This bibliography contains 181 entries related to leadership training and education. The entries were derived from the AGRICOLA database produced by the National Agricultural Library and include journal articles, extension bulletins, books, conference papers, and government reports. Entries cover such topics as 4-H clubs, agricultural education, community development, community education, community leadership, educational programs, extension education, leadership training, rural communities, rural development, teaching materials, and youth programs. Each entry contains title, author, publisher, publication date, journal or conference information (where appropriate), language, descriptors, and the National Agricultural Library call number. Some entries contain an annotation. Also included are indexes by author and subject and information about interlibrary loan from the National Agricultural Library. (LP)

QB 94-40
Quick Bibliography Series
Bibliographies in the Quick Bibliography Series of the National Agricultural Library are intended primarily for current awareness, and as the title of the series implies, are not indepth exhaustive bibliographies on any given subject. However, the citations are a substantial resource for recent investigations on a given topic. They also serve the purpose of bringing the literature of agriculture to the interested user who, in many cases, could not access it by any other means. The bibliographies are derived from computerized on-line searches of the AGRICOLA data base. Timeliness of topic and evidence of extensive interest are the selection criteria.

The author/searcher determines the purpose, length, and search strategy of the Quick Bibliography. Information regarding these is available upon request from the author/searcher.

Copies of this bibliography may be made or used for distribution without prior approval. The inclusion or omission of a particular publication or citation may not be construed as endorsement or disapproval.

To request a copy of a bibliography in this series, send the title, series number and self-addressed gummed label to:

Patricia La Caille John
Rural Information Center

National Agricultural Library Beltsville, Maryland 20705-2351 June 1994
The Rural Information Center (RIC) is a joint project of the Extension Service and the National Agricultural Library (NAL). RIC provides information and referral services to local government officials, community organizations, health professionals and organizations, cooperatives, libraries, businesses, and rural citizens working to maintain the vitality of America's rural areas. The Center combines the technical, subject-matter expertise of Extension’s nationwide educational network with the information specialists and resources of the world's foremost agricultural library.

The Office of Rural Health Policy in the Department of Health and Human Services (DHHS) and the NAL jointly created a Rural Information Center Health Service (RICHS) as part of the RIC. RICHS collects and disseminates information on rural health issues, research findings related to rural health, and innovative approaches to the delivery of rural health care services.

SERVICES:

Provide customized information products to specific inquiries including assistance in economic revitalization issues; local government planning projects; rural health issues; funding sources; and other related issues for the purpose of monitoring the quality of rural life.

Process a broad array of general and funding information requests on such topics as:

- Successful strategies, models, and case studies of community development projects
- Small business attraction, retention, and expansion
- Tourism promotion and development
- Recycling programs
- Community water quality
- Technology transfer to rural areas
- Closures, restructuring and diversification of rural hospital and clinics
- Agricultural health and safety
- Health programs, services, personnel issues
- State initiatives concerning rural health delivery issues

Refer users to organizations or experts in the field who can provide additional information.

Perform brief database searches of requested topics on a complimentary basis.

Furnish bibliographies and Rural Information Center Publication Series titles.

Identify current USDA and DHHS research and Cooperative Extension Systems programs.

Document Delivery Services to Individuals

The National Agricultural Library (NAL) supplies agricultural materials not found elsewhere to other libraries.

Filling requests for materials readily available from other sources diverts NAL’s resources and diminishes its ability to serve as a national source for agricultural and agriculturally related materials. Therefore, NAL is viewed as a library of last resort. Submit requests first to local or state library sources prior to sending to NAL. In the United States, possible sources are public libraries, land-grant university or other large research libraries within a state. In other countries submit requests through major university, national, or provincial institutions.

If the needed publications are not available from these sources, submit requests to NAL with a statement indicating their non-availability. Submit one request per page following the instructions for libraries below.

NAL’s Document Delivery Service Information for the Library

The following information is provided to assist your librarian in obtaining the required materials.

Loan Service — Materials in NAL’s collection are loaned only to other U.S. libraries. Requests for loans are made through local public, academic, or special libraries.

The following materials are not available for loan: serials (except USDA serials); rare, reference, and reserve books; microforms; and proceedings of conferences or symposia. Photocopy or microform of non-circulating publications may be purchased as described below.

Document Delivery Service — Photocopies of articles are available for a fee. Make requests through local public, academic, or special libraries. The library will submit a separate interlibrary loan form for each article or item requested. If the citation is from an NAL database (CAIN/AGRICOLA, Bibliography of Agriculture, or the NAL Catalog) and the call number is given, put that call number in the proper block on the request form. Willingness to pay charges must be indicated on the form. Include compliance with copyright law or a statement that the article is for “research purposes only” on the interlibrary loan form or letter. Requests cannot be processed without these statements.

Charges:

- Photocopy, hard copy of microfilm and microfiche — $5.00 for the first 10 pages or fraction copied from a single article or publication. $3.00 for each additional 10 pages or fraction.
- Duplication of NAL-owned microfilm — $10.00 per reel.
- Duplication of NAL-owned microfiche — $5.00 for the first fiche and $.50 for each additional fiche per title.

Billing — Charges include postage and handling, and are subject to change. Invoices are issued quarterly by the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, VA 22161. Establishing a deposit account with NTIS is encouraged. DO NOT SEND PREPAYMENT.

Send Requests to:

USDA, National Agricultural Library
Document Delivery Services Branch, PhotoLab
10301 Baltimore Blvd., NAL Bldg.
Beltsville, Maryland 20705-2351

Contact the Head, Document Delivery Services Branch in writing or by calling (301) 504-5755 with questions or comments about this policy.
ELECTRONIC MAIL ACCESS FOR INTERLIBRARY LOAN (ILL) REQUESTS

The National Agricultural Library (NAL), Document Delivery Services Branch accepts ILL requests from libraries via several electronic services. All requests must comply with established routing and referral policies and procedures. The transmitting library will pay all fees incurred during the creation of requests and communication with NAL. A sample format for ILL requests is printed below along with a list of the required data/format elements.

4-H teen leadership development in Nebraska.
Orr, John D.; Gobeli, Virginia C.
Language: English
Descriptors: Youth; Nebraska; Life skills guide; Leadership; 4-H clubs
Abstract: This study was designed to document the level youth feel the Nebraska 4-H Program provides meaningful involvement in teen leadership development empowerment. It is a documentation and evaluation of the implementation of the philosophy that teens are a resource in the 4-H programs and activities designed for that purpose. The findings indicate that teens perceive 4-H activities contributing to the development of specific leadership life skill. Teens in the study feel direct ownership involvement and empowered in 4-H program decision-making. An exciting discovery of the study was that teens perceived these activities as youth participation where they worked with adults who felt that teens were responsible and can make capable contributions to 4-H. Four H is perceived by teens to provide meaningful and enjoyable leadership opportunities. Finally, 4-Hers in this study felt good about themselves as indicated by the Piers Harris Self Concept Scale.

Building intercommunity cooperation.
Wells, B.L.
Superior, Wis. : University of Wisconsin.

Language: English

Descriptors: Iowa; Rural communities; Community development; Cooperation; Towns; Community programs; Leadership training; Development planning

Abstract: The long-term viability of many rural communities depends on the adoption of innovative institutional arrangements. This paper focuses specifically on the development of multicommmunity clusters as an institutional innovation whereby neighboring communities cooperate rather than compete with each other. Principles for promoting the growth of cooperation are integrated into the curriculum of a multicommmunity leadership program. A combination action-learning/action-research framework is recommended so that community developers can implement multicommmunity programs while simultaneously contributing to the knowledge base needed to guide such programs.

Cognitive correlates of adolescents’ aspirations to leadership: a developmental study.
Singer, M.
Language: English
Descriptors: New Zealand; Adolescents; Leadership; Aspirations; Age differences; Sex differences

Abstract: The study examined age and gender differences in leadership aspirations among teenage adolescents. It was hypothesized that adolescents’ valence, self-efficacy and attribution perceptions about leadership would be predictive of their aspirations to leadership. Altogether 52 fourth form and 78 seventh form high school students completed a questionnaire measuring (a) overall leadership aspirations, (b) 13 valence-instrumentality expectancies for 13 leadership outcomes, (c) self-efficacy perceptions, and (d) attributions of effective leadership. The results revealed significant gender differences in valence scores and significant age differences in self-efficacy and attribution measures. Regression analyses indicated that fourth formers’ leadership aspirations were significantly predicted from their “ease-of-success” self-efficacy expectation; whereas seventh formers from either valence perceptions (males) or self-efficacy and attribution scores (females). These results were discussed in the context of the valence and self-efficacy models of career decision-making processes and attribution theory.

Developing local leaders: results of a structured learning experience.
Bolton, E.B.
Superior, Wis.: University of Wisconsin.
Language: English
Descriptors: Florida; Leadership training; Community development; Extension; Social participation; Program development

Abstract: This study reports on the outcomes of a leadership program designed to develop a cadre of local leaders in voluntary associations to be active in identifying and resolving local and regional issues. The analytical method selected was a pre-experiment design using the one-group pretest-posttest procedure. Knowledge gains of participants showed statistically significant differences at the posttest. Gains in the capability to use knowledge and self-confidence as a leader were positive, but only a small number of the measures used were statistically significant. The outcomes show that members of voluntary associations gained in terms of their knowledge of leadership but evidenced limited improvement in their capability and self-confidence to use the skills in contexts within the community. The implications for community development practitioners are: (1) voluntary associations are an important means of recruiting and developing local leaders; and (2) extension home economics programs that focus on broad issues, as opposed to disseminating traditional subject matter, perform a vital community development role.

Empowering volunteers through involvement.
Balliette, J.; Smith, M.G.
Madison, Wis.: Extension Journal.
Language: English
Descriptors: Nevada; Volunteers; 4-h clubs; Leadership training; Labor turnover; Prevention; Program development

Abstract: A Nevada county agent implemented a program designed to not only increase volunteer involvement, but to also retain volunteers. Working with area 4-H leaders, a 4-H leaders' manual called "Welcome to 4-H" was written and tested. Extension staff and volunteer 4-H leaders cooperated in developing the publication with heavy emphasis placed on volunteer leaders writing portions of the manual and reviewing drafts of the publication. Volunteer leaders provided valuable input and had learned to work toward a common goal by the time the publication was completed. Other Extension services may achieve program success through this process of empowering leaders.

Descriptors: Kansas; Leadership training; Workshops (programs); 4-h clubs; Volunteers; Program evaluation

Abstract: In the winter of 1984, a study of 163 project leaders was conducted to measure the impact of intensive, one-day, multi-county training sessions on KASA and practice change. Two surveys were used in a program dubbed the Reflective Evaluation and Appraisal Project (REAP). REAP 1 was distributed immediately following the training while REAP 2 was mailed to a random sample of the original participants six months later. A 7-point rating scale (1=low and 7=high) was used. Results showed that leader confidence was high (5.1) as a result of the training and subject matter competence was rated high compared to the previous year (5.0). However, innovative learning strategies were not being incorporated to any great extent by these project leaders, field trips and tours (1.6), local library resources (2.7), audio-visual aids (3.3), and community resource people (4.5). Use of group-building activities by leaders was also relatively low (2.9). Most leaders reported holding at least 5 project meetings between the initial training and the second survey. About 53% reported conducting more than 6 project meetings.

An experimental evaluation of resource materials on leadership/delegation for 4-H youth.
Gamon, Julia Andrew
1984.
vi, 138 leaves : ill. ; 29 cm. Typescript (photocopy).

Language: English
Descriptors: 4-H clubs; Leadership; Study and teaching

Abstract: The study evaluated the effectiveness of resource materials on leadership delegation at two state 4-H camps in Iowa in 1983. Also studied was the relationship of member participation and delegated leadership to group drive, cohesiveness and productivity. Preferred leadership styles of youth were measured. According to t-tests, the materials on delegation made a difference in the second camp in group drive and cohesiveness. The materials did not make a difference in productivity in either camp. The Problem-Solving Decision-Making Style Inventory (Hersey-Natemeyer) was used as a pre-test and post-test. Analysis by t-test showed that styles remained stable. Delegation was not one of the preferred styles. Pearson's correlation revealed that measures of group effectiveness-drive, cohesiveness and productivity-were highly and positively intercorrelated. Member participation was positively and moderately related to group effectiveness.

Language: English
Descriptors: Executives; Corporations, Nonprofit

Abstract: This booklet is a summary of an academic focus group meeting on educational programs with nonprofit leadership, leadership training, and management as primary goals. The seminar was held to 1) examine the possibilities for education of leaders in the private sector, 2) discusses factors which will influence programs in the future, 3) explore leadership training, 4) look at implementation of programs, and 5) develop a network of individuals with an interest in nonprofit management. The major content of the booklet is summaries for each of the workshops held at the symposium.

The Idaho 4-H leadership development workshop, its development and evaluation.
Bramwell, K. A.
s.l.: s.n.;
44, [9] leaves ; 28 cm. Title from accompanying abstract.

Language: English

Descriptors: 4-H clubs; Idaho; Leadership

Abstract: The Idaho 4-H Leadership Development Workshop is a leader training program designed to provide a comprehensive understanding of the 4-H program and to teach the leadership skills necessary to successfully lead a 4-H club. The purpose is to solve some of the chronic problems in the 4-H program; i.e., the drop out rate of leaders and youth, low project completion rates, and low participation in some of the activities and programs. An evaluation was conducted to determine if the workshop provided information necessary to impact the problems. Descriptive data, ratings of the perceived increase in knowledge and understanding of course concepts, and course evaluation data were analyzed. Findings indicate the workshop may have the potential to provide the education necessary to help solve the chronic problems found in the 4-H program.

Kwarteng, Joseph A.
c1985.

**Language:** English

**Descriptors:** 4-H clubs; Ohio; Leadership; Voluntarism

**Abstract:** This study considered the perceptions of 4-H agents and volunteer leaders in areas identified under the volunteer leadership development program: recruiting, training, motivations, recognition, retention, and supervision. The populations were Extension 4-H agents and 4-H volunteer leaders in Ohio. A random sample of ten 4-H agents and 320 volunteer leaders was drawn from ten stratified and randomly selected counties and served with mail questionnaires. Measures of central tendency, percentage distributions, frequencies, t-tests of significance, Pearson correlation coefficients, Spearman rank order correlations, and point biserial correlations were employed in the analysis. No significant differences were found between 4-H agent and volunteer leaders on their perceptions of recruiting, training, and supervision. Significant differences existed between them on perceptions of motivation, recognition, and retention.

Significant adolescent leadership development experiences identified by established leaders in the United States.
Cox, Kathryn J.

Language: English
Descriptors: Youth; Leadership

Abstract: This descriptive study was designed to: (a) identify experiences recommended by established leaders for adolescent leadership development, (b) identify commonalities in the backgrounds of leaders, (c) discern whether relationships existed between the leaders' recommendations and backgrounds, and (d) discover what similarities existed between the leaders' recommendations and their personal experiences. A stratified sample of 1,000 leaders chosen randomly from 70 directories of established leaders in the United States were surveyed. The major adolescent leadership development experiences leaders recommended were: collaboration, personal characteristic development, mentors and nurturers, culture and citizenship, communications, management control, employment or internships, group leadership, formal education, and significant life experiences.

155 NAL Call No: HN49.C6S69

South-link 2000 leadership development in the South. (Leadership development in the South South link 2000.)
Southern Growth Policies Board, Tennessee Valley Authority

Language: English
Descriptors: Community leadership; Southern States; Leadership; Southern States; Management; Southern States; Handbooks, manuals, etc

156 NAL Call No: HD66.B54

Spectacular teamwork how to develop the leadership skills for team success.
Blake, Robert Rogers; Mouton, Jane Srygley; Allen, Robert L.

Language: English
Descriptors: Work groups; Reference works; Participative management; Teamwork; Management skills; Leadership training; Productivity; Guidelines

Abstract: A practical effective text for managers explains the dynamics of teamwork for developing and utilizing skills and talents of employees so that they are thinking and performing together at peak efficiency. Concepts and methods are presented that strengthen the possibility of participation of individuals by providing organization members with an understanding of what teamwork is and is not, and what is required in terms of insight, understanding, and behavioral skills for effective teamwork. Real-life situations in which actual work teams experience problems that impede the development of participation. Illustrations, guidelines, and checklists are provided throughout the text, and a model for theory-based team building is appended.

A vision for strengthening local leadership: how to create an effective volunteer coordinator system.
Fox, W.
Lafayette, Ind. : The Service.
4-H - Purdue University Cooperative Extension Service (723): 42 p.; 1989 Feb. Includes references.
Language: English
Descriptors: U.S.A.; 4-h clubs; Volunteers; Leadership training; Teaching materials; Roles; Extension agents

Abstract: This publication is written to guide a team of volunteers and salaried staff through the process of reviewing their current middle management system and creating a strengthened system. The guidepost model and L-O-O-P Model are both described and illustrated in the manual. The role of an Extension Agent who involves volunteer coordinators is described as well as 4 types of volunteer coordinator roles. There are 9 appendices which include a sample survey tool, 3 sample job descriptions for volunteer coordinators, a set of guidelines for providing feedback to volunteers and
sample organizational charts.

Working with our publics Model 3 Developing leadership developed by Lee J. Cary, Jack D. Timmons; project team: Tammy Klaproth, Donald W. Littrell; Edgar J. Boone, project director. (Developing leadership.)
Language: English
Descriptors: University extension; Study and teaching; Leadership; Teaching materials
Abstract: The series Working With Our Publics: In-Service Education for Cooperative Extension consists of seven independent training modules. Based upon needs and objectives identified by Extension professionals, the modules are designed to stand on their own as independent instructional packages, or to be used as a comprehens’’ series. Module 3: Developing Leadership. How to acquire and exercise leadership skills and how to identify, recruit, develop, and work with community leaders. Intended for all Extension professionals, the module is designed to improve participants' abilities to identify and involve lay leaders in Extension's clientele. (Twelve contact hours of training developed by Lee J. Cary and Jack D. Timmons, University of Missouri at Columbia).
