This volume cumulates the indexes that appear in the six bimonthly issues of "Resources in Vocational Education," volume 13, numbers 1 through 6, 1980. The cumulation is intended to be a companion volume to the individual issues of "Resources in Vocational Education," which contain the complete resumes of research, instructional, and other materials in vocational and technical education, and abstracts of funded research and development proposals. Three indexes are provided: subject, author, and institution. Each entry lists the title of the document and the ED (ERIC Document) number of the complete resume as it appears in the particular issue of "Resources in Vocational Education." Instructions for ordering individual documents are included at the back of this volume. (Editor/CT)
THE NATIONAL CENTER MISSION STATEMENT

The National Center for Research in Vocational Education’s mission is to increase the capability of diverse agencies, institutions, and organizations to solve educational problems relating to individual career planning, preparation, and progression. The National Center fulfills its mission by:

- Generating knowledge through research
- Developing educational programs and products
- Evaluating individual program needs and outcomes
- Providing information for national planning and policy
- Installing educational programs and products
- Generating information systems and services
- Conducting leadership development and training programs

Information Products

An aid to locating documents processed for the AIM/ARM Information system (Abstracts of Instructional and Research Materials in Vocational and Technical Education), the index cross references over 17,000 AIM/ARM accession numbers to the ERIC system's accession numbers and shows the availability of documents through the ERIC Document Reproduction Service.

The handbook includes instructions, a model, and discussions of format, content requirements, and copyright concerns to guide writers in developing publications that meet both the criteria for government sponsors and criteria for inclusion in information retrieval systems.

Annotations are presented of completed research, exemplary and innovative projects, curriculum development projects, and bilingual vocational training projects administered by the U.S. Office of Education, Bureau of Occupational and Adult Education (USOE/BOAE) during fiscal years 1970-77. The projects were funded under Parts C, D, and I of the Vocational Education Amendments of 1968 and Part J of the Education Amendments of 1974. A total of 1,285 projects are described.

Annotations are presented of completed research projects and exemplary and innovative projects administered by state research coordinating units during fiscal years 1970-77. The projects were funded under Part C and Part D of the Vocational Education Amendments of 1968. A total of 6,688 projects are described.

Abstracts are presented of 221 new and continuing projects funded by the Division of Research and Demonstration (USOE/BOAE) in fiscal year 1976 and the transition quarter (July 2 - September 30, 1976). The projects relate to research, demonstration, curriculum development, and bilingual vocational education.

Abstracts of 199 new and continuing projects funded by the Division of Research and Demonstration (USOE/BOAE) in fiscal year 1977 are presented. The projects relate to research, demonstration, curriculum development, and bilingual vocational education.

Abstracts of 206 new and continuing projects funded by the Division of Research and Demonstration (USOE/BOAE) in fiscal year 1978 are presented. The projects relate to programs of national significance (personnel development, national center for research in vocational education, and curriculum coordination centers), bilingual vocational education, and the assistance contract program for Indian tribes and Indian tribal organizations.

Abstracts of 706 projects administered by states through research coordinating units under the Education Amendments of 1976 are presented. The FY 1978 resume cover research projects, exemplary and innovative projects, and curriculum development projects.

Abstracts of 809 projects administered by state departments of education through research coordinating units under the Education Amendments of 1976 are presented. The FY 1979 resume cover research projects, exemplary and innovative projects, and curriculum development projects.

Abstracts of 321 projects in career education, vocational education, and education and work are presented. The projects are administered by the USOE's Division of Research and Demonstration, Office of Career Education, National Institute of Education, and Fund for the Improvement of Postsecondary Education.

Abstracts of 217 projects in career education, vocational education, and education and work are presented. The projects are administered by the USOE's Division of Research and Demonstration, Office of Career Education, National Institute of Education, and Fund for the Improvement of Postsecondary Education.

Disclaimer: This publication was prepared pursuant to a contract with the Office of Vocational and Adult Education, U.S. Department of Education. Contractors undertaking such projects under Government sponsorship are encouraged to express freely their judgment in professional and technical matters. Points of view or opinions do not, therefore, necessarily represent official U.S. Department of Education position or policy.

Discrimination Prohibited: Title VI of the Civil Rights Act of 1964 states: “No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.” Title IX of the Education Amendments of 1972 states: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.” Therefore, the National Center for Research in Vocational Education Project, like every program or activity receiving financial assistance from the U.S. Department of Education, must be operated in compliance with these laws.
Foreword

Finding available information is a major task for researchers, teachers, administrators, and students. The National Center for Research in Vocational Education is dedicated to helping others find useful information.

Resources in Vocational Education is prepared by the National Center for Research in Vocational Education under a contract with the U.S. Department of Education, Office of Vocational and Adult Education. Included are abstracts of research, instructional, and other materials in vocational and technical education, and abstracts of funded proposals. The full text of most documents announced in Resources in Vocational Education is available in microfiche or paper copy from the ERIC Document Reproduction Service, and also in local ERIC microfiche collections.

We appreciate the contributions of state research coordinating units, curriculum coordinating centers, instructional materials laboratories, local school systems, colleges and universities, and professional associations. Members of the profession are encouraged to send instructional and research materials for possible inclusion in future issues of Resources in Vocational Education.

About This Index

A cumulation of indexes appearing in Resources in Vocational Education Volume 13, Number 1-6 during 1980, this Index is intended as a companion to the individual issues of the journal which contain complete resumes and indicate document availability.

Each entry in the subject, author, and institution indexes lists the title of the document and the ERIC document (ED) number. The searcher can use the ED number to locate the complete resumes in individual issues of Resources in Vocational Education.

Instructions for ordering individual documents appear in each issue of Resources in Vocational Education and at the back of this Index.

Subject Index

This index lists numbers of documents under the major subject terms assigned to characterize their contents. The terms are taken from the Thesaurus of ERIC Descriptors and are in alphabetical order. As shown in the example, the accession number is displayed below and to the right of the title. Additional information about the document can be found under that number in the resume section. The symbol / / appearing after an accession number indicates a document that is not available from the ERIC Document Reproduction Service nor in the ERIC microfiche collection.
