceeding the three succeeding school years, upon notice and hearing, if requested, for any of the following additional reasons:

(1) Inefficiency or incompetency in performance of duties;
(2) Failure to comply with such reasonable requirements as the board of trustees of the employing school district may prescribe for achieving professional improvement and growth;

(3) Willful failure to pay debts;

(4) Habitual use of addictive drugs of hallucinogens;

(5) Excessive use of alcoholic beverages;

(6) Necessary reduction of personnel by the school district. Such reductions shall be made in the reverse order of seniority in the specific teaching fields; or

(7) For good cause as determined by the local school board, good cause being the failure of a teacher to meet the accepted standards of conduct for the profession as generally recognized and applied in similarly situated school districts throughout Texas.

Before any teacher shall be discharged during the year for any cause or before any probationary contract teachers shall be dismissed at the end of the school year before the end of the term fixed in his contract, or before any teacher holding a continuing contract shall be dismissed or returned to probationary contract status at the end of the school year he shall be notified in writing by the board of trustees or under its direction of the proposed action and of the grounds assigned therefor.

In the event the grounds for the proposed action relate to the inability or failure of the teacher to perform his assigned duties, the action shall be based upon the written recommendation by the superintendent of schools, filed with the board of trustees. Any teacher so discharged or dismissed or returned to probationary contract status shall be entitled, as a matter of right, to a copy of each and every evaluation report or any other memorandum in writing which has been made touching or concerning the fitness or conduct of such teacher, by requesting a copy of the same.

If the teacher upon notification of any such proposed action fails to request a hearing within 10 days thereof the board of trustees shall take such action and shall enter such order as it deems lawful and appropriate.

If upon written notification of the proposed action, the teacher desires to contest the same, he shall notify the board of trustees in writing within 10 days after the date of
receipt by him of the official notice above prescribed, of
his desire to be heard, and he shall be given a public
hearing if he wishes or if the board of trustees determines
that a public hearing is necessary in the public interest.

Upon any charges based upon grounds of inefficiency or
inability or failure of the teacher to perform his assigned
duties, the board of trustees may in its discretion establish
a committee of classroom teachers and administrators, and the
teacher may request a hearing before this committee prior to
hearing of the matter by the board of trustees.

Within 10 days after request for hearing made by the teacher,
the board of trustees shall fix a time and place of hearing,
which shall be held before the proposed action shall be
effective. Such hearing shall be public unless the teacher
requests in writing that it be private.

At such hearing, the teacher may employ counsel, if desired,
and shall have the right to hear the evidence upon which the
charges are based, to cross examine all adverse witnesses,
and to present evidence in opposition thereto or in extenua-
tion.

If the teacher is reinstated, he shall immediately be paid
any compensation withheld during any period of suspension
without pay. No order adverse to the teacher shall be
entered except upon majority vote of the full membership of
the board of trustees.

If the board of trustees shall order the teacher discharged
during the school year the teacher shall have the right to
appeal such action to the commissioner of education, for
review by him, provided notice of such appeal is filed with
the board of trustees and a copy thereof mailed to the commis-
sioner within 15 days after written notice of the action
taken by the board of trustees shall be given to the teacher;
or, the teacher may challenge the legality of such action by
suit brought within the district court of any county in which
such school district lies within 30 days after such notice of
the action taken by the board of trustees has been given to
the teacher.

If the board of trustees shall order the continuing contract
status of any teacher holding such a contract abrogated at
the end of any school year and such teacher returned to
probationary contract status, or if the board of trustees
shall order that any teacher holding a continuing contract be
dismissed at the end of the school year, or that any teacher
holding the probationary contract shall be dismissed at the
end of the school year before the end of the employment
period covered by such probationary contract, the teacher
affected by such order, after filing notice of appeal with the board of trustees, may appeal to the commissioner of education by mailing a copy of the notice of appeal to the commissioner within 15 days after written notice of the action taken by the board of trustees has been given to the teacher.

Appeals taken before the commissioner of education will be heard de novo.

Either party to an appeal to the commissioner shall have the right to appeal from his decision to the state board of education, according to the procedures prescribed by the state board of education. The decision of the state board of education shall be final on all questions of fact, but shall be subject to appeal to the district court of any county in which such school district or portion thereof lies, if the decision of the state board:

1. Is not supported by the record of substantial evidence;
2. Is arbitrary or capricious;
3. Is in error in the application of existing law to the facts of the case.

EVALUATION: Teachers that are discharged or dismissed or returned to probationary contract status are entitled to every evaluation report made upon that teacher.

PROBATION: Any person who is employed as a teacher by any school district for the first time, or has not been employed by such district for three consecutive years shall be employed under a probationary contract, which shall be for a fixed term as herein stated; provided, that no such contract shall be for a term exceeding three school years beginning on September 1 next ensuing from the making of such contract; and provided further that no such contract shall be made which extends the probationary contract period beyond the end of the third consecutive school year of such teacher's employment by the school district; unless the board of trustees determines and recites that it is, in doubt whether the particular teacher should be given a continuing contract, in which event the probationary contract may be made with such teacher for a term ending with the fourth consecutive school year of such teacher's employment with the school district, at which time the employment of such teacher by such school district shall be terminated, or such teacher shall be employed by a continuing contract as hereinafter provided.

The board of trustees of any school district may terminate the employment of any teacher holding a probationary contract at the end of the contract period, if in their judgment the best interests of the school district will be served thereby.
In event a teacher holding a probationary contract is notified of the intention of the board of trustees to terminate his employment at the end of his current contract period, he shall have a right upon written request to a hearing before the board of trustees, and at such hearing, the teacher shall be given the reasons for termination of his employment. After such hearing, the board of trustees may confirm or revoke its previous action of termination; but in any event the decision of the board of trustees shall be final and nonappealable.

The requirement to serve a probationary period shall not apply to any teacher who previously completed a probationary period under a contract with the school district where employed before September 1, 1967, and who is then considered to be on a permanent contract status as defined by the school district.

Any teacher employed by a school district who is performing his third, or where permitted fourth, consecutive year of service with the district under probationary contract, and who is elected to employment by the board of trustees of such district for the succeeding year, shall be notified in writing of the election to continuing contract status with such district, and such teacher shall within 30 days after such notification file with the board of trustees of the employing school district notification in writing of his acceptance of the continuing contract, beginning with the school year following the conclusion of his period of probationary contract employment. Failure of the teacher to accept the contract within such 30 day period shall be considered a refusal on the part of the teacher to accept the contract.

CONTRACT RENEWAL DATES:

Probationary Employees:

The notice of intent to terminate the employment of a probationary employee shall be given by the board of trustees to the teacher on or before April 1, preceding the end of the employment term fixed in the contract. In event of failure to give such notice of intention to terminate within the time above specified, the board of trustees shall thereby elect to employ such probationary teacher in the same capacity and under probationary contract status for the succeeding school year if the teacher has been employed by such district for less than three successive years, or in a continuing contract position if a teacher has been employed during three consecutive school years.

NOTES:

Suspension: If the proposed action be discharge of the teacher for any of the reasons of cause the teacher may be suspended without pay by order of the board of trustees, or by the superintendent.

regulation previously adopted by the board of trustees, but 
in such event the hearing shall not be delayed for more than 
15 days after the request for hearing, unless by written

If such employee does not request a hearing as provided herein, such employee may be discharged or otherwise adversely affected as provided in the notice served upon the employee.

(1) The employee receiving a notice of probable cause for discharge or nonrenewal shall be granted the opportunity for a hearing.

If the court enters judgment for the employee in addition to ordering the school board to reinstate or issue a new contract to the employee, the court may award damages for loss of compensation incurred by the employee by reason of the action of the school district.

In the event that an employee receives a notice of probable cause stating that by reason of lack of sufficient funds or loss of levy election the employment contract of such employee should not be renewed for the next school term, the employee may appeal the probable cause determination directly to the superior court of the county in which the school district is located. The appeal shall be tried as an ordinary civil action, provided that the board of directors' determination of priorities for the expenditure of funds shall be subject to superior court review.
Every board of directors shall establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. (4) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of any certificated employee or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract.

Every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract during the first year of employment by such district.
