FEDERAL FUNDING SOURCES AVAILABLE TO LOCAL GOVERNMENTS FOR RURAL AREAS

Compiled by:

M. Louise Reynnells
The funding programs available to local governments in rural areas included in this document were selected from the Catalog Of Federal Domestic Assistance, 1989.

This information was compiled from the online system known as FAPRS (Federal Assistance Programs Retrieval System) and the print version of this database known as the Catalog Of Federal Domestic Assistance, which was compiled and edited for the Executive Office of the President by the Office of Management and Budget and the General Services Administration. Both of these services are provided by the Federal Domestic Assistance Catalog Staff (WKU) of the General Services Administration.

The catalog has an extensive listing of federal programs, departments, agencies (national, regional, and local offices), as well as grant application procedures. For further information on how to access the FAPRS database write the Federal Domestic Assistance Catalog Staff, General Services Administration, 300 7th Street, S.W. Washington, D.C. 20407 or call (202) 453-4126. For obtaining copies of the Catalog Of Federal Domestic Assistance, write the Superintendent of Documents, Government Printing Office SSOM, Washington, D.C. 20402. The approximate price is $38.00 and includes updates.

Local governments should check with their state or regional offices about programs in this document. A lot of federal programs that are developed to provide assistance to local governments are distributed through state or regional offices. State, local or regional offices are not provided in this document, but can be obtained in your local telephone directory, in the Catalog of Federal Domestic Assistance or by contacting the Rural Information Center at (301) 344-2547. If you have any specific questions about any of these programs, use the "Information Contact" section of the listed program for the appropriate office. This publication supersedes all previous issues.
