This guide is intended for use by superintendents, district directors of instruction, curriculum writers, principals, and teachers in identifying and selecting instructional television (ITV) and radio resources that will aid their schools in meeting specific instructional requirements of the Defined Minimum Program and continuing objectives of the Basic Skills Assessment Program (BSAP) for South Carolina schools. Resources for ITV and radio are grouped under the following subject areas: (1) language arts; (2) foreign language; (3) mathematics; (4) natural science; (5) social studies; (6) music; (7) health and safety; (8) guidance; (9) education for the handicapped; and (10) substance abuse. Additional ITV subject areas include: environmental studies, computer education, drama and dance, art, fine arts, physical education, driver education, career and vocational education, and home economics. Titles are organized by grade level (elementary, middle-junior high, or secondary), and information for each title includes the curriculum need addressed by the program, series title and grade level, and descriptive comments. Resources having Basic Skills Assessment Program applications are also identified in the comments section. Two tables are provided for referencing ITV and radio resources to BSAP continuing objectives in communications skills and mathematics. (JB)
ITV and Radio Resources in the Defined Minimum Program

1985-86 Curriculum Guide

A guide for use of Instructional Television and Radio Programs presented over the South Carolina Educational Television and Radio Networks, in meeting curriculum needs in elementary, junior high and senior high levels of instruction.

Clyde H. Green
Director, Office of Instructional Technology

Sidney B. Cooper
Deputy Superintendent for Instruction

Dr. Charlie G. Williams
Superintendent, State Department of Education
Use of This Guide

ITV AND RADIO RESOURCES IN THE DEFINED MINIMUM PROGRAM CURRICULUM GUIDE is designed for use by superintendents, district directors of instruction, curriculum writers, principals and teachers in identifying ITV and Radio resources which will aid their schools in meeting specific instructional requirements of the Defined Minimum Program and continuing objectives of the Basic Skills Assessment Program (Act 631). It also aids in selection of those resources which will help classroom teachers meet curriculum needs identified by curriculum consultants of the Department of Education to be of significant concern in South Carolina schools.

Other suggested uses of the guide include:

a. Curriculum planning at all levels—classroom, school or district
b. Development of school-wide programs and approaches to meet curriculum goals
c. Resource Room/Media Center planning
d. Identification of resources for special groups such as the handicapped and the exceptional child
e. Incorporation of ITV and Radio resources into curriculum guides
f. Justification for expanding television or radio reception

The State Board of Education approved as instructional resources for 1985-86 one-hundred and seventy nine (179) instructional television series and fifty-two (52) instructional radio series referenced in this guide. A description and telecast schedule for each of the two-hundred and thirty-one (231) series may be found in the South Carolina Instructional Television and Radio Resources Book for 1985-86.

Reference Table for ITV Resources Applicable to Basic Skills Assessment Program (Act 631) Continuing Objectives

The Basic Skills Assessment Program (Section 1-a of Act 631 of 1978) has identified eleven continuing objectives in communications skills and five in mathematics. These objectives and applicable instructional television resources are identified in the following table. Resources having Basic Skills Assessment Program applications are also identified under comments for each subject area and grade level in the main body of this booklet.

Instructional Television Resources

Subject Area: Language Arts*

Level: Elementary

Defined Minimum Program: Grades 1-3, 550 minutes weekly, Grades 4-6, 500 minutes weekly

At least 50 percent of the instructional time in language arts for grades 5-6 must be devoted to the teaching of composition and grammar

Basic Skills Assessment Program reading objectives adopted under this program: decoding and word meaning, detail, main idea, reference usage, inference, analysis of literature

Writing objectives are: handwriting, mechanics, word usage, sentence formation and composition

<table>
<thead>
<tr>
<th>Curriculum Need</th>
<th>Series (Grade Level)</th>
<th>Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Supplement initial instruction in decoding skills</td>
<td>LETTER PEOPLE (1)</td>
<td>LETTER PEOPLE provides an interesting and exciting introduction to decoding skills essential to competency in listening, spelling, writing and reading skills. Applicable to BSAP decoding objective</td>
</tr>
<tr>
<td>2 Strengthen interrelated language arts skills in listening, speaking, reading and writing</td>
<td>READALONG 1 (1)</td>
<td>READALONG 1 uses animation, puppets and music to make learning to read fun. Repetition of words, phrases and sentences are put into meaningful and humorous situations that make activity stimulating even to reluctant learners. Applicable to BSAP decoding objective</td>
</tr>
<tr>
<td></td>
<td>READALONG 2 (2)</td>
<td>READALONG 2 encourages vocabulary building, writing and listening skills, as well as speech and reading. Several indicators have shown that the constant repetition of words, the many approaches to word attack skills, and the recurring reminders of varied uses of reading motivate children and directly assist in improving their communications skills. Applicable to BSAP decoding objective.</td>
</tr>
<tr>
<td></td>
<td>THE WORD SHOP (2-3)</td>
<td>THE WORD SHOP places major emphasis on the language development sequence of listening, speaking, reading and writing</td>
</tr>
<tr>
<td></td>
<td>READ ALL ABOUT IT (4-6)</td>
<td>This series promotes the importance of reading and writing. It emphasizes immediate on-screen reading skills and encourages classes to produce a newspaper like series' own CHRONICLE</td>
</tr>
<tr>
<td></td>
<td>SPEAKEASY (6-12)</td>
<td>SPEAKEASY is designed to teach students public speaking and debating skills. Series borrows issues, information and concerns from all areas of the curriculum and life, becoming an enjoyable and informative motivator that gets kids talking effectively</td>
</tr>
<tr>
<td>3 Improve use of synonyms and general vocabulary knowledge</td>
<td>THE WORDSMITH (5-8)</td>
<td>The focus in the series is on student vocabulary development, incorporating terms from special vocabularies in such areas as science, math and social studies. Applicable also to BSAP word meaning objective</td>
</tr>
<tr>
<td>4 Improve beginning composition skills</td>
<td>THE WRITE CHANNEL (3-4)</td>
<td>Students are taught writing skills by a method wherein short, choppy sentences are combined and improved. In word animation sequences, students see a gloved hand moving words, combining words and making appropriate changes in capitalization and punctuation. Applicable to BSAP composition objective</td>
</tr>
</tbody>
</table>
5 Improve grammatical skills
Far too many students advance to high school without a mastery of grammatical skills

YOU CAN WRITE ANYTHING
(3-6)

WRITE ON
(6-12)

The skill of writing well is developed by practice, encouragement and motivation. YOU CAN WRITE ANYTHING supports this writing process, incorporating the theory that children should be given frequent and varied opportunities to see themselves as authors. The series uses many strategies that teachers may easily incorporate within their own writing programs. Applicable to BSAP word usage, sentence formation and composition objectives.

WRITE ON programs concentrate on single concepts in writing and grammar in each 5-minute program unit.

5 Improve grammatical skills
Our Living Language
Students advance to high school without a mastery of grammatical skills.

OUR LIVING LANGUAGE
(4-6)

WRITE ON
(6-12)

This series assists students in mastering grammatical skills early and aids teachers in meeting DMP requirements for this subject. OUR LIVING LANGUAGE has been carefully planned to promote writing and speaking skills through the study of grammar, punctuation, sentence structure and story development. Applicable to BSAP writing mechanics objective.

WRITE ON programs concentrate on single concepts in writing and grammar in each 5-minute program unit. Applicable to BSAP writing mechanics objective.

6 Develop ability to write legibly
Cursive Handwriting
A and B

CURSIVE HANDWRITING
A and B
(2-3)

WRITE ON
(6-12)

Series assist in making the transition from manuscript to cursive writing an easy and enjoyable experience. The series is available for both the Zaner-Bloser and the Palmer method of handwriting. It thereby assists students in printing legible words or sentences following the model in each district's adopted handwriting program. Applicable to BSAP handwriting objective.

WRITE ON programs concentrate on single concepts in writing and grammar in each 5-minute program unit. Applicable to BSAP handwriting objective.

7 Strengthen students' thinking/reasoning abilities
Thinkabout

THINKABOUT
(5-6)

WRITE ON
(6-12)

This series blends skills from various subject areas and presents them within a framework based on the reasoning process. Situations common to the lives of fifth and sixth graders are the context for learning. Applicable to BSAP inference objective.

WRITE ON programs concentrate on single concepts in writing and grammar in each 5-minute program unit. Applicable to BSAP inference objective.

8 Provide opportunity to apply reading skills taught and to develop literary appreciation
Reading Rainbow

READING RAINBOW
(2-5)

WRITE ON
(6-12)

READING RAINBOW involves and motivates children to read good literature for themselves. Program selections are from the best available books for children. Applicable to BSAP analysis of literature objective.

FROM THE BROTHERS GRIMM
(K-12)

ABOUT BOOKS PRIMARY
(1)

ABOUT BOOKS INTERMEDIATE
(4-6)

BOOKBIRD
(4)

READIT
(3)

THE BEST OF COVER TO COVER I
(4-5)

THE BEST OF COVER TO COVER II
(5-6)

The series stimulates interest and understanding in folk literature and presents classic folktales to contemporary children and adolescents in an accessible format. Applicable to BSAP analysis of literature objective.

ABOUT BOOKS PRIMARY AND INTERMEDIATE are designed to involve children in independent reading. Only parts of stories are told, thus stimulating the child's interest to read the book himself.

BOOKBIRD motivates children to read a selection of 16 books through narration and lively art work.

READIT serves as a kind of "electronic librarian" guiding third graders to a wide variety of appealing fiction and non-fiction books.

The primary objective of these twin series is to motivate children to read good literature for a leisure activity. Many librarians coordinate their book orders with selections featured on the programs.
STORY BOUND
(5-6)

STORY BOUND is a blend of 20th century classics including six Newbery Award winners and the best of current fiction for sixth graders.

GATHER ROUND
(1-3)

This series presents a variety of colorfully illustrated fairy tales, legends and folklore from around the world to give primary level students a background in these areas of literature.

TOMES and TALISMAN
(6-8)

Traditional library and reference skills are taught through creative television programs requiring students to use materials in the library to solve problems and achieve solutions to mysteries. Applicable to BSAP reference usage objective.

Level: Middle-Junior High

Defined Minimum Program: Grades 7-8, 250 minutes weekly
A. At least 50 percent of instructional time in language arts for grades 7-8 must be devoted to the teaching of composition and grammar.
B. Special instruction in reading should be provided at least 250 minutes weekly for students reading two or more grade levels below their grade placement. This may be offered as part of the regular language arts program.

Basic Skills Assessment Program: Reading objectives adopted under this program are decoding and word meaning, detail, main idea, reference usage, inference and analysis of literature.

Writing objectives are: handwriting, mechanics, word usage, sentence formation, composition.

<table>
<thead>
<tr>
<th>Curriculum Need</th>
<th>Series (Grade Level)</th>
<th>Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Improve the interrelated skills of listening, speaking, reading and writing.</td>
<td>IN OTHER WORDS</td>
<td>This series stresses the communication skills of attentive listening, interviewing, presenting and composing.</td>
</tr>
<tr>
<td></td>
<td>ZEBRA WINGS</td>
<td>ZEBRA WINGS helps teachers meet DMP language arts requirement of devoting 50 percent of this instruction to teaching of composition and grammar. It provides high motivation for students to produce creative writing. Applicable to BSAP composition objective.</td>
</tr>
<tr>
<td></td>
<td>WRITE ON</td>
<td>Each five-minute program on writing and grammar concentrates on a single concept. The series is designed for anyone 12 years old and up. Applicable to BSAP composition objective.</td>
</tr>
<tr>
<td></td>
<td>SPEAKEASY</td>
<td>SPEAKEASY is designed to teach students public speaking and debating skills. Series borrows issues, information, and concerns from all areas of the curriculum and life, becoming an enjoyable and informative motivator that gets kids talking effectively.</td>
</tr>
<tr>
<td>2. Provide high-interest reading development resources for the older student. There is a need for appealing and effective resources for providing special instruction prescribed by the DMP to older students who read two or more levels below grade placement.</td>
<td>GETTING THE WORD</td>
<td>This series uses high-interest topics such as music, camping and car racing to teach skills to older students. Lessons feature much student participation. Skill exercises for pre-lesson placement and post-lesson exercises are provided. Applicable to BSAP decoding and word meaning objective.</td>
</tr>
<tr>
<td>3. Strengthen vocabulary development</td>
<td>WORDSMITH</td>
<td>WORDSMITH provides a consistent, well-organized and interesting basic resource for vocabulary development. WORDSMITH is a television series to be avoided if you don't want students to become hooked on words. Applicable to BSAP word meaning objective.</td>
</tr>
</tbody>
</table>
4 Provide opportunity to apply reading skills taught and to develop literary appreciation

MATTER OF FICTION
(7-8)

Just enough of a book's plot is dramatized by each MATTER OF FICTION lesson to spark student interest in checking them out from the library. It presents books for the purpose of enjoyment and to encourage pleasure reading important to real mastery of reading skills.

STORY BOUND
(5-6)

STORY BOUND is a blend of 20th century classics including six Newbery Award winners and the best of current fiction for sixth graders.

5 Develop library research and reference skills

TOMES AND TALISMAN
(5-6)

Traditional library and reference skills are taught through creative television programs requiring students to use materials in the library to solve problems and achieve solutions to mysteries. Applicable to BSAP reference usage objective.

Supplemental/Enrichment Resources

TUNED IN
(6-8)

TUNED IN is designed to equip students with the information and insights to become more alert and selective television viewers.

POETRY ALIVE
(7-12)

POETRY ALIVE is designed to help both educators and students communicate in an open and positive way.

Level: Secondary

Defined Minimum Program: Course opportunities with a minimum of six units including courses in remedial reading and English I, II, III will be offered. At least 50 percent of instructional time in courses used for graduation requirements must be devoted to the teaching of composition and grammar. Typical learning experiences to be provided include communication skills, in-depth study of literature, creative writing, literature enjoyment and appreciation, oral and written self-expression, instruction guaranteeing reading and writing skills.

Basic Skills Assessment Program: reading objectives adopted under this program include decoding and word meaning, details, main idea, reference usage, inference and analysis of literature.

Writing objectives are handwriting, mechanics, word usage, sentence formation and composition.

Curriculum Need

Series (Grade Level)

Comments

1. Improve composition skills

WRITING FOR A REASON
(12)

This composition course concentrates on basic writing skills such as choosing and shaping a thesis, planning a composition, composing effective sentences, paragraphs and essays. The resource is highly supportive of DMP guidelines to provide instruction guaranteeing writing skills. Applicable to BSAP composition objective. Recommended for advanced high school seniors only.

IN OTHER WORDS
(7-8)

WRITE ON
(6-12)

WRITE ON serves as an aid in guaranteeing writing skills by presenting appealing single concept programs on writing and grammar. The series is designed for anyone 12 years old and up. Applicable to BSAP composition objective.

2. Improve speaking skills

SPEAKEASY
(6-12)

SPEAKEASY is designed to teach students the fundamentals and finer points of speech and debate. It introduces students to the basic skills of successful communication and offers witty ways to promote speech and debate in the classroom.

WRITE ON
(6-12)

Series is also a BSAP writing mechanics resource.

3. Strengthen grammatical skills. Far too many students advance to high school without a mastery of grammatical skills

WRITE ON
(6-12)

Series is also a BSAP writing mechanics resource.
4. Provide appealing resources for secondary students needing remedial reading instruction

SECONDARY GRAMMAR
(9-12)
This series helps meet DMP requirement for devoting course content to teaching composition and grammar. The series treats the basic skill of grammar and its usage on a secondary level. Lessons on parts of speech, word order, punctuation and capitalization will help students gain this needed mastery of grammar. Applicable to BSAP writing mechanics objective.

5. Provide opportunity to apply reading skills taught, and to develop literary appreciation.

GETTING THE WORD
(6-12)
This series is useful for basic instruction in remedial reading and, as such, will help schools meet the DMP requirement for providing remedial reading course opportunities. Applicable to BSAP decoding and word meaning resource objective.

GETTING THE WORD is an award-winning resource designed to capture the interest of older, poor, or non-readers. It is designed to move students step-by-step to gain basic reading skills.

6. Ability to use word recognition skills and determine the meaning of words

A MATTER OF FACT
(7-10)
The commentary and sequences of this widely acclaimed series are designed to stimulate the student to seek out and read the books featured on the programs. Many librarians coordinate their book orders with the selections.

WORDSMITH
(5-8)
WORDSMITH is being well used at the high school level because of its value as a well-organized and interesting basic resource in vocabulary development. Applicable to BSAP word meaning objective.

WATCH YOUR LANGUAGE
(9-12)
Series presents new vocabulary in its natural context and settings while focusing on areas of interest to secondary students. It assists in meeting the curriculum need by illustrating word analysis strategies. Applicable to BSAP decoding and word meaning objective.

7. Strengthen non-testable abilities such as the appreciations of literature and the motivation to read

SHAKESPEARE
(10-12)
William Shakespeare wrote his plays to please an audience that was neither very sophisticated nor literary; he wrote for people, not coteries. These plays are brought back on the same plain terms to a mass audience. The visual portion of the programs are rich in their use of television as a medium while the language and drama are pure Shakespeare.

SHORT STORY SHOWCASE
(11-12)
SHORT STORY SHOWCASE brilliantly dramatizes literary masterpieces by famous writers and helps students appreciate good literature. The teacher's guide outlines discussions for development of critical reading skills. The series assumes some maturity on the part of the student. Applicable to BSAP analysis of literature objective.

HUMANITIES
(9-12)
HUMANITIES seeks to convey the total effect of English literature, art, philosophy and politics through the development of our culture. Applicable also to BSAP analysis of literature objective.

THE SHORT STORY
(7-12)
THE SHORT STORY stimulates an interest in reading the works of selected 19th century American short story writers and compares their works with the best writers of other countries. Applicable to the BSAP analysis of literature objective.

AMERICAN LITERATURE
(9-12)
This series acquaints the student with selected authors and writings, communicates literary tone or artistic excellence, and generates interest in American Literature. Applicable to BSAP analysis of literature objective.
Supplemental/Enrichment Resources

**TUNED IN** (6-8)
TUNED IN is designed to equip students with the information and insights to become more alert and selective television viewers.

**POETRY ALIVE** (7-12)
POETRY ALIVE is designed to help both educators and the students communicate in an open and positive way.

### Subject Area: Foreign Language

#### Level: Middle-Junior High

Defined Minimum Program: At least one elective of an occupational nature shall be offered for 36 weeks with a minimum of 150 minutes weekly (This course may be a foreign language offering.)

**Curriculum Need**
1. Diversify content of basic texts, providing stimulus for early interest in language study.

**Series (Grade Level)**

**PARLEZ-MOI** (6-12)
PARLEZ-MOI is aimed primarily at English-speaking ten-to-fifteen-year-olds in their first or second year of French. Vocabulary and grammar are presented cumulatively, gradually building in difficulty as the series progresses. The programs are built around everyday situations involving a character called "Sol" who, although a fluent French speaker, has all the innocence of a newborn baby. His utter gullibility gets him into scrape after scrape—in a restaurant, on the telephone, going through customs, and so on. By their very nature, Sol's naive reactions weave a dialogue that is both simple and repetitive.

**Comments**

PARLEZ-MOI is aimed primarily at English-speaking ten-to-fifteen-year-olds in their first or second year of French. Vocabulary and grammar are presented cumulatively, gradually building in difficulty as the series progresses. The programs are built around everyday situations involving a character called "Sol" who, although a fluent French speaker, has all the innocence of a newborn baby. His utter gullibility gets him into scrape after scrape—in a restaurant, on the telephone, going through customs, and so on. By their very nature, Sol's naive reactions weave a dialogue that is both simple and repetitive.

**Series (Grade Level)**

**GUTEN TAG** (10-12)

**GUTEN TAG WIE GEHT'S** (10-12)

#### Level: Secondary

Defined Minimum Program: All accredited high schools will include at least two years of a foreign language in their programs. A school not meeting this requirement must be able to justify this omission. Schools with fewer than 300 students may alternate first and second year courses when not practical to offer two levels concurrently.

**Curriculum Need**
1. Diversify content of basic texts, providing stimulus for early interest in language study.

**Series (Grade Level)**

**PARLEZ-MOI** (6-12)
PARLEZ-MOI is aimed primarily at English-speaking ten-to-fifteen-year-olds in their first or second year of French. **Series (Grade Level)**

**GUTEN TAG** (10-12)

**GUTEN TAG WIE GEHT'S** (10-12)

What these two series do best is provide a resource for diversifying the basic texts, and the most successful foreign language teachers are those who go beyond the basic text. These series give students a longer time to work with given grammar structures for better mastery especially when used in conjunction with the activity supplement which offers many activities leading to performance skill rather than mere response patterns.
2. Provide intermediate level supplemental resources for very small schools with a combined level program

GUTEN TAG WIE GEHT'S (10-12)

To help meet this need, GUTEN TAG can be used as a major curriculum component for first year classes, or as a resource for second year students who will then work independently on the supplemental activities. Where second and third year students are combined, advanced students can organize supplemental activities for second year students. Also for this situation, GUTEN TAG WIE GEHT'S could be used as described above for third year students. (Note: GUTEN TAG WIE GEHT'S has no activity supplement, but has a commercial handbook of exercises available on request—one copy per instructor, please. Write GUTEN TAG WIE GEHT'S/206 Rutledge Building/ Columbia, S C 29201.)

Subject Area: Mathematics

Level: Elementary

Defined Minimum Program: Grades 1-3, 225 minutes weekly; Grades 4-6, 250 minutes weekly.

Basic Skills Assessment Program: Mathematics objectives adopted include concepts, operations, measurement, geometry, and problem solving.

Curriculum Need

1. Motivational math instruction
   Methods and techniques should provide for active involvement of students in the learning process. After concepts and skills are learned, methods should include drill that is couched in games and novel approaches where possible.

<table>
<thead>
<tr>
<th>Series (Grade Level)</th>
<th>Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>TWO PLUS YOU (MATH PATROL I) (1)</td>
<td>TWO PLUS YOU is designed for use in the initial stage of mathematical understanding. As a television resource, it is particularly useful in bridging the gap between concrete and abstract. Applicable to BSAP mathematical concepts objective.</td>
</tr>
<tr>
<td>MATH PATROL II (2)</td>
<td>Based on new research, the programs present ideas in a highly visual manner to help develop comprehension of basic math skills, to reinforce existing knowledge and to stimulate interest in mathematics. Applicable to BSAP mathematical concepts objective.</td>
</tr>
<tr>
<td>MATH PATROL III (3-5)</td>
<td>Research shows that MATH PATROL II and MATH PATROL III are very effective tools for teaching math to children in the primary grades. They give teachers the opportunity to add extra excitement to the math curriculum and allow them to tap the overwhelming attractiveness of the television medium to teach an extremely important subject.</td>
</tr>
</tbody>
</table>

2. Improvement in basic math skills

<table>
<thead>

<tbody>
<tr>
<td>MATH CYCLE (3)</td>
<td>MATH CYCLE focuses on critical concepts necessary for the development of all mathematical skills. Skills included in the programs are those which must be clearly understood by each learner who is to experience future mathematical success.</td>
</tr>
<tr>
<td>IT FIGURES (4)</td>
<td>IT FIGURES assists fourth graders in the development of mathematical skills, understanding mathematical ideas and in communicating about mathematics. Applicable to BSAP mathematical concepts objective.</td>
</tr>
<tr>
<td>MATH MAKERS II (4-6)</td>
<td>MATH MAKERS II is based on a story magazine format and each lesson focuses on a particular math concept. Applicable to BSAP mathematical concepts objective.</td>
</tr>
</tbody>
</table>
This series produces a deeper comprehension and a fascination for numbers and number relationships. Applicable to BSAP mathematical concepts objective.

**MEASUREMETRIC (4-6)**

**IT FIGURES (4)**

**VOYAGE OF THE MIMI (3-7)**

**THINKABOUT (5-6)**

**MATH WORKS (5)**

**PASS IT ALONG (4-5)**

**LANDSCAPE OF GEOMETRY (8-10)**

**MAT+I MATTERS (5-8)**

**MODERN MATH (5-8)**

**Level: Middle-Junior High**

**Curriculum Need**

1. Improvement of geometry skills.

2. Motivational math instruction methods and techniques should provide for active involvement of students in the learning process and drill (after concept and skills are learned) that is couched in games and novel approaches where possible.

3. Improvement in basic math skills.

**Series (Grade Level)**

**Comments**

This series shows students how geometry is used to solve problems in the world around them. Examples and problems produce a sense of relevancy for geometry. Applicable to BSAP geometry and problem solving objectives.

This series contains lessons on basic math concepts designed to deal with lack of interest in math and gaps in knowledge that sometimes accompany students into junior high school. Program follow-up activities suggest involving manipulative materials, measurements, games, and creation of designs. Applicable to BSAP mathematical concepts objective.

This series is designed to develop rational number ideas concerned with four basic operations as applied to fractions and decimals. Applicable to BSAP mathematical operations objective.
MATH MATTERS deals with fundamental mathematical concepts. Programs are designed to revitalize interest in math, and to develop and/or reinforce basic understandings and skills for those students entering junior high school who have been turned off by the subject.

4 Improvement in measurement skills

MEASUREMETRIC provides a welcomed resource for teaching metric concepts missed along the way. The series presents metric information sequentially in three major areas: readiness, awareness and conceptual development. Applicable also to BSAP mathematical measurement objective.

VOYAGE OF THE MIMI: Series is a continuing dramatic story dealing with the adventures of a group of young people doing whale research in the Northwest Atlantic. Segments deal with scientific and mathematical concepts encountered in the drama.

THE METRIC SYSTEM emphasizes metric units of length, volume, and weight and helps the viewer accept with ease the use of the metric system of measurement. Applicable to BSAP mathematical measurement objective.

**Level: Secondary**

Defined Minimum Program: A. Three courses of math leading to a post high school study consisting of algebra I, geometry and algebra II. B. Two courses of General Math, remedial instruction if ten percent or more of general math students are three years or more behind basic skills for their grade. Mathematics objectives adopted under The Basic Skills Assessment Program: Concepts, operations, measurement, geometry, problem solving.

</tr>
<tr>
<td>2 Improve basic math skills</td>
<td>MODERN MATH (5-8)</td>
<td>MODERN MATH emphasizes one concept or method per lesson in developing ideas concerned with four basic operations as applied to fractions and decimals. Series may be useful in remedial math courses. Applicable to BSAP mathematical operations objective.</td>
</tr>
<tr>
<td></td>
<td>A READING APPROACH TO MATH (9-12)</td>
<td>The series assists in teaching basic math skills to students who have consistently found mastering elementary math skills extremely difficult. Assists students of all ability levels to interpret and solve written mathematical problems. Applicable to BSAP mathematical problem solving objective.</td>
</tr>
</tbody>
</table>

**Supplemental/Enrichment Resources**

| GEOMETRY (10-11) | Geometry must be offered in meeting the DMP in high schools. GEOMETRY strengthens geometry courses by helping students achieve mastery of basic theorems. The series contains most of the content of a basic course in geometry and is designed for the average student. Applicable to BSAP geometry objective. |
**Subject Area: Natural Science**

**Level: Elementary**

Defined Minimum Program Grades 1-3, 125 minutes weekly, Grades 4-6, 175 minutes weekly Environmental education is required as an integral part of science, social studies, and health

### Curriculum Need

1. **Promote awareness and appreciation of natural science**
   - **Series (Grade Level)**: UP CLOSE AND NATURAL (1-4)
   - **Comments**: Students are given an opportunity to sharpen their observation skills and interest in nature

2. **Promote awareness and appreciation of natural science**
   - **Series (Grade Level)**: ZOO NOTES (K-6)
   - **Comments**: ZOO NOTES is designed to provide elementary students with enrichment experiences in the area of natural science and to promote understanding of the purpose and operation of a zoo. Especially noted are the contribution of zoos to the protection of rare and endangered animals

3. **Provide more indoor and outdoor laboratory experiences**
   - **Series (Grade Level)**: DRAGONS, WAGONS, & WAX (1-3)
   - **Comments**: This series draws experiences from all areas to help students become aware of the total environment, their place in it, and the interrelationships of all living things. Stories, songs, and real-life experiences help to make scientific knowledge more easily understood, remembered, and used

4. **Provide more indoor and outdoor laboratory experiences**
   - **Series (Grade Level)**: ANIMALS & SUCH (3-4)
   - **Comments**: ANIMALS & SUCH is a high-interest, non-sequential series which can enrich science instruction. It emphasizes ecological concerns and deals with living specimens in their own environment

5. **Provide more indoor and outdoor laboratory experiences**
   - **Series (Grade Level)**: ATOMS AND MOLECULES (4-6)
   - **Comments**: This series on PHYSICIAN SCIENCE uses computer generated graphics, animation, demonstrations, and models to explain how atoms form molecules, the building blocks of matter. Emphasis is upon how physical and chemical changes come about to create new substances

6. **Provide more indoor and outdoor laboratory experiences**
   - **Series (Grade Level)**: START HERE (4-7)
   - **Comments**: START HERE shows students how to undertake classic experiments of physics that lead to an understanding of basic physical phenomena, and place scientific discoveries in their historical context. The experiments make use of equipment and substances found in every home or school

7. **Provide more indoor and outdoor laboratory experiences**
   - **Series (Grade Level)**: ALL ABOUT YOU (2-3)
   - **Comments**: ALL ABOUT YOU is a series that integrates science and health instruction. The series presents a picture of what a human being is and promotes an understanding of how people grow and develop physically and mentally

8. **Provide more indoor and outdoor laboratory experiences**
   - **Series (Grade Level)**: FEATHERBY'S FABLES (1-2)
   - **Comments**: The overall objective of FEATHERBY'S FABLES is to create an environment in the classroom in which the exploration of basic science concepts is exciting and attractive to both the primary level student and teacher. The programs are designed as a motivational tool to stimulate student interest

9. **Provide more indoor and outdoor laboratory experiences**
   - **Series (Grade Level)**: VOYAGE OF THE MIMI (3-7)
   - **Comments**: Reflecting the national concern about science and mathematics education, the goal of THE VOYAGE OF THE MIMI is to increase children's understanding of science, mathematics, and technology and to convey that science is an exciting and rewarding human activity.
Reflecting the national concern about science and mathematics education, the goal of THE VOYAGE OF THE MIMI is to increase children’s understanding of science, mathematics and technology and to convey that science is an exciting and rewarding human enterprise. In the process of joining a crew on the ketch MIMI in search of whales, they will:

- observe the interrelationships of physical and life sciences
- expand their practical knowledge of mathematics and measurement
- see first-hand how modern technology assists in science and math problem solving

Programs provided on scientists at work allowing students to observe tools and procedures used in making scientific advances. In the process of joining a crew on the ketch MIMI in search of whales, they will:

- observe the interrelationships of physical and life sciences
- expand their practical knowledge of mathematics and measurement
- see first-hand how modern technology assists in science and math problem solving

3-2-1 CONTACT is an effort to use television to arouse the innate curiosity of children in the natural and technological world and to gently draw them into science and technology. NATURESCENE is a series that explores South Carolina Programs are taped on location and include history as well as natural history. The series is recommended particularly for environmental studies. Programs of this newly revised series stress four major themes: change, diversity, interrelationships, and energy.

**Level: Middle-Junior High**

Defined Minimum Program Grades 7-8, 200 minutes weekly

<table>
<thead>
<tr>
<th>Curriculum Need</th>
<th>Series (Grade Level)</th>
<th>Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Provide resources and learning experiences not otherwise available. Science instruction in many middle-junior highs is still presented as a traditional textbook based program.</td>
<td>LIFE SCIENCE (7)</td>
<td>This series provides lessons not ordinarily duplicated in the school setting, such as time-lapse photography and microscopy.</td>
</tr>
<tr>
<td></td>
<td>COMMUNITY OF LIVING THINGS (7)</td>
<td>Programs of this newly revised series stress four major themes: change, diversity, interrelationships, and energy.</td>
</tr>
<tr>
<td>2. Provide enrichment/supplemental experiences correlated to the content of the most commonly used textbooks.</td>
<td>WHAT ABOUT (7-8)</td>
<td>Series blends skills, concepts, attitudes and scientific understandings into a framework that emphasizes the process and concept of change.</td>
</tr>
<tr>
<td>3. Enrich classroom instruction by providing experiences relating to the long ago and the far away.</td>
<td>NATURAL SCIENCE SPECIALS (8)</td>
<td>Several lessons take students back into geological time to give an historical perspective to life science.</td>
</tr>
</tbody>
</table>

This series provides non-sequential lessons on life science and earth science designed to inform students about biological and geological occurrences.
5 Provide more laboratory and field experiences

START HERE (4-7)

START HERE shows students how to undertake classic experiments of physics that lead to an understanding of basic physical phenomena, and place scientific discoveries in their historical context. The experiments make use of equipment and substances found in every home or school

ABOUT SCIENCE (7-12)

This is a series of 40 short, simple concept units for students in intermediate, junior and senior high school. The setting is the top of the laboratory table. Units range from four to eight minutes in length, and consist of a scientific experiment or demonstration of a scientific principle or concept

6 Make science instruction relevant to students' interests and needs

WHAT ON EARTH? (8)

WHAT ON EARTH? complements the teacher's classroom instruction by concentrating on experiences that help students develop more abstract concepts

THE UNIVERSE AND I (8)

THE UNIVERSE AND I helps teachers by taking students beyond classroom walls and giving them exposure to the real drama of the natural world. The series includes a wide variety of ideas for student activities to round out the telecasts. Film footage from NASA's library and well-known space actors are used to develop high interest programs about broad earth science concepts

7 Promote nutritional knowledge and development of healthful food selection habits

SOUP TO NUTS (7-8)

This nutrition education series is designed to change poor food habits in regard to food selection by exploring values, attitudes, acquiring knowledge and skills

Supplemental/Enrichment Resources

S C NATURESCENE (6-10)

NATURESCENE is a series that explores South Carolina Programs are taped on location and include history as well as natural history. The series is recommended particularly for environmental studies.

THE HUMAN COMMUNITY (6-10)

The series focuses on the growing importance of environmental issues in science. The programs focus on contemporary environmental problems and explore the effects of technology upon ecological concerns, illustrating conflicts between economic needs and environmental issues

Level: Secondary

Defined Minimum Program. Grades 9-12, biology, chemistry, and physics are among the course offerings which will be included every year. Schools (grades 9-12) with enrollments of 400 or less may alternate chemistry and physics. At least 20 percent of instructional time in all science subjects shall be devoted to student-centered laboratory experiences. All accredited high schools will include environmental studies as a part of the instructional program

</tr>
</tbody>
</table>
2 Provide reinforcement of textbook content to improve mastery of basic concepts

INTRODUCING BIOLOGY
(*10-12*)
Series focuses on the viewer by developing an appreciation of the intricate human body. The living world of animals and plants around the viewer is related to human existence, to help the student realize the unity of all life forms.

SEARCH FOR SOLUTIONS
(9-12)
Programs demonstrate or describe how scientific principles apply to solve practical scientific problems.

PHYSICAL SCIENCE
(9)
This series is useful as a supplemental resource to many physical science textbooks. Lessons are scheduled to allow time for teacher presentation of concepts not included in series.

DIMENSIONS IN SCIENCE
CHEMISTRY
(10-12)
This series was created specifically to aid teachers and students in connecting classroom theory with the chemistry of everyday life and industry. It amplifies classroom experiments by showing how our economy functions on the same principles. With it, students are helped to see beyond cloudy chemical mixes to the wider world outside.

PHYSICS
(10-12)
HOMEOSTASIS
(10-12)
WAVE PARTICLE DUALITY
(10-12)
ENERGY FLOW
(10-12)

Supplemental/Enrichment Resource

S C NATUDESCENE
(6-10)
NATURASCENE is a series that explores South Carolina. Programs are taped on location and include history as well as natural history. The series is recommended particularly for environmental studies.

ENVIRONMENTAL STUDIES
(9-12)
ENVIRONMENTAL STUDIES is a series of films and videotapes for an interdisciplinary program addressing the use and management of natural resources in South Carolina. Programs stand alone and may be used in any order as units in the Environmental Studies course.

THE HUMAN COMMUNITY
(6-10)
The series focuses on the growing importance of environmental issues in science. The programs focus on contemporary environmental problems and explore the effects of technology upon ecological concerns, illustrating conflicts between economic needs and environmental issues.
Subject Area: Social Studies

Level: Elementary

Defined Minimum Program Grades 1-3, 125 minutes weekly, Grades 4-6, 175 minutes weekly Environmental education is required as an integral part of science, social studies and health

</thead>
<tbody>
<tr>
<td>1 Develop skills needed to understand and to effectively participate in the everyday world</td>
<td>IT'S A RAINBOW WORLD (K-1)</td>
<td>It's a Rainbow World presents beginning social studies concepts for kindergarten and first grade. The programs, which are based on family life, show everyday situations that five, six and seven-year-olds experience. As children learn about themselves, their families and the world around them, they develop the skills necessary to understand and participate effectively in their world.</td>
</tr>
<tr>
<td>2 Provide opportunities to gain knowledge of our history - profit from our experiences - build on our heritage - apply fundamental social studies concepts to our daily lives</td>
<td>GROWING UP/GROWING OLDER (3-6)</td>
<td>Growing up/Growing Older is one experience we all share. Welcoming students into this thought-provoking program should encourage them to develop positive attitudes about aging and older people in general.</td>
</tr>
<tr>
<td></td>
<td>UNDER THE BLUE UMBRELLA (1)</td>
<td>From this series, the first grade student will gain fundamental social studies concepts from the areas of geography, history, economics and political science. This foundation will assist the student in beginning the acculturation process.</td>
</tr>
<tr>
<td></td>
<td>UNDER THE YELLOW BALLOON (2-3)</td>
<td>Series presents basic social studies concepts in a developmental manner using an expanding environmental approach. The child, his family, home, community, the state, the country and the world will all be interrelated to present concepts from each of the social studies disciplines.</td>
</tr>
<tr>
<td></td>
<td>SANDLAPPER'S CORNER (3)</td>
<td>Sandlapper's Corner will provide students with an introduction to South Carolina and the foundations needed for later study of this state.</td>
</tr>
<tr>
<td></td>
<td>GETTIN' TO KNOW ME (4-8)</td>
<td>Gettin' to Know Me is about a contemporary southern Black family and the role Black folklore plays in their daily lives.</td>
</tr>
<tr>
<td></td>
<td>AMERICA COUNTS (4-12)</td>
<td>This series depicts the feelings and attitudes of different Americans toward their country in an attempt to help students discover the meaning of being an American.</td>
</tr>
<tr>
<td></td>
<td>TRULY AMERICAN (4-6)</td>
<td>This series helps students become aware of their heritage and to appreciate it through biographical treatment of famous 20th century Americans.</td>
</tr>
<tr>
<td></td>
<td>AMERICAN LEGACY (5-6)</td>
<td>American Legacy explores significant historical events, personalities, and economic and cultural foundations of our nation.</td>
</tr>
<tr>
<td></td>
<td>THE AMERICAN FRONTIER (6-12)</td>
<td>The American Frontier, hosted by Charlie Jones and Merlin Olsen is an unusual series of sixteen short television vignettes depicting the colorful legends and history of the Old West, as well as its important characters and events.</td>
</tr>
<tr>
<td>3 Increased knowledge of the everyday workings of our economic system</td>
<td>COMMON CENTS (1-2)</td>
<td>The basic objective throughout all five Common Cents programs is to show how people are interdependent and to discuss this in economic terms. The series aids students in understanding how economics is a real part of their daily lives.</td>
</tr>
</tbody>
</table>
4 Knowledge of the geography of our community, state, nation and world as it relates to the development of our society and as it influences our environment

5 Provide instruction on natural and social aspects of man's interrelationships with his environment

**Supplemental/Enrichment Resources**

- **PENNYWISE** (1-3)
- **TRADE-OFFS** (4-6)
- **GIVE & TAKE** (6-8)
- **FINDING OUR WAY** (4-8)
- **ODYSSEY** (4-6)
- **S C NATUORESCENE** (6-10)

**Level: Middle and Junior High**

**Curriculum Need**

1. Develop critical thinking skills in learning who we are and how we got that way

2. Provide opportunities to gain knowledge and appreciation of our history, so students can profit from our experiences and build on our heritage

**Series (Grade Level)**

- **WHAT IS ?** (6-12)
- **THE CLYDE FROG SHOW** (1)
- **CELEBRATE** (K-2)
- **TUNED IN** (6-8)

**Comments**

- WHAT IS ? is an exploration of the nature of history itself. Series explores fundamental concepts of various academic areas, e.g. history, economics, anthropology, geography, archeology, etc. and provides objective criteria which enable students to become critical thinkers about each of these disciplines and about the world around them.

- THE AMERICAN FRONTIER, hosted by Charlie Jones and Merlin Olsen, is an unusual series of sixteen short television vignettes depicting the colorful legends and history of the old West, as well as its important characters and events.
This new series aids teachers in meeting the defined minimum program requirement to teach South Carolina History in an exemplary manner. The series takes students throughout the state to observe dramatic reenactments of events that helped shape our destiny.

**THE PALMETTO SPECIAL** (8)

**GETTIN' TO KNOW ME** (4-8)

**AMERICa COUNTS** (4-12)

**OUR STORY** (6-12)

**TRULY AMERICAN** (4-8)

**AMERICAN LEGACY** (5-6)

**FINDING OUR WAY** (4-8)

**UNDERSTANDING OUR WORLD** (4-6)

**ODYSSEY** (4-6)

**TRADE-OFFS** (4-6)

**GIVE & TAKE** (6-8)

**WORLD CULTURES** (7-8)

**S C NATURESCENE** (5-10)

**THE HUMAN COMMUNITY** (6-10)

### Supplemental/Enrichment Resources

**NEWS** (7-12)

**TUNED IN** (6-8)

Through interviews with prominent personalities, students gain insight into the various news media, news gathering techniques, news selection and aspects of public opinion and propaganda.

TUNED IN encourages viewers to analyze and to evaluate what they see and hear on television and to explore how television fits into their lives.
### Level: Secondary

**Defined Minimum Program**
A school program will include each year:

A. U.S. History and Constitution
3. Economics and American Government
C. Three other courses in the approved social studies area
D. All accredited high schools shall include environmental studies as a part of the instructional program.

<table>

<tr>
<td>1. Develop critical thinking skills in learning who we are and how we got that way.</td>
<td>WHAT IS...? (6-12)</td>
<td>WHAT IS...? is an exploration of the nature of history itself. Series explores fundamental concepts of various academic areas, e.g., history, economics, anthropology, geography, archaeology, etc. and provides objective criteria which enable students to become critical thinkers about each of these disciplines and about the world around them.</td>
</tr>
<tr>
<td>2. Knowledge of our story An understanding of our heritage, laws, institutions and ideals is needed as a foundation for changing and strengthening our present society and government</td>
<td>THE AMERICAN FRONTIER (6-12)</td>
<td>THE AMERICAN FRONTIER, hosted by Charlie Jones and Merlin Olsen is an unusual series of sixteen short television vignettes depicting the colorful legends and history of the Old West, as well as its important characters and events.</td>
</tr>
<tr>
<td></td>
<td>WAYS OF THE LAW (10-12)</td>
<td>WAYS OF THE LAW programs are designed to acquaint students with those areas of the law with which they are likely to come in contact as adults. The overall objective is to enhance their survival skills and thereby make them more productive citizens.</td>
</tr>
<tr>
<td></td>
<td>AMERICA COUNTS (4-12)</td>
<td>This series depicts the feelings and attitudes of current Americans towards their country in an attempt to help students discover the meaning of being an American.</td>
</tr>
<tr>
<td></td>
<td>OUR STORY (6-12)</td>
<td>Programs are designed to motivate students to appreciate and better understand people, events and places important to the development of our nation.</td>
</tr>
<tr>
<td></td>
<td>EQUAL JUSTICE UNDER THE LAW (10-12)</td>
<td>This series demonstrates how the far-sighted opinions of the U.S. Supreme Court under Chief Justice John Marshall, from 1801 to 1835, shaped the course of America. Landmark cases in his courtroom which defined powers of the judiciary and the federal government are presented.</td>
</tr>
<tr>
<td></td>
<td>ECONOMICS OF TAXATION (9-12)</td>
<td>The series is designed to teach students how taxes impact the economy of the United States and its citizens. Programs focus on the U.S. tax structure, the reasons for taxes, how taxes influence inflation and unemployment and what are &quot;fair&quot; taxes.</td>
</tr>
<tr>
<td></td>
<td>UNDERSTANDING OUR TAXES (10-12)</td>
<td>This series is designed for use in business classes, such as bookkeeping, business mathematics and accounting. Because the topic affects all students, teachers are introducing it successfully into their courses. Recommended also for courses in social science work study programs, history, government, civics, economics, distributive education and vocational agriculture.</td>
</tr>
<tr>
<td></td>
<td>OLD WORLD BACKGROUND (7-12)</td>
<td>This series begins with prehistoric man and moves through the development of Asian and European cultures giving the student a better understanding of the beginnings of this nation and our world today.</td>
</tr>
<tr>
<td></td>
<td>AMERICA (9-12)</td>
<td>AMERICA will help students capture the flavor of the American experience, relate it to their own lives and, hopefully, obtain meaning and guidance for today and the future.</td>
</tr>
<tr>
<td></td>
<td>U.S. HISTORY (9-12)</td>
<td>From U.S. HISTORY students will gain a knowledge of key people, events and issues that have been important to the development of America.</td>
</tr>
</tbody>
</table>
3. Attainment of the level of knowledge, skills and understandings necessary to participate constructively in a democratic society

4. Enhance understanding of world history and world cultures

5. Understanding of the structure and operation of local and state government

6. Increased knowledge of the everyday workings of our economic system

7. Improve ability to solve economic problem/issues

8. Provide instruction on natural and social aspects of man’s interrelationship with his environment

9. Increased knowledge about microcomputers and other new technologies and their application to society
Subject Area: Environmental Studies

Level: Grades 1-12

<td>MUSIC AND ME actively involves the learner in a process of skills development through singing, listening, rhythmic expression and the playing of simple instruments. The series emphasizes a more complete musical experience and assists with the development of understanding and appreciation for music.</td>
</tr>
</tbody>
</table>
This series transmits the joy and enthusiasm of those children playing musical instruments to their peers -- the viewer, and, exposes the viewing audience to the various sounds of musical instruments and fosters an understanding of the difficulties that challenge the players of each instrument.

In this series Heather, a musician, and her three young friends, Kimberly, Justin and Nicholas, explore the components and various concepts of music. Together they discuss the importance of melody, harmony and rhythm. The programs include demonstrations of many different styles of music and a variety of musical instruments.

This “how-to” series is designed to introduce basic guitar techniques to beginning guitar students.

HOLIDAY SPECIALS provides opportunities to experience the essence of life through the performing arts. Young people seldom have the opportunity of hearing an opera, a symphony, attending a ballet or a play, or observing artists at their work. Many such opportunities are provided through these specials. These programs include those of general appeal as well as seasonal interest.

Each program in the series features an artist who expresses himself in a different artistic medium but each artist is concerned with and inspired by the natural beauty of our environment. Topics covered are photography, dance, performance, painting, architecture, writing and music. The series blends scientific, artistic and environmental concepts.

ARTS-A-BOUND takes fifth and sixth grade students on field trips to where the arts are made, displayed or performed. The series helps students understand value and enjoy theater, dance, music and the visual arts by exposing them to the people, the process and the performance of all kinds of arts.

Level: Middle, Junior High and Secondary

Defined Minimum Program Fine Arts--A fine arts program including music and art will be provided as an elective for 36 weeks. Courses in fine arts must be offered during the school day at a scheduled period. Students electing to take the fine arts courses shall be scheduled for a minimum of 250 minutes weekly for nine weeks.

### Curriculum Need

1. Provide opportunities to experience performance in music, drama and dance

2. Provide skills necessary for beginning to play the guitar

3. Enrich classroom instruction as well as provide opportunities for experiencing extended artistic performances such as concerts, operas, musicals, ballets, drama and mime

### Series (Grade Level)

- EXPERIENCES IN MUSIC, DRAMA AND DANCE (7-12)
- GUITAR (6-12)
- HOLIDAY SPECIALS (K-12)

### Comments

EXPERIENCES IN MUSIC, DRAMA AND DANCE helps strengthen the music curriculum at the secondary level through exposure to artistic performances in the area of music, drama and dance.

This “how-to” series is designed to introduce basic guitar techniques to beginning guitar students.

HOLIDAY SPECIALS provides opportunities to experience the essence of life through the performing arts. Young people seldom have the opportunity of hearing an opera, a symphony, attending a ballet or a play, or observing artists at their work. Many such opportunities are provided through these specials. These programs include those of general appeal as well as seasonal interest.
Subject Area: Art

Level: Elementary

Defined Minimum Program Grades 1-5, 40 minutes weekly

Curriculum Need

1. Promote an understanding of the arts as a means of expressing oneself, communicating with and learning about the world

Series (Grade Level)

ARTS-A-BOUND (4-6)

ARTS EXPRESS (2-4)

ARTSCAPE (4-6)

Comments

ARTS-A-BOUND takes fifth and sixth grade students on field trips to where the arts are made, displayed or performed. The series helps students understand value and enjoy theater, dance, music and the visual arts by exposing them to the people, the process and the performance of all kinds of arts.

This series explains the arts as a simple communications process—a way to express oneself, to send and receive messages. Throughout the series, graphic symbols are used to represent visual appearances, sound and movement.

When art is introduced to children, something magical happens. The eight programs of ARTSCAPE recognize this, and lend a fresh new approach to teaching kids the basic concepts of visual art. The series itself is artistically superb, featuring original songs and electronic music in stereo, great works of visual art, and dazzling, advanced computer graphics. Art becomes real, fascinating and fun.

IMAGES AND THINGS helps strengthen the teaching of art by providing classroom art experiences not available to the ordinary classroom. The series helps students to perceive qualities in people, objects and events, and learn to respond and use them in visual expressions. It also helps students discriminate among characteristics of art media.

This series is based upon the philosophy that drawing is a way of communicating one's thoughts and feelings to others and sometimes to one's self. It encourages children to express themselves graphically and gives them suggestions for doing so. Subjects chosen from presentations are slow-paced.

Young students seldom have the opportunity to observe a professional artist at work. In THE DRAW MAN, Paul Ringer provides students with clear and uncomplicated demonstrations in graphic design.

Subject Area: Fine Arts

Level: Middle and Junior High

Defined Minimum Program Fine Arts—A fine arts program including music and art will be provided as an elective for 36 weeks. Courses in fine arts must be offered during the school day at a scheduled period. Students electing to take fine arts courses shall be scheduled for a minimum of 250 minutes weekly for nine weeks.

Comments

When art is introduced to children, something magical happens. The eight programs of ARTSCAPE recognize this, and...
expressing oneself, communicating with and learning about the world

2 Provide opportunities to explore art activities with basic drawing materials, e.g., pencils, chalk, crayons, pastels

3 Opportunity to develop aesthetic judgement skills within the intermediate years

Opportunity to incorporate elements of art history and criticism in courses

ARTS ALIVE
6th - 8th Grade

THE DRAW MAN
3rd - 7th Grade

IMAGES AND THINGS
5th - 8th Grade

Eight of the programs in ARTS ALIVE deal with the elements and processes of the visual arts, dance, music and drama. For each of these, one program examines the distinctive elements of which it is made, and one program shows how these elements are combined during the creative process.

Five programs focus on the role of the arts in life and the value of arts to the individual and society.

The series itself is artistically superb, featuring original songs and electronic music in stereo, great works of visual art, and dazzling, advanced computer graphics. Art becomes real, fascinating and fun.

Lend a fresh new approach to teaching kids the basic concepts of visual art. The series itself is artistically superb, featuring original songs and electronic music in stereo, great works of visual art, and dazzling, advanced computer graphics. Art becomes real, fascinating and fun.

Young students seldom have the opportunity to observe a professional artist at work. In THE DRAW MAN, Paul Ringler provides students with clear and uncomplicated demonstrations in graphic design.

IMAGES AND THINGS helps students discriminate among characteristics of art media. It also helps them perceive qualities in people, objects, and events, and learn to respond and use them in visual expressions.

Level: Secondary

Curriculum Need

1 Opportunity to develop aesthetic and critical judgement skills and to incorporate elements of art history and criticism in courses

VISIONS ARTISTS AND THE CREATIVE PROCESS
11th - 12th Grade

Comments

The words and works of more than 40 artists pull viewers into the heart of the creative moment. TV Ontario presents an extraordinary look at the process by which the artists shape an environment—a land, a sky, a people—to the demand of a very personal vision.

Subject Area: Health and Safety

Level: Elementary

Defined Minimum Program: Grades 1-6. 75 minutes weekly, 36 weeks annually. Environmental education is required as an integral part of science, social studies and health.

Curriculum Need

1 Promote improved health

Series (Grade Level)

HIGH FEATHER
4th - 8th Grade

POWERHOUSE
5th - 8th Grade

CONRAD
6th - 9th Grade

SOUP TO NUTS
7th - 8th Grade

Comments

HIGH FEATHER is designed to teach children the value of good nutrition and motivate them to eat proper foods.

Series focuses on broad health themes such as stress, competition, alcohol abuse and nutrition.

CONRAD is a basic health education resource dealing with physical health and disease prevention. Student participation activities are provided with each lesson in the teacher's guide to ensure real understanding and practice of health concepts essential to development of good health.

This nutrition education series is designed to change poor food habits in regard to food selection by exploring values, attitudes, acquiring knowledge and skills.
2. Provide a progressive program of health instruction that is consistent with growth and development patterns of children.

- **ALL ABOUT YOU** (2-3)
- **THE INSIDE STORY WITH SLIM GOODBODY** (3-5)
- **CONRAD** (6-9)

3. Promote safety habits

- **CALLING ALL SAFETY SCOUTS** (1-3)
- **IT'S YOUR MOVE** (1-6)
- **SCHOOL BUS SAFETY** (K-12)

4. Provide instruction on child sexual abuse

- **AN OUNCE OF PREVENTION** (Child Sexual Abuse) (4-6)

5. The development of good mental health as an important component of health instruction

- **INSIDE/OUT** (4-7)

### Supplemental/Enrichment Resources

- **MULLIGAN STEW** (4-7)

### Level: Middle and Junior High

**Curriculum Need**

1. Promote improved health habits

- **POWERHOUSE** (5-8)
- **HIGH FEATHER** (4-8)
- **SOUP TO NUTS** (7-8)

**Comments**

- Series focuses on broad health themes such as stress, competition, alcohol abuse and nutrition
- **HIGH FEATHER** is designed to teach children the value of good nutrition and motivate them to eat proper food
- This nutrition education series is designed to change poor food habits in regard to food selection by exploring values, attitudes, acquiring knowledge and skills
2 Provide a progressive program of health instruction which is consistent with growth and development patterns of children

CONRAD (6-9)

CONRAD is a basic health education resource dealing with physical health and disease prevention. Student participation activities are suggested to insure real understanding and practice of health concepts.

3 Provide instruction promoting good mental health—an important component of health instruction

SELF INCORPORATED (5-6)

This series is designed to stimulate classroom discussion of some of the critical issues and problems of early adolescence such as life changes, sexual identity, cliques and drugs. Teachers, mental health workers, counselors and parents can make effective use of SELF INCORPORATED.

4 Promote safety habits

IT'S YOUR MOVE (1-6)

IT'S YOUR MOVE is designed to promote pedestrian and bicycle safety habits and to help all students develop sound attitudes toward safety practices in all aspects of life.

SCHOOL BUS SAFETY (K-12)

SCHOOL BUS SAFETY promotes the safe use and driving of school buses by students.

**Level: Secondary**

Defined Minimum Program Grades 9-12 A minimum of one unit of health education will be offered as an elective for 36 weeks in a school program. Health courses may be taught on a semester basis.

Subject Area: Driver Education

Level: Secondary

Curriculum Need
1. Provide classroom teachers with driver education learning situations difficult or impossible to create in the classroom

Series (Grade Level)
THE RIGHT WAY (9-12)

Comments
This series is designed to aid the classroom instructional phase of driver education and traffic education. Its objectives and content items are derived from what people do, on and off the highway, relating to the Highway Transportation System.

Subject Area: Career and Vocational Education

Level: 5-12

Defined Minimum Program
Each school's curriculum will include opportunities for aesthetic and creative experiences, career arts and personal development programs for all pupils for at least 150 minutes weekly. Introduction to career education is one of the electives that may be provided. Other exploratory experiences should be provided within the regular curriculum. These may be units of study, learning activities and/or mini-courses.

Curriculum Need
1. Provide opportunities for students to
   - analyze personal interests, aspirations, values, aptitudes and abilities in terms of life roles and career options
   - understand and appreciate the interrelationships of individual, family, consumer and occupational/career roles
   - develop a positive self-image
   - examine and appreciate the work ethic
   - develop an appreciation and respect for all occupations and professions
   - explore career/occupational options

Series (Grade Level)
BREAD & BUTTERFLIES (4-7)
SPACES (5-8)

Comments
The series is designed to promote student awareness of the interactive relationship between personal development, the environment, and life/career roles. Self-direction and self-improvement are stressed. The contribution of work to human dignity and a positive self-concept is emphasized. The series also promotes acceptance of responsibility for personal behavior, personal relationships, and for life/career planning. Characters from different racial and social backgrounds are included. A variety of occupational areas are presented.

This series is designed to encourage minority children to consider science and technology as career choices by highlighting accomplishments of Blacks, Hispanics, Asians and Native Americans in science. It presents profiles and facts in a fast-paced magazine format of mini-documentaries, animation and music. Mini-documentaries comprise 2/3 of each program and show portraits of minority scientists and students. Also presents historical contributions of minority scientists and future trends in science.
2. Provide instruction designed to promote student development of affective skills essential to occupational/career success

FREESTYLE (3-6)

FREESTYLE is aimed at expanding the career awareness of 9 to 12 year olds. Knowledge of the world of work is promoted. The program focuses on behavioral strategies that students can master and use with success in various job/career related situations. Students are encouraged to explore various career interests without the limiting effects of sex-role stereotyping.

3. Provide instruction which promotes the development of decision making skills

SELF INCORPORATED (5-8)

This series is designed to stimulate children's interest in dealing more effectively with the problems of adolescence such as making decisions, failure, disappointment, family communications and sex role identification.

4. Provide more effective and appealing instruction on technical concepts and principals supporting high technology.

PRINCIPLES OF TECHNOLOGY (10-12)

This series includes video presentations, hands-on laboratory and exercises to make learning effective and appealing for the vocational student. In a concrete and practical manner it shows how technical concepts and principles apply to the mechanical, thermal, electrical, and fluidal (e.g., hydraulic and pneumatic) systems that are the foundation of high technology.

5. Provide instruction which promotes computer literacy

FAST FORWARD I, II (9-12)

FAST FORWARD I is devoted to the technological advances in electronics and related areas that are changing the ways we communicate. The series reflects a positive attitude toward the computer and the potential that information technology has to alter our lives. FAST FORWARD II is designed to help viewers understand some of the dramatic advances in computers and microelectronic technology. The FAST FORWARD series presents its material at a high speed, like a tape recorder on "fast forward," in a manner that dramatically portrays the rate at which the technology is developing.

6. Provide instruction to help students find, get and keep a job

MAKING IT WORK (9-12)

This series introduces the viewers to skills required for a job search, job acquisition and job survival.

Supplemental/Enrichment Resources

WORKSHOP HINTS (8-12)

This series shows how to handle selected tools properly and how to apply this knowledge to create practical and artistic products in wood.

CAREER COUNSELING (9-12)

CAREER COUNSELING shows students how to prepare for their dream careers and how to find out about them. A special focus is on the kinds of jobs available and the kinds of people best suited for them.

Subject Area: Home Economics

Level: 5-12

Curriculum Need

1. Provide instruction which promotes nutritional knowledge and development of healthful food selection habits

SOUP TO NUTS (7-8)

SOUP TO NUTS is designed to encourage student evaluation of personal food habits as well as teach nutrition concepts. The series leads students through the decision-making process by exploring food related values, attitudes, knowledge and actions. Nutritional alternatives, risks and outcomes are presented to guide students toward making sound decisions regarding foods throughout their lives.

Comments
2. Provide instruction which promotes effective functioning as a consumer within a complex economic system

THE HEALTH PROVIDE for the vocational education needs of the handicapped child—specifically designed, if necessary, to meet his individual needs.

IMAGES AND THINGS (4-7) SERIES PROVIDES students with clear and uncomplicated demonstrations in graphic design.

INSIDE/OUT (4-7) SERIES USES an approach to mental health which enables the child to consider, feel and act upon the choices that bear on the quality and scope of his own life.

SELF INCORPORATED (5-8) THIS SERIES IS DESIGNED to stimulate an interest in young adolescents to develop coping skills for dealing with some of the most critical issues and problems concerning them.

BREAD & BUTTERFLIES (4-7) THIS CAREER DEVELOPMENT SERIES PROVIDES open-ended programs on self-clarification, interpersonal relationships, and human dignity. It also provides exposure to work in which one can earn a livelihood.

FREESTYLE (3-6) FREESTYLE PROVIDES knowledge about the world of work and about behavioral strategies that youngsters can master and use with success whenever they encounter a career-related opportunity or dilemma—in the summer or part-time job, at school, in the community, and in the home.

General Comment

If, in any district there are handicapped students who receive all their instruction at home, appropriate use could be made of open circuit from 8:00 a.m. to 3:00 p.m. and FRIDAY SPECIALS programs from 3:00 to 4:00 p.m.

FRIDAY SPECIALS: (Second Semester Only)

ARTS ABOUND
IT'S MAINLY MUSIC
MUSICAL ENCOUNTER
GROWING UP/GROWING OLDER
PASS IT ALONG
NEWSCAST FROM THE PAST
IT'S A RAINBOW WORLD

Subject Area: Substance Abuse

Level: K-12

Defined Minimum Program Alcohol and Drugs Through special instruction, an awareness will be developed regarding the use and abuse of alcoholic drinks and drugs. Instruction will emphasize problems related to their use, pharmacological aspects and physiological effects upon the total community. Instruction will be offered in all schools of the state and will be studied and presented as thoroughly and in the same manner as all other required subjects.

Curriculum Need

| 1 | Promote the development of positive self-concept among students |
| 2 | Provide instruction to meet the DMP requirement to develop an awareness of the ill effects of alcohol and drugs |

Series (Grade Level)

| INSIDE/OUT (4-7) |

Comments

| Emphasis in this series is on helping the whole child develop a personally effective lifestyle and on promoting the well-being of children |

| Programs from the series may be used to initiate study in substance abuse. Studies of the effects of alcohol, tobacco, and drug abuse can be approached through the effective lessons of INSIDE/OUT |
3. Promote the development of effective life-coping skills for dealing with such adolescent problems as substance abuse and peer pressure.
Reference Table for IR Resources Applicable to Basic Skills Assessment Program (Act 631) Continuing Objectives

The Basic Skills Assessment Program (Section 1-a of Act 631 of 1978) has identified eleven continuing objectives in communication skills and five in mathematics. These objectives and applicable instructional radio resources are identified in the following table. Resources having Basic Skills Assessment Program applications are also identified under comments for each subject area and grade level in the main body of this booklet.

Instructional Radio Resources

Subject Area: Language Arts*

Level: Elementary

Defined Minimum Program Grades 1-3, 550 minutes, Grades 4-6, 500 minutes weekly

*At least 50 percent of the instructional time in language arts for grades 5-6 must be devoted to the teaching of composition and grammar.

Basic Skills Assessment Program reading objectives adopted under this program include decoding, word meaning, details, main idea, reference usage, inference, analysis of literature. Writing objectives are handwriting, mechanics, word usage, sentence formation and composition.

Curriculum Need | Series (Grade Level) | Comments
--- | --- | ---
1. Strengthen non-testable abilities | THE BETTER TO LISTEN WITH (K-3) | This series is designed to develop awareness that listening is a positive act like reading (to distinguish it from hearing). It promotes the development of simple listening skills leading up to purposeful listening as a basis for remembering and understanding.
2. Develop the ability to listen for meaning. | READ ME THE COMICS (1-3) WE'RE ALL EARS (K-3) TURN ON YOUR EARS (4-6) LISTENING/4 (4-6) LEARN TO LISTEN (4-6) OLD TALES AND NEW (K-3) MEET BARNEY BOOKWORM (4-6) | These series represent a systematic development and entertaining approach to the teaching of listening skills. Great emphasis is placed on development of common reading skills identifying details and main ideas, making inferences, listening for sequence and summarizing. Applicable to the BSAP details and inference objective.
3. Develop appreciation of literature | MYTH AND LEGENDS (4-7) | Series dramatizes the origins of historic and literary myths and legends by placing them in the time frame of their creation and identifying their story in terms of existing beliefs, needs, and understandings.
4. Encourage growth in all aspects of language acquisition. | SPEAK UP, SPEAK OUT (4-6) | Series emphasizes public speaking techniques throughout. It uses dramatic vignettes from well-known folklore and children's stories to point out the relationship between language and thought as they apply to the student's world of home and school.
5. Strengthen vocabulary. | SPELL DOWN (3-8) | ACT IT OUT (4-6) | ACT IT OUT will help children get excited about language and experience the pleasure and satisfaction of successful communication.

Supplemental/Enrichment Resources

ACT IT OUT

37
Level: Middle and Junior High

Defined minimum Program Grades 7-8, 250 minutes weekly

1 At least 50 percent of the instructional time in language arts for grades 7-8 must be devoted to the teaching of composition and grammar.

2 Special instructions in reading should be provided for at least 250 minutes weekly for students reading two or more grade levels below their grade placement. This may be offered either separate from or as part of the regular language arts program.

Basic Skills Assessment Program reading objectives adopted under this program include decoding, word meaning, details, main ideas, reference usage, inference, analysis of literature.

Writing objectives are handwriting, mechanics, word usage, sentence formation and composition.

Supplemental/Enrichment Resources

ACT IT OUT
(4-6)

ACT IT OUT will help children get excited about language and experience the pleasure and satisfaction of successful communication.

Level: Secondary

Defined Minimum Program Course opportunities with a maximum of six units including courses in remedial reading and English I, II, and III will be offered. At least 50 percent of instructional time in courses used for graduation requirements must be devoted to the teaching of composition and grammar. Typical learning experiences to be provided include communication skills, in-depth study of literature, creative writing, literature enjoyment and appreciation, oral and written self-expression, and instruction guaranteeing reading and writing skills.

Basic Skills Assessment Program reading objectives adopted under this program include decoding, word meaning, details, main idea, reference usage, inference analysis of literature, and composition.

Writing objectives include handwriting, mechanics, word usage, sentence formation, and composition.

Curriculum Need

Series (Grade Level)

Comments

1. Strengthen non-testable abilities

CONVERSATIONS WITH WILLIAM SHAKESPEARE AND CERTAIN OF HIS FRIENDS (9-12)
The series reveals Shakespeare—the man—showing how this artist commented on thoughts that are vital to our modern lives. Some of the subjects discussed are responsibility, love, war, morality, religion, loneliness, politics, hopes and humanism. The open-ended programs are intended to provoke individual thought.

2. Appreciate literature and drama

SHAKESPEARE'S PROLOGUES (9-12)
The PROLOGUES provide an excellent orientation to the Shakespeare plays now under production by PBS television. Each program familiarizes the student with certain aspects of the plays introduces them to the sound of the language of Shakespeare's plays, and should motivate them to want to see or read the play themselves. Applicable to the BSAP analysis of literature objective.

SHAKESPEARE PORTRAITS IN SOUND (9-12)
The PORTRAITS are, in fact, sound paintings or verbal images of Shakespeare and his life and times.

THE WORLD OF F SCOTT FITZGERALD (9-12)
This 16 half-hour series contains a documentary encompassing clusters of important themes of the life and literature of the 20's and 30's using Fitzgerald's experiences as focus. Applicable to the BSAP analysis of literature objective.

Subject Area: Foreign Language

Level: Secondary

Defined Minimum Program An accredited high school will include at least two years of foreign language in their programs. A school not meeting this requirement must be able to justify this omission. Schools with fewer than 300 students may alternate first and second year courses when not practical to offer two levels concurrently.

Curriculum Need

Series (Grade Level)

Comments

1. Diversify content of basic text

FAMILY BAUMANN I & II (9-12)
Series provide German language instruction in two parts— elementary and intermediate—with commentary in the English language.

Supplemental/Enrichment Resources

SOUND IDEAS (8-12)
SOUND IDEAS is designed to instruct students in production of audio tapes thereby strengthening communication skills, language, research, and logic. It may be used as a preparatory activity for the National Public Radio Young People's Radio Festival.
Subject Area: Mathematics

Level: Elementary

Defined Minimum Program: Grades 1-3, 225 minutes weekly; Grades 4-6, 250 minutes weekly.

Basic Skills Assessment Program: Mathematics objectives adopted under the Basic Skills Assessment Program are concepts, operations, measurement, geometry and problem solving.

Subject Area: Social Studies

Level: Elementary

Defined Minimum Program Grades 1-3, 125 minutes weekly. Grades 4-6, 175 minutes weekly Environmental education is required as an integral part of science, social studies and health.

Curriculum Need

1. Provide opportunities to gain knowledge of our history so students can profit from our experiences, build on our heritage, and apply fundamental social studies concepts to their daily lives.

Series (Grade Level)

MAKERS OF THE AMERICAN REVOLUTION (4-9)

Comments

This series dramatizes some of the great events and major themes of the Revolution through the stories of patriots who shaped the events. Among the themes dealt with are taxation, slavery, regulation of commerce and protest versus violent demonstration.

OUR AMERICAN LEADERS (4)

LIVING IN COLONIAL AMERICA (4-6)

WHO ARE THE AMERICANS (4-8)

WHATCHA SEE IS WHATCHA GET (6-8)

IF YOU'VE GOT A DIME, YOU'VE GOT A CHOICE (4-6)

WISE CHOICES, II (4-6)

DEVELOPMENTAL ISSUES (9-12)

Comments

Series whisks students back in history to hear "on-the-scene" quasi-interviews with thirty important figures in American history. Explorers, nation-builders, humanitarians and leaders in science and the arts. Follow up activities emphasize analyzing events and conditions from the past.

Each program in this series focuses on a different aspect of everyday life during the Revolutionary War years, highlighted through use of music, narrative, vignettes and stories.

Upper elementary students will be earwitnesses to the great change that took place in the texture of American life as millions of immigrants pushed their way across two oceans to partake of the fruits of the land of opportunity. Through dramatic portrayals of family groups of many nationalities, races and religions, students will gain an understanding of the aspirations and hardships involved in gaining a foothold in the new land.

This series presents consumer education programs which alert student listeners to the devices of the marketplace. The series is intended to create a sense of consumer awareness which will lead to wiser use of personal resources.

This series teaches aspects of consumer education particularly vital to youngsters in the marketplace, i.e. advertising claims.

The lessons in this series are designed to create a sense of "wise consumer awareness" and involve the student in a variety of activities related to extending their consumer competencies.

DEVELOPMENTAL ISSUES deals with the concepts and reality of economic development in a global perspective. The program format is audio-magazine style, enabling each lesson to include a wide variety of materials.

Level: Middle and Junior High

Defined Minimum Program Grades 7-8, 200 minutes weekly. Eighth grade social studies must include South Carolina history as it relates to the United States. Environmental education is required as an integral part of science, social studies and health.

Curriculum Need

1. Provide opportunities to gain knowledge of our history so students can profit from our experiences, build on our heritage, and apply fundamental social studies concepts to their daily lives.

PRIVATE EYE ON THE ENVIRONMENT (5-9)

This series of dramatic lessons deals with environmental problems around the world, from huge oil spills to worldwide famines. The stories are suspenseful, fast-paced and open-ended.

Supplemental/Enrichment Resources

WISE CHOICES, II (4-6)

The lessons in this series are designed to create a sense of wise consumer awareness and involve the students in a variety of activities related to exercising their consumer competencies.

IF YOU'VE GOT A DIME, YOU'VE GOT A CHOICE (4-6)

This series teaches aspects of consumer education particularly vital to youngsters in the marketplace, ie advertising claims.

Subject Area: Music

Level: Elementary

Defined Minimum Program Fine Arts, Grades 1-6, 75 minutes weekly

Curriculum Need

1. Provide assistance to schools and to the classroom teacher in meeting the minimum standards

Series (Grade Level)

CATCH A SOUND (1-3)

MOVING FREE (K-3)

UP TO YOUR EARS (5-6)

Comments

CATCH A SOUND will help teachers create a genuine love of music among primary students. The series is also designed to introduce concepts of music such as listening, rhythm, tempo, pitch, variation, timbre movement and dramatization.

The series is designed to supplement regular classroom rhythm programs by giving students the opportunity to experience the fundamentals of locomotion and simple rhythmic activity by moving creatively to music.

UP TO YOUR EARS was produced to provide the teacher and music specialist with music materials to which they might not have access, to encourage children to experiment with simple instruments.

UP TO YOUR EARS was developed to provide classroom teachers and music teachers with supplemental instruction materials in music and to encourage students to listen to the sounds around them with more awareness than before. It encourages them to actually experiment with simple instruments of their own making to produce their own kinds of music. Folk music and electronic music provide the musical areas of study.

THE MAN AND HIS MUSIC (5-9)

This radio series introduces its listeners to several great composers and their masterworks. The works are paired, dramatizing the life of a composer one week, and presenting highlights from his major works the following week.

Level: Middle and Junior High

Defined Minimum Program A fine arts program, including music and art, will be provided as an elective for 36 weeks. Courses in fine arts must be offered during the school day at a scheduled period. Each nine-week course must be scheduled for a minimum of 250 minutes weekly.

Curriculum Need

1. Provide opportunity for students to explore music interests and to participate in general music programs

Series (Grade Level)

UP TO YOUR EARS (5-6)

THE MAN AND HIS MUSIC (5-9)

Comments

This radio series introduces its listeners to several great composers and their masterworks. The works are paired, dramatizing the life of a composer one week, and presenting highlights from his major works the following week.
Level: Secondary

Defined Minimum Program

A school program will include a minimum of two courses in the fine arts area.

Curriculum Need

1. Provide opportunity for students to explore music interests and participate in general music programs.

Series (Grade Level)
THE MAN AND HIS MUSIC (5-9)

Comments
This radio series introduces the listener to several great composers and their masterworks. The works are paired, dramatizing the life of a composer one week, and presenting highlights from his major works the following week.

Supplemental/Enrichment Resources

MUSIC WHAT ABOUT IT? (9-12)

Comments
This series was created for use by adults in and out of school. It should provide excellent supplemental material for any teacher involved in music. Its designed purpose and effect on man's life.

Subject Area: Health and Safety

Level: Elementary

Defined Minimum Program

Grades 1-6, 75 minutes weekly, 36 weeks annually.
Environmental education is required as an integral part of science, social studies and health.

Curriculum Need

1. Provide progressive program of health instruction that is consistent with growth and development patterns of students.

Series (Grade Level)
HEALTHY HAPPY AND WISE (1-3)

Comments
Learning how to have a good mind in a healthy body should begin early in the education of children. The series encourages young students to develop proper habits and attitudes to live a vigorous, sane, and exciting life. The series also is designed to stimulate class discussion and projects.

HEALTHY, WELL-FED AND WISE (K-3)

Comments
In the primary grades, teachers are concerned with developing readiness for learning in many areas. Nutrition should be one of these areas. The series is an effective tool in teaching simple nutrition.

Subject Area: Career and Vocational Education

Level: Grades 4-12

Curriculum Need

1. Provide opportunities for students to analyze personal interests, aspirations, values, aptitudes in terms of life roles and career options.

Series (Grade Level)
DISCOVER YOURSELF DISCOVER A CAREER (6-9)

Comments
This series concentrates on self-awareness and career awareness. Seven clusters of work are examined: business, communication, public service, health, transportation, construction, and theatre and fine arts.

PEOPLEWORKS (6-9)

Comments
PEOPLEWORKS is a career education series designed to provide exposure to real people representing several broadly defined career complexes (people-works) who give insight not only into how they became a doctor, lawyer, merchant, chief, but also, and equally important, into the lifestyles that go with their careers. The purpose of the program is to help students become more career oriented so they think "careers" as they function within the "people-works" of which they are now part and as they make choices in regard to education, use of personal time and planning for the future.

44
2 Promote the development of consumer competence

SOUND IDEAS (8-12)
This series provides an introduction to the skills involved in the production of audio tapes

IF YOU'VE GOT A DIME, YOU'VE GOT A CHOICE (4-6)
This series teaches aspects of consumer education particularly vital to youngsters in the marketplace, i.e. advertising claims

WISE CHOICES, II (4-6)
The lessons in this series are designed to create a sense of "wise consumer awareness" and involve the student in a variety of activities related to extending their consumer competencies

WHATCHA SEE IS WHATCHA GET (6-8)
This series presents consumer education programs which alert student listeners to the devices of the marketplace. The series is intended to create a sense of consumer awareness which will lead to wiser use of personal resources

Subject Area: Guidance

Level: Grades 1-6

Curriculum Need

Series (Grade Level)
Comments

1. Provide instructional resources to aid teachers in teaching concepts related to effective education

LISTENING TO MY FEELINGS (1-3)
One aim of this series is to help children learn to listen closely to their feelings and understand the true source and quality of their feelings. After listening, the students will be motivated to share personal experiences related to those on the programs leading to a greater understanding of emotion as common to most human beings

WHO CARES? (3-5)
These programs represent a request by teachers to "Help us help our kids toward intelligent valuing. We need help with values clarification." These programs are designed to help students (with a particular issue) to choose freely from alternatives after thoughtful consideration of the alternatives presented through the vehicle of social studies concerns

SPEAKOUT (4-6)
SPEAKOUT is designed to encourage students to discuss inner problems and conflicts, and to try to find solutions

Subject Area: Education For The Handicapped

Level: Primary

Curriculum Need

Series (Grade Level)
Comments

1. Provide highly motivating effective reading instruction

READ ME THE COMICS (1-3)
READ ME THE COMICS presents a view of pre-reading and early reading skills presented in a delightful format for young children. The series also encourages listening for comprehension and helps motivate students to do purposeful reading

MOVIN' FREE (K-3)
The series is designed to supplement regular classroom rhythm programs by giving students the opportunity to experience the fundamentals of locomotion and simple rhythmic activity by moving creatively to music
Subject Area: Substance Abuse

Level: Grades 1-3
