Information on planning career events in Alberta, Canada, is presented in this guide. Information is divided into these 10 areas: (1) establishing a realistic timeline; (2) setting goals and clarifying one's purpose; (3) establishing support and selling the idea; (4) setting the budget and anticipating expenses with a sample budget; (5) establishing a committee and sharing the task, including publicity, audio-visual committee, staff reminder, hospitality committee, speaker and displayer meal, displays committee, career event brochure committee, and teacher/student host committee; (6) choosing the format and making it fit the situation; (7) preparing students, including elementary and junior/senior high student activities; (8) organizing the speakers, including speaker invitation, guest speaker reply, suggestions for career speakers, displayer invitation, request for display, speaker information, and speaker/displayer thank you; (9) evaluating the event, including sample speaker evaluation, student evaluation, and student timetable/evaluation forms; and (10) meeting the challenges and possible solutions. Other ideas for career events are also presented: career panels, tours, evening activities, job shadowing, and fun activities. Suggested career planning resources and a sample application form are also included. (ABL)

Foreword

Alberta Education views career education as an integral component of the total school program. One of the department's Goals of Schooling relates directly to career education, i.e. to acquire knowledge and develop skills, attitudes and habits required to respond to the opportunities and expectations of the world of work. Career education is available to students through the school curriculum and as a major focus of the guidance and counselling services in Alberta schools. The health curriculum at the elementary and junior high levels and the CALM curriculum at the senior high level contain themes related to career awareness and exploration. Career education has a prominent position along with educational and personal/social areas in the delivery of comprehensive guidance and counselling services. A recent Alberta Education survey on the CALM course revealed that students ranked career information as their number one priority. The focus on career education with a developmental approach is described in the manual Guidance and Counselling Services in Alberta Schools (1986).

There are a number of themes that characterize a comprehensive career education program: staff commitment; goal setting and planning; partnerships with the community; and administrative support. Alberta Career Days (ACD) is one significant element that contributes to a comprehensive career education program at the high school level. ACD is co-sponsored annually by Alberta Education, the Educational Liaison Association of Alberta (ELAA) and local school jurisdictions in which the events are held. The majority of school jurisdictions host an ACD or major career event every second year. The main purpose of ACD is to provide high school students with an awareness of the wide variety of career opportunities available, and the diversity existing in the labor market. This career event allows students to receive information and ask questions in one day, from a wide range of resource people regarding career planning. Although ACD is not available at the elementary and junior high school levels, career events for these students are organized locally, also with a focus on career awareness. Successful career events for elementary and junior high school students often involve several smaller events scheduled over an extended period.

Career events have great potential benefits for Alberta students. This guide contains the keys to successful career events for elementary, junior and senior high school levels. The guide's strategies and tips have been compiled from many successful career events held throughout the province over several years.

Alberta Career Events uses a workbook approach and contains:

- Information regarding all aspects of planning and hosting Career Events at all levels; Elementary, Junior and Senior High School
- Sample handouts and letters that may be copied and modified to suit individual Career Events
- Sample timetables, budgets, agendas.

The content of the resource is based on information and suggestions gained from seasoned Career Day coordinators and specialists and reflects years of accumulated experience.

The intention of the resource is to provide an overview of planning and hosting a major Career Event with the expectation that you, the user, will pick and choose, scale down or up and, adapt the information to your unique school and situation.

For example, the sample timeline provided illustrates one year of planning. Scaling down planning into six months, however, may be more appropriate to your situation.

The workbook approach has been chosen to encourage you to actively use the resource as your own planning guide. Checklists and space for your Notes allow you to adapt the information to your particular Career Event.

Pages that may be photocopied and modified are indicated by the symbol □. These pages are integrated into the text of the resource as they also provide useful planning information.

And lastly . . . Career Days vs. Career Events

The term Career Events has been used in place of the term Career Days throughout this resource. Historically, the term Career Day has come to symbolize a variety of career exploration activities in Alberta, often at the high school level, including half day, full day and evening presentations involving speakers, panels, displayers, demonstrations and tours. The use of the term Career Events is an expansion of the term Career Day in that it reinforces the variety of schedules and activities that are a part of successful career development programs at all levels.

2 Setting Goals - Clarify Your Purpose!

For students the Career Event will provide an opportunity to:

☐ gain an awareness of the great variety of occupations that exist.

☐ engage in career planning activities through advance preparation.

☐ explore a number of occupational areas.

☐ gain information regarding postsecondary education and/or training.

☐ engage in follow-up action regarding career planning.

For staff to:

☐ network with others.

☐ enhance awareness of variety of career options.

☐ raise positive profile of school.

For parents and community to:

☐ enhance awareness of career development process.

☐ participate in a career event.

My goals: Those listed above plus . . .

for students: __________________________________________

for staff: _____________________________________________

for parents and community: _______________________________

Others: _______________________________________________

"Approximately 205 of today's occupations will not exist by the year 2000. Educational requirements of the 'new' occupations will be at least a high school diploma, but more likely postsecondary education."

(Career Development News, Volume 12, Number 1, May 1991)
3 Establishing Support - Sell the Idea!

- Present and explain concept to:
  School Board
  Superintendent/Designate
  School Administrators
  Teachers
  Support Staff
  Parents
  Students - key student groups might include Student Council, Peer Support Team, Student Leadership Group, CALM and Health Classes

- Presentation could include:
  Goals of Career Event
  Value to students, parents
  Benefit to staff
  Opportunity to showcase school
  Positive public relations

- Ensure clerical support is available to all committees

- Consider using incentives
  e.g. free Career Event T-shirts, free lunch to committee members

5 Establishing a Committee - Share the Task!

It may be helpful if each committee member takes responsibility for a subcommittee. Involve teachers, students, parents and community as much as possible. For smaller events some of the above committees may be combined.

To include speakers or not to include speakers?

• Consider: your reasons for including speakers, e.g. public relations

• Consider: career speakers and displayers often prefer a break and a relaxed meal to a more formal occasion
Committee Members

Responsibilities

- Obtain display requests from coordinator
- Assign display spaces (coordinate with AV Committee to ensure AV requests are taken care of)
  - accommodate requests for proximity to plug-in
- Give advance notice to custodial staff to set up and take down tables/chairs in display area
- Coordinate with Hospitality/Reception
  - student hosts help carry display materials and set up displays
- Assign full-time teacher supervision for display area (coordinate with Teacher Host Committee)
- Ensure equipment such as extra extension cords are available
- Ensure all AV equipment is working

RE: Teacher Hosts, Career Event - (Date)

As you are aware, our Career Event is planned for _______. We look forward to a productive day and appreciate your help in making it a success. A teacher host will be required in each session throughout the day. Teacher hosts will introduce and thank the speaker(s), ensure attendance sheets are signed and supervise during the presentation.

A master list of sessions offered is posted in the staff room. Please sign up as teacher host for a minimum of _____ sessions. We recommend you take the opportunity to meet and hear a variety of speakers. Please do not sign up for the same speaker for more than one session.

Thanks for your help!

Teacher Host Responsibilities

Thank you for your help as a Teacher Host. Your attention to the following responsibilities will contribute to the success of our Career Event.

1. **Preparation:** Please be at your assigned classroom at least 10 minutes early to help the speaker set up.

2. **Introduction:** Please introduce the guest speaker(s) and her/his career area or have the designated student introduce the speaker. It will be necessary to confirm speaker(s') name(s) as last-minute changes sometimes occur.

3. **Attendance:** Prepared attendance sheets for each session will be left on the speaker's desk in every room. Please pass the attendance sheets around the room for the students to confirm their attendance by signing next to their names. Ensure that the attendance sheets are returned to the main office.

4. **Timing:** Sessions should run for approximately ________ minutes. Indicate to speaker when only five minutes remain.

5. **Thank You:** Please thank the speaker(s) or have the designated student do so. Students should be released when bells are sounded to allow them to reach the next session on time.

6. **Evaluations:** Please collect speaker and student evaluations after the last session.

7. **Reminder:** Teachers are to remain in the room and are responsible for students' behavior during assigned time. In sessions with a large number of students, two teachers per session have been assigned. Both teachers should remain in the room during the presentation.

Choosing the Format - Make it Fit the Situation!

Successful Career Events have been accomplished through many different formats.

A. Career Month
Target: Elementary, Junior and/or Senior High School Students

B. Half School Day
Target: Students

C. Full School Day
Target: Students

D. Evening
Target: Students, Parents, Community

Sample Schedules

A. Career Month
Target: Elementary, Junior or Senior High School Students
Week 1: Career Panel/Speakers
Week 2: Career Field Trips/Tours
Week 3: Career Panel/Speakers
Week 4: Career Displays
Throughout month: Career focus in Health/CALM classes

B. Half School Day
Target: Junior or Senior High School Students
8:45 - 9:25 Homeroom
Attendance, general instructions
Distribution of timetables
9:30 - 10:10 Session 1
10:15 - 10:55 Session 2
11:00 - 11:40 Session 3
11:45 - 12:00 Homeroom
Evaluation, Attendance
After Lunch Regular Classes

C. Full School Day
Target: Senior High School Students
8:45 - 9:00 Homeroom
9:15 - 9:45 Keynote
10:00 - 10:40 Session 2
10:45 - 11:25 Lunch
11:30 - 11:55 Homeroom
Discussion
After Lunch Regular Classes

Note: Displays/Speakers may be set up in one classroom. Homeroom classes move from room to room for each Career Session.

D. Evening
Target: Students, Parents, Community
5:30 - 6:30 Supper buffet for Speakers/Displayers
6:30 - 7:30 Disp*yers (jazz band playing to welcome people)
7:10 - 7:50 Session 1
8:00 - 8:40 Session 2
8:50 - 9:30 Session 3

Note: Students preregistered for four Career Presentations
All Students scheduled to view displays for one session.
To Keynote or Not to Keynote?

- Consider size of audience
  - don’t exceed size that can be seated comfortably (not on the floor in the gym)
  - supervise adequately

- Facility available - good acoustics are critical!!
  "Can the students in the back row hear?"

- Speaker availability - ensure speaker is dynamic, entertaining, positive, upbeat, in tune with audience!

- Speaker topic - must be relevant!

- Length
  - Short, to the point, absolutely no more than 20 minutes
  - Ensure speaker is clear on amount of time allowed for presentation.

- Schedule Keynote
  - to “kick-off” event or
  - to “wind-up” event
  - either can be effective

*Suggestion: if there is a “wind up” have students return to homerooms or last-period classes for attendance check!*
Session Length

Set session length according to attention span of students.

| Not enough time to cover important information | About Right Information covered Time for Questions | Too Much Time "Nothing left to discuss"
|-----------------------------------------------|-----------------------------------------------|-----------------------------------------------

35 - 45 min. (Junior/Senior)
20 - 30 min. (Elementary)

Number of Speakers/Displays

\[
\text{Total \# Students Attending} \quad \frac{\text{e.g. 900 students}}{25} = 36 \text{ speakers (minimum)}
\]

General guideline 20 - 30 students/session is fine. Very popular sessions, e.g. RCMP, Social Services, may become much larger.

To Display or Not to Display?

Consider size of facility and include as many displays as may be accommodated.

Some reasons you may want to include displays are to:

- supplement information gained through career presentations.
- reinforce visually the wide range of post high school opportunities available to students.
- provide an increased stimulation to student career planning.
- accommodate career representatives who prefer answering student questions and manning displays to speaking to a group.
- provide more opportunities for "hands-on" experience for students.
Which Career Areas and Institutions Should be Included?

Student Survey

- Develop list of 75-200 potential occupational/postsecondary presentations covering as broad career areas as possible.
- Circulate list to students. Have students check all areas of interest.
- Compile results and identify high interest areas.
- Invite speakers representing career areas identified through the student survey.

Other Considerations

- Include Career Panels, representing Career Clusters, rather than individual speakers representing individual occupations. For more information see the section, "Other Ideas for Career Events," page 61.
- Include other areas as appropriate, e.g. some postsecondary/occupational speakers will come for a small audience.
- Encourage those wishing to come for very small audience to bring a display to help create awareness of area.
- Ensure speakers reflect "local" flavor, e.g. careers in the oilpatch.
- Be conscious of gender stereotyping.
- Ensure men and women speak regarding non-traditional occupations, e.g. male nurse, female carpenter.
- Ensure some "dream" occupations are included, e.g. Entertainers, Artists (speakers can be encouraged to address limited employment opportunities).
- Include a session regarding "Workplace Alternatives," e.g. part-time work, self-employment.

"After 30 years of predictions that the four-day work week is just around the corner, its time may have finally arrived. According to a 1990 Gallup Poll, 54 percent of Americans would prefer working 10 hours for four days than eight hours for five days. This is up from 38 percent who felt that way in 1971. A three-day weekend may soon be a reality."

(Career Future, Career Information Services Inc., Fall 1991)
Preparing Students - Help Them Get Ready!

A danger in planning a Career Event is to see it as an end in itself.

Career events are most valuable to students when they:
- occur throughout the school year rather than on a single day
- are related to the Career Awareness themes in the Health and CALM curriculums
- are part of the ongoing Career Development program in the school

The more preparation, the more students will gain from the Career Event!

Prepared students gain the most from Career Events by:
- choosing to hear about career areas relevant to them
- asking meaningful questions at presentations
- processing information gained at Career Events with an awareness of their interests, values and beliefs

Suggested Preparation Activities

At all levels:
- encourage classroom teachers to talk about their careers - why they chose to be teachers, career path they took getting there, other roles they've filled, their own interests, beliefs, values and how they relate to teaching
- provide and discuss in advance a list of suggested questions for career speakers
- provide audio-visuals on career topics

Elementary:
- word puzzles on careers
- floor puzzles of workers
- art work, e.g. murals as background for displays
- books, stories regarding careers in their community
Junior High:
- importance of career planning
- self-awareness activities
  - interest inventory
  - values checklist
  - skills/abilities checklist
- review appropriate etiquette during sessions

Senior High:
- importance of career planning
- self-awareness activities
  - interest inventory
  - skills/abilities/aptitudes checklist
  - values assessment
  - desirable job characteristics
- information regarding postsecondary programs, e.g. "It's About Time." For more information see the section "Suggested Career Planning Resources," page 64.

Preregistration of Students
Preregister students when the Career Event format involves a choice of presentations.
- Encourage students to choose sessions based on the Career Planning activities they've completed.
- Preregistration facilitates attendance checks.

Suggested Follow-Up Activities

At all levels:
- encourage teachers to discuss with students what they've learned related to their Career Planning
- have students write thank you letters to speakers

Elementary:
- art work representing what was learned at Career Event
- "Hat" Day - wear hats representing various occupations and share information regarding the occupation with class
- letters to parents encouraging them to discuss children's talents and interests

Junior High:
- job shadowing (see the section "Suggested Career Planning Resources," page 64, for reference)
- information-gathering interview on occupation of interest

Senior High:
- job shadowing
- further postsecondary and training information
- information-gathering interview on occupation of interest

**Selecting Speakers**

- speakers identified as effective in previous Career Events
- speaker lists available through community clubs
- speakers identified by staff and students
- former students now established in occupations
- speakers may be locally secured, e.g. local business people
- use provincial core speaker list developed by Alberta Education.

For more information see the section "Suggested Career Planning Resources," page 64.

**Inviting Speakers**

- initial invitation by phone
- follow-up with letter requesting written response
- include with letter
  - guest speaker reply form (includes AV requests)
  - display information form
  - display reply form
  - presentation guidelines
- print as many sets of address labels as required to cover all mailings to speakers, e.g. three mailings anticipated (invitations, information packages, thank you letters). Print three sets of labels in advance.
- encourage speakers with displays to bring someone to take care of display
- delegate some speaker invitations to teachers in that area, e.g. science teachers may invite speakers with science-related occupations, computer teachers may invite computer career speakers.
**Following-Up with Speakers**

Call any speakers who do not confirm by response date given; request confirmation letter be sent for your records.

**Mailing Information Packages**

Mail information packages to all speakers

Contents of package:
- directional map to school
- map of school indicating parking area, unloading area and preferred entrance
- personal presentation schedule
- meal ticket
- number of students and grade level in each session
- confirmation of AV needs
- reception details including check-in process
- person to contact regarding last-minute changes

**Planning for Speaker Hospitality on Career Day**

- Reception
- Refreshments
- Meal
- Recognition, e.g. hats, pins

**Thanking Speakers**

Acknowledge all speakers with thank you

*Thank you letters can be written by students.*

Suggestions for Career Speakers at the Elementary Level

Information to Include in Your Presentation

1. Your job title, organization you work with.

2. Interesting history or origin of your occupational field.

3. What you "do" at work including:
   a) typical activities in a day
   b) where people in this job work - country/city, inside/outside
   c) hours of work - weekends/weekdays; shift work/regular hours
   d) physical demands - lifting/carrying, walking, strength required
   e) danger or risk involved, e.g. firefighter
   f) travel involved
   g) qualities of workers in this field, e.g. good with people to be a nurse, like animals to be a vet
   h) tools and equipment used
   i) working alone or with others
   j) special dress or uniform

4. Why you chose this career, i.e. what you like and dislike.

5. Basic training required, e.g. educational background, special licences, etc.

Please Note:

Students at the elementary level enjoy "hands-on" displays, e.g. clothing they can put on, objects they can tour, and play with, stickers, brochures, pictures, etc.

It is helpful to be able to analyze the job in terms of the students' subject areas, e.g. to be an accountant, you should be good at arithmetic.
Some Questions Children Might Ask You About Your Career

1. What do you do on your job?
2. Why did you take this job?
3. Did you want to be a _______________ when you were little?
4. What tools or equipment do you use? Can you show them to us?
5. Was this your first job choice?
6. What do you like best about your job? Why? What do you wish you didn't have to do?
7. What kind of education do you need for your job?
8. About how much can a person earn doing your job?
9. Can you tell us something funny or unusual that happened to you on this job?
10. Is there anything we should have asked you?
11. Is there something you would like to ask us?

Suggestions for Career Speakers at the Junior/Senior High Level

Information to Include in Your Presentation

1. Your occupational title, organization you work with

2. Your career path to your present role
   a) include your education/training background
   b) previous jobs and experience and how they relate to present role

3. What you "do," your duties and responsibilities
   a) a typical day in your work
   b) how your duties may differ from others in related occupations
      e.g. forestry technician vs. conservation officer vs. park warden
      dental assistant vs. dental hygienist vs. dentist

4. Necessary skills and training
   a) Special skills, abilities, knowledge required. Relate to school subjects if possible.
   b) Training/education required and where available

5. Satisfaction gained from working in this occupation related to your:
   a) interests, e.g. working with people, outdoors
   b) values, e.g. health, environment

6. Disadvantages or barriers to success in the occupation

7. Other occupational areas you could enter with your previous experience and training.

8. Employment outlook

9. Advice or tips to students considering entering your career area
   a) suggested volunteer or part-time work
   b) suggested school subjects
   c) where to obtain more information

10. Time for questions ... but, don't worry if students ask very few questions. They may feel self-conscious if they don't know other students in the group. Some will appreciate talking to you one-on-one after the presentation.

Suggestions for Speakers from Students

Students surveyed give the following suggestions to Career Event Speakers

Please Include . . .

- as many visuals as possible, e.g. pictures, charts, films, videotapes.
- any "hands-on" materials or demonstrations if possible, e.g. tools you work with.
- pamphlets, written information. (Make available only to those interested, rather than the entire group.)

We'd love to hear . . .

- a "description of a day in the life of . . ." regarding your occupation.
- personal examples or anecdotes.
- both the positive and negative side of your occupation.
- information regarding salaries and education and training required to enter your occupation and related occupations.

We have trouble with . . .

- jargon. Please translate when you use it!

Notes to Career Event Displayers

1. The schedule for the Career Event is:

2. We request that you set up your displays by (time). Students will be available to help unload your vehicle(s) and set up the display in (location). Reserved parking will be available at (location).

3. If you are also a Guest Speaker, please ensure your display is attended throughout the day.

4. Equipment such as TVs, VCRs and slide projectors are in very limited supply due to the large number of classroom sessions taking place. We hope you will be able to supply your own audio-visual equipment.

5. Some of the reasons we particularly appreciate including displays in our Career Event are to:

   - provide the opportunity for students to meet and talk with local business, educational and industrial representatives.

   - increase students' awareness of the wide range of post high school opportunities available to them.

   - provide a stimulation to Student Career Planning.

   - show students what people actually do in various businesses or occupations.

Students surveyed indicate they:

   - especially appreciate "hands-on" activities.

   - really like to speak to you, as well as see the display.

(Please ensure your display is attended throughout the day!)

Dear

On behalf of the Career Event Committee, I wish to thank you for your participation in our Career Event on ________. Although our formal evaluation is not complete, informal feedback indicates the day was a resounding success. Students as well as teachers and parents appreciated the opportunity to explore a wide range of educational and occupational alternatives and found the day both informative and enjoyable.

Again, our thanks to you! We appreciate your contribution to a very successful day.

Yours truly,

Career Event Committee
Information gathered through evaluation is very useful in planning your next Career Event.

Also... positive feedback helps "sell" the Career Event the next time around.

Consider:

- What information do you want to gain from the evaluation survey(s)?
  - use Career Event goals as a basis for questions asked in the survey.

- Who do you want to survey?
  - students
  - speakers and displayers
  - parents
  - teachers

- Who will compile the survey results?
  - computer assistant
  - work experience student
  - support staff
  - Business Education/CALM/Health classes

- Questions involving numerical ratings are easiest to compile.

- "Comments" yield useful information, but are labor intensive to compile.

Sample Evaluation Forms follow...
Sample Speaker Evaluation Form

We value your feedback in planning future Career Events. Please complete the following evaluation and leave it with the teacher-host in your last session. Thank you.

1. a) Did the initial invitation to you contain enough information?
   b) Did it arrive in time?

2. a) Was our information kit (schedule of sessions, map of school, confirmation of audio-visual equipment requested, etc.) adequate?
   b) Did it arrive in time?

3. Did you receive sufficient advance preparation from us?

4. Were you given the audio-visual equipment or special arrangements you requested?

5. Did your teacher/student hosts show you our coffee room and explain our arrangements for lunch?

Rate the following from 1 to 4 according to the scale below:

<table>
<thead>
<tr>
<th>1</th>
<th>2</th>
<th>3</th>
<th>4</th>
</tr>
</thead>
<tbody>
<tr>
<td>Poor</td>
<td>Fair</td>
<td>Very Good</td>
<td>Excellent</td>
</tr>
</tbody>
</table>

6. How appropriate was the room in which you spoke?

7. General attitude and helpfulness of our teacher/student hosts.

8. The lunch?

9. How well were our students prepared for your session and for the career event?

10. General conduct and behavior of our students.

11. Overall impression.

Career Panels*

A career panel is 3-4 speakers representing a Career Cluster, rather than one speaker representing one occupation.

A moderator asks the panelists specific questions including:
- name of occupation
- what they "do" on the job, how it relates to/differs from other panelists' jobs
- employment outlook

Time is allowed for questions.

Advantages:

Students become aware of:
- variety of possibilities for employment within one career area
- variety of levels of education and training required

Considerations:

- plan to schedule a larger number of students into the panel sessions
- choose facility carefully to ensure adequate room and acoustics

Possible Career Panels

<tr>
<td>Careers in the Skilled Trades</td>
<td>Plumber, Electrician, Auto Mechanic, Heating and Air Conditioning Mechanic</td>
</tr>
</tbody>
</table>

*See "Suggested Career Planning Resources," p. 64, for more information about Career Panels.
Tours

Examples of Possible Tour Sites:

- Radio station
- Hospital
- Fine Arts theatre including set building, costuming
- Factory or plant

Considerations:

- Plan and confirm tour sites well in advance.
- Schedule tours according to time required to complete tour.
  - may schedule tours for a "double" period.
- Transportation
  - borrow buses from other schools.
  - have qualified staff as drivers. Use same sign-up procedure as for "Teacher Hosts."

Evening Activities

It can be done!

- Good publicity is the key
  - publicize to parents and entire community as well as students.
  - consider inviting a variety of schools and levels of students.
  - ensure presentations and displays will appeal to ages of people attending.
  - news articles are free and may generate more interest than paid advertisements.

Job Shadowing

- Job shadowing involves the on-site pairing of students with workers.
- For more information see the section "Suggested Career Planning Resources," page 64.
Make it Fun!!

Ideas that have worked!

- "Zelda" reads palms and predicts the future during lunch hour.
- Student groups do skits illustrating career themes.
- The jazz band plays in the foyer to welcome students and guests.
- A Passport to the Future is stamped at each session/displayer.
- Draws are held for door prizes including donated gifts from local merchants.

  e.g. Grand Prize

  Job shadow of your choice for one day.

  or

  Acting principal of the school for a day. (Yes, it worked!)

- Brainstorm other zany ideas!
