FOREWORD

This project was initiated in a continuing effort to provide a current and relevant curriculum guide in the Office Occupations Departments in the Louisiana Vocational-Technical Schools. It represents the concerted efforts of a statewide committee to revise and update the requirements of the office occupations course offerings.

We believe that this revised curriculum guide will make a major contribution to the improvement of instruction in the office occupations programs in the postsecondary vocational-technical schools of Louisiana. This is another step toward achieving the goals of this administration.

J. KELLY NIX
State Superintendent of Education
ACKNOWLEDGEMENTS

This publication represents the cooperative efforts of personnel in the vocational-technical schools and Trade and Industrial Section in the Office of Vocational Education, Louisiana Department of Education. Special recognition goes to Phyllis M. Williams, Supervisor of Office Occupations, State Department of Education, who served as project director and to W. Merrill Cummings, Jr., Curriculum Specialist, Vocational Curriculum Development and Research Center, who served as project coordinator in the development of this guide. Special commendation goes also to members of the writing team who worked diligently to make this publication a reality.

STATEMENT OF PURPOSE

This study is a continuing effort to provide curriculum guides that will enable one vocational-technical school to offer the basic office occupations courses and at the same time allow another school to expand its courses, thus meeting the occupational needs of all areas.* One school may offer only the Account Clerk and the Typist Clerk courses while another school may offer additional courses. However, all courses offered must follow the requirements listed in this guide. Each school must plan and implement its own office occupations program that will best meet the needs of students and community served. It is not intended that all schools offer all courses--only those that the staff of the individual schools can implement.

MONTHS. One month is considered to be an average of 112.5 hours. Therefore, the following chart has been developed:

12 months = 1350 hours
13 months = 1463 hours
14 months = 1575 hours
15 months = 1688 hours
16 months = 1800 hours
17 months = 1913 hours
18 months = 2025 hours

SUBJECT DESCRIPTIONS. Individual subject descriptions are divided into study levels to indicate areas of training and do not indicate degrees of difficulty. Where training materials do not correspond exactly with subject descriptions, schools will present study areas that will meet minimal requirements. Unless indicated, a student must complete all levels to receive credit for that subject. Example: Accounting I, Levels I and II are to be completed to receive credit in Accounting I.

*A program is Office Occupations. Course offerings are: Account Clerk, Typist Clerk, etc. Subjects are: Typewriting, Accounting, etc.

   1. Addition--ascending reaches, descending reaches, long reaches and zeros
   2. Four-digit addition with subtotals
   3. Wide column addition with subtotals
   4. Credit balances and zeros in multipliers
BUSINESS MATHEMATICS I

Levels I-VI

I. COURSE DESCRIPTION

Business Mathematics I provides explanations, illustrations, and problems requiring the use of the fundamentals of math calculations--adding, subtracting, multiplying and dividing. Emphasis should be placed upon learning mathematical concepts through practical applications in business situations. Explanations of business procedures, terminology, and original documents aid in promoting understanding and reasoning.

II. PREREQUISITES: Demonstration of basic math skills

III. OBJECTIVES

A. To improve basic arithmetic ability through mathematical computations in addition, subtraction, multiplication, and division
B. To demonstrate the ability to perform mathematical computations in fractions, decimals, percentages, discounts, payroll, taxes, and finance charges
C. To understand the value and importance of the application of mathematical concepts to business activities and forms
D. To interpret, analyze, and solve word problems related to business situations

IV. CONTENT

LEVEL I--MATHEMATICS IN BUSINESS

A. Numbers as a language
B. Fundamental processes
C. Bank records
D. Sales records

LEVEL II--DECIMALS AND FRACTIONS

A. Fractions--addition and subtraction
B. Fractions--multiplication and division
C. Decimals--addition and subtraction
D. Decimals--multiplication and division

LEVEL III--PERCENTAGE IN BUSINESS

A. Percentage
B. Cash and trade discounts
C. Commission
D. Markup
LEVEL IV--PAYROLL AND TAXES

A. Payroll records
B. Payroll deductions
C. Sales, customs, and property taxes
D. Federal income tax

LEVEL V--FINANCE CHARGES

A. Simple interest
B. Promissory notes and interest variables
C. Discounting commercial paper
D. Charges for credit

LEVEL VI--SPECIAL AREAS

A. The metric system of measurement
B. Math in employment tests
BUSINESS MATHEMATICS II

Levels VII-IX

I. COURSE DESCRIPTION

Business Mathematics II takes the fundamental math background acquired in Business Mathematics I and uses it to solve problems related to business situations and financial management of the home and family.

II. PREREQUISITES: Business Mathematics I

III. OBJECTIVES

A. To demonstrate the ability to perform mathematical computations in inventory, depreciation, insurance, business finance, statistics and annuities
B. To understand the value and importance of the application of mathematical concepts to business activities and forms
C. To interpret, analyze, and solve word problems related to business situations

IV. CONTENT

LEVEL VII--INVENTORY, DEPRECIATION, AND INSURANCE

A. Inventories and turnover
B. Depreciation
C. Insurance

LEVEL VIII--BUSINESS FINANCE

A. Corporate stocks
B. Corporate and government bonds
C. Financial statement analysis
D. Financial ratios

LEVEL IX--STATISTICS AND ANNUITIES

A. Business statistics
B. Compound interest and present value
C. Annuities
CIVIL SERVICE TRAINING

Levels I and II

I. COURSE DESCRIPTION

Civil Service Training provides preemployment review of information and skills basic to most clerical positions in both government and industry.

II. PREREQUISITES: Business English, Vocabulary, Business Mathematics, Records Management, Typing II

III. OBJECTIVES

A. To review subject matter from previous courses
B. To review basic employment skills
C. To provide review of knowledges and skills just before seeking employment
D. To pinpoint areas of weaknesses
E. To give self confidence in final step to employment
F. To become familiar with employment tests

IV. CONTENT

LEVEL I--BASIC

A. Review of grammar, punctuation, capitalization, vocabulary, and spelling
B. Basic mathematical procedures
C. Basic office skills--typing, shorthand, filing, composing business letters, following instructions, and proofreading

LEVEL II--ADVANCED

D. Office technology and procedures--basic knowledge relative to data processing, word processing, and telecommunications
E. Aptitude tests
F. Information on job seeking and employment practices in business and government
G. Special application procedures for employment with the Federal government
CLERICAL PAYROLL

Levels I-III

I. COURSE DESCRIPTION

Clerical Payroll is designed to take the student from the beginning of the payroll cycle with time cards to the ending journal entry. Methods of recording information from the time card to the payroll register, then to the employee's earnings record are emphasized. The methods for completing the forms required by Federal and State authorities are emphasized throughout the course.

II. PREREQUISITES: Accounting I, Business Machines

III. OBJECTIVES

A. To become familiar with the laws and regulations affecting a payroll
B. To obtain a basic understanding of salary and wage payments
C. To become familiar with basic payroll records and required data
D. To demonstrate the ability to prepare the payroll
E. To interpret, analyze, and complete Federal payroll returns and payments
F. To become familiar with various payroll systems
G. To demonstrate the ability to record the accounting journal entries for the payroll

IV. CONTENT

LEVEL I--BASIC INFORMATION

A. Introduction
   1. Social Security number
   2. Form SS-5
   3. Form W-4
   4. Forms
B. Laws and regulations affecting a payroll
   1. The Social Security Act
   2. The Fair Labor Standards Act
   3. Income tax withholding
   4. The Walsh-Healey Public Contracts Act
   5. Workmen's Compensation laws
   6. Fair employment practices
C. Bases for salary and wage payments
   1. Salaries and wages rate
   2. Piece rate
   3. Commission
   4. Bonus
   5. Employee profit-sharing plans
   6. Overtime
D. Basic payroll records and required data
   1. Time cards
   2. Other time records
   3. Production records
   4. Personnel record
   5. Payroll register
   6. Employee's earnings record

LEVEL II--PREPARING THE PAYROLL

E. Preparing the payroll forms
   1. Basic payroll information
   2. Recording the time worked
   3. Time and method for paying salaries and wages

F. Preparing the payroll
   1. Determine the earnings
   2. List the earnings in the payroll register
   3. Figure the deductions
   4. Total the deductions and find the net pay
   5. Total and balance the payroll register
   6. Pay the payroll
   7. Post from the payroll register to each employee's earnings record
   8. Record the transaction in the journal

LEVEL III--GOVERNMENT FORMS

G. Federal payroll returns and payments
   1. Reporting the payment of income and FICA tax withholdings
      a. Form 941--Employer's Quarterly Federal Tax Return
      b. Form 501--Federal Tax Deposit
   2. Reporting to the employee--Form W-2, Wage and Tax Statement
   3. The reporting and the payment of the Federal unemployment tax
      a. Form 940--Employer's Annual Federal Unemployment Tax Return
      b. Form 508--Federal Tax Deposit

H. Payroll systems
   1. Standard forms
   2. Handwritten payroll systems
   3. Automated payroll systems
   4. Electronic computers
COST ACCOUNTING

I. COURSE DESCRIPTION

Cost Accounting is an extension of general accounting procedures which have as a goal the gathering of information to be used in the preparation of the financial statements. Because there are so many facets to the manufacturing process, the principles of cost accounting have been developed to enable the manufacturer to process the many different costs associated with manufacturing and to provide built-in internal control features. Cost accounting procedures provide the means to gather the data needed to determine the unit costs and to prepare reports, schedules, and statements necessary to management.

II. PREREQUISITES: Accounting I and II

III. OBJECTIVES

A. To determine as accurately as possible the cost of manufacturing a product
B. To assist management in making projections so that efficient scheduling can be made possible for acquisition of materials, labor, facilities, and other necessities
C. To assist management in forecasting profits
D. To help analyze data for the purpose of planning and control

IV. CONTENT

A. Introduction to cost accounting
   1. Uses of cost accounting data
   2. Elements of cost
   3. Cost accounting systems
   4. Perpetual inventories
   5. Standard cost system
B. Accounting for materials
   1. Need for materials control
   2. Materials control procedures
   3. Accounting for materials
C. Accounting for labor
   1. Labor cost control procedures
   2. Wage plans
   3. Accounting for labor cost
D. Accounting for factory overhead
   1. Recording factory overhead
   2. Classifying factory overhead
   3. Distributing service department costs
   4. Applying factory overhead
   5. Predetermining application rates
E. Job order cost accounting--application of principles
F. Process cost accounting--general procedures
   1. The process cost accounting system
   2. Work in process inventories
G. Process cost accounting--special problems
H. Standard cost accounting--materials and labor--standard cost procedures
I. Standard cost accounting--factory overhead
   1. Two-variance method of analysis
   2. Factory overhead budgeted
   3. Three-variance method of analysis
J. Managerial cost applications
   1. Cost behavior analysis
   2. Cost-volume-profit analysis
   3. By-products and joint products
   4. Distribution cost
GOVERNMENTAL ACCOUNTING

I. COURSE DESCRIPTION

This course is designed to assist the student in understanding purposes of funds, the life cycle of funds, budgetary accounting, budget processes and procedures, adaptations of the accounting equation, and forms design.

II. PREREQUISITES: Accounting I, II, and III

III. OBJECTIVES

The student should be able to deal with accounting and reporting principles, standards, and procedures applicable to the following:

A. State and local governments, including counties, cities, townships, and villages
B. The Federal government
C. Other nonprofit institutions such as universities and hospitals

IV. CONTENT

A. Governmental and institutional accounting--its environment and characteristics
B. State and local government--organization and accounting principles
C. Accounting and the budget process
D. General and special revenue funds--the accounting cycle
E. General and special revenue funds--balance sheets and fund balance statements
F. Revenue accounting
G. Expenditure accounting
H. Capital projects funds
I. Special assessment funds
J. Debt service funds
K. General fixed assets, general long-term debt, introduction to interfund transactions and relationships
L. Trust and agency funds
M. Intragovernmental service funds
N. Enterprise funds, summary of interfund accounting
O. Cost accounting, funding, and analysis
P. Cash--receipts, collections, disbursements
Q. Reporting
R. Auditing
S. Federal government accounting
T. Accounting for hospitals
U. Accounting for colleges and universities
INCOME TAX PROCEDURES
Levels I and II

I. COURSE DESCRIPTION

Income Tax Procedures offers a nontechnical presentation of the information needed in preparing tax returns for individuals, partnerships, and corporations. The student studies current rules and practical applications to the rules.

II. PREREQUISITES: None

III. OBJECTIVE

The student should be able to prepare the income tax forms as required by the Internal Revenue Service.

IV. CONTENT

LEVEL I--STRUCTURE

A. Tax regulations set forth by the Internal Revenue Service for individuals and businesses

LEVEL II--PROCEDURES

B. Preparation of Internal Revenue Service forms
I. COURSE DESCRIPTION

Information processing is designed to familiarize the student with all phases of the data processing and word processing concept. The student is also provided with an understanding of why word processing came about, how paperwork flows throughout the word processing cycle, and what basic parts form the word processing system. Input/output methods, word/data processing applications, procedures in efficiency, and career opportunities are highlighted. The student is also provided with an understanding of the fundamental concept of manual, unit record, and electronic automated data processing. Emphasis is also placed on the application of data processing concepts to business and industry. Basic concepts of all types and methods of data/word processing are discussed, and actual equipment is not required in Levels I and IV. Hands-on applications are required for Levels II and III, V, and VI (Levels V and VI pending availability of equipment).

II. PREREQUISITES: Typewriting I and II

III. OBJECTIVES

LEVEL I (Word)
A. Understand basic word processing concepts, terminology and changes that are occurring in the traditional secretarial positions
B. Understand the advantages word processing offers to companies of various sizes
C. Develop oral and written communications skills
D. Realize good work habits and attributes
E. Acquire an understanding of career opportunities in word processing

LEVEL II (Word)--Hands-on applications required.
A. Successfully complete training manual(s)
B. Understand functions and capabilities of equipment
C. Have fundamental understanding of formatting and editing
D. Develop a pattern of logical thinking by following detailed instructions, analyzing problems, and planning step by step solutions

LEVEL III (Word)--Hands-on applications required.
A. Competently perform practical applications from rough-draft materials
LEVEL III (continued)

B. Apply basic and advanced text-editing functions to rough-draft materials
C. Be able to set up any type of document with minimal instructions
D. Be able to transcribe from a machine transcriber on special-purpose equipment

LEVEL IV (Data)

A. Have a fundamental understanding of data processing as applied to computers
B. Understand the impact of the computer on their everyday lives
C. Have a basic knowledge of the history of data processing
D. Be able to convert decimal numbers to binary, octal, and hexadecimal numbers and vice versa
E. Know the characteristics of various input/output media
F. Be introduced to various methods of storing and retrieving data
G. Become familiar with computer languages and flow-charting
H. Be introduced to various data processing systems
I. Become acquainted with careers and future needs of data processing

LEVEL V (Data)—Hands-on Applications Required

A. Successfully complete training manual(s)
B. Understand functions and capabilities of data equipment
C. Have fundamental understanding of data entry and editing

LEVEL VI (Data)—Hands-on Applications Required

A. Successfully complete data processing problems assigned
B. Develop a pattern of logical thinking by following detailed instructions, analyzing problems, and planning step by step solutions

IV. CONTENT

LEVEL I (Word)

A. The Origin of Word Processing
B. Word Processing as a System
C. Standardization and Procedures
D. Work Environment
E. Career Opportunities

LEVEL II (Word)—Hands-on applications required

A. Input using training manual(s)
B. Output using training manual(s)
LEVEL III (Word)--Hands-on applications required.

A. Practical Applications
   1. Letters
   2. Reports
   3. Documents
   4. Statistical copy

B. Advanced Text-Editing
   1. Letters from rough draft
   2. Reports from rough draft
   3. Documents from rough draft
   4. Statistical data from rough draft

LEVEL IV (Data)

A. Background and Basic Features
   1. Introduction to Data Processing
   2. History of Data Processing
   3. Methods of Storing and Retrieving Data
   4. Careers in Data Processing

B. Technical Features
   1. Basic Components of a Data System
   2. Data Representation
   3. Number Systems
   4. Input/Output Devices and Their Media
   5. Understanding Programming Concepts and Languages
   6. Data Processing Systems

**LEVEL V (Data)--Hands-on Applications Required

A. Input Applications Using Training Manual(s)
B. Output Applications Using Training Manual(s)

**LEVEL VI (Data)--Hands-on Applications Required

A. Practical Applications
   1. Accounts Receivable
   2. Accounts Payable
   3. General Ledger

B. Advanced Applications
   1. Payroll
   2. Inventory

C. Financial Statements

**Pending availability of equipment.
INTRODUCTION TO BUSINESS
Levels I-IV

I. COURSE DESCRIPTION

Introduction to Business is an introductory course in business that helps the student understand the characteristics, the organization, and the operation of business.

II. PREREQUISITES: None

B. Outline of the opportunities that exist in business
C. Economic and social foundations of American business

LEVEL II--TYPES OF BUSINESS OWNERSHIP

D. Proprietorships and partnerships
E. Corporate forms of business ownership

LEVEL III--MAJOR PHASES OF BUSINESS ACTIVITY

F. Marketing
G. Purchasing
H. Production
I. Finance
J. Information systems
K. Personnel
L. General functions of management
M. Relationships that exist between government and business.
MACHINE TRANSCRIPTION

Levels I-IV

I. COURSE DESCRIPTION

Machine Transcription is designed to train the student to transcribe mailable copy from the recorded voice medium. It includes the different types of transcribing systems available, operating techniques for each, and the use of general and professional dictionaries.

II. PREREQUISITES: Typewriting I and II, Business English, Vocabulary Level I

III. OBJECTIVES

LEVEL I--GENERAL MACHINES TRANSCRIPTION

A. Become proficient in the art of machine transcription
B. Learn vocabulary relative to business
C. Become familiar with letterheads and forms
D. Set up tables, reports, and letters with minimal instructions

LEVEL II--LEGAL

A. Learn vocabulary relative to the legal profession
B. Use legal dictionary and other legal references
C. Set up legal documents with minimal instructions

LEVEL III--MEDICAL

A. Learn vocabulary relative to the medical profession
B. Use medical dictionary and other medical references
C. Set up medical reports with minimal instructions

LEVEL IV--TECHNICAL

A. Learn vocabulary relative to the technical profession
B. Use technical dictionary and other technical references
C. Set up technical reports with minimal instructions

IV. CONTENT

LEVEL I--GENERAL MACHINES TRANSCRIPTION

A. Understand operation of equipment
B. Develop efficient techniques
C. Develop skills in spelling, word division, and grammar usage
D. Judge length of dictated material
IV. CONTENT (continued)

E. Set up any type of letter, report, and tabulations with minimal instruction
F. Transcribe quickly and accurately
G. Proofread
H. Transcribe correspondence in a variety of areas

LEVEL II--LEGAL
A. Learn legal vocabulary
B. Use legal dictionary and other references
C. Set up copy relative to legal profession

LEVEL III--MEDICAL
A. Learn medical vocabulary (includes insurance)
B. Use medical dictionary and other references
C. Set up copy relative to medical profession

LEVEL IV--TECHNICAL
A. Learn technical vocabulary
B. Use technical dictionary and other references
C. Set up copy relative to technical profession
OFFICE PROCEDURES

Levels I-IV

I. COURSE DESCRIPTION

The Office Procedures course is designed to bring together information and skills that students have acquired in separate courses and to give the student a unified view of office work. It is designed to train prospective employees to seek employment in business and government as contributing members of an administrative team who will need office procedure skills. It emphasizes competencies that allow office personnel to assume responsibility with a minimal amount of direction and supervision and to exercise initiative and judgment in making decisions within the scope of their authority.

T. Prepare and run a stencil
U. Complete employment application forms
III. OBJECTIVES (continued)

V. Select appropriate duplicating processes for any given office task
W. Use or be familiar with electronic word/data processing equipment and techniques

LEVEL II--PROFICIENCY IN SHORTHAND

A. Complete Level I objectives
B. Be proficient in shorthand skills

LEVEL III--LEGAL OFFICE PROCEDURES

A. Complete objectives for Levels I and II
B. Set up and type legal documents
C. Learn legal terminology
D. Transcribe legal correspondence and documents effectively from shorthand or recorded matter

LEVEL IV--MEDICAL OFFICE PROCEDURES

A. Complete objectives for Levels I and II
B. Set up and type medical records
C. Learn medical terminology (includes insurance)
D. Prepare statement of account
E. Keep patients' records
F. Transcribe medical material effectively from shorthand or machine

IV. CONTENT

LEVEL I--GENERAL OFFICE PROCEDURES

A. Developing public relations image
B. Handling incoming calls and callers
C. Processing incoming mail
D. Processing outgoing mail
E. Filing systems
F. Word processing equipment and systems
G. Transcription
H. Editing and composing techniques
I. Reprographics
J. Electronic data processing
K. Researching information
L. Preparing reports and manuscripts
M. Meetings and conferences
N. Travel arrangements
O. Banking procedures
P. Office finance
Q. Employment and advancement
LEVEL II--PROFICIENCY IN SHORTHAND

A. Dictation readiness
B. Telephone dictation
C. Dictation at the typewriter
D. Machine dictation
E. Dictation to others

LEVEL III--LEGAL-OFFICE PROCEDURES

A. Rules unique to legal work
B. Legal terminology
C. Setting priorities and organizing work
D. Processing general and legal correspondence
E. Opening files for clients
F. Keeping the appointment calendar
G. Filing and retrieving information
H. Composing routine letters
I. Typing legal papers
J. Transcribing from dictation or transcribing equipment

LEVEL IV--MEDICAL OFFICE PROCEDURES

A. Duties unique to medical office
B. Medical terminology (includes insurance)
C. Medical records
D. Transcription from dictation or transcribing equipment
PAYROLL ACCOUNTING
Levels I and II

I. COURSE DESCRIPTION

Payroll accounting is concerned with accounting problems relative to laws regulating records and withholdings, computation of wages, tax forms, work schedules, Social Security benefits, and payroll systems.

II. PREREQUISITES: Accounting I, Business Machines, Business Mathematics I

III. OBJECTIVES

A. Develop an understanding of the personnel and payroll records required under the laws affecting payroll systems
B. Become acquainted with the Fair Labor Standards Act
C. Understand the basic payroll accounting systems and procedures used in computing wages and salaries and the time-keeping methods used to record time worked
D. Become acquainted with the various phases of the Social Security Act
E. Perform satisfactorily all payroll operations
F. Be aware of various types of automated equipment and systems that are common to payroll accounting

IV. CONTENT

LEVEL I--MANUAL PAYROLL

A. Understand laws that regulate payroll records
   1. Fair Labor Standards Act
   2. State minimum wage and maximum hours laws
   3. Fair employment laws
   4. Federal Insurance Contributions Act
   5. Income tax withholding laws

G. Dictation at the rate of 60-80 words a minute for three minutes on unpracticed material to transcribe with 95 percent accuracy
SHORTHAND II
Levels III and IV

I. COURSE DESCRIPTION

Shorthand II is the advanced study and application of shorthand theory that emphasizes dictation, speed building, and accurate transcription of notes, review of rules, and grammar, punctuation, spelling, and vocabulary.

II. PREREQUISITES: Typewriting I, Business English, Shorthand I (in lieu of Shorthand I, proficiency tests may be given to students who have previous training in shorthand)

III. OBJECTIVES

A. To reinforce objectives of Shorthand I
B. To review and strengthen the students' knowledge of shorthand
C. To develop students' ability to construct outlines for unfamiliar words under the stress of dictation
D. To increase students' dictation speed to the highest point possible
E. To extend students' knowledge of the basic nonshorthand elements of transcription
F. To lay a solid foundation for rapid and accurate transcription--the students' ultimate goal
G. To give the students the ability to transcribe business correspondence in mailable form
H. To make the students aware of the desirable traits and characteristics of a good secretary
I. To meet minimal requirements for completion by taking unpracticed material at the rate of 80 words a minute for three minutes and producing a typewritten transcription with 95 percent accuracy

IV. CONTENT

LEVEL III--REINFORCEMENT

A. Word-building, phrasing, reinforcing of brief forms
B. Reading and writing practice
C. Building transcription skills
   1. Spelling
   2. Punctuation
   3. Vocabulary development
   4. Grammar checkups
   5. Studies of typing style
   6. Office style of dictation
   7. Letter placement by judgment
D. Decision making in transcription
E. Dictation speed building at the rate of 60-100+ words a minute
IV. CONTENT (continued)
