This manual provides information on the practicum program offered by Moraine Valley Community College (MVCC) for students in its therapeutic recreation program. Sections I and II outline the rationale and goals for providing practical, on-the-job work experiences for therapeutic recreation students. Section III specifies MVCC's responsibilities for the practicum program, while sections IV and V outline the qualifications and responsibilities of the community-based education centers (e.g., hospitals, schools, detention facilities, community recreation facilities, and rehabilitation centers) acting as field sites. Section VI delineates student responsibilities, and section VII reviews policies for liability coverage. Section VIII outlines the procedures for student evaluation of the practicum experience and for evaluation of students' performance. Sections IX through XI provide information on the three practicum courses, which are designed to provide for increasing student involvement and responsibility at the field sites. Each section contains course outlines; information on course requirements, objectives, texts, evaluation methods, and learning units; class assignments; and safety checklists. Appendices include samples of contracts, relevant forms, and evaluation instruments. (LAL)

I. RATIONALE FOR PRACTICUM

Often the term Practicum, field work, and internship are used interchangeably to refer to the practical on the job work done by students to supplement their theoretical class work. For our purposes, we define Practicum as follows:

"Practical work in Recreation or related areas, designed to provide learning experiences for students, under direct supervision of a professional in the field."

The rationale for a Practicum is to enable the student to experience working in various recreation settings with special populations. The more exposure to real situations, the greater are the students' preparedness when they graduate. We, therefore, turn to the professionals in the field to admit the students into their daily operations in aid of this growth and development process.

The practicum has three areas of responsibility:

1. The student's own efforts and initiative.
2. The college's advice, assistance, and information.
3. The guidance, supervision and caring of the professionals in the field who accept the responsibility of serving as a community-based education center.
II. GOALS OF PRACTICUM

A. To provide the student with positive learning experiences in the working community.

B. To give the student the opportunity to exercise and assess teaching and leadership techniques and administrative skills.

C. To give the student the opportunity to learn to clinically observe and evaluate on-going programs and services.

D. To phase the student into the recreation work force through gradually increasing levels of responsibility.

E. To provide a liaison between the college and the community agencies and resources.

F. To enable the student to put theory to practice in a realistic work situation with special populations.

G. To create within the student, the attitude of professionalism that they will need when they enter the work force.
III. COMMUNITY COLLEGE RESPONSIBILITY

1. The community college coordinator will identify potential field placement sites, will coordinate with agency personnel, will arrange for the student to contact the agency for an interview, and will assign the community college student specific field practicum course objectives, assignments, and procedures after site selection.

2. Institutional Affiliation Agreement contract will be processed with the agency. (see appendix A).

3. A weekly student seminar will be held on campus to discuss matters of concern pertaining to the practicum site, assignments, practicum procedures and guidelines, etc. (See appendix C).

4. Individual conferences with the student and/or agency personnel may be held to discuss field practicum assignments, procedures, and problems encountered, etc.

5. Regular communication will be established with the agency director or supervisor through site visitations, bi-weekly and monthly evaluation reports, and telephone conversations. (See appendix D and E.)

6. Agency evaluation forms and final student reports will be evaluated and a grade will be issued.
IV. **AGENCY RESPONSIBILITY**

1. Review and obtain appropriate signatures for Institutional Affiliation Agreement. Return signed agreement to community college. (See appendix A.)

2. Assign a qualified staff member to supervise students.

3. Orient the student to the agency and conduct a training program.

4. Provision for a variety of experiences as outlined in course objectives.

5. On-going supervision and evaluation of the student.

6. Orient agency staff to the community college student, the objectives and procedures of the field practicum experience, the role of the student and relationships with staff and clients.

7. In addition to regular communication with community college coordinator (written and verbal), confer additionally as necessary.

8. Complete student evaluation forms, bi-weekly and monthly reports, and submit to community college coordinator. (See appendix D.)

9. Review final evaluation with student before mailing to coordinator.

10. Sign and return student time sheet upon completion of practicum experience. (See appendix B.)
V. AGENCY QUALIFICATIONS

1. Operate an on-going therapeutic recreation or activity program with adequate areas, facilities, and equipment to conduct a broad and varied program.

2. Have qualified personnel.

3. Meet standards for therapeutic recreation programs for physically and learning disabled, mentally retarded, mentally ill, and geriatric populations.

4. Have a sincere desire to participate in an educational program with the objective of improving the preparation of qualified paraprofessionals.

5. Present evidence of a sound professional philosophy and its application to programs and services.

6. Be willing to devote staff time and resources to the field practicum program, e.g. orientation and training, supervision, coordination with community college coordinator and student evaluation.

7. Employ a staff member with at least a baccalaureate degree in Therapeutic recreation or a related field who has a minimum of two years experience in a treatment setting.

8. Have sound administrative procedures including adequate financial support, personnel policies and qualified staff.

9. Coordinate/Supervisor field practicum course learning objectives and learning activities with the practicum student.
VI.

STUDENT RESPONSIBILITY

1. Field Practicums I, II, and III are each to be 240 hour experiences. Students must spend a minimum of 195 hours at the agency plus a minimum of 45 hours for program planning, seminar discussions, and written reports, exams, and assignments.

2. Spend a minimum of 13 hours a week at the agency and participate in weekly discussion sessions or individual conferences as approved by agency supervisor.

3. Obtain signature of supervisor on time sheet verifying total clock hours worked at agency. (See appendix B).

4. Follow all policies and duties of the agency.

5. Complete all learning objectives as outlined on assignment sheet, read practicum guidelines, and sign contract. (See appendix C).

6. Frequent communication with the community college coordinator and the supervising agency regarding practicum assignments and experiences.

7. Conduct him/herself in a professional manner at all times. (See appendix C)

8. Observe and/or participate in phases of the agency program other than those assigned as specific responsibilities.

9. Review the final evaluation form with the community college coordinator and the agency supervisor. (See appendix D)
VII. PRACTICUM LIABILITY

PRACTICUM LIABILITY

A. Students currently enrolled at Moraine Valley Community College and who are participating in an approved practicum course, either on or off campus, are covered by the college's liability insurance.

B. When the position is a paid position by an agency outside of the college and the student is considered to be an employee of the agency, it is assumed that the employee would be covered under the liability coverage of the agency.
EVALUATION PROCEDURES

The importance and emphasis of sound evaluation procedures used by all individuals concerned cannot be minimized or over emphasized. The learning that takes place and the quality of services that are provided cannot be measured without an evaluation process.

A. The student will complete a narrative evaluation of their practicum experience as part of their assigned written reports.

B. The clinical site supervisor will complete the interview evaluation sheet, the bi-weekly/monthly reports on the student, and a final written evaluation including a narrative on the student's clinical performance. (See appendix D).

C. A meeting will occur between the clinical site supervisor and the student to review, discuss and sign the evaluation forms during the last week of the practicum experience.

D. If necessary, the college coordinator will meet with the clinical site supervisor and the student for a final evaluation if it is being challenged.

E. The college makes the final decision as to grading of the practicum or whether the practicum requirements have been fulfilled.

F. College Coordinator will observe the student teaching at the clinical site and complete an evaluation report. (See appendix E).
FIELD PRACTICUM I

COURSE DESCRIPTION AND REQUIREMENTS

The initial field practicum course will be primarily directed at the student gaining valuable 'on site' experiences. Since it is assumed that this will be the initial practical experience for most students, emphasis will be on students gaining familiarity with the client population, the agency/institution philosophy, treatment approaches, and general procedures. Student learning will focus on the development of observational skills, client characteristics and initial leadership/teaching experiences.

The practicum is structured so that each student will spend 8 weeks (13 hours per week) in two different agencies during the semester. This will provide the student with opportunities to become familiar with a variety of special populations and treatment settings. It will also serve as a basis for developing individualized occupational interest and as a basis for selection of subsequent, in-depth, field practicums. Weekly discussions will be held on campus for all practicum students so that they will have the opportunity to share their experiences with others. A total of 240 hours will complete the practicum requirements (195 hours at the agency plus a minimum of 45 hours for program planning seminar discussions, and written reports, exams, and assignments.)
THR 153
PRACTICUM I

I. Course Description

Designed to provide a modular approach to initial observation and involvement in various treatment settings and agencies for the purpose of developing individualized occupational goals through actual on-site experiences.

II. Objectives

At the end of this course, the student will be able to:

A. State the structure and function of the agencies assigned (two agencies, eight weeks each – thirteen hours per week).
B. Discuss the specific client services provided by the various agencies.
C. Discuss the orientation sessions, conferences and staff meetings held at the different agencies.
D. Prepare organizational charts and identify the functions of each discipline or office shown on the chart.
E. Demonstrate observation skills during client participation in activities.
F. Demonstrate activity leadership skills and facilitation techniques used when teaching.
G. Prepare case studies.
H. Demonstrate the ability to work cooperatively with the assigned staff supervisor from the cooperating agency.
I. Write psychomotor, cognitive, and affective behavioral objectives.
J. Evaluate performance of clients participating in activities.
K. Teach a variety of recreational games, skills, exercises, aquatics, and dance.
L. Discuss safety regulations for the agency and in teaching activities to the client.
III. Text

A. AAHPER. Physical Activities for the Mentally Retarded. 1968.

IV. Evaluation

A. Required attendance and participation at 2 agencies for 8 weeks, 13 hours per week.

B. Written reports on agencies.

C. Regular and periodic evaluation and observation by MVCC coordinator.

D. Field practicum supervisor evaluation.

E. Quizzes
THR 153

FIELD PRACTICUM I.  1st Assignment

FOUR PARTS:  1) Daily log notes .
2) Written report - typed, double spaced, and a table of contents .
3) Signed time sheet by supervisor .
4) Evaluations signed by supervisor .

A. Participate in and discuss orientation session at assigned agency (meeting supervisor, activity leader, staff, clients, etc).

B. Develop or include an organizational chart of the agency.

C. Identify the functions or give the job description of each discipline or office shown on the chart.

D. General information about the agency. Discuss the following:
   1. History, philosophy, goals, and objectives.
   2. Client population served: number and illness or disability.
   3. Services provided by the agency.
   4. Agency sanction: creation of agency codes, laws, or sanctions for operation financing

E. Therapeutic Recreation or Activity Department. Discuss the:
   1. History, philosophy, goals, and objectives.
   2. Administrative structure.
   4. Services provided.
   5. Budget.
   6. Facilities, equipment and supplies available for use.

F. Records on Clients for Evaluation and Assessment. Explain the:
   1. Department records and reports -- main office.
   2. Individual staff records and reports.

G. Establishment of field practicum objectives, experiences, and assignments. Briefly discuss with your supervisor and establish time blocks.

H. Take a hypothetical client, trace a typical day that he/she might experience with the agency, and discuss the rationale for these experiences.
LEARNING UNIT II. ENHANCEMENT OF OBSERVATION SKILLS DURING CLIENT PARTICIPATION IN ACTIVITIES.

A. Choose a client that you would like to do a case study on. Complete four observations in at least four different activity sessions on the client you have chosen. Briefly discuss each lesson that you observed; what activities, client behavior, socialization skills, physical skills, and cognitive behavior. After each lesson, critique each session with your activity leader and discuss revisions, problems, etc.

B. Attend and discuss one staff meeting about your client. If this is not possible, get as much information about the client from records and from your activity leader or supervisor.

C. Based on your involvement with the client selected above, complete a case study on him/her to include:

A. Name and age of client (use fictitious name).

B. Source and date of referral.

C. Diagnosis and/or apparent problems.

D. Brief developmental history (from files, conversations with client, family, other staff, etc.). Include medical, school, and family history.

E. General information, if applicable,
   1. attitudes towards people: adults, children, group.
   2. attitudes toward routine discipline.
   3. interests and aversions.
   4. special strong points.
   5. health and grooming habits/attitudes

Note: Much of this can be gained from observation.
LEARNING UNIT III. DEVELOPMENT OF ACTIVITY LEADERSHIP SKILLS.

A. Assist activity leader in teaching at least five lessons. Discuss each lesson briefly with regard to:
   1) objectives for clients(s)
   2) activities presented
   3) evaluation method used.

B. Participate in post-activity evaluation sessions with your activity leader and discuss the previous lessons:
   1) planning, organizing, and conducting the activities.
   2) teaching style used.
   3) leadership facilitation technique used.
   4) discipline problems and solutions.
   5) recommendations for improvement.

C. Assume primary responsibility for planning, organizing, and conducting two activity lessons under supervision of your activity leader. Attach your typed lesson plans which include:
   1) objectives for client(s): psychomotor, cognitive, and affective.
   2) activities presented: warm-up/review, work period, concluding
   3) evaluation method used and discuss revisions and discipline problems and solutions

Note: Lesson plans must be approved by coordinator and agency supervisor.

D. Relate examples of teaching styles used either by you or your activity leader. Explain the activities, and list one style that was effective and why and one that was ineffective and why.

E. Describe at least two activity skills in which you became more knowledgeable/proficient.

F. Utilizing one successful and one unsuccessful activity session that you had the responsibility for, cite several reasons for the outcome.

LEARNING UNIT IV. DEVELOPMENT OF EVALUATION SKILLS.

Briefly evaluate your entire practicum experience at the agency.
FOUR PARTS:
1) Daily log notes.
2) Table of contents and typed, double spaced report.
3) Signed time sheet by supervisor.
4) Signed evaluations by supervisor.

LEARNING UNIT I. COMPREHENSION OF THE STRUCTURE AND FUNCTION OF THE AGENCY.

A. Name of Agency and Supervisor's Name.

B. General information on Agency.
   1. Tour facility and meet staff.
   2. Organizational Chart of Agency.
   3. Philosophy, purpose, goals of agency.
   4. Services provided.
   5. Funding (how is revenue obtained to run facility).

C. Overview of T.R. Program or Activity Program.
   1. List the objectives you established with your supervisor/teacher.
   2. Job Description of Activity Director or your Supervisor.
   3. Philosophy, goals, and objectives of T.R. Program or Activity Program.
   4. T.R. budget (how are funds acquired).
   5. Activity Calendar for one month.

D. Given a hypothetical client, trace a typical day that he/she might experience with the agency and discuss the rationale for these experiences-- (follow Learning Objective I. from first assignment).

LEARNING UNIT II. ENHANCEMENT OF OBSERVATION SKILLS AND DEVELOPMENT OF GOALS BEHAVIORAL OBJECTIVES.

A. Case Study on Client (follow information from first assignment).

B. Make up a psychomotor, affective, and cognitive goal on a client after you have completed an assessment on him/her. (Use the interest assessment sheet attached (pages 17-18).

C. From your P.A.C. Goals, make up specific behavioral objectives (P.A.C.) and give the evaluation instrument to be used. Include at least one check list for evaluation and give a sample of it.

D. At the end of your eight weeks, discuss if the P.A.C. objectives were or were not met and why.
LEARNING UNIT III. DEVELOPMENT OF ACTIVITY LEADERSHIP SKILLS.

A. Teach at least four activities with approval of your supervisor. Briefly describe them and include your typed lesson plans. As one of your activities, make sure you teach exercises and a rhythm or dance to music (See appendix "F" for lesson plan format).

B. Describe two new activities or experiences gained from observing your supervisor/teacher.

LEARNING UNIT IV. DEVELOPMENT OF EVALUATION SKILLS.

A. Evaluate your own teaching and your own leadership styles.

1. How could you improve your teaching?
2. How could you improve your leadership technique(s)?

B. Complete the attached safety checklist (page 19).

Any additional observations and comments.
The second field practicum course will provide students with increased involvement in a specific community-based education center (i.e. hospital, school, detention facility, community recreation facility, rehabilitation center) primarily engaged in providing services for special populations.

The students will remain in one agency throughout the semester for 15-16 weeks for a total of 240 clock hours. (195 hours at the agency and 45 hours for seminars and written work).

This practicum is designed for giving the student a broader range of working experience, to increase and or improve competency skill levels, and to achieve greater indepth understanding of appropriate skill utilization for special populations. The student will also increase his learning in the acceptance of responsibility for leadership, for program planning, for participant assessment, and for gaining experience in working with staff in other disciplines. Regular seminar sessions will be held on campus and will focus on student experiences, insights gained, competencies developed, and problems encountered.

The field practicum II may be taken by the student during the summer semester as an option because of the many opportunities that exist during the summer months for special programs being offered such as camps and community recreation programs. The summer option is primarily designed for a full-time eight weeks or 240 clock hours.

In special cases, the student may petition to complete the field practicum during the academic year in a different agency other than the one originally placed in.
I. **Course Description**

Designed to provide students with increased involvement in a specific therapeutic agency. Experience focuses on development of leadership competencies with special populations.

II. **Objectives**

At the end of this course the student will be able to:

A. Describe the structure and function of the agency and the role of the activity leader at that agency.

B. Develop evaluation and assessment skills through observation of client(s) participating in activities, and write appropriate behavioral objectives.

C. Develop, demonstrate and evaluate activity leadership skills.

D. Develop skills in activity-analysis and in the selection and adaptation of recreational activities.

E. Utilize agency resources available for therapeutic recreation programming.

F. Prepare, organize, teach and evaluate activity lesson plans/special events.

G. Compile a portfolio of all assignments and materials relevant to the course.

H. Demonstrate the ability to relate and work with the staff and administrators at the agency assigned.

III. **Text**

IV. **Evaluation**

A. Required attendance in class and at site assigned.

B. Active participation in discussion groups/seminars.

C. Supervisor at agency evaluation.

D. Portfolio of materials covering practicum course content - written report.

E. Conferences and group discussions.

F. Examinations.

G. Coordinator evaluation of teaching.
FIELD PRACTICUM II

(16 weeks - 13 hours per week; total 240 clock hours) This includes 195 hours at the agency and 45 hours for seminars, written work, and reports.

Assignment:
1) Daily log notes.
2) Written report.
3) Table of contents.
4) Signed time and evaluation sheets.

Assignment must be typed, proof-read, and professionally done. Your grade will be based on how complete and thorough you have been in answering each learning objective or activity. Include a table of contents listing each unit title along with the appropriate page numbers. Place completed assignment in a folder.

UNIT I
STATE THE STRUCTURE AND FUNCTION OF THE AGENCY AND THE ROLE OF THE ACTIVITY LEADER.

A. Participate in and discuss orientation session.
B. Discuss type of agency, clients served, and services provided.
C. Draw an organizational chart of the agency and explain the function of each discipline or office shown on the chart.
D. Write a job analysis on the activity leader that you are assisting.

UNIT II
DEVELOPMENT OF EVALUATION SKILLS THROUGH OBSERVATION OF CLIENT PARTICIPATION IN ACTIVITIES.

A. After observing a client for several weeks performing in various activities, write a case study to include:

1. Name (hypothetical)
2. Age of client
3. Source and date of referral
4. Diagnosis and/or apparent problems
5. Brief developmental history (from files, conversations with the client, family, other staff). Include medical, school, and family history.
6. Attitudes towards people - adults, children, total group.
7. Attitudes toward discipline.
8. Interests and aversions.
9. Special strong points.
B. After observing a client or group in recreational activity session, write at least one psychomotor, one cognitive, and one affective goal. From the goals, write up at least one objective for each goal stated. Follow chapters in Gunn on goals & objectives. They must be worded correctly.

C. At the end of 13 or 14 weeks:
Complete an evaluation on your client/group using the previous selected: psychomotor, cognitive, and affective objectives.

Attach a check list or any other instrument that you may have used to evaluate performance of the client. Discuss if the objectives were met or not and why. Focus on the insights the client may have gained, self improvement, if any, and recommendations for improvement.

UNIT III: DEVELOP EXPERIENCE IN ASSESSING CLIENTS RECREATIONAL NEEDS, INTERESTS, CAPABILITIES AND BEHAVIORAL PATTERNS.

A. Interview a client and fill out the Interest Assessment Sheet (attached (pp.26-7))

B. Observe a client and fill out the Behavior Rating Scale form that is attached (pp.28-29).

UNIT IV. DEVELOPMENT OF SKILLS IN ACTIVITY ANALYSIS AND IN SELECTION, MODIFICATION AND ADAPTATION OF RECREATIONAL ACTIVITIES.

A. Discuss three recreation activities that you taught which required some form of adaptation or modification. Include typed lesson plans (Appendix F).

B. Briefly describe ten activities that you have primarily been responsible for teaching. List a psychomotor, cognitive, and affective objective for each activity. Include typed lesson plans.

C. Using the Activity Analysis Rating Form, rate one client from the activities taught above. Also, use the Analysis Rating Form on a group you taught from above. Complete the two forms, and note if a group or if a client is being rated. (pp.30-33)

UNIT V. DEVELOP, DEMONSTRATE, AND EVALUATE RECREATIONAL ACTIVITY LEADERSHIP SKILLS.

A. In writing, critique one of your recreational leadership experiences. Discuss the activity taught, your strengths, weaknesses, organization, discipline problems, etc.
B. Discuss the teaching style used in the activity and the facilitation technique. Were they successful or unsuccessful, and why. Follow information in Gunn on pp. 224-8.

C. Discuss your lesson with the activity leader. What were her/his recommendations?

UNIT VI

PLAN, ORGANIZE, AND EVALUATE THERAPEUTIC RECREATION PROGRAMS:

A. Describe two special activity events you were primarily responsible for. Discuss the following:
   1. Activity or event
   2. Preparation & planning
   3. Organization
   4. Evaluation
   5. Revisions & or improvements
   6. Success or failure & "why".

   Attempt to discuss one event at the agency & one special event away from the agency.

B. Prepare an activity schedule for the entire agency therapeutic recreation program for one month. Include activities, client groups, facilities to be used, staff assignments, and time blocks. What recommendations would you make for improvements or revisions. (Discuss revisions with your supervisor - consider time blocks, facilities, equipment, supplies, more staff, activities, etc.).

UNIT VII

UTILIZE AGENCY RESOURCES AVAILABLE FOR THERAPEUTIC RECREATION PROGRAMMING AND DEVELOP SAFETY AWARENESS SKILLS

A. Discuss the audio-visual equipment you used in your teaching (record player, movie projector, tape recorder, slide projector, etc.)

B. List the safety precautions to be taken when teaching recreational activities and when operating A-V equipment in your facility.

C. Complete the safety check list attached (p. 34)
D. Explain how supplies and equipment is ordered for the recreation program. Attach requisition sheet which is used.

E. Complete the Inventory List on the equipment & supplies available at your agency. See attached (p. 35).

COURSE DESCRIPTION AND REQUIREMENTS

The final practicum provides the students with additional involvement in another agency serving special populations.

The students will remain at one site throughout the semester for 15-16 weeks completing a total of 240 clock hours (195 hours at the agency and 45 hours for seminars and written work).

The third practicum will enable the student to acquire greater proficiency and insight into the field of therapeutic recreation. The field experience will give the students additional responsibilities for individualized goal setting, for teaching and leadership, for administrative tasks, for charting, and for selection of a special project.

It is expected that the student will have gained the practical skill and knowledge required to function as a therapeutic recreation technician/paraprofessional at the termination of the practicum.
I. Course Description

This final practicum allows the students to acquire a greater proficiency and insight into the field of therapeutic recreation. The student will select the agency, determine individualized goals, and be given additional responsibilities in leadership, administrative tasks, and special projects.

II. Objectives

At the end of this course the student will be able to:

A. State individualized goals/objectives achieved at the assigned agency.

B. Explain the rationale for the goals/objectives he/she set for the therapeutic recreation program at the selected site.

C. Evaluate the effectiveness of the established goals/objectives.

D. Prepare and teach an activity unit including 6 lesson plans for a specialized group.

E. Prepare a daily class schedule listing activities.

F. Design an activity poster and brochure or flyer as a publicity release.

G. Write a press release for an activity event.

H. Prepare a one month activity calendar.

I. Write progress/charting notes following format of agency.

J. Discuss a staffing.

K. Plan and organize a special project.

III. Text

IV. Evaluation

A. Completion of 16 week field practicum of 240 hours (195 at agency and 45 hours for seminars and written assignments).
B. Written evaluation reports by field practicum supervisor.
C. Written evaluation by coordinator.
D. Group discussions in seminars.
E. Written report and completion of special project.
F. Examinations.

FIELD PRACTICUM III

ASSIGNMENT:

FOUR PARTS: 1) Written report, typed double spaced.
2) Table of Contents.
3) Signed time sheet.
4) Signed evaluation from supervisor and coordinator.

UNIT I. DEVELOPMENT AND EVALUATION OF INDIVIDUALIZED GOALS/OBJECTIVE AT THE AGENCY SITE.

A. List at least three goals or objectives that you hope to achieve during your final practicum experience at the agency assigned.

B. Explain the rationale for the above goals/objectives.

C. At the end of the 16 week practicum, evaluate the effectiveness of the established goals/objectives.

UNIT II. CONTINUED DEVELOPMENT OF ACTIVITY LEADERSHIP SKILLS AND DEVELOPMENT OF AN ACTIVITY UNIT, LESSON PLANS, AND ACTIVITY SCHEDULES, AND CALENDARS.

A. Type up an activity unit plan using the format on pages 41-45.

B. Prepare and teach the six lesson plans from the unit. Get lesson plan approval from the site supervisor and college coordinator.

C. Prepare your daily class schedule listing the various activities.

UNIT III. INCREASE PUBLICITY SKILLS

A. Design an activity poster (large poster board) reflecting a specific theme for agency site.

B. Prepare a brochure or flyer reflecting specific events or activities at the agency.

C. Write a press release for an activity.
UNIT IV. INCREASE OBSERVATION AND COMMUNICATION SKILLS BY WRITING PROGRESS/CHARTING NOTES.

A. Write progress/charting notes on a client following format of agency. Include form used by agency staff.

B. Attend and discuss an agency staffing.

UNIT V. PLAN, ORGANIZE, AND EVALUATE THERAPEUTIC RECREATION PROGRAMS.

A. Plan, organize, and present a show or performance involving agency clients.
   1. Prepare and design a program with the agenda.
   2. In writing, evaluate entire project and make suggestions for improvement.

B. Prepare a slide presentation with a written narration of the Therapeutic Recreation Program at your agency.

C. Plan and organize a field trip or special event. Summarize, in writing, all necessary procedures involved:

   Planning
   Organizing
   Implementing
   Evaluating

INSTITUTIONAL AGREEMENT OF AFFILIATION

THIS AGREEMENT is made by and between MORALNE VALLEY COMMUNITY COLLEGE, District 524, Cook County, Illinois, hereinafter referred to as the "College"; and ______________________, hereinafter referred to as the "Cooperating Agency."

The College and the Cooperating Agency acknowledge a mutual obligation to contribute to the education of students seeking preparation for careers in allied health and in human services. To this end, the College has established educational programs in allied health and in human services, requiring the use of clinical facilities to meet the educational needs of the students in clinical experience. Therefore, the College and the Cooperating Agency agree to provide clinical training for students enrolled in the program or programs named in the attached addenda. In addition to the requirements for individual programs as specified in each addendum, the College and the Cooperating Agency agree to the following terms:

1. The College assumes full responsibility for offering health science programs and human services programs approved by the appropriate state agencies and professional accrediting associations. The programs shall be sequentially structured and consist of specific career oriented courses and appropriate general education requirements. The Cooperating Agency will provide clinical training, including clinical supervision by qualified, competent practitioners.

2. The College shall require each student participating in clinical training to have liability (malpractice) insurance. It shall be the responsibility of the College to enforce this requirement and to provide to the Cooperating Agency proof of such insurance coverage. The required insurance shall be in the maximum amount of $1,000,000.00 per individual claim and $1,000,000.00 per aggregate claim.

3. Students are subject to the authority, policies and regulations of the College, and during periods of clinical assignment, students are required to observe the policies and regulations of the Cooperating Agency as will College staff members when at the clinical site.
4. If a student or College staff member breach the policies, regulations, or procedures of the Cooperating Agency, the Cooperating Agency may restrict the activities of the student or College staff member until the problem is fully resolved by the Cooperating Agency and the College.

5. In any instance that the Cooperating Agency deems a student's actions may be detrimental to a patient's or resident's welfare, the Cooperating Agency may restrict the student's activities until the problem is resolved by the Cooperating Agency and the College.

6. Students shall not give service to patients or residents in the Cooperating Agency apart from that rendered for its educational value as a part of the planned educational program. The students shall be under the supervision of a qualified practitioner as appropriate to their respective programs.

7. In collaboration with the appropriate personnel of the Cooperating Agency, the College Program Coordinator will prepare a schedule of student clinical activities which will include the proposed clinical areas and patient or resident service facilities to be used by the students and an identification of the type and extent of care or service the students shall render.

8. The College Coordinator shall supply student schedules which shall include all courses and clinical experiences to the appropriate supervisory personnel of the Cooperating Agency.

9. The College will supply the necessary forms for a student evaluation, which evaluation shall be made by a designated staff member of the Cooperating Agency.

10. The College will assume responsibility for the cost of equipment that is broken or damaged due to negligence of a College employee or student while participating in a clinical training activity.

11. The College Program Coordinator shall make the necessary visitation to the clinical site. Coordination will be developed by the College Coordinator and Designated Staff of the Cooperating Agency.

12. The Cooperating Agency will maintain the standards required for approval as a clinical area for instruction in the health science and human services program(s) designated in the addenda.
13. Clinical facilities and services to be provided by the Cooperating Agency for student use within the confines of the health science and human services programs shall include:

   A. Patient or resident's care and patient or resident's service facilities, clinical areas for the health science and human services programs specified in the addendum.
   B. Rooms or areas in which groups of students may hold discussions and receive clinical instruction.
   C. Supplies and equipment commonly available for patient care and sources of information for educational purposes.
   D. Lockers and dressing areas.
   E. The use of the cafeteria if the Cooperating Agency has a cafeteria; otherwise the use of space for eating if a student's schedule requires clinical work both before and after normal dining hours.
   F. A system to account for the student's clinical time.

14. The administrator of the Cooperating Agency may refuse access to the Agency's clinical area to any College staff member, or to students who do not meet the Cooperating Agency's standards for safety, health, or ethical behavior by writing to the President of the College.

15. The College will schedule conferences with appropriate personnel from the Cooperating Agency for the purpose of interpreting, discussing and evaluating the health science and human services programs.

16. The College will give advance written notice of site visits by any of the accrediting agencies involved with allied health and nursing programs.

THERAPEUTIC RECREATION PROGRAM

PRACTICUM GUIDELINES

These rules and guidelines are designed to facilitate communication and understanding between the coordinator and students enrolled in the Therapeutic Recreation Program. They are designed to convey coordinator expectations and students' responsibilities.

1. **Attendance.** Any clinical absence is considered serious.

   Students are expected to complete 240 clock hours in a semester. Students are expected to call their practicum site supervisor if they will be absent. Make-up hours are necessary and arrangements should be made with the practicum site supervisor and the college coordinator.

2. **Tardies.**

   Students are expected to be on time to their agency. If a student is going to be late, she should call the agency supervisor. (three unexcused tardies and the student will be placed on probation). Continued tardiness is regarded as irresponsibility, and the coordinator has the option to take the student away from the clinical assignment.

3. **Students requiring prescribed medications, diagnostic procedures, or treatments are expected to advise the college coordinator of the program due to possible implications related to academic and/or clinical performance.**

4. **Should a student suspect she is in the early stage of pregnancy, she should notify coordinator immediately so the coordinator can review safety precautions necessary for the student and baby related to clinical experience.**

5. **Students are expected to dress appropriately at the agency assigned. At the initial orientation session, the student should ask the agency supervisor what attire is expected.**

6. **Students are expected to be clean and well groomed (clean hair, nails, etc.).**

7. **Student is expected to demonstrate a positive and professional attitude during her practicum assignment (maturity, cooperation, dependable, responsible, well-prepared, and good communication with the staff and clients).**

8. **Confidentiality - Do not discuss clients by name, personal data, behavioral patterns, incidents, staff, etc.**

9. **Student is expected to demonstrate appropriate behavior and language skills.**
10. Profanity or abusive language is not tolerated.
11. No breaks are to be taken without permission.
12. The facility's safety procedures must be followed.
13. Students are not allowed to leave the clinical area without permission from the agency supervisor.
14. Students are expected to follow the policies as set by the facility.
15. For any accident that occurs at the clinical site involving the student and client, an incident report should be made out and given to the coordinator and agency supervisor.
16. Assignments. Assignments are due on the date assigned. Any late assignments are one grade less within a week of the assignment date. Additional late assignments = 2 grades less.
17. Examinations. Examinations are to be taken on the date assigned. All make-ups are one grade less.
18. Cheating: Cheating is not acceptable. Observed evidence of cheating or copying any assigned written work will result in a failed exam and no repeat is permitted.
