This handbook is designed to provide opportunities for members of the North Carolina Association of Future Homemakers of America (FHA) to demonstrate their proficiency with the competencies they have developed through participation in FHA and the home economics education program. The 25 events are designed to help develop lifetime skills in planning, goal setting, decision making, communication techniques, and leadership. Introductory materials include a participation summary chart, event eligibility summary chart, home economics course cross-reference chart, information on recognition, proficiency event fees, levels of competition, general rules and regulations, and regional application. Each event is classified by the following characteristics: event category, event type, level of recognition, grade level, and course requirement for eligibility. In addition, each event has a unique set of guidelines that are divided into these sections: event description; competency goals; rules for event participation; required procedures for participants; supplies, equipment, and materials; and rating sheet. Representative events are parliamentary procedure, illustrated talk, job application and interview, comparison shopping, the growing child display, survival sewing, nutritious snacks, functional interiors, family communications, and commercial foods. (YLB)
Activities and procedures within the Division of Vocational Education are governed by the philosophy of simple fairness to all. Therefore, the policy of the Division is that all operations will be performed without regard to race, sex, color, national origin, or handicap.

INTRODUCTION

The 1988-1990 NC-FHA/HERO Proficiency Events Handbook has been developed to provide opportunities for members of the North Carolina Association of Future Homemakers of America to demonstrate their proficiency with the competencies they have developed through participation in the organization and the Home Economics Education Program. Each event is designed to help develop lifetime skills in planning, goal setting, decision making, communication techniques, and leadership. The events encourage student participation and emphasize the positive accomplishments of youth. The foundation for proficiency events is that all competitors are winners. Cooperation and competition are stressed in positive, constructive ways. Some basic beliefs which have governed the development of proficiency events are:

1. Home Economics students deserve recognition for their achievements.
2. Events will provide increased visibility for Home Economics Education.
3. Events relate directly to the competencies identified for the Consumer Home Economics and Occupational Home Economics Programs.
4. Events will encourage member participation in today's world.
5. Events will encourage the development of leadership skills and group cooperation.

Each event in this handbook can be classified by the following characteristics:

- Event Category
- Event Type
- Level of Recognition
- Grade Level
- Course Requirement for Eligibility

Each event has a unique set of guidelines which are divided into the following sections:

- Event Description
- Competency Goals
- Rules for Event Participation
- Required Procedures for Participants
- Supplies, Equipment, and Materials
- Rating Sheet

This handbook supersedes all previous North Carolina Proficiency Event Handbooks. The purpose of the handbook is participation information, not proficiency event management. All event guidelines have been revised. You are urged to review these guidelines and rating sheets which replace all others.

General questions about the events can be directed to the State Staff for Home Economics Education.

In the All-Star Chapter Event and the All-Star Project Event, a first, second, and third place trophy will be awarded to proficient entries in both the manual and display formats. Please note single trophies are awarded per event entry, not per participant. In national level events, second-place winners will be designated as a "STAR" event alternates.

3. **NATIONAL LEVEL** - Each participant will receive a "Certificate of Participation." Participants will receive medals to recognize their achievement levels.
   - Three Star - gold medal (highest level)
   - Two Star - silver medal
   - One Star - bronze medal

Because each person is evaluated against a standard set of criteria, there is no limit to the number of awards given in each category.

DISQUALIFICATION

Disqualification is unfortunate to everyone concerned -- participants, advisers, and event managers. To avoid unnecessary disappointment, keep in mind the causes for disqualification.

1. Failure to affiliate by specified deadlines.

2. Failure to comply with the General Rules and Regulations or Eligibility Rules.

In state competition, only the Home Economics State Staff member who is in charge can disqualify an entry. In national competition, participants will be disqualified for failure to attend the orientation session and failure to arrive at competition on time.
**AWARD DECISIONS**

The decision of the judges is final. Only clear mathematical errors will be addressed after the presentation of awards.

**PROFICIENCY EVENT FEES**

Each participant/team pays a fee to help defray event costs such as facility, certificates, awards, supplies, and postage. Contact the State FHA/HERO Adviser or Regional FHA/HERO Co-Adviser for amount of the fee. Alternates do not pay a registration fee. No refunds will be given.

**LEVELS OF COMPETITION**

FHA/HERO members participating in North Carolina Proficiency Events may have the opportunity to participate in five levels of competition. These levels are:

1. **SUB-CHAPTER** - At this level, a member(s) will be selected to represent the sub-chapter (class) in each individual or team event to be entered in chapter level competition.

2. **CHAPTER** - At this level, a member(s) will be selected to represent the local chapter in each individual or team event to be entered by the chapter in compliance with the general and specific event rules and regulations.

3. **REGIONAL** - At this level, each chapter may have only one entry in each event in compliance with the general and specific rules and regulations. The Commercial Foods Event is an exception; a chapter may have up to three individual entries.

4. **STATE** - At this level, the first-place regional winner(s) or designee(s) will participate in the state level competition in each event in compliance with the general and specific rules and regulations. The Commercial Foods Event, the All-Star Chapter Event, the All-Star Project Event are exceptions. In the Commercial Foods Event, the top three proficient scoring regional individual entries will be designated as first-place winners. In the All-Star Chapter Event and the All-Star Project Event, the top proficient scoring regional entries in both the display and manual formats will be designated as first-place winners.

5. **NATIONAL** - At the national level, state-level winners in selected events are eligible to represent the North Carolina Association in the STAR Events. North Carolina events which correspond to STAR Events are events numbers 1, 3, 4, 5, 6, 7, 8, 11, 18, 19, 22, and 25. The first-place winners or designees in these events may represent North Carolina. The Commercial Foods Event, the All-Star Chapter Event, and the All-Star Project Event are exceptions. In the Commercial Foods Event, the top three scoring state individual entries will be designated as first-place winners and will represent North Carolina in the National STAR Events. In the All-Star Chapter Event and the All-Star Project Event, the top proficient scoring state entries in both the display and manual formats will be designated as first-place winners and will represent North Carolina in the National STAR Events. On June 15, the State Adviser will notify eligible alternates in each National STAR Event of their selection to participate in national competition. Alternate participation is based on space available in each event.
1. An FHA/HERO member may not enter more than one event.

2. Each participant must be an affiliated member in good standing with the North Carolina FHA/HERO Association. Dues must be paid by February 28 or four weeks prior to participation (whichever comes first). Refer to Article V, Section 3 of the North Carolina FHA/HERO Constitution (found in the 1984 edition of the North Carolina FHA/HERO Handbook, page 76).

3. Entry Application: Each application must be completed and submitted no later than four weeks prior to the event. There must be one application completed for each event entry. All team members' names must be listed on the same application form. Make four copies of each completed application, keeping one for the chapter files and submitting one each to the following:

   * State Office
   * Regional Adviser
   * Regional Co-Adviser

4. One copy of the official national affiliation form(s) from each chapter must be submitted to the State Office with the chapter's applications.

5. No substitutes or alternates will be allowed in individual events.

6. Team members must be from the same chapter. The number of members which forms a team is determined by those named on the regional application form. Only alternates identified on the official application form may participate. Alternates do not pay entry fees. Identification of alternates on the official application form is highly recommended. Team members winning the most recent level of competition advance to the next level of competition.

7. An entry fee for participation in each event shall be established to defray costs.

8. To enter an event, a student must meet eligibility requirements for the event entered.

9. A home economics teacher and/or responsible adult must accompany the student(s) participating in the events.

10. Teachers/adults accompanying participants are not to provide on-site assistance to the participants in any way except in the transport of materials. Teachers are not to be in the room/area where his or her student(s) are participating in events. No advisers or other observers are allowed in the event site during assembly, presentation, or execution of the procedures of the event.

11. Entries should not have been entered previously in any competition. Examples are entries which have been entered in other youth organization's competitive events or prior year's proficiency events.

12. Participants must arrive at the site and should be in the event/orientation room at the specified time. Events will proceed on schedule. Participants arriving late will be rescheduled, if possible, at the discretion of the on-site Home Economics Education State Staff member.
13. Participants will be assigned a number for identification. Names of students and school's are not permitted during competition unless required by specific event rules.

14. Each event will be judged by three judges with professional experience in the area they are judging. Use of teachers and advisers is discouraged and should be considered only in emergency situations.

15. All costs and entry fees for participation will be borne by the student, chapter, or local school system.

16. Any student who meets a minimum standard of 85 percent will be awarded proficiency recognition. Those who meet less than the minimum will be given participation recognition.

17. Questions and concerns not in this handbook will be addressed by the on-site Home Economics Education State Staff member.

18. A participant who is eligible for state competition and cannot attend the State Proficiency Events, is requested to notify the State Office no later than two weeks before the state competitions. A two weeks notification is required to allow the next qualified entrant to participate. The next eligible participant must be proficient (score of 85 or higher).

19. All typed pages to be submitted in any event must be typed on one side only.

20. All work must be the design and effort of the individual or team participant(s).

Future Homemakers of America is an integral part of the home economics curriculum. Competency goals from all home economics courses are applicable to this event.

RULES FOR EVENT PARTICIPATION:

1. Participants must comply with General Rules and Regulations.

2. A chapter may not enter both a display and a manual in this event.

3. For state competition, an entry shall be a chapter's program of work for one year beginning with the State Leadership Meeting in the spring of the previous school year. For national competition, an entry shall be a chapter's program of work for one year starting July 1 through June 30.

4. The exhibit must be the design and work of the chapter members.
5. A well-balanced chapter program of work is one that:

- allows students to develop leadership management, communication, and personal skills by planning, conducting, and evaluating the following:
  - membership campaigns
  - public relations activities
  - state and national activities and projects
  - leadership activities
  - chapter management of finances
  - community service activities
  - meetings (chapter, regional, state, cluster, national)
  - recognition activities
  - ceremonies
  - cooperative, competitive, and individualized activities

- is planned using Future Homemakers of America's planning process (see Handbook for Youth-Centered Leadership, page 26)
- increases public awareness of Future Homemakers of America
- reflects the purposes of Future Homemakers of America
- has clearly defined goals

6. The state first-place winner(s) in both the display and manual formats will be North Carolina's entries in the National STAR Event competition.

7. If a chapter uses a manual to exhibit its program of work, the manual shall contain not more than 1 title page, 1 table of contents page, 5 divider pages, 30 content pages (one side of page only with no attached pages), and the official national affiliation form(s) (photocopy is acceptable).

- The title page shall carry a summary paragraph (goals and accomplishments), chapter name, type of chapter (FHA, HERO or FHA/HERO), school, city, state, and year.
- Divider pages shall not include content.
- The official national affiliated form is the chapter's copy of the form listing affiliated members (photocopy is acceptable).
- The manual shall be an FHA/HERO scrapbook obtained from Balfour Supply Service. Filler pages need not be Balfour stock but must be uniform in size.
- Affiliation form is not counted as a content page.
- Only booklets or programs related to the activity can be attached to a content page.
- Props may not be used to display the manual.
- Content pages shall present a chronology of the year's projects and activities including:
  - title of each activity
  - goal of each activity
  - accomplishments
  - resources used
  - evaluation statement
  - names of chapter members involved and their responsibilities
  - descriptive material about each activity (examples: pictures, news clippings, scripts of programs or ceremonies). Since pages are limited and evaluation time is short, choose items carefully. Quality is more important than quantity.
8. If a chapter uses a display to exhibit its program of work, the display shall:

- have an 8½" x 11" typewritten sheet that carries a summary paragraph (chapter goals and accomplishments), chapter name, type of chapter (FHA, HERO, or FHA/HERO), school, city, state, and year

4. At the designated time, participants will present a 5-10 minute summary of the program of work to the evaluators.

5. Visuals may be used with manual summaries if they contain material reproduced from or explained in the manual. Visuals requiring audiovisual equipment are not permitted.

6. Failure to follow dimension rules for displays will result in the loss of two (2) points per inch on each judge's rating sheet that the display extends, in any direction, beyond the specified measurements.

7. Failure to follow the page rules for manuals will result in the loss of five (5) points on each judge's rating sheet for each page that extends beyond the specified number of pages and/or does not follow the rules for page content.

8. Following the summary, the judges will question the students about their chapter's program of work for 5-10 minutes.

COMPETENCY GOALS

Future Homemakers of America is an integral part of the home economics curriculum. Competency goals from all home economics courses are applicable to this event.

RULES FOR EVENT PARTICIPATION

1. Participants must comply with General Rules and Regulations.

REQUIRED PROCEDURES FOR PARTICIPANTS

1. The demonstration will consist of a team presentation on the use of parliamentary procedure and will be followed by a question-and-answer period on how the team has encouraged the use of these abilities at local chapter meetings.

2. A team of 8-10 students is required. The team consists of the following: chairperson (president), officers, and chapter members. Teams competing in successive years must have at least three new members with each incoming year.

3. The following items should be covered by the demonstration (and all may be fictitious):

   a. Opening ceremony.
   b. Secretary's minutes (minutes should include business not finished at the previous meeting and an item that was referred to a committee at the previous meeting). One typed copy of the last business meeting should be presented to the judges prior to the team demonstration. Secretary's minutes and reports from the presentation will be given to the judges at the completion of the activity.
c. Officer reports (must include treasurer's report; other officers' reports are optional). Note: The treasurer's report (typed) should receive a motion to "file for audit."

d. Committee reports (standing and/or special committee reports) are to be typed and given to the secretary, immediately following the last officer's report. Reports may be accepted as a group following the last officer's report.

e. Unfinished business.

f. New business (3 subject cards related to National and/or State projects will be drawn).

g. Closing ceremony.

h. All teams must adjourn.

4. The demonstration of eight (8) abilities must be included in the business meeting. Six (6) abilities are required and specified on the score sheet. Two (2) additional abilities will be drawn at the beginning of the 15-minute preparation time.

5. Each team chairperson will draw three subject cards. The subjects may be used with any of the required or chosen additional abilities. The team may use one additional item of business of its choosing if time has not expired upon finishing the 3 assigned subjects. Examples of subjects are as follows:

- Raising money for a state FHA/HERO project.
- Supporting a school activity.
- Sponsoring a state FHA/HERO educational project.
- Promoting a community project.

6. Each team will be given 15 minutes prior to their presentation to discuss their assignments. The adviser may not attend the practice session or the demonstration. The team chairperson will hand cards and one legible copy of the secretary's minutes to the timekeeper when entering the demonstration room. The timekeeper will present them to the judges.

7. Each team will be given a 12-15 minute time period to carry out their parliamentary procedure demonstration. At the end of 12 minutes, a timekeeper will stand to indicate that 12 minutes have expired. The timekeeper should remain standing until all business has been concluded. The timekeeper should be seated during closing ceremony. Four points will be deducted from the total score on each judge's rating sheet for each minute less than 12 minutes or more than 15 minutes.

Timing begins with the first rap of gavel, calling chapter into session after the opening ceremony. Timing ends with the rap of gavel to adjourn closing ceremony.

8. Judges should have a typed copy of the agenda after the presentation and before the questioning session.

NOTE: The chairperson of a team should feel free to use an agenda similar to one used at the local chapter. This agenda should not include any information concerning the execution of parliamentary procedure. The judges have the option of seeing the typed agenda.

9. An additional 8 minutes will be allotted for questions by the judges.

a. Prepared question (3 minutes maximum). "How has the team encouraged and increased the use of parliamentary procedure at local chapter meetings?"

b. Additional questions will relate to parliamentary procedure (5 minutes maximum).

5. The exhibit must be the work of the chapter members.

6. An in-depth project is one that:
   - is planned using Future Homemakers of America's planning process (see Handbook for Youth-Centered Leadership, page 26)

   The manual shall be compiled in an FHA/HERO scrapbook obtained from Balfour Supply Service. Filler pages need not be Balfour stock but must be uniform in size.

   The title page shall carry the title of the project, a summary paragraph (title, goals, and accomplishments of the project), type of chapter (FHA, HERO, or FHA/HERO), school, city, state, and year.

   Divider pages shall not include content.

   Content pages contain descriptive material about the in-depth project (examples: news clippings, pictures and materials produced). Since pages are limited and evaluation time is short, choose items carefully. Quality is more important than quantity.

   The official national affiliation form is the chapter's copy of the form listing affiliated members (photocopy is acceptable).

   Only booklets or programs related to the activity can be attached to a content page.

   Props may not be used to display the manual.

9. If a chapter uses a display to exhibit the project, the display shall:

COURSE REQUIREMENTS FOR ELIGIBILITY: Students who are currently enrolled in or have successfully completed one of the following home economics courses: 7111 - Child Care Services I, 7112 - Child Care Services II, 7141 - Home Economics Cooperative Education I - child care work site, or 7142 - Home Economics Cooperative Education II - child care work site.

COMPETENCY GOALS

7111-07: Guide and discipline children.
7111-12: Plan and carry out literature activities for children.
7112-05: Play learning activities that develop creativity with children.
7141-10: Demonstrate proficiency in competencies identified for the occupation.
7142-09: Demonstrate proficiency in competencies identified for the occupation.

RULES FOR EVENT PARTICIPATION

1. Participants must comply with General Rules and Regulations.

REQUIRED PROCEDURES FOR PARTICIPANTS

1. The participant must choose a book or story which can be adapted to a storytelling situation for three and four year olds utilizing creative props.

2. Participants will memorize the story and will tell it to a group of young children seated on the floor.
3. The participants should plan a suitable pre-story introduction and conclusion of the story. The pre-story may consist of a fingerplay, song, visit from a puppet, or conversation about the story topic. The purpose of the introduction is to gain the attention of the children and build up an anticipation for the story. The conclusion of the story may include conversation with the children about the story topic or an application transition to the next activity. The conclusion lets the children know that the story is finished and may include a review or clarification of ideas.

4. Each participant is required to bring all necessary equipment and props.

5. The time limit for the entire presentation (introduction, story, conclusion) will be 10 minutes. Each participant may spend less than the allotted time when giving the presentation but may not spend more than 10 minutes. The timekeeper will hold up a card when there are 5 minutes remaining in the presentation time and again when there is one minute remaining.

6. The event will consist of both the prepared presentation and response to an oral question. Eighty percent of the score will be based on the presentation and 20% on the oral question. The same oral question will be asked for all participants.

7. Be prepared to answer questions asked by the judges in relationship to presentation. Sample questions which the judges might ask are:

- Discuss factors that should be considered in selecting a good book for preschool children.
- Give the reasons for using a fingerplay, song, or puppet visit before a story.
- Give examples of using the positive approach, including the setting of limits, to guiding behavior of young children in preschool.
- Why is the story appropriate for the age group?
- What are the values of stories and books for young children?
