Tests of General Educational Development Bibliography.

Aug 92

38p.; For the 1987 edition, see ED 291 897.

Reference Materials - Bibliographies (131)

This document is a 596-item list of books, papers, journal articles, dissertations, and other materials concerning the General Educational Development (GED) tests. Topics covered include postsecondary educational outcomes for GED completers, military aspects of the GED program, scoring GED tests, test norms, benefits of participation in the GED program, social studies and the GED, adult learning, teaching methods, test coaching, measuring writing ability, reading skills, using newspapers for delivering GED programs, veterans' performance on the test, and statewide follow-up studies of GED test completers. (KC)

Reproductions supplied by EDRS are the best that can be made from the original document.
The GED Testing Service test research staff will update and reissue this bibliography periodically. Please send copies of additional research studies related to the GED Tests to Janet Baldwin at GEDTS, One Dupont Circle, Washington, DC 20036.
