ABSTRACT

This annual bibliography of Alaska- and Arctic-related publications received by the Alaska division of State Libraries is divided into four sections. Twelve items are in the "Juvenile" section, 115 are in the "Adult Nonfiction" section, 17 are in the "Adult Fiction" section, and 8 are in the "Reference" section. Short annotations are given for each item, including publishing information, price, and brief indication of subject matter. (JB)

## INTRODUCTION

SOME BOOKS ABOUT ALASKA is an annual annotated listing of Alaska-Arctic related publications received by the Alaska Division of State Libraries. Most of the material is current or published in recent years.

Government publications are generally not included. A few Alaska state (designated Alaska State Depository program) and Canadian documents of general interest may be noted for special emphasis or to alert users of this guide to titles which might be of interest.

Some Alaska materials are quite elusive, being published in limited quantity with little publicity. We would appreciate receiving information (author, title, publisher, price and source) for current titles not included here.

Publications are available from the publisher of the work or other indicated source. The Alaska State Library does not offer these for sale, so please contact the publishers or sources directly.

Also please remember that all prices are subject to change and that those listed here may no longer be accurate. In some cases, we have received the book as a gift and do not know the price.
