This booklet contains listings for California's 15 cooperative library systems and three single-jurisdiction library systems organized under the California Library Services Act (CLSA), as well as listings for the regional reference centers or networks serving more than one system which were organized as demonstration projects under the federal Library Services and Construction Act (LSCA). An index of public library system members, a list of public libraries which are not members of a system, and an information sheet about the California State Library are also included. (Author/PM)
CALIFORNIA PUBLIC LIBRARY SYSTEMS DIRECTORY 1980

Edited by Collin Clark,
Information Manager,
Library Development Services Bureau
California State Library

Funded in part by the U. S. Office of Education,
Department of Health, Education and Welfare,
under the provisions of the Library Services and
Construction Act.

CALIFORNIA STATE LIBRARY
Sacramento, 1980
Ethel S. Crockett, State Librarian
Introduction

This booklet publishes information supplied by California's 15 cooperative and three single jurisdiction library systems organized under the California Library Services Act (CLSA). Included are listings for the system associated library networks and the regional reference centers or networks serving more than one system, organized as demonstration projects under the federal Library Services and Construction Act (LSCA). An index of public library system members, a list of public libraries not members of a system, and an information sheet about the California State Library are also included.

This directory is published in limited quantity and is distributed to participating library systems in the numbers they request in advance of publication. It is not intended for widespread distribution beyond the working needs of system members.

Barbara G. Boyd
Alameda County Library
3121 Diablo Ave.
Hayward, CA 94545

System Headquarters - See preceding page
ILL Headquarters - None (Contact each individual library)
ILR Headquarters - None (Contact each individual library)

ILL should be sent to individual libraries.
ILL should be sent by TWX.
Response to out-of-system ILL will be by TWX or mail. Response varies with the library queried and the way that the request is received. If it comes on an ALA form, it is answered on an ALA form, etc.

ILR should be sent to the individual libraries - can be sent to the library with special resources on the topic (if such exists), then can be forwarded to other system libraries if necessary. Special resources are noted in the EBIS Reference Directory, which includes a supplement for Berkeley Public Library.

System requests get priority because they are handled on a tight schedule.

ILL & ILR are funded by LSCA, CLSA and in-kind contributions.

Weekender Info Line for all libraries in system - 415-540-0222 (toll free)
Fridays 6:00 p.m. to 12:00 midnight
Saturdays 6:00 p.m. to 12:00 midnight
Sundays 1:00 p.m. to 12:00 midnight

No inter-type Library Network.

Copy charge policy - varies from library to library.

Santa Paula Union High School Library District Library, 119 N. 8th St., Santa Paula, CA 93060
Ventura County Library Services Agency, P. O. Box 771, Ventura, CA 93002
The Cooperative Information Network (CIN) was founded in 1972 with the aid of LSCA Title III funds. Its goal was a communications network among all types of libraries: public, school, academic and special, for the purpose of expanding and improving information services to residents, businesses and organizations. Such a network makes information from all libraries available to all other libraries (for the benefit of the involved constituency), regardless of jurisdictional boundaries, by offering access to the vast and varied holdings of member libraries throughout the five county area of San Mateo, Santa Cruz, Monterey, Santa Clara and San Benito. Membership consists of well over 300 libraries of all kinds, with access to holdings of 10 million+ volumes.

From 1975 to 1979, a Staff Development component conducted experimentation and demonstration of the planning and implementation of staff development in cooperative systems and networks, as well as individual libraries. Some of the materials and "learning packages" that were produced and collected are available from the California State Library.

CIN is active in producing workshops and publications. Network headquarters provides reference service for its member libraries and facilitates interlibrary loan and photoduplication from the Stanford collections; additionally, member libraries have come to regard (and use) the headquarters office as a clearinghouse for all matters of a library or information-oriented nature.

Fiscal Agent for Network is:

Donald Fuller
Santa Clara Public Library

Janet Bruman, Online Reference Specialist (COLRS)
Edward Newman, Senior Programmer/Analyst
Tom Shoemaker, Bibliographic Systems Analyst

The California Library Authority for Systems and Services (CLASS) is a membership organization composed of all types of libraries. This public agency was formed by a Joint Exercise of Powers Agreement in June of 1976 to develop and implement a system for library program development and resource sharing.

Representatives from member libraries join together to design and obtain services which no single library can afford to provide for itself. These include, but are not limited to, those which take advantage of computer and communications technology. Members buy services from CLASS at reduced rates.

Program areas include: the Cooperative Library Network (CLN); the California Data Base for Monographs (CATALIST) and Serials (CULP); CLASS Online Reference Services (COLRS); Communications and Delivery; Storage of Library Materials; Conservation and Preservation; Continuing Education; and Technical Consulting.
49-99 Cooperative Library System.

ILR Headquarters - Same

ILL should be sent to the Information Center by TWX. If you prefer to request by ALA form sent via mail, then mail directly to owning library.

Response to all requests are by the same means the request was received.

ILR should be sent to System Headquarters (Information Center) by TWX.
Requests are treated on an equal basis with in-system requests.

ILL & ILR are funded by CLSA, LSCA, and in-kind contribution.

Inter-type Library Network

System and Network are at the same center.

Out-of-system ILL requests to UC Davis & CSUS should go directly to the two University libraries, which both have TWX. UC Davis TWX: 910-367-2071; CSU, Sacramento TWX: 910-367-2070.

There is no duplication of staff.

Copy Charge Policy: No set amount (within reason).

Sonoma County Library
Third & E Streets
Santa Rosa, CA 95404 707-545-0831
System Headquarters - System owned building
ILL Headquarters - For information contact Programs Coordinator
ILR Headquarters - For information contact Programs Coordinator

Libraries using TWX machines may send ILL requests to NBC Interlibrary Loan Headquarters or to any of the County libraries. The decision is left to the requesting library. Requests sent to NBC ILL Headquarters will be relayed to the owning library in the daily System communication. The advantage in sending to NBC ILL Headquarters comes when there are requests being sent to more than one NBC member library. In this case, there is a saving in staff time and TWX communication costs to send all requests to one location. Libraries without TWX machines should send standard ILL forms direct to the owning library.

Response to out-of-system requests will be sent by mail from individual member libraries. NBC ILL Headquarters responds by TWX. If a TWX response is desired, it is best to send to NBC ILL Headquarters. ILL staff will relay the request to the owning library and relay the response back to the out-of-system library.

ILR may be sent to either one of the reference centers. (Solano or Sonoma). If however, the questions involves a local area, each county library has a TWX and questions should be referred to the county library involved.

Requests are handled equally on date received basis with in-system requests.

System activities are funded by LSCA, CLSA and/or membership fees.

Inter-type Library Network
System and Network are at the same center.

Out-of-system ILL requests for the non-public libraries should be directed to the non-public library.

U.C. Davis - TWX 910-367-2071
Sonoma State - TWX 510-746-6298
Send ALA forms to other non-public NBC members.

There is no network staff. The system staff also serves non-public library members.
Copy Charge Policy - Most NBC libraries will provide free photocopies of a limited number of pages in response to periodical requests if the periodical is not available for circulation.

Note: NBC cooperates with North State and Mountain Valley as part of a tri-system agreement for Superior California Library Service.

System Headquarters - See preceding page
ILL Headquarters - System Information Centers
ILR Headquarters - System Information Centers

ILL requests should be directed either to the library that holds the title, or routed through the Information Centers by TWX if the owning library is clearly designated with each request. The System does not maintain a union catalog and relies totally on the California Union Catalog.

ILL requests may be sent by TWX only for Butte County Library, Eureka-Humboldt Library, Lassen County Library and Shasta County Library. Use an ALA interlibrary loan form for all others except Chico State. CSU, Chico has a telefax, (916) 895-6824 or an ATSS line, dial 459-6824.

Response to out-of-system ILL requests will be by mail from non-TWX libraries and by TWX for requests designated Butte County Library, Eureka-Humboldt Library, Lassen County Library or Shasta County Library. The information centers do not have staff to TWX replies and limit out-of-system activities to initial dissemination of ILL requests arriving via TWX.

ILR referrals should be sent to individual libraries if the requestor believes that the information is readily available from a particular library. If it is a general request send the ILR to an information center.

Priorities are: Rush requests are to be handled first, all others in order of receipt.

Inter-type Library Network

The System is a Network. System has staff at Butte College to handle film requests and audio-cassette programs.

Out-of-system ILL requests for the non-public libraries should be directed to each individual library.

NSCLS staff handles both System and Network requests. System has staff at Butte Information Center, Eureka Information Center, Shasta Information Center, Butte College Library, Willows Public Library and NSCLS Office in Willows.
Copy Charge Policy - No set amount (within reason).

Note: NSCLS cooperates with BALIS, 49-99/CAL, North Bay, and Mountain Valley as part of a Tri-System agreement for Superior California Library Service. We also refer questions to BARC.

The Southern California Answering Network (SCAN) is a regional reference and referral service for libraries in the Southern California area. By using the vast collections of the Los Angeles Central Library, which is a Regional Resource Center, and the expertise of a staff of subject specialist librarians SCAN provides a high level reference service for 9 library systems comprising 70 libraries. In addition to the reference service, SCAN publishes a bi-weekly UPDATE service of current information, and a bi-monthly reference newsletter.

SCILL provides a high level interlibrary loan and bibliographic search service for library users of member libraries of all types within Los Angeles County and for residents of Southern California through a controlled interface with the following library systems:

Black Gold Information Center
Santiago Library System
Inland Library System
Kern County Library
Serra Library System

There are 143 network members, representing over 300 libraries within Los Angeles County. The coordinated sharing of local resources is achieved by interlibrary cooperation, LSCA funding, an advisory board, staff, telecommunications and delivery.

SCILL requires that copy requests indicate compliance with the Copyright Act of 1976.
