The Home English Literacy for Parents (H.E.L.P.) project and curriculum were developed and implemented in a variety of school programs in the northwest suburban Chicago area. Project services were offered to parents for 5 hours a week at 7 school sites. The curriculum was intended for implementation in a typical adult English-as-a-Second-Language (ESL) education program. The project integrates practical, commonly-used adult language skills and focuses on developing parenting skills. The curriculum packet consists of: (1) a description of student instructional levels (beginning, intermediate, and advanced); (2) Phase I of instruction (English survival competencies); (3) Phase II of instruction (school-related competencies); (4) teaching techniques for Phase II; and (5) sample lesson plans for Phase II competencies. I. BACKGROUND

The Home English Literacy for Parents (H.E.L.P.) Project and Curriculum were developed and implemented over a three year period in a variety of school programs in the Northwest Suburban Chicago area. School sites were selected because these offered bilingual programs and were accessible to resident language minority parents. H.E.L.P. Project services were offered to Parents for five hours per week at each of the seven school sites.

A two-phase curriculum, including a Parenting Issues Section, was developed with the close input and recommendations from the Project Advisory Council. Council members, most who were bilingual program administrators at each local site, were able to use their staff to identify the competencies to be addressed by Project H.E.L.P.

Further, H.E.L.P. instructors and their students provided additional feedback during the Project’s tenure while involved in pilot testing and refining the curriculum competencies.

Project H.E.L.P.'s curriculum was developed in order to be implemented in a "typical" adult ESL education program. The curriculum integrates practical, commonly used adult English-Survival Competencies (Phase I) with School-Related Competencies (Phase II). These School-Related competencies include Parenting Issues activities. The curriculum was developed taking into account the possibility of irregular attendance by participants with varying language skills, and other factors pertinent to adult second language learning.

The curriculum is based upon the premise that the students come to class with parenting skills acquired through life experiences. The curriculum therefore, focuses on building upon parenting skills, rather than on teaching parenting skills.

Instructional Notes:

Phase I and II Competencies of this curriculum do not need to be taught in order. However, it is recommended that both Phase I English-Survival and Phase II School-Related Competencies be prerequisites for the Parenting Issues activities. In addition, in the Parenting Issues section, the native language of the student can be used at appropriate times, since the goal of these activities is to encourage active student participation at all instructional levels.

Our intention is to make this practical, school-oriented curriculum flexible and readily adaptable to existing adult ESL programs and curricula.

II. OVERVIEW OF THE H.E.L.P CURRICULUM

The Home English Literacy for Parents (H.E.L.P.) Project curriculum packet consists of the following components:

- Description of Student Instructional Levels: Beginning, Intermediate and Advanced
- Phase I of Instruction: English-Survival Competencies
- Phase II of Instruction: School-Related Competencies
- Teaching Techniques for Phase II
- Sample Lesson Plans of Phase II Competencies

Description of Student Instructional Levels:

In this component, there are general descriptions of a student's

- General Language Ability,
- Listening Comprehension,
- Oral Communication,
- Reading Skill, and
- Writing Skill.

These are outlined for each instructional level including Beginning, Intermediate, and Advanced. The charts for these language levels contain both general descriptions developed by the H.E.L.P. instructional staff and student descriptions adapted from the Mainstream English Language Training (MELT) Refugee Curriculum student Performance Levels (SPL).

Phase I of Instruction:

Phase I is comprised of basic English survival skills that parents may need to learn. Outlined below are the Phase I units of instruction and their corresponding competencies. (Not listed in priority order.)

UNIT 1: BANKING/BILLS

#1 Buy and fill out a money order; including the date, amount, name of addressee, own name, and signature.

#2 Read and pay bills.

UNIT 2: CLARIFICATION

Seek clarification/express a lack of understanding.
UNIT 3: DIRECTIONS

#1 Use a map to locate a place.
#2 Follow simple directions to locate a place.

UNIT 4: EMERGENCIES

#1 Report an emergency by telephone.
#2 Read caution words and emergency procedures.

UNIT 5: EMPLOYMENT

#1 State and fill out basic personal information.
#2 Describe work history.

UNIT 6: HEALTH

#1 Identify major body parts and state major illnesses and injuries.
#2 Make a medical/dental appointment in-person or over the phone.
#3 Read and follow directions on medicine labels.

UNIT 7: HOUSING

#1 Identify common household furniture, rooms and housing accommodations.
#2 Find information about available rental housing.
#3 Report household problems/emergencies and request repairs.

UNIT 8: PERSONAL IDENTIFICATION

Identify orally and in writing personal identification.

UNIT 9: SHOPPING

Read basic shopping signs and labels.

UNIT 10: SOCIAL LANGUAGE

#1 Introduce oneself and others.
#2 Describe weather conditions.
Phase II of Instruction:

Phase II incorporates both School-Related Language-Based skills and the correlating Content/Information that parents need to know. Related Parenting Issues are provided for extensive problem-posing activities. Each problem-posing activity allows the parents to apply both their newly acquired Language-Based and Content/Information-Based knowledge, with their existing parenting skills (wisdom).

An outline of the Phase II units of instruction and their corresponding competencies follow: (Not listed in priority order.)

UNIT 1: U.S. SCHOOL SYSTEM

#1 Identify the levels within the U.S. School System.

#2 Identify the ages of children who attend a preschool and the different types of preschools. Describe their children's experience.

#3 Identify possible placement options for students within a school or school district.

#4 Identify their children's vocation/career options and describe their children's goals.

#5 Identify ways parents can interact in the U.S. School System.

UNIT 2: PERSONNEL IN THE SCHOOL SYSTEM

Identify job titles and responsibilities of the personnel in their children's school system.

UNIT 3: THE SCHOOL BUILDING

Identify the physical layout of a school - the location of offices, classrooms, etc. in their children's school(s).

UNIT 4: SCHOOL SUPPLIES

#1 Read the names and describe the uses of every item on their children's school supply lists.

#2 Identify places to purchase school supplies economically.

UNIT 5: AMERICAN HOLIDAYS:

Identify American Holidays and describe how and when they are celebrated in their children's school(s).

UNIT 6: SCHOOL ABSENCE

#1 Notify a school about their children's absences and identify reasons for children missing school.

#2 State their children's daily school schedules and the times it would be most appropriate to miss school, if necessary.

Northwest Educational Cooperative, Des Plaines, IL, 1989
UNIT 7: TRANSPORTATION TO SCHOOL

#1 Identify the ways children can safely go to school.
#2 Read their children’s school bus schedules/routes and describe the policies regarding school-provided bus transportation.
#3 Notify the appropriate party about their children’s problems with school-provided bus transportation.

UNIT 8: THE SCHOOL CALENDAR

Read their children’s school calendars.

UNIT 9: SCHOOL REGISTRATION

Register their children for school and fill out related forms.

UNIT 10: THE REPORT CARD

Read their children’s report cards.

UNIT 11: DOCTOR’S/DENTIST’S APPOINTMENT

#1 Make doctor’s/dentist’s appointments for their children’s examinations.
#2 Using a health form to describe their children’s medical histories.

UNIT 12: PARENT CONFERENCE

#1 Make appointments for parent/teacher conferences for their children.
#2 State reasons why a teacher or parents would request a conference.
#3 Describe the reasons for a parent/teacher conference.

UNIT 13: CHILDREN’S PROBLEMS IN SCHOOL

#1 Describe academic problems children can experience.
#2 Describe possible behavioral problems children can exhibit.

UNIT 14: HOT LUNCHES IN SCHOOL

Read a lunch menu, describe hot lunch policy/procedures, and fill out appropriate forms.

UNIT 15: HEALTH NOTICE/CALL FROM SCHOOL

#1 Respond appropriately to a phone call from their children’s school(s) regarding illness or injury.
#2 Read a written notification about a health notice issued from school.

UNIT 16: LIBRARY CARDS

Read the library’s policies and fill out a borrower’s application either for themselves and/or their children.
UNIT 17: SCHOOL FIELD-TRIPS

Fill out a field trip permission form.

UNIT 18: EXTRACURRICULAR ACTIVITIES

Identify extracurricular activities for children and describe the schedules, practices, meetings, equipment needs, etc.

Teaching Techniques for Phase II:

A Competency Instructional Model provides a general framework for the Phase II competencies. In addition, there are three detailed models for each instructional level. Beginning, Intermediate and Advanced.

Sample Lesson Plans of Phase II Competencies:

This curriculum component presents sample lesson plans of Language Based and Content/Information Based instruction, and for problem posing outlined in the Parenting Issues. The lesson plans are samples of activities that were used by some H.E.L.P. instructors to implement specific competencies in Phase II. The following units and their corresponding competencies are represented in the sample component:

- UNIT 6: SCHOOL ABSENCE
  Competency #1: Notify a school about their children’s absences and identify reasons for children missing school.

- UNIT 9: SCHOOL REGISTRATION
  Competency: Register their children for school and fill out related forms.

- UNIT 13: CHILDREN’S PROBLEMS IN SCHOOL
  Competency #1: Describe academic problems children can experience.
  Competency #2: Describe possible problems children can exhibit.

- UNIT 16: LIBRARY CARDS
  Competency: Read the library’s policies and fill out a borrowers application either for themselves and/or their children.

Each sample lesson plan contains the following information: the unit number, the competency, the parenting situation, description of activities, and the materials needed.

IV. PHASE I OF INSTRUCTION

INTRODUCTION TO PHASE I OF INSTRUCTION

Survival-English

Phase I is comprised of ten units of basic English-Survival skills. Each unit has one to three competencies which reflect the unit's Survival English skill. The competencies are divided into the following sections: Competency, Instructional Levels, Vocabulary, Grammar, and Content/Information.

- The **Competency** is stated in objective terms.
- **Instructional Levels** categorizes specific competency-based skills that are appropriate for Beginning, Intermediate, and Advanced students. Examples of these skills are provided where applicable.
- **The Vocabulary Section** lists words, phrases and terminology that relate to the competency. This section is the basis for the Language-Based instructional activities.
- **Grammar** identifies the Competency's basic grammatical focus.
- **Content/Information** highlights important concepts and pertinent facts that directly relate to the Survival English competency. The Content/Information section provides the basis for Content/Information-Based instructional activities.

Phase I has been designed to recognize and expand the role of the adult ESL students' life experiences. During instruction, the general Language-Based activities frequently precede the Content/Information-Based activities. However, neither is considered more important and each serves as an integral focus for all of the H.E.L.P. Phase I competencies. The flow chart below demonstrates the continuous interrelationship of students' life experiences, Language-Based activities and the Content/Information-Based activities.

![Flow chart showing the relationship between students' life experiences, language-based activities, and content/information-based activities.](chart.png)
PHASE I: ENGLISH-SURVIVAL COMPETENCIES

UNIT 1: BANKING/BILLS

COMPETENCY #1: Buy and fill out a money order; including the date, amount, name of addressee, own name, and signature.

INSTRUCTIONAL LEVELS: Examples

BEGINNING
Fill out a typical money order, copying off a form or with assistance.

INTERMEDIATE
Ask for a money order in a variety of situations and fill it out without assistance.

"I need a $20.00 money order, please."

ADVANCED
Ask for a money order in a variety of situations and fill out a variety of money orders for oneself or for others.

"I'd like to get a $50.00 and $200.00 money order and one $160.00 registered check."

VOCABULARY:

1. Date Terminology: month, day, year.
2. Money Terminology: numeric amount (e.g. $165.43), handwritten amount (e.g. ninety dollars and 24/100).
3. Banking Terminology: check, money order, registered check, etc.

GRAMMAR:

Present tense
Modal "would"

CONTENT/INFORMATION:

- Types of money orders, checks, etc.
- Places one can obtain a money order: bank, grocery store, etc.
- Cost of various money orders/checks.
- The information needed to be filled out a money order, check, etc.
- In the U.S., the month is written first, then the day.
- The purpose of a money order and the benefits of using one instead of cash.
PHASE I: ENGLISH-SURVIVAL COMPETENCIES

UNIT 1: BANKING/BILLS

COMPETENCY #2: Read and pay bills.

INSTRUCTIONAL LEVELS:

BEGINNING
Read the "Amount Due" and "Date Due" on simplified bills.

INTERMEDIATE
Read the "Amount Due" and "Date Due" on authentic bills and accurately fill out a personal check to pay them.

ADVANCED
Read details for the types of charges on a variety of authentic bills and accurately write a personal check to pay for them.

VOCABULARY:

1. Bill Terminology: date, date due, amount due, signature, pay to the order of, overdue, past due, etc.

2. Penalty Terminology: late charge, interest, disconnection of service, etc.

GRAMMAR:

Present tense

CONTENT/INFORMATION:

- The use of the return envelope that is included with the bill.
- Places to pay bills in person: at the company office, some banks, some supermarkets, etc.
- Handwritten amount vs. numerical amount. [When there's a discrepancy the handwritten is the accepted amount.]
- Checks/money orders need to be signed to be valid.
- Possible penalties for overdue payment: late charge, disconnection of service, etc.
COMPETENCY #1: Seek clarification/express a lack of understanding.

INSTRUCTIONAL LEVELS: Examples

BEGINNING
Ask for clarification using standard phrases.
"I don't understand."

INTERMEDIATE
Ask for clarification of specific words or ideas.
"What does ______ mean?"

ADVANCED
Ask for clarification by rephrasing or repeating what someone else said.
"Do you mean you're all done?"

VOCABULARY:
Clarification Terminology: excuse me, I don't understand, please repeat that, what does ______ mean, how do you spell ______, how do you say this word, could you talk a little slower, etc.

GRAMMAR:
Present tense: statements questions - various forms

CONTENT/INFORMATION:
- People sometimes assume that if you can speak a little of a language, you are virtually bilingual. Mono-lingual people may not understand the discrepancies between oral, written and listening skills. [If you can say these phrases, why can't you understand this explanation?]
- Individuals who can help clarify written materials are teachers, staff in social agencies, friends, lawyers, etc.
- The importance of good, slow, pronunciation when seeking clarification.
- There are differences between:
  • "I don't understand the meaning of the words." and "I don't understand what you mean."
  • "I don't understand your meaning." and "I don't understand because you talk too fast."
- The correct clarification expression is important. Sometimes more confusion can occur because the wrong expression is used. Asking for clarification needs to be as specific as possible. Just saying, "I don't understand" often isn’t clear enough.

Note: This unit is usually targeted in context, as the need arises.
COMPETENCY #1: Use a map to locate a place.

INSTRUCTIONAL LEVELS:

BEGINNING
Read a simple hand-drawn map.

INTERMEDIATE
Read a simple authentic map.

ADVANCED
Read a variety of detailed, authentic maps.

VOCABULARY:

1. Direction Terminology: north, south, east, west, northeast, southeast, southwest, left, right, straight, turn, etc.
2. Location Terminology: on the corner, middle of the block, street, across from, next to, around the corner, between, etc.
3. Distance Terminology: blocks, miles, close, far, near, etc.

GRAMMAR:

Imperative
Adverbs and prepositions of place
Wh questions

CONTENT/INFORMATION:

- The types of colored road lines and map symbols listed in all "Map Explanation Boxes".
- North is always the top of the map.
- Places to seek help in reading a map: a gas station, police station, post office, etc.
- How to use the street index/map grid.
PHASE I: ENGLISH-SURVIVAL COMPETENCIES

UNIT 3: DIRECTIONS

COMPETENCY #2: Follow oral directions to locate a place.

INSTRUCTIONAL LEVELS: Examples

BEGINNING

Follow simple oral directions to locate a place.

"Go straight. It's on the corner."

INTERMEDIATE

Follow multi-step directions to locate a place using public places.

"First go straight 3 blocks, then turn left on Pine street. Go 3 stop lights and it's on the right, next to the bank."

ADVANCED

Follow and give multi-step directions used in town and from city to city.

"Go North on Rt. 59 and turn East on Rt. 58. Go 6 miles and take a left on Higgins Rd."

VOCABULARY:

1. Direction Terminology: north, south, east, west, northwest, southeast, southwest, north, left, right, straight, turn, etc.

2. Location Terminology: across from, around the corner, next to, between, on the corner, middle of the block, etc.

3. Distance Terminology: blocks, miles, close, far, near, etc.

5. Cardinal and Ordinal Numbers: (e.g. 2nd stop light, Rt. 59).

6. Public Building Names: bank, library, police station, etc.

8. Instruction Terminology: turn, go, continue, go past, go through.

GRAMMAR:

- Imperative
- Adverb and preposition of place
- Wh questions

Northwest Educational Cooperative, Des Plaines, IL, 1989
CONTENT/INFORMATION:

- Repeating directions for clarification before leaving is a good practice.
- Places to seek help when trying to locate a place: a gas station, police station, post office, etc.
PHASE I: ENGLISH-SURVIVAL COMPETENCIES

UNIT 3: DIRECTIONS

COMPETENCY #3: Follow simple directions to locate an item.

INSTRUCTIONAL LEVELS: Examples

BEGINNING
Follow simple oral directions to locate an object.
"Top shelf, bottom shelf, on the right, in the corner, etc."

INTERMEDIATE
Follow multi-step directions to locate an item and read a simple store directory.
"It's on the second floor in the Linen Department."

ADVANCED
Read a variety of authentic store directories and follow complex directory.
"Go down this aisle until you get to the toy section. Go to your left and a few aisles down and it will be on your left, on the top shelf."

VOCABULARY:

1. Direction Terminology: right, left, up, down, turn, go past, etc.
2. Store Terminology: row, aisle, department, section, floor, level, elevator, escalator, sales people, clerk, manager.
3. Ordinal Numbers: (e.g. 2nd floor, 4th aisle).
4. Location Terminology: top, middle, bottom, left, corner, front, back, center.

GRAMMAR:

Wh questions
Polite questions (e.g. excuse me,...)
Prepositions of locations
Imperative

CONTENT/INFORMATION:

- Repeating directions for clarification before leaving is a good practice.
- Store employees often wear name tags, decal shirts, etc. to identify themselves as employees.
- Employees should be approached to ask for help.
PHASE I: ENGLISH-SURVIVAL COMPETENCIES

UNIT 4: EMERGENCIES

COMPETENCY #1: Report an emergency by telephone.

INSTRUCTIONAL LEVELS: Examples

BEGINNING
Identify oneself and the address, and state the nature of the emergency in simple terms.*

"This is Maria Juarez. I'm at 820 State St. There's a fire."

INTERMEDIATE
Describe a variety of emergencies with some elaboration and make a specific request for help.

"There's a car accident on the corner of State St. and Rt. 20. Two people are hurt. Please send an ambulance."

ADVANCED
Describe a variety of emergency situations with great detail, make a specific request, and ask for instructions.

V. PHASE II OF INSTRUCTION

INTRODUCTION TO PHASE II OF INSTRUCTION

School-Related

Phase II is comprised of eighteen units of School-Related parenting skills. Each unit has one to five competencies which reflect the unit's School-Related skill. The competencies are divided into the following sections: Competency, Instructional Levels, Vocabulary, Grammar, Content/Information and Parenting Issues.

- The Competency is stated in objective terms.
- Instructional Levels categorize specific competency-based skills that are appropriate for Beginning, Intermediate, and Advanced students. Examples are provided where applicable.
- The Vocabulary Section lists words, phrases and terminology that correlate to the competency. This section is the basis for the Language-Based instructional activities.
- Grammar identifies the Competency's basic grammatical focus.
- Content/Information highlights important concepts and pertinent facts that directly relate to the school-related competency. The Content/Information section provides the basis for Content-Based instructional activities.
- Parenting Issues lists questions and statements that pose realistic parenting problems related to school experiences. The newly learned knowledge from the Language-Based and Content-Based instructional activities combined with life experiences acquired through parenting forms the basis of the instructional approaches for the Parenting Issues.

The Parenting Issue activities are not meant to be solved, instead they are meant to serve as a catalyst for discussion. These issues provide parents with an opportunity to voice opinions, to hear other opinions, to raise issues, and/or find solutions.

Phase II has been designed to recognize and build upon the parenting skills of the adult ESL students. During instruction, the general Language-Based Activities frequently precede the Content/Information-Based Activities. However, although neither is considered more important, both are needed for students to comprehensively participate in a Parenting Issue activity. The Parenting Issues serve as the integral focus for all the H.E.L.P. Phase II competencies.
The chart below demonstrates the continuous interrelationship of student's life experiences, Language-Based activities and Content/Information-Based activities. In addition the chart illustrates the dependency Parenting Issues have on life experiences and other activities.
PHASE II: SCHOOL-RELATED COMPETENCIES

- How do extracurricular activities differ between those in the U.S. and those in their native country?
- How many activities are enough/too much?
- Do extracurricular activities have a value in a child's over-all education?
VI. TEACHING TECHNIQUES

INTRODUCTION TO TEACHING TECHNIQUES

Various ESL teaching techniques for the competency activities were pilot tested by the H.E.L.P. instructors. This section identifies the techniques that proved to be most appropriate for students who participate in the project.

Compiling Beginning level teaching techniques for Parenting Issues activities proved most difficult. Because of major language limitations many teaching techniques for this level were not appropriate. However, the techniques identified in this section for the Beginning level Parenting Issues were found to be most effective.

UNIT 6: SCHOOL ABSENCE

COMPETENCY #1: Notify a school about their children’s absences and identify reasons for children missing school.

PARENTING SITUATION: The child is sick and the parent must call the school to report the absence. The parent is afraid to use the telephone because of poor English.

ACTIVITIES:

1. As a class, practice a very controlled dialogue with the school secretary. The teacher playing the role of the secretary, the class in the parent role. After most students seem to be confident with this activity, have them role play with each other.

2. Slowly move the student pairs from the directed dialogue to either a semi-structured dialogue or more spontaneous dialogue.

3. Using the pictures of a common childhood ailments, have the students substitute different illnesses or conditions when calling the school.

4. As an additional follow-up situation, have class calling in sick to their workplace.

MATERIALS:

- Directed dialogue (written on board or as a handout)

   Example

   Sick Call to School

   Secretary: Good morning, Greenbrook School
   Parent: This is Mrs. Moto. My daughter Mary is sick today and will not be in school.
   Secretary: Whose class is he/she in? or Who is his/her teacher?
   Parent: His/her teacher is Mrs. Smith.
   Secretary: Thank you for calling. I will tell the teacher.
   Parent: Thank you. Good-bye.
Semi-structured dialogue (written on board or as a handout)

Example

Sick Call to School

Secretary: Good morning, ______ School.
Parent: This is ________, My ________ is sick today and will not be in school.
Secretary: His/her name is ________. He/she is in ______ grade.
Parent: Whose class is he/she in? or Who is his/her teacher?
Secretary: His/her teacher is ________.
Parent: He/she is in room ________.
Secretary: Thank you for calling. I will tell the teacher.
Parent: Thank you. Good-bye.

Parenting Issues/Problem-Posing

UNIT 6: SCHOOL ABSENCE

COMPETENCY #1: Notify a school about their children's absences and identify reasons for children missing school.

PARENTING SITUATION: A parent must decide whether to keep a child home or send him/her to school when he/she doesn't feel well.

ACTIVITIES:

Draw a simple picture on newsprint and put it up on front of the class. The picture should pose a problem reflecting this parenting situation.

In this sample lesson it is a picture of a mother and son getting ready for work and school in the morning. The son is telling his mother that he doesn't feel well. (See Materials for picture.)

1. Give the students a list of questions pertaining to the picture. Using the questions as a guideline, ask the students what they think is happening in the picture.

2. Discuss the problem posed by the picture and ask the students what they do when faced with a similar situation.

3. Follow up by writing a cooperative story, in pairs or as a large group, about the picture.

MATERIALS:

- Prepared picture on newsprint
- Handout - list of questions about picture
- Newsprint and markers for cooperative story

Examples of a prepared picture, the questions concerning the picture, and a completed cooperative story follow on the next page.
EXAMPLES

PREPARED PICTURE FOR PROBLEM-POSING:

QUESTIONS CONCERNING THE PICTURE:

1. What do you see in the picture?
2. What time is it?
3. Who is the woman?
4. Where are they?
5. What are they doing?
6. Where are they going?
7. What is the matter with the boy?
8. What is the woman thinking?
10. Why does she feel that way?
11. Have you ever had a problem like this?
12. What did you do?

COOPERATIVE STORY:

It's 8 o'clock in the morning. The little boy is Mario. Mario feels sick. His mother is worried about him. Lately, every morning he says the same thing. Maybe some medicine will help. Today his mom has an important meeting at 9 o'clock. She wants to go to the meeting, but she's worried about her son's headache. She has no babysitter. She calls her parents, but they don't answer. She calls the doctor to make an appointment for her son for 10 o'clock. Maybe she can take him to the doctor and then go to work. She calls her office and talks to her boss and he gets angry. He asks her to please come to the office in the afternoon. She calls many friends and finally she finds someone to take Mario in the afternoon.

UNIT 9: SCHOOL REGISTRATION

COMPETENCY: Register their children for school and fill out related forms.

PARENTING SITUATION: Filling out a registration form for a child.

ACTIVITY:

1. Review the pertinent vocabulary words. Using a simplified registration form, the teacher should answer any questions regarding specific words on the form.

2. Divide the students into pairs or small groups and have them fill out a simplified registration form.

3. Those students who are able can be given an actual registration form to fill out.

UNIT 9: SCHOOL REGISTRATION

COMPETENCY: Register their children for school and fill out related forms.

PARENTING SITUATION: A parent needs to formulate the questions that he/she will ask school personnel when registering a child. What questions should a parent ask? To whom should a parent direct his/her questions?

ACTIVITY:

1. Announce to the class that it is August and that they will be registering their children for school. Explain that during registration it is an excellent time to ask questions to either the school principal or secretary.

2. Pass out copies of the September school calendar to help the class formulate questions about school events.

3. Have the students brainstorm topics that they would have questions concerning school registration or school events. Record the students’ responses on the board or newsprint.

   Examples: Students’ Responses

4. Mark topics that the students feel are appropriate to ask the secretary and which are better suited for the principal to answer.

5. As a large group, role play with the teacher playing the principal and secretary. Students can volunteer to ask questions they have formatted from the topics listed during the brainstorming.

   Examples:

   What is an Institute Day?
   Will you tell me my child’s teacher’s name?
MATERIALS:

- Board or newsprint / chalk or markers
- Handout of September calendar

UNIT 13:
CHILDREN'S PROBLEMS IN SCHOOL

COMPETENCY #1: Describe academic problems children can experience.

PARENTING SITUATION: Parents have questions about a poor grade that their child gets on their report card. A conference has been arranged. How can this grade be improved?

ACTIVITIES:

1. The students are given a child's completed report card. The grades and the teacher's comment on the report card show that the child is having trouble in one subject.

2. Establish the scene for a role play. Tell the students that the child's parents are very upset about the poor grade and have a conference with their child's teacher arranged. The students will role play the conference.

   The role play can include up to four characters: the teacher, the child, the mother, and the father.

3. Each player will be provided with a name tag. The name tag has a quote from the character which gives each player an idea of what the character thinks and feels.

4. Review the report card and name tags with the students to check comprehension before beginning the role play.

5. During the role play the teacher can note any issues that are brought up by the players. These issues can be further discussed, as a group, in a follow-up activity to the role play.

MATERIALS:

- Completed simplified report card (Including grades & appropriate comments.)

Example:

Northwest Educational Cooperative, Des Plaines, IL, 1989
Name tags

Examples:

Teacher: Miss. Jones
"I think math is very difficult for Billy"

Mother: Mrs. Bush
"The teacher seldom assigns math homework"

Father: Mr. Bush
"Billy should do well in math. That was my best subject in school"

Child: Billy
"I hate math"

UNIT 13: CHILDREN'S PROBLEMS IN SCHOOL

COMPETENCY #2: Describe possible behavioral problems child can exhibit.

PARENT-SITUATION: A parent can identify the type of behavior problem his/her child is exhibiting in school when the behavior is described.

ACTIVITIES:

1. Divide the students into small groups (2-4 individuals).
2. Pass out the handouts of the Word Bank and the Problem Descriptions.
3. Give the students about 10 minutes to identify each problem description with a word or two from the Word Bank.
4. Reassemble the class and have each group share their answers. If any answers are different than another group's, discuss why.

MATERIALS:

- Word Bank
  Examples:
  
  self-control  frequent absence
  tardiness  lack of attention
  lack of cooperation  self-control
  poor effort  poor attitude
  missing homework  cheating

- Problem Descriptions
  Examples:
  
  1. Mary, a 7th grader, lives close to school, but it always late.
  2. John is intelligent, but does not complete his work. He doesn't seem to care.
  3. Billy is always talking in class, it disturbs the other children.
  4. Don does not listen to the teacher and his work is often not done correctly.
  5. Tom does not hand in his homework every day.
  6. Susie is behind in her work because she misses a lot of school when she is sick.
  7. Ron uses bad language and calls the other children names.
  8. Ann is often angry when the teacher asks her to get to work. She makes trouble in the classroom.
  9. Sara copies school work and homework from her friends.

UNIT 16: LIBRARY CARDS

COMPETENCY: Read the library’s policies and fill out a borrowers application either for themselves and/or their children.

PARENTING SITUATION: Parents becoming familiar with the local library’s facility, services and materials.

ACTIVITIES:

1. Distribute actual library books, videos, records, magazines, etc. to the students.

2. Write prepared questions about the library materials on the board or newsprint.

   Examples:
   - What is the title/author of this book, magazine, video, record, etc.?
   - What is its number?
   - What is its due date? Is the book overdue? If it is, how much would the fine be today?
   - In the author/title card catalogue, how would the book be listed?

3. Read the questions with the class and solicit answers. Review the answers and check for comprehension.

4. Distribute a current schedule of activities from the local library. Read the schedule and description of the activities that the library is offering.

5. Have each student choose one course or activity that he/she would like to attend and why.

6. Distribute a floor plan of the local library and brochures concerning library services, e.g. library hours, night information service.

7. The teacher asks the class to answer specific questions pertaining to the floor plan or other information.

   Examples:
   - Where do you find the children’s books?
   - Where do you find the videos?
   - What days are the library open at night?
   - Where do you find the checkout desk?

8. After the teacher completes asking questions, give students the opportunity to ask the questions.
MATERIALS:

- Prepared questions (for board or newsprint)
- Actual library materials
- Library floor plan
- Library information brochures
- Library schedule/calendar of events or activities
- Simplified neighborhood map

UNIT 16: LIBRARY CARDS

COMPETENCY: Read the library's policies and fill out a borrowers application either for themselves and/or their children.

PARENTING SITUATION: Parents getting a library card. Parents going to their local library to become more familiar and comfortable with its facility, services and materials.

ACTIVITIES:

Before taking the field trip to the library, the teacher should talk or meet with the librarian. Arrange for the librarian to give a short walking tour of the library or get permission for the teacher to do it. [Reserving a room to use during the visit is a good idea.]

1. Have the students meet at the classroom site. Before leaving the teacher should review:
   - The directions/maps to the library.
   - General library protocol.

2. Distribute the sample library cards, completed at a previous lesson. [These can be useful with the librarian's presentation.]

3. Go to the library for a tour and to obtain a library card.

4. The teacher should observe the class and record any problems that are encountered.

5. Return to the classroom and discuss any questions or problems that were encountered.

6. Allow time for students, who wish, to write thank you notes to the librarian(s).

MATERIALS:

- Completed examples of library cards
- Map (from classroom site to the library)
- Floor plan of library
