ABSTRACT The 228 titles in this bibliography on disaster planning focus on disaster recovery measures, disaster preparedness, and/or preventive measures for museums, libraries, and archives. The journal articles and reports listed include guidelines and manuals as well as descriptions of programs and/or products having to do with the prevention or repairing of damage caused by some type of natural or man-made disaster. Listed alphabetically by author, each entry includes information on the journal in which the article appeared or the publisher of the report, the date of publication, and number of pages. An alphabetical author-sponsor index to the disaster planning bibliography is also provided. (MAB)
