Most of the 30 tests cited in this bibliography are those of the American Chemical Society. Subjects covered include physical chemistry, organic chemistry, inorganic chemistry, analytical chemistry, and other specialized areas. The tests are designed only for advanced high school, and both bachelor/graduate degree levels of college students. This document is one in a series of topical bibliographies from the Test Collection (TC) at the Educational Testing Service (ETS) containing descriptions of more than 18,000 tests and other measurement devices prepared by commercial publishers, teachers, educational institutions, professional associations, departments of education, counselors, etc. Each description contains the following basic information: TC Accession Number (a six-digit identification number assigned by the Test Collection); the title of the instrument; personal or institutional author; year of publication or copyright; availability source; grade level for which test is suitable; age level for which test is suitable; and abstract. Other information, which is provided when known, includes subtests, number of test items, and time required to complete the test. Information on accessing the Test Collection via Internet concludes the document. (CRW)

INTRODUCTION

Scope of Bibliography

Many of the tests described are those of the American Chemical Society. Subjects covered include physical chemistry, organic chemistry, inorganic chemistry, analytical chemistry, and other specialized areas.

Availability

Copies of the tests described on the following pages must be obtained directly from the publisher, as stated in the AV AVAILABILITY section of each test citation. Generally, the Test Collection does not have distribution rights for its holdings. However, in special instances, the Test Collection has been granted permission from individual authors to distribute their tests, which are primarily research instruments. The AV AVAILABILITY information for these instruments will be Tests in microfiche, Test Collection, Educational Testing Service, Princeton, NJ 08541.

Guide to Citation Elements

The following is a guide to the various elements which may be present in a test citation:

AN - Six-digit identification number assigned by the Test Collection
TI - Name of the instrument
DT - Components within the overall test which assess particular skills or factors
AU - Personal or institutional author
YR - Year test was published or copyrighted
AV - Test publisher or distributor; the organization which sells or distributes the instrument

Copyright (c) 1991 by Educational Testing Service. All rights reserved.
OL - List of grades for which test is suitable
TO - List of ages for which test is suitable
AB - A description of the test and its purpose
AN ACCESSION NUMBER: TC015572 ETS B807.
TI TITLE: Major Field Achievement Tests.
DT SUBTESTS: Biology; Chemistry; Computer Science; Economics;
       Education; Engineering; Geology; History; Literature in English;
       Mathematics; Music; Physics; Political Science; Psychology;
       Sociology.
AU INSTITUTIONAL AUTHOR: Educational Testing Service, Princeton, NJ.
YR YEAR: 88.
AV AVAILABILITY: Program Director; Major Field Achievement Tests; BRE
       Programs; Educational Testing Service, Princeton, NJ 08541.
GL GRADE LEVEL: Higher Education.
NT NOTES: TIME: 120.
AB ABSTRACT: Designed to assess the outcomes of higher education by
       measuring undergraduate learning in specific disciplines. These
       tests are based on subject area tests from the Graduate Record
       Examination but are less difficult and cover the undergraduate
       curriculum. Tests are administered by the institution at their
       convenience and scored by the publisher. Tests reflect basic
       knowledge and understanding gained from courses. Subscores are
       reported for areas within each field. Different departmental needs
       for information can be met by administering different subforms of
       the test. Departmental and individual scores can be provided.

AN ACCESSION NUMBER: TC014932 ETS B705.
TI TITLE: DANTES Subject Standardized Tests: ACS General Chemistry.
AU INSTITUTIONAL AUTHOR: Educational Testing Service, Princeton, NJ.
AV AVAILABILITY: Educational Testing Service; Mail Stop 17-P,
       Princeton, NJ 08541.
TG TARGET AUDIENCE: Adults.
NT NOTES: TIME: 90; approx.
       ITEMS: 80.
AB ABSTRACT: The DANTES program is a series of secured tests
       administered by postsecondary institutions to grant credit by
       examination for education gained outside the classroom.
       Examinations may be worth from two to six credit hours in a
       baccalaureate program, baccalaureate upper division program, or a
       technical program. A minimum score for credit has been established
       by the American Council on Education. Individual institutions
       administer the examinations, as well as set the fees and schedules.
       These instruments complement the College Board's College Level
       Examination Program (CLEP) with several instruments in applied
       technology. They were originally developed for military personnel.
       Major areas of assessment include mathematics, social science,
       physical science, business, foreign language, and applied technology.
       For each test a fact sheet containing the curriculum specifications
       of the course, a list of texts on which the test is based, and
       statistical information, is available. Qualified administrators and
       faculty may borrow sample tests for a period of thirty days. This
instrument is one of a series assessing knowledge in general chemistry. The topics covered include states of matter; stoichiometry of reactions; structure, bonding, and periodicity; carbon chemistry; solutions; acid-base chemistry; equilibria; electrochemistry and redox; thermochemistry and kinetics; descriptive chemistry; special topics; and laboratory. The test was normed in the spring of 1981 and this form has not been equated to previous forms.

AN ACCESSION NUMBER: TC014930 ETS 8705.
TI TITLE: American Board of Industrial Hygiene Examination.
AU INSTITUTIONAL AUTHOR: American Board of Industrial Hygiene, Saginaw, MI.
AV AVAILABILITY: American Board of Industrial Hygienists; 4600 West Saginaw, Suite 101; Lansing, MI 48917.
TG TARGET AUDIENCE: Adults.
NT NOTES:
TIME: 480.
AB ABSTRACT: This testing was designed as part of a voluntary certification program for qualified industrial hygienists, persons who already possess college degrees and who have acquired competence in industrial hygiene. Non-degree applicants can be certified under special longevity requirements. The exam is offered at changing locations each spring and each fall. Deadline for application is approximately 4 months prior to exam date. Content may cover: air pollution, industrial toxicology, chemistry, physics, protective equipment, radiation and various topics related to industrial hygiene.

AN ACCESSION NUMBER: TC014793 ETS 8609.
TI TITLE: Multiple Assessment Programs and Services of the College Board.
DT SUBTESTS: English; Mathematics; Reading; Written English Expression; Computation; Applied Arithmetic; Elementary Algebra; Intermediate Algebra; Test of Standard Written English; Scholastic Aptitude Test; American History and Social Studies; Biology; Chemistry; English Composition; French Reading; German Reading; Mathematics Level 1; Physics; Spanish Reading; European History and World Cultures; French Listening-Reading; Literature; Mathematics Level 2; German Listening Comprehension; German Listening-Reading; Spanish Listening Comprehension; Spanish Listening Reading; Hebrew; Greek; Russian Reading; Russian Listening-Reading; Italian Reading; Italian Listening-Reading; Conventions of Written English; Critical Reasoning.
AU INSTITUTIONAL AUTHOR: Educational Testing Service, Princeton, NJ.
AV AVAILABILITY: Multiple Assessment Program and Services of the College Board; CN6725; Princeton, NJ 08541-6725.
GL GRADE LEVEL: Higher Education.
AB ABSTRACT: This series of tests is for use by colleges, for
admissions, placement of students, remedial or developmental studies, exemption, guidance and counseling. Some of the tests are drawn from the national Admissions Testing Program, including the Test of Standard Written English, Scholastic Aptitude Test and Achievement Tests. Some are self-scoring (English, Mathematics). See also TC 013 001 Assessment and Placement Services for Community Colleges and TC 015 421 Comparative Guidance and Placement Program.

AN ACCESSION NUMBER: TC014502 ETS 8605.
TI TITLE: Certification Examination for Clinical Laboratory Scientist-Generalist or Categorical.
AU INSTITUTIONAL AUTHOR: National Certification Agency for Medical Laboratory Personnel, Washington, DC.
AV AVAILABILITY: National Certification Agency for Medical Laboratory Personnel; 202 "L" St. NW, Suite 400, Washington, DC 20036.
TG TARGET AUDIENCE: Adults.
AB ABSTRACT: Certification is voluntary and is designed to provide and measure a standard of knowledge desirable for medical laboratory personnel, to encourage professional growth, and to recognize those individuals who have fulfilled certification requirements. The generalist examination covers five broad areas: clinical chemistry, hematology, immunohematology, microbiology, and laboratory practice. Candidates may choose to test for certification in a particular categorical or in several categoricals. The four categorical examinations are in clinical chemistry, hematology, immunohematology, and/or microbiology. In addition, candidates applying for certification in a categorical must also complete the laboratory practice section of the examination.

AN ACCESSION NUMBER: TC014500 ETS 8605.
TI TITLE: Certification Examination for Clinical Laboratory Technician.
AU INSTITUTIONAL AUTHOR: National Certification Agency for Medical Laboratory Personnel, Washington, DC.
AV AVAILABILITY: National Certification Agency for Medical Laboratory Personnel; 202 "L" St. NW, Suite 400, Washington, DC 20036.
TG TARGET AUDIENCE: Adults.

AU INSTITUTIONAL AUTHOR: American Society of Clinical Pathologists, Chicago, IL.
AV AVAILABILITY: American Society of Clinical Pathologists; 2100 West Harrison Street, Chicago, IL 60612.
TG TARGET AUDIENCE: Adults.
AB ABSTRACT: Program for medical technologists to assess their areas of strengths and weaknesses. Program was developed by the Commission on Associated Members Activities as a general evaluation of knowledge. Successful completion results in the awarding of continuing education credits. Each test consists of 200 multiple-choice questions. Tests are available in chemistry, blood banking, microbiology, hematology, and generalist information.

AN ACCESSION NUMBER: TC013904 ETS 8503.
TI TITLE: Certification Examination for Nurse Anesthetists.
AU INSTITUTIONAL AUTHOR: Council on Certification of Nurse Anesthetists, Park Ridge, IL.
YR YEAR: 75.
AV AVAILABILITY: Council on Certification of Nurse Anesthetists; 216 Higgins Road, Park Ridge, IL 60068.
TG TARGET AUDIENCE: Adults.
NT NOTES: TIME: 240.
AB ABSTRACT: This examination is used for the certification of nurse anesthetists for entry into practice. The test assesses knowledge of anatomy, physiology, pathophysiology, chemistry, physics, pharmacology, and principles of professional practice. Candidates must have a bachelor of science degree in nursing. Requirements also include registered nurse licensure and one year acute-care nursing experience.
AN ACCESSION NUMBER: TC011839 ETS 8410.
AU INSTITUTIONAL AUTHOR: Educational Testing Service, Princeton, N.J.

GL GRADE LEVEL: Higher Education.
NT NOTES: See also ACS Cooperative Examination Brief Course in Organic Chemistry: Form 1971B (TC007045).
TIME: 90.
ITEMS: 70.
AB ABSTRACT: Items include bonding, isomerism, functional group recognition, IUPAC nomenclature, physical properties, acidity and basicity, characteristic reactions of major functional groups, reaction mechanisms, qualitative organic analysis, applications, lipids, carbohydrates, and proteins. Test forms are updated periodically, and older forms may be retired from active use. Retired college-level forms may be released to high school teachers.

AN ACCESSION NUMBER: TC003703 ETS 8410.
TI TITLE: Graduate Record Examinations: Subject Tests--Chemistry.
AU INSTITUTIONAL AUTHOR: Educational Testing Service, Princeton, N.J.
YR YEAR: 82.
AV AVAILABILITY: GRE Programs; Educational Testing Service, CN 6010, Princeton, NJ 08541-6010.
GL GRADE LEVEL: Higher Education.
NT NOTES:
   TIME: 170.
   ITEMS: 150.
AB ABSTRACT: Designed to measure knowledge and understanding of chemistry basic to graduate study, and designed to be a power rather than speed test. For reasons of fairness, several editions are available each year. Large print answer sheets are available though the test itself is in regular sized print. In developing each new edition, special effort is made to survey the entire academic field and to include material from widely differing curricula. Used for selection of applicants for graduate school, selection of fellowship applicants, guidance and counseling, evaluation of the effectiveness of an undergraduate or master's program, requirement for conferral of a degree, senior comprehensive examination at the undergraduate level, and comprehensive examination for advancement to a master's or doctoral program. Known as Cooperative Graduate Testing Program until 1940.

AN ACCESSION NUMBER: TC002726 ETS 8410.

AB ABSTRACT: CLEP enables both traditional and nontraditional students to earn college credit by examination. Tests are updated periodically. Measures knowledge in several areas of chemistry
including structure of matter, states of matter, reaction types, equations and stoichiometry, equilibrium, kinetics, thermodynamics, descriptive chemistry, and experimental chemistry. Slide rules and calculators may be used during examination. There is an optional essay section which includes quantitative problems and writing equations that predict formulas of the products of chemical reactions, as well as short essays that interpret chemical phenomena and illustrate chemical reasoning.

AN ACCESSION NUMBER: TC001803 ETS 8304.
AU INSTITUTIONAL AUTHOR: American Chemical Society, Tampa, Fla., Div. of Chemical Education.
YR YEAR: 74.
AV AVAILABILITY: American Chemical Society; ACS DivCHED Examinations, Oklahoma State Univ., 107 Physical Sciences, Stillwater, OK 74078-0447.

ITEMS: 70.
AB ABSTRACT: Designed to measure achievement in a full year course in organic chemistry. The test covers theoretical concepts, synthetic sequences, reaction mechanisms, stereochemistry, important types of organic reactions, spectroscopic methods of identification of structure, and acidity and basicity of organic compounds. Test forms are updated periodically and older forms may be retired from active use. Retired college-level forms may be released to high school teachers.
The ERIC Clearinghouse on Assessment and Evaluation has mounted on its gopher site a database to help locate tests. This database can be used by accessing the gopher at the address: GOPHER.CUA.EDU The ERIC/ETS Test Collection is located under: Special Resources/ERIC Clearinghouse on Assessment and Evaluation/Test Locator/

To search the database, enter keywords from the title or descriptors. For example, if you would like to search for tests on oral language proficiency, you could type in all three words, or oral and proficiency. You may get slightly different results, but you will have information on a lot of tests to look at. If you know the title of the test, the best way to search is to use the main words in the title, not necessarily all of the words in the title. If you are looking for the Wechsler Intelligence Scale for Children-Revised, the most efficient way to search is with the words Wechsler, intelligence, and children.

INTRODUCTION TO THE ETS TEST COLLECTION

The Educational Testing Service (ETS) Test Collection database contains records on over 9,500 tests and research instruments. These records describe the instruments and provide availability information. The Test Collection encompasses virtually all fields from vocational interest inventories for adults to instruments that measure shyness or predict recidivism in released criminal offenders, to assessment of managerial style, as well as education-related achievement and aptitude tests. The test descriptions are indexed with ERIC Thesaurus terms for subject accessibility.

This is a joint project of ETS and ERIC AE. ETS Library and Reference Services Division prepares the descriptions. ERIC AE maintains the database and hosts the Search System. ERIC AE has also begun to put ETS prepared test descriptions into the ERIC Resources in Education database. About 15 descriptions are added each month.

COPYRIGHT

COPYRIGHT (C) EDUCATIONAL TESTING SERVICE

You may download individual and small groups of test descriptions and you may point to this service from any Gopher Site.

WHAT KIND OF TEST ARE DESCRIBED?

The Test Collection database collects a variety of instruments: achievement tests, aptitude tests, personality measures, attitude measures, career/vocational interest measures, occupational tests such as nursing or sales skills inventories. Many research instruments are collected as well as tests from commercial publishers.

WHAT INFORMATION IS AVAILABLE ABOUT THE TESTS?

The title, author, publication date and source appear in the record. An abstract describing the instrument, intended population, and uses accompanies the record. Subject terms give the age and grade level information as well as ERIC Thesaurus terms that describe the test.

DOES THE TEST COLLECTION DATABASE REVIEW THE TESTS?

No, other reference guides such as Mental Measurements Yearbooks,
Tests: A Comprehensive Reference for Assessments in Psychology, Education, and Business, and Test Critiques distributed by Pro-Ed fill that role. You can search the tables of contents for the MMY and Test Critiques through the ERIC_AE Gopher Site.

ARE ALL THE TESTS IN THE DATABASE CURRENTLY IN PRINT?

No, some of the items are out of print. We suggest contacting the publisher for permission to use out-of-print materials. Phone numbers can be located using another menu option on the ERIC_AE Gopher Site.

WHERE CAN I SEE THE ACTUAL TEST INSTRUMENTS?

Availability information is provided in the records. Many colleges and universities have test collections in their libraries. Talk to your local librarian for more information.

WHAT IS TESTS IN MICROFICHE?

Tests in Microfiche is a subcollection of unpublished research instruments that are available for purchase in microfiche from the ETS Test Collection. The collection includes instruments appropriate for diverse populations (infants, learning disabled, adults, etc.) Each set spans a wide range of topics such as job satisfaction and attitudes towards school. More than 800 tests are available.

DOES THE TEST COLLECTION PROVIDE REFERENCE SERVICES?

No, the descriptive information in the database should help answer most questions people may have. And the publisher of the particular test is the most competent source of information. You can, however, route general inquiries to ERIC_AE@CUA.EDU.
