The 1992 annual update to "Women and Geography: A Comprehensive Bibliography" (1988) contains 168 entries that examine gender considerations in human geography. Among the items which the bibliography cites are references to published articles in U.S. and foreign journals, books and chapters of books, and papers presented at professional meetings, including the 1992 meeting of the Association of American Geographers in San Diego, California. The original bibliography presented 658 entries. (LBG)

WOMEN AND GEOGRAPHY, 1992: A BIBLIOGRAPHY

David Lee

This bibliography is an update of Women and Geography: A Comprehensive Bibliography (1988) which is published under the auspices of the Specialty Group on Geographic Perspectives on Women of the Association of American Geographers. Updates of the bibliography are issued annually. This bibliography project culminates more than a decade of research on the scholarship on gender issues which has been conducted by geographers. Women and Geography: A Comprehensive Bibliography, with the updates, can be obtained from the compiler for ten dollars. The update alone sells for one dollar.

Please send requests and new listings for future updates to
