One of thirteen individualized courses included in a marketing curriculum, this course covers wholesale and retail selling techniques, sales performance analysis, and intensive sales presentation practice. The course is comprised of four units: (1) Sales Preparation, (2) The Selling Process, (3) Special Selling Techniques, and (4) Sales Management. Each unit begins with a Unit Learning Experience Guide that gives directions for unit completion. The remainder of each unit consists of Learning Activity Packages (LAP) that provide specific information for completion of a learning activity. Each LAP is comprised of the following parts: objective, evaluation procedure, resources, procedure, supplemental sheets, study guide, and a LAP test with answers. The course is preceded by a pretest which is designed to direct the student to units and performance activities.
